NCATE Accreditation

The National Council for Accreditation of Teacher Education (NCATE), the largest accreditation body in the United States, is officially recognized by the U.S. Department of Education and highly acclaimed as an accrediting body for institutions that prepare educators for professional roles in schools. NCATE's mission is to provide accountability and improvement in educator preparation through a standards-based assessment. NCATE accreditation adds value to your education as a program of high quality in the educational community.

“NCATE standards are based on the belief that all children can and should learn, (NCATE, 2008).” The effectiveness of the College or Unit is measured based on the standards, which are institutional guidelines that ensure knowledge, skills, and professional dispositions educators need to facilitate P-12 learning.

The NCATE website is source for additional information accessed as follows:

Employing a variety of technologies, candidates learn to plan, implement, assess, and modify instruction to meet the needs of diverse learners.

The Conceptual Framework (CF) incorporates five (5) indicators throughout the framework that serve to identify areas tied to course work where there is evidence of Conceptual Framework and goals assessment. The five indicators are:

Knowledge Base (CF1)

Technological Learning Environment (CF2)

Communication (CF3)

Assessment (CF4)

Effective Field Experience with Diverse Learners (CF5)

Course Requirements/Expectations:**IMPORTANT NOTICE**

All written assignments must be sent through Blackboard. Assignments sent through email will NOT be recorded unless instructor specifically permits or requests submission via email.

Deadlines/Participation. Regular and punctual submission of assignments and completion of quizzes is expected. There is a **ONE TIME 24 hour grace period** for assignments based upon unanticipated events or technology problems. You must immediately notify me that you wish to use this option. This option is NOT available for the research report or quizzes. **Weekly assignments are due before Sunday at 2:00 pm.**

Research Report Required: A research paper is required for this course. It will be in the form of an “issue paper”. Read more details following the Assignments section in this syllabus.

1. **Reflection papers:** Reflection papers are designed to assess your ability to make connections between the concepts you read and your life experiences, other readings, discussions and outside experiences. The paper should reflect your past and present assumptions about the topic and how these may have changed in relationship to your readings and discussions on the topic.

2. Tests. There will be online quizzes throughout the semester; additionally, you *may* have a mid-term and a final exam.
3. Instructional Videos: Videos for assignments must be viewed online for discussion and analysis. Some videos may require a written analysis. An analysis means that you identify the big ideas of the video and then explain why this matters. A video analysis makes connections to other readings and discussions. You may need to upload RealPlayer to view these videos.
4. Class Discussions. Students will gain content knowledge by reading the texts and additional readings **BEFORE completing assignments**. This will ensure that students are prepared to discuss the readings in a scholarly manner. Students **must** participate in class discussions in order to gain participation points. It is the responsibility of the student to introduce him or herself to the instructor and class members when commenting online, so that appropriate credit can be awarded to the participation.
5. Academic Honesty: This class will follow University Guidelines for Academic Honesty according to Academic Policy Statement 810213. Academic Policies may be found at <http://www.shsu.edu/~vaf/www/aps/stualpha.html>.
6. Time Requirement: For every credit hour you will be expected to complete three hours of study. So that is a total of **9 hours of study weekly** for this class!
7. Cell Phone Policy: Sam Houston State University Academic Policy Statement 100728. **Cell phones are to be turned off** in class unless given individual permission by the instructor. Not applicable to online classes.
8. Student Syllabus Guidelines with link - <http://www.shsu.edu/syllabus/>

Expectations: This is likely to be one of your first professional education classes. Deadlines must be met, and **you must check your announcements and email daily**.

GRADING:

Some but not all of the assignments will be calculated into your final grade for this class. I will randomly select those assignments that will be graded. It is expected that all assignments be completed to the best of your ability regardless of whether they are calculated into your final grade score. The grading scale is as follows:

GRADING SCALE

A = 92%- 100%

B = 84%-91%

C = 75%-83%

D = 67%-74%

F= Below 67%

A grade of “A” means that you exceeded the college level expectations for this course.

A grade of “B” means that you met above average college level expectations for this course.

A grade of “C” means that you met an average college level expectation for this course.

A grade of “D” or “F” means that you **did not meet college level expectations** for this course and if this course is in your major you will need to retake it again.

Issue Paper

1. Issue to be addressed in your research paper:
Inclusive services have been a core argument in special education for many years. Central to this issue are the benefits of full inclusion and the role of the educator. Discuss your views on the inclusion issue and explain your reasoning for the position you take. In developing and supporting your position, you should consider the possible consequences of implementing the policy and explain how these consequences shape your position.
2. Then write a thesis statement: Copy and paste the following into your browser: <https://owl.english.purdue.edu/owl/resource/588/01/> to learn how to write a good thesis statement.
3. Review the research on your topic. You can look under the tab RESOURCES and click on "locating articles for free" to find out how to download your articles for later reading.
4. Read some of the articles to familiarize yourself with the topic
5. Then write a draft or list your points for and against your thesis statement
6. Find references that support both sides of the argument (your list of points).
7. Write a draft using the guidelines from the syllabus
8. If you are a novice at writing research papers, please call the writing center and make an appointment for someone there to review your draft.
9. Write your paper and submit on or before April 17, 2:00 pm
10. Celebrate

Reference List (include at least 5 journal articles from the Newton Gresham Library Database, 1 reputable Internet site from a .edu or .gov , and 1 chapter in a book or a complete book other than your textbook- a total of 7 references).

Research Paper Submission: Submit the research paper through Blackboard. Make sure that you review the rubric **before** writing your paper to earn the grade that you desire. Use the latest edition of APA style formatting. You may want to go to the OWL at Purdue website for information on APA style formatting: <http://owl.english.purdue.edu/owl/resource/560/01/>

HOW TO FIND ONLINE REFERRED JOURNAL ARTICLES

1. From the SHSU Homepage, go to the Newton Gresham Library on the left hand side of the SHSU Homepage under ACADEMICS
2. On the left-hand side of the Newton Gresham Library page, go to Databases under RESEARCH.
3. Go to Databases by subject.
4. Select Education.
5. Select either Wilson's Full Text or Academic Search Complete and log in.
6. Or as an alternative, you can scroll to the bottom of the page and fill in the search box in Google Scholar.
7. To search, fill in the blanks under "FIND" with pertinent topics, one for each blank. I usually use two topics like "cerebral palsy" and "family" if searching for an article on family involvement. Another example would be "written expression" and "assistive technology" for information on learning disabilities in written expression.
8. The library staff are very helpful if you need assistance and the ASK A LIBRARIAN function is in the upper right hand corner if you need help.

CLASS GUIDELINES

It will be to your advantage to follow this process to ensure that you will receive the greatest benefit from the class and the grade you desire to earn.

Check Online Course announcement daily to see if there have been any changes in the assignments or something that may affect your class.

You should review the calendar for the month and each week review the current week and the next week to see what readings, assignments and possible tests that will be coming up for the weeks and month ahead.

Readings must be completed so you will be prepared for tests and discussions.

Assignments must be completed when due. There will be a ONE TIME per semester 24 hour grace period granted for an assignment that is late due to technology problems or unanticipated events. This does NOT include the research report. Ensure that I am notified promptly if problems occur. After the 24 hours, Blackboard is set to reject the assignment. No assignments will be accepted on paper or through any email. All quizzes are online and must be completed within one hour's time and on the date specified. The Midterm and Final must be completed within 2 hours. There are no makeup tests! Tests are developed through the

publisher of your textbook. As on the Praxis exams, questions are not “thrown out” if students find them ambiguous. You are to pick the best answer based on the author’s writing.

Read each assignment’s instructions carefully and thoroughly. Do not assume that each assignment will be done the same. Do not attempt to complete the assignments without reading the article or chapter reading. “In your own words” means answer the questions in your words NOT quoting the entire chapter or paragraph from the chapter. Furthermore, it does NOT mean, “in your opinion”. I want to know what experts agree with your opinion!

Assignments must be submitted through Blackboard. Assignments will not be accepted through any other medium, either hard copy or shsu.edu email.

IT IS THE STUDENT’S RESPONSIBILITY TO HAVE A WORKING KNOWLEDGE OF BLACKBOARD. IF THE STUDENT LACKS THE KNOWLEDGE TO USE THIS SYSTEM EFFECTIVELY THEY MUST CONTACT THE DELTA CENTER FOR SUGGESTIONS ON TRAINING.

Assignments must be submitted in Microsoft Word 2003 version or later or RTF (Rich Text Format).
