tab.

**Course Participation:** Unlike a traditional, instructor-led course, this course does not require you to present to class at a specific time. Instead, you must make a constant effort to review the lectures, read the material, and complete the required homework.

**Online Etiquette:** The objective in an online discussion is to be collaborative, not combative. Please proofread your responses carefully before you post them to make sure that they will not be offensive to others. Use discussions to develop your skills in collaboration and teamwork. Treat the discussion areas as a creative environment where you and your classmates can ask questions, express opinions, revise opinions, and take positions just as you would in a more “traditional” classroom setting.

**Mandatory Reporting:** Under Title IX of the 1972 Education Amendments to the United States Code, I am required to report sexual assault, domestic violence, and stalking to campus administrators. Please avoid disclosing personal information in your papers or posts if you are concerned about it being reported. Confidential help is available should you need it through the SHSU Counseling Center and SAAFE House: 936.291.3369. Additionally, under Texas law, I am required to report child and elder abuse and the maltreatment of persons with disabilities. To report child abuse in the state of Texas, call: 1-800-252-5400 or 911 in the event of an emergency.
