The course will be conducted **face to face** and in two different platforms: Blackboard and Connect. Spanish will be the preferred language in both in the majority of cases but code switching will be practiced when necessary. There is a sequence of activities and assignments to be completed in each chapter. Most activities will be completed on Connect, an online platform created specifically for language learning. Additional activities based on authentic material will be completed on Blackboard and in the classroom. By the end of this course you will have a general knowledge of Spanish vocabulary and grammar, you will have acquired a better understanding of Spanish-speaking cultures, and you will be able to communicate effectively in general settings using Spanish.

Students must register for a SHSU SPAN 1411 lab section separately and concurrently with the lecture section. Students who do not register for a lab section will not pass the class.

Grading Components

1. Attendance & Participation (10 %)

Attendance is mandatory. To derive the utmost benefit from this class, daily attendance is mandatory and important requirement for success. We invite you to take advantage of the possibility of practicing the language in class. If you do not want to attend the class, the Department is offering this Spanish course completely online (SPAN 1411 online).

Students may miss three (3) class sessions for any reason (personal, medical, work, family, emergency, etc.). The fourth (4th) absence and every subsequent absence will occasion **the loss of two percentage points (2%) off the final course grade**. Even if you are an active participant in the

sessions, missing classes will lead to a low to zero in participation grade. **No discussion about this matter: if you are absent, you have zero in participation.** Deductions of points for missed sessions will be posted in the Blackboard gradebook, under participation grade.

You should arrive on time. You have 10 minutes of tolerance to arrive the classroom. If a student arrives late, s/he needs to talk to the professor at the end of the class to verify your attendance. If a student misses three consecutive sessions and does not contact the instructor, s/he may be dropped from class.

If you are enrolled in this class, but do not attend the course **you are responsible** for following the withdrawing procedures or an "F" will be entered as your final grade for this class.

You should not make travel plans that interfere with classes or exams since make up exams cannot be made in order to accommodate such plans.

Student athletes, band members, and participants in university-sponsored activities should bring a letter from their supervisor or specific department **during the first month of class** indicating the dates they will miss class, and make arrangements for missed sessions.

Students who require special accommodations for **religious holidays** should notify the instructor and make arrangements for missed sessions **during the first week of class.**

Students with recognized disabilities will be provided reasonable accommodations, appropriate to the course, upon documentation of disability with a **Student Accommodation Form** from the **Services for Students with Disabilities (SSD)**. To receive these special accommodations, you must request the specific accommodations by submitting them to the instructor in writing during the first week of class. Students who fail to submit a written request will not be considered for accommodations. Please visit <http://www.shsu.edu/dept/disability/> for more information.

You have to participate **in Spanish** in class, unexcused absences and tardiness will affect your participation grade. **Two** instances of **tardiness** count as **one unexcused absence.**

Additionally, **late work resulting from unexcused absences will not be accepted for a grade.** In the event of an excused absence, the assignment will be accepted for full credit and will be due one class period after the student's return to class. Missed exams resulting from an excused absence must be taken one class period after the student's return to class (the student will take an alternate, but equivalent, version of the original exam).

2. Oral Presentation&Interview (10 %)

Your oral skills in Spanish will be assessed twice in the semester, in an **Oral Presentation (5%) in Blackboard**, and in an **Interview (5%) with your Spanish instructor.** You will complete an activity in Blackboard on the dates assigned in the calendar. Your oral skills in Spanish will be assessed via oral conversation with a partner implementing vocabulary and grammar structures presented in the course. **No late submissions will be accepted.** An interview will be conducted at the end of the semester. Students will answer a few questions in the instructors' office. Students cannot read in the interview. All instructions are in **Blackboard > Folder Oral Assignments.**

3. Writing Activity (5 %)

To increase the correctness of your written expression in Spanish, and develop your listening and speaking skills through the peer-editing component, you will write one composition. The

composition has a first version (draft) and final version, and it has to be complete in your blue book and Blackboard. **Students will complete more writing assignments when they complete ASC, and Final Exam.**

All the instructions are in **Blackboard** > Folder Compositions. All writing is to be **your own work**. **Use of translation devices or services** to complete a writing task is not allowed. **If the instructor, after comparing a student's composition with other written assignments, determines that the student copied or used an online translator to complete the composition, an automatic zero will be given.**

The composition has two parts: The first draft and the final version. Students will write the draft, review the instructor feedback, make the corrections suggested by the instructor and submit final version. You must complete both the draft and the final version, or you will receive a zero (0). No exceptions.

Not late submissions will be accepted.

The final version of all compositions has to have a minimum of 250-300 words. No excuse is accepted to write less than 250 words at this level.

Do not use online translator. Translated compositions will be given an automatic zero.

4. Actividades Socioculturales Críticas (3 ASC/10%)

There will be four activities in the whole semester. Students will have to read a text, and watch videos, clips, and a music video. All activities were created to promote the critical thinking and cultural awareness, and use real and current materials. All ASC count for your final grade.
