EXPERIENCE

Aldine Independent School District
2016- Present

Special Education Inclusion Aide - 7th to 12th Grade

Focus includes breaking down daily instruction into more readily digestible informational units for students who have learning disabilities. Marking and assessing assignments. Developing and adapting conventional teaching methods to meet the individual needs of students. Using special equipment and facilities, such as audiovisual materials and computers to stimulate interest in learning. Collaborating with the classroom teacher to define appropriate activities for the students in relation to the curriculum, assessing children who have long or short-term learning difficulties and working with colleagues to identify individual pupils' special needs. Working with the teachers and administration to ensure that the requirements of the Equality Act (2015) are met in terms of reasonable adjustments and access arrangements.

U.S. Army
2007 - 2013

Combat Camera Documentation/Production Specialist - 25V

Duties included observing, controlling and providing positive feedback on multinational and multi-service unit operations through photography and film. Validating units operational structure and methods prior to their deployment to a forward area. Served as the curator on post to showcase skills of Combat camera team as well as promote training abilities of the Joint Multinational Readiness Center. Instructed colleagues on use of all cameras, lights, printers -lab and plotter, as well as proprietary software and commercial software for post processing imagery for release or historical databases. Created scripts to enable team to work more efficiently. Provided finished products to clients within minimal time frames while maintaining loyal customer relations with multiple teams on and off site.

R.F. Specialists
1998 - 2007

Wireless Communications Engineering Consultant

Obligations included management of a team of engineers, the operational marketing and designing terrestrial and satellite wireless systems for clients, conducting site location reconnaissance and recommendations to senior corporation personnel to provide increased coverage areas. Working alongside performance teams, construction teams and other key team personnel to ensure timely launch of wireless systems. These companies sent me to varying locations such as Illinois, Ohio, Virginia, Texas, California, Washington, Arkansas, Puerto Rico, Taiwan, Nicaragua, and Mexico.

EDUCATION

Sam Houston State University
