Course Format:

The format of this class is face to face with additional support of the electronic platform Blackboard. The course will include online and face to face assignments, PowerPoint presentations, Word documents and additional resources. It is necessary that the student have access to Microsoft Office, PowerPoint and Word to open and edit documents as well as internet access to access Blackboard and other electronic sources. Students will submit materials by hard copy and electronically. This will include discussion boards, reflections, in class assignments, check points, a research paper, and project submissions.

Course Content:

ECHE 3313 is an early childhood course designed to prepare pre-service educators for working with young children; preschool through fourth grade. Students will focus on the foundations of early learning, cognition, and how to plan developmentally appropriate learning experiences for young children.

Throughout this course Students will demonstrate their ability to:

1. Identify, define, and explain the development of young children's cognition.
2. Demonstrate the importance of developing instructional goals that are suitable for students with varied learning needs.
3. Uses knowledge of how children learn and develop to provide opportunity that support children's physical, cognitive, social and emotional development.
4. Identify, define, and explain a variety of developmentally appropriate teaching strategies.
5. Demonstrate the ways in which early childhood educators teach thematically while engaging in an interdisciplinary curriculum.
6. Understands and applies theories of cognition to the development of classroom environments and learning experiences.
7. Identify ways teachers of young children guide behavior.
8. Identify the role of assessment through cognitive processes and products.
9. Demonstrate and apply informal and formal assessments using age appropriate strategies to evaluate children's work and abilities.
10. Develops and designs indoor and outdoor age appropriate learning environments that support children's cognitive processes and products.
11. Devise strategies for working with diverse families, specialists, and paraprofessionals.

Course Requirements/Expectations:

Time requirement: This is a 3-hour credit course. Each week the student will spend 3 hours a week in class and an additional 4-9 hours a week reading, studying, and preparing for the class. There may be online or alternate assignments posted to substitute for face-to-face meetings, as selected by the instructor.

Field experience: no field experience is associated with this class.

Attendance policy: Each class session is important to your understanding of the course content. The course meeting time is 1 hour 20 min. in length twice a week. If more than 30 min. of any one class is missed it will result in an absence. Students may miss two classes before points are taken away from attendance. After two classes are missed **ten (10) points** will be deducted for each initial absence. Excessive absence situations will be addressed on an individual basis. If you miss any class, it is your responsibility to obtain the needed handouts, information, and materials. *Attendance will be taken at the start of class. Therefore, it is important to arrive on time.*

Assignments and grading: Work is to be submitted in class and/or electronically submitted to Blackboard. All grading criteria/rubrics will be provided when the assignment is introduced. Attach a grading rubric to each assignment you wish graded. If there is no rubric, a 1-point deduction will result. **The method for turning assignments in is subject to change based on what is best for the students and the professor.**

SHSU Online and Blackboard Information: All assignments, grading rubrics, announcements, quizzes, discussion material, and group participation information will be posted on Blackboard. It is your responsibility to access the class site frequently. **Microsoft Office** is the preferred operating system for opening and creating documents (PowerPoints and Word documents). **Assignments are to be submitted using Microsoft Word. Feedback will be provided internally in your submitted file using “track changes” - all markup.**

Late assignment policy: Assignments are expected to be submitted on or before the due date noted on the course calendar. Late assignments are accepted but will result in point deductions. One point deduction if submitted after the beginning of class, and an additional point per day (example if the assignment is due on Thursday prior to class and is submitted later on Thursday, one point deduction if submitted on Friday, 2 points deducted), All assignments are due before class on the listed as the due date.

Cell phones, tablets and computers may be used for educational purposes during class times. **Cell phones may not be used for personal use during class time.** [Sam Houston State University Academic Policy Statement 100728](#)

Professionalism must be maintained. This is a professional course of study that prepares students to be responsible, accountable, and successful educators in preparing children of today for their future, as well as the future of our society. As an educator, you will additionally be responsible to parents, colleagues, and the community that should not be taken lightly. Enthusiasm and dedication to your coursework will better you prepare you in engaging children in the learning process. Behaviors considered unprofessional will be addressed on an individual basis.

NCATE Accreditation

The Sam Houston State University, College of Education has the distinction of NCATE accreditation since 1954. As an NCATE accredited program, the College of Education ensures that the best-prepared teachers will be in classrooms teaching the next generation of leaders how to solve problems, communicate effectively, and work collaboratively.

In November 2010, NCATE merged with the Teacher Education Accreditation Council (TEAC) to become the Council for the Accreditation of Educator Preparation (CAEP), combining the two premiere accrediting organizations as a single accrediting agency for reform, innovation, and research in educator preparation. SHSU will continue to be NCATE accredited through its next review scheduled for November 2015.

The Conceptual Framework and Model:

[The COE Conceptual Framework](#) establishes the shared vision of the college in preparing educators to work with P-12 students through programs dedicated to collaboration in instruction, field experience, and research, the candidates in Sam Houston State University's Educator Preparation Programs acquire the knowledge, dispositions, and skills necessary to create a positive learning environment preparing educators to work with P-12 students. Employing a variety of technologies, candidates learn to plan, implement, assess, and modify instruction to meet the needs of diverse learners. The Conceptual Framework (CF) incorporates five (5) indicators throughout the framework that serve to identify areas tied to course work where there is evidence of Conceptual Framework and goals assessment. The five indicators are: Knowledge Base (CF1), Technological Learning Environment (CF2), Communication (CF3), Assessment (CF4), and Effective Field Experience with

Diverse Learners (CF5)

CF: Conceptual Framework

CAEP: Council for the Accreditation of Educator Preparation (see page 20-21 of CAEP Standards for

The Dispositions and Diversity Proficiency (DDP) Standards are administered and evaluated in prescribed courses to all educator preparation student in initial and advanced programs.

Please be advised that the College of Education conducts ongoing research regarding the effectiveness of the programs. You will receive one survey in the final semester prior to graduation regarding the operations of the unit during your time here. A second survey will occur within one year following graduation from or completion of a program, and will be sent to you and to your employer. This survey will focus on the preparation received at SHSU. Please remember that your response to these surveys is critical to SHSU program excellence.
