ASPIRE Program Overview

The ASPIRE Program is a student success program for master's level graduate students of SHSU. The program offers comprehensive support for scholars' personal growth, professional development, and academic success. ASPIRE supports and encourages its scholars to pursue and finish graduate school, improve educational experiences, and prepare them for careers.

Mission Statement

Developing a community of scholars who demonstrate scholarly excellence, professionalism, and an aptitude for leadership to ensure a smooth transition from student to professional.

Vision Statement

Facilitating a smooth adjustment to the academic rigor of graduate education to promote and nurture a culture of excellence in research and learning.

Student Testimonials

"The workshops were fitting for my needs as a graduate student. I also got many opportunities to socialize which gets hard to do in grad school."

"There are always amazing events hosted by the program that offer scholarship opportunities and free food!"

- ASPIRE Scholar

"I enjoy the incentives of being a scholar in the program. The incentives I am referring to are the scholarships, free food, and events paid for by the program. Many of those factors help decrease stress in my life, such as financial stress, stress over when my next meal is, and help me connect with others."

- ASPIRE Scholar

"ASPIRE was a true goal to work toward as an undergraduate, and it drove me to work hard in my classes. For me, ASPIRE is a guidepost and a network of support!"

- ASPIRE Scholar

"ASPIRE has helped me push through my master's program and continue to work hard despite difficulties. One semester, I was experiencing burnout and the support from the program helped me make it through the semester"
