General Use Labs

General use computer labs are for students use at the scheduled open times. The general use labs are located in NGL 200 and TWC 315. Limited web cams and Macintosh workstations are available in the general use computer labs.

CHSS 130 computer lab is available for student use at the scheduled open times unless reserved for an event/class.

No food is allowed, however, beverages in closed containers are acceptable to bring inside the lab.

We request that noise be kept to a minimum to allow for a quiet study environment.

There are special circumstances that will require lab hours to change, such as interim periods between semesters, University holidays, and inclement weather.
