- Visitors in the Classroom- Only registered students may attend class. Exceptions can be made on a case-by-case basis by the professor. In all cases, visitors must not present a disruption to the class by their attendance.

Attendance: These are "hands-on" courses in which many of the instructional techniques are demonstrated in class, applied in elementary classrooms, and debriefed in large and small group discussions. Your participation and contributions are vital to your success. Therefore, regular and punctual attendance is expected. Attendance also demonstrates a level of responsibility and commitment that is expected of a professional. For each absence without a doctor's excuse, five points will be deducted from your professionalism points and also from your attendance points. Tardis and early departures are recorded. Two such occurrences are equivalent to one absence.

Course Expectations: Attention should be given to the course calendar on due dates for readings, class discussions, projects, and tests related to each assignment. Professionalism and adherence to timelines are imperative. IF an unforeseen emergency arises to hinder your course obligations, you should contact me immediately to discuss an alternative if allowed. A student may be penalized (one full grade) for more than three hours of absence. Two tardies and /or early departures are equivalent to one hour of absence. In case of an emergency, please contact the professor. Students MUST be present to receive credit for in class assignments. Course assignments should be edited, typed, and carefully proofread. Course assignments will be graded for both content and style. Professionally presented assignment indicates commitment. IF you need assistance in any assignment, I encourage you to make an appointment or communicate via email with me (write your name on your email I will not respond to anonymous emails), I will expect for all of you to see your SAM email daily and check blackboard for announcements.

Do not wait until the day before the assignment is due for clarification. Remember that **you** are responsible for getting the material covered in class by asking your colleagues. Activities done in class for extra points can not be makeup. Remember all; questions are 'good' questions.

Communication:

Email: Correspondence should be in proper letter form. If the student's email does not respectfully communicate with the professor, the student may not receive a reply.

Phone: Email communication is not the only way to make contact with me! All voice mail goes directly to email and notifies me of a message. Do not wait or dismiss the need to talk with me about assignments. I willingly look at drafts of assignments, and I am willing to discuss assignments on the phone up until 48 hours before the due date.

Remind 101: You can send me a text message or question (during office hours) for me to respond. **In person**: I am available during the posted office hours.

College of Education Information

Accreditation

The programs within the SHSU College of Education have the distinction of receiving accreditation and national recognition from multiple accrediting bodies. All educator certification programs, including teaching and professional certifications, have received ongoing accreditation from the Texas Education Agency (TEA). Additionally, the educator preparation program has been accredited by the Council for the Accreditation of Educator Preparation (CAEP-formerly NCATE) since 1954. Many of the educator preparation concentration areas have also chosen to pursue national recognition from their respective Specialized Professional Associations (SPA), signifying the program is among the best in the nation. The programs within the Department of Counselor Education have also received accreditation from the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

Course and Program Evaluation

Near the end of the semester, students are asked to take part in the University's adopted course evaluation system, IDEA. The assessments are completed online and instructions are emailed to each student. Students' assessments of courses are taken are systematically reviewed by the Dean, Associate Deans, Department Chairs, and individual faculty members. Only after the semester has completed are faculty members allowed to view aggregated results of non-personally-identifiable student responses.

The College of Education conducts ongoing research regarding the effectiveness of the programs. Students receive one survey in the final semester prior to graduation regarding the operations of the unit during their time here. A second survey occurs within one year following completion of a program, and is sent to students and their employers. This survey requests information related to students' quality of preparation while at SHSU. Students' responses to these surveys are critical to maintaining SHSU's programs' excellence.
