### Address

Box 2210  
Huntsville, TX 77341-2210  
United States

### Executive Summary

At its April 4-7, 2019 meeting, the APA Commission on Accreditation (CoA) voted to approve continued accreditation of the Clinical psychology PhD program at Sam Houston State University, with its next site visit scheduled 10 years from the date of the program's last site visit. This decision is based on the CoA's professional judgement that the program has demonstrated that it adheres to the Standards of Accreditation in Health Service Psychology (SoA). The current record indicates that a full review of the program is warranted within ten years of its last site visit, including interim reporting, to ensure continued adherence to the Standards.

| Initial Accreditation Date | Accreditation Status | Next site visit date |
|----------------------------|----------------------|----------------------|
| 6/2/2006                   | Accredited           | 2028                 |
