Tarleton State University

B.S. Animal Science

Minor in Biology

Honors Degree Program Graduate

GPA 3.2/4.0

Stephenville, TX

May 2016

RESEARCH Factors affecting pregnancy rates to fixed-time artificial insemination in pen-raised white-tailed deer
M.S. Thesis, September 2016-Present

PEER REVIEW PRESENTATIONS/POSTERS

Beverly, M.M., Kelley, S.F., Anderson, M.J., **Cordova, J.P.** (2018). Shock value: media's momentary influence on perceptions of animal agricultural issues. *North American Colleges and Teachers of Agriculture*. Poster Presentation.

PROFESSIONAL EXPERIENCE

Graduate Teaching Assistant

Department of Agricultural Sciences

Sam Houston State University

September 2017 - Present

Facilitated animal science courses as needed in regards to developing course work, classroom instruction, and grading. Updated curriculum of courses and worked in conjunction with other Teaching Assistants to collaborate on lessons and complete tasks both inside and outside the classroom for the benefit of enhancing the learning environment for students.

Academic Courses Facilitated as Instructor

ANSC 1119: Animal Science Laboratory

Academic Courses Facilitated as Teaching Assistant

ANSC 1319: Introductory Animal Science

ANSC 3376: Meat Science

ANSC 4310: Animal Growth and Performance

Assisted with thesis research for three graduate student projects at 3-S Whitetail Ranch in Bédias, TX. Kept records, collected blood samples, centrifuged and labeled blood, took body measurements, and bottle-fed milk replacer for white-tailed deer.

CERTIFICATIONS
