# Sam Houston State University

## Course Enrollment and Semester Credit Hour

Dashboard Help

Values are displayed as course enrollment headcount or as course semester credit hours (SCH). Student course enrollment headcount will be duplicated due to enrollment in multiple courses per academic period per student. Semester credit hours are not duplicated. Texas reporting requirements exclude certain fully distance education students from certified counts. To include these students, select Reportable Status = All or Non-Reportable. Course Level does not ensure the student's classification matches the course level. Undergraduate students may be enrolled in graduate level courses.

TIPS: To reset all filters to default, refresh the browser or click the Reset arrow in the window footer. Hover over elements in the page for additional information, and click on elements to isolate data in the graphs. Click again to clear the selection.
