Course Description

UNIV 1301: An Introduction to Collegiate Studies. The content of the course features a study of the research and theory of strategic learning, cognition, and motivation. Students use assessment instruments to identify their own strengths and weaknesses as strategic learners. Students will research, think critically, write, and present on various topics to develop the skills necessary to excel in coursework. Students are expected to apply the learning skills discussed across their own academic programs and become effective and efficient learners. As a result of this course, students will have the tools necessary to engage in increasingly complex academic endeavors, civic responsibility, marketable skills development, and career planning.

Learning Objectives

IDEA Objectives: in this course, our focus will be on these major objectives (as assessed by the IDEA course evaluation system):

- **Essential:** Learning to apply course material to improve thinking, problem solving, & decisions.
- **Essential:** Learning to analyze and critically evaluate ideas, arguments, and points of view.
- **Important:** Developing skill in expressing oneself orally or in writing.

Course Content

Learning Outcomes

1. Analyze academic skills and employ critical thinking and problem-solving strategies for success in the college culture.
2. Initiate career exploration and major/minor exploration. Develop an action plan for college completion based on the analysis and application of college knowledge, personal strengths, and career goals.
3. Create effective communications in written, oral, electronic, and visual representations, and critically analyze your interpretation of ideas expressed by others.
 - i. Explore library literacy skills and describe unintentional and intentional plagiarism.
 - ii. Compare and contrast ideas, values, and beliefs about the role a college education plays in different cultures and develop skills that will allow you to effectively interact with people of diverse cultures.
 - iii. Work collaboratively through group discussions, activities, and projects to learn more about effective teamwork skills.
 - iv. Explore technology and best practices for online coursework.
4. Critically evaluate and apply life skills necessary for your success (e.g. health/stress, nutrition, relationships, and money management).
5. Synthesize and evaluate the meaning of experiences in service learning, leadership and civic responsibility.

Writing Enhanced Course

This is a “W” course, which means that at least 50 percent of your course grade will derive from writing activities designed to help you master course objectives. Writing in this course is one of the tools your instructor will use to help you learn course material. Some writing activities will require you to draft and revise your work. Other written assignments are designed to assist you in critical reflection of the course material. You should approach writing in this course as a tool to use as part of your learning as well as a tool your instructor will use to assess your level of learning. All written assignments turned in to the instructor must be typed, double-spaced, in either Times New Roman or Arial font style and 12 pt. font size, using correct grammar, sentence structure, citations, references, and terminology. When doing the research pieces, make sure that all sources are cited correctly using MLA or APA format (6th edition) as directed by your instructor.

Academic Community Engagement (Service Learning)

As educated citizens, you will have important opportunities to impact your community. In this course, you will not only learn knowledge and skills, but also actively apply them to make a difference in our community to improve the quality of life. This experience, it is hoped, will help you see yourself as a positive force in this world and deepen your understanding of your role as an educated citizen.

Policies

Academic Honesty

Select this link to [Academic Dishonesty Policies](#)

Attendance, Tardiness, and Early Exit Policy: Attending class, arriving for class on time, and remaining in class until the end of the class period are fundamental to academic success. Arriving on time for class and remaining in class until the end of the class period demonstrates respect for your instructor, your fellow classmates, and guest speakers. You are expected to attend class each time we meet. After **two absences for TTH classes or three absences for MWF classes** each additional absence will result in a **100 point reduction in your Class Participation grade (300 points possible)** in addition to any points lost for assignments done during the missed class period. Students who miss class because of official University business will be given the opportunity to make up for missed work without penalty. However, students must provide written approval to the instructor prior to the absence.

Office 365

Microsoft Office 365: Office 365 is available for all current SHSU students, faculty, and staff. With Office 365, you now have one terabyte of OneDrive storage and access to a free download of Office. To access your Office 365 account, go to <https://login.microsoftonline.com/>. Enter your official SHSU e-mail address (ex., abc123@shsu.edu) - rather than your alias - and click sign-in. You will be redirected to the SHSU login page where you will enter your SHSU credentials. Your initial login will take about five minutes as Office 365 creates your account.

INSTRUCTIONS for Completing MBTI and SII Online

Required Online MBTI and SII Student Assessments: Completion Due Date: 11/02/2017

SHSU Career Services will administer the online platform for the career assessments: the Myers-Briggs Type Indicator (MBTI) and the Newly Revised Strong Interest Inventory (SII).

Each student will be emailed a link to register themselves and take the assessments by the assigned completion due date deadline. Both online assessments must be taken before the deadline to receive credit for the assignment.

When registering, you will not need to enter a personal ID, but you will need to complete demographic information as the site requests.

Please remember that there are no right or wrong answers. Try not to overthink your responses on the assessments and try to respond naturally.

Your results will be given to you via a class presentation found scheduled on your syllabus.
