

TABLE OF CONTENTS

President's Welcome	20
La Bienvenida de la Presidenta	21
Undergraduate Catalog	22
Accreditations	23
Administrative Officers	25
Institutional Mission Statement	26
Academic Policies and Procedures	27
Admission	29
Admission Standards for Undergraduate Students	30
Appeals Process	37
Registration	38
Degree Requirements and Academic Guidelines	42
Undergraduate Degree Requirements	42
Core Curriculum	43
Scholastic Requirements	46
Academic Standing	50
Graduation	51
Transfer of Credit	54
Financial Information	56
Tuition & Fees	56
Financial Aid & Scholarships Office	64
Support Services	68
Academic Support Services	68
Student Support Services	73
Colleges & Academic Departments	87
College of Arts and Media	89
Department of Art	91
Bachelor of Arts, Major in Art	97
Bachelor of Fine Arts, Major Animation	100
Bachelor of Fine Arts, Major in Animation with Teaching Certification	103
Bachelor of Fine Arts, Major in Graphic Design	107
Bachelor of Fine Arts, Major in Graphic Design with Teaching Certification	110
Bachelor of Fine Arts, Major in Photography	114
Bachelor of Fine Arts, Major in Photography with Teaching Certification	117
Bachelor of Fine Arts, Major in Studio Art 2D Track	121
Bachelor of Fine Arts, Major in Studio Art 2D with Teaching Certification	125
Bachelor of Fine Arts, Major in Studio Art 3D Track	129
Bachelor of Fine Arts, Major in Studio Art 3D with Teaching Certification	133
Minor in Art History	137
Minor in Graphic Design	137

Minor in Photography	138
Minor in Three-Dimensional Studio Art	138
Minor in Two-Dimensional Studio Art	139
Department of Dance	140
Bachelor of Fine Arts, Major in Dance	142
Minor in Dance	144
Department of Mass Communication	146
Bachelor of Arts, Major in Mass Communication: Broadcast Production	151
Bachelor of Arts, Major in Mass Communications: Film	154
Bachelor of Arts, Major in Mass Communication: Multiplatform Journalism	158
Bachelor of Arts, Major in Mass Communication: Public Relations & Advertising	162
Bachelor of Fine Arts, Major in Film & TV Production	165
Minor in Film Studies	168
Minor in Mass Communication	169
Minor in Sports Media	169
Department of Theatre & Musical Theatre	171
Bachelor of Fine Arts, Major in Musical Theatre with Dance Emphasis	174
Bachelor of Fine Arts, Major in Musical Theatre With Theatre Emphasis	177
Bachelor of Fine Arts, Major in Theatre-Acting and Directing Emphasis	180
Bachelor of Fine Arts, Major in Theatre-Design and Technology Emphasis	183
Bachelor of Fine Arts, Major in Theatre-Theatre Studies Emphasis	186
Bachelor of Fine Arts, Major in Theatre With Teaching Certification	190
Minor in Theatre	193
School of Music	194
Bachelor of Arts, Major in Music	199
Bachelor of Music, Major in Music With Concentration: Composition	206
Bachelor of Music, Major in Music With Concentration: Instrumental Performance	213
Bachelor of Music, Major in Music With Concentration: Piano Performance	219
Bachelor of Music, Major in Music With Concentration: Vocal Performance	225
Bachelor of Music, Major in Music with Teaching Certification: Choral	231
Bachelor of Music, Major in Music with Teaching Certification: Choral/Piano	238
Bachelor of Music, Major in Music with Teaching Certification: Instrumental	244
Bachelor of Music, Major in Music with Teaching Certification: String	250
Bachelor of Music, Major in Music Therapy	257
Undergraduate Certificate in Jazz Studies	264
Undergraduate Certificate in Woodwind Performance Pedagogy	264
Minor in Music	266
Minor in Arts and Popular Culture	271
College of Business Administration	272
Department of Accounting	277
Bachelor of Business Administration, Major in Accounting	280
Minor in Accounting	283

Department of Business Administration and Entrepreneurship	284
Bachelor of Business Administration, Major in Entrepreneurship	287
Bachelor of Business Administration, Major in General Business Administration	291
BBA, Major in General Business Administration with PGA Golf Management Concentration	294
Bachelor of Business Administration, Major in General Business Administration: Real Estate Concentration	297
Undergraduate Certificate in Real Estate Analysis	300
Minor in Business Education	301
Minor in Entrepreneurship	301
Minor in General Business Administration	302
Minor in Real Estate	302
Department of Economics & International Business	302
Bachelor of Business Administration, Major In Economics	306
Bachelor of Business Administration, Major in International Business	309
Minor in Business Data Analytics	313
Minor in Economics	314
Minor in International Business	314
Department of Finance and Banking	316
Bachelor of Business Administration, Major in Banking and Financial Institutions	318
Bachelor of Business Administration, Major in Finance	321
Minor in Banking	325
Minor in Finance	326
Department of Management, Marketing, and Information Systems	327
Bachelor of Business Administration, Major in Human Resource Management	331
Bachelor of Business Administration, Major in Management Information Systems	334
Bachelor of Business Administration, Major in Management	337
Bachelor of Business Administration, Major in Marketing	340
Bachelor of Business Administration, Major in Supply Chain Management	343
Minor in Management Information Systems	347
Minor in Management	347
Minor in Marketing	347
Minor in Supply Chain Management	347
College of Criminal Justice	349
Undergraduate Certificate in Management and Leadership in Criminal Justice	353
Department of Criminal Justice & Criminology	354
Bachelor of Arts, Major in Criminal Justice	360
Bachelor of Science, Major in Criminal Justice	362
Undergraduate Certificate in Criminal Justice	365
Undergraduate Certificate in Criminal Justice Equity and Inclusion	366
Minor in Criminal Justice	366
Minor in Criminal Justice Equity and Inclusion	367
Department of Forensic Science	368
Undergraduate Certificate in Investigative Forensic Science	370

Minor in Forensic Science	370
Department of Security Studies	372
Bachelor of Arts, Major in Homeland Security Studies	374
Bachelor of Science, Major in Homeland Security Studies	377
Undergraduate Certificate in Biosecurity and Pandemics	380
Undergraduate Certificate in Security and Resilience in the Chemical and Energy Sectors	381
Undergraduate Certificate in Security and Resilience in the Healthcare Sector	381
Undergraduate Certificate in Security and Resilience in the Transportation Sector	382
Minor in Homeland Security Studies	382
Department of Victim Studies	384
Bachelor of Arts, Major in Victim Studies	387
Bachelor of Science, Major in Victim Studies	389
Undergraduate Certificate in Victim Studies	393
Minor in Victim Studies	393
College of Education	395
Department of Counselor Education	400
Minor in Human Services	402
Department of Educational Leadership	403
Bachelor of Arts, Major in Educational Studies	405
Department of Library Science and Technology	408
Bachelor of Arts, Major in Learning Technologies	410
School of Teaching and Learning	413
Bachelor of Science, Major in Education, EC-6 Core	422
Bachelor of Science, Major in Education, EC-6 Core: 4+1 Master of Education in Teaching & Learning	425
Bachelor of Science, Major in Education, EC-6 Bilingual Core	429
Bachelor of Science, Major in Education, EC-6 Bilingual Core: 4+1 MED in Teaching & Learning	432
Bachelor of Science, Major in Education, EC-6 Special Education Core	437
Bachelor of Science, Major in Education, EC-6 SPED: 4+1 Master of Education in Teaching & Learning	440
Bachelor of Science, Major in Education, 4-8 Core	445
Bachelor of Science, Major in Education, 4-8 Core: 4+1 Master of Education in Teaching & Learning	448
Bachelor of Science, Major in Education: 4-8 ELAR	452
Bachelor of Science, Major in Education, 4-8 ELAR: 4+1 Master of Education in Teaching & Learning	456
Bachelor of Science, Major in Education: 4-8 Mathematics	460
Bachelor of Science, Major in Education, 4-8 Mathematics: 4+1 MED in Teaching & Learning	463
Bachelor of Science, Major in Education: 4-8 Science	467
Bachelor of Science, Major in Education, 4-8 Science: 4+1 Master of Education in Teaching & Learning	471
Bachelor of Science, Major in Education, 4-8 Social Studies	475
Bachelor of Science, Major in Education, 4-8 Social Studies: 4+1 MED in Teaching & Learning	479
Bachelor of Science, Major in Education: PK-3	483
Bachelor of Science, Major in Education, PK-3: 4+1 Master of Education in Teaching & Learning	486
Bachelor of Science, Major in Education: PK-3 Bilingual	489
Bachelor of Science, Major in Education: PK-3 Special Education	492

Bachelor of Science, Major in Education, Early Childhood Education	495
Bachelor of Arts, Double Major in Education and English	498
Bachelor of Arts, Double Major in Education and Spanish	500
Bachelor of Arts, Double Major in Education and Mass Communication: Journalism	503
Bachelor of Science, Double Major in Education and Composite Science	506
Bachelor of Science, Double Major in Education and History	511
Bachelor of Science, Double Major in Education and Interdisciplinary Agriculture	515
Bachelor of Science, Double Major in Education and Kinesiology	518
Bachelor of Science, Double Major in Education and Mathematics	522
Minor in Applied Behavior Analysis	525
Minor in Early Childhood Education	525
Minor in Special Education	526
College of Health Sciences	527
Department of Human Sciences	530
Bachelor of Arts, Major in Interior Design	534
Bachelor of Science, Major in Fashion Merchandising	537
Bachelor of Science, Major in Food Science and Nutrition	539
Bachelor of Science, Major in Interior Design	543
Minor in Fashion Merchandising	546
Minor in Human Nutrition	547
Minor in Interior Design	547
Department of Kinesiology	549
Bachelor of Science, Major in Human Performance and Wellness Management	553
Bachelor of Science, Major in Kinesiology	558
Bachelor of Science, Major in Kinesiology (Clinical Exercise Science)	561
Bachelor of Science, Major in Kinesiology (Clinical Exercise Science): 3+2 MSAT	566
Undergraduate Certificate in Sport Coaching	572
Minor in Kinesiology	573
Minor in Sport Coaching	574
Department of Public Health	575
Bachelor of Arts, Major in Bilingual Health Care Studies; Minor in Foreign Language	578
Bachelor of Science, Major in Health Care Administration	581
Bachelor of Science, Major in Health Sciences	586
Bachelor of Science, Major in Health Sciences: 3+2 MSAT	593
Bachelor of Science, Major in Public Health	599
Bachelor of Science, Major in Public Health: 4+1 MPH	605
Minor in Health	612
School of Nursing	614
Bachelor of Science, Major in Nursing (BSN)	620
LVN to BSN	623
RN to BSN	626
College of Humanities and Social Sciences	631

Minor in Applied Ethics and Critical Thinking	634
Minor in Medical Humanities and Social Sciences	635
Integrated Studies	636
Bachelor of Science, Major in Integrated Studies	637
Department of Communication Studies	639
Bachelor of Arts, Major in Communication Studies	643
Bachelor of Science, Major in Communication Studies	645
Undergraduate Certificate in Communication for Health and Social Care Professionals	648
Undergraduate Certificate in Communication for Legal and Criminal Justice Professionals	649
Undergraduate Certificate in Communication for Sport Professionals	649
Minor in Communication Studies	650
Department of English	651
Bachelor of Arts, Major in English	655
Undergraduate Certificate in Technical Communication	657
Minor in American Studies	657
Minor in Creative Writing	658
Minor in English	659
Minor in Technical and Professional Writing	659
Department of History	660
Bachelor of Arts, Major in History	663
Bachelor of Science, Major in History	668
Minor in History	675
Department of Political Science	678
Bachelor of Arts, Major in Political Science	681
Bachelor of Science, Major in Political Science	683
Minor in Legal Studies	685
Minor in Political Science	686
Minor in Public Administration and Public Policy	686
Department of Psychology & Philosophy	688
Bachelor of Arts, Major in Philosophy	693
Bachelor of Science, Major in Psychology	695
Minor in Ethics	699
Minor in Philosophy	699
Minor in Psychology	700
Department of Sociology	702
Bachelor of Arts, Major in Sociology	706
Bachelor of Science, Major in Sociology	709
Minor in Community Leadership	713
Minor in Cultural Competency	715
Minor in Sociology	715
Department of World Languages and Cultures	717
Bachelor of Arts, Major in French	720

Bachelor of Arts, Major in Spanish	721
Minor in American Sign Language	724
Minor in French	724
Minor in German	725
Minor in Latin American and Latinx Studies	725
Minor in Middle Eastern Studies	726
Minor in Spanish	727
Minor in Spanish Interpretation and Translation for Health Professions	727
College of Science and Engineering Technology	728
School of Agricultural Sciences	731
Bachelor of Science, Major in Agricultural Business	736
Bachelor of Science, Major in Agricultural Business with Ranch Management Concentration	739
Bachelor of Science, Major in Agricultural Business with Teaching Certification	742
Bachelor of Science, Major in Agricultural Communications	745
Bachelor of Science, Major in Agricultural Engineering Technology	748
Bachelor of Science, Major in Agricultural Engineering Technology with Teaching Certification	751
Bachelor of Science, Major in Animal Science	755
Bachelor of Science, Major in Animal Science: Animal Care and Welfare Concentration	758
Bachelor of Science, Major in Animal Science with Teaching Certification	760
Bachelor of Science, Major in Animal Science, Minor in Conservation Biology	764
Bachelor of Science, Major in Animal Science, Minor in Wildlife Management	766
Bachelor of Science, Major in Animal Science, Pre-Veterinary Medicine	769
Bachelor of Science, Major in Interdisciplinary Agriculture	772
Bachelor of Science, Major in Interdisciplinary Agriculture: Agricultural Industries	775
Bachelor of Science, Major in Plant and Soil Sciences	778
Bachelor of Science, Major in Plant and Soil Sciences with Teaching Certification	781
Minor in Agricultural Business	784
Minor in Agricultural Engineering Technology	785
Minor in Animal Science	785
Minor in Equine Science	785
Minor in Plant and Soil Science	786
Minor in Science	786
Minor in Wildlife Ecology	786
Career and Technology Program: Bachelor of Applied Arts and Sciences	787
Bachelor of Applied Arts and Sciences	788
Bachelor of Applied Arts and Sciences: Criminal Justice Concentration	788
Bachelor of Applied Arts and Sciences: General Business Concentration	790
Department of Biological Sciences	793
Bachelor of Arts, Major in Biology	798
Bachelor of Science, Major in Biology	807
Bachelor of Science, Major in Biomedical Sciences	817
Minor in Biology	820

Minor in Conservation Biology	821
Minor in Environmental Science	821
Department of Chemistry	821
Bachelor of Science, Major in Chemistry: Biochemistry and Medicine Concentration	824
Bachelor of Science, Major in Chemistry: Forensic Science Concentration	827
Bachelor of Science, Major in Chemistry for Other Technical Careers	829
Bachelor of Science, Major in Chemistry for Professional Chemists	832
Bachelor of Science, Major in Forensic Chemistry	835
Minor in Advanced Chemistry	839
Minor in Chemistry	839
Department of Computer Science	841
Bachelor of Science, Major in Computing Science (Computing Science, CS)	844
Bachelor of Science, Major in Computing Science: 4+1 MS Computing and Data Science	846
Bachelor of Science, Major in Computing Science (Information Assurance, IA)	849
Bachelor of Science, Major in Computing Science (IA): 4+1 MS Computing and Data Science	852
Bachelor of Science, Major in Computing Science (Information Systems, IS)	855
Bachelor of Science, Major in Computing Science (IS): 4+1 MS Computing and Data Science	857
Bachelor of Science, Major in Cybersecurity	861
Bachelor of Science, Major in Software Engineering	863
Minor in Computer Science: Computer Sciences (CS)	866
Minor in Computer Science: Information Assurance (IA)	866
Minor in Computer Science: Information Systems (IS)	866
Department of Engineering Technology	867
Bachelor of Science, Major in Construction Management	871
Bachelor of Science, Major in Electronics and Computer Engineering Technology	873
Bachelor of Science, Major in Engineering Design Technology	876
Bachelor of Science, Major in Engineering Technology	878
Bachelor of Science, Major in Engineering Technology - Concentration in Architectural Design Technology (ADT)	881
B.S. in Engineering Technology: Biomedical Engineering Technology Concentration	883
Bachelor of Science, Major in Engineering Technology - Concentration in Electronics	886
Bachelor of Science, Major in Engineering Technology - Concentration in Environmental, Health, and Safety Management	888
Bachelor of Science, Major in Engineering Technology - Concentration in Manufacturing Engineering Technology	891
Bachelor of Science, Major in Mechanical Engineering Technology	893
Minor in Architectural Design Technology	896
Minor in Construction Management	897
Minor in Electronics	897
Minor in Engineering Design Technology	897
Minor in Industrial Safety Management	897
Minor in Manufacturing Engineering Technology	898
Minor in Trades and Industry Certification	898
Department of Environmental and Geosciences	899
Bachelor of Science, Major in Environmental Science (Pollution Abatement)	906

Bachelor of Science, Major in Environmental Science (Sustainability)	911
Bachelor of Science, Major in Environmental Science (Water Resources)	915
Bachelor of Arts, Major Geography (Environment, Culture, and Development)	919
Bachelor of Science, Major Geography (Environment, Culture, and Development)	922
Bachelor of Science, Major in Geography, Geo-spatial Information Sciences	926
Bachelor of Science, Major in Geology	928
Bachelor of Science, Major in Geology (Geoscience)	931
Undergraduate Certificate in Crime Analysis and Mapping	933
Undergraduate Certificate in Geospatial Applications	934
Minor in Crime Analysis and Mapping	935
Minor in Environmental Science	935
Minor in Environmental Studies	936
Minor in Geography	937
Minor in Geology	937
Minor in Geo-Spatial Science	938
Department of Mathematics & Statistics	939
Bachelor of Science, Major in Data Science	944
Bachelor of Arts, Major in Mathematics	949
Bachelor of Science, Major in Mathematics	952
Bachelor of Science, Major in Mathematics: 4+1 MS Mathematics	955
Minor in Mathematics	959
Minor in Statistical Methods	959
Minor in Statistical Theory	960
Minor in Statistics and Data Science	961
Department of Physics and Astronomy	962
Bachelor of Science, Major in Physics	965
Bachelor of Science, Major in Physics/Engineering Dual Degree*	967
Bachelor of Science, Major in Physics, Civil Engineering 2+2	971
Bachelor of Science, Major in Physics, Electrical Engineering 2+2	972
Bachelor of Science, Major in Physics, Mechanical Engineering 2+2	973
Minor in Astronomy	975
Minor in Physics	975
First Year Experience	976
Honors College	976
McNair Scholars Program	977
Department of Military Science	977
Army Commissioning Program	978
No-Obligation Program	979
Course Descriptions	980
Accounting (ACCT)	980
Agribusiness (AGBU)	982
Agricultural Communications (ACOM)	983

Agricultural Engineering Techn (AGET)	984
Agriculture Education (AGED)	985
Agricultural Sciences (AGRI)	986
American Sign Language (SGNL)	987
American Studies (AMST)	988
Animal Science (ANSC)	988
Arabic (ARAB)	990
Art (ARTS)	990
Astronomy (ASTR)	997
Athletic Training (ATTR)	997
Bassoon (BSSN)	998
Bilingual/Eng as Sec lang (BESL)	998
Biology (BIOL)	999
Career and Technology (CATM)	1004
Business Analysis (BANA)	1004
Business Administration (BUAD)	1005
Chemistry (CHEM)	1007
Clarinet (CLAR)	1010
Composition (COMP)	1010
Communication Studies (COMS)	1010
Computer Science (COSC)	1013
Computer Science Technology (CSTE)	1015
Construction Management (ETCM)	1016
Counselor Education (COUN)	1017
Criminal Justice (CRIJ)	1018
Dance (DANC)	1021
Deaf Studies and Sign Language (DSSL)	1024
Design and Development (ETDD)	1024
Digital Forensics (DFSC)	1025
Early Childhood Education (ECHE)	1026
Economics (ECON)	1028
Electronics Technology (ETEE)	1030
Elementary Education (CIEE)	1031
Engineering Technology (ETEC)	1033
English (ENGL)	1035
Environmental Science (ENVR)	1040
Equine Science (EQSC)	1041
Euphonium (EUPH)	1042
Fashion Merchandising (FAMD)	1042
Finance (FINC)	1043
Flute (FLUT)	1045
Food Science and Nutrition (FSCN)	1045

College of Arts and Media	1262
Department of Art	1263
Master of Fine Arts in Art and Social Practice	1265
Department of Dance	1267
Master of Fine Arts in Dance	1269
Department of Mass Communication	1271
Master of Arts in Emerging and Social Media	1273
Master of Fine Arts in Digital Media Production	1274
Department of Theatre and Musical Theatre	1276
School of Music	1277
Master of Arts in Band Studies	1280
Master of Music	1281
Artist Diploma Certificate: Post-Master's	1286
Performer's Certificate: Post Baccalaureate	1287
College of Business Administration	1289
Executive Master of Business Administration (E.M.B.A.) - Banking and Financial Institutions	1292
Master of Business Administration	1294
Master of Business Administration: Accelerated Track	1299
Department of Accounting	1302
Master of Science in Accounting	1305
Department of Business Administration and Entrepreneurship	1308
Graduate Certificate in Real Estate Analysis	1310
Department of Economics & International Business	1311
Master of Science in Applied Economics	1313
Department of Finance and Banking	1315
Department of Management, Marketing, and Information Systems	1318
Master of Science in Project Management	1320
Graduate Certificate in Project Methods and Tools	1322
Graduate Certificate in Quality Management Tools	1323
College of Criminal Justice	1325
Department of Criminal Justice and Criminology	1326
Ph.D. in Criminal Justice	1330

Master of Arts in Criminal Justice and Criminology	1331
Master of Science in Criminal Justice	1332
Master of Science in Criminal Justice Leadership and Management	1333
Graduate Certificate in Criminal Justice Leadership and Management	1335
Department of Forensic Science	1337
PhD in Forensic Science	1339
Master of Science in Forensic Science	1341
Department of Security Studies	1344
Master of Science in Homeland Security Studies	1346
Graduate Certificate in Critical Infrastructure Protection	1347
Graduate Certificate in Emergency Management	1348
Department of Victim Studies	1350
Master of Science in Victim Services Management	1352
College of Education	1354
Department of Counselor Education	1356
Ph.D. in Counselor Education	1358
Master of Arts in Counseling	1360
Master of Education in School Counseling	1362
Graduate Certificate in Marriage, Couple, and Family Counseling	1364
Graduate Certificate in Play Therapy	1364
Department of Educational Leadership	1366
Ed.D. in Educational Leadership	1368
Ed.D. in Higher Education Leadership	1369
Master of Arts in Higher Education Administration	1371
Master of Education in School Leadership	1373
Graduate Certificate in Academic Advising	1375
Principal Certification	1376
Superintendent Certification	1378
Department of Library Science and Technology	1380
Ed.D. in Instructional Systems Design and Technology	1382
Master of Education in Instructional Systems Design and Technology	1385
Master of Library Science	1386
Graduate Certificate in Educational Technology	1387
Graduate Certificate in Effective Online Instruction	1388
School Librarian Certification	1389
School of Teaching and Learning	1391
Ed.D. in Curriculum and Instruction	1395
Master of Arts in Special Education	1397
Master of Education in Comparative and Global Education	1398
Master of Education in Curriculum and Instruction	1399
Master of Education in Literacy Instruction*	1401
Master of Education in Special Education	1404

Master of Education in Teaching and Learning	1408
Master of Education in TESOL (Teaching English to Speakers of Other Languages)	1409
Graduate Certificate in Adult Education	1411
Graduate Certificate in Bilingual (Spanish) Educational Diagnostician	1412
Graduate Certificate in Digital Literacies	1413
Graduate Certificate in Dyslexia	1413
Graduate Certificate in Early Childhood Education	1415
Graduate Certificate in Early Childhood Special Education	1416
Graduate Certificate in Second Language Instruction	1417
Graduate Certificate in Special Education Transition Services	1418
Educational Diagnostician Certification	1419
Reading Specialist Certification (Post Graduate)	1421
Teacher Certification	1423
College of Health Sciences	1425
Department of Human Sciences	1427
Master of Science in Dietetics	1429
Department of Kinesiology	1431
Master of Science in Athletic Training	1434
Master of Science in Kinesiology (Sport and Human Performance)	1438
Master of Science in Sport Management	1442
Department of Public Health	1445
Master of Public Health	1448
Master of Science in Health Care Quality and Safety	1451
Graduate Certificate in Health Care Quality and Safety	1452
School of Nursing	1453
College of Humanities and Social Sciences	1454
Department of Communication Studies	1457

PRESIDENT'S WELCOME

Welcome to the Bearkat family at Sam Houston State University! I am thrilled you have chosen SHSU to further your education. Our three campuses and SHSU Online will offer you an exceptional college experience. Our graduates are well prepared for today's demanding careers and rapidly changing workforce. We offer more than 90 undergraduate degrees, 55+ master's degrees, 10 doctoral degrees and certificate programs across eight colleges. We will support every step of your journey at SHSU, and you will leave here with a network of friends, faculty and staff invested in your success. Whether you graduate as a first responder, artist, teacher, psychologist, banker, scientist, agriculture professional or Bearkat doctor, your career will add another chapter to our legacy of measuring life by serving others. The quality of our students, faculty, staff and the support of our campus community drive Sam Houston forward, and I am excited you are a part of our story.

Eat 'em up, Kats!

Dr. Alisa White

President

Sam Houston State University

LA BIENVENIDA DE LA PRESIDENTA

¡Bienvenidos a la familia Bearkat de Sam Houston State University! Estoy emocionada que haya elegido SHSU para avanzar su educación. Aquí, nuestros tres campus universitarios y también SHSU Online le ofrecen una experiencia universitaria excepcional. Nuestros graduados obtienen la más alta preparación académica para las carreras exigentes modernas y para la fuerza laboral en constante cambio. Ofrecemos más de 90 títulos de licenciatura, 55 programas de maestría, 10 programas de doctorado, y programas de certificación en ocho escuelas diferentes. Nuestra universidad se compromete a proveer las oportunidades y el apoyo necesario para lograr el éxito en sus estudios. Se encontrará con una comunidad de amigos, profesores, y personal que están dedicados a su éxito. Ya sea que se gradúe como miembro del personal de emergencias, artista, maestro, psicólogo, banquero, científico, agricultor, o médico Bearkat, su crecimiento profesional y su carrera añadirá otro capítulo a nuestro legado de la medida de una vida es su servicio. La calidad de nuestros estudiantes, profesores, y personal, junto con el apoyo de nuestra comunidad universitaria, lleva hacia adelante a Sam Houston. Estoy entusiasmada de que sea parte de nuestra historia.

Eat 'em up, Kats!

Dra. Alisa White

Presidenta

Sam Houston State University

Institutional Mission Statement

If you have a question but do not know to whom an inquiry should be directed, you may call the University Information number, and the inquiry will be routed to the appropriate person or department.

University Information: (936) 294-1111

Toll Free: 1-866-BEARKAT (1-866-232-7528)

The purpose of the catalog is to provide general information about the academic programs of Sam Houston State University to prospective students, current students, faculty, and staff of the University. Included is information concerning the academic calendar, admission and registration procedures, tuition and fees, degree requirements, services available to students, and the faculty and administrative officers of the University.

Subject to Change Notice

The policies, regulations, procedures, and fees in this catalog are subject to change without notice, if necessary, to keep University policies in compliance with State and Federal laws and/or with rules and regulations of the Board of Regents of The Texas State University System.

The University reserves the right to change curricula, rules, fees, and other requirements, of whatever kind, affecting students. The provisions of this catalog do not constitute a contract, express or implied, between any applicant, student, or faculty member and Sam Houston State University or its Board of Regents.

Course Prefixes and Abbreviations provides a list of course abbreviations (e.g., AGR represents Agriculture) used throughout this catalog and in many SHSU operations and publications (e.g., transcripts, registration, etc.).

Texas Common Course Numbers are of great value for transfer students and SHSU students who take an occasional class at a Texas community college.

Report a Problem (catalogs@shsu.edu) - If you notice a problem with the catalog, such as a broken link or a typographical error, please report the problem via email to the catalog editor in the Office of Academic Planning and Assessment. Be specific and include the exact address of the page if possible.

Accreditations

Sam Houston State University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award bachelors, masters and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the accreditation of Sam Houston State University or visit their website (<https://www.sacscoc.org/>).

College of Arts and Media

The Department of Art's degree programs are accredited by the National Association of Schools of Art and Design (NASAD).

The Department of Dance's degree programs are accredited by the National Association of Schools of Dance (NASD).

The School of Music's undergraduate and graduate degree programs are accredited by the National Association of Schools of Music (NASM).

The Department of Theatre and Musical Theatre's programs are accredited by the National Association of Schools of Theatre (NAST).

College of Business Administration

The College of Business Administration's undergraduate and graduate degree programs are accredited by AACSB International, The Association to Advance Collegiate Schools of Business.

College of Criminal Justice

The Master of Science in Forensic Science is accredited by the Forensic Science Education Programs Accreditation Commission (FEPAC).

College of Education

The College of Education's Educator Preparation Program is accredited by the Council for the Accreditation of Educator Preparation (CAEP). As one of only thirteen universities in Texas with CAEP accreditation, the educator preparation program stands out among the top programs in the nation. The college's educator preparation certification programs are also accredited by the Texas Education Agency.

Many of the college's undergraduate programs are recognized by Specialized Professional Accreditors (SPA), which indicates that the program has taken the extra steps necessary to meet rigorous standards set for the program's specific educational field. The following teacher preparation programs have been nationally recognized by their respective SPA: Elementary Education EC-6 (Association for Childhood Education International); Middle School Education 4-8 (Association for Middle Level Education); Biology 8-12 (National Science Teachers Association); Kinesiology EC-12 (National Association of Sport and Physical Education); Mathematics 8-12 (National Council of Teachers of Mathematics); and Special Education (Council for Exceptional Children).

Many of the college's graduate programs are also recognized by their respective Specialized Professional Accreditors. The following professional educator preparation programs have been nationally recognized by their respective SPA: Library Science (American Association for School Librarians); Educational Diagnostician (Council for Exceptional Children); Principal (Educational Leadership Constituents Council); Superintendent (Educational Leadership Constituents Council); Reading Educator (International Literacy Association); and Instructional Technology (International Society for Technology in Education).

The Clinical Mental Health Counseling, M.A.; School Counseling, M.Ed.; and Counselor Education, Ph.D have been accredited by the Council of Accreditation of Counseling and Related Educational Programs (CACREP).

College of Health Sciences

The Didactic Program in Dietetics (DPD) at the undergraduate level and the Dietetic Internship (DI) Program at the graduate level in the Department of Family and Consumer Sciences are currently granted accreditation by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND), 120 South Riverside Plaza, Suite 2000, Chicago, IL 60606-6995. (312) 899-0040, ext. 5400. Website (<https://www.eatright.org/>).

The Interior Design Program in the Department of Family and Consumer Sciences is granted accreditation by the Council for Interior Design Accreditation (CIDA) and by the National Association of Schools of Art and Design (NASAD).

The baccalaureate degree program in nursing at Sam Houston State University is accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

The BS in Kinesiology-all-levels Teacher Certification Program-The Physical Education Teacher Education Program was awarded "National Recognition" status by the Society of Health and Physical Educators America (SHAPE America) through the Council for the Accreditation of Educator Preparation (CAEP).

The Master of Science in Athletic Training program accredited by the Commission on Accreditation of Athletic Training Education (CAATE), 2001 K Street NW, 3rd Floor North, Washington DC 20006.

College of Humanities and Social Sciences

The Doctoral Program degree in Clinical Psychology is accredited by the American Psychological Association (APA).

The Specialists degree in School Psychology is approved by the National Association of School Psychologists to ensure high quality school psychology training and services. Any individual interested in reviewing the official document listing the accreditation, approval or licensing of Sam Houston State University, will have access to such material in the Reference Department of the Newton Gresham Library.

College of Osteopathic Medicine

SHSU-COM has been awarded Accreditation with Exceptional Outcomes by the Commission on Osteopathic College Accreditation (COCA). For more information on COCA accreditation or to file a complaint with the accrediting body, please visit Commission on Osteopathic College Accreditation (<https://osteopathic.org/accreditation/>).

College of Science and Engineering Technology

The American Chemical Society recognizes the Department of Chemistry as having adequate faculty, facilities, library, curriculum, and research for training professional chemists.

Sam Houston State University's Bachelor of Science degree in Computing Science has been accredited by the Computing Accreditation Commission of ABET, the global accreditor of college and university programs in applied and natural science, computing, engineering, and engineering technology.

Sam Houston State University's Bachelor of Science degree in Construction Management has been accredited by the Applied and Natural Science Accreditation Commission of ABET, the global accreditor of college and university programs in applied and natural science, computing, engineering, and engineering technology.

Institutional Mission Statement

Mission Statement

Sam Houston State University is a student-centered, community engaged institution whose mission is to offer accessible, quality higher education. The university offers a variety of innovative and flexible degree programs at the undergraduate, graduate, and professional levels focused on career readiness, personal and professional development, and service. SHSU provides integrated academic and student success services designed to support traditional and non-traditional students from diverse backgrounds.

Values

- Student Success and Support
- Academic Excellence
- Service and Community Engagement
- Inclusive Excellence
- Collaborative Environment
- Honor
- Creativity and Innovation

Vision Statement

Sam Houston State University will provide a transformative environment that enables students from diverse backgrounds to become leaders who serve their families, communities, and professions. We aspire to make SHSU both the best value in higher education and the top regional public university in the state of Texas. We will accomplish this through providing high quality, innovative, and flexible academic programs; a commitment to student success, scholarship and creative works; and engagement that solves the most critical challenges facing the world.

Strategic Priorities

- Prioritize student success and student access.
- Embody a culture of excellence.
- Elevate the reputation and visibility of SHSU.
- Expand and elevate our service to the state and beyond.

Admission

- Application Fee
- Application Deadlines
- Personal Standards
- Academic Fresh Start

Any person who desires to apply for undergraduate admission to the University may do so by accessing the Office of Admissions website (<https://www.shsu.edu/admissions/>). Please direct questions regarding the application process to the Office of Admissions by phone (936) 294-1828 or e-mail Admissions (admissions@shsu.edu).

Sam Houston State University accepts applications for undergraduate admission from students of accredited secondary schools and students transferring from accredited colleges without regard to race, color, national origin, religion, gender, disability, or age.

Application Fee

A nonrefundable application fee should be paid by credit card, money order, check, or cash. Checks or money orders must be payable to Sam Houston State University.

Application Deadlines

Application deadlines for undergraduate admission to Sam Houston State University are available on the Admissions website (<https://www.shsu.edu/apply/>).

Personal Standards

Sam Houston State University requires the same personal standards and applies the same criteria in considering applications for admission as it uses in the retention of students who are enrolled. To be consistent with this policy, the University reserves the right to refuse acceptance to prospective or former students who have criminal records, including conviction of a felony, offenses involving moral turpitude or other serious offenses. The personal standards of conduct expected of students who enroll at Sam Houston State University are provided in the Student Guidelines. (<https://www.shsu.edu/dept/dean-of-students/guidelines/student-guidelines/>)

Academic Fresh Start

Undergraduate applicants may elect the University's Academic Fresh Start Program to have all academic coursework completed at Sam Houston State University or elsewhere ten or more years prior to the semester of enrollment removed from consideration by the University for any academic purpose including, but not limited to, cumulative grade point average, academic classification, academic standing, course prerequisites, degree requirements, eligibility for graduation, and honors standing.

Undergraduate applicants who are Texas Residents electing to invoke this policy may **not** choose which credit hours are to be counted or to be ignored. **All** academic course credits or grades earned by the applicant 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll will be ignored if the applicant makes use of this policy. Approval from Admissions, Financial Aid and Registrars Office will be required. For more information, contact the Office of Admissions, (936) 294-1828.

Admission Standards for Undergraduate Students

- Beginning Freshmen
- Graduates of a Non-accredited High School, Home Schooled Students, and Students Who Earned the GED
- Transfer Students
- Returning SHSU Students
- Transient Students
- Early College Credit Students
- International Students
- Holistic (Individual) Review
- Appeals Process for Undergraduate Students

Sam Houston State University accepts applications for undergraduate admission from students of accredited secondary schools and students transferring from accredited colleges without regard to race, color, national origin, religion, sex, disability, or age.

Beginning Freshmen

A beginning freshman student must submit all of the following documentation:

- Completed SHSU Admission Application with nonrefundable application fee.
- Official ACT Composite or SAT score report. (Optional)
- Official high school transcript showing GPA and degree plan. Upon graduation from high school, applicant must provide a final official high school transcript with final GPA, date of graduation, and graduation plan.

Automatic Admission is granted when eligible prospective freshmen are in the Top 10% of their high school graduating class in one of the two school years preceding the academic year for which they are applying for admission with one of the following diploma types:

- (HB5) Distinguished Achievement
- (UAS) Distinguished

Automatic Admission is granted when eligible prospective freshmen graduate high school with one of the following diploma types:

- (HB5)* Foundations with Endorsement(s)
- (HB5) Distinguished Achievement
- (UAS) Recommended
- (UAS) Distinguished
- Or equivalent

AND meet the requirements on the chart below (requirements are based on a 4.0 scale (<https://www.shsu.edu/admissions/undergraduate/gpa-converter/>)).

If GPA and/or test scores do not fall within the ranges listed on the above table, applications will receive holistic review. Holistic review decisions are final.

Students automatically admitted into SHSU still need to submit test scores to be considered for certain scholarships.

Various school districts may enter into a Distinguished High School Partnership (DHSP) with SHSU. Students attending a high school associated with a DHSP will be admitted under the standards agreed to within the memorandum of understanding (MOU).

The requirements summarized in the above table are for Texas high school students on the Recommended (UAS), Distinguished (UAS), Foundations with Endorsement(s) (HB5)*, or Distinguished Achievement (HB5) plans. Applicants from private schools or home schools must have an equivalent diploma type, and home school transcripts must be notarized. Graduates of a non-accredited high school and students who earned the GED must meet the requirements listed in the SHSU Undergraduate Catalog.

*The Endorsement earned must be noted on the transcript provided.

SHSU accepts college credit earned as dual credit from other institutions of higher education. A beginning freshman student who has attempted college/university coursework while enrolled in high school or prior to entering Sam Houston State University (Dual Credit/Dual Enrollment) must provide official college transcript(s) indicating the completion of all transferable academic hours (excluding developmental, remedial, vocational/technical, continuing education, or lifelong learning courses). While the overall cumulative transfer grade point average (for Dual Credit courses) will

not be used for admittance, the GPA will factor into the overall GPA. It should be noted that transferable courses may not be relevant to every degree plan. Regular advising at the community college/university and review of SHSU four-year degree plans in this catalog is highly recommended.

Upon admission, Freshman Orientation is required. Visit Orientation (<http://www.shsu.edu/orientation/>) for details.

Graduates of a Non-Accredited High School, Home Schooled Students, and Students Who Earned the GED

Graduates of a non-accredited high school, home-schooled students, and students who earned the GED must submit the following documentation:

- Completed SHSU Admission Application with nonrefundable application fee.
- Official ACT Composite or SAT score report. (Optional for graduates of non-accredited high school and home schooled students)
- Official high school transcript showing GPA or official GED certificate with GED scores. If the student is home schooled, a notarized copy of the transcript must be provided. Upon graduation, applicants must provide a final official transcript showing final GPA and date of graduation.

Sam Houston State University will admit a student who has obtained a GED based on the following criteria:

- Score of at least 21 on the ACT Composite or 1090 on the SAT (evidence based reading/writing + math).
- Present an official copy of the GED certificate with GED scores in lieu of a transcript.

Home schooled students and students who graduated from a non-accredited high school must meet the same admissions requirements as referenced in the Beginning Freshmen section above.

Upon admission, Freshmen Orientation is required. See Orientation (<http://www.shsu.edu/orientation/>) for details.

Transfer Students

A transfer student is defined as an undergraduate student who has completed a minimum of 12 hours of transferable academic coursework from a college and/or university accredited by an agency recognized by the Texas Higher Education Coordinating Board after high school graduation. Transferable academic coursework is defined as those attempted hours of coursework which are applicable to a baccalaureate degree program.

Transfer Students from U.S. Colleges or Universities

Undergraduate students who transfer to Sam Houston State University from a college or university of recognized standing must provide all of the following documentation:

- Completed SHSU Admission Application with nonrefundable application fee.
- Official transcript(s) from all colleges and universities attended.

Transfer Student Requirements:

12-17 hours must have a cumulative grade point average of 2.5 or higher on transferable hours.

18+ hours must have a cumulative grade point average of 2.0 or higher on transferable hours.

Undergraduate students who transfer from a college or university accredited by an agency recognized by the Texas Higher Education Coordinating Board **with less than 12 transferable hours** must meet the standards of beginning freshmen students as well as have a cumulative grade point average of a 2.5 or higher on transferable hours.

Students who are currently suspended, dismissed or expelled from another college or university are not eligible for admission to Sam Houston State University.

Transfer of Credit

Sam Houston State University accepts a maximum of 66 semester credit hours plus 4 hours of activity-based physical education (kinesiology) for a total of 70 semester credit hours from the accredited community colleges attended. Please visit Texas Common Course Numbers for information about Texas Common Course Numbers and equivalent SHSU courses.

Courses and grades transferred from other colleges and/or universities accredited by an agency recognized by the Texas Higher Education Coordinating Board are recorded as received on the student's academic record at Sam Houston State University and will be reviewed for transferability; however, transferable courses may not be relevant to every degree plan **and** not all transfer course work will satisfy degree requirements. The applicant is encouraged to speak to an academic advisor familiar with the programs and degree plans of all institutions involved to maximize the amount of transferable credit. For more information, see the section on **Transfer of Credit**.

Returning SHSU Students

All former SHSU students who did not attend the University within the last year must submit all of the following:

- SHSU Admission Application for undergraduate admission (readmit) with the nonrefundable application fee.
- Official transcript(s) from all institutions attended since last attending SHSU.

All students applying for readmission into the university must present a minimum, combined grade point average of 2.0 or higher on all transferable hours.

Transient (Visiting) Students

Students enrolled at another institution of higher education (home institution) wishing to attend Sam Houston State University for one semester with the intention of transferring credits to their home institution, must meet the following requirements:

- Be regularly enrolled in a degree-seeking program at their home institution and eligible to re-enroll.
- Provide official transcript from home institution.
- Complete the Transient Application on Apply Texas (<https://www.shsu.edu/admissions/apply-texas.html>).
- Pay the non-refundable application fee.

Students admitted under this option are considered non-degree seeking and are not eligible for financial aid. Credit and grade points earned as a transient student will not be used toward admission to Sam Houston State University at a future date.

Early College Credit Students

High school students have two opportunities to earn college credit from SHSU prior to high school graduation. Through early admissions, students will take SHSU college course(s) and earn college credit. Through dual credit, students will take SHSU college course(s) and earn both high school credit and college credit. A memorandum of understanding (MOU) must exist between the high school and SHSU for students to be eligible for Dual Credit admissions. Students admitted under these options are considered non-degree seeking and are not eligible for financial aid. Upon graduation from high school, the student must submit a new undergraduate application to continue taking classes as a degree seeking student at Sam Houston State University.

SHSU also accepts college credit earned as dual credit from other institutions of higher education.

Early Admissions

High school students who have completed the junior year may be accepted to attend classes at Sam Houston State University. To be accepted to attend classes, the students must provide official documentation for the criteria listed below, complete the SHSU Admission Application, and pay the nonrefundable application fee. To qualify for the Early Admissions Program, a high school student must meet the following criteria:

- Be in the top 25% of the graduating class
- Provide verification of TSI status
- Submit the completed Early College Credit Admission form which includes the items below:
 - Written permission of the parent or guardian
 - Recommendation of the high school principal or counselor

Dual Credit

To participate as a dual credit student with SHSU, a memorandum of understanding (MOU) must exist between the high school and SHSU. Students must complete the SHSU Admission Application, pay the nonrefundable application fee, and provide official documentation for the criteria listed below:

- Provide verification of TSI status
- Submit the completed Early College Credit Admission form which includes the items below:
 - Written permission of the parent or guardian
 - Recommendation of the high school principal or counselor

International Students

All undergraduate international students must submit the Apply Texas Application (International) and pay the nonrefundable application fee in U.S. currency. All undergraduate international students must declare a major (other than Integrated Studies) on the application for admission.

Sam Houston State University has five categories of undergraduate international students:

- beginning international freshmen who have graduated from a high school outside the United States or a country whose primary mode of instruction is English,
- beginning international freshmen who have graduated from a high school in the U.S.,
- transfer international students who have attended a college or university from outside the U.S.,

- transfer international students who have attended a college or university in the U.S. and have obtained less than 30 transferable hours, and
- transfer international students who have attended a college or university in the U.S. and have obtained at least 30 transferable hours.

International students who are beginning freshmen graduating from a high school outside the U.S. or a country whose primary mode of instruction is English must provide the following:

Admission Requirements/Documentation

- Completed Apply Texas Application (International) with nonrefundable application fee (must declare a major other than Integrated Studies).
- Official TOEFL score of at least 79 (iBT or iBT Special Home Edition), IELTS of at least 6.5, or Duolingo EPT score of at least 105, if English is not their first language.
- Copy of high school transcript OR official evaluation of high school transcript from a NACES accredited evaluation company.
- Official evaluation of high school transcript from a NACES accredited evaluation company.
- Certified English translations for documents submitted in a language other than English.
- Must have a minimum GPA of 2.5.

Enrollment Requirements

- Current proof of financial support. The student's or sponsor's bank statement(s) on bank letterhead indicating an amount of deposit equal to the estimated expense for one year at the University. Visit the Global Engagement Center (<https://www.shsu.edu/dept/international-programs/>) for further details.
- Home country address. Regardless of current residency, students must provide a home country address for the processing of the I-20 A/B. Visit the Global Engagement Center (<https://www.shsu.edu/dept/international-programs/>) for further details.
- Copies of immigration documents (i.e., passport photo page, visa, and I-94).
- To ensure that all undergraduate admission and immigration papers are in order, international students are required to visit the Global Engagement Center immediately upon arrival on campus. Telephone (936) 294-4737 or e-mail Global Engagement Center (oip@shsu.edu).
- All international students are required to purchase the University's Group Hospitalization, Medical Evacuation, and Repatriation Insurance available to all eligible SHSU students. Further information concerning this required coverage may be obtained from the University Health Center. Telephone (936) 294-1805.

All International Students are required to complete International Student Orientation (<https://www.shsu.edu/dept/international-programs/international-students-and-scholars/international-orientation.html>), in lieu of New Student Orientation. Contact the Global Engagement Center at (936) 294-4607 for information concerning this specialized orientation session.

International students who are beginning freshmen graduating from a high school in the U.S. must provide the following:

Admission Requirements/Documentation

International students who are **beginning freshmen** graduating from a high school in the U.S. must meet the same admissions requirements as referenced in the Beginning Freshmen section above.

Students must declare a major other than Integrated Studies.

Enrollment Requirements

- Current proof of financial support. The student's or sponsor's bank statement(s) on bank letterhead indicating an amount on deposit equal to the estimated expense for one year at the University. Visit the Global Engagement Center (<https://www.shsu.edu/dept/international-programs/>) for further details.
- Home country address. Regardless of current residency, students must provide a home country address for the processing of the I-20 A/B. Visit the Global Engagement Center (<https://www.shsu.edu/dept/international-programs/>) for further details.
- International Student Adviser's Report. This form is to be completed and signed by the student and an adviser at the U.S. high school.
- Copies of immigration documents (i.e., passport photo page, visa, and I-94).
- To ensure that all undergraduate admission and immigration papers are in order, international students are required to visit the Global Engagement Center immediately upon arrival on campus. Telephone (936) 294-4737 or e-mail oip@shsu.edu.
- All international students are required to purchase the University's Group Hospitalization, Medical Evacuation, and Repatriation Insurance available to all eligible SHSU students. Further information concerning this required coverage may be obtained from the University Health Center. Telephone (936) 294-1805.

All International Students are required to complete International Student Orientation (<https://www.shsu.edu/dept/international-programs/international-students-and-scholars/international-orientation.html>), in lieu of New Student Orientation. Contact the Global Engagement Center at (936) 294-4607 for information concerning this specialized orientation session.

International students who are transfer students who attended a college or university outside the U.S. must provide the following:

Admission Requirements/Documentation

- Completed Apply Texas Application (International) with nonrefundable application fee (must declare a major other than Integrated Studies).
- Official TOEFL score of at least 79 (iBT or iBT Special Home Edition), IELTS of at least 6.5, or Duolingo EPT score of at least 105, if English is not their first language.
- Official evaluation of **all** transfer work from a NACES accredited evaluation company (World Education Services, etc.).
- Certified English translations for documents submitted in a language other than English.

Enrollment Requirements

- Current proof of financial support. The student's or sponsor's bank statement(s) on bank letterhead indicating an amount on deposit equal to the estimated expense for one year at the University. Visit the Global Engagement Center (<https://www.shsu.edu/dept/international-programs/>) for further details.
- Confirmation of dependents. If dependents will accompany the student to the U.S., provide each dependent's full name, date of birth, country of citizenship, and relationship to the student. For each dependent the dollar amount of financial support must be increased by the following amounts: \$2,000 for a spouse, \$2,000 for the first child, and \$1,000 for each additional child. Visit Global Engagement Center (<https://www.shsu.edu/dept/international-programs/>) for further details.
- Home country address. Regardless of current residency, students must provide a home country address for the processing of the I-20 A/B. Visit the International Students (<https://www.shsu.edu/admissions/international/>) website for further details.
- Copies of immigration documents (i.e., passport photo page, visa, and I-94).
- To ensure that all undergraduate admission and immigration papers are in order, international students are required to visit the Global Engagement Center immediately upon arrival on campus. Telephone (936) 294-4737 or e-mail oip@shsu.edu.
- All international students are required to purchase the University's Group Hospitalization, Medical Evacuation, and Repatriation Insurance available to all eligible SHSU students. Further information concerning this required coverage may be obtained from the University Health Center. Telephone (936) 294-1805.

All International Students are required to complete International Student Orientation (<https://www.shsu.edu/dept/international-programs/international-students-and-scholars/international-orientation.html>), in lieu of New Student Orientation. Contact the Global Engagement Center at (936) 294-4607 for information concerning this specialized orientation session.

International students who are transfer students who attended a college or university in the U.S. and have obtained less than 30 transferable hours must provide the following:

Admission Requirements/Documentation

- Completed Apply Texas Application (International) with nonrefundable application fee (must declare a major other than Integrated Studies).
- Official TOEFL score of at least 79 (iBT or iBT Special Home Edition), IELTS of at least 6.5, or Duolingo EPT score of at least 105, if English is not their first language.
- Official transcripts from all colleges/universities attended.
- 12-17 hours must have a cumulative grade point average of 2.5 or higher on transferable hours.
18+ hours must have a cumulative grade point average of 2.0 or higher on transferable hours.
- Undergraduate students who transfer from a college or university of recognized standing with less than 12 transferable hours must meet the standards of beginning freshmen students as well as have a cumulative grade point average of a 2.5 or higher on transferable hours.
- Students who are currently suspended, dismissed or expelled from another college or university are not eligible for admission to Sam Houston State University.

Enrollment Requirements

- Current proof of financial support. The student's or sponsor's bank statement(s) on bank letterhead indicating an amount on deposit equal to the estimated expense for one year at the University. Visit Global Engagement Center (<https://www.shsu.edu/dept/international-programs/>) for further details.
- Confirmation of dependents. If dependents will accompany the student to the U.S., provide each dependent's full name, date of birth, country of citizenship, and relationship to the student. For each dependent the dollar amount of financial support must be increased by the following amounts: \$2,000 for a spouse, \$2,000 for the first child, and \$1,000 for each additional child. Visit Global Engagement Center (<https://www.shsu.edu/dept/international-programs/>) for further details.
- Home country address. Regardless of current residency, students must provide a home country address for the processing of the I-20 A/B. Visit the Global Engagement Center (<https://www.shsu.edu/dept/international-programs/>) for further details.
- International Student Adviser's Report. This form is to be completed and signed by the student and an adviser at the U.S. high school.
- Copies of immigration documents (i.e., passport photo page, visa, and I-94).
- To ensure that all undergraduate admission and immigration papers are in order, international students are required to visit the Global Engagement Center immediately upon arrival on campus. Telephone (936) 294-4737 or e-mail oip@shsu.edu.

- All international students are required to purchase the University's Group Hospitalization, Medical Evacuation, and Repatriation Insurance available to all eligible SHSU students. Further information concerning this required coverage may be obtained from the University Health Center. Telephone (936) 294-1805.

All International Students are required to complete International Student Orientation (<https://www.shsu.edu/dept/international-programs/international-students-and-scholars/international-orientation.html>), in lieu of New Student Orientation. Contact the Global Engagement Center at (936) 294-4607 for information concerning this specialized orientation session.

International students who are transfer students that attended a college or university in the U.S. and have obtained at least 30 transferable hours must provide the following:

Admission Requirements/Documentation

- Completed Apply Texas Application (International) with nonrefundable application fee (must declare a major other than Integrated Studies).
- Official transcripts from all colleges/universities attended.
- 12-17 hours must have a cumulative grade point average of 2.5 or higher on transferable hours.
18+ hours must have a cumulative grade point average of 2.0 or higher on transferable hours.
- Undergraduate students who transfer from a college or university of recognized standing with less than 12 transferable hours must meet the standards of beginning freshmen students (see Beginning Freshmen within this chapter) as well as have a cumulative grade point average of a 2.5 or higher on transferable hours.
- Students who are currently suspended, dismissed or expelled from another college or university are not eligible for admission to Sam Houston State University.

Enrollment Requirements

- Current proof of financial support. The student's or sponsor's bank statement(s) on bank letterhead indicating an amount on deposit equal to the estimated expense for one year at the University. Visit Global Engagement Center (<https://www.shsu.edu/dept/international-programs/>) for further details.
- Confirmation of dependents. If dependents will accompany the student to the U.S., provide each dependent's full name, date of birth, country of citizenship, and relationship to the student. For each dependent the dollar amount of financial support must be increased by the following amounts: \$2,000 for a spouse, \$2,000 for the first child, and \$1,000 for each additional child. Visit Global Engagement Center (<https://www.shsu.edu/dept/international-programs/>) for further details.
- Home country address. Regardless of current residency, students must provide a home country address for the processing of the I-20 A/B. Visit Global Engagement Center (<http://www.shsu.edu/dept/international-programs/>) for further details.
- International Student Adviser's Report. This form is to be completed and signed by the student and an adviser at the U.S. high school.
- Copies of immigration documents (i.e., passport photo page, visa, and I-94).
- To ensure that all undergraduate admission and immigration papers are in order, international students are required to visit the Global Engagement Center immediately upon arrival on campus. Telephone (936) 294-4737 or e-mail Global Engagement Center (ois@shsu.edu).
- All international students are required to purchase the University's Group Hospitalization, Medical Evacuation, and Repatriation Insurance available to all eligible SHSU students. Further information concerning this required coverage may be obtained from the University Health Center. Telephone (936) 294-1805.

All International Students are required to complete International Student Orientation (<https://www.shsu.edu/dept/international-programs/international-students-and-scholars/international-orientation.html>), in lieu of New Student Orientation. Contact the Global Engagement Center at (936) 294-4607 for information concerning this specialized orientation session.

Holistic (Individual) Review

Incoming freshman who do not meet automatic admission requirements will be holistically reviewed.

The Admissions staff may consider the following factors in the review process:

- Grade Point Average
- Specific class rank (on a seven-semester transcript)
- Size of graduating class
- Quality and competitive level of high school courses taken and grades earned (i.e. AP, Honors classes, Dual Credit)
- Academic progress and achievements
- Scores on either the ACT and/or the SAT
- Personal Statement

NOTE: After the review process, if a student is granted admission to SHSU under the review program, the student will be required to take and complete the UNIV 1101 course during the first semester.

Appeals for Undergraduate Students

An applicant who has been denied admission may appeal that decision by email to Admissions (admissions@shsu.edu).

Appeals Process

An applicant who has been denied admission may appeal that decision by email to Admissions (admissions@shsu.edu).

Registration

- Registration Requirements
- Academic Advisement for Registration
- Core Mathematics Enrollment
- Texas Success Initiative (TSI)
- Registration
- Class Schedule Changes
- Resignations
- Courses at SHSU - The Woodlands Center
- Name Change
- Correct Addresses
- Classification of Students
- Auditing a Course
- Transcripts

Registration Requirements

Information concerning registration may be obtained from the Academic Calendar (<https://www.shsu.edu/dept/registrar/calendars/academic-calendar.html>) provided in this publication, the Student Advising Center (SAM Center) (<https://www.shsu.edu/centers/sam-center/>), or from the Registrar's Office (<https://www.shsu.edu/dept/registrar/students/registration/>).

Academic Advisement for Registration

Sam Houston State University offers advisement throughout the year at the Student Advising Center (SAM Center). (<https://www.shsu.edu/centers/sam-center/>)

Students are placed under a degree and major based on the selection at the time of application to SHSU. A student has the option of meeting the academic requirements for any degree as outlined in the catalog at the time of admission. In addition, a later catalog may be selected provided the requirements are met no later than six years from the effective date of that catalog. The student is responsible for knowledge of the detailed requirements of the degree program, including any special requirements of the major and/or minor department. Students must speak to their advisor in order to make a change to their major. Academic department approval is required for all change of majors.

Mandatory advisement is required for some students prior to registering for courses. See the SAM Center (<http://www.shsu.edu/centers/sam-center/do-i-need-advising/>) to determine if advisement is required.

Core Mathematics Enrollment

Current research on best practices in higher education indicates that students perform better at challenging subjects when they are immersed in the learning of the material with minimal interruption. To ensure students are more successful in the general education mathematics courses, and remain on track to graduate in four years, SHSU encourages students to complete their mathematics requirement in Component Area II of the Core Curriculum within their first two semesters.

TSI Request Form and Exemptions

Submitting TSIA2 (TSI Assessment Version 2) Scores

If you have previous TSIA2 scores, you will need to submit the TSI Score Request Form (<https://forms.shsu.edu/PerfectForms/PresentationServer/Form.aspx/Play/vmBAGgYi/?f=vmBAGgYi>) to provide to Sam Houston State University with written permission to download and access your TSI Assessment results.

- Our office may be unable to locate your TSI Assessment scores if the details you provide on the form do not match the information you provided to the testing center where you completed the TSI Assessment.
- Please allow up to two business days for your TSI Assessment scores to be updated within your SHSU student record.

Exemptions

You may already be exempt (<https://www.shsu.edu/dept/registrar/texas-success-initiative/exempt.html>) from taking the TSI Assessment based on your standardized testing scores or other criteria.

TSI Requirements

Taking the TSIA2 Exam

If you are not exempt, you must complete three steps in order to meet TSI requirements:

- Step 1: Take the Pre-Assessment Activity (<https://www.shsu.edu/dept/registrar/texas-success-initiative/testing.html>).
- Step 2: Send the Pre-Assessment Activity certificate of completion to TSI@shsu.edu.
- Step 3: Take the TSI Assessment on-campus at the SHSU Testing Center (<https://www.shsu.edu/centers/testing-center/>) or remotely by using the Remote Test Application (https://secure.touchnet.com/C21329_ustores/web/store_main.jsp?STOREID=160).

TSI Placement

If you DO NOT receive a college ready classification score from the TSIA2, you must follow a developmental education plan.

The **Reading** and **Writing** sections of the previous version of the TSI Assessment have been renamed and combined into one section titled "**English Language Arts and Reading**" for the TSIA2.

Math

Score Range: 950 or higher

Placement: College Level Ready

Score Range: 900-949 and a Diagnostic Score of 6

Placement: College Level Ready

Score Range: 900-949 and a Diagnostic Score of 1-5

Placement: Corequisite Required

MATH 1314 & MATH N014 or

MATH 1324 & MATH N024 or

MATH 1332 & MATH N032 or

MATH 1342 & MATH N042 or

MATH 1384 & MATH N084

English Language Arts and Reading (ELAR)

Score Range: 945 or higher and Essay Score of 5 or higher

Placement: College Level Ready

Score Range: 900-944 and an Essay Score of 5 or higher and Diagnostic Score of 5 or higher

Placement: College Level Ready

Score Range: 900-944 and Essay Score of 1-4 and Diagnostic Score of 1-4

Placement: Corequisite Required

ENGL 1301 and INRW 0014

Developmental Education Policies (<https://www.shsu.edu/dept/registrar/texas-success-initiative/policies.html>)

Retesting - Things You Need to Know! (<https://www.shsu.edu/dept/registrar/texas-success-initiative/retesting.html>)

Additional Resources (<https://www.shsu.edu/dept/registrar/texas-success-initiative/resources.html>)

Visit the TSI Success Initiative (TSI) (<https://www.shsu.edu/dept/registrar/texas-success-initiative/>) website for additional information

Registration

Once accepted and advised at SH, students may register for classes during the scheduled registration periods (<https://www.shsu.edu/dept/registrar/calendars/advance-registration.html>). See the Registrar's website (<https://www.shsu.edu/dept/registrar/students/registration/how-to.html>) for instructions regarding registration.

Online courses incur an additional fee per credit hour. See the Additional Fees section on the Cashier's site (<https://www.shsu.edu/dept/cashiers/resident-traditional-tuition-fees/>).

To register in a mini-session, an overall SH grade point average of 2.50 is required.

Maximum registration hours allowed per term:

UG – 19 hours (fall/spring term) and 14 hours (summer term)

GR – 12 hours (fall/spring/summer terms)

Some students may have a minimum hour requirement (i.e. international students and student-athletes)

Class Schedule Changes

What should students consider when adding or dropping courses?

- Adding or dropping courses can impact financial aid. Students receiving financial aid and/or scholarships are encouraged to visit with a financial aid representative prior to adding or dropping courses.
- Adding or dropping courses can impact time to completion. Students should meet with their academic advisor to discuss potential impacts.
- Beginning with the first class day of each term, added courses will result in tuition and fee charges to be paid by 4:00 pm on the date the course(s) are added.
- A student is allowed no more than 6 Q-drops during their combined career at all Texas public colleges and universities.
- A student, under specific conditions, may be charged a higher tuition rate for excessive undergraduate hours. Please reference Tuition for Excessive Undergraduate Hours (<https://www.shsu.edu/dept/registrar/students/registration/excessive-hours-or-taken-more-than-twice.html>) from the Registrar's website.
- International students must make changes through the Global Engagement Center (<https://www.shsu.edu/dept/global-engagement/>).

When can students change their schedules?

- Students may add courses through the 8th class day for fall or spring terms and the 2nd class day for summer terms. For registration times, please refer to Registration Dates (<https://www.shsu.edu/dept/registrar/students/registration/registration-open-close-dates.html>) and the Academic Calendar (<https://www.shsu.edu/dept/registrar/calendars/academic-calendar.html>).

Resignations

A resignation is a withdrawal from all courses and becomes effective on the date it is received by the Registrar's Office. This is the date that is used for determining any refund. The student is responsible for clearing all debts owed to the university before any potential refund is issued.

A resignation will not be allowed if a grade has been earned or a final has been taken.

Students who fail to officially resign from the university will receive a grade of "F" for each course in which they are enrolled. If you are enrolled in only one class, you must resign. To learn more about the University's policy on student resignations, view the Student Resignation Policy (<https://www.shsu.edu/dept/registrar/students/registration/documents/990407+Student+Resignations+academic+affairs+policy.pdf>).

If you are a financial aid student and resign, you may be responsible for the repayment of certain types of financial aid received during the term. For more information, view the Return of Title IV Funds Policy (https://www.shsu.edu/~fao_www/documents/ReturnofTitleIVFundsPolicy12-11-12.pdf). Also, review the Satisfactory Academic Progress Policy (<https://www.shsu.edu/dept/financial-aid/policies-disclosures/SAP.pdf>) to better understand how this could impact your future aid eligibility.

NOTE:

- A resignation will withdraw a student from all registered courses in the entire term. A student cannot resign from a part of term if another part of term has been completed. Ex. If a student completes Summer I and is registered for Summer II, they will not be able to resign from Summer II.
- If this is your first semester attending SHSU and you are resigning prior to the Census Day (12th Class day for Fall or Spring/4th Class day for Summer I & II), a new admissions application and non-refundable application fee through ApplyTexas.org are required. If you have any questions, please, contact the Office of Admissions at 936-294-1828 or Admissions. (admissions@shsu.edu)
- If a year or more has passed from the term of resignation, a new admissions application will be required. If you have any questions, please, contact the Office of Admissions at 936-294-1828 or Admissions (admissions@shsu.edu).
- Students who resign after the twelfth class day of a fall/spring term receive a mark of W (withdrew) for each course for which they were enrolled. Students registered in courses meeting less than 15 weeks, please, refer to the resignation refund schedule. If a student has received a grade in any course for that term, he/she is ineligible to resign.
- International students must be advised by the International Student Advisor before resigning.

Students considering resigning in the current term should review the Resignation Information page (<https://www.shsu.edu/dept/registrar/students/registration/resignation-information.html>).

Courses at SH - The Woodlands Center

Courses completed at this location will incur an additional fee and carry residence credit. For more information visit the SH - The Woodlands Center (<https://www.shsu.edu/academics/woodlands-center/>) (<http://www.shsu.edu/academics/woodlands-center/>) website.

Name Change

Appropriate documentation substantiating a legal name change for a student must be submitted to the Registrar's Office. All transcripts are issued under the student's legal name as recorded on the student's academic record. The Request for Change of Name form can be found on the Registrar's

website (<https://www.shsu.edu/dept/registrar/forms-and-documents/forms-and-documents.html#faculty>) under Student Resources – Forms and Documents.

Correct Addresses

It is necessary to have a correct residency address on file with the University. Students who change addresses after completing registration should immediately update their addresses by logging in to My Sam. (Campus Resources -> Banner Self-Service-> Personal Information -> Update Addresses and Phones)

Official University e-mail correspondence will be sent to the assigned SHSU e-mail address. The University assumes no obligation for failure of a student to receive communications.

International students must contact the Global Engagement Center. (<https://www.shsu.edu/dept/global-engagement/>)

Classification of Students

- Freshman: 1-29 hours completed
- Sophomore: 30-59 hours completed
- Junior: 60-89 hours completed
- Senior: 90 hours or more completed

College credit hours earned at Sam Houston State University and hours accepted in transfer from other institutions will count toward the student's classification.

Credit awarded by examination and hours earned with the grade of CR are counted in determining classification but are not included in determining the grade point average.

Hours earned in developmental courses are not counted toward the student's classification.

Auditing a Course

A student auditing a course may attend lectures and other class meetings, take part in class discussions, and receive written confirmation of attendance. The student will not receive evaluations of participation and will not be allowed to submit assignments or take examinations and tests, except with special and expressed permission of the instructor.

An individual must receive prior approval from the appropriate department chair or the instructor involved in order to audit a course. Neither the instructor nor the University assumes responsibility for the academic progress of any person auditing a course. The audit fee for each course is \$50; students 65 years of age or older may be exempt from paying the audit fee with an approved Senior Citizen waiver (<https://www.shsu.edu/dept/registrar/forms-and-documents/forms-and-documents.html>). Faculty-led study abroad courses may not be audited.

Instructions and a copy of the Audit Form can be found on the Registrar's Website (<https://www.shsu.edu/dept/registrar/students/registration/audit.html>). Audit Forms are accepted the 2nd-12th class days during fall/spring/full summer (10wk) terms and the 2nd-4th class days during summer I & II terms. A request to audit a course will not be accepted if there are no seats available in the course at the time the form is processed by the Registrar's Office.

An individual auditing a course:

- Is encouraged to attend all lectures and obtain the maximum educational benefit from the information presented
- Is not permitted to take tests or examinations in the course being audited
- Is authorized to receive a courtesy library card permitting use of the Newton Gresham Library for the duration of the course audit
- Is not authorized to be issued an SH Student Identification Card unless also enrolled as a regular student at SH
- Is not authorized to use SH medical, athletic, or recreational facilities unless also enrolled as a regular student at SH
- Will not receive record of course audit (i.e. the course will not appear on a transcript), and no record of the audit will be kept in the Registrar's Office

Transcripts

Options to order transcripts can be found on the Student Transcripts (<https://www.shsu.edu/dept/registrar/transcripts-and-student-records/transcripts.html>) website. Official transcripts will not be released for students with financial indebtedness/outstanding balance(s) due to the University.

- Academic Grievance Procedure for Students
- Graduation

Undergraduate Degree Requirements

- Undergraduate Degree Requirements
- University Academic Policy Manual and Student Guidelines

Undergraduate Degree Requirements (General)

All degrees contain the following MINIMUM requirements:

Total Hours. A minimum of 120 hours total (developmental courses not included) is required of each degree. Some degree programs may require additional hours above the 120 minimum.

Advanced Hours. (3000-4000 level courses) 42 semester hours of advanced work must be completed for a degree. Courses taken from a community college do not transfer for advanced credit.

Minimum Residence - All college level courses completed at SHSU are considered "in residence" including when taken at SHSU - The Woodlands Center, as an online course, or at any pre-approved off-campus sites (example: Student Teaching courses completed at a pre-approved school district).

Note: Courses previously completed through correspondence are NOT considered "in residence" hours. Developmental courses are not considered college level hours for the completion of the degree.

Required hours completed "in residence" for an undergraduate degree:

- At least 25% of the credit hours required by the degree (example: 30 semester credit hours for a 120 credit hour program) of which 24 semester credit hours must be advanced (3000 or 4000 level)
- 12 semester credit hours (SCH) of advanced (3000 or 4000 level) coursework within each major field of study
- 6 semester credit hours (SCH) of advanced (3000 or 4000 level) coursework within each minor field of study (if applicable)

Note: Previously completed correspondence courses DO NOT satisfy residency requirements

Grade Point Average (GPA) - Degree Requirements

A minimum 2.00 GPA is required in the following:

- SHSU GPA
- Overall GPA (SHSU coursework and transfer coursework. This is considered the cumulative grade point average.)
- SHSU Major GPA (some programs may require a higher GPA)
- Overall Major GPA (SHSU coursework and transfer coursework)

- SHSU Minor GPA (some minors may require a higher GPA)
- Overall Minor GPA (SHSU coursework and transfer coursework)

Academic Credit and Institutional GPA

- Academic credit for additional major or minor coursework shall be applicable to institutional grade point average in order to achieve minimum required grade point averages for graduation purposes. Academic credit for additional major and minor coursework beyond course requirements as notes on a student's degree plan may be used for institutional grade point average purposes and does not increase the total required hours for the degree program.

Degree Works/Degree Plan

The specific degree course requirements will be listed in the student's degree plan. A degree plan outlines academic requirements for successful completion of a specific degree. Students are encouraged to use the Student Advising & Mentoring (SAM Center) (<https://www.shsu.edu/centers/sam-center/>) for advice on degree plans. Students may view their degree plan via My Sam (<https://mysam.shsu.edu>) using DegreeWorks located under the Student Tab.

The Notes in Degree Works contain important information placed by either academic advisors, Registrar's Office, or academic departmental staff, including academic deans. Students should review the Notes in Degree Works regularly.

The university provides advisors through the Student Advising & Mentoring (Sam Center) (<https://www.shsu.edu/centers/sam-center/>) to assist students with registration to ensure appropriate progress toward completion of degree requirements. However, the student bears sole responsibility for assuring that all degree requirements are fulfilled.

Students are placed under a degree and major based on the selection at the time of application to SHSU. Through an advisement session at the Student Advising & Mentoring (Sam Center) (<https://www.shsu.edu/centers/sam-center/>), a student has the option of changing their degree, major, minor, or adding an approved concentration. In addition, a later catalog may be selected provided the requirements are met not later than six years from the effective date of the selected catalog. Students are responsible for knowledge of the detailed requirements of the degree plan, including any special requirements of the major and/or minor department. Some academic departments may require approval of the change of major.

Please, visit the Student Advising & Mentoring (Sam Center) (<https://www.shsu.edu/centers/sam-center/>) website for contact information to make an appointment with an academic advisor.

Second Degree

Any student with a completed baccalaureate degree from SHSU or any other regionally accredited institution may earn a second baccalaureate degree differing in basic academic subject area and concentration from the first degree earned by completing the following requirements:

- A minimum of an additional 30 semester credit hours in residence above the total hours required for the first degree, of which 24 must be advanced hours
- Any additional requirements of the department and college approving the respective degree plan
- Any additional University requirements associated with the second degree sought
- Completing two majors under the same baccalaureate program in the same term, does not constitute a second degree
- With academic chair and dean approval, a student might be permitted to pursue a second degree with a major in the same discipline as a previously awarded minor

University Academic Policy Manual and Student Guidelines

Sam Houston State University's *Academic Policy Manual* and Student Complaints and Grievance Procedures (<https://www.shsu.edu/dept/academic-affairs/grievances.html>) (<https://www.shsu.edu/dept/dean-of-students/guidelines/student-guidelines/>) provide specific information pertaining to the educational procedures of the University and student conduct. Copies of these publications may be viewed at the Reference Desk in the Newton Gresham Library (<https://library.shsu.edu/>) or online.

Core Curriculum

The Core Curriculum at Sam Houston State University contains 42 semester credit hours, encompassing nine component areas. Each component area has a minimum credit hour requirement and a set of specific courses that may be used to satisfy the requirement. The chart below details the Sam Houston State University courses and their Texas Common Course Number (TCCN) equivalents that comprise SHSU's core curriculum.

Core Curriculum

Component Area I: Communication

Course Number	TCCN (if applicable)
Component Area I: Communication	6 Hours Required
ENGL 1301	ENGL 1301
ENGL 1302	ENGL 1302

Component Area II: Mathematics

Course Number	TCCN (if applicable)
Component Area II: Mathematics	3 Hours Required
MATH 1314	MATH 2312
MATH 1316	MATH 1316
MATH 1324	MATH 1324
MATH 1332	MATH 1332
MATH 1342	MATH 1342
MATH 1384	MATH 1350
MATH 1410	
MATH 1420	MATH 2413
PHIL 2352 ¹	

¹ Students with a documented learning disability and Department of Mathematics approval may use PHIL 2352 (Introduction to Contemporary Logic) to satisfy Component Area II: Mathematics.

Component Area III: Life and Physical Science

Course Number	TCCN (if applicable)
Component Area III: Life and Physical Science	8 Hours Required
BIOL 1401	
BIOL 1406 (New Fall 2024)	BIOL 1406

Scholastic Requirements

- Grades and Grade Points
- Determining Grade Point Average (GPA)
- Class Attendance
- Student Absences on Religious Holy Days
- Final Examinations
- Dean's List of Academic Honors
- President's Honor Roll

Grades and Grade Points

Sam Houston State University's grade system consists of five grades:

Grade	Description	Grade Points Per Semester Hours
A	Excellent	4
B	Above average	3
C	Average	2
D	Passing (not necessarily satisfying degree requirements)	1
F	Failure	0

Note: All of the above grades will be used in grade point average (GPA) calculations.

The following marks are assigned but are **not** used in the grade point average calculations:

X (Incomplete)

The mark X indicates the student has not been able to complete the course because of emergency circumstances beyond the student's control. Refer to the Registrar's website (<https://www.shsu.edu/dept/registrar/faculty-and-staff/Registrar+X+to+F+Process.pdf>) for explanation of X grade process.

The X mark is a temporary grade placeholder used under the following circumstance and with the following stipulations:

- Permission to award the grade of X is granted by the academic chair of the course discipline and with the recommendation of the instructor when emergency circumstances outside of the student's control prevented the student from being able to complete the assignments and exams for the class.
- It is expected the student will complete course assignments and any remaining exams without further instruction or tutoring from the instructor assigned to the course.
- A grade change must be submitted to the Registrar by the grade deadline of the next long term, otherwise, the mark of X will automatically change to a grade of F. Only the instructor of the course may initiate the grade change. (Grade Change Forms are not accepted in the Registrar's Office when delivered by a student or a student worker.)
- A grade of X will not remain on the student record indefinitely or beyond the next long term.
- Academic standing will be re-calculated with the submitted grade change or with the change to F. This may result in Academic Probation or Suspension and the loss of future term course registration.

MG (Missing Grade)

Assigned to courses for which a final grade was not reported by the instructor at the end of a term. Students should pursue the posting of the grade with their advisor. The MG mark is a temporary placeholder with the following stipulations:

- A grade change must be submitted to the Registrar by the grade deadline of the upcoming fall or spring term (whichever applies). Only the instructor of the course may initiate the grade change. (Grade Change Forms are not accepted in the Registrar's Office when delivered by a student or a student worker.)
- A grade of MG will not remain on the student record indefinitely or beyond the next fall or spring term (whichever applies).
- Academic standing will be re-calculated with the submitted grade change and may result in Academic Probation or Suspension and the loss of future term course registration.

IP (In Progress)

Assigned to thesis and other selected courses designed to require additional time to complete course requirements. Refer to the Registrar's website (<https://www.shsu.edu/dept/registrar/faculty-and-staff/Registrar+X+to+F+Process.pdf>) for explanation of IP grade process.

CR (Credit)

Designates that academic credit was earned for the course. Hours earned with the mark of CR are counted in determining classification but are not used to calculate GPA.

NC (Non-Credit)

Assigned for failure to complete satisfactorily the requirements for selected courses. NC is not used to calculate GPA.

Q (Q-drop)

The mark of Q is assigned to courses dropped from the 13th class day for a fall or spring term or from the 5th class day for a summer session, through the Q-drop deadline as indicated on the Academic Calendar (<https://www.shsu.edu/dept/registrar/calendars/academic-calendar.html>), but prior to any final exams being taken or course completion. Courses with the mark of Q will not be included in the calculation of term or overall grade point averages. Parts of terms within a term (such as 7 1/2 week courses) will use a different class census date unique to the part of term to determine when a Q will be assigned.

Students are allowed no more than 6 Q-drops during their combined career at all Texas public colleges and universities. Any Q-drops accumulated prior to Fall 2007 (<https://capitol.texas.gov/tlodocs/80R/billtext/html/SB01231F.HTM>) will not be included in the calculation. Students are encouraged to visit their academic advisor and financial aid counselor prior to dropping a course.

Courses with the mark of Q are considered hours attempted when calculating excessive hours (<https://www.shsu.edu/dept/registrar/students/registration/excessive-hours-or-taken-more-than-twice.html>) as mandated by the state and when calculating excessive hours for the purpose of tuition rebate (<https://www.shsu.edu/dept/registrar/forms-and-documents/documents/students/Tuition+Rebate+Form.pdf>) at the point of graduation.

W (Withdraw)

Students who resign after the 12th class day of a fall/spring term receive a mark of W (withdrawn) for each course for which they were enrolled. If a student has received a grade in any course for that term, including a part of term within the term, they are ineligible to resign. An example would be a student who completes a course within the Summer I session would not be eligible to resign from the Summer II session but would need to meet the deadline to drop the course in the Summer II session.

Courses with the mark of W are considered hours attempted when calculating excessive hours as mandated by the state and when calculating excessive hours for the purpose of tuition rebate (<https://www.shsu.edu/dept/registrar/forms-and-documents/documents/students/Tuition+Rebate+Form.pdf>) at the point of graduation.

* (Developmental Course Designation)

Assigned to developmental courses which are assigned a letter grade with the asterisk (*) symbol.

Note: Class days are University class days (Monday through Friday), not the number of days an individual class meets. Class days are to be counted from the first class meeting of on-campus daytime courses as indicated in the Academic Calendar.

Determining Grade Point Average (GPA)

The grade point average is calculated by dividing the **quality points earned** by the **total GPA hours attempted toward the degree**. The total GPA hours attempted toward the degree will not include developmental courses and courses assigned a CR (credit) or NC (non-credit) mark. The grade point average is carried out two decimals (2.00) and is not rounded. Courses receiving the marks of IP, X or MG are not used in the hours calculating the term GPA until such time that the marks are reported with letter grades of A, B, C, D, F. The change of X or MG grade to A/B/C/D/F will affect the term academic standing which will be reviewed with the change of grade process. Developmental courses are currently assigned the grades of CR*/NC* and do not apply to the calculated grade point average nor as credits toward degree completion. Historic developmental courses were assigned grades of A*, B*, C*, D*, F* and were not used in the calculation of grade point average nor as credits toward degree completion.

Quality points earned are determined by multiplying the number of hours assigned to the course by the number assigned to the grade for that course.

For example, the number of quality points for a three-hour course for which a B is earned is nine, i.e. $3 \times 3 = 9$. If there are any questions about how grade point averages are determined, please consult with an academic advisor (<https://www.shsu.edu/centers/sam-center/>).

Quality points are computed for a given term on the basis of term hours attempted. A course attempted, for grade point average purposes, is defined as one in which the student receives a grade of A, B, C, D, or F, excluding developmental courses.

For grade point average purposes, the number of GPA hours attempted increases each time a student is assigned a letter grade (A, B, C, D, F) for a course with the following exception: Courses marked with "E" on a students transcript indicate "exclude" and are not calculated into the grade point average.

A student receiving a grade believed to be in error after the grade is reported should request a review of this grade upon receipt. The review of the grade should initiate with the instructor for the course. Please refer to the Student Complaints and Grievance Procedures (<https://www.shsu.edu/dept/academic-affairs/grievances.html>).

Repeating Courses Previously Attempted

Careful consideration should be given to the grade point average when deciding to repeat a course.

- An "I" for include is noted on the transcript record for the course with the highest grade which is calculated into the grade point average.
- An "E" for exclude is noted on the transcript record for the course with the lower grade earned which will not be calculated into the grade point average.

A course repeated at a transfer institution where the highest grade is earned would require a recalculation of the grade point average and total hours completed at Sam Houston State and could affect degree requirements. See an academic advisor to have your transcript record and degree plan reviewed.

Repeating a course previously passed (i.e., a course with any grade other than F or NC) more than once may result in the repeated course not being eligible for financial aid. A student may repeat a previously passed course that counts toward the degree only one time for the repeated course to be financial aid eligible. Second and subsequent repeats of previously passed courses may not be financial aid eligible and are subject to a financial aid review. Courses designated as repeatable for credit by the academic department will be financial aid eligible when the degree plan requirements call for multiple enrollments.

Repeated courses are considered hours attempted when calculating "excessive hours" as mandated by the state and when calculating "excessive hours" for the purpose of Tuition Rebate at the point of graduation.

Class Attendance

1. Regular and punctual class attendance is expected of each student at Sam Houston State University.
2. Each faculty member shall inform students of their course attendance policy at the initial class meeting and include this information in the course syllabus.
3. Students are expected to meet the faculty member's attendance requirements for the course.
4. Each faculty member is expected to monitor course enrollment and class attendance.
5. A student's failure to meet the course attendance requirements may lower their grade(s), including the final course grade.
6. Each faculty member shall inform students of their policies for accepting late work or providing makeup examinations and include this information in the course syllabus.
7. Students are expected to show appropriate cause for missing or delaying major assignments or examinations.
8. Making up missed work for an absence may be allowed or declined at the discretion of the faculty member.

Student Absences on Religious Holy Days

Section 51.911(b) of the Texas Education Code requires that an institution of higher education excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student who is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence.

Final Examinations

Final examinations are not given before the designated time in the official examination schedule (<https://www.shsu.edu/dept/registrar/calendars/final-exam-schedules.html>). A student is not permitted to take a final examination before all other work for the course is completed. The final exam schedule for any current term may be located on the Registrar's website (<https://www.shsu.edu/dept/registrar/calendars/final-exam-schedules.html>).

Dean's List of Academic Honors

Undergraduate students who attain a grade point average of 3.5 or higher, with no grade of F, for all courses attempted while earning not less than twelve semester credit hours of academic coursework during the fall or spring term are included on the Dean's List of Academic Honors. The Dean's List is released at the close of each long term. The Dean's List is posted to the Registrar's website. (The twelve semester credit hours of academic course work **may not** include developmental hours. Developmental hours completed above the twelve academic hours will require the grade of A or B in order to have a student qualify for Dean's list.) The Dean's List is not provided for summer terms.

The requirements to be listed on the Dean's List of Academic Honors are:

- 3.5 GPA for the term inclusive of all courses attempted in the term regardless of repeated courses
- Minimum of 12 completed academic hours (developmental hours will not count toward the 12 academic hours completed)
- Developmental Courses must earn a grade of either A* or B* (Students earning grade lower than B* in any developmental courses taken within the term will not qualify for the Dean's List)

What can prevent a student from being listed on the published online Dean's List?

- Grades of IP, X or MG within the term
- Student has elected to opt-out of FERPA directory information

- Grade changes processed after the Dean's List is published
- Graduate, certificate seeking, and professional level students are not eligible for the Dean's List of Academic Honors

As of Fall 2011, a "Dean's List" notation is designated on the official transcript for undergraduate students.

President's Honor Roll

Undergraduate students who achieve a grade point average of 4.0 in all coursework attempted while earning not less than twelve semester credit hours of academic coursework during the fall or spring term attain the distinction of being included on the President's Honor Roll. The President's Honor Roll is released at the conclusion of each long term. (The twelve semester credit hours of academic course work may not include developmental hours. Developmental hours completed above the twelve academic hours will require the grade of A in order to have a student qualify for President's list.)

The requirements to be listed on the President's Honor Roll are:

- 4.0 GPA for the term inclusive of all courses attempted in the term regardless of repeated courses
- All course grades recorded within the term must have earned the grade of A
- Minimum of 12 completed academic hours (developmental hours will not count toward the 12 academic hours completed)
- Grade of A* must be earned in any developmental courses taken within the term

What can prevent a student from being listed on the published online President's List?

- Grades of IP, X or MG within the term
- Student has elected to opt-out of FERPA directory information
- Grade changes processed after the President's List is published
- Graduate, certificate seeking, and professional level students are not eligible for the President's Honor Roll

As of Fall 2011, a "President's List" notation is designated on the official transcript for undergraduate students.

Academic Standing

- Academic Good Standing for Undergraduate Students
- Academic Probation for Undergraduate Students
- Academic Suspension for Undergraduate Students
- Academic Grievance Procedures for Students

Academic Good Standing for Undergraduate Students

Students in academic good standing have a Sam Houston State University (SHSU) grade point average of at least 2.0.

Academic Probation for Undergraduate Students

An undergraduate student who falls below the minimum 2.0 SHSU overall grade point average at the close of any term will be placed on probation. Students on probation are required to meet with an academic advisor in order to remain registered in the subsequent term.

If an enrolled student on probation achieves a current term GPA of 2.0 or higher but fails to achieve a minimum 2.0 SHSU grade point average at the close of the next semester or summer semester following the start of the probation, the student will be placed on continued probation. If an enrolled student on probation or continued probation fails to achieve a current term GPA of 2.0 or higher at the close of the next semester or summer semester following the start of the probation or continued probation, the student will be suspended. Refer to Academic Policy Statement 910312 (https://www.shsu.edu/academics/science-and-engineering-technology/documents/910312%20Academic%20Probation%20and%20Suspension_2022.pdf) for more details.

Academic Suspension for Undergraduate Students

Students whose SHSU overall grade point average falls below a 2.0 GPA in the term following the probation standing will be suspended academically.

Academically suspended students are required to be approved for readmission by the academic dean of the college to which the student will enroll at the time of their readmission. The petition for readmission must be made in writing and the student must be re-advised for registration. Refer to Academic Policy Statement 910312 (https://www.shsu.edu/academics/science-and-engineering-technology/documents/910312%20Academic%20Probation%20and%20Suspension_2022.pdf) for more details.

International students placed on academic suspension should report to the International Student Advisor in the G (<https://www.shsu.edu/dept/international-programs/>) Global Engagement Center (https://www.shsu.edu/academics/science-and-engineering-technology/documents/910312%20Academic%20Probation%20and%20Suspension_2022.pdf).

Academic Grievance Procedures for Students

Academic grievances include disputes over academic standards, course grades, unauthorized class absences or tardiness, suspension from the University for Academic Deficiency, and/or alleged unprofessional conduct by a course instructor. A copy of Academic Policy Statement 900823, (<https://www.shsu.edu/dept/academic-affairs/documents/aps/students/900823%20Academic%20Grievance%20Procedures%20for%20Students.pdf>) Academic Grievance Procedures for Students, can be obtained from the office of the student's academic dean, departmental chair, or the Newton Gresham Library.

Graduation

- Application for Graduation
- Graduation Application Deadlines
- Graduation Application Fee
- Transferring Courses in Term of Graduation
- Tuition Rebate for Undergraduates
- Graduation with Special Recognition
- Graduation with Academic Distinction
- Pursuit of Graduate Studies

Application for Graduation

Students must submit their online application for graduation in the term of degree completion. Degree candidates enrolled in all coursework required to complete the degree who also meet the required major, minor, and overall grade point averages are permitted to participate in the graduation ceremony. The application for graduation is required for degree awarding within a term and must be submitted by the pre-set graduation application deadlines from the Academic Calendar (<https://www.shsu.edu/dept/registrar/calendars/academic-calendar.html>). (See graduation application deadlines section below.)

Students who fail to submit the application for graduation to the Registrar's Office within the term of degree completion may submit an application for graduation for a subsequent term. For these students, the degree will be awarded pending the completion of all degree requirements.

Graduation Application Deadlines

- Students graduating in either a fall or spring term must submit the application for graduation prior to the 12th class day of their graduating semester.
- Students graduating in summer must submit the application for graduation prior to the 4th class day of summer session one. The exact application deadline dates for current terms are available in the Academic Calendar (<https://www.shsu.edu/dept/registrar/calendars/academic-calendar.html>).

Graduation Application Fee

The graduation application fee must be paid at the time of application. A student filing a graduation application after the published deadline will be assessed a late fee. The graduation application fees listed below are subject to change. **Please, be sure to visit the Office of the Registrar (<https://www.shsu.edu/dept/registrar/>) for the most up-to-date fees.**

- The fee for students who apply by the published deadline is \$50.00.
- The fee for students who apply after the published deadline is \$80.00.

Applications for graduation must be received prior to the graduation ceremony to have a degree awarded within that term. The application fee does not roll forward to future terms; re-application and payment of the fee will be required again for students who do not meet degree requirements in the term of graduation application.

Transferring Courses in Term of Graduation

Completing final degree required courses at a transfer institution in the term of expected graduation is highly discouraged. The SH final grade deadline may not align with other institutions. **Regardless, the SH final grade deadline must be adhered to, to have a degree awarded. No exceptions will be made.**

The Registrar's Office requires:

- The Notification of Transfer Course form must be submitted at the time of graduation application. Email the Graduation team within the Registrar's Office (Graduation (Graduationteam@shsu.edu)) to request the required form.

The Admissions Office requires:

- An official transfer transcript, including any final course grades, must be submitted to the Admissions Office by the SH grade deadline, as published in the Academic Calendar, (<https://www.shsu.edu/dept/registrar/calendars/academic-calendar.html>) to articulate the coursework to the

SH academic record. The student should notify the Admissions Office (<https://www.shsu.edu/admissions/>) and the Graduation Team (Graduationteam@shsu.edu) in the Registrar's Office upon submission of the transfer transcript.

Warning: Transfer grades not arriving by the final grade deadline date for a degree candidate will result in no degree awarded. Student will be required to re-apply for graduation and pay the application fee for the next term. Degrees are not awarded for students without an application for graduation on file with the Registrar within the term of degree completion.

Tuition Rebate for Undergraduates

A tuition rebate program was created by Senate Bill 1907, 75th Texas Legislature. The Texas Education Code §54.0065 (<http://www.statutes.legis.state.tx.us/Docs/ED/htm/ED.54.htm#540065>) authorizes qualified undergraduate students receive up to \$1,000 in tuition rebate upon completion of an undergraduate baccalaureate degree.

The purpose of this program is to provide tuition rebates that will provide a financial incentive for students to prepare for university studies while completing their high school work, avail themselves of academic counseling, make early career decisions, and complete their baccalaureate studies with as few extraneous courses as possible, minimizing the number of courses taken by students results in financial savings to students, parents, and the state. To remain on track to earn the rebate at Sam Houston State University, it is important to meet and follow course completion advisement from an academic advisor in the Sam Center (<https://www.shsu.edu/centers/sam-center/>). Repeated and Q-dropped course hours are calculated as attempted hours and could negatively affect the awarding of the tuition rebate.

Students are required to apply for the rebate during the term in which the student plans to graduate. The Tuition Rebate Application (<https://www.shsu.edu/dept/registrar/forms-and-documents/forms-and-documents.html>) is available online.

Graduation with Special Recognition

Undergraduate students who achieve exceptional academic performance are honored with special recognition during their graduation ceremony. Graduates who have achieved undergraduate academic excellence at the University receive a gold cord at graduation to reflect this achievement. The gold cord indicates one of the following academic achievements: Summa Cum Laude, Magna Cum Laude, Cum Laude.

Degrees conferred Cum Laude, Magna Cum Laude, and Summa Cum Laude reflect an outstanding grade point average with a minimum of 30 semester credit hours earned in residence at Sam Houston State University, with no fewer than 24 hours being advanced course work. To qualify for these honors, students must meet the GPA requirements in both the SHSU **and** overall (transfer and SHSU combined) GPA. The distinction and corresponding grade point averages are:

- Cum Laude—3.50 to 3.66
- Magna Cum Laude—3.67 to 3.85
- Summa Cum Laude—3.86 to 4.00

The Academic Distinction Program is an individualized learning experience available to outstanding students at Sam Houston State University within each department. An Academic Distinction Program project provides qualified students with a comprehensive introduction to meaningful research under the guidance of a designated faculty advisor. (See Academic Distinction Program)

Participation in the Honors Program at Sam Houston State University is based on a competitive selection process, and provides outstanding academic opportunities, and distinct undergraduate college experiences. Upon successful completion of the Honors Program (24 semester credit hours of Honors courses including two special seminars), the student's academic transcript will indicate graduation "With Honors," and the student may wear an Honors medallion provided by the Honors College with their academic regalia. To be designated as having graduated "With Highest Honors," the student must also successfully complete a special senior project involving original research and/or an effort of creative expression.

Note: Grades earned in prior correspondence courses completed are not used in determining the grade point averages for the graduation Latin honors of Cum Laude, Magna Cum Laude, or Summa Cum Laude.

Graduation with Academic Distinction

An enriched program is offered to superior students at Sam Houston State University, culminating in the student receiving a diploma designating that the degree is being conferred "With Academic Distinction" in a field of specialization. The program consists of six credit hours of individual work on a project under the guidance of a designated faculty member. To qualify for Academic Distinction, the student must enroll for six semester credit hours in a department Academic Distinction program, and the student must have the following qualifications:

1. be of junior standing (60 semester credit hours or more) or written approval from the chair of the major department or the discipline in which academic distinction is sought
2. have a Sam Houston State University grade point average of not less than 3.25
3. have a grade point average of at least 3.5 on all courses taken in the major field
4. have the written approval of the department chair, the Dean of the Honors College, and the Academic Dean

Six additional semester credit hours for department Academic Distinction Program coursework will be completed **in addition** to the standard requirements within the major field and may **not** be taken **in lieu** of any requirements in the major field.

Pursuit of Graduate Studies

Graduate programs at Sam Houston State University provide avenues for advanced and specialized study, catering to individuals who seek to contribute meaningfully to their respective professions and academic fields.

The University offers a range of graduate programs, including both Master's and Doctoral degrees, all designed to equip students with the skills and knowledge required for professional and academic advancement.

For a comprehensive list of available graduate programs, please refer to the "Degrees Offered (<https://www.shsu.edu/home/catalog.html>)" section of the catalog. This information is also accessible via the "Prospective Graduate Students (<https://www.shsu.edu/beabearkat/graduate-journey/>)" section on the University's website. For further details on scholarships and graduate assistantships, students are advised to contact the relevant department or college administering the degree program of interest.

Transfer of Credit

The following guidelines and definitions pertain to the *Transfer Curricula and Resolution of Transfer Disputes for Lower-Division Courses* ([http://texreg.sos.state.tx.us/public/readtac\\$ext.ViewTAC/?tac_view=5&ti=19&pt=1&ch=4&sch=B&rl=Y](http://texreg.sos.state.tx.us/public/readtac$ext.ViewTAC/?tac_view=5&ti=19&pt=1&ch=4&sch=B&rl=Y)) established by the Texas Higher Education Coordinating Board.

The definitions listed below were established by the Coordinating Board and will serve as criteria to resolve disputes. The publications *Transfer of Credit Policies and Curricula of the Texas Higher Education Coordinating Board* and *Community College General Academic Course Guide Manual: A Manual of Approved General Academic Transfer Courses for State Appropriations to Texas Public Community Colleges* are the references for this issue: **The following criteria for lower-division and upper-division course credit were adopted by the Task Force to Update the Academic Course Guide Manual.**

1. Criteria for Lower-Division Course Credit

Lower-Division (Baccalaureate/Associate Degree) Courses

Courses offered in the first two years of college study are generally those which:

- Are identified by a majority of public 4-year undergraduate institutions in the state as courses intended to comprise the first two years of collegiate study.
- Stress development of disciplinary knowledge and skill at an introductory level.
- Include basic principles and verbal, mathematical, and scientific concepts associated with an academic discipline

Lower-division courses, designated as 1000- or 2000-level, taken at an institution other than a senior four-year institution do **not** satisfy the advanced hours requirement at Sam Houston State University. While these credit hours may be recorded on the student's academic record, and may satisfy a specific course requirement, they **will not** meet the **advanced** credit hour requirements. Advanced credit hours are only granted from four-year, baccalaureate-granting institutions.

2. Criteria for Upper-Division Course Credit

Upper-Division (Baccalaureate) Courses

Courses offered only in the third or fourth years of a baccalaureate program are those which:

- Are identified by a majority of public 4-year undergraduate institutions in the state as courses intended to comprise the third and fourth years of post-secondary study.
- Involve theoretical or analytical specialization beyond the introductory level.
- Require knowledge and skills provided by previous courses for successful performance by students.

Upper-division courses, designated as 3000- or 4000-level, taken at community, junior, or "two-year" colleges do **not** satisfy the advanced hours requirement at Sam Houston State University. While these credit hours may be recorded on the student's academic record, and may satisfy a specific course requirement, they **will not** meet the **advanced** credit hour requirements. Advanced credit hours are only granted from four-year, baccalaureate-granting institutions.

3. Free Transferability

Lower-division courses included in the *Academic Course Guide Manual* and specified in the definition of "Lower-Division Course Credit" shall be freely transferable to and accepted as comparable degree credit by any Texas public institution of higher education where the equivalent course is available for fulfilling baccalaureate degree requirements. It is understood that each Texas institution of higher education may have limitations that invalidate courses after a specific length of time.

For Texas community colleges, these freely transferable courses are identified in the latest revised edition of Coordinating Board publication *Lower Division Academic Course Guide Manual* (<http://www.thecb.state.tx.us/AAR/UndergraduateEd/WorkforceEd/acgm.htm>), (revised 2014). Specifically excluded are courses designated as vocational, English as a Second Language, ESL/ESOL, technical, developmental or remedial, and courses listed as "basic skills."

For senior four-year institutions, lower-division courses that have the same course content and CIP codes as approved by the Coordinating Board shall bear equivalent credit. Specifically excluded are courses designated as ESL/ESOL, technical and developmental/remedial courses.

Within the spirit of the law, it is realized that differences in interpretation of "same course content" may generate disputes. Courses taken at community, junior, or "two-year" colleges (1000-, 2000-, 3000-, or 4000-level) do **not** satisfy the advanced hours requirement at Sam Houston State University. While these credit hours may be recorded on the student's academic record, and may satisfy a specific course requirement, they **will not** meet the **advanced** credit hour requirements. Advanced credit hours are only granted from four-year, baccalaureate-granting institutions.

WECM Courses are designated by the Texas Higher Education Coordinating Board as workforce education (technical) courses offered for credit and CEUs (Continuing Education Units). While these courses are designed to transfer among state community colleges, they are not designed to automatically transfer to public four-year colleges and universities. For more information, visit Career & Technical Education/Workforce Initiatives (<http://www.thecb.state.tx.us/aar/undergraduateed/workforceed/>).

4. Field of Study Curriculum

The Field of Study Curriculum is a set of courses that generally apply toward the lower-division requirements for a baccalaureate degree in a specific academic area at a general academic teaching institution.

5. Core Curriculum

The curriculum in liberal arts, humanities, sciences, and political, social, and cultural history that all undergraduate students of an institution of higher education are required to complete before receiving an academic undergraduate degree.

6. Disputes

Transfer disputes may arise when a lower-division course is not accepted for credit by a Texas institution of higher education. To qualify as a dispute the course(s) in question must be offered by the institution denying the credit (receiving institution), or in the case of upper-level institutions, must be published as a lower-division course accepted for fulfilling lower-level requirements. For community colleges, the course(s) must be listed in the *Lower Division Academic Course Guide Manual*, and be offered at the receiving institution. Additionally, the sending institution may challenge the receiving institution's denial of credit.

Students at Sam Houston State University who require additional information/clarification regarding Transfer Dispute Resolution Guidelines should contact Undergraduate Admissions, telephone (936) 294-1828.

The University reserves the right to refuse to accept transfer credit when the instructor of record does not meet the requisite academic credentials. Courses taken at community colleges do not satisfy the advanced hours required at Sam Houston State University.

The Texas Common Course Numbering System was developed in part to assist students in identifying which courses at one college will meet specific course requirements at another college. In other words, the common course numbering system promotes the successful transfer of course work among colleges and universities in Texas, making the transfer process easy for students.

The common course number has a standardized four-letter prefix followed by a four-digit number —example, ENGL 1301. The four-letter prefix identifies the subject area. Each digit in the four-digit sequence gives additional information about the course. The first digit identifies the course as either freshman level (1) or sophomore level (2). The second digit identifies the number of credit hours a student will earn upon completion of the course. Most often this digit will be a 1, 2, 3, or 4. The final two digits serve to establish the sequence in which courses are generally taken.

The following is a website listing the Sam Houston State University equivalents for common course numbers. TCCN (<http://www.tccns.org>)

Tuition and Fees Information

Tuition and Fees Schedule 2024-2025 Academic Year

All tuition and fees are correct as of the date of print but are subject to change by action of the State Legislature or the Board of Regents of The Texas State University System. Nonresident tuition (out-of-state and international) is calculated each year by the Texas Higher Education Coordinating Board.

Guaranteed Price Plan Information

In addition to the traditional price plan, a **Guaranteed Tuition Price Plan** (GPP) is available. (Comparison of rates are available on the current tuition and fee schedules available on the Cashier's Office website). Only Texas residents entering SHSU for the first time are eligible to select the GPP as a price plan option. The GPP is a fixed cost tuition payment program that is valid for 12 consecutive terms including Summer terms. Before making this selection, we encourage you to review the FAQ information document as the GPP may not benefit certain students.

Example: A student whose first term of enrollment was Fall 2024 would have a Summer 2028 term GPP expiration date.

The GPP is only available for enrollment the first term of attendance at the university if all other requirements are met. Deadlines apply for selecting the GPP. After the deadline has passed, you may not remove yourself from the plan until it expires (12 consecutive terms) and refunds are not provided for any differences in plan cost.

If you are qualified to select a Guaranteed Price Plan, you may make your selection through MySam. Go to MYSAM, (<http://mysam.shsu.edu>) select Campus Resources tab, then Banner Self Service> Student> Guaranteed Price Plan

Course-related or program-related fees are examples of fees not included in the above estimates. Please review Explanation of Fees in this catalog.

Explanation of Fees

The following information is not intended to be comprehensive and is subject to change. Tuition, fees, and charges are subject to change by action of the State Legislature or by action of the Board of Regents of The Texas State University System. The following tuition, fees, and charges information should be used only as a guideline for estimating costs. For more information, review SHSU's Cost of Attendance (<https://www.shsu.edu/dept/financial-aid/cost/>). For clarification of any matter relating to payment or refund of tuition, fees, charges, and deposits, contact the office or administrative unit from which the charge or refund originated.

Tuition and Designated Tuition: Resident students pay \$50 tuition per semester credit hour during academic year 2024-25 and \$50 tuition per semester credit hour during academic year 2025-26. Nonresident students (out-of-state and international) pay \$460 tuition per semester credit hour during academic year 2024-25 and \$460 per semester credit hour during academic year 2025-26. The Texas Higher Education Coordinating Board calculates each year the nonresident tuition. Students enrolled in the same course for the third or more time will be charged a higher rate up to the non-resident tuition rate for the hours associated with the course even if the student normally qualifies for in-state tuition. Resident students who reach the "excessive hour limit" will be charged a set rate per hour (see Tuition for Excessive Undergraduate Hours within this chapter for further details). In addition, designated tuition is charged at the rate of \$194 per semester credit hour for academic year 2024-25 and \$194 per credit hour for academic year 2025-26.

Institutional Services Fee: The institutional services fee is charged at a rate of \$80.00 per semester credit hour for academic year 2024-25 and at a rate of \$80.00 per semester credit hour for academic year 2025-26. The fee funds critical support services and infrastructure which allow for continued support of existing services and operations and allows for expansion of programs and services.

Student Service Fee: The student service fee is \$17.60 per semester credit hour for fall and spring (\$8.80 per summer semester) for academic year 2024-25 and academic year 2025-26 (not exceeding \$250 per semester and \$125 per summer session). The fee supports the Intramural Program, the Student Life Support Programs, and the Extramural Programs. The fee provides admission to athletic events at Sam Houston State under the auspices of the Department of Athletics.

Student Center Fee: The student center fee is required at the rate of \$100 per semester (\$100 per summer session) for academic year 2024-25 and academic year 2025-26 and is used to fund the Lowman Student Center programs and activities.

Recreational Sports Fee: Legislative action authorizes a recreational sports fee not to exceed \$100 per semester for academic year 2024-2025 and academic year 2025-26. It may be used to purchase equipment for and/or construct, operate, maintain recreational sports facilities and programs.

Medical Fee: A fee of \$75 per semester is charged for academic year 2024-25 and academic year 2025-26. This fee covers services at the Student Health Center.

Intercollegiate Athletic Fee: A fee of \$20 per semester credit hour (\$10 per summer semester credit hour) for academic year 2024-25 and academic year 2025-26. This fee will be used to support Intercollegiate Athletic programs.

Special Fees:

Fee	Amount
Audit Fee (per course)	\$50
Distance Learning (per semester credit hour for courses designated as online courses)	\$101
Laboratory Course Fee (per course)	\$8
College of Science & Engineering Technology Lab Fee (per course)	\$16
Music Fee for Individual Instruction (per course with suffix of "x"):	
1 semester credit hour course	\$30
2 semester credit hours course	\$60
3 semester credit hours course	\$75
4 semester credit hours course	\$75
Program Fees	
College of Business Administration (per semester credit hour) academic year 2024-25	\$8

College of Business Administration (per semester credit hour) academic year 2025-26	\$8
Engineering Technology Fee (per semester credit hour) academic year 2024-25	\$8
Engineering Technology Fee (per semester credit hour) academic year 2025-26	\$8
Nursing Fee (per semester)	\$855
PGMA Fee (annually in Fall semester)	\$2400

The Woodland Center Fee (Passed through the Board as the University Center Fee): Classes provided at The Woodlands Center have an additional fee of \$75 per semester credit hour for academic year 2024-25 and for academic year 2025-26.

Program Fees

College of Business Administration: This fee is charged at a rate of \$8 per semester credit hour for all enrolled credit hour for academic year 2024-25 and at a rate of \$8 per semester credit hour for academic year 2025-26. This fee is charged to students who are majoring in programs within the College of Business Administration.

Engineering Technology Fee: This fee is charged at a rate of \$8 per semester credit hour for all enrolled credit hour for academic year 2024-25 and at a rate of \$8 per semester credit hour for academic year 2025-26. This fee is charged to students who are majoring in programs within the Department of Engineering Technology.

College of Science and Engineering & Technology: This fee is charged at a rate of 50.00 per semester for academic year 2024-25 and at a rate of 50.00 per semester for academic year 2025-26. This fee is charged to students seeking a Bachelor of Arts (BA) or Bachelor of Science (BS) degree in the College of Science and Engineering Technology.

Tuition for Excessive Undergraduate Hours

The Texas Education Code states that an institution of higher education, under specific conditions, **may charge** a resident undergraduate student a higher tuition rate than the rate charged to other resident undergraduate students. The higher tuition rate may not exceed the rate charged to nonresident undergraduate students.

- For students who enrolled for the first time in a Texas public institution of higher education from the 1999 fall semester through the 2006 summer semester:

The higher tuition rate may be charged to an undergraduate student who is classified as a Texas resident for tuition purposes and who before the semester or other academic session begins has **previously attempted** at least **45 semester credit hours** above the number of semester credit hours required for completion of the degree program in which the student is enrolled.

- For students who enrolled for the first time in a Texas public institution of higher education beginning with the 2006 fall semester and thereafter:

The higher tuition rate may be charged to an undergraduate student who is classified as a Texas resident for tuition purposes and who before the semester or other academic session begins has **previously attempted** at least **30 semester credit hours** above the number of semester credit hours required for completion of the degree program in which the student is enrolled.

The following **are not** counted for purposes of determining whether the student exceeds the 45/30 semester credit hour limit:

1. semester credit hours earned by the student before receiving a baccalaureate degree that has been previously awarded to the student;
2. semester credit hours earned by the student by examination or any other procedure by which credit is earned for which tuition was not charged;
3. hours from remedial and developmental courses, workforce education courses, or other courses that would not generate academic credit that could be applied to a degree at the institution if the course work is within the 27-hour limit at two-year colleges and the 18-hour limit at general academic institutions; and
4. semester credit hours earned at a private institution or out-of-state institution.

Residence Classification for Tuition Purposes

The Texas Legislature and the Texas Higher Education Coordinating Board (<https://www.highered.texas.gov/>) establish the rules and regulations for determining residence classification. These rules are subject to revision by the legislature and the Texas Higher Education Coordinating Board. Rules for Texas residency classification for University tuition are different from residency rules for voting, obtaining a Texas driver's license, or tax purposes. The deadline to update a residency status is the census date (Academic Calendar Q-drop day (<https://www.shsu.edu/dept/registrar/calendars/academic-calendar.html>)) of each semester.

An individual's initial residency classification is determined based on information from his or her admission application. Texas law classifies each person who applies for admission to a Texas public college or university as:

- A resident of Texas;
- A nonresident; or
- A foreign (international) student.

A nonresident student may qualify to pay in-state tuition by meeting the requirements of a tuition waiver. Current tuition waiver options include but are not limited to

1. the student or his/her spouse or parent is a member of the U.S. Armed Forces and their home of record is Texas;
2. the student or his/her spouse or parent is employed at least half-time by an institution of higher education in Texas as a teacher or professor;
3. the student or his/her spouse or parent has a teaching or research assistantship at any Texas institution of higher education on at least a half-time basis;
4. the student holds a competitive scholarship (<https://www.shsu.edu/dept/academic-affairs/documents/aps/850822%20Competitive%20Academic%20Scholarships.pdf>) awarded by Sam Houston State University of at least \$1,000; or
5. the student or student's family has been transferred to Texas by a company in keeping with the state's Economic Development and Diversification Program.

By state law, the student has the responsibility of registering under the proper residence classification. For more information concerning the rules and regulations for determining Texas residence classification, visit residency (<https://www.shsu.edu/admissions/residency/>) or contact:

Residency Classification Officer
Sam Houston State University
Box 2418
Huntsville, Texas 77341-2418
(936) 294-1059

Payment Information

Financial Responsibility

Tuition and Fees: Students must pay all tuition and fee balances in full by the applicable semester deadline established by the University. Failure to timely pay balances owed or make arrangements for installment payments may result in the student being unenrolled and dropped from course registrations. Payment dates will be published on the Cashier's Office website at <https://www.shsu.edu/dept/cashiers/due-dates/> (<https://www.shsu.edu/dept/cashiers/due-dates/>).

Payments

Payments made for registration purposes may be made by cash, cashier's check, personal check, or money order in the Student Account Services/ Cashier's Office in Estill Classroom building, room 103.. All payment items are accepted subject to final payment. Online payment options include E-Check, International Wire, Visa, MasterCard, American Express, Diner's Club, China Union, JCB, or Discover.

Installment Payment Plan

Sam Houston State University may offer students the option to pay tuition and fees in full or by installment for the fall and spring semesters of each academic year in accordance with applicable statutes and regulations, including Tex. Educ. Code §§ 54.007 and 54.0071 and The Texas State University System Rules & Regulations. Installment payment plan terms will be published on the Cashier's Office website at <https://www.shsu.edu/dept/cashiers/payment-plan/> (<https://www.shsu.edu/dept/cashiers/payment-plan/>).

It should not be assumed by the student that the University will disenroll (drop their class schedule) them from their courses due to not meeting payment requirements. A student who discontinues going to class without officially resigning from the University will be subject to the grade of "F" in each course and will be financially responsible any university charges.

STATUTORY WARNING: A STUDENT WHO FAILS TO MAKE FULL PAYMENT OF TUITION AND MANDATORY FEES, INCLUDING ANY INCIDENTAL FEES, BY THE DUE DATE MAY BE PROHIBITED FROM REGISTERING FOR CLASSES UNTIL FULL PAYMENT IS MADE. A STUDENT WHO FAILS TO MAKE PAYMENT PRIOR TO THE END OF THE SEMESTER OR TERM MAY BE DENIED CREDIT FOR WORK DONE THAT SEMESTER OR TERM.

Nonpayment of Tuition and Fees

All Balances: If a student fails to meet end-of-term payment requirements, the University may prohibit the student from enrolling in future semesters and withhold the student's official university transcript until the student's balance is paid in full. In addition, the University may pursue internal or external debt collection as described on our Past Due Balances web page at <https://www.shsu.edu/dept/sfs/pastdue.html>.

Students who pay fees with a returned item may suffer the above sanctions as well as those detailed in the following section.

Collections for Nonpayment

Nonpayment by the end of the semester may result in transfer of the student's account to a contracted collection agency and assessment of a collection fee of up to 30 percent of the outstanding balance. The University may also choose to litigate an account on advice of University legal counsel. Should an account be litigated, the student will be responsible for all litigation expenses including attorney's fees and court costs. Accounts that are referred to a contracted collection agency may also be reported to credit bureaus.

Returned Item Policy

A returned item is defined as a payment tender returned to the University rightfully unpaid due to no fault of the bank or the University. The item may be paid by the student, or the item may be paid on the student's behalf by a spouse, guardian, friend or sponsor.

The University reserves the right to refuse credit card and personal checks, including E-Checks, from any student who had any of the fore-mentioned items returned.

Each returned item is subject to a \$25 processing fee. Students have 10 days from the date on which notice is sent from the Student Financial Services Office in which to pay the returned item and the resulting processing fee or inform the Student Financial Services Office of their intent. Thereafter, the student **may be resigned** from the University. (The student should not assume that he/she will be resigned. If the student discontinues going to class without officially resigning from school, he/she will be subject to the grade of F.) Students who have been resigned are eligible for reinstatement upon redemption of such item(s), plus the resulting processing fee(s) and the payment of a reinstatement charge of \$50. A student who fails to make payment prior to the first day of final exams will not receive credit for the work done that semester and will not be allowed to register for future semesters until the delinquent amount is paid. The student may also lose their class schedule for future enrolled semesters. In addition, the items may be referred to the District Attorney of Walker County for prosecution and collection. Past due accounts are referred to a credit reporting company.

Students will be given the opportunity to be heard regarding any special circumstances. Such circumstances will be given full and fair consideration, and exceptions to the returned check policy may be granted by the Office of Student Financial Services or by a delegated employee, based on the evidence presented.

Refund Information

- Tuition and Fees Refund Policy
- Dropping Courses
- Resignations/Withdrawals
- Tuition and Fee Refund Schedule

Tuition and Fees Refund Policy

A student enrolled at Sam Houston State University may receive a refund of tuition and fees as a result of dropping courses or resigning from the University as indicated in the following schedules.

Refunds and credits from one department will be applied to any other outstanding balances in other departments. Any remaining refund will be sent to the selected refund preference with BankMobile Disbursements, a technology solution, powered by BMTX, Inc. The University may refund tuition and fees paid by a sponsor, donor or scholarship to the source rather than directly to the student who has withdrawn if the funds were made available to the University.

Refund policies were established by Senate Bill No. 604 of the 65th Legislature and adopted by the Board of Regents, Texas State University System, in August of 1977 and by the applicable federal regulations dealing with first semester financial aid students.

Dropping Courses

A student who drops one or more courses for any given term, but remains enrolled in at least one course for the remainder of the semester as a student at this University, may be eligible for refunds. There is a 100% refund (does not apply to students dropping to "0" hours) for dropping courses for the first 12 class days for Fall / Spring terms. Drops must be processed by 11:59 p.m. on the day of the deadline to receive a refund if courses have been paid in full. Students cannot drop their last course. A resignation must be submitted if dropping their only course for the term.

Students may drop courses online without the grade of "F" until the deadline. See Add, Drop and Resignation Deadlines (<https://www.shsu.edu/dept/registrar/students/registration/add-drop-resignation-deadlines.html>).

Osteopathic Medical Students:

Students associated with the College of Osteopathic Medicine will be registered in course blocks required for promotion to the next semester. Osteopathic medical students are not permitted to drop individual courses that are a part of these blocks.

Fall and Spring Terms

Date	Refund %
First 12 class days	100%
After 12th class day	None

Summer Sessions

Date	Refund %
First 4 class days	100%
After 4th class day	None

NOTE: Class days are university class days, not the number of days an individual class meets. Class days are to be counted from the first class meeting of on-campus daytime courses as indicated in the Academic Calendar.

Resignations/Withdrawals

Deadlines and dates may be found on the Add, Drop, and Resignation Deadlines webpage (<https://www.shsu.edu/dept/registrar/students/registration/add-drop-resignation-deadlines.html>).

A resignation is a withdrawal from all courses and becomes effective on the date it is received by the Registrar's Office. This is the date that is used for determining any refund. The student is responsible for clearing all debts owed to the university before any potential refund is issued.

Students who fail to officially resign from the university will receive a grade of "F" for each course in which they are enrolled. If a student is enrolled in only one course they must resign. To learn more about the University's policy on student resignations, view the Student Resignation Policy (<https://www.shsu.edu/dept/registrar/students/registration/documents/990407%20Student%20Resignations.pdf>). (<https://www.shsu.edu/dept/registrar/students/registration/documents/990407+Student+Resignations+academic+affairs+policy.pdf>)

Students receiving financial aid who resign, may be responsible for the repayment of certain types of financial aid received during the term. For more information, view the Return of Title IV Funds Policy (<https://www.shsu.edu/~fao/www/documents/ReturnofTitleIVFundsPolicy12-11-12.pdf>). Also, review the Satisfactory Academic Progress Policy (<https://www.shsu.edu/dept/financial-aid/policies-disclosures/SAP.pdf>) to better understand how this could impact future aid eligibility.

NOTE:

- A resignation will withdraw a student from all registered courses in the entire term. A student cannot resign from a part of term if a grade has been earned in another part of term. Ex. If a student completes Summer I and is registered for Summer II, they will not be permitted to resign from Summer II.
- If this is your first-semester attending SHSU and you are resigning prior to the Census Day (12th Class day for Fall or Spring/4th Class day for Summer I & II), a new admissions application and non-refundable application fee through ApplyTexas.org are required. If you have any questions, please contact the Office of Admissions at 936-294-1828 or email Admissions (admissions@shsu.edu). (admissions@shsu.edu)
- If a year or more has passed from the term of resignation a new admissions application will be required. If you have any questions, please, contact the Office of Admissions at 936-294-1828 or email Admissions (admissions@shsu.edu).

A student who is considering resigning from their current semester should visit the Resignation Information (<https://www.shsu.edu/dept/registrar/students/registration/resignation-information.html>) page.

Tuition and Fees Refund Schedule**Refund Schedule For Terms Greater Than 10 Weeks**

Date	Refund
Before the 1st class day	100% (Less \$15 Matriculation Fee)
1st class day through 5th class day	80%
6th class day through 10th class day	70%
11th class day through 15th class day	50%
16th class day through 20th class day	25%
Thereafter	No refund

Refund Schedule For Terms Less Than 10 Weeks But Greater Than 5 Weeks

Date	Refund
Before the 1st class day	100% (Less \$15 Matriculation Fee)
1st class day through 3rd class day	80%
4th class day through 6th class day	50%
Thereafter	No refund

Refund Schedule For Terms Up To 5 Weeks

Date	Refund
Before the 1st class day	100% (Less \$15 Matriculation Fee)
1st class day	80%
2nd class day	50%
3rd class day and thereafter	No refund

NOTE: Class days are University class days, not the number of days an individual class meets. Class days are to be counted from the first class meeting of on-campus daytime courses as indicated in the Academic Calendar.

The above refund schedules assume all fees have been paid in full. A different schedule applies to installment payment plan participants, the primary difference in the schedule being the requirement for the University to calculate the refund based on the assumption the full amount of tuition and fees has been collected. Therefore, it is possible and probable, that a student enrolled in an installment payment plan could owe **more** in tuition and fees than already collected by the University.

Students who receive Title IV aid and resign on or before completing 60% of the semester will be required to repay the percentage of unearned financial aid according to the federal "Return to Title IV Aid" formula derived from the 1998 Reauthorization of the Higher Education Act. Students who receive Title IV aid should contact the Financial Aid Office (<https://www.shsu.edu/dept/financial-aid/>) for specifics.

Repayments are to be returned to lenders and/or program accounts in the following statutorily specified order provided the student has received funds through the program:

1. Unsubsidized Federal Stafford Loan
2. Subsidized Federal Stafford Loan
3. Federal Perkins Loans
4. Federal PLUS Loans
5. Other federal, state, private or institutional sources of aid
6. The student

More details regarding the "Return to Title IV Aid" policy may be obtained through the Financial Aid (<https://www.shsu.edu/dept/financial-aid/>) website or by visiting the Financial Aid Office located on the 2nd floor of the Estill Building.

Financial Aid & Scholarships Office

- Financial Aid and Scholarships Office
- Semester Loans
- Resignations/Withdrawals
- Satisfactory Academic Progress
- Veteran's Benefits Assistance
- American Opportunity Tax Credit and Lifetime Learning Tax Credit
- CPOS Policy

Financial Aid and Scholarships Office

The Financial Aid and Scholarships Office at Sam Houston State University is available to assist students in achieving educational goals even when their personal or family finances are limited. While the student and/or his or her immediate family are primarily responsible for financing an education, the University recognizes its role in making a maximum effort to acquire additional funds for qualified students through a variety of aid programs. Specific financial aid programs the University administers are listed below.

Information on programs, application requirements, Satisfactory Academic Progress (SAP), student budgets, deadlines and the method of aid processing is available online at Financial Aid & Scholarships (<https://www.shsu.edu/dept/financial-aid/>). Links to the Free Application for Federal Student Aid (FAFSA) and all forms necessary to complete the application process are available at Financial Aid & Scholarships (<https://www.shsu.edu/dept/financial-aid/>).

Grants

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (SEOG)
- Texas Public Educational Grant (TPEG)
- Toward **EX**cellence, Access and Success Grant (TEXAS grant)
- Teacher Education Assistance for College and Higher Education Grant (TEACH)
- Bearkat Grant

Employment

Employment opportunities can be accessed online through Bearkats Get Hired (<https://www.shsu.edu/dept/career-success-center/bearkatsgethired.html>) on the Career Services (<http://www.shsu.edu/dept/career-services/>) website.

- Federal College Work-Study Program
- Texas College Work-Study Program

Loans

- College Access Loan
- Federal Direct Loan Program
- Parent Loan for Undergraduate Students (PLUS)

Semester Loans

- Bearkat Payment Extension Loan
- Short-term Loan for Books

Applications for Semester Loans may be completed on-line through the Financial Aid menu option on SamWeb. Semester loans are short term loans with a maximum loan period of 90 days.

Scholarships

Sam Houston State University offers scholarships for students who excel in academic achievement and leadership. Using a competitive process, awards are based on either merit or financial need. Some awards are competitively selected on the basis of both merit and financial need.

Most academic scholarships offered by SHSU can be applied for using a single application, which can be found on MySam under the Scholarships4Kats (<http://www.shsu.edu/dept/financial-aid/scholarships/>) page. The application period begins early September for each upcoming academic year. Students must be admitted to Sam Houston State University and have an active computer services account.

Resignations/Withdrawals

Students who receive Title IV financial aid and withdraw or drop all courses during the semester must be aware of the impact on their financial aid. Federal Title IV aid includes Pell Grant, Supplemental Educational Opportunity Grant, and Subsidized/Unsubsidized Stafford Loans. It is recommended that students visit with their Financial Aid Counselor prior to withdrawing or dropping courses.

Title IV aid recipients must be continuously enrolled for at least 60% of the semester for which aid is disbursed to retain all of the financial assistance issued for that semester. After the 60% point, students are considered to have earned 100% of the Title IV funds disbursed. Any student who resigns prior to completing 60% of a semester must repay any unearned portion of their federal financial aid.

The amount of the repayment depends on the number of days attended during the semester, the type and amount of financial aid received and the total amount of institutional charges.

Earned federal financial aid is prorated according to the percentage of the semester completed. The earned aid is determined by the amount of total aid received minus the amount of unearned aid.

- Direct Unsubsidized Loan
- Direct Subsidized Loan
- Direct PLUS Loan (Parent Loan for Dependent Students)
- Direct GRAD PLUS Loan (Graduate Student)
- Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- TEACH Grant

Satisfactory Academic Progress (SAP)

Different requirements apply to maintain Satisfactory Academic Progress (SAP). (<https://www.shsu.edu/dept/financial-aid/sap/>)

Minimum requirements for undergraduate students are:

- A minimum SHSU grade point average (GPA) of 2.0
- Complete 67% of all attempted hours at SHSU and other institutions (transfer hours)
- Degree seeking
- No more than 180 attempted hours

Minimum requirements for post-graduate students seeking a second bachelor's degree, or taking preparatory course work are:

- A minimum SHSU grade point average (GPA) of 2.0
- Complete 67% of attempted hours in new coursework.
- Completion of second bachelor's degree within 60 hours **or** completion of preparatory course work within twelve consecutive months.

Minimum requirements for graduate and professional students are:

- A minimum SHSU grade point average (GPA) of 3.0.
- Complete 67% of attempted hours in course work
- No more than 150% of degree requirements (Ex: 54 hours for a 36 hour degree)

If minimum requirements are not met student will not be eligible for financial aid. For more information on how to regain eligibility view the complete SAP Policy online (<https://www.shsu.edu/dept/financial-aid/>).

Veteran's Benefits Assistance

For information relating to Veteran's Benefits Assistance, visit with the VA representative in the Veteran's Resource Center, located in the Academic Building III, Suite 110. Assistance is available for those seeking to use the following:

- Montgomery GI Bill® (MGIB) - GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by the VA is available at the official U.S. Government Website (<https://nam12.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.benefits.va.gov%2Fgibill.&data=05%7C01%7Carg019%40SHSU.EDU%7C4f2ba313c3c144ba860208da805eb341%7Cb153cbd8b39247449b39e3cdb8677f00%7C0%7C0%7C637963441751384826%7CUnknown%7CTWFpbGZsb3d8eyJWljoIMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6Ikl1haWwiLCJXVCi6Mn0%3D%7C3000%7C%7C%7C&sdata=0%2FN661cHeanOl2BeQ36GAoKTorfcqcC6P5RlzMrqkL4%3D&reserved=0>) at <https://www.benefits.va.gov/gibill> (<https://nam12.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.benefits.va.gov%2Fgibill.&data=05%7C01%7Carg019%40SHSU.EDU%7C4f2ba313c3c144ba860208da805eb341%7Cb153cbd8b39247449b39e3cdb8677f00%7C0%7C0%7C637963441751384826%7CUnknown%7CTWFpbGZsb3d8eyJWljoIMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6Ikl1haWwiLCJXVCi6Mn0%3D%7C3000%7C%7C%7C&sdata=2cu8vKUFxp1UnqO93EIHZr2mTgCO2O9bqxDq%2Bd2NSaQ%3D&reserved=0>)

American Opportunity Tax Credit and Lifetime Learning Tax Credit

Tax payers may be eligible to claim the American Opportunity Tax Credit against their federal income taxes. Depending on the family and student financial situation, the credit that may be claimed varies. It may be as much as \$2,500 (100% of first \$2,000 and 25% of second \$2,000 of qualified tuition and related expenses such as tuition, fees and course materials).

In addition, the Lifetime Learning Credit may be available for up to \$2,000 per family for qualified tuition and related expenses. Congress has established that the Lifetime Learning Tax Credit begins for payments made after July 1, 1998.

These tax credits may reduce the amount of federal income tax one is required to pay. These tax credits are reviewed by the federal government periodically, therefore, annual referral to the IRS website is recommended.

CPOS Policy

Per Title IV regulations, a student cannot receive federal aid for coursework that does not lead to the completion of their degree. This is stated in CFR 34 668.32 (a)(1)(iii). (<https://www.ecfr.gov/cgi-bin/retrieveECFR/>)

gp=&SID=c232fd4b9443a527ebce515fe59692af&mc=true&n=pt34.3.668&r=PART&ty=HTML#se34.3.668_132) While the burden for this regulation is shared between the Registrar's and Financial Aid Offices, it is the responsibility of the advisor and the student to be knowledgeable and register for courses counting towards their degree.

For Sam Houston State University, all eligible aid is paid ten calendar days prior to the first class day based on the Federal Hours listed in the Banner system. Federal Hours are those hours that are on the student's degree plan and counting towards their degree. Should a student receive scholarships and/or state aid, he or she can receive those funds based on the Standard Hours (actual enrolled hours) which may be greater than the Federal Hours.

Budgets are based on the Federal Hours and are reviewed with the Cost of Attendance adjustments prior to disbursement and at census date. Prior to disbursement, any funds that the student is not eligible for are held until the final evaluation after census date and released if eligibility is confirmed or reduced/cancelled if the student is deemed ineligible.

Ineligibility could be due to one of the following circumstances:

- Change in enrollment between disbursement prior to first class day and census
- Change in course registration, thus change in courses counting for their program of study
- Change in degree program

Should a student drop a course between the first and twelfth class days, his or her budget and aid package must reflect his or her new enrollment level. If a student adds a class and that changes his or her enrollment level to half time, three-quarter-time or full-time, his or her budget will be adjusted. However, the student must request the increase (if eligible) in awards from the Financial Aid Office. If the student is Pell eligible, that adjustment will automatically be made as it is an entitlement.

Students who are enrolled in courses that do not count towards their current degree are not eligible for federal aid for those hours. For example, if a student is enrolled in 12 hours and only 9 of those hours count towards his or her degree program; his or her budget and awards must be adjusted accordingly. This would change the student's enrollment status for federal aid purposes from full-time to three-quarter-time. Adjustments to the student's awards would result in a balance being owed to the university.

Changes in degree programs must be completed by the advisor and processed by the Registrar's Office by the end of day on the twelfth class day.

The same is true for substitution/exemption forms. Any forms not processed and completed by the twelfth class day are not effective for that term's disbursement. It is strongly suggested, but not required, that advisors utilize the notes in Degree Works and Campus Connect to document advisement sessions with students and also review prior advisement sessions with students to ensure the appropriate paperwork is being filed.

Should the advisor fail to submit the required paperwork for that semester, they will have to appeal to the Registrar and Financial Aid Office for consideration. If the appeal is not granted, the student will have a balance on their account as a result of incomplete or late paperwork submitted.

Academic Success Center

The Academic Success Center offers a variety of academic support programs for SHSU students. These services include CRLA-certified peer tutoring programs for writing, math, core science, business, world languages, and more.

The ASC offers study groups in math and chemistry. In addition, the ASC has embedded tutors that support students within their courses and by providing feedback on learning challenges students face to instructors.

The ASC offers Learning Coaches to help students balance the demands of college by guiding students through areas such as accountability, time management, study skills, note taking, test preparation, and goal setting. Our Recovery Coaches work with students on first-time academic probation or students on first-time academic suspension. Students on probation will learn academic recovery strategies and methods related to university policies, resources, communication techniques, wellness, and setting. Students on academic suspension are guided to get back to good academic

standing by constructing a recovery plan that includes forming connections with instructors, reaching goals, and identifying and utilizing campus resources.

The ASC also offers workshops and seminars for academic success or academic recovery facilitated by learning coaches, recovery coaches, and professional staff.

ASC services are available for all undergraduate and graduate students currently enrolled in SHSU. Services are available in-person and virtually on main campus and at The Woodlands Center. On the main campus, the Academic Success Center (<http://www.shsu.edu/centers/academic-success-center/>) is located in the Newton Gresham Library. The ASC can be contacted by calling (936) 294-3680.

Advising (Student Advising and Mentoring Center)

At the Student Advising and Mentoring Center (SAM Center), we value each student as an individual and believe that advising is a shared responsibility with the student.

Our professional advisors are highly skilled experts in student development and degree planning, and we strive to provide students with personalized, holistic, success-based academic advising and support. We strongly believe in the importance of academic advising in student achievement, retention, and degree completion.

Whether you are an entering freshman, returning student, transfer student, prospective student, or a current undergraduate student, you can expect to learn about campus processes, be directed to beneficial resources for your success, and work with advisors on major exploration along with course planning to build the best university experience possible for you.

The SAM Center is located on the Huntsville campus on the first floor, Suites 170 and 190, of the College of Humanities and Social Sciences Building (CHSS). You can reach the SAM Center (samcenter@shsu.edu) by e-mailing or calling (936) 294-4444 or toll free at (866) 364-5211.

Not sure who your advisor is or how to make your appointment? Visit the SAM Center Website (<https://www.shsu.edu/centers/sam-center/>) to view Who is My Advisor (<https://www.shsu.edu/centers/sam-center/whos-my-advisor/>) and How to Get Advised (<https://www.shsu.edu/centers/sam-center/how-do-i-get-advised/>).

Data Analytics and Decision Support (DADS)

Data Analytics and Decision Support (DADS) is a Sam Houston State University administrative service and support unit aligned under Strategic Enrollment & Innovation (SEI). The unit is comprised of three areas: Institutional Research (IR), Data Analytics, and Data Literacy/Data Governance.

It is the mission of the **Data Analytics and Decision Support** function to collect, analyze, appraise, report and disseminate data on behalf of the University, its executive administration and its educational leaders for the purpose of promoting evidence-based reflection, planning, and action. The DADS team provides information and conducts research studies to comply with federal, state and other reporting mandates, and to assess policy, programs and special initiatives. DADS is also responsible for certifying SHSU's official student data to the Texas Higher Education Coordinating Board (THECB).

To request assistance with obtaining data, access to existing reports, and information about external data resources, SHSU employees with network access may submit a work order request/request a report (https://cherwell.shsu.edu/CherwellPortal/Employee/?_28a7b9fa#0). A data dictionary, Data Cookbook (<https://shsu.datacookbook.com/>), is available to individuals with SHSU network log in credentials to review descriptions of existing reports (specifications) and data terms (definitions). SHSU uses Cognos as the reporting tool, and links to the Cognos reports are included in Data Cookbook. Various reports require prior training and/or approval, and SHSU Cognos users are encouraged to read about these details in Data Cookbook. A Data Cookbook introductory tutorial (<https://www.youtube.com/watch?v=n8VowQurkWo>) is available for additional assistance. Questions about Cognos and Data Cookbook can be directed to our staff (<https://www.shsu.edu/dept/institutional-research/aboutus.html>) or to SHSU Information Technology Service Desk (<https://www.shsu.edu/dept/client-services/service-desk.html>) personnel.

Newton Gresham Library

The Newton Gresham Library (NGL) contains more than 1.2 million print books, periodicals, audio and visual materials, and microforms. Students have access to over 800,000 eBooks, online journals and newspapers, as well as streaming media resources through the Library website. The Library also acts as a Federal and State government documents depository, providing access to almost 200,000 print and online documents. The library maintains licenses to over 400 online databases (<https://shsulibraryguides.org/az.php>). Books, articles, documents, and other items which are not available locally may be requested via the Library's Interlibrary Loan service.

SHSU Special Collections in the Thomason Room on the Library's 4th floor holds over 22,000 rare books and research collections on Texas, the Southwest, American authors, the Civil War, Criminal Justice, and other topics. University Archives, also located on the 4th floor of the Library, preserves the history of the campus. The Newton Gresham Library's general collection includes popular and recreational reading materials, tabletop games, a children's literature collection, a music and scores collection, and materials to help teachers create lesson plans. Creative, research and study spaces at the Library include: a music listening room, 35 individual study carrels, eight technology equipped group study and seminar spaces, a video recording studio, a copy center (including faxing, poster printing, and more), as well as a lactation room, vending machines, outdoor seating, and a Starbucks—all provided for the convenience of students and faculty.

Twenty-one librarians, twenty-nine support staff, and scores of student assistants provide reference, interlibrary loan, circulation, acquisitions, and other library services to the faculty, staff, and students of the University as well as to visiting scholars and off-campus users. Distance Learners will find librarians embedded in their online classes. A full-time librarian provides assistance to students at The Woodlands Center, and at the College of Osteopathic Medicine. A computer lab with over 75 networked workstations is available during regular library hours, and staffed by IT@Sam. To assist library users in utilizing library materials and services, librarians developed online guides available on the Library's website. Librarians also provide access to information and help in using the library's resources and services to students on- and off-campus with online chat (see Ask A Librarian (<https://library.shsu.edu/>) on the Library's homepage), e-mail, and by phone. Two active-learning spaces have been recently completed for use in library instructional sessions, and in support of other campus teaching and training activities. Finally, the Academic Success Center (ASC) and the First-Generation Center (<https://www.shsu.edu/dept/firstgen/>) are located 2nd floor of the Library, providing academic coaching, First-Year experience, peer mentoring, and tutoring services for all students.

SHSU Online

Mission Statement

SHSU Online enables citizens in Texas and beyond to further their education, find meaningful employment, earn higher wages, and improve their quality of life. We support faculty, students, and staff throughout the online teaching and learning journey.

Strategic Initiatives

- Goal 1: To provide a single point of presence for online education through SHSU Online and TSUS Institutions participating in the Shared Services Initiative.
- Goal 2: To fund critical tools for online teaching and learning.
- Goal 3: To provide high-quality course development and instructional design services for faculty teaching via distance and professional education.
- Goal 4: To provide high-quality video production and lecture capture for face-to-face, hybrid, and online courses.
- Goal 5: To market online education to new student populations.
- Goal 6: To promote instructor and learner success by providing an inclusive and accessible environment.

Support of Teaching/Learning Environments

SHSU Online provides a wide-range of services for SHSU faculty, students, and staff. With a knowledgeable and experienced staff, the following services are offered:

- 24/7 Technical Support Call Center for Blackboard courses
- Faculty Certification and Development
- Instructional Design
- Graphic Design
- Multimedia Design
- Content Development
- Educational Video Production
- Guest Lecture Recordings
- Video Hosting
- Marketing and field video production
- Video transcriptions
- Ally® for Accessibility
- Digitizing Media
- SHSU Online Monthly Newsletter
- SHSU Online Annual Conference- Digital Education Summit
- SHSU Online actively promotes success beyond the classroom by providing SHSU students with opportunities to develop marketable skills. SHSU Online hires, trains, and prepares student workers with on-the-job training and market experience in various creative and technical fields.

Technology Solutions and Support

Technology Solutions and Support maintains instructional environments, including computer labs and classrooms to support faculty and students in our Bearkat learning environments. These spaces are equipped with Windows and iMac computers, up-to-date software, webcams, printers, and

scanners. Additionally, a few labs have course specific software available for students to complete work outside of the classroom. For a complete list of labs and their technology equipment, view the Computer Lab website (<https://www.shsu.edu/computerlabs/>).

Additionally, we provide Microsoft 365 for your personal devices and wireless internet through eduroam. Simply use your SHSU credentials to access either option!

For additional questions regarding the technology available to you at SHSU, contact the Service Desk (<mailto:servicedesk@shsu.edu>).

Testing Center

The Sam Houston State University (SHSU) Testing Center provides institutional and national testing opportunities to students and community members in an atmosphere that enables examinees to perform to the best of their abilities. This atmosphere relies on test administration practices that (1) adhere to nationally recognized professional testing standards and government regulations, (2) maintain the integrity of the testing process by incorporating ethical standards and security measures, and (3) treat all examinees in a professional, yet personable manner. The Sam Houston State University Testing Center adheres to the National College Testing Association (NCTA) Professional Standards and Guidelines.

Entrance Exams

ACT: The ACT test is a standardized college entrance exam that is accepted by Sam Houston State University for admittance. A student may receive college credit for a high score received on the English section of the ACT exam (see Credit by Exam section). Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or ACT (<http://www.act.org/>).

SAT: The SAT test is a standardized college entrance exam that is accepted by Sam Houston State University for admittance. A student may receive college credit for a high score received on the Evidence-Based Reading and Writing section of the SAT exam (see Credit By Exam section). Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or SAT (<https://www.collegeboard.org/>).

TOEFL: The Test of English as a Foreign Language (TOEFL) may be required of international students for admittance into the university. The TOEFL exam measures the ability of non-native English speakers to communicate in an academic setting. For more information, visit the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or TOEFL (<http://www.ets.org/toefl/>). Additional information may also be obtained by contacting Admissions (<http://www.shsu.edu/admissions/>).

ATI TEAS: The Test of Essential and Academic Skills (TEAS) is used as part of the admissions process by Nursing and Allied Health schools nationwide. Additional information may be obtained by visiting the Testing Center (<http://www.shsu.edu/centers/testing-center/>) or TEAS (<http://www.atitesting.com/>).

LSAT: The Law School Admission Test (LSAT) is an integral part of the law school admission process in the United States, Canada, and a growing number of other countries. It provides a standard measure of acquired reading and verbal reasoning skills that law schools can use as one of several factors in assessing applicants. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or LSAT (<http://www.lsac.org/>).

Placement Exams

ACCUPLACER: The ACCUPLACER test is a placement exam offered at SHSU for evaluating a student's performance in reading, writing, and mathematics. It is an internet-based test with results available immediately upon completion. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or ACCUPLACER (<https://accuplacer.collegeboard.org/students/>).

ACCUPLACER-ESL: The ACCUPLACER-ESL test is a placement exam used by the English Language Training Office to assess a student's performance in the English language. It is an internet-based test with results available immediately upon completion. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or ACCUPLACER (<https://accuplacer.collegeboard.org/students/>).

TSI ASSESSMENT 2.0: The Texas Success Initiative Assessment (TSIA2) is a placement exam offered at SHSU to assess test takers' readiness for college-level coursework in the general areas of English language arts and reading (ELAR) and mathematics. It is an internet-based test with results available immediately upon completion. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or TSI Assessment (<https://accuplacer.collegeboard.org/students/prepare-for-accuplacer/tsia-texas-success-initiative-assessment/>).

Credit by Exam

ACT/SAT English Credit: Sam Houston State University may award credit for freshmen English courses based on high ACT or SAT test scores on the English section (ACT) or the Evidence-Based Reading and Writing section (SAT). Sam Houston State University has a policy of accepting up to a maximum of thirty (30) hours of credit through a combination of national standardized examinations and/or locally designed and administered

departmental tests. More than thirty (30) hours of credit by examination will be considered on an individual appeal basis. For more information, visit the Testing Center (<http://www.shsu.edu/testing/>).

Advanced Placement Program (AP): Sam Houston State University may award college credit for the Advanced Placement Examinations based on the score(s) received. Advanced Placement exams are given at the high school level. Sam Houston State University has a policy of accepting up to a maximum of thirty (30) hours of credit through a combination of national standardized examinations and/or locally designed and administered departmental tests. More than thirty (30) hours of credit by examination will be considered on an individual appeal basis. For more information, visit the Testing Center (<http://www.shsu.edu/testing/>) or AP Program (<https://apstudent.collegeboard.org/home/>).

College Level Examination Program (CLEP): Sam Houston State University is an open national testing center for the College Level Examination Program (CLEP). All CLEP exams may be taken at SHSU, but only the CLEP Subject Exams listed on the Testing Center website will be accepted for credit at SHSU. Sam Houston State University has a policy of accepting up to a maximum of thirty (30) hours of credit through a combination of national standardized examinations and/or locally designed and administered departmental tests. More than thirty (30) hours of credit by examination will be considered on an individual appeal basis. For more information, visit the Testing Center (<http://www.shsu.edu/testing/>) or CLEP (<https://clep.collegeboard.org/>).

DSST: Sam Houston State University is an open national testing center for the DSST exams. All DSST exams may be taken at SHSU, but only the DSST exams listed on the Testing Center website will be accepted for credit at Sam Houston State University. Sam Houston State University has a policy of accepting up to a maximum of thirty (30) hours of credit through a combination of national standardized examinations and/or locally designed and administered departmental tests. More than thirty (30) hours of credit by examination will be considered on an individual appeal basis. For more information, visit the Testing Center (<http://www.shsu.edu/testing/>) or DSST (<http://getcollegedcredit.com/>).

International Baccalaureate Program (IB): Sam Houston State University recognizes the International Baccalaureate program for those students who earn the IB diploma. Although Sam Houston State University typically accepts a maximum of thirty (30) hours of credit through a combination of national standardized examinations and/or locally designed and administered departmental tests, students earning the IB diploma are capable of earning in excess of 30 hours. Information on the International Baccalaureate Program may be obtained from high school counselors or by visiting the Testing Center (<http://www.shsu.edu/testing/>) or International Baccalaureate (<http://www.ibo.org/>).

Departmental Exams

ACTFL OPIc: The OPIc exam is an internet-delivered test that provides valid and reliable oral proficiency testing. The exam helps determine the level of proficiency in a certain language. This exam is given for the World Languages and Cultures Department. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or ACTFL (<https://www.actfl.org/center-assessment-research-and-development/actfl-assessments/actfl-postsecondary-assessments/oral-proficiency-interview-computer-opic/>).

Representative TExES: The Representative TExES are paper-pencil practice exams administered for the College of Education. Approval from the College of Education must be received before registering for a test. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or by emailing edu_edprep@shsu.edu.

Graduate Exams

Graduate Management Admission Test (GMAT): The GMAT exam is designed to test skills that are highly important to business and management programs. It assesses analytical writing, along with quantitative, verbal, and integrated reasoning skills that are vital to real-world business and management success. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or GMAT (<http://www.mba.com/us/>).

Graduate Record Examinations (GRE): The GRE is used by graduate schools as one assessment indicator for comparing the qualifications of applicants who come from a variety of colleges and universities. The GRE measures verbal reasoning, quantitative reasoning, and analytical writing skills. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or GRE (<https://www.ets.org/gre/>).

Certification Exams

ACSM: American College of Sports Medicine offers several health fitness certification programs, each with unique programming and/or population focus. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or the American College of Sports Medicine (<https://www.acsm.org/certification/get-certified/>).

CERTIPORT: Certiport is dedicated to helping people succeed through certification. Certiport's globally recognized credentials are aimed at enhancing individual productivity, marketability, and value. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or Certiport. (<http://www.certiport.com/>)

CCE: The Center for Credentialing and Education offers a dynamic portfolio of services including credentials, assessments, and examination services to promote excellence in and expand equitable access to mental health and human development professions. The CCE offers the CPCE (Counselor Preparation Comprehensive Exam) and the NCE (National Counselor Exam). Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or CCE. (<https://www.cce-global.org/home/>)

CompTIA: CompTIA certifications are industry-leading credentials to start and grow an IT career. Entry-level IT certifications and advanced IT certifications – such as cybersecurity – are offered. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or CompTIA (<https://www.comptia.org/certifications/4-steps-to-certification/>).

Meazure Learning: Meazure Learning offers exams for the certification or licensure of professionals to assess the knowledge and skills of employees for training purposes or as a pre-employment check for potential hires. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or Meazure Learning (<http://www.meazurelearning.com>).

NSCA: Elevate your career in strength and conditioning and related sports science professions to new heights with a National Strength and Conditioning Association certification. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or NSCA (<https://www.nasca.com/certification-overview/>).

TCEQ: The SHSU Testing Center is a CBT testing site for the Texas Commission on Environmental Quality (TCEQ) Occupational Licensing examinations. Additional information about TCEQ exams can be obtained by visiting the Testing Center (<http://www.shsu.edu/centers/testing-center/>) or TCEQ. (<https://www.tceq.texas.gov/>)

TCFP: The Texas Commission on Fire Protection offers certifications for those interested in becoming certified fire protection professionals. The commission encourages certified fire protection personnel to continue to develop their skills throughout their careers by offering higher-level certificates. Additional information may be obtained by visiting the Testing Center (<https://www.shsu.edu/centers/testing-center/>) or TCFP. (<https://www.tcfp.texas.gov/services/certifications/>)

TEXES: The Texas Examinations of Educator Standards (TEXES) are criterion-referenced examinations designed to measure a candidate's knowledge in relation to an established criterion. Additional information may be obtained by visiting the Testing Center (<http://www.shsu.edu/testing/>) or TEXES. (<http://tx.nesinc.com/>)

Distance Education Exams

Sam Houston State University Testing Center offers proctoring services to administer distance education exams for other institutions and agencies. Additional information may be obtained by visiting the Testing Center (<http://www.shsu.edu/testing/>).

Alumni Relations and Development

The **SHSU Alumni Association** exists to support and promote the University and represent the interest of over 140,000 alumni and friends. The alumni association is an important part of an integrated advancement effort to communicate with graduates and former students and engage them with the university.

Located in the John R. Ragsdale Alumni Center, the role of the Alumni Association has expanded significantly, becoming an integral part of the University campus community while serving as a bridge to both local and national communities. The Alumni Association's programs and activities are developed and planned in consultation with an alumni association board of directors.

The Association sponsors the annual Distinguished Alumni Gala for Distinguished Alumni, Outstanding Young Alumni and Service Award recipients, the annual Life Member Celebration, Homecoming activities, tailgate parties, regional alumni clubs and gatherings, newsletters, scholarships, student programs, and the official university class ring program. It provides opportunities for alumni to participate in community service projects, raising scholarship funds, legislative advocacy, and joining with other graduates in alumni activities across the country.

Alumni Association membership is open to all graduates, former students, parents, faculty, staff, and friends of Sam Houston State. For additional information, please call (936) 294-1841 or visit Alumni Association (<http://www.shsu.edu/dept/university-advancement/>).

SHSU has honored its historical roots by providing students with an excellent education. We continue to be able to do this thanks to the financial support of alumni, friends, faculty and staff, parents, corporations, and foundations who are part of SHSU's powerful giving community. Gifts help bridge the gap between education costs and tuition income so that we can meet critical needs such as student scholarships, equipment, technology, and academic program enrichment.

Donors may make a gift online at SHSU Giving (<https://www.shsu.edu/dept/university-advancement/donate.html>). For information about providing support for the University through an annual, major, or planned gift, please contact:

University Advancement
Box 2537
Huntsville, TX 77341-2537

Athletics

Competing at a high level in 17 NCAA Division I sports, Sam Houston State University brings the fun and excitement of intercollegiate athletics to the Huntsville campus.

The Bearkats have become a fixture on national television sports networks including ESPN, ESPN2, ESPN3, CBS Fox Sports and Comcast.

Sam Houston competes as a member of the Southland Conference. The Bearkats have won 46 league championships since joining the league in 1988. The Kats have represented the league in NCAA Division I post-season play 28 times. Recent successes have included five consecutive appearances in the NCAA Division I Football Championship semifinals. Sam Houston played in the football championship finals in 2011 and 2012.

The Bearkat women's bowling team brought Sam Houston its first NCAA Division I national championship with a victory over Nebraska in 2014. The baseball team has earned NCAA regional playoff berths three of the last four years.

With 32 Southland Conference championships since 2000, Sam Houston stands as the only team in league history to win SLC Commissioner's Cup trophies three years in a row and is the only current member to earn the league's all-sports title five times. The trophy is awarded annually to the overall athletic program ranked as the best in the league.

The Bearkats play a nationally competitive schedule in all sports with games against top teams from the Big 12 and SEC including Texas A&M, Baylor, Texas, LSU and Arkansas.

Each of the past six seasons, Sam Houston and Stephen F. Austin have played their annual "Battle of the Piney Woods" rivalry game at NRG Stadium in Houston, putting more than 25,000 fans in the seats at the NFL Texans' venue annually.

Men's intercollegiate sports at Sam Houston include baseball, basketball, cross country, football, golf, indoor track and field and outdoor track and field. Women's sports are basketball, bowling, cross country, golf, indoor track and field, outdoor track and field, soccer, softball, tennis and volleyball.

Sam Houston student-athletes are just as successful in the class room as on the playing field. The overall grade point average for the more than 400 Bearkat student-athletes annually is a mark higher than the general student population at the university. Seven of the last eight semesters, the department's GPA has been 3.0 or higher including a record 3.22 GPA in the fall semester of 2015.

Bearkats have been recognized as the outstanding student-athlete in their individual sports by receiving the Southland "Student-Athlete of the Year" award 23 times in the past nine years.

Sam Houston boasts one of the finest athletic complexes in the Southwest. Home athletic events are held at Elliott T. Bowers Stadium (football), Bernard G. Johnson Coliseum (basketball, volleyball), Don Sanders Stadium (baseball), Bearkat Softball Complex (softball), Meredith and Miriam York Track and Field Center (track and field), McAdams Tennis Center (tennis), Joseph Pritchett Field (soccer) and the Ron Randleman Strength and Fitness Center.

Recent additions to the athletic facilities include state-of-the-art video/scoreboards at football, basketball, volleyball, baseball and softball games. Each of the athletic venues is located on campus within walking distance of any of the residence halls.

Sam Houston students are admitted to all home regular season athletic events on presentation of a current and valid Bearkat OneCard. Simply swipe your Bearkat OneCard at the designated student gates the day of the event for admission. Bearkat OneCards must be active and you must be currently enrolled.

News, schedules, ticket information and opportunities to watch live video of Bearkat sports events are available at SHSU Athletic (<https://gobearkats.com/>).

Bearkat OneCard Services

The Bearkat OneCard is the official ID card of Sam Houston State University. The OneCard is an all-in-one student ID which has been designed to be an efficient, multi-purpose card. It provides students easy access to University facilities and services. To ensure campus security, it is required that all students obtain and activate a Bearkat OneCard for campus identification.

The Bearkat OneCard is required for:

- Meal Plans
- Bearkat Bucks (on-campus dining dollars)
- Assigned Residence Hall
- Entrance to Athletic Events
- University Sponsored Functions
- Recreational Sports Facility
- Kat Klub
- Newton Gresham Library Services
- Managing Refund Preferences
- Managing Student Payroll Preferences
- Bearkat Course
- Student Health Center
- Student Account Services (Bearkat OneCard and Cashiering Services)
- Financial Aid Office
- SAM Center (Student Advising)
- Career Services
- Campus Departmental Identification

To obtain a Bearkat OneCard students MUST:

- Have a photo taken in the Bearkat OneCard Office or request your OneCard (<https://www.shsu.edu/dept/bearkatone/>) online. It is mandatory to present a valid state or government issued photo ID in order to request a Bearkat OneCard.
- Have a valid and current domestic address on file with the University.
- Be currently registered for classes.

Once these steps have been completed, the Bearkat OneCard will be mailed to the current address on file with the University. Upon receipt, the OneCard must be activated at Bearkat OneCard (<https://bearkatone.vibeaccount.com/>) for on-campus usage. Students will also select a refund and payroll preference when activating their OneCard online. Students have the following options for receiving refunds and payroll:

- Electronic deposit to an existing checking or savings account
- Electronic deposit to the VibeAccount

Note – Refund and Payroll preferences may be different.

The VibeAccount is an optional, internet-only, FDIC-insured checking account linked to the Bearkat OneCard. The Bearkat OneCard can be used as a DEBIT Mastercard if the VibeAccount is opened and funds are deposited into the account. Students may choose to open the VibeAccount when activating their OneCard; however, students are not required to open this optional account. Please, visit Account Fee Schedule (<https://bearkatone.vibeaccount.com/studentaccount/feeschedules.do>) for more information related to the terms and conditions of this account.

Student Account Services (SAS) provides assistance taking ID photos, activating cards, and providing information related to student refund and payroll disbursements. SAS also provides passport photos, specialty badges/credentials as well as assists with event tracking for campus events. Passport photos are provided to faculty, staff and students free of charge. For more information, please visit our office in the Estill Building, Suite 103, contact us by phone at (936) 294-2273, or visit Bearkat OneCard Services (<https://www.shsu.edu/dept/bearkatone/>).

Career Services

The Career Success Center Mission: *Preparing students for the career of their choice.*

The Career Success Center Vision: *Collaborating for Career Readiness & Connecting Students to Careers.*

The Career Success Center assists students, graduates, and alumni in their search for employment based on their interests, skills, academic preparation, and personal aspirations. Opportunities and resources are provided to assist students in learning about and developing career readiness and ultimately obtaining a rewarding career.

Specific services and resources include:

- BEARKATS GET HIRED (<https://www.shsu.edu/dept/career-success-center/bearkatsgethired.html>) for Student Employment, Internships, Part-time and Full-time Job Postings
- Career Exploration & Planning
- Career Readiness Roadmap
- Career/Internship Fairs
- Résumé & Cover Letter Writing Assistance
- Mock Job & Internship Interviews
- Networking/Employer Information Resources
- LinkedIn Profile Assistance
- Professional Headshots
- Career-Related Workshops/Panels
- Campus Interviews with Company Recruiters
- Reba Bock Career Closet

The Career Success Center is located in the Academic Building IV, Suite 210. You can contact the Career Success Center by calling (936) 294-1713, emailing (careersuccesscenter@shsu.edu) us or by visiting our website: Career S (<https://www.shsu.edu/dept/career-success-center/>)uccess Center (<https://www.shsu.edu/dept/career-success-center/>).

Counseling Center

Counseling Services

The SHSU Counseling Center provides individual, couples, and group therapy to students who are currently enrolled. Our mission is to provide service within the university environment that contributes to the academic success, personal growth, and positive social contribution of Sam Houston State University students. We embrace a student-oriented philosophy and we are committed to the development of the student as a whole person.

To participate in Counseling Center services you must be a currently registered student. A registered student can initiate services via phone anytime between 8:30am-11am and 1pm-2:30pm. No appointment is needed for this initial appointment. During this initial 20 minute screening students will have an opportunity to discuss their presenting concerns and the clinician will match them to an appropriate counseling center service.

The SHSU Counseling Center offers a number of different options to help students enhance their well-being. Your clinician believes that some of these options may be especially helpful in meeting your own goals.

Your clinician may recommend one or more of the following service modalities:

Workshops (<https://www.shsu.edu/dept/counseling/c-o-p-e-workshops.html>) – Workshops are tailored to address common concern of college students. Workshops are conducted year round on stress management, anxiety, mood management, relationship success, better sleep, mindfulness and general adjustment. Workshops are offered at various times throughout the semester and require no advance registration.

Group (<https://www.shsu.edu/dept/counseling/group-counseling.html>) - Group therapy offers a unique opportunity to build community, explore your needs, share your experiences, offer support to others, and develop strategies to combat many different problems.

After Hours Helpline - Students can seek after hours support by speaking to one of our trained volunteers on our after hours Helpline at 936-294-4111, M-Th, 4-9pm during fall and spring semesters.

Brief One on One Counseling

Single Session – Single sessions are designed to address specific concerns in one single session. These sessions are designed to be goal oriented and solution focused.

Individual Counseling (<https://www.shsu.edu/dept/counseling/individual-therapy.html>) & Couples Counseling (<https://www.shsu.edu/dept/counseling/couples-counseling.html>) – Brief counseling sessions (45-50 minutes) provides an opportunity to work collaboratively with a clinician

toward resolving matters that are systemic in nature. Counseling sessions are scheduled at various intervals (weekly, bi-weekly, monthly) based on treatment goals.

Consultation – Consultation provides an opportunity to address unique concerns related to treatment, referral, and access to resources. Consultation is a useful way to gather information and formulate next steps toward reaching one's goals. Consultation may also be used to explore ways one might be supportive to a friend or member of the university community in need of mental health services.

Case Management & Referral – Case management services can assist students who need assistance connecting with outside providers and students who need help navigating community resources.

Virtual Health Services - SHSU Counseling Center is now partnered with Timely Care to deliver a new virtual health and well-being platform for students. Through either a mobile app or your desktop, Timely Care provides 24/7 access to virtual care at no cost! Visit timelycare.com/SHSU (<https://nam12.safelinks.protection.outlook.com/?url=https%3A%2F%2Ft.e2ma.net%2Fclick%2Fxbbisj%2Fxfurfol%2Fpgdoy&data=05%7C01%7Csys003%40shsu.edu%7C35f37c34f8e344a2632e08dbe14abd96%7Cb153cbd8b39247449b39e3cdb8677f00%7C0%7C0%7C638351483351532652%7CUnknown%7CTWFPbGZsb3d8eyJWljoic4wLjAwMDAiLCJQIjoiV2luMzliLCJBTEil6lk1haWwILCJXVCi6Mn0%3D%7C3000%7C%7C&sdata=cvxz7p3Xfb5yek5WdPUX2dPjoWHegy%2B98vJG2owwniw%3D&reserved=0>) or download the TimelyCare app from your app store and register with your school email address. You can then start visits from any web-enabled device – smartphone, tablet, laptop, or desktop.

The Counseling Center is located on the second floor of the Powell Student Health and Counseling Center, conveniently located next to Old Main Market. Visit or call (936) 294-1720. The Counseling Center is open Monday through Friday between 8:00 a.m. and 5:00 p.m., with additional evening hours during the Fall and Spring semesters. For more information, visit the Counseling Center's website (<http://www.shsu.edu/dept/counseling/>).

Dean of Students' Office

The Dean of Students' Office provides premier student and family support services and programs with a focus on student success, access, engagement, and retention. Through restorative practices, our department provides holistic student support, as well as opportunities for leadership, development, and community engagement. Our parent programs support parents, families, and supporters of students by building community, parent connection and engagement, and scholarship opportunities. To provide a safe community experience each student is responsible for compliance with the Student Code of Conduct (<https://www.shsu.edu/dept/dean-of-students/student-code-of-conduct.html>).

Contact Information:

Location: Lowman Student Center, Suite 210

Phone: 936-294-1785

Email: doso@shsu.edu

Web: [shsu.edu/doso](https://www.shsu.edu/dept/dean-of-students/) (<https://www.shsu.edu/dept/dean-of-students/>)

First-Generation Center

The SHSU First-Generation Center (FGC) exists to support student success and student access. The FGC was established on June 6, 2022 and is dedicated to helping first-generation (FG) students and their families navigate their university experience. A student is considered first-generation if neither parent nor guardian earned a bachelor's degree in the United States. Approximately 52% of SHSU students are first-gen students!

Located in the Newton Gresham Library, rooms 212-214, the FGC connects and engages the FG population to university resources and services while it enhances an inclusive environment that promotes a sense of belonging and empowers first-generation students to succeed (*Proud to be First-Generation*). It also identifies, develops, and strengthens relationships with FG alumni, community groups/organizations, and other entities with a significant FG focus to support FG students. The vision of the FGC is for FG students to gain a sense of community, have a transformative experience, and complete a bachelor's degree, AND for SHSU to become the leader in FG student success.

The FGC also leads all FG initiatives and hosts events and programs to support FG students throughout the academic year. For additional information, please call (936) 294-3006 or visit our FGC website (<https://www.shsu.edu/dept/firstgen/>).

Health Center

Student Health Services at SHSU are comprised of the Student Health Center and the Student Wellness Office.

The Student Health Center, located at the corner of Avenue J and Bearkat Boulevard, provides comprehensive medical services, health education, and health related events to currently enrolled students. The Health Center is open from 8:00 a.m. to 5:00 p.m., Monday through Friday for the full Fall, Spring, and Summer semesters. We are closed on official University holidays.

The Health Center is a primary care medical office for SHSU students that provides office visits for routine illness and minor injuries, gender specific care, sexual health services, allergy injections and immunizations. The center also has laboratory services, and a pharmacy (offering both prescription and over the counter items).

The cost of office visits is covered by the Medical Service Fee paid each semester as part of the tuition and fees. This fee allows a student to schedule as often as needed throughout that semester for medical services. Any additional fees for laboratory tests, prescription drugs, and certain procedures and supplies will be charged to the student's cashiers office account and are expected to be paid once posted. These charges are at greatly discounted rates. The Student Health Center does not bill any medical insurance policies except the policy provided for purchase through SHSU, Academic Health Plans.

Medical staff at the Health Center is comprised of Medical Doctors, Nurse Practitioners, Physician Assistants, Licensed Vocational Nurses and Registered Nurses, Medical Assistants, Medical Technologists, Pharmacist and Pharmacy Techs and a dedicated front office staff.

The Health Center prides itself in its continued accreditation by the Accreditation Association for Ambulatory Health Care (AAAHC). Accreditation means that the clinics operations meet or exceed rigorous standards of quality compared to other primary care offices across the nation.

In the case of on-campus medical emergencies, Emergency Medical Services (EMS) 911 should be called.

Please visit the Health Center (<https://www.shsu.edu/dept/student-health-center/>) website for more information on our services. You can also find the link to your Patient Portal on our webpage that allows you to schedule appointments online, receive testing results and messages from your medical providers and submit forms to the Student Health Center. If you would like to learn more about our student wellness office and health education services, please visit our Student Wellness (<https://www.shsu.edu/dept/student-health-center/health-promotion/>) page or follow us on social media pages: @shsuwellness and @shsushc

Please call (936) 294-1805 for any additional information about Student Health Center services. Our team looks forward to serving you as we carry out our mission to keep you healthy and support your academic success!

International Programs

The Global Engagement Center (GEC) promotes and coordinates international activities at Sam Houston State University, including the recruitment and retention of international students and study and travel abroad of SHSU students, faculty and staff. GEC is the primary contact for F-1 international students at the SHSU, and the staff provides assistance and information to international visitors.

GEC staff assists with immigration rules and regulations for international students, faculty and staff. GEC also provides various support services for international students and visitors such as initial airport pick-up, cultural events, and activities-both on campus and off campus. SHSU has an active International Student Organization with both international and domestic student members.

Sam Houston State University offers opportunities for study on exchange programs and faculty-led programs in numerous countries across the globe. In addition, the university is affiliated with 5 of the country's top Study Abroad providers, allowing students to participate in a wide variety of study abroad programs while utilizing their financial aid. Scholarships are available for those who qualify.

SHSU is also a member of the the National Student Exchange (NSE). NSE provides accessible collegiate study away to undergraduate students at over 170 member institutions in the United States, Canada, Guam, Puerto Rico, and the U.S. Virgin Islands. GFO staff work with SHSU students applying for competitive honors and awards from around the globe. We offer information sessions for many scholarships and provide one-on-one help throughout the application process.

Visit or call the GEC (<https://www.shsu.edu/dept/global-engagement/>) in Farrington Building, Room 116, telephone (936) 294-4737.

James and Nancy Gaertner Performing Arts Center

Opened in fall 2010, the Gaertner Performing Arts Center is a showcase for artistic talent and creative works, serving the community and the region. It serves as a world-class academic facility for students in the College of Arts & Media.

James and Nancy Gaertner Performing Arts Center Features

- 800-seat concert hall
- 175-seat recital hall
- 150-seat dance theatre
- Outdoor performance space
- Dance studios
- Practice rooms
- Dressing rooms
- Audition areas

- Scene shop for set construction
- Costume shop
- More than 90,000 square feet of total space

Public Art in the James and Nancy Gaertner Performing Arts Center

The central lobby of the Gaertner Performing Arts Center showcases original public art by internationally known artists and sculptors. Seven installations were commissioned for the building by Joe Akers, Kathleen Ash, Rebecca Finley, Jason Lawson, Jesús Morales, and Tim Prentice and Charles Pebworth.

Events in the James and Nancy Gaertner Performing Arts Center

The extensive events calendar for this spectacular performance space and for the College of Arts and Media in general can be accessed at College of Arts & Media. (<https://www.shsu.edu/academics/arts-and-media/news-and-events/events-and-ticket-information/>)

Lowman Student Center

Lowman Student Center

The Lowman Student Center (LSC) proudly serves as your "Living Room on Campus" by providing a safe, welcoming, and engaging environment. With recently expanded and renovated spaces, over 1 million students, faculty, staff, administrators, alumni, and guests frequent the LSC annually. The LSC is committed to providing the university with services, conveniences, and amenities in an engaging and innovative environment.

Contact Information

LSC Office Main Number: 936.294.1759

LSC Information Center: 936.294.4902

LSC Kat Klub (game room): 936.294.3462

LSC Twitter, Facebook, Instagram, Snapchat: @SHSULSC

LSC Office email: lsc@shsu.edu

LSC operational hours may be found on the Lowman Student Center (<https://www.shsu.edu/dept/lowman-student-center/>) website.

Services

The LSC is home to the Kat Klub (game room with bowling alley), University Bookstore, and Paw Print Food Court. Current LSC information can be found by visiting the Information Center.

Spaces

The LSC is a 225,000 sq. ft. facility, supported by state-of-the-art theatrical lighting and audio/video systems, that hosts over 8,000 events annually in the following spaces:

- **Orange Ballroom** (10,000 sq. ft.) and **White Ballroom** (8,000 sq. ft.) suitable for banquets, dances, concerts, conferences, and other large event gatherings.
- **Theater** space providing seating for 360 (plus 6 ADA) is ideal for lectures, video presentations, seminars, educational, and entertainment programs.
- **Conference Rooms** of varying sizes that can accommodate groups ranging from 12 to 200 people.
- **Kat Klub (game room)** offers bowling, billiards, table tennis, video games, a tavern, and several TV screens in a fun, friendly environment where students, faculty, staff, and guests can gather. Join us in the Kat Klub for relaxing, lounging, and gaming with friends!

- **Mother's Room** which features lockers for individual use, comfortable seating, hot and cold water, a baby changing station, cleaning supplies, dimmable lights, electrical outlets, a mini refrigerator for milk storage, and a secure, lockable door. See Information Center for access.

Museum, Sam Houston Memorial

The Sam Houston Memorial Museum, established in 1936 as a Texas centennial project, is an integral part of Sam Houston State University and is dedicated to preserving the memory of General Sam Houston (1793-1863). A soldier, statesman and politician, the only man to serve as governor of two states and president of an independent republic, Sam Houston led the fight for Texas' independence and then served Texas as President, U.S. Senator, and Governor. Located on fifteen acres, the museum complex preserves three fully furnished original Houston buildings - Woodland Home, Steamboat House, and Law Office - as well as a kitchen, blacksmith shop, and Guerrant, Roberts-Farris and Bear Bend log cabins.

The Memorial Museum Building houses the major collection of Houston memorabilia and exhibits. The Katy & E. Don Walker, Sr. Education Center is named for a distinguished alumnus of Sam Houston State University and his wife, and provides auditorium, classroom, and meeting spaces, including the W. S. Gibbs Conference Hall, as well as a gallery for traveling exhibits. The 'Wigwam Neosho,' the museum store and gift shop, is housed in a large log building on the Museum grounds. The museum offers many educational opportunities for Sam Houston State University students. These include semester- and year-long internships, with both undergraduate and graduate exploring a variety of museum study options. We also provide several part-time student jobs, tours, and research and writing programs using archives, manuscripts, and artifacts. Programs and lectures are held throughout the year. Classes as diverse as history, biology, political science, and art use the Museum and grounds as a laboratory, studio, and classroom.

In 2017, the 85th Legislature of the State of Texas approved a resolution for the creation of the Sam Houston Republic of Texas Presidential Library at Sam Houston State University. This resolution honors Sam Houston's contributions in shaping the state as well as his serving as the first and third president of the Republic of Texas. In August of 2022, the Texas State University System Board of Regents approved the Sam Houston Memorial Museum to change its name to the Sam Houston Memorial Museum and Republic of Texas Presidential Library.

The museum complex is located at the corner of Sam Houston Avenue and 19th Street and can be reached by calling (936) 294-1832 or by visiting Sam Houston Memorial Museum (<http://samhoustonmemorialmuseum.com/>).

Print Services

Sam Houston Print Services is the University's in-house printing and copying facility. Copying, binding, faxing, and printing services are offered to students, student organizations, faculty, and departments at Sam Houston State University.

Sam Houston Print Services (<https://www.shsu.edu/dept/marketing/press.html>) is located at 1831 University Ave, on the first floor of the Thomason Building, Suite 101. The facility is open from 8:00 a.m. to 5:00 p.m., Monday through Friday. For information or to arrange an appointment for placing an order, please, call (936) 294-1856 or (936) 294-1768.

Public Safety Services, University Police, and Parking & Transportation Office

University Police Officers

University Police Officers are licensed peace officers as defined under the laws of the State of Texas and thereby have the authority of peace officers. Their primary jurisdiction, under H.B. 391, includes all counties in which property is owned, leased, rented, or otherwise under the control of Sam Houston State University.

The University Police Officers subscribe to the Law Enforcement Code of Ethics, a portion of which reads, "As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all citizens to liberty, equality, and justice." In this endeavor, the University Police earnestly solicit the support of the faculty/staff and students. Many officers are students thus providing a balance within Public Safety Services from a student's perspective.

In addition to University regulations, all the general and criminal laws of the State and the United States are declared to be in full force and effect within the properties of Sam Houston State University. All persons are responsible for compliance with these laws.

All thefts, vehicle accidents, or other criminal offenses that occur on campus should be reported immediately to the University Police. The Charles W. Tackett University Police Building is located at 2424 Sam Houston Avenue (Sam South Complex) —Telephone Number (936) 294-1800. Police Officers are on duty 24 hours every day. The business office hours are 7:30 a.m. until 4:30 p.m., Monday - Friday.

Campus Safety. Sam Houston State University offers a variety of services to promote a safe campus environment. The campus is equipped with emergency call boxes stationed at strategic locations throughout the campus to include parking lots, walkways, and residence halls. Additionally, the University Police provide staff to escort students not wishing to walk alone at night to and from campus buildings and parking lots. Students wishing to learn more about personal safety and self defense may take advantage of programs offered by the University Police Department. For more information, call (936) 294-1800 (Emergency 936-294-1000).

Emergency Management

The campus Emergency Management disseminates critical emergency response information that includes text messages, voice calls, emails, desktop alerts, social media messaging, and loudspeaker announcements. For preparedness, the campus maintains an emergency preparedness website

and a cell phone/tablet application with essential training information in checklist form and situational videos for the campus community to include access for visitors on campus. This information is available at KatSafe. (<https://www.shsu.edu/katsafe/event-preparation/katsafe-communications-instructions/>)

Parking & Transportation

Parking. Students, full - or part-time, who operate or expect to operate a motor vehicle, motor cycle, or motor-assisted cycle on University property, regularly or occasionally, are REQUIRED to register the vehicle with the Department of Public Safety Services and obtain an electronic parking permission assigning a designated area of parking. The University reserves the right to require proof of ownership of the vehicle being registered. Parking and Traffic Regulations and Information governing the operation of motor vehicles is issued via internet hyperlink at the time of the electronic parking permission purchase and is available for download or view from Parking and Transportation (<https://www.shsu.edu/dept/public-safety/parktrans/>). Failure to read the regulations is not an excuse for failure to comply with the university parking rules and regulations. Vehicles found in violation are subject to applicable fines as well as tow and impound.

Campus Recreation

The Mission of the Department of Campus Recreation is to advance and enrich the collegiate experience. The community, leadership, and wellbeing skills established through involvement in recreation are some of the most valuable parts of the college experience. Studies have shown that students participating in campus recreation stay in school and do better academically.

To see more about the Campus Recreation programs and services, view our orientation video here (<https://youtu.be/RpkxCJuMakM/>). You can also find more information by downloading the SHSU Rec Sports App through the Apple App Store (<https://apps.apple.com/nz/app/shsu-recreational-sports/id1440068155/>) or Google Play (https://play.google.com/store/apps/details?id=com.innosoftfusiongo.samhouston&hl=en_US&gl=US).

Facilities

Facilities managed by the Department of Recreational Sports include:

- Campus Recreation (<http://www.shsu.edu/dept/recreational-sports/facilities/facilities.html>) Center
- McAdams Tennis Complex (<http://www.shsu.edu/dept/recreational-sports/facilities/facilities.html>)
- Pritchett Field Sports Complex (<http://www.shsu.edu/dept/recreational-sports/facilities/facilities.html>)
- Holleman Field Sports Complex (<http://www.shsu.edu/dept/recreational-sports/facilities/facilities.html>)
- Intramural Sports Fields (<http://www.shsu.edu/dept/recreational-sports/facilities/facilities.html>)
- Sand Volleyball Courts (<http://www.shsu.edu/dept/recreational-sports/facilities/facilities.html>)
- University Camp. (<http://www.shsu.edu/dept/recreational-sports/facilities/university-camp/camp-facilities.html>)

The Rec Center houses a 34' climbing wall, a 10,000 ft² weight room with a cardio area, several multipurpose rooms and fitness studios, and an outdoor heated swimming pool. New additions in 2023 include two multipurpose rooms, a functional training area, expanded cardio space, and a full-size competition gym. This expands upon the original four basketball courts, two multi-purpose rooms, a 1/8-mile indoor running track, nine racquetball courts, functional training area, and a supplemental weight room. Next to the Rec Center, there are three Intramural Sports Fields and two Sand Volleyball courts. Campus Recreation uses these facilities for Intramural Sports, Informal Recreation, and Special Events. Just up the hill is the McAdams Tennis Complex, an outdoor tennis venue with eight tennis courts. The Pritchett Field Sports Complex and Holleman Field, home to our Club Sports program, include two athletic fields (one grass and two turf) and an outdoor running track.

The University Camp (<http://www.shsu.edu/dept/recreational-sports/facilities/university-camp/camp-facilities.html>) is a one-of-a-kind recreation and retreat facility located 15 minutes northeast of campus. Booked through group reservations, members of the SHSU community can spend a day canoeing on the water, fishing, hiking, biking, challenging themselves on the low or high-ropes challenge courses, hosting a gathering in the dining hall and lodge, or just enjoying a picnic by the lake. Groups may also reserve cabins for overnight retreats.

Programming

As a student, you will enjoy the Informal Recreation (<http://www.shsu.edu/dept/recreational-sports/>) program by participating in self-directed activities such as drop-in basketball, weight-lifting, cardio, racquetball, or swimming. The Aquatics & Safety (<http://www.shsu.edu/dept/recreational-sports/programs/aquatics-and-safety/aquatics-and-safety.html>) program offers lifeguard and CPR classes, swimming lessons, and open swimming. The seasonally heated pool has four 25-yard lap lanes and a leisure area for water sports or merely relaxing in the sun. The Fitness Program (<http://www.shsu.edu/dept/recreational-sports/programs/fitness/fitness.html>) offers comprehensive wellness programming for the Bearkat community. Programs include group fitness classes, yoga, personal training, nutrition consultations, and instructor training. The Intramural and eSports (<http://www.shsu.edu/dept/recreational-sports/programs/intramural-sports/intramural-sports.html>) programs offer a variety of team, dual, and individual activities with both competitive and recreational divisions. The Club Sports (<http://www.shsu.edu/dept/recreational-sports/programs/club-sports/club-sports.html>) program comprises recognized student organizations established to promote and develop common sport- and/or recreation-related interests. Volunteer student leaders organize, administer, and compete in our active clubs. Outdoor Recreation (<http://www.shsu.edu/dept/recreational-sports/programs/outdoor-recreation/outdoor-recreation.html>) is a multifaceted program comprising six primary areas; Trips, Workshops, the Climbing Center and bouldering area, equipment rental (tents, sleeping bags, kayaks, etc.), Bearkat Camp (<http://www.shsu.edu/dept/recreational-sports/programs/bearkat-camp/bearkat-camp.html>) (a four day, three-night experience for incoming freshmen and transfer students), and the 345-

acre University Camp and retreat center. The department also provides many employment opportunities for students who are interested in part-time work. Rec Sports employs over 300 students (https://shsu.co1.qualtrics.com/jfe/form/SV_0052Qm8ghroUmQR/) annually in the areas of intramural officiating, facility supervision, aquatics, marketing, outdoor recreation, and fitness. For more information about any of these Campus Recreation activities, please, stop by the administrative offices on the second floor of the Campus Recreation Center, call (936) 294-1985, download the SHSU Rec Sports App, or visit the C (<https://www.shsu.edu/dept/recreational-sports/>)ampus Recreation website.

Residence Life

The Department of Residence Life operates a variety of residence halls, including apartments for upperclassmen. Upon acceptance to the University, all students who are required to live on-campus their first year will be mailed a housing brochure. This brochure provides many details of the residence life program at Sam Houston State University, including information regarding specific residence halls, applicable rates, and some policies. Students can also visit Residence Life (http://www.shsu.edu/%7Ehou_www/) or call (936) 294-1812.

A person may not live in University housing unless enrolled in classes at SHSU for each particular semester.

Application for housing may be made via the website once the student has been accepted to SHSU. A deposit of \$200 is required with the application for housing. Assignments are made on a space-available basis according to the date of deposit. The housing contract will be in effect and must be adhered to for the full academic year.

Should a student become unable to fulfill a reservation, a refund may be made under certain conditions. Please refer to the Housing Application/Contract Terms and Conditions for specific details regarding refunds which are determined by the date the cancellation is received. Students may pay for housing in full at registration or in an installment arrangement, in accordance with the policies set forth by the University Bursar.

University residence halls are closed during the academic breaks between semesters. Students who have a future reservation with SHSU may stay in the residence hall during these periods for an additional fee.

Bearkat Village Apartments

The University maintains two-bedroom, fully furnished apartments for upperclassmen. The apartments are located on Montgomery Road across from Bowers Stadium. All residents must be enrolled in the University.

Copper Village Apartments

The University maintains one-bedroom and two-bedroom, fully furnished apartments for upperclassmen. The apartments are located on Sycamore Avenue across from The Don Sanders Baseball Stadium. All residents must be enrolled in the University.

First-year Students Required Housing And Meal Plan Policy

All students who have graduated from high school within the current or previous calendar year are required to reside in University housing and to purchase a meal plan for their first year, which will normally include the fall and spring semesters. For example, a May or June 2024 graduate will be required to reside on-campus Fall 2024 and Spring 2025 semesters. Anyone signing an academic year housing/meal plan contract will be required to fulfill the terms of that contract. Exceptions to the First-Year Required Housing and Meal Plan Policy may be made by the Department of Residence Life if:

1. residence in University housing will impose a significant hardship, financial or otherwise; or
2. the student is married and living with his/her spouse; or
3. the student commutes from the home of his/her parents, grandparents, or a brother or sister within a 60 mile radius from the SHSU campus; or
4. the student is a veteran of military service.

The student must provide documented evidence to warrant consideration for a waiver of this requirement. A denial of this request may be appealed to the Director for Residence Life Business Operations. Charges for both services will be added to the student's account until approval for the waiver is obtained. Any student who does not comply with the above policy will be subject to disciplinary action as specified by the Code of Student Conduct as published in *Student Guidelines*.

Default housing (\$3,000 placeholder for rent charges) and Dining (All Access Plan) will be added to all students required to live on-campus for both Fall and Spring semesters. These charges will be removed with approved waiver or assignment to an on-campus booking. Waivers must be received by the 8th class day of the semester. Any waivers received after the 8th class day will only be reviewed in extenuating circumstances, and no request will be reviewed after the close of the requested semester.

Students may apply for an on-campus housing/dining waiver by accessing the Housing Portal in MySam Students tab. In the Housing Portal, students will locate Forms tab and choose "Request for Waiver of First-Year Housing Policy," complete all requested information and supply additional documentation as requested. Any student denied a waiver will have 10 business days to request an appeal.

Dining Service for Residential Students

All students (regardless of classification) who reside in the residence halls will be required to purchase a University Resident Meal Plan (All Access, 15 Meals per Week, 10 Meals per Week (*Sophomore status and above only). All of these meal plans include "Bearkat Bucks," which can be used in lieu

of cash at any food related establishment on campus. Meal plan contracts are valid for the entire academic year. Rates and additional information are available from the Department of Residence Life. Students who reside in Bearkat Village Apartments or Copper Village Apartments will not be required to purchase a Resident meal plan.

Dining Service for Non-Residential Students

Students who do not reside on campus have the option to purchase any meal plan available (All Access, 15 Meals per Week, 10 Meals per Week (*Sophomore status and above only), 72 Meals per Semester (Bearkat Value Plan), 32 Meals per Semester (Bearkat Lite), or Bearkat Flex Plan. All of these meal plans include "Bearkat Bucks," which can be used in lieu of cash at any food related establishment on campus. Meal plan contracts are valid for the entire academic year. Rates and additional information are available from the Department of Residence Life.

Bearkat Bucks

Bearkat Bucks, welcome at any ARAMARK managed campus dining facility, is a declining balance account in which a minimum of \$25 is deposited, and the cash price of food purchases are deducted from the balance. Money deposited in a students' Bearkat Bucks can be used in lieu of cash at any food related establishment on campus. All purchases are non-refundable and any unused Bearkat Bucks will be lost at the completion of the 2nd summer session.

Summer Housing

The buildings that are open for summer school housing vary from year to year because of renovation and maintenance schedules. Assignments are made according to date of deposit.

Services for Students with Disabilities

Services for Students with Disabilities (SSD) provides academic adjustments and auxiliary aids and services for students with documented mental or physical impairments that substantially limit one or more major life activities. To apply for services, students must register with SSD, participate in a disability intake, and submit current documentation from a qualified professional indicating the presence of a substantially limiting impairment.

Accommodation decisions are made on a case-by-case basis, as supported by the student's documentation and educational needs. For additional information on the SSD documentation guidelines, procedures for requesting services, and adaptive technologies available on the SHSU campuses, students are encouraged to visit Services for Students with Disabilities (<http://www.shsu.edu/dept/disability/>) or to contact the SSD Office at telephone (936) 294-3512, TDD (936) 294-3786, or email Disabilities (disability@shsu.edu).

Student Money Management Center

Student Money Management (SMM) is a financial outreach and educational program administered by the Sam Houston State University Division for Strategic Enrollment & Innovation.

The mission of Student Money Management is to help Bearkats achieve financial independence.

The goals of Student Money Management are for students to:

- Learn how to identify and track expenses during and after college;
- Create a financial survival plan for college;
- Graduate with a plan for repaying student loans and personal debt;
- Locate external financial education resources;
- Talk to trained professionals about personal financial decisions and issues in a confidential and comfortable environment;
- Create a personalized budget for the upcoming semester or year at SHSU;
- Learn how to obtain, interpret and understand a personal credit report; and
- Understand employee benefit packages and retirement plans prior to accepting a career opportunity.

Student Money Management offers financial literacy outreach to students in the form of presentations and workshops on a number of financial literacy topics, including but not limited to:

- Budgeting & Saving
- Setting Financial Goals
- Credit
- Student Loan Repayment

Personal Coaching

Student Money Management also offers private, individualized, and **free** financial coaching sessions from certified professionals. Through this financial literacy resource, SHSU students can learn how to gain and maintain financial independence. Coaching sessions with full-time staff members are available by walk-in and appointments through Campus Connect.

For more information, visit Student Money Management (<http://www.shsu.edu/dept/smmc/>) or call 936-294-2600.

Students' Legal & Mediation Services

Mission

We serve currently-enrolled SHSU students by providing them with high-quality legal advice and equipping them with techniques to resolve disputes so they can focus on their educational goals.

Legal Services

Our attorneys (<https://www.shsu.edu/dept/student-affairs/legal/slms-staff/>) advise and counsel students on legal issues that they face. Meetings between a student and an attorney are confidential, as allowed by law. While our attorneys do not represent students in court, they help students better understand their legal issues, rights, and responsibilities, guide students through the legal procedures that they may face, and assist students in productively and proactively dealing with their legal situation.

Types of Legal Issues

Student Legal & Mediation Services can assist students with many types of legal issues, including, but not limited to:

- Rental Agreements and Issues with Landlords
- Contract Drafting and Review
- Background Reports
- Identity Theft
- Business Formation
- Traffic Tickets
- Wills and Powers of Attorney
- Divorces
- Name Changes
- Real Estate
- Demand Letters
- Consumer Protection
- Expunctions and Orders of Nondisclosure
- Copyright and Intellectual Property
- Debt Collection Practices
- Employment-related Issues
- Notary Services

Mediation & Conflict Resolution Training

Student Legal & Mediation Services also provides mediation services and conflict resolution training. When people are in a dispute, a neutral person—the mediator—can help the parties understand the cause of the dispute and help them develop creative solutions to resolve the dispute. Student Legal & Mediation Services has a trained mediator who helps students resolve their conflicts constructively, timely, and confidentially. We've helped students in roommate disputes, family conflicts, and disputes between groups.

Cost

Because Student Legal & Mediation Services is supported by Student Service Fees, there is no cost for a consultation with the attorney or the mediator for currently-enrolled SHSU students who have paid the Student Service Fee.

Location & Making Appointments

Student Legal & Mediation Services is located in the Lowman Student Center (<http://www.shsu.edu/dept/lowman-student-center/>), Suite 327. Consultations are by appointment, either in-person, phone, or by video. Students may make an appointment by calling (936) 294-1717, online at Student Legal & Mediation Services (<http://www.shsu.edu/dept/student-affairs/legal/>), or through Campus Connect (<https://www.shsu.edu/dept/student-success-technologies/campus-connect/>).

Speaker for Student Groups

Student Legal & Mediation Services is also available to speak to SHSU student groups and organizations on legal and conflict resolution topics. Please call (936) 294-1717 to learn more about having us speak to your group.

Conflicts of Interest

Student Legal & Mediation Services is unable to offer legal advice in disputes between Sam Houston State University students or disputes between a student and the university, but our office can refer you to a private attorney.

Student Services, Division of

The role of the Division of Student Affairs is to complement the total educational mission of the University by providing opportunities for students to develop and grow in an academic environment. This is accomplished by offering quality programs and emphasizing the holistic approach in co-curriculum involvement. Studies indicate that learning occurs in an environment conducive to social, recreational, educational, and intellectual interaction. A variety of student service programs are designed to foster such interaction with students, faculty, staff, and the University community. The goal of the division is to contribute to the learning experiences of SHSU students, helping them to become educated, enlightened, and empowered in ways that they can achieve and contribute as productive citizens in their college, community, and country.

The Office of the Vice President for Student Affairs provides administrative leadership, supervision, and coordination for the Division of Student Affairs. The division includes the following departments: Counseling Center, Dean of Students' Office, Student Involvement: Leadership and Service, Lowman Student Center, Campus Recreation, Residence Life, Services for Students with Disabilities (SSD), Campus Activities and Traditions, Student Health Center, and Student Legal and Mediation Services. For more information, visit the website at www.shsu.edu/student-affairs (<https://www.shsu.edu/dept/student-affairs/contact.html>).

Veterans Resource Center

The Veterans Resource Center (VRC) is available to assist students with Veterans Affairs (VA) educational and the Hazlewood Act Waiver. Our office is located in Academic Building III, Suite 110.

Types of VA Educational Benefits:

- Chapter 30 - Montgomery
- Chapter 31 - Veteran Readiness & Employment
- Chapter 33 - Post 9/11
- Chapter 35 - Dependents' Educational Assistance
- Chapter 1606 – Selected Reserve
- Marine Gunnery Sergeant John David Fry Scholarship
- Edith Nourse Rogers STEM Scholarship

Hazlewood Act

The Hazlewood Act is a State of Texas benefit that provides qualified Veterans, spouses, and dependent children with an education benefit of up to 150 hours of tuition exemption, including most fee charges, at public institutions of higher education in Texas. This does not include living expenses, books, meal plan, intercollegiate athletic fee, and the student service fee.

If you would like to apply for one of the VA benefits or Hazlewood Act please contact us at (936) 294-1046, or by email at [Veterans \(veterans@shsu.edu\)](mailto:veterans@shsu.edu).

VetSuccess Counselor

SHSU houses one VA VetSuccess Counselor on its campus. If you are a veteran, active duty military or an eligible family member who attends or plans to attend SHSU, please call or come by to meet with our VetSuccess on Campus Counselor.

SHSU VetSuccess on Campus counselor can help you:

- Manage your education benefits
- Explore vocations and select a suitable major/career
- Elect your healthcare benefits with Veterans Healthcare Administration
- Access, understand and apply for VA benefits (e.g., Disability Compensation, Life Insurance, Education, Home Loan Guaranty, and Veteran Readiness & Employment)
- Get referrals for medical and mental health care
- Get referrals for readjustment counseling services for eligible veterans and their families
- Coordinate with school faculty/staff to provide veteran-specific services (e.g., VA Certifying Official, Career Center, Student Disabilities Services, Counseling Center)

- Find job placement assistance and coordinate with Local Veterans' Employment Representatives (LVER) and Disabled Veterans' Outreach Programs (DVOP)
- Locate community and other resources

Your VetSuccess on Campus Counselor

Roberta Ardoin (roberta.ardoin@va.gov), MHS, CRC
936-294-2263
AB III Suite 110

Visitor Services

Located in the Visitor Center, the Sam Houston State University Visitor Services Department is the front door of the University. Visitors are encouraged to stop into Visitor Services upon arrival to campus to get information to maximize their campus visit, including directions, parking registration, and contact information. Please contact Visitor Services to:

- Schedule (<https://www.shsu.edu/dept/visitors/>) a tour of the campus
- Obtain departmental brochures to assist in educational planning
- Register (<http://www.shsu.edu/saturday/>) for a Saturday@Sam Campus Preview Day

Visitor Services is located at the Bowers Boulevard entrance to campus. Visitors can speak with a SAMbassador, enjoy showcased SHSU memorabilia, and view the university's "story" on video in the state-of-the-art theater.

Saturday@Sam is our bi-annual campus preview day, held in the fall and spring of each year for prospective students and guests. For more information, please visit Visitor Services (<http://www.shsu.edu/visit/>) or contact us at (936) 294-1844.

Department of Theatre and Musical Theatre	Nicholas Graves, M.F.A., Interim Chair nag023@shsu.edu; (936) 294-4033
School of Music	Scott Plugge, D.M.A., Director mus_sdp@shsu.edu; (936) 294-1360

Mission

The College of Arts and Media consists of five outstanding divisions that seek to inspire, educate, and graduate creative artists and media professionals: the Departments of Art, Dance, Mass Communication, Theatre & Musical Theatre, and the School of Music.

The College of Arts and Media offers state-of-the-art facilities, including the James and Nancy Gaertner Performing Arts Center, in which to present unique and cutting-edge programming. Ranging from the traditional to the experimental, students explore new frontiers in all their creative endeavors. Opportunities for study include digital media and film, multiplatform journalism, and public relations; dance techniques, dance production and technology; computer animation, graphic design, painting, sculpture, art history, and art education; music education, music performance and conducting, musicology, and music therapy; theatre performance and design, musical theatre production; and more. Sam Houston State University students in the College of Arts and Media strive to be artists, media experts, and educators in the arts. After graduation, they go on to pursue advanced degrees and a variety of careers in visual art practices, public relations, education, broadcast and media industries, and the performing arts.

Highlights

- Faculty members in the College of Arts and Media are recognized nationally and internationally for their expertise through awards, publications, presentations, and performances.
- Students within the college enjoy a high degree of personalized support and developmental opportunities, including numerous scholarships, ensemble trips, artistic competitions, and international study.
- Over 200 arts events are scheduled on campus throughout the year, including art gallery exhibits, musical theatre performances, dance performances, music concerts and recitals, and theatre productions.
- Departments in the College of Arts and Media annually host state and regional conferences, symposiums, and festivals.

Academic Programs

The College of Arts and Media is comprised of 5 academic units:

- Department of Art
- Department of Dance
- Department of Mass Communication
- Department of Theatre & Musical Theatre
- School of Music

College of Arts and Media Undergraduate Degrees

Major	Degree(s)
Department of Art	
Animation	B.F.A.

Art	B.A.
Graphic Design	B.F.A.
Photography	B.F.A.
Studio Art 2D Track	B.F.A.
Studio Art 3D Track	B.F.A.
Department of Dance	
Dance	B.F.A.
Department of Mass Communication	
Mass Communication with Concentration: Broadcast Production	B.A.
Mass Communication with Concentration: Film	B.A.
Mass Communication with Concentration: Multiplatform Journalism	B.A.
Mass Communication with Concentration: Public Relations and Advertising	B.A.
Mass Communication: Film and Television Production	B.F.A.
Agricultural Communication (with Agricultural Sciences)	B.S.
Department of Theatre & Musical Theatre	
Musical Theatre With Dance Emphasis	B.F.A.
Musical Theatre With Theatre Emphasis	B.F.A.
Theatre - Acting and Directing Emphasis	B.F.A.
Theatre - Design and Technology Emphasis	B.F.A.
Theatre - Theatre Studies Emphasis	B.F.A.
Theatre with Teaching Certification	B.F.A.
School of Music	
Music	B.A.
Music with Concentration: All Level Certification Choral	B.M.
Music with Concentration: All Level Certification Choral-Piano	B.M.
Music with Concentration: All Level Certification Instrumental	B.M.
Music with Concentration: All Level Certification String	B.M.
Music with Concentration: Composition	B.M.
Music with Concentration: Instrumental Performance	B.M.
Music with Concentration: Piano Performance	B.M.
Music with Concentration: Vocal Performance	B.M.
Music Therapy	B.M.

Department of Art

Interim Chair: Rebecca Finley, M.F.A (rlf001@shsu.edu).
(936) 294-1314

Website: Department of Art (<https://www.shsu.edu/academics/art/>)

The Department of Art offers opportunities for creative students to explore and develop proficiencies in many traditional art forms, such as drawing, painting, sculpture, printmaking, ceramics, and photography. New and innovative art forms are also promoted in the Department of Art. Digital media courses are offered in graphic design, animation, photography, and studio art. Traditional and new media programs are supported by the Art History program, which provides concepts in aesthetics and art theory from diverse cultures and time periods.

Mission

The mission of the Sam Houston State University Department of Art is to teach skills, techniques, aesthetic principles and concepts that develop students personally and help to prepare them for professional careers in art and design as well as postgraduate study. We foster a vibrant environment for creative research and collaboration between faculty, students, and the community.

Highlights

All of the degree programs in the Department of Art are accredited by the National Association of Schools of Art and Design (NASAD).

The Department of Art is housed in the Dana G. Hoyt Fine Arts Building with over 70,000 square feet of space devoted to studios, laboratories, lecture halls and galleries. Studios for painting, sculpture, ceramics, printmaking, and photography are equipped with the best tools available for students to develop skills and express ideas. Digital labs maintain state-of-the-art computer equipment for students in graphics, photography and computer animation.

Visiting artists from around the U.S. exhibit their work in the University Art Gallery and give public lectures, workshops, and critiques for students. Individual studio space is available for advanced students in the Studio Art and Photography programs. The department operates the Satellite Gallery, devoted to exhibitions of student work in downtown Huntsville. Students in the Department of Art have the opportunity to take the New York Art Trip every fall and also have study abroad opportunities every summer.

Program Specific Requirements

Studio classes in computer animation, graphic design, photography, and studio art meet six clock hours per week each semester for three credit hours. Art history lecture classes meet for three clock hours per week.

All art students must take W.A.S.H. (ARTS 1313, ARTS 1314, ARTS 1315) as a prerequisite for other art courses.

After completing the Art Foundation courses (see below), students must pass the BFA Portfolio Review to continue in a BFA program. The BA in Art does not require the BFA Portfolio Review. For more details regarding the BFA Portfolio Review, please refer to the degree plans.

Students must have a 3.0 GPA or higher in art courses to graduate with a BFA degree.

All undergraduate students are required to complete at least six hours of **Writing Enhanced Courses** within the discipline, of which three hours must be advanced.

Seniors are required to exhibit their work publicly as part of the capstone class in each BFA program.

Prerequisites for all ARTS courses require a grade of C or higher.

Application to Art Programs – All students entering the Department of Art as majors in Art, Animation, Graphic Design, Photography, or Studio Art must submit an application to the Department of Art after completing the University admission application. The application requirement includes a portfolio of artwork. The deadline for Art program applications is earlier than the University deadline. The application (<http://www.shsu.edu/art/application/>) for Art programs is found on the Department of Art website (<http://www.shsu.edu/art/application/>).

Laptop Requirement

Art students are required to own a Mac laptop as specified by their chosen program of study. Mac laptops are a required material for W.A.S.H. students. Financial Aid may adjust funding for qualified art students for the purchase of required hardware and software. Students must complete the financial aid application and qualify for financial aid. Contact the Office of Financial Aid for details. For current laptop and software requirements, go to Laptop Requirements (<https://www.shsu.edu/academics/art/resources/laptop-initiative.html>) for more information.

Teacher Certification in Art

To become certified to teach art in a public school in the State of Texas, students will pursue an All-Level Certification in Art by following the degree plan for one of the BFA programs with a Teaching Certification track. The Teaching Certification tracks require twenty-four hours of Education courses in addition to the BFA requirements.

To complete the requirements for certification, students must pass two (2) TExES certification exams. Before receiving permission to take the exams, students must pass the BFA Portfolio Review and have at least a 3.0 GPA in art courses.

For more information about Teacher Certification and the Secondary Education Minor, see the website for Educator Preparation Services (<https://www.shsu.edu/academics/education/educator-preparation/>).

Curriculum

BFA Degrees

The BFA is the professional degree in art. BFA programs are offered in Studio Art (2D and 3D Tracks), Computer Animation, Graphic Design, and Photography. All of the BFA degrees in the department require a foundation of courses that emphasizes the principles of design, basic techniques, mark making, spatial organization, gestalt theories and principles, and color theories. These principles, ideas, and skills are put into practice in projects that require creative problem solving, individual solutions, and personal expression. After completing the Art Foundation courses and the BFA Portfolio Review, students take the BFA Core, a common core of art classes that includes courses in 2D, 3D, and time-based mediums. The BFA Core provides opportunities to practice and develop the skills and ideas acquired in the Art Foundation courses. Expertise in specific disciplines is then further developed in the remaining upper-level Major courses in each BFA program.

Code	Title	Hours
Art Foundation		
ARTS 1313	W.A.S.H. - 2-Dimensional	3
ARTS 1314	W.A.S.H. - 3-Dimensional	3
ARTS 1315	W.A.S.H. - Lecture	3
ARTS 1316	Drawing	3
ARTS 2313	Foundations In Digital Art	3
Total Hours		15
Code	Title	Hours
BFA Core		
ARTS 1303	Art History Survey I ¹	3
ARTS 1319	Drawing II	3
ARTS 2375	Photographic Concepts	3
ARTS 3305	Painting I	3
ARTS 3307	Performance and Video Art	3
or ARTS 3310	Printmaking	
ARTS 3318	Sculpture I	3
or ARTS 3320	Ceramics I	
ARTS 3385	Art History Survey II	3
Total Hours		21

¹ ARTS 1303 also satisfies the Core Curriculum requirement for Component Area V (Creative Arts).

For complete curricular information, refer to the individual BFA degree plans.

BA Degree

The BA is a liberal arts degree that requires fourteen hours (four semesters) of a foreign language and a minor. Students in the BA program are not required to complete the BFA Portfolio Review.

For complete curricular information, refer to the BA degree plan.

- Bachelor of Arts, Major in Art (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/art/ba-art/>)
- Bachelor of Fine Arts, Major in Animation (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/art/bfa-animation/>)

- Minor in Photography (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/art/photography-minor/>)
- Minor in Three-Dimensional Studio Art (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/art/three-dimensional-studio-art-minor/>)
- Minor in Two-Dimensional Studio Art (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/art/two-dimensional-studio-art-minor/>)

Student Organizations

The Student Art Association (SAA) is a student-motivated organization that provides students with opportunities to create a community environment and form a strong network among their peers. The SAA is dedicated to student development, member exhibitions, technical/creative workshops, field trips, and promotion of student work.

SHSU SIGGRAPH (<https://www.shsu.edu/academics/art/resources/organizations.html>) is an organization of students interested in computer animation, computer-generated imagery, and interactive techniques. SIGGRAPH members work together on independent animated projects and games, support one another by sharing techniques and knowledge, travel to visit professional game and animation studios, and have the opportunity to attend the national SIGGRAPH conference in the summer.

Student Design Collective (SDC) is a graphic design organization whose goal is to enhance classroom learning and develop professional relationships in order to assist students now and in their future careers. SDC intends to help better prepare students for real world applications and work environments, as well as promote interest and appreciation of graphic design through events, hands-on workshops, and community involvement.

Drawing Club is an organization for students interested in the art and practice of drawing. The club meets regularly to discuss drawing used in many applications—including comic books, scientific illustrations, and fine art—and organizes Open Drawing Sessions, which feature live models and meet outside of regular class times in departmental studio spaces.

Internships, Research, and Community Engagement

The Department of Art is committed to providing opportunities for students to work as interns in professional environments in the fields of graphic design and computer animation. Photography and studio art majors have opportunities to intern or volunteer at art centers and community organizations. Students actively engage the community through ACE (Academic Community Engagement (<http://www.shsu.edu/academics/cce/>))

courses, public exhibitions, and screening of their work both on and off campus. For more information about community engagement and internships, contact the Department Chair.

Scholarships

Scholarships are available from both the Department of Art and the university to support a student's study.

The Department of Art Scholarships include:

- Art Endowment
- Clem Otis
- Distinguished Faculty Scholarship
- Elkins Lake Kuntz-Nelson
- Emmette Jackson
- Hal Fulgham Scholarship
- James B. and Marilyn C. Shepard
- Kenneth Zonker
- Madison Wolfe
- Marion St. John Baker
- Majorie Leverton Boehme
- Ruth Wynne Thomason Hollinshead
- Stanley E. Lea
- Weldon Hall Jr.

Departmental scholarships are available to full-time art students. The Weldon Hall Jr. Scholarship is available to incoming freshmen. More information may be obtained by visiting the Department of Art scholarships (<https://www.shsu.edu/academics/art/resources/scholarships.html>) web page or calling (936) 294-4311. Information on university scholarships may be obtained at the Office of Academic Scholarships (<http://www.shsu.edu/dept/financial-aid/scholarships/>) or by telephone at (936) 294-1672.

¹ MATH 1332 is recommended.

² WOLC 2311 & WOLC 2312 satisfy the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) and 3 semester credit hours of Core Curriculum requirement for Component Area IX (Component Area Option).

³ ARTS 1303 satisfies the Core Curriculum requirement for Component Area V (Creative Arts).

⁴ BA Art majors may minor in Art History or in programs outside of the Department of Art. BA Art majors may not minor in Secondary Education, Graphic Design, Photography, Three-Dimensional Studio Art, or Two-Dimensional Studio Art. To minor in Art History, a BA Art major must complete all of the requirements of the major, plus at least 12 hours of Art History not included in the major requirements.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must earn a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must earn a 2.0 minimum SHSU major GPA in all major coursework (SHSU only).

A total of 42 advanced hours are required for the BA. Twenty-four of these advanced hours are taken in the major. Eighteen advanced hours should be taken in the minor, foreign language, or electives.

Students should use elective and/or minor hours to satisfy the 42 advanced hour requirement.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-arts-in-art/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Total Hours: 120¹ MATH 1332 is recommended.² ARTS 1303 satisfies the Core Curriculum requirement for Component Area V (Creative Arts).³ See Art Advanced Electives course listing below.⁴ WOLC 2311 & WOLC 2312 satisfy the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) and 3 semester credit hours of Core Curriculum requirement for Component Area IX (Component Area Option).⁵ BA Art majors may minor in Art History or in programs outside of the Department of Art. BA Art majors may not minor in Secondary Education, Graphic Design, Photography, Three-Dimensional Studio Art, or Two-Dimensional Studio Art. To minor in Art History, a BA Art major must complete all of the requirements of the major, plus at least 12 hours of Art History not included in the major requirements.⁶ See Art History Advanced Electives course listing below.**Notes**

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

A total of 42 advanced hours are required for the BA. Twenty-four of these advanced hours are taken in the major. Eighteen advanced hours should be taken in the minor, foreign language, or electives.

Students should use elective and/or minor hours to satisfy the 42 advanced hour requirement.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Art is designed to provide graduates with the following marketable skills:

- Critical thinking and problem solving
- Oral, written, and visual communications
- Teamwork and collaboration
- Digital technology
- Global and intercultural fluency

Bachelor of Fine Arts, Major Animation

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-fine-arts-in-animation/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

¹ MATH 1332 is recommended.

² ARTS 1303 satisfies the Core Curriculum requirement for Component Area V (Creative Arts).

³ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester hours.

⁴ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 3.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 3.0 minimum SHSU GPA in all major coursework.

BFA Requirements

Students must maintain a 3.0 GPA in ARTS courses to graduate with a BFA.

The **BFA Portfolio Review** is the Department of Art's process of review and evaluation before admitting students into any of the department's Bachelor of Fine Arts programs.

Students who wish to pursue a BFA in Graphic Design, Studio Art, Animation, or Photography must pass the department's BFA Portfolio Review.

The semester after completion of the Art Foundation courses, BFA majors are required to participate in the BFA Portfolio Review.

Total Hours: 120

¹ MATH 1332 is recommended.

² ARTS 1303 satisfies the Core Curriculum requirement for Component Area V (Creative Arts).

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 3.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 3.0 minimum SHSU major GPA in all major coursework.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

All minors can be paired with this degree program.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BFA in Graphic Design is designed to provide graduates with the following marketable skills:

- Digital technology.
- Creative and critical thinking and problem solving.
- Teamwork and collaboration.
- Oral, written, and visual communications.
- Global and intercultural fluency.

Bachelor of Fine Arts, Major in Graphic Design with Teaching Certification

For more information, visit BFA Portfolio Review (<http://www.shsu.edu/academics/art/review/>).

Graphic Design students must first pass the BFA Portfolio Review in order to be eligible for the **Graphic Design Portfolio Review**. After passing the BFA Portfolio Review, students who wish to pursue a BFA in Graphic Design must take the Graphic Design Portfolio Review the semester they are enrolled in Typography (ARTS 3322).

Some, but not all, of the upper-level studio art courses may be taken more than once for credit. Courses listed more than once in the degree plan are repeatable.

Not all art courses are offered each semester. Consult an academic advisor and the *Schedule of Classes* before registration.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BFA in Photography with Teaching Certification is designed to provide graduates with the following marketable skills:

- Digital technology.
- Critical and creative thinking and problem solving.
- Oral, written, and visual communications.
- Teamwork and collaboration.
- Global and intercultural fluency.

Total Hours: 120¹ MATH 1332 is recommended.² ARTS 1303 satisfies the Core Curriculum requirement for Component Area V (Creative Arts).³ Studio majors must take both courses (one is required in the BFA Core and one in the Major).**Notes**

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 3.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 3.0 minimum SHSU major GPA in all major coursework.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

All minors can be paired with this degree program.

BFA Requirements

Students must maintain a 3.0 GPA in ARTS courses to graduate with a BFA.

The **BFA Portfolio Review** is the Department of Art's process of review and evaluation before admitting students into any of the department's Bachelor of Fine Arts programs.

Students who wish to pursue a BFA in Graphic Design, Studio Art, Animation, or Photography must pass the department's BFA Portfolio Review.

The semester after completion of the Art Foundation courses, BFA majors are required to participate in the BFA Portfolio Review.

After passing the BFA Portfolio Review, students who wish to pursue a BFA in Graphic Design must take the Graphic Design Portfolio Review the semester they are enrolled in Typography (ARTS 3322).

Some, but not all, of the upper-level studio art courses may be taken more than once for credit. Courses listed more than once in the degree plan are repeatable.

Not all art courses are offered each semester. Consult an academic advisor and the *Schedule of Classes* before registration.The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BFA in Studio Art 3D Track is designed to provide graduates with the following marketable skills:

- Creative and critical thinking and problem solving.
- Oral, written, and visual communications.
- Teamwork and collaboration.
- Global intercultural fluency.
- Digital technology.

ARTS 4309	Book Arts	
ARTS 4311	Advanced Studio	
ARTS 4310	Advanced Printmaking	
ARTS 4316	Advanced Drawing	
ARTS 4331	Illustration	
Total Hours		21

Note: BA Art majors and BFA Studio Art majors may not minor in Two-Dimensional Studio Art.

Department of Dance

Chair: Jennifer Pontius (DNC_JKP@shsu.edu)

Contact Information: (936) 294-1875 or Dance (shsudance@shsu.edu)

Website: Department of Dance (<http://www.shsu.edu/academics/dance/>)

Mission

The Department of Dance at Sam Houston State University delivers a dynamic, challenging experience that integrates creativity, performance, and scholarly pursuits designed to prepare each student for a 21st-century career in dance.

Academic Programs

The BFA program provides intensive study in modern, ballet, and jazz techniques; multiple performance opportunities; exciting guest artists and choreographers; opportunities for choreographic exploration, which include the integration of media into the creative process; and a solid academic grounding in coursework, which ranges from dance history, to criticism and analysis, to dance and technology. Admission to the BFA program is by audition only. The audition schedule is posted on the dance department's website (<http://www.shsu.edu/academics/dance/future-students/auditions.html>). Dance majors are required to meet with dance faculty for advisement prior to each semester.

Highlights

The Department of Dance at Sam Houston State University:

- is an accredited member of the National Association of Schools of Dance (NASD);
- was identified as one of the ten top dance programs in the country by Dance Teacher Magazine;
- is housed in the beautiful James and Nancy Gaertner Performing Arts Center, which includes four large studios with sprung floors, a state of the art dance theater, a 19-station Mac lab, a fully-equipped Pilates/conditioning studio, and spacious dressing rooms with showers;
- is an active member of the American College Dance Association (ACDA);
- has its choreography created by students and faculty regularly selected for gala presentation in American College Dance Association annual conferences;
- has been selected to present both student and faculty choreography at The Kennedy Center National ACDA conference, most recently in the spring of 2018;
- has presented work at the internationally renowned dance festival at Jacob's Pillow;
- has alumni of the program performing with diverse professional dance companies, including Pilobolus, The Houston Met, Hopestone, NobleMotion Dance, and Blue Lapis Light; and
- regularly hosts a wide variety of guest artists for master classes and residencies to choreograph works featuring dance majors, including Sidra Bell, Joshua Peugh, Mike Esperanza, The Houston Met, Dominic Walsh Dance Theatre, Paul Taylor II, Houston Ballet II, The Dance Gallery, Jane Weiner, Ben Stevenson, Bill Evans, Rennie Harris, Marlies Yearby, Astrid von Ussar, and Manuel Vignoulle.

Career Opportunities

- Choreographers
- Dance educators at all levels
- Public high school teachers
- Studio owners and teachers
- Performing artists in dance
- Artistic directors of dance companies
- Performing arts presenters and administrators

Suggested Minors

The BFA in Dance does not require a minor. Many dance majors, however, choose to pursue a second area of study to broaden their education, either as a second major or as a minor. Depending on a student's career goals, pursuit of a minor in business, secondary education, biology, or another academic discipline will be appropriate.

- Bachelor of Fine Arts, Major in Dance
- Minor in Arts and Popular Culture
- Minor in Dance

Student Organizations

Chi Tau Epsilon, the prestigious national dance honor society, recognizes, supports, and promotes superior achievement in dance and in the performing arts. Membership in the society is recorded on the student's transcript. Each year, Chi Tau Epsilon is an active student organization, sponsoring the student choreography showcase, Dances @ 8; conducting recruitment workshops for the department; and sponsoring community support activities that include Adopt a Highway, food drives, and participation in the Special Olympics. Chi Tau Epsilon also awards annual scholarships for outstanding choreographic and academic achievement.

Scholarships

The Department of Dance awards numerous scholarships ranging from \$500 to \$3,000 per academic year. Approximately \$20,000 in performance-based scholarships is awarded each year. In addition, the Mary Ella Montague Endowed Scholarship is awarded to the outstanding returning dance major each year, and the Kelley Barber Award is given annually to a dance major for outstanding performance. Dance majors may also qualify for the Theatre and Dance Endowed Scholarship and the Nancy Gaertner Performing Arts Scholarship. For scholarship consideration, all students must apply through Scholarships4Kats. (<http://www.shsu.edu/dept/financial-aid/scholarships/>)

² A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

³ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 3.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 3.0 minimum SHSU major GPA in all major coursework.

Only grades of C or higher in all dance courses will apply towards the BFA in Dance.

Undergraduate admission to the BFA in Dance is by audition **only**. Please visit our Admission/Audition page (<http://www.shsu.edu/academics/dance/future-students/auditions.html>) for more information and dates.

Not all dance courses are offered each semester. Consult the *Schedule of Classes* and your dance faculty advisor before registration.

Sophomore Gate: In conjunction with enrollment in DANC 3376 (Choreography II), each student will be assessed for continuation as a major in the BFA in Dance program. Under the guidance of assigned dance faculty mentors, each student will choreograph a 3-5 minute solo, to be performed at the end of the semester in a jury assessed by the dance faculty. The faculty will at that time also review the student's grades in dance courses and the student's progress in technique and choreography. Possible outcomes for the Sophomore Gate are: pass; probation for one semester, with specified requirements to fulfill, including a repeat of the Sophomore Gate process; or fail. Any students who do not pass will not continue in the BFA curriculum but will be advised they may apply hours earned in dance to a dance minor.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-fine-arts-in-dance/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 3.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 3.0 minimum SHSU major GPA in all major coursework.

Only grades of C or higher in all dance courses will apply towards the BFA in Dance.

Undergraduate admission to the BFA in Dance is by audition **only**. Please visit our Admission/Audition page for more information and dates.

Not all dance courses are offered each semester. Consult the *Schedule of Classes* and your dance faculty advisor before registration.

Sophomore Gate: In conjunction with enrollment in DANC 3376 (Choreography II), each student will be assessed by faculty to determine the student's progress and potential for continuation as a major in the completion of the BFA in Dance program. Under the guidance of assigned dance faculty mentors, each student will choreograph a 3-5 minute solo, to be performed at the end of the semester in a jury assessed by the dance faculty. The faculty will at that time also review the student's grades in dance courses and the student's progress in technique and choreography. Possible outcomes for the Sophomore Gate are: pass; probation for one semester, with specified requirements to fulfill, including a repeat of the Sophomore Gate process; or fail. Any students who do not pass will not continue in the BFA curriculum but will be advised they may apply hours earned in dance to a dance minor.

Writing Enhanced Courses: All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

All minors can be paired with this degree program.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BFA in Dance is designed to provide graduates with the following marketable skills:

- Teach ballet, modern, jazz, and other dance techniques.
- Choreography skills for creating dance works appropriate for a wide range of venues and dancers.
- Critical and analytical writing skills.
- Work effectively in different roles within an organization: as a leader or director, as a responsible member of a team, and independently.
- Creative problem-solving skills.
- Time management skills.
- Embodied experience with process that must result in a product (rehearsals for a public concert).

Minor in Dance

Dance minors take 18 - 21 semester credit hours total.

Department of Mass Communication

Interim Chair: Nam Young Kim, Ph.D. (nyk001@shsu.edu)

Contact Information: (936) 294-4445; Dan Rather Communications Building 212

Website: Department of Mass Communication (<http://www.shsu.edu/academics/mass-communication/>)

By providing one-on-one contact with faculty from a variety of theoretical and practical backgrounds, the Department of Mass Communication exposes students to a combination of hands-on production classes, professional development classes, and traditional theory/criticism classes. The Mass Communication program at Sam Houston State University offers a unique educational experience for students. Our graduates develop:

1. Media literacy skills that are increasingly required in our media-saturated contemporary experience, and
2. Skills especially applicable to the emerging technologically-driven marketplace.

There are seven undergraduate MCOM programs:

- Bachelor of Arts, Major in Mass Communication: Multiplatform Journalism
- Bachelor of Arts, Major in Mass Communication: Broadcast Production
- Bachelor of Arts, Major in Mass Communication: Film
- Bachelor of Arts, Major in Mass Communication: Public Relations & Advertising
- Bachelor of Fine Arts, Major in Film and Television Production
- Bachelor of Arts, Double Major in Education and Mass Communication: Journalism
- Bachelor of Science, Major in Agricultural Communication (School of Agricultural Sciences)

There are three undergraduate MCOM minors:

- Minor in Mass Communication
- Minor in Film Studies
- Minor in Sports Media

Graduates can enter a variety of fields, including but not limited to video production, print and television news, broadcast and cable sales, media management, advertising, digital media production, public relations, and corporate media. In addition, students may supplement their degrees with educational requirements that allow them to become certified media specialists in public school systems with a concentration in Mass Communication Education. Students are encouraged to take advantage of the MCOM Department's internship program.

Mission

The mission of the Department of Mass Communication is to acquire, synthesize, and disseminate knowledge related to print, broadcast, cable, online, and other forms of electronic communication for the purpose of producing media literate, socially aware, and professionally competent graduates.

Program emphasis is on the preparation of ethical and technologically proficient communication professionals who are capable of making a positive impact on their environment and on society. Our graduates will acquire the skills for today's media marketplace and also develop the broader, theoretical background for:

- Negotiating convergence in the media fields;
- Communicating with and serving various populations;
- Understanding the economic and political pressures on professional integrity; and
- Intelligently assessing and interpreting unfolding events in a media-saturated experience.

Highlights

The Department of Mass Communication offers a comprehensive blend of courses, including but not limited to global communication, film production and theory, media production and reporting, audience analysis, media sales, mass communication theory and history, and writing for print, broadcast, and digital media. The curriculum introduces students to each of the four emphasis areas during their first year in the mass communication program. During the remaining three years, students can register for classes in digital audio and video editing, film production and directing, feature writing, research techniques, communication law, media marketing, scriptwriting, global communication, and multiplatform journalism.

Students with a major or minor in the MCOM Department will have the opportunity, as part of their college experience, to work with departmental media: 90.5 KSHU-FM, 90.5.2 El Gato, Cable Channel 7, *The Houstonian* newspaper, student news, Priority One PR, and Bearkat Sports.

Suggested Free Electives

Students in Mass Communication may select a specialized area of free elective classes compatible with their professional goals. In choosing an appropriate set of free electives, students should discuss their career plans with an advisor. For example, free electives in Management and Marketing are desirable for Public Relations & Advertising. History, English, foreign languages, Art, Theatre, Sociology, and other social sciences and fine arts are helpful to all emphases. Students with a Multiplatform Journalism emphasis could benefit from free electives in Political Science or History.

Career Opportunities

There are a variety of career opportunities in the Mass Communication field. Some graduates pursue traditional positions in the mass media marketplace (reporting/editing/writing for newspapers, television stations, radio stations, or magazines). MCOM graduates may also pursue careers with public relations and advertising agencies, with corporate communication programs, and within government, hospital, and other institutional settings. Graduates can affiliate with nonprofit agencies or move into sales and other promotional positions. Increasingly, graduates have been teaching in high schools, pursuing advanced graduate studies, and working in emerging and social media.

Program Specific Requirements

All students in the Mass Communication department will complete a four-course core that provides a foundation for success in a variety of media fields. To help students understand the contemporary media environment, the core includes an analysis of media and society. Because specific skills are required in the media marketplace, the applied Writing for Mass Media and T.V. & Film Production courses are part of the departmental core. A course in mass media law and ethics examines legal issues pertinent to the print, electronic, and emerging digital press.

All Mass Communication and Agricultural Communication (Ag/Com) majors and minors must earn a grade of 'C' or better in each MCOM, MCFL, MCJR, MCPA, or MCPD course, and successfully pass the departmental required Grammar Module with a score of 80 or higher.

- Bachelor of Arts, Major in Mass Communication: Broadcast Production
- Bachelor of Arts, Major in Mass Communication: Film
- Bachelor of Arts, Major in Mass Communication: Multiplatform Journalism
- Bachelor of Arts, Double Major in Education and Mass Communication: Journalism
- Bachelor of Arts, Major in Mass Communication: Public Relations & Advertising
- Bachelor of Fine Arts, Major in Film and TV Production
- Bachelor of Science, Major in Agricultural Communication (School of Agricultural Sciences)
- Minor in Arts and Popular Culture
- Minor in Film Studies
- Minor in Mass Communication
- Minor in Sports Media

Student Organizations and Activities

The Department of Mass Communication supports student chapters of the American Advertising Federation (AAF), the National Broadcasting Society (NBS), the Texas Intercollegiate Press Association (TIPA), Society of Professional Journalists (SPJ), Agricultural Communicators of Tomorrow (ACT), National Association of Hispanic Journalists (NAHJ), the Public Relations Student Society of America (PRSSA), and the National Association of Black Journalists (NABJ).

Internships

Junior and senior level students who meet requirements may enroll in semester-long professional internships. MCOM students have interned in many locations, including: national media outlets, such as CBS News, *Entertainment Tonight*, ESPN, *David Letterman*, *The Jerry Springer Show*, MTV, The Cannes Film Festival, South by Southwest, and Disney World; regional media outlets such as KTLA-TV in Los Angeles, KHOU-TV in Houston, *The Conroe Courier*, *The Victoria Advocate*, Pierpont Public Relations, and the Houston Symphony; and at specialized institutional sites, such as the Texas State Senate.

Scholarships

Scholarships are available for outstanding undergraduate students continuing in the program. Scholarship deadlines are December 15 (incoming students) and February 15 (current students) for the following academic year.

Bachelor of Arts, Major in Mass Communication: Broadcast Production

Broadcast Production

Students completing a degree in the broadcast production concentration are prepared for decision-making and technical responsibilities in radio, television, field production, and social media. Technical, artistic, and management skills combine to ensure that quality digital content is presented in a compelling, appropriate, cost-effective, and engaging manner. Using various forms of technology, students will learn to visually tell a story and capture content to effectively reach an audience. Students will be equipped to enter the workforce with experience and industry application through the production of content for radio (90.5 KSHU), TV (Cable Channel 7), ESPN+, social media, and the Web.

Requirements

All students who choose to declare a major or minor in Mass Communication or Ag/Com will be required to pass the Grammar Module with a score of 80 percent or better before they will be allowed to register for 3000 or 4000-level courses in MCFL, MCJR, MCOM, MCPA, or MCPD. Please see the Grammar Module (<http://www.shsu.edu/academics/mass-communication/grammar-module/grammar-module.html>) for additional information.

All students declaring a major or minor in Mass Communication or Ag/Com are required to receive a grade of C or better in all MCFL, MCJR, MCOM, MCPA, and MCPD courses.

The University requires all undergraduate students to complete at least six hours of writing enhanced courses within their major, of which three hours must be advanced.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-arts-in-mass-communication/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Mass Communication: Broadcast Production is designed to provide graduates with the following marketable skills:

- Demonstrate strong oral, aural, and written communication skills.
- Utilize leadership, critical thinking, and teamwork skills.
- Conduct the collection, analysis, and management of digital data.
- Conceptualize and produce original and creative media.
- Produce media products for social and digital platforms.

Bachelor of Arts, Major in Mass Communications: Film

Film

The Film concentration provides students interested in digital cinema with the basics of film production and the visual lexicon. This includes fundamental film production and post-production skills as well as an examination of contemporary and historical films in terms of style and context. Students develop skills to critically examine film texts and to appreciate production workflow, preparing them for an exciting career in the film industry.

Requirements

All students who choose to declare a major or minor in Mass Communication or Ag/Com will be required to pass the Grammar Module with a score of 80 percent or better before they will be allowed to register for 3000 or 4000-level courses in MCFL, MCJR, MCOM, MCPA, or MCPD. Please visit the Grammar Module (<http://www.shsu.edu/academics/mass-communication/grammar-module/grammar-module.html>) for additional information.

All students declaring a major or minor in Mass Communication or Ag/Com are required to receive a grade of "C" or better in MCFL, MCJR, MCOM, MCPA, or MCPD courses.

All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

All minors can be paired with this degree program.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Mass Communications: Film is designed to provide graduates with the following marketable skills:

- Demonstrate strong oral, aural, and written communication skills.
- Utilize leadership, critical thinking, and teamwork skills.
- Conduct the collection, analysis, and management of digital data.
- Conceptualize and produce original and creative media.
- Produce media product for social and digital platforms.

Bachelor of Arts, Major in Mass Communication: Multiplatform Journalism

Multiplatform Journalism

The Multiplatform Journalism concentration empowers students to craft news content on a variety of media platforms with efficiency and expedience. Students develop traditional reporting and interviewing skills, writing and editing news copy proficiencies, and expertise with photography, audio recording, and video recording. Publication across platforms, including student-created websites and diverse social media, is also emphasized.

Requirements

All students who choose to declare a major or minor in Mass Communication or Agricultural Communication (Ag/Com) will be required to pass the Grammar Module with a score of 80 percent or better before they will be allowed to register for 3000 or 4000-level courses in MCFL, MCJR, MCOM, MCPA, or MCPD. The lab is offered free of charge. Please visit Grammar Module (<http://www.shsu.edu/academics/mass-communication/grammar-module/grammar-module.html>) for additional information.

Students choosing to major or minor in MCOM or Agricultural Communication (Ag/Com) must receive a grade of C or better in MCFL, MCJR, MCOM, MCPA, and MCPD coursework.

All undergraduate students at SHSU are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-arts-in-mass-communication/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Mass Communication: Multiplatform Journalism is designed to provide graduates with the following marketable skills:

- Demonstrate strong oral, aural, and written communication skills.
- Utilize leadership, critical thinking, and teamwork skills.
- Conduct the collection, analysis, and management of digital data.

- Conceptualize and produce original and creative media.
- Produce media for social and digital platforms.

Bachelor of Arts, Major in Mass Communication: Public Relations & Advertising

Public Relations & Advertising

Today's marketplace increasingly requires communication practitioners to understand both traditional and new media and to be able to integrate communication tools across once-separate disciplines. Students who choose the Public Relations & Advertising concentration will participate in a program that will provide a strong grounding in analytical and creative thought and comprehensive understanding of current industry trends. Students are required to complete the MCOM six-course core and then focus on a sequence of public relations and advertising courses that combines theoretical perspectives with hands-on experience. Students can also choose to enhance their portfolios and field experiences by taking elective courses such as the Professional Internship and Priority One, an on-campus agency.

Graduates of this concentration will have command of tools and techniques required for jobs in strategic communication in both corporate and non-profit environments. Additionally, graduates will have expertise in using those tools and techniques to think critically and creatively to solve communication problems in management-level positions.

Requirements

All students who choose to declare a major or minor in Mass Communication or Ag/Com are required to pass the Grammar Module with a score of 80 percent or better before they will be allowed to register for 3000 or 4000-level courses in MCFL, MCJR, MCOM, MCPA, or MCPD. Please visit the Grammar Module (<http://www.shsu.edu/academics/mass-communication/grammar-module/grammar-module.html>) for additional information.

All students declaring a major or minor in Mass Communication or Ag/Com are required to receive a grade of C or better in all MCFL, MCJR, MCOM, MCPA, and MCPD courses.

The University requires all undergraduate students to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-arts-in-mass-communication/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

⁴ PHIL 2306 satisfies the Core Curriculum requirement for Component Area IX (Component Area Option) as well as a Degree Specific requirement for Mass Communication.

⁵ MCOM 1130 satisfies one hour of the Core Curriculum requirement for Component Area IX (Component Area Option) as well as the major.

⁶ Select from Option A or Option B. Option A consists of 18 credits in one Subject Area, 12 of which are Upper Level courses. Option B consists of 18 credits in Business, 12 of which are Upper Level Courses. The remaining courses for both Options are referred to as Lower Level.

⁷ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

⁸ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

All Mass Communication majors and minors must earn a grade of "C" or better in each Mass Communication course.

Students should use elective and/or minor hours to satisfy the 42 advanced hour requirement. All students must complete at least 120 hours to graduate.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-arts-in-mass-communication/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

All minors can be paired with this degree program.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Mass Communication: Public Relations & Advertising is designed to provide graduates with the following marketable skills:

- Demonstrate strong oral and written communication skills.
- Utilize leadership, critical thinking, and teamwork skills.
- Conduct the collection, analysis, and management of digital data.
- Conceptualize and produce original and creative media.
- Produce media campaigns for social and digital platforms.

Bachelor of Fine Arts, Major in Film & TV Production

The Bachelor of Fine Arts in film and TV production at Sam Houston State University is perfect for anyone interested in studying digital cinema.

Whether you want to write, direct, produce, design, edit, or shoot, you can get your first shot with a Sam Houston film & TV degree plan. The BFA in film and TV production provides students with an excellent liberal arts education from a renowned department with a high degree of student-faculty interaction, a wide variety of hands-on courses, state-of-the-art facilities located in the Dan Rather Communications Building, and worldwide networking opportunities. Students will be prepared for a career in motion picture and media production in a diverse, multicultural, and rapidly changing media world.

Requirements:

All students who choose to declare a major or minor in Mass Communication or Ag/Com will be required to pass the Pearson Grammar Competency Lab with a score of 80 percent or better before they will be allowed to register for 3000 or 4000-level courses in MCFL, MCJR, MCOM, MCPA, or MCPD. Please visit the Grammar Module (<http://www.shsu.edu/academics/mass-communication/grammar-module/grammar-module.html>) for additional information.

A digital media portfolio or a link to an online digital media portfolio must be submitted to the department during the student's first semester at SHSU. A review of the portfolio will determine if the student is allowed to remain in the BFA program. Students not passing the portfolio review will be required to select another concentration within the department. Students may be required to submit subsequent digital portfolios for review throughout the program.

Students are required to earn a C or better in all degree specific courses in MCFL, MCJR, MCOM, MCPA, or MCPD.

All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-fine-arts-in-film-and-tv-production/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

¹ MCOM 2366 satisfies the Core Curriculum requirement for Component Area V (Component Area Option).

² This course's prerequisite of MCOM 2366 is included in the Film Studies minor core curriculum.

³ Course has prerequisite that may require additional semester credit hours or instructor approval.

Requirements

The minor program requires 18 semester credit hours.

All students declaring a major or minor in Mass Communication or Ag/Com are required to receive a grade of C or better in all MCOM, MCFL, MCJR, MCPA, or MCPD courses.

All students who choose to declare a major or minor in Mass Communication or Ag/Com will be required to pass the Pearson Grammar Competency Lab with a score of 80 percent or better before they will be allowed to register for 3000 or 4000-level courses in MCOM, MCFL, MCJR, MCPA, or MCPD. Please visit the Grammar Module (<http://www.shsu.edu/academics/mass-communication/grammar-module/grammar-module.html>) for additional information.

Minor in Mass Communication

Society is becoming more reliant on digital media each day. Students interested in developing media skills are encouraged to select a Minor in Mass Communication. Coursework for the minor is designed to provide students with the ability to create digital media, along with strong communication, problem-solving, and leadership skills.

Requirements:

The Mass Communication minor requires students to complete 21 semester credit hours of coursework: the MCOM core courses plus two advanced MCOM, MCFL, MCJR, MCPA, or MCPD electives appropriate to the student's interests and career path.

All students declaring a major or minor in Mass Communication or Ag/Com are required to receive a grade of C or better in all MCOM, MCFL, MCJR, MCPA, or MCPD courses.

All students who choose to declare a major or minor in Mass Communication or Ag/Com will be required to pass the Pearson Grammar Competency Lab with a score of 80 percent or better before they will be allowed to register for 3000 or 4000-level courses in MCFL, MCJR, MCOM, MCPA, or MCPD. Notes

Mass Communication majors will not be allowed to count courses required for their concentration toward the minor in Sports Media. Prescribed electives for the minor should be taken instead to meet the 21 credit hour total. Mass Communication majors will be permitted to count concentration electives toward the minor.

Prerequisite courses resulting in additional semester credit hours may be required.

Department of Theatre & Musical Theatre

Interim Chair: Nicholas Graves (nag023@shsu.edu), MFA

Contact Information:

(936) 294-1329

theatre@shsu.edu

General Information

The programs within the Department of Theatre and Musical Theatre are accredited by the National Association of Schools of Theatre (NAST). The department offers three degrees: a BFA in Theatre, a BFA in Theatre with Teaching Certification, and a BFA in Musical Theatre. The BFA in Theatre has three emphases: Acting/Directing, Design/Technology, and Theatre Studies.

Admission for all degree programs is by audition/interview only. Prospective students should visit the auditions webpage for each degree program to learn more about the audition process and to submit an application. Musical theatre majors declare an area of emphasis by their junior year which allows for twelve additional hours of study in either dance or theatre.

The department produces between eight and ten productions during the nine-month academic year and various productions over the summer. Students have the opportunity to apply classroom knowledge and techniques to production work during the course of the semester. Freshmen may be cast alongside upperclassmen, and advanced students in stage management, design, technology (costumes, lights, sets), directing, and house management may be chosen to fill the lead positions in their fields for any of the departmentally-produced shows.

Advanced students may take advantage of a number of internships with theatres in the Greater Houston area. The close proximity to the city also provides students with the opportunity to experience live professional theatre throughout their study. Workshops and discussions led by guest artists occur in the department each year.

Auditioning Policy

The department highly encourages all incoming BFA Theatre and Musical Theatre students to audition for all non-musicals, and all incoming BFA Musical Theatre students to audition for all shows. The auditions for the fall shows occur during the days leading up to the first day of class and the first few days following. The spring auditions occur in the latter part of the fall semester. Returning theatre majors with an acting/directing emphasis are highly encouraged to audition for all non-musicals each semester. All returning musical theatre majors are highly encouraged to audition for all shows each semester. Students schedule auditions through the Department of Theatre and Musical Theatre (<http://www.shsu.edu/academics/theatre/>) website.

Academic Success

The department is committed to encouraging and promoting the academic success of its students. Students are expected to excel in their academic coursework as well as in their production assignments throughout the year, and they are supported in this effort. Students must maintain a minimum GPA of 2.5 in their major area to be in good academic standing. Students falling below this target GPA will be placed on probation for a semester. Students placed on probation will be asked to meet with the department chair, their advisor, and the Academic Success Center in order to address academic issues and facilitate their success. Probation will be a factor taken into consideration as decisions are made regarding casting, design, stage management, and directing opportunities, as well as in determining eligibility for paid student assistantship positions in the department.

Writing Enhanced Courses

All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Academic Advisement

All students majoring or minoring in theatre should meet with an academic advisor in the Department of Theatre and Musical Theatre each semester. All tenure-track faculty members in the department advise our majors and minors.

Highlights

The Theatre and Musical Theatre programs at Sam Houston State University

- are active in the Kennedy Center American College Theater Festival (KCACTF);
- have been invited to participate at the Regional Kennedy Center American College Theater Festival consistently since 2000;
- were invited to perform *The Laramie Project* at the National KCACTF Festival in Washington, D.C., and were invited to perform the following productions at Region VI Festival over the last five years: *She Kills Monsters: Virtual Realms*, *Machinal*, *The Lonesome West*, *Gruesome Playground Injuries*, *Curious Incident of the Dog in the Night-Time*, and *Everybody*;
- have an internship program with STAGES in Houston;
- have an internship program with Classical Theatre Company in Houston;

- host guest artists in the areas of acting, directing, dance, voice, playwriting, stage management, and design. These artists have included Edward Albee, James Black, Peter Ton, Darius Wright, Christopher Bayes, Andrew Campbell, Rod Caspers, Dave Clemmons, Kevin Cooney, Judy Dolan, Robert Fowler, Sofia Gomez, Greg Graham, Jean Guy LeCat, Luc LaFortune, Nikiya Mathis, Robert Marks, James McLure, Keith Pitts, Mark Ramont, David Stewart, Georgia Stitt, and Michael York.

The programs and faculty also hold memberships and participate in the following organizations:

- National Association of Schools of Theatre (NAST)
- Kennedy Center American College Theater Festival (KCACTF)
- Musical Theatre Educators' Alliance (MTEA)
- National Alliance of Acting Teachers (NAAT)
- Southwest Theatre Association (SWTA)
- Texas Educational Theatre Association (TETA)
- Texas Nonprofit Theatres (TNT)
- United States Institute for Theatre Technology (USITT)

Career Opportunities

Students who complete their degrees in theatre or musical theatre may pursue careers in design, management, performance, secondary education, choreography, music direction, voice instruction, or technology. Students may also choose to pursue graduate degrees in order to further their academic and professional preparation.

Minors

No minor is required for a BFA in Theatre or Musical Theatre.

- Bachelor of Fine Arts, Major in Musical Theatre With Dance Emphasis
- Bachelor of Fine Arts, Major in Musical Theatre With Theatre Emphasis
- Bachelor of Fine Arts, Major in Theatre: Acting and Directing Emphasis
- Bachelor of Fine Arts, Major in Theatre: Design and Technology Emphasis
- Bachelor of Fine Arts, Major in Theatre: Theatre Studies Emphasis
- Bachelor of Fine Arts, Major in Theatre With Teaching Certification
- Minor in Arts and Popular Culture
- Minor in Theatre

Student Organizations

- Artists of Color
- United States Institute for Theatre Technology
- Musical Theatre Alliance
- LGBTQ+ Artists

Internships/Apprenticeships

The Sam Houston State University Department of Theatre and Musical Theatre has a professional internship program in acting and in some areas of technical theatre with STAGES, A.D. Players, Classical Theatre Company, and Main Street Theater in Houston.

Scholarships

Scholarships are available through the theatre program for theatre and musical theatre majors. Performance, management, design, and technical auditions are held each fall and spring for freshman and transfer students entering in the fall. Scholarships are awarded by year. Scholarships are renewable but are not automatically renewed. Returning students desiring scholarships for the following academic year must each complete an application and submit it to Scholarships4Kats (<https://shsu.academicworks.com/>) (online) prior to November 1 for priority consideration. Contact the department or visit the website for further information.

Student Assistantships are available for advanced theatre students who work in scenery, properties, costuming, lighting, and management.

Students must earn a 2.75 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BFA in Theatre - Design and Technology Emphasis is designed to provide graduates with the following marketable skills:

- Creative problem solving, taking into account history, practical application, and personnel.
- Present ideas and solutions verbally to others.
- Practical skills in carpentry, electricity, and sewing - from beginning to advanced. Advanced skills are dependent on the area(s) in which the student specialized. Able to read ground plans. Capability to create original designs in at least one area of emphasis that can be produced by a theatre.
- Work as a team member to solve a variety of problems.
- Adaptability to guarantee that a job is done on time - meeting deadline is a must.

Bachelor of Fine Arts, Major in Theatre-Theatre Studies Emphasis

The BFA in Theatre—Theatre Studies Emphasis provides students with professional training in two student-selected areas of theatre to prepare them to enter the workforce in either area by providing a foundation in general theatre studies and production development along with specialized professional training.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-fine-arts-in-theatre/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

3 hours of THEA, 3000 or 4000 level, and 3 hours of THEA, any level		6
Total Hours		21

School of Music

Accredited by National Association of Schools of Music

Director: Dr. Scott D. Plugge (Mus_SDP@shsu.edu) (936) 294-3808

Website: For faculty specialties, please see School of Music (<http://www.shsu.edu/academics/music/>)

Mission

The Sam Houston State University School of Music exists as a community of musician-educators whose mission is:

- To educate and train students for lives of service and contribution — as teachers, performers, composers, therapists, and scholars;
- To provide and nurture a nucleus of musical life for the larger community;
- To educate the university student population regarding music's intrinsic value as a part of the human experience and its central role in human culture; and
- To mutually encourage one another in professional growth and attainment.

Our mission encompasses a variety of programs and curricula, traditional and innovative, which are regularly examined for effectiveness, quality, and relevance. It includes our commitment to a combination of:

- Classroom studies in music; and
- The live performance of music, both individually and collectively, as central to music study, development, and knowledge.

As an integral part of our mission, we commit ourselves to continuing steps toward realizing the full potential of community, both as teachers and as colleagues; further, we commit to interaction with our students that emphasizes personal attention and interest in their total musical/intellectual development.

Highlights

All music majors receive training in applied music, music theory, music history, and, where appropriate, professional training specific to a particular field. Each student receives private instruction in his or her principal applied area (such as piano, trumpet, or voice), participates in musical ensembles (such as wind ensemble, orchestra, choir, or jazz band), and is afforded a multitude of opportunities to grow and develop as a musician. Students develop keyboard skills in a state-of-the-art piano lab and have their musical training enhanced in a Computer-Assisted Instruction lab.

Career Opportunities

Graduates of the School of Music are successfully employed around the state, the nation, and internationally as:

- music educators
- music therapists
- music performers
- music scholars
- music composers
- music industry leaders

Program Specific Requirements

General Requirements for Music Majors — Students desiring to major in music must have previous musical experience.

Audition — All students entering the School of Music as music majors or minors must audition in their major performance area and be accepted for a specific degree plan (e.g. Bachelor of Music: Performance, Music Education/Teacher Certification, Composition; Bachelor of Music in Music Therapy, Bachelor of Arts in Music, music minor). Music therapy majors must also schedule and pass an interview with the Music Therapy faculty.

Grades — Students earning a grade below “C” in any music course required for his/her degree or minor in music is required to retake the course. After three failed attempts to earn a C or better, the student may be removed from the program.

Jury — All students enrolled in applied classes (private studio instruction) must take jury examinations at the end of each semester.

Ensemble — All students enrolled in applied classes should perform in an ensemble.

Sophomore proficiency — Before students majoring in music are allowed to enroll for 3000-level courses in applied music, they must pass a proficiency examination/barrier. The exam is normally administered at the end of their fourth semester of study. NOTE: Students are given/allowed three opportunities to pass the barrier. If they do not pass by the third attempt, they cannot continue as music majors.

Piano proficiency — Students must pass a proficiency examination in piano. Students who do not have the requisite skills may enroll in piano classes. Completion of the piano classes with a grade of "C" or better meets the skills requirement for the piano proficiency.

Concert attendance — Students are required to attend 12 performances (from a specified list) each semester for six semesters in all undergraduate Bachelor of Music major tracks. Transfer students may receive a credit or waiver for up to three semesters. Details of this requirement are printed in the School of Music Student Handbook.

Large ensemble — Enrollment in a large ensemble is expected of full-time music majors each fall and spring semester. Music therapy majors must enroll in an ensemble for 6 semesters. The minimum requirement is seven semesters for B.M. Music Education/Teacher Certification track; eight semesters for other B.M. tracks; and six semesters for Music Therapy majors.

- For piano principals (non-performance majors), Collaborative Piano (MUEN 1110/MUEN 3110) will satisfy a portion of this requirement.
- For piano performance majors, Collaborative Piano (MUEN 1110/MUEN 3110) satisfies the major ensemble requirement.
- Further details are printed in the School of Music Student Handbook.
- Freshmen and sophomore students enroll in 1000 and 2000-level ensembles; juniors and seniors enroll in 3000 and 4000-level ensembles.

Undergraduate programs in the School of Music include:

- Bachelor of Arts, Major in Music
- Bachelor of Music, Major in Music With Concentration: Composition
- Bachelor of Music, Major in Music With Concentration: Instrumental Performance
- Bachelor of Music, Major in Music With Concentration: Piano Performance
- Bachelor of Music, Major in Music With Concentration: Vocal Performance
- Bachelor of Music, Major in Music with Teaching Certification: Choral (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/music/bm-music-with-teaching-certification-choral/>)
- Bachelor of Music, Major in Music with Teaching Certification: Choral/Piano (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/music/bm-music-with-teaching-certification-choral-piano/>)
- Bachelor of Music, Major in Music with Teaching Certification: Instrumental (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/music/bm-music-with-teaching-certification-instrumental/>)
- Bachelor of Music, Major in Music with Teaching Certification: String (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/music/bm-music-with-teaching-certification-string/>)
- Bachelor of Music, Major in Music Therapy
- Undergraduate Certificate in Jazz Studies
- Undergraduate Certificate in Woodwind Performance Pedagogy
- Minor in Arts and Popular Culture
- Minor in Music

Student Organizations

Numerous student organizations actively promote enrichment across a wide array of musical interests.

- **American Choral Directors Association** — national organization for choral directors. Student membership available in organization that fosters and promotes choral music.
- **American String Teachers Association/Symphony Association** — the group's membership consists of string students at Sam Houston State University and was organized to support string pedagogy on the SHSU campus.
- **National Association for Music Education** — national organization for music education. Membership in this student chapter is open to music education majors.
- **Mu Tau Omega** — student organization for music therapy. Membership open to interested students committed to the study and/or advancement of music therapy in community, educational, and clinical settings.
- **Phi Mu Alpha Sinfonia** — international music fraternity for men. Provides valuable service to the school and community.
- **Pi Kappa Lambda** — national music honor society. Invitation to membership is limited to the top students from the junior, senior, and graduate classes by vote of the faculty members of Pi Kappa Lambda.

- **Sigma Alpha Iota** — international music fraternity for women. Provides valuable service to the school and community.
- **Tau Beta Sigma** — national band sorority. Supports band studies and provides valuable support service to instrumental ensembles and to the school.

Internships (Music Therapy)

Following the completion of all coursework, the music therapy student must fulfill a 900-1040 hour (five-six month) clinical internship at an AMTA (American Music Therapy Association) national roster internship site or an SHSU university-affiliated internship site. The intern must be supervised on-site by a qualified and approved MT-BC (Music Therapy-Board Certified) supervisor. The internship is the final requirement for graduating with the bachelor's degree in music therapy. Once it has been completed, the individual is eligible to sit for the CBMT (Certification Board for Music Therapists) certification examination. A passing grade on the exam will result in CBMT certification and the credentials MT-BC.

Scholarships

Scholarships are available both from the School of Music and from the University to support student study. For more information regarding scholarships, prospective or current students should contact the Director of the School of Music. Information on University scholarships may be obtained at the Office of Financial Aid (<http://www.shsu.edu/dept/financial-aid/scholarships/>) website or by telephone at (936) 294-1774. Interested persons may also gather more information from the School of Music website.

Component Area IX (Component Area Option) ⁴		4
Degree Specific Requirement		
Foreign Language ⁴		14
Major: Foundation		
MUSI 1181	Class Piano, Level 1 ⁵	1
MUSI 1182	Class Piano, Level 2 ⁵	1
MUSI 1222	Theory Of Music I	2
MUSI 1223	Theory Of Music II	2
MUSI 1224	Musicianship I	2
MUSI 1225	Musicianship II	2
MUSI 1379	Survey of World Music Cultures ²	3
MUSI 2222	Theory Of Music III	2
MUSI 2224	Musicianship III	2
MUSI 2348	Survey of Music Literature (Writing Enhanced) ³	3
MUSI 3377	Music History: Classic to Present (Writing Enhanced)	3
or MUSI 3376	Music History: Antique through Baroque	
Ensembles (5 SCH), Applied Lessons (12 SCH), additional Advanced Music Courses (14 SCH) ⁶		
Select five of the following (Two must be Advanced):		5
MUEN 1110/3110	Keyboard Skills and Collaborative Techniques	
MUEN 1111/3111	Choral Ensemble	
MUEN 1115/3115	Jazz Band	
MUEN 1116/3116	Band	
MUEN 1117/3117	Orchestra	
MUEN 1119/3119	Opera Workshop	
MUEN 2116/4116	Wind Ensemble	
Applied Lessons - Studio Instruction:		
XXXX1201	Ind. Performances - Applied Lessons, Lower-Level	8
XXXX 3201	Ind. Performances - Applied Lessons, Upper Level ⁵	4
Major: Prescribed Electives		14
NOTE: No more than 4 additional ensemble hours can be counted toward the degree.		
MUEN 3110	Keyboard Skills & Collaboration Technique	
MUEN 3111	Choral Ensemble	
MUEN 3115	Jazz Band	

MUEN 3116	Band
MUEN 3117	Orchestra
MUEN 3118	Chamber Music
MUEN 3119	Opera Workshop
MUEN 4116	Wind Ensemble
Performance/Music Advanced Electives	
XXXX 3201 Ind. Performances (SCH 2) - Applied Lessons: Advanced (May be repeated once for degree credit): ⁵	
XXXX 3202 Applied Lessons with Junior Recital: SCH 2 ⁷	
MUSI 3362	Orchestration And Analysis
MUSI 3363	Structure And Analysis (Writing Enhanced)
MUSI 3364	Improvisation
MUSI 3367	Studies In Music For Children
MUSI 3377	Music History: Classic to Present (Writing Enhanced)
or MUSI 3376	Music History: Antique through Baroque
MUSI 4224	Conducting II
MUSI 4373	Electronic Music
MUSI 4374	20th Century Musical Styles
MUSI 4375	Film Scoring
MUSI 4380	Opera Literature
MUSI 4381	Song History and Literature
Electives: Advanced	
Advanced Electives (non-music courses only)	
Minor: Not Required ^{8,9}	
Total Hours	

19

120

- ¹ MATH 1332 is the recommended course for students in this degree program.
- ² MUSI 1379 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture).
- ³ MUSI 2348 satisfies the Core Curriculum requirement for Component Area V (Creative Arts).
- ⁴ Four semesters of one language required. An Intermediate I or II language course satisfies 3 credit hours of the Core Curriculum requirement for Component Area IX (Component Area Option).
- ⁵ Not required if enrolled in PIAN 1201 (Piano Concentration). Additional elective credits must be substituted.
- ⁶ Select one of the Ensembles from the table below. Ensembles require advisor and conductor/director/faculty approval.
- ⁷ Students must pass the Sophomore Applied Proficiency before registering for upper-level applied lessons. This Proficiency may be taken up to 3 times.
- ⁸ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.
- ⁹ The following minor cannot be paired with this degree program: Minor in Music.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Ensembles: 2 SCH of the 5 SCH must be advanced-level.

Students earning a grade below "C" in any music course required for his/her degree or minor in music are required to retake the course. After three failed attempts to earn a C or better, the student may be removed from the program.

All BA Degrees require 14 semester hours of foreign language (four semesters of the same language).

Completion of six semesters of Concert Attendance is required for graduation. See student handbook and/or contact the School of Music for details.

1000 & 2000 level courses are LOWER-LEVEL (Freshman/Sophomore) and 3000 & 4000 level courses are ADVANCED-LEVEL (Junior/Senior).

General Electives (19 hours): "General Electives" are courses from the University's catalog that can apply to the number of hours required for the BA. These free electives (not Music courses) must include at least 19 hours of advanced-level (3000 and 4000-level) courses (or enough to meet the university's 42 advanced hour minimum).

Advanced Electives: Students should use the advanced electives (3000- or 4000-level courses) to complete the 42 advanced hour requirement for graduation. 120 Hour Requirement: 120 is the minimum number of hours required for graduation.

Other courses may be recommended by an advisor and must be approved by the Director of the School of Music.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Ensembles

The following performance ensembles are open to all students of the university who qualify by audition:

Large Ensembles

Code	Title	Hours
Large Ensembles-		
Marching/Concert Band-for Wind and Percussion Students		
MUEN 1116/3116	Band	1
Wind Ensemble/Symphonic Band-for Wind and Percussion Students		
MUEN 2116/4116	Wind Ensemble	1
Orchestra-for String Students and Wind and Percussion Students		
MUEN 1117/3117	Orchestra	1
Chorus-for Vocal Students		
MUEN 1111/3111	Choral Ensemble	1

Small Ensembles

No more than eight hours earned in large ensembles may be counted toward a degree. Small ensembles may be counted if approved by the ensemble director, studio instructor, and the Director, School of Music.

Additional small ensembles, such as Jazz Ensemble, Opera Workshop, and Chamber Music are strongly encouraged for those who qualify by audition:

Code	Title	Hours
Small Ensembles		
Jazz Ensemble		
MUEN 1115/3115	Jazz Band	1
Opera Workshop		
MUEN 1119/3119	Opera Workshop	1
Chamber Music (smaller instrumental groups, including piano trios, string quartets, guitar ensemble, percussion ensemble, etc.)		
MUEN 1118/3118	Chamber Music	1
Keyboard Skills and Collaborative Techniques-for Keyboard performance major students only		
MUEN 1110/3110	Keyboard Skills and Collaborative Techniques	1

Ensembles

- Music majors should enroll in at least one ensemble each semester they are enrolled as full-time students (except the student teaching semester).
- Students enrolled in studio instruction should be concurrently enrolled in an ensemble.
- Jazz Ensemble will not normally be considered to be the major ensemble for graduation hours.
- Students should not be enrolled in more than 2 ensembles per semester.
- Music Therapy majors must participate in 6 semesters of ensemble.

NOTE: Modifications or exceptions may be made in rare or unusual circumstances but require approval by the Director, School of Music in coordination with ensemble directors and studio instructors.

Marching Band (for Wind and Percussion students)

- Wind and Percussion students in the Teacher Certification program are required to be in Marching Band for 3 semesters.
- Music Therapy Majors, music performance majors, music minors, and non-majors are encouraged to participate in Marching Band.

For information regarding Common Course numbers for Ensemble, please refer to the Common Course listing in this catalog.

¹ MATH 1332 is the recommended course for students in this degree program.

² Select one of the Ensembles from the table below. Ensembles require advisor and conductor/director/faculty approval.

³ Not required if enrolled in PIAN 1201 (Piano Concentration). Additional elective credits must be substituted.

⁴ MUSI 1379 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture).

⁵ Satisfies Core Curriculum requirement for Component Area V (Creative Arts).

⁶ Four semesters of one language required. An Intermediate I or II language course satisfies 3 credit hours of the Core Curriculum requirement for Component Area IX (Component Area Option).

⁷ Performance/Music Advanced Electives (See list below).

⁸ Students must pass the Sophomore Applied Proficiency before registering for upper-level applied lessons. This Proficiency may be taken up to 3 times.

Code	Title	Hours

¹ Not more than 4 additional MUEN hours can be counted toward the degree.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Ensembles: 2 SCH of the 5 SCH must be advanced-level.

Students earning a grade below “C” in any music course required for his/her degree or minor in music are required to retake the course. After three failed attempts to earn a C or better, the student may be removed from the program.

All BA Degrees require 14 semester hours of foreign language (four semesters of the same language).

Completion of six semesters of Concert Attendance is required for graduation. See student handbook and/or contact the School of Music for details.

1000 & 2000 level courses are LOWER-LEVEL (Freshman/Sophomore) and 3000 & 4000 level courses are ADVANCED-LEVEL (Junior/Senior).

General Electives (19 hours): "General Electives" are courses from the University's catalog that can apply to the number of hours required for the BA. These free electives (not Music courses) must include at least 19 hours of advanced-level (3000 and 4000-level) courses (or enough to meet the university's 42 advanced hour minimum).

Advanced Electives: Students should use the advanced electives (3000- or 4000-level courses) to complete the 42 advanced hour requirement for graduation. 120 Hour Requirement: 120 is the minimum number of hours required for graduation.

Other courses may be recommended by an advisor and must be approved by the Director of the School of Music.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in Music.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Music is designed to provide graduates with the following marketable skills:

- Communication skills: written, verbal, and musical.
- Critical and creative thinking, multitasking, and problem-solving skills.
- Versatile 21st century musicians with professional, collaborative, and inclusive demeanor.
- Entrepreneurial in spirit including leadership, marketing, and self-promotion.
- Community engagement and ability to work with diverse populations.

Bachelor of Music, Major in Music With Concentration: Composition

The curriculum in music composition is designed to prepare the student for graduate study in the field. Students who pursue this degree are those who have career interests as composers/arrangers or as teachers of composition.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-music/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

¹ MATH 1332 is the recommended course for students in this degree program.

² MUSI 1379 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) as well as the Major Core.

³ MUSI 2348 satisfies the Core Curriculum requirement for Component Area V (Creative Arts) as well as the Major Core.

⁴ Students must pass the Sophomore Applied Proficiency before registering for upper-level applied lessons. This Proficiency may be taken up to three times.

⁵ A minor is **not required** for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours may be needed above the degree program's stated total semester credit hours.

⁶ The following minor cannot be paired with this degree program: Minor in Music.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Students earning a grade below “C” in any music course required for his/her degree or minor in music are required to retake the course. After three failed attempts to earn a “C” or better, the student may be removed from the program.

Students should use the electives to complete the 42-advanced hour requirement for graduation.

Completion of six semesters of Concert Attendance is required for graduation. See student handbook and/or contact the School of Music for details.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Ensembles

The following performance ensembles are open to all students of the university who qualify by audition:

Large Ensembles

Code	Title	Hours
Large Ensembles-		
Marching/Concert Band-for Wind and Percussion Students		
MUEN 1116/3116	Band	1
Wind Ensemble/Symphonic Band-for Wind and Percussion Students		
MUEN 2116/4116	Wind Ensemble	1
Orchestra-for String Students and Wind and Percussion Students		
MUEN 1117/3117	Orchestra	1
Chorus-for Vocal Students		
MUEN 1111/3111	Choral Ensemble	1

Small Ensembles

No more than eight hours earned in large ensembles may be counted toward a degree. Small ensembles may be counted if approved by the ensemble director, studio instructor, and the Director, School of Music.

Additional small ensembles, such as Jazz Ensemble, Opera Workshop, and Chamber Music are strongly encouraged for those who qualify by audition:

Code	Title	Hours
Small Ensembles		
Jazz Ensemble		
MUEN 1115/3115	Jazz Band	1
Opera Workshop		
MUEN 1119/3119	Opera Workshop	1
Chamber Music (smaller instrumental groups, including piano trios, string quartets, guitar ensemble, percussion ensemble, etc.)		
MUEN 1118/3118	Chamber Music	1
Keyboard Skills and Collaborative Techniques-for Keyboard performance major students only		
MUEN 1110/3110	Keyboard Skills and Collaborative Techniques	1

Ensembles

- Music majors should enroll in at least one ensemble each semester they are enrolled as full-time students (except the student teaching semester).
- Students enrolled in studio instruction should be concurrently enrolled in an ensemble.

- Jazz Ensemble will not normally be considered to be the major ensemble for graduation hours.
- Students should not be enrolled in more than 2 ensembles per semester.
- Music Therapy majors must participate in 6 semesters of ensemble.

NOTE: Modifications or exceptions may be made in rare or unusual circumstances but require approval by the Director, School of Music in coordination with ensemble directors and studio instructors.

Marching Band (for Wind and Percussion students)

- Wind and Percussion students in the Teacher Certification program are required to be in Marching Band for 3 semesters.
- Music Therapy Majors, music performance majors, music minors, and non-majors are encouraged to participate in Marching Band.

For information regarding Common Course numbers for Ensemble, please refer to the Common Course listing in this catalog.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Ensembles

The following performance ensembles are open to all students of the university who qualify by audition:

Large Ensembles

Code	Title	Hours
Large Ensembles-		
Marching/Concert Band-for Wind and Percussion Students		
MUEN 1116/3116	Band	1
Wind Ensemble/Symphonic Band-for Wind and Percussion Students		
MUEN 2116/4116	Wind Ensemble	1
Orchestra-for String Students and Wind and Percussion Students		
MUEN 1117/3117	Orchestra	1
Chorus-for Vocal Students		
MUEN 1111/3111	Choral Ensemble	1

Small Ensembles

No more than eight hours earned in large ensembles may be counted toward a degree. Small ensembles may be counted if approved by the ensemble director, studio instructor, and the Director, School of Music.

Additional small ensembles, such as Jazz Ensemble, Opera Workshop, and Chamber Music are strongly encouraged for those who qualify by audition:

Code	Title	Hours
Small Ensembles		
Jazz Ensemble		
MUEN 1115/3115	Jazz Band	1
Opera Workshop		
MUEN 1119/3119	Opera Workshop	1
Chamber Music (smaller instrumental groups, including piano trios, string quartets, guitar ensemble, percussion ensemble, etc.)		
MUEN 1118/3118	Chamber Music	1
Keyboard Skills and Collaborative Techniques-for Keyboard performance major students only		
MUEN 1110/3110	Keyboard Skills and Collaborative Techniques	1

Ensembles

- Music majors should enroll in at least one ensemble each semester they are enrolled as full-time students (except the student teaching semester).
- Students enrolled in studio instruction should be concurrently enrolled in an ensemble.
- Jazz Ensemble will not normally be considered to be the major ensemble for graduation hours.
- Students should not be enrolled in more than 2 ensembles per semester.
- Music Therapy majors must participate in 6 semesters of ensemble.

NOTE: Modifications or exceptions may be made in rare or unusual circumstances but require approval by the Director, School of Music in coordination with ensemble directors and studio instructors.

Marching Band (for Wind and Percussion students)

- Wind and Percussion students in the Teacher Certification program are required to be in Marching Band for 3 semesters.
- Music Therapy Majors, music performance majors, music minors, and non-majors are encouraged to participate in Marching Band.

For information regarding Common Course numbers for Ensemble, please refer to the Common Course listing in this catalog.

VOIC 3202	Applied Voice with Junior Recital ⁴	2
Major: Prescribed Electives		10
Select ten hours from the following or others approved by advisor (a minimum of seven hours must be advanced):		
MUEN 3118	Chamber Music (repeatable)	
MUSI 2226	Conducting I	
MUSI 3362	Orchestration And Analysis	
MUSI 3364	Improvisation	
MUSI 4224	Conducting II	
MUSI 4380	Opera Literature	
Minor: Not Required ^{5, 6}		
Total Hours		128

¹ MATH 1332 is the recommended course for students in this degree program.

² MUSI 1379 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) as well as the Major Core.

³ MUSI 2348 satisfies the Core Curriculum requirement for Component Area V (Creative Arts) as well as the Major Core.

⁴ Students must pass the Sophomore Applied Proficiency before registering for upper-level applied lessons. This Proficiency may be taken up to three times.

⁵ A minor is **not required** for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours may be needed above the degree program's stated total semester credit hours.

⁶ The following minor cannot be paired with this degree program: Minor in Music.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Students earning a grade below "C" in any music course required for his/her degree or minor in music are required to retake the course. After three failed attempts to earn a "C" or better, the student may be removed from the program.

Students should use the electives to complete the 42 advanced hour requirement for graduation.

Advanced foreign language courses are strongly encouraged.

Completion of six semesters of Concert Attendance is required for graduation. See student handbook and/or contact the School of Music for details.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Ensembles

The following performance ensembles are open to all students of the university who qualify by audition:

Large Ensembles

Code	Title	Hours
Large Ensembles-		
Marching/Concert Band-for Wind and Percussion Students		
MUEN 1116/3116	Band	1
Wind Ensemble/Symphonic Band-for Wind and Percussion Students		
MUEN 2116/4116	Wind Ensemble	1
Orchestra-for String Students and Wind and Percussion Students		
MUEN 1117/3117	Orchestra	1
Chorus-for Vocal Students		
MUEN 1111/3111	Choral Ensemble	1

Small Ensembles

No more than eight hours earned in large ensembles may be counted toward a degree. Small ensembles may be counted if approved by the ensemble director, studio instructor, and the Director, School of Music.

Additional small ensembles, such as Jazz Ensemble, Opera Workshop, and Chamber Music are strongly encouraged for those who qualify by audition:

Code	Title	Hours
Small Ensembles		
Jazz Ensemble		
MUEN 1115/3115	Jazz Band	1
Opera Workshop		
MUEN 1119/3119	Opera Workshop	1
Chamber Music (smaller instrumental groups, including piano trios, string quartets, guitar ensemble, percussion ensemble, etc.)		
MUEN 1118/3118	Chamber Music	1
Keyboard Skills and Collaborative Techniques-for Keyboard performance major students only		
MUEN 1110/3110	Keyboard Skills and Collaborative Techniques	1

Ensembles

- Music majors should enroll in at least one ensemble each semester they are enrolled as full-time students (except the student teaching semester).
- Students enrolled in studio instruction should be concurrently enrolled in an ensemble.
- Jazz Ensemble will not normally be considered to be the major ensemble for graduation hours.
- Students should not be enrolled in more than 2 ensembles per semester.
- Music Therapy majors must participate in 6 semesters of ensemble.

NOTE: Modifications or exceptions may be made in rare or unusual circumstances but require approval by the Director, School of Music in coordination with ensemble directors and studio instructors.

Marching Band (for Wind and Percussion students)

- Wind and Percussion students in the Teacher Certification program are required to be in Marching Band for 3 semesters.
- Music Therapy Majors, music performance majors, music minors, and non-majors are encouraged to participate in Marching Band.

For information regarding Common Course numbers for Ensemble, please refer to the Common Course listing in this catalog.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Students earning a grade below “C” in any music course required for his/her degree or minor in music are required to retake the course. After three failed attempts to earn a “C” or better, the student may be removed from the program.

Students should use the electives to complete the 42 advanced hour requirement for graduation.

Advanced foreign language courses are strongly encouraged.

Completion of six semesters of Concert Attendance is required for graduation. See student handbook and/or contact the School of Music for details.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program’s stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in Music.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state’s **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BM in Music With Concentration: Vocal Performance (BM PERV) is designed to provide graduates with the following marketable skills:

- Communication skills: written, verbal, and musical.
- Critical and creative thinking, multitasking, and problem-solving skills.
- Versatile 21st century musicians with professional, collaborative, and inclusive demeanor.
- Entrepreneurial in spirit including leadership, marketing, and self-promotion.
- Community engagement and ability to work with diverse populations.

Bachelor of Music, Major in Music with Teaching Certification: Choral

This Bachelor of Music degree and teaching certification program, when successfully completed, prepares a student to teach music in early childhood through twelfth grade.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-music/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

¹ MATH 1332 is the recommended course for students in this degree program.

² MUSI 1379 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) and in the Major Core.

³ MUSI 2348 satisfies the Core Curriculum requirement for Component Area V (Creative Arts) and in the Major Core.

⁴ Students must pass the Sophomore Applied Proficiency before registering for upper-level applied lessons. This Proficiency may be taken up to 3 times.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Students earning a grade below "C" in any music course required for his/her degree or minor in music is required to retake the course. After three failed attempts to earn a C or better, the student may be removed from the program.

Students must earn a minimum of a 2.75 GPA (overall or in the last 60 hours) to be accepted into the State Educator Preparation Program.

Students must earn an overall GPA of 2.75 to be eligible for teacher certification in Texas.

Students must earn a "C" or better in all Education coursework.

Completion of six semesters of Concert Attendance is required for graduation. See student handbook and/or contact the School of Music for details.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in Music.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BM in Music With Teaching Certification: Choral is designed to provide graduates with the following marketable skills:

- Communication skills: written, verbal, and musical.
- Critical/creative thinking, multitasking, and problem-solving skills.

- Versatile 21st century musicians with professional, collaborative, and inclusive demeanor.
- Entrepreneurial in spirit including leadership, marketing, and self-promotion.
- Community engagement and ability to work with diverse populations.

Bachelor of Music, Major in Music with Teaching Certification: Choral/Piano

Students must earn a "C" or better in all Education coursework.

Completion of six semesters of Concert Attendance is required for graduation. See student handbook and/or contact the School of Music for details.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Ensembles

The following performance ensembles are open to all students of the university who qualify by audition:

Large Ensembles

Code	Title	Hours
Large Ensembles-		
Marching/Concert Band-for Wind and Percussion Students		
MUEN 1116/3116	Band	1
Wind Ensemble/Symphonic Band-for Wind and Percussion Students		
MUEN 2116/4116	Wind Ensemble	1
Orchestra-for String Students and Wind and Percussion Students		
MUEN 1117/3117	Orchestra	1
Chorus-for Vocal Students		
MUEN 1111/3111	Choral Ensemble	1

Small Ensembles

No more than eight hours earned in large ensembles may be counted toward a degree. Small ensembles may be counted if approved by the ensemble director, studio instructor, and the Director, School of Music.

Additional small ensembles, such as Jazz Ensemble, Opera Workshop, and Chamber Music are strongly encouraged for those who qualify by audition:

Code	Title	Hours
Small Ensembles		
Jazz Ensemble		
MUEN 1115/3115	Jazz Band	1
Opera Workshop		
MUEN 1119/3119	Opera Workshop	1
Chamber Music (smaller instrumental groups, including piano trios, string quartets, guitar ensemble, percussion ensemble, etc.)		
MUEN 1118/3118	Chamber Music	1
Keyboard Skills and Collaborative Techniques-for Keyboard performance major students only		
MUEN 1110/3110	Keyboard Skills and Collaborative Techniques	1

Ensembles

- Music majors should enroll in at least one ensemble each semester they are enrolled as full-time students (except the student teaching semester).
- Students enrolled in studio instruction should be concurrently enrolled in an ensemble.
- Jazz Ensemble will not normally be considered to be the major ensemble for graduation hours.
- Students should not be enrolled in more than 2 ensembles per semester.
- Music Therapy majors must participate in 6 semesters of ensemble.

NOTE: Modifications or exceptions may be made in rare or unusual circumstances but require approval by the Director, School of Music in coordination with ensemble directors and studio instructors.

Marching Band (for Wind and Percussion students)

- Wind and Percussion students in the Teacher Certification program are required to be in Marching Band for 3 semesters.
- Music Therapy Majors, music performance majors, music minors, and non-majors are encouraged to participate in Marching Band.

For information regarding Common Course numbers for Ensemble, please refer to the Common Course listing in this catalog.

¹ MATH 1332 is the recommended course for students in this degree program.

² Percussion students take MUSI 1166 & MUSI 1167 (Woodwind) and MUSI 2166 & MUSI 2167 (Brass); Brass students take MUSI 1166 & MUSI 1167 (Woodwind), MUSI 2166 OR MUSI 2167 (Brass), and MUSI 3110 (Percussion); Woodwind students take MUSI 2166 & MUSI 2167 (Brass), MUSI 1166 OR MUSI 1167 (Woodwind), and MUSI 3110 (Percussion). See Advisor.

³ MUSI 1379 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture).

⁴ MUSI 2348 satisfies the Core Curriculum requirement for Component Area V (Creative Arts).

⁵ Students must pass the Sophomore Applied Proficiency before registering for upper-level applied lessons. This Proficiency may be taken up to three times.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Students earning a grade below "C" in any music course required for his/her degree or minor in music is required to retake the course. After three failed attempts to earn a "C" or better, the student may be removed from the program.

Students must earn a minimum of a 2.75 (overall or in the last 60 hours) to be accepted into the State Educator Preparation Program.

Students must earn an overall GPA of 2.75 to be eligible for teacher certification in Texas.

Students must earn a 2.5 minimum GPA in all Education coursework (SHSU and cumulative).

Students must earn a "C" or better in all Education coursework.

Completion of six semesters of Concert Attendance is required for graduation. See student handbook and/or contact the School of Music for details.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in Music.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BM in Music With Teaching Certification: Instrumental is designed to provide graduates with the following marketable skills:

- Communication skills: written, verbal, and musical.
- Critical/creative thinking, multitasking, and problem-solving skills.
- Versatile 21st century musicians with professional, collaborative, and inclusive demeanor.
- Entrepreneurial in spirit including leadership, marketing, and self-promotion.
- Community engagement and ability to work with diverse populations.

Bachelor of Music, Major in Music with Teaching Certification: String

This Bachelor of Music degree and teaching certification program, when successfully completed, prepares a student to teach music in early childhood through twelfth grade.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-music/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

¹ MATH 1332 is the recommended course for students in this degree program.

² MUSI 1379 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) as well as the Major Core.

³ MUSI 2348 satisfies the Core Curriculum requirement for Component Area V (Creative Arts) as well as the Major Core.

⁴ Students must pass the Sophomore Applied Proficiency before registering for upper-level applied lessons. This Proficiency may be taken up to three times.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Students earning a grade below "C" in any music course required for his/her degree or minor in music is required to retake the course. After three failed attempts to earn a "C" or better, the student may be removed from the program.

Students must earn a minimum of a 2.75 GPA (overall or in the last 60 hours) to be accepted into the State Educator Preparation Program.

Students must earn an overall GPA of 2.75 to be eligible for teacher certification in Texas.

Students must earn a "C" or better in all Education coursework.

Completion of six semesters of Concert Attendance is required for graduation. See student handbook and/or contact the School of Music for details.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in Music.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BM in Music With Teaching Certification: String is designed to provide graduates with the following marketable skills:

- Communication skills: written, verbal, and musical.
- Critical and creative thinking, multitasking, and problem-solving skills.
- Versatile 21st century musicians with professional, collaborative, and inclusive demeanor.

- Entrepreneurial in spirit including leadership, marketing, and self-promotion.
- Community engagement and ability to work with diverse populations.

Bachelor of Music, Major in Music Therapy

The Music Therapy curriculum prepares the student for a career as a music therapist and the requisite professional certification. A one-semester internship (6 semester credit hours) is required.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-music-in-music-therapy/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Clinical Foundation Courses (Required for American Music Therapy Association): 13 hours		
BIOL 2401	Human Anatomy ²	4
or BIOL 2403	Human Anatomy & Physiology I	
PSYC 1301	Introduction To Psychology ⁵	3
PSYC 3331	Abnormal Psychology	3
PSYC 3374	Development Psychology	3
Minor: Not Required ^{10,11}		
Total Hours		129-132

¹ MATH 1332 is the recommended course for students in this degree program.

² BIOL 2401 or BIOL 2403 satisfies the Core Curriculum requirement for Component Area III (Life and Physical Science) and the Clinical Foundation course requirement required for the American Music Therapy Association.

³ MUSI 1379 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture).

⁴ MUSI 2348 satisfies the Core Curriculum requirement for Component Area V (Creative Arts).

⁵ PSYC 1301 satisfies the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences) and the Clinical Foundation course requirement required for the American Music Therapy Association.

⁶ Students must pass the Sophomore Applied Proficiency before registering for upper-level applied lessons. This Proficiency may be taken up to 3 times.

⁷ Piano students take MUSI 1303, MUSI 1304 & MUSI 3110. Guitar students take MUSI 1181 MUSI 1182, MUSI 1304, MUSI 2181, & MUSI 3110. Vocal students take MUSI 1181 MUSI 1182, MUSI 1303, MUSI 2181 & MUSI 3110. Percussion students take MUSI 1181 MUSI 1182, MUSI 1303, MUSI 1304, & MUSI 2181. Students not taking Applied Lessons in Piano, Guitar, Voice, or Percussion are required to take all 10 hours of this area. See advisor.

⁸ Music Therapy students must pass all Professional Disposition and Clinical Musicianship Readiness Evaluations prior to beginning each course in the practicum sequence. Students may attempt each evaluation up to 3 times.

⁹ Select 3 hours of upper-level hours from MUEN, MUSI (except MUSI 3110), PSYC, HONR, and Ind. Performances (Advanced-Level Applied Lessons XXXX 3201 or 3202) and/or other course with Music Therapy advisor approval.

¹⁰ A minor is **not required** for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours may be needed above the degree program's stated total semester credit hours.

¹¹ The following minor cannot be paired with this degree program: Minor in Music.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

This program requires a minimum of 1,200 hours of clinical training across practicum and internship. These experiences occur in collaboration with third-party clinical sites and facilities. These sites are legally free to set their own onboarding requirements, which may include, but are not limited to, drug/substance screenings, background checks, and/or health and safety measures, such as evidence of various immunizations. These onboarding activities may incur fees, which are the responsibility of the student and are not reimbursable by the university. Clinical partners and internship sites have the final word as to whether to accept or deny individual practicum or internship students.

SHSU cannot give any assurances or guarantees that we can provide you a path through your necessary clinical assignments, including practicum and internship, that avoids all non-University settings that may mandate various onboarding requirements. If students are unable to be cleared on any of these requirements, they may not be eligible to continue in the program.

Students earning a grade below “C” in any music course required for his/her degree or minor in music are required to retake the course. After three failed attempts to earn a C or better, the student may be removed from the program.

Students should use elective courses and/or a minor (if applicable) to complete the 42 advanced hour requirement for graduation.

Music Therapy students must pass all Professional Disposition and Clinical Musicianship Readiness Evaluations prior to beginning each course in the practicum sequence. Students may attempt each evaluation up to 3 times.

Completion of six semesters of Concert Attendance is required for graduation. See student handbook and/or contact the School of Music for details.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Ensembles

The following performance ensembles are open to all students of the university who qualify by audition:

Large Ensembles

Code	Title	Hours
Large Ensembles-		
Marching/Concert Band-for Wind and Percussion Students		
MUEN 1116/3116	Band	1
Wind Ensemble/Symphonic Band-for Wind and Percussion Students		
MUEN 2116/4116	Wind Ensemble	1
Orchestra-for String Students and Wind and Percussion Students		
MUEN 1117/3117	Orchestra	1
Chorus-for Vocal Students		
MUEN 1111/3111	Choral Ensemble	1

Small Ensembles

No more than eight hours earned in large ensembles may be counted toward a degree. Small ensembles may be counted if approved by the ensemble director, studio instructor, and the Director, School of Music.

Additional small ensembles, such as Jazz Ensemble, Opera Workshop, and Chamber Music are strongly encouraged for those who qualify by audition:

Code	Title	Hours
Small Ensembles		
Jazz Ensemble		
MUEN 1115/3115	Jazz Band	1
Opera Workshop		
MUEN 1119/3119	Opera Workshop	1
Chamber Music (smaller instrumental groups, including piano trios, string quartets, guitar ensemble, percussion ensemble, etc.)		
MUEN 1118/3118	Chamber Music	1
Keyboard Skills and Collaborative Techniques-for Keyboard performance major students only		
MUEN 1110/3110	Keyboard Skills and Collaborative Techniques	1

Ensembles

- Music majors should enroll in at least one ensemble each semester they are enrolled as full-time students (except the student teaching semester).
- Students enrolled in studio instruction should be concurrently enrolled in an ensemble.
- Jazz Ensemble will not normally be considered to be the major ensemble for graduation hours.
- Students should not be enrolled in more than 2 ensembles per semester.
- Music Therapy majors must participate in 6 semesters of ensemble.

NOTE: Modifications or exceptions may be made in rare or unusual circumstances but require approval by the Director, School of Music in coordination with ensemble directors and studio instructors.

Marching Band (for Wind and Percussion students)

- Wind and Percussion students in the Teacher Certification program are required to be in Marching Band for 3 semesters.
- Music Therapy Majors, music performance majors, music minors, and non-majors are encouraged to participate in Marching Band.

For information regarding Common Course numbers for Ensemble, please refer to the Common Course listing in this catalog.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program’s stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in Music.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state’s **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BM in Music Therapy (MUST) is designed to provide graduates with the following marketable skills:

- Develop professional-level competence in clinical music therapy as articulated by the American Music Therapy Association.
- Acquire professional and clinical skills applicable to fulfilling supportive staff roles in a variety of healthcare, educational, psychiatric, community, and rehabilitative settings.
- Develop extensive intraprofessional collaboration, decision-making, and problem-solving skills.
- Gain skills in reading and applying research findings to enhance professional interactions with clients.

Undergraduate Certificate in Jazz Studies

The Undergraduate Certificate in Jazz Studies is a non-degree course of study designed for undergraduate music majors interested in training and developing skills in the performance and pedagogy of jazz music. The certificate will provide opportunities to gain skills and practical experiences necessary to become highly competitive as performers and educators in the jazz music field. The educational objective of the certificate is to supplement the current degree tracks of music education and performance.

Code	Title	Hours
Undergraduate Certificate in Jazz Studies		
Required Courses		
MUEN 1115 or MUEN 3115	Jazz Band (must take four credits total) ¹ Jazz Band	4
MUEN 1118 or MUEN 3118	Chamber Music (must take two credits total) ¹ Chamber Music	2
MUSI 3190	Jazz Keyboard Skills	1
MUSI 3364	Improvisation	3
Free Electives		
Select from the following:		2
JAZZ 1201 or JAZZ 3201	Applied Jazz Styles and Analysis Applied Jazz Styles and Analysis	
MUEN 3115	Jazz Band (may repeat an additional two times) ¹	
MUEN 3118	Chamber Music (may repeat an additional two times) ¹	
MUSI 4068	Independent Study	
Total Hours		12

¹ Ensemble credits may not double dip from the major degree plan.

This Undergraduate Certificate is not eligible to receive Title IV funding -- Direct Loans, Pell Grant, TEACH Grant, SEOG Grant, or Federal Work Study. Students enrolled in this program should explore alternative funding options and are encouraged to contact the financial aid office for assistance.

Students seeking the Undergraduate Certificate in Jazz Studies must already be accepted as an undergraduate music major and pass an audition with the jazz faculty. Admission for this certificate will be through a School of Music audition and acceptance by the School of Music faculty. The audition must demonstrate technical skill and an understanding of jazz styles on an applied instrument.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX** plan and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Undergraduate Certificate in Jazz Studies is designed to provide graduates with the following marketable skills:

- Demonstrate proficient skills on an applied instrument in jazz styles.
- Interpret jazz repertoire, including improvisation, at a level consistent with professional performing.
- Apply jazz techniques to classroom teaching.
- Evaluate jazz music for music preparation, programming, and performance.

Undergraduate Certificate in Woodwind Performance Pedagogy

The objective of the Woodwind Performance Pedagogy certificate is to enhance and expand the pedagogical knowledge of performance ability in woodwind instruments for both music education and performance majors. It is a non-degree course of study designed for undergraduate music students who are interested in intensive training and further development of performance and pedagogy skills in multiple woodwinds. Most music

majors enter an undergraduate program with expertise on one woodwind instrument, the primary instrument (woodwinds: flute; oboe; clarinet; bassoon; and saxophone). The certificate will provide opportunities to gain skills and practical experiences necessary to become highly competitive as performers and educators in the music field. The educational objective of the certificate is to supplement an in-depth study of the primary with two additional or secondary woodwind instruments.

This Undergraduate Certificate is not eligible to receive Title IV funding – Direct Loans, Pell Grant, TEACH Grant, SEOG Grant, or Federal Work Study. Students enrolled in this program should explore alternative funding options and are encouraged to contact the financial aid office for assistance.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/undergrad-certificate/woodwind-performance-pedagogy/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Students seeking the Woodwind Performance Pedagogy Certificate must already be accepted as an undergraduate major into the School of Music and pass an interview with the woodwind faculty to be admitted.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/undergrad-certificate/woodwind-performance-pedagogy/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

¹ Students must complete two semesters of XXXX 3201 on their primary instrument. This can double dip from their major.

² MUSI 4117 must be in addition to any recital requirement in the major and must include their primary instrument and both secondary instruments.

³ Students must choose two secondary applied instruments different from their primary instrument as part of the prescribed electives (XXXX 1101) and complete 2 SCH for each instrument.

⁴ One additional ensemble on a secondary instrument is required beyond the ensemble requirements of the student's major as part of the prescribed electives.

⁵ Ensembles selected in this category can double dip from the major.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX** plan and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Undergraduate Certificate in Woodwind Performance Pedagogy is designed to provide graduates with the following marketable skills:

- Demonstrate proficient technical skills on multiple woodwind instruments.
- Apply multiple woodwind techniques to classroom teaching.
- Interpret repertoire and musical ideas on multiple woodwind instruments at a level consistent with professional performing.

Minor in Music

Students who elect music as a minor must complete a minimum of 20 hours, at least **six** of which must be advanced (3000 or 4000-level). Up to eight hours of applied music (studio instruction and ensembles) may be used in the minor. To enroll in private instruction or perform in ensembles, students must audition in their respective applied areas and for each ensemble.

Code	Title	Hours
Minor in Music		
Required Courses		
MUSI 1301	Introduction To Study Of Music	3
MUSI 2348	Survey of Music Literature (Writing Enhanced) ¹	3
Advanced Courses		
Select 6 advanced hours from the following:		6
XXXX Ind. Performances-Applied Lessons ²		
MUEN 3111	Choral Ensemble	
MUEN 3115	Jazz Band	
MUEN 3116	Band	
MUEN 3117	Orchestra	
MUEN 3118	Chamber Music	
MUEN 3119	Opera Workshop	
MUSI 3364	Improvisation	
MUSI 3376	Music History: Antique through Baroque	
MUSI 3377	Music History: Classic to Present (Writing Enhanced)	
MUEN 4116	Wind Ensemble	
MUSI 4373	Electronic Music	
MUSI 4380	Opera Literature

Prescribed Elective Courses		
Select 8 hours from the following:		8
XXXX Ind. Performances-Applied Lessons ²		
ENSEMBLE - MUEN XXXX ³		
MUSI 1304	Fundamentals Of Singing	
MUSI 1306	Music Appreciation	
MUSI 1310	History of Rock, Jazz, and Popular Music	
MUSI 2338	Introduction to Music Therapy	
MUSI 2339	Psychology Of Music	
MUSI 2362	Advanced Guitar	
MUSI 3112	Instrumental Techniques for Vocalists	
Total Hours		20

¹ MUSI 2348 satisfies the Core Curriculum requirement for Component Area V (Creative Arts) & Minor requirement.

² Music minors may take up to 8 hours of studio instruction; auditions are required.

³ Music minors may take up to 6 hours of ensembles; auditions are required.

Notes

Students earning a grade below “C” in any music course required for his/her degree or minor in music are required to retake the course. After three failed attempts to earn a C or better, the student may be removed from the program.

Students enrolled in studio instruction must be concurrently enrolled in an ensemble.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

Ensembles

The following performance ensembles are open to all students of the university who qualify by audition:

Large Ensembles

Code	Title	Hours
Large Ensembles-		
Marching/Concert Band-for Wind and Percussion Students		
MUEN 1116/3116	Band	1
Wind Ensemble/Symphonic Band-for Wind and Percussion Students		
MUEN 2116/4116	Wind Ensemble	1
Orchestra-for String Students and Wind and Percussion Students		
MUEN 1117/3117	Orchestra	1
Chorus-for Vocal Students		
MUEN 1111/3111	Choral Ensemble	1

Small Ensembles

No more than eight hours earned in large ensembles may be counted toward a degree. Small ensembles may be counted if approved by the ensemble director, studio instructor, and the Director, School of Music.

Additional small ensembles, such as Jazz Ensemble, Opera Workshop, and Chamber Music are strongly encouraged for those who qualify by audition:

Code	Title	Hours
Small Ensembles		
Jazz Ensemble		
MUEN 1115/3115	Jazz Band	1
Opera Workshop		
MUEN 1119/3119	Opera Workshop	1
Chamber Music (smaller instrumental groups, including piano trios, string quartets, guitar ensemble, percussion ensemble, etc.)		
MUEN 1118/3118	Chamber Music	1
Keyboard Skills and Collaborative Techniques-for Keyboard performance major students only		
MUEN 1110/3110	Keyboard Skills and Collaborative Techniques	1

Ensembles

- Music majors should enroll in at least one ensemble each semester they are enrolled as full-time students (except the student teaching semester).
 - Students enrolled in studio instruction should be concurrently enrolled in an ensemble.
 - Jazz Ensemble will not normally be considered to be the major ensemble for graduation hours.
 - Students should not be enrolled in more than 2 ensembles per semester.
 - Music Therapy majors must participate in 6 semesters of ensemble.
- NOTE:** Modifications or exceptions may be made in rare or unusual circumstances but require approval by the Director, School of Music in coordination with ensemble directors and studio instructors.

Marching Band (for Wind and Percussion students)

- Wind and Percussion students in the Teacher Certification program are required to be in Marching Band for 3 semesters.
- Music Therapy Majors, music performance majors, music minors, and non-majors are encouraged to participate in Marching Band.

For information regarding Common Course numbers for Ensemble, please refer to the Common Course listing in this catalog.

Vision Statement

The College of Business Administration will be among the top-ranked colleges of business for upward social mobility, a preferred destination school for first-generation students, and be recognized for having the highest level of student and community impact in the region.

Mission Statement

The College of Business Administration inspires change through active engagement and student-focused learning to develop empowered and impactful business professionals.

Our educational intent is to be deliberate and innovative in recruiting and retaining students, adding meaningful value to our students' lives, and fostering upward social mobility via gainful employment with lucrative career prospects that have a positive generational impact by:

- Actively supporting the career readiness of students to empower them to have successful professional careers.
- Recruiting and retaining faculty that are committed to student engagement and success.
- Offering a relevant, rigorous, and innovative curriculum with high-impact and community-engagement learning opportunities in an inclusive and nurturing environment.

Our research intent is to support and elevate intellectual growth, engagement, and innovations in faculty research by:

- Supporting highly productive faculty members in their professional and scholarly growth.
- Producing thought leadership that has a positive societal impact by addressing the most critical problems facing businesses and the communities they serve.

Our service intent is to promote community engagement by:

- Allocating resources to support the professional growth of faculty and staff members focused on community outreach and student success.
- Utilizing our collective strengths to create a new generation of business professionals who are empowered, adaptable, innovative, and committed to positively impacting the businesses and the communities they serve.

Core Values

Sense of Community and Belonging - Fostering a caring, inclusive, and supportive community.

Professional Excellence - Creating a culture of quality and leadership.

Accountability - Accepting responsibility for our actions.

Mutual Respect - Demonstrating respect and valuing individual perspectives, achievements, abilities, and qualities.

Honor and Integrity - Encouraging individuals to build strong relationships through honesty, trust, and dependability.

Highlights

The College of Business Administration is accredited by the Association to Advance Collegiate Schools of Business International (AACSB International) and has a nationally recognized chapter of Beta Gamma Sigma. In the United States only one in three business schools have earned this accreditation and worldwide approximately six percent of business programs/schools have earned this prestigious accreditation.

Sam Houston State University was accredited in 2005 as the 17th Professional Golfers' Association of America PGA Golf Management university in the country and the first in the state of Texas. The Professional Golfers' Association of America PGA Golf Management program at Sam Houston State University is designed to produce members of the PGA of America. Successful completion of the four- and one-half-year program will reward the student with a Bachelor of Business Administration (BBA) degree in General Business Administration with a concentration in PGA Golf Management, resulting in Class "A" membership within the PGA of America.

The BBA degrees in accounting, banking and financial institutions, finance, general business administration, management, and marketing may be completed at The Woodlands Center (TWC) in The Woodlands, Texas. The BBA degree in general business administration is also available in a completely online format.

The College is a member of the SAP University Alliance and offers students the opportunity to earn an SAP Certificate of Completion.

The College is home to the Center for Innovation, Technology, and Entrepreneurship providing students with hands-on experience in 3D printing, RFID technology and robotics.

The College hosts the Texas Bankers Hall of Fame.

Each year the College of Business Administration conducts a career fair that offers students the opportunity to interact with over 50 employers from all types of business and not-for-profit organizations.

The College offers an Executive MBA in Banking and Financial Institutions. The EMBA program is a two-year cohort program involving both online and residence coursework.

Business Minors

The College of Business Administration offers twelve minors: Accounting, Banking, Economics, Entrepreneurship, Finance, General Business Administration, International Business, Management, Management Information Systems, Marketing, Real Estate, and Supply Chain Management. With two exceptions, the minors are open to all students majoring in areas that allow minors. Students majoring in programs within the College of Business Administration may not minor in General Business Administration. The minor in Banking is open only to students seeking a BBA degree or those students pursuing a major in Agricultural Business. Please, see the appropriate departmental section for the specific course requirements for that program's minor(s).

Graduate Programs in the College of Business Administration

- Executive Master of Business Administration in Banking and Financial Institutions
- Master of Business Administration
- Master of Science in Accounting

- Master of Science in Applied Economics
- Master of Science in Project Management

Student Organizations and Honor Societies

- Alpha Kappa Psi
- Association for Business Information Technology Students
- Association of Certified Fraud Examiners
- Association of Supply Chain Management
- Banking and Finance Club
- Beta Alpha Psi
- Beta Gamma Sigma
- COBA Ambassadors
- Collegiate Entrepreneurs' Organization
- International Business and Economics Club
- The Investment Club
- Marketing Student Club
- MBA Student Association
- National Association of Black Accountants
- Omicron Delta Epsilon
- Phi Chi Theta
- Society for Human Resource Management

Additional student organizations may exist within specific majors and/or departments. Please see the appropriate major/department for more details.

Internships and Study Abroad

A student may earn a maximum of six hours in approved, supervised educational work experience in internships. Internship applications are available from the sponsoring academic department. In order to receive academic credit, a student must meet the eligibility conditions, obtain prior approval from the Department Chair of his/her major, and meet the guidelines established by the College of Business Administration for monitoring the quality of the learning experience.

Sam Houston State University offers the unique opportunity for students to earn college credit in other countries including China, Dubai, Germany, Japan, and Scotland. These classes are taught by COBA and other SHSU faculty members, and students have many opportunities to interact with the local community. Field trips to major businesses, museums, and archaeological sites are often included. A limited number of scholarships are available to partially cover the cost. Interested students may contact the Dean's Office or the Office of International Programs for additional information.

Scholarships

Sam Houston State University offers academic scholarship opportunities for **beginning freshmen** who excel in areas of academic achievement and leadership. There are additional competitive scholarship opportunities for **current SHSU and transfer undergraduate students**. Students are encouraged to apply for scholarships using the **Scholarship4Kats** program at Financial Aid (<http://www.shsu.edu/dept/financial-aid/>). The Scholarship4Kats program is a single application that will allow the student to apply for most scholarships available on campus whether at the departmental, college, or university-level.

Numerous scholarships are available on a competitive basis for currently enrolled students in the College of Business Administration. Applications are typically accepted through **Scholarship4Kats** between October 1 and December 31 for incoming students and between January 2 and December 31 for returning students. Deadlines may change so students are encouraged to check the website for current information. Scholarship recipients are announced in April for the following academic year.

Scholarships vary from year to year and typically include:

- A.J. & Lynn Amato COBA Endowed Scholarship
- Beason Endowed Scholarship
- Bonnie Vick Kittleband Scholarship
- Carol Shaw Alpha Chi Omega Scholarship
- Charles R. Carlow Endowed Scholarship
- Douglas C. Fletcher, Sr. Scholarship
- Ed and Genevieve Sandhop Endowed Scholarship

- Ed G. Sandhop Scholarship
- Edward James Crawford Scholarship
- Gibson D. Lewis Scholarship
- G. Scott and Mary S. McCarley Endowed Scholarship
- James E. Gilmore Endowed Scholarship
- Jean D. Neal Scholarship
- J. N. and Vennie Crawford Business Administration Scholarship
- Joe M. "Butch" MacKenzie Scholarship
- John Patrick Singleton (Class of 1965) Memorial Scholarship
- Johnson-Brown-Perkins Scholarship
- J. Roy Wells Scholarship
- Keener Family Scholarship
- Kelly DeHay Rod Danielson COBA Scholarship
- Leroy Ashorn Memorial Scholarship
- Loretta J. Hankins COBA Endowment
- Lundy Scholarship
- Michael and Janet Hearn Rohrig Endowment
- Neva and Wesley West Scholarship
- Owen R. Marshall II Endowed Scholarship
- Pay It Forward Scholarship
- R&J Patschke COBA Scholarship
- Rayford Lacey Hardy and Margie Crawford Hardy Endowed Scholarship
- Ron Mafrige Endowment for COBA Scholarship in Honor of R. Dean Lewis
- Russell D. Gordy Scholarship
- Thomas K. Harrison Business School Endowment
- Wesley L. Oakes Scholarship
- Wood-Yager Scholarship

University-Specific Requirements

All students are required to complete the University general education requirements (common core) as described in Degree Requirements and Academic Guidelines section in this catalog.

Curriculum

Each Bachelor of Business Administration (BBA) degree consists of:

- University Core Curriculum (MATH 1324 should be used to satisfy Core Component II)
- Business Core (see list below)
- Computer Literacy course (MGIS 1305 or CSTE 1330)
- Major Required Courses
- Elective(s)

Note: Transfer students must take at least 50% of the required business curriculum for the BBA in residence at Sam Houston State University, which may include courses taken at The Woodlands Center (<http://www.shsu.edu/academics/woodlands-center/>) campus or through SHSU Online (<http://distance.shsu.edu/>).

The Business Core consists of the following courses:

Code	Title	Hours
Business Core		
ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
BANA 2372	Business Analysis	3
BANA 3363	Inter Business Analysis	3
BUAD 3301	Business Legal Environment	3
BUAD 3335	Business Communication	3

ECON 2301	Principles Of Macroeconomics	3
ECON 2302	Principles Of Microeconomics ¹	3
FINC 3320	Business Finance	3
MGIS 3310	Principles of Management Information Systems (MIS)	3
MGMT 3310	Principles Of Management	3
MGMT 3370	Operations Management	3
MGMT 4390	Strategic Management & Policy	3
MKTG 3310	Principles Of Marketing	3

¹ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

Minimum GPA Requirements to Earn a BBA Degree

Students must achieve a 2.0 GPA in the following:

- SHSU GPA
- Cumulative GPA (SHSU and transfer)
- SHSU business courses
- Cumulative business courses (SHSU and transfer)
- Minor GPA (if a minor is pursued)

Some majors require a higher GPA and/or have specific grade requirements for courses within the major. Please see the respective departmental section for more details.

Fifty Percent Requirement

At least 50 percent of the required business curriculum for the B.B.A. degree must be taken in residence at Sam Houston State University, which may include courses taken at The Woodlands Center (TWC) campus or through SHSU Online.

Entry to Upper Division Courses

Admission to undergraduate upper division courses, i.e., 3000- and 4000-level, in the College of Business Administration, is limited to students who have completed at least 42 semester hours with a GPA of at least 2.0.

Graduate Studies

The College of Business Administration is authorized to offer the Master of Business Administration, Executive MBA in Banking and Financial Institutions, Master of Science in Accounting, Master of Science in Applied Economics, Master of Science in Project Management degrees and Graduate Certificates in Project Methods and Tools and Quality Management Tools. The Graduate Catalog provides additional information regarding graduate studies in the College of Business Administration.

Department of Accounting

Chair: Cassy Henderson, Ph.D. (cdh045@shsu.edu), (936) 294-1257

Website: Department of Accounting (<http://www.shsu.edu/academics/accounting/>)

Department Email: Accounting (accounting@shsu.edu)

Vision

To be a leading professional accounting department among Texas universities providing a relevant curriculum delivered by professional faculty dedicated to teaching, research, and service.

Mission

Our mission is to prepare our students to enter the accounting profession in the public, industry, and not-for-profit sectors through excellent teaching and pedagogy and through the creation of a sound learning environment. In support of this mission our faculty will produce intellectual contributions that contribute to the professional practice of accounting, to accounting pedagogy, and to discipline based research. We will also maintain a level of interaction with the accounting profession that ensures the continued relevance of our program and viability of our graduates.

Highlights

The Department of Accounting works closely with outside stakeholders in CPA firms, industry, government, and nonprofit organizations in order to ensure that the accounting curriculum provides students with the necessary knowledge and skill sets to successfully function as professional accountants upon graduation. Evidence of the success of this process is provided in part by the continued recruitment of SHSU accounting graduates by numerous, diverse employers.

Accounting majors participate in the annual Meet the Firms career fair held in the Fall semester. This function, which first began in 1997 and is organized by the SHSU Chapter of Beta Alpha Psi, the honor organization for financial information students and professionals, is attended by employers that are specifically and many times solely interested in accounting majors and, in some cases, finance majors. Accounting majors, minors, MIS majors, and finance majors from all levels attend this event to begin or to continue their participation in the recruitment and hiring process.

Career Opportunities

There is strong demand for the knowledge and skills possessed by accountants. Exciting career paths are available in public, industry, government, and nonprofit organizations. These career paths include, but are not limited to:

- Public accountant
- Tax accountant
- Cost accountant
- Government accountant
- Budget accountant
- Auditor
- Appraiser
- Budget analyst
- Credit analyst
- Financial examiner
- Tax examiner
- Revenue agent
- Educator

Suggested Minors

No minor is required for students seeking a BBA in Accounting. Students are welcome to select a minor following consultation with the Department Chair, but should be aware that a minor will add hours to the length of the degree program.

The Department of Accounting offers a minor in accounting for students pursuing a major that requires a minor.

Uniform CPA Examination Information

The completion of the BBA in Accounting at SHSU will allow one to meet the educational requirements established by the Texas State Board of Public Accountancy (TSBPA) necessary to take the Uniform CPA examination in Texas. However, the TSBPA requires additional semester credits to be licensed as a CPA in Texas. The Department of Accounting offers the Master of Science in Accounting, whereby, a student may satisfy the further

educational requirements to become licensed in the state of Texas. Students seeking additional information on the Uniform CPA Examination should check the Texas State Board of Public Accountancy homepage (<http://www.tsbpa.state.tx.us/>).

Program-Specific Requirements

Minimum GPA Requirement for a BBA in Accounting

A cumulative (SHSU and transfer) minimum GPA of 2.5 is required for students to graduate with a BBA in Accounting.

Minimum Grades in Accounting Courses

Accounting majors must make a minimum grade of "C" or better in all accounting (ACCT) courses taken to graduate with a BBA in Accounting.

- Bachelor of Business Administration - Major in Accounting
- Minor in Accounting

Student Organizations and Activities

- Association of Certified Fraud Examiners (ACFE)
- Beta Alpha Psi (BAP)
- National Association of Black Accountants (NABA)
- Student membership in the American Institute of Certified Public Accountants (AICPA)
- Student membership in the Institute of Management Accountants (IMA)

Internships

The Department of Accounting has an active internship program and students are encouraged to participate. Selection requirements are rigorous and involve meeting both the minimum standards set by the Department of Accounting and selection by the hiring firm or business following an interview process. These internships must meet guidelines as established by the Texas State Board of Public Accountancy and involve specific, direct accounting training and activity beyond routine clerical and office activities. Students generally participate in public accounting internships in the Spring semester of their senior year. The selection process for these internship positions occurs generally during the early Spring semester of the Junior year. In some cases, internships are available during Summer terms or at other times of the year. Interested students should contact the Accounting Internship Program Director through the Department of Accounting office for departmental selection criteria and application requirements.

Scholarships

Scholarships are available on a competitive basis for accounting majors. Students are encouraged to apply for scholarships using Scholarships4Kats on the Financial Aid (<http://www.shsu.edu/dept/financial-aid/scholarships/>) website. The Scholarship4Kats program is a single application that will allow the student to apply for most scholarships available on campus whether at the departmental, college, or university-level. Department of Accounting scholarship recipients are announced during the Spring semester for the following academic year. The specific scholarships that are available through the Department of Accounting vary from year to year.

Jesse Holland Yeager, MS (jho006@shsu.edu), *Lecturer of Accounting, Department of Accounting*, MS, Texas A&M University; BBA, Texas A&M University

Bachelor of Business Administration, Major in Accounting

Each BBA degree consists of:

- University Core Curriculum (MATH 1324 should be used to satisfy Core Component II)
- Business Core (see list below)
- Computer Literacy course (MGIS 1305 or CSTE 1330)
- Major Required Courses
- Elective(s)

Note: Transfer students must take at least 50% of the required business curriculum for the BBA in residence at Sam Houston State University, which may include courses taken at The Woodlands Center (<http://www.shsu.edu/academics/woodlands-center/>) campus or through SHSU Online (<http://distance.shsu.edu/>).

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-business-administration-in-accounting/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Notes

Students must earn a 2.5 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

A cumulative (SHSU and transfer) minimum GPA of 2.5 is required for students to graduate with a BBA in Accounting.

Accounting majors must make a minimum grade of "C" or better in all accounting (ACCT) courses taken to graduate with a BBA in Accounting.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in General Business Administration.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state’s **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BBA in Accounting is designed to provide graduates with the following marketable skills:

- **Measurement Analysis and Interpretation:** Our graduates will identify and apply appropriate, reliable, and verifiable measurements to analyze data for a given purpose and intended use.
- **Reporting:** Our graduates will identify the appropriate content and communicate clearly and objectively to the intended audience, the work performed and the results as governed by professional standards, required by law, or dictated by the business environment.
- **Research:** Our graduates will identify, access, and apply relevant professional frameworks, standards, and guidance, as well as other information for analysis to make informed decisions.
- **Risk Assessment, Analysis, and Management:**Our graduates will assess, analyze, and manage risk using appropriate frameworks, professional judgment, and skepticism for effective business management.
- **Systems and Process Management:**Our graduates will identify the appropriate businesses processes and system(s) and the related framework and controls to assist in the design and use of systems for efficient and effective operations.
- **Technology and Tools:** Our graduates will identify and utilize relevant technology and tools to analyze data, efficiently and effectively perform assigned tasks, as well as support other competencies.

Minor in Accounting

An eighteen (18) hour minor in Accounting is available to all bachelor's degree programs that permit a minor. The minor in Accounting requires the following courses with a minimum grade point average of 2.0, both in residence at SHSU and overall (SHSU and transfer combined).

Code	Title	Hours
Minor in Accounting		
Required Courses		
ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
ACCT 3313	Intermediate Accounting I	3
9 additional advanced hours (3000-level or above) hours in Accounting, excluding ACCT 3304 and ACCT 4379		9
Total Hours		18

Furthermore, degree candidates for a minor in Accounting must achieve a minimum 2.0 grade point average for all hours attempted in accounting courses, both in residence and overall (SHSU and transfer combined).

Department of Business Administration and Entrepreneurship

Chair: Diana Brown, J.D. (dxb029@shsu.edu)

Phone: (936) 294-2578

Website: Department of Business Administration and Entrepreneurship

Vision

To deliver outstanding Business Administration and Entrepreneurship programs with faculty that are recognized for excellence in instruction, research, and service.

Mission

The mission of the Department of Business Administration and Entrepreneurship is to assist in fulfilling the mission of the University and the College of Business Administration by providing students with an academic foundation to become productive citizens, to develop successful careers, and to provide interested students with the background to pursue graduate or professional studies. The academic foundation leading to a Bachelor of Business Administration degree in Business Administration or Entrepreneurship is designed to arouse intellectual curiosity, develop analytical reasoning, and provide historical and current information relative to the global environment.

Academic Programs

The **Business Administration** degree program provides a solid foundation in business and sufficient electives to customize a degree plan for directed career paths.

The **Entrepreneurship** degree program prepares students to serve as chief executive officers of start-up and growth-oriented businesses and to apply entrepreneurial principles in positions of responsibility in larger business enterprises and not-for-profit organizations.

Highlights

The Department of Business Administration and Entrepreneurship participates in the certified Professional Golf Association of America's Professional Golf Management program with participating students receiving the BBA degree in Business Administration with a concentration in PGA Professional Golf Management.

Suggested Minors

An Minor in Entrepreneurship would be very beneficial to students anticipating starting or running their own businesses.

Business Administration majors should consider a minor in one of the approved business minors to provide depth of knowledge in at least one business field.

- Accounting (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/business-administration/business/minor-accounting/>)
- Banking (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/business-administration/general-business-finance/minor-banking/>)
- Business Data Analytics (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/business-administration/economics-international-business/minor-data-analytics/>)
- Economics (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/business-administration/economics-international-business/minor-economics/>)
- Entrepreneurship (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/business-administration/general-business-finance/minor-entrepreneurship/>)
- Finance (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/business-administration/general-business-finance/minor-finance/>)
- International Business (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/business-administration/economics-international-business/minor-international-business/>)
- Management (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/business-administration/management-marketing-and-information-systems/minor-management/>)
- Management Information Systems (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/business-administration/management-marketing-and-information-systems/minor-management-information-systems/>)
- Marketing (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/business-administration/management-marketing-and-information-systems/minor-marketing/>)
- Supply Chain Management (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/business-administration/management-marketing-and-information-systems/supply-chain-management/>)

Career Opportunities

The Business Administration and Entrepreneurship degree programs are designed to prepare students for careers in business, government, or not-for-profit entities; to include the core business courses required for admission to master's or other professional programs; or to be combined with a sequence of professional education courses and other requirements by the College of Education to earn a certificate to teach in secondary schools.

- Bachelor of Applied Arts and Sciences: General Business Concentration
- Bachelor of Business Administration, Major in Entrepreneurship
- Bachelor of Business Administration, Major in General Business Administration
- Bachelor of Business Administration, Major in General Business Administration: Real Estate Concentration
- Bachelor of Business Administration, Major in General Business Administration with PGM Concentration
- Undergraduate Certificate in Real Estate Analysis
- Minor in Business Education
- Minor in Entrepreneurship
- Minor in General Business Administration
- Minor in Real Estate

Student Organizations

Beta Alpha Psi

Collegiate Entrepreneurs' Organization

Internships

The department has historically been very successful in offering internships. This program has been expanded to include internship opportunities specifically designed to meet the PGA Professional Golf Management program requirement. Internships for students interested in other business environments are also becoming increasingly available.

Scholarships

Scholarships are available on a competitive basis for Business Administration, and Entrepreneurship majors. Students are encouraged to apply for scholarships using the Scholarship4Kats (<https://shsu.academicworks.com/>) program on the Financial Aid (<https://www.shsu.edu/dept/financial-aid/>) website.

The Scholarships4Kats program is a single application that will allow the student to apply for most scholarships available on campus whether at the departmental, college, or university-level. The deadline for applying for department scholarships is December 31. Scholarship recipients are announced in April for the following academic year. The specific scholarships that are available through the department vary from year-to-year and may include:

- Brater Family Business Endowed Scholarship
- CB&A Realtors Scholarship for Entrepreneurial Studies
- Davis-Holden Entrepreneurship Scholarship
- Department of Business Administration and Entrepreneurship Faculty Scholarship
- International Association of Administrative Professional-Houston Chapter/Dr. Rita B. Huff and Dr. Ronald D. Johnson Endowed Scholarship
- Lozano Family Scholarship
- Randy Wallace Business Plan Scholarship

Director/Chair: **Tommy J Robertson**

Total Hours	9
--------------------	----------

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

The following minors cannot be paired with this degree program: Minor in Entrepreneurship, Minor in General Business Administration.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BBA in Entrepreneurship is designed to provide graduates with the following marketable skills:

- Ability to assess and provide evidence that business ideas are viable, desirable, and feasible to gain buy-in from investors and stakeholders.
- Apply entrepreneurial methods and tools to assess and refine new business ideas.
- Design value propositions and business models that support growth.
- Effectively and confidently communicate and pitch business ideas.

Bachelor of Business Administration, Major in General Business Administration

Each BBA degree consists of:

- University Core Curriculum (MATH 1324 should be used to satisfy Core Component II)
- Business Core (see list below)
- Computer Literacy course (MGIS 1305 or CSTE 1330)
- Major Required courses
- Elective(s)

Note: Transfer students must take at least 50% of the required business curriculum for the BBA in residence at Sam Houston State University, which may include courses taken at The Woodlands Center (<http://www.shsu.edu/academics/woodlands-center/>) campus or through SHSU Online (<http://distance.shsu.edu/>).

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-business-administration-in-general-business/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Total Hours: 120

- ¹ The following courses satisfy one credit hour of the Core Curriculum requirement for Component Area IX (Component Area Option): ECON 1100, KINE 2115, MCOM 1130, NGLI 1101, or UNIV 1101.
- ² Satisfies Core Curriculum requirement for Component Area I (Communication).
- ³ Satisfies Core Curriculum requirement for Component Area VI (U.S. History).
- ⁴ MATH 1324 is required for COBA and satisfies the Core Curriculum requirement for Component Area II (Mathematics).
- ⁵ Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).
- ⁶ BUAD 2321 or COMS 2382 is suggested to fulfill the three-hour credit of the Core Curriculum requirement for Component Area IX (Component Area Option).

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

The following minors cannot be paired with this degree program: Minor in Entrepreneurship, Minor in General Business Administration.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BBA in General Business Administration: Real Estate Concentration is designed to provide graduates with the following marketable skills:

- Market research skills applied to real estate.
- Financial analysis skills applied to real estate.
- Regulatory and/or economic analysis skills applied to real estate.
- Development project analysis skills applied to real estate.
- Oral and written communication skills applied to real estate.

Undergraduate Certificate in Real Estate Analysis

The Undergraduate Certificate in Real Estate Analysis provides an educational opportunity that is narrower in scope, and shorter in duration, than a degree program. It is ideal for those transitioning from one sector of real estate into real estate project feasibility analysis or those in the process of satisfying education requirements for various professional real estate designations.

Code	Title	Hours
Undergraduate Certificate in Real Estate Analysis		
Required Courses		
REAL 3310	Real Estate Principles	3
REAL 4350	Real Estate Debt	3
REAL 4351	Real Estate Equity	3
REAL 4352	Real Estate Market and Development Feasibility Analysis	3
Total Hours		12

This Undergraduate Certificate is not eligible to receive Title IV funding -- Direct Loans, Pell Grant, TEACH Grant, SEOG Grant, or Federal Work Study. Students enrolled in this program should explore alternative funding options and are encouraged to contact the financial aid office for assistance.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Undergraduate Certificate in Real Estate Analysis is designed to provide graduates with the following marketable skills:

- Market research skills applied to commercial real estate.
- Financial analysis skills applied to commercial real estate.
- Regulatory and/or economic analysis skills applied to commercial real estate.
- Development project analysis skills applied to commercial real estate.
- Oral and written communication skills applied to commercial real estate.

Minor in Business Education

A Minor in Business Education (24 hours) is available for all non-business bachelor's degree programs that permit a minor. This minor is designed to meet the requirements for a teaching certification in Texas and specifically for someone wishing to use business as a second teaching field in Texas high schools. The Minor in Business Education requires the following courses with a minimum grade point average of 2.0. for all courses attempted at SHSU, as well as a minimum grade point average of 2.0 for all courses attempted in the minor, including both in residence and transfer hours.

Code	Title	Hours
Minor in Business Education		
Required Courses		
ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
BUAD 3335	Business Communication	3
BUAD 3355	Business Law	3
ECON 2301	Principles Of Macroeconomics	3
ECON 2302	Principles Of Microeconomics	3
FINC 1307	Personal Finance	3
MGMT 3310	Principles Of Management	3
Total Hours		24

Minor in Entrepreneurship

A Minor in Entrepreneurship (18 hours) is available for all bachelor's degree programs that permit a minor. The Minor in Entrepreneurship requires the following courses with a minimum grade point average of 2.0 for all courses attempted at SHSU, as well as a minimum grade point average of 2.0 for all courses attempted in the minor, including both in residence and transfer hours.

Code	Title	Hours
Minor in Entrepreneurship		
Required Courses		
BUAD 3345	Entrepreneurship I - Startup	3
BUAD 3355	Business Law	3
BUAD 4345 or BUAD 4348	Entrepreneurship II - Growth ¹ Entrepreneurship III - Cases	3
FINC 3310	Financial Institutions and Markets	3
Select two of the following:		6
BUAD 4345 or BUAD 4348	Entrepreneurship II - Growth ¹ Entrepreneurship III - Cases	
FINC 4315	Entrepreneurial and Small Firm Finance	
MGMT 3348	Small Business Management	
MKTG 3310	Principles Of Marketing	
MGMT 4325	Family Business Management	
MGMT 4327	Corporate Entrepreneurship	
Total Hours		18

¹ Students may select both BUAD 4345 and BUAD 4348 among the 18 hours of courses required for the minor.

Minor in General Business Administration

A Minor in General Business Administration (21 hours) is available to all non-business bachelor's degree programs that permit a minor. The Minor in General Business Administration requires the following courses with a minimum grade point average of 2.0 for all courses attempted at SHSU, as well as a minimum grade point average of 2.0 for all courses attempted in the minor, including both in residence and transfer hours.

Code	Title	Hours
Minor in General Business Administration		
Required Courses		
ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
Select one of the following:		3
ECON 2300	Introduction To Economics	
ECON 2301	Principles Of Macroeconomics	
ECON 2302	Principles Of Microeconomics	
FINC 3310	Financial Institutions and Markets	3
or FINC 3320	Business Finance	
MGMT 3310	Principles Of Management	3
MKTG 3310	Principles Of Marketing	3
Business elective at any level		3
Total Hours		21

Furthermore, degree candidates for a Minor in General Business Administration must achieve a minimum 2.0 grade point average for all hours attempted in business courses, including in residence and transfer hours whether required for the General Business Administration minor or not.

Minor in Real Estate

A Minor in Real Estate (18 hours) is available to all bachelor's degree programs that permit a minor. The Minor in Real Estate requires the following courses with a minimum grade point average of 2.0 for all courses attempted at SHSU as well as a minimum grade point average of 2.0 for all courses attempted in the minor, including both residence and transfer hours.

Code	Title	Hours
Minor in Real Estate		
Required Courses		
ECON 3373	Urban And Regional Economics ¹	3
REAL 3310	Real Estate Principles	3
REAL 3365	Real Estate Law	3
REAL 4350	Real Estate Debt	3
REAL 4351	Real Estate Equity	3
REAL 4352	Real Estate Market and Development Feasibility Analysis	3
Total Hours		18

¹ The prerequisite for ECON 3373 is 42 completed hours and ECON 2300 or ECON 2301 or ECON 2302.

Department of Economics & International Business

Chair: Kurt Jesswein, Ph.D. (jesswein@shsu.edu), (936) 294-4582

Website: Department of Economics & International Business (<http://www.shsu.edu/academics/economics-and-international-business/>)

Vision

To develop outstanding Economics, International Business, and Business Analysis programs with faculty that is recognized for excellence in instruction, research, and service.

Mission

The mission of the Department of Economics and International Business is to support the mission of the University and the College of Business Administration by providing students with an academic foundation to become productive citizens, to develop successful careers, and to provide interested students with the background to pursue graduate or professional studies. The Department will provide curricula that promote critical thinking skills and enhance decision making abilities, which help students become productive and informed citizens. Faculty will engage in research to create and disseminate new knowledge, develop quality-teaching skills, maintain high professional standards, and actively serve the University Community.

Academic Programs

The Economics program is intended for students seeking a logical, ordered way of looking at business problems. The principles, approaches, and conclusions derived from the study of economics form the basis for developing sound policies in business, government, and personal life decisions.

The International Business program is designed for students preparing for positions with business, government, or international agencies dealing with international trade and foreign investments. As a result of the growing importance of international trade in the world economy, domestic and multinational corporations face a growing need for employees with specialized training in matters relating to international trade.

Career Opportunities

The study of economics is an effective way to prepare for several types of careers, including:

- Economic Consulting
- Legal Profession
- Government Sector
- Market Research
- Corporations and Financial Institutions
- Graduate education in law, business, public administration, urban studies, and economics.

The study of international business is an effective way to prepare for several types of careers, including:

- International Corporations
- Federal and International Agencies, both public and private
- Graduate education in law, international business, public administration, and economics.

Suggested Minors

- Accounting
- A Foreign Language
- Business Data Analytics
- Banking
- Economics (for International Business majors)
- Finance
- Management
- Marketing
- Math
- Political Science

The Department of Economics and International Business offers a minor in economics, a minor in business data analytics, and a minor in international business for students pursuing a major that requires or encourages a minor.

- Bachelor of Business Administration, Major in Economics
- Bachelor of Business Administration, Major in International Business
- Minor in Business Data Analytics
- Minor in Economics
- Minor in International Business

Student Organizations

- Economics and International Business Club
- Omicron Delta Epsilon

Study Abroad

Students may earn academic credit toward their Economics and/or International Business degree by participating in one of the several faculty-led study abroad programs held each summer. For additional information, contact the Department Chair, the SHSU Office of International Programs, or visit the webpage: Study Abroad Information (<http://www.shsu.edu/academics/economics-and-international-business/study-abroad-information.html>). Current study abroad programs include:

- Tokyo, Japan
- Beijing, China

Internships

A student may earn a maximum of six hours in approved, supervised educational work experience in internships. Internship applications are available in the Departmental office. It is the responsibility of the student to identify the internship opportunity. In order to receive academic credit, a student must meet the eligibility conditions, obtain prior approval from the Department Chair, and meet the guidelines established by the College of Business Administration for monitoring the quality of the learning experience.

Scholarships

Scholarships are available on a competitive basis for economics and international business majors. Students are encouraged to apply for scholarships using Scholarships4Kats (<https://shsu.academicworks.com/>) on the Financial Aid (<http://www.shsu.edu/dept/financial-aid/>) website. The Scholarships4Kats (<https://shsu.academicworks.com/>) program is a single application that will allow the student to apply for most scholarships available on campus whether at the departmental, college, or university-level. The deadline for applying for Department of Economics and International Business scholarships is December 31. Department of Economics and International Business scholarship recipients are announced in April for the following academic year. The specific scholarships that are available through the department vary from year to year and may include:

- Armstrong Foundation Endowed Scholarship in Economics
- Armstrong Foundation Endowed Scholarship in International Business
- Assam Scholarship in Monetary Economics
- Faculty Scholarship in Economics
- Faculty Scholarship in International Business
- William B. Green Scholarship in International Business

Director/Chair: **Markland Howard Tuttle**

Milo D. Berg, PHD (eco_mdb@shsu.edu), Associate Professor of Business Analysis, Department of Economics & Intl Business, PHD, Texas A&M University; BSB, Univ of Minnesota-Twin Cities

Cosmas B Domonaamwin Dery, PHD (cdery@shsu.edu), Assistant Professor of Economics, Department of Economics & Intl Business, PHD, Univ of Calgary; MA, Univ of Lethbridge; BA, University of Ghana

Mark W. Frank, PHD (eco_mwf@shsu.edu), Professor of Economics, Department of Economics & Intl Business, PHD, Univ of Texas At Dallas; MS, Univ of Texas At Dallas; BS, Texas A&M University

Fidel Gonzalez, PHD (fxg001@shsu.edu), Professor of Economics, Department of Economics & Intl Business, PHD, Univ of Texas At Austin; MS, Univ of Texas At Austin

Darren P Grant, PHD (dgrant@shsu.edu), Associate Professor of Economics, Department of Economics & Intl Business, PHD, Florida State University; BS, Florida State University

Natalie D Hegwood, PHD (eco_ndh@shsu.edu), Adjunct Faculty and Assistant Dean, College of Business Administration, Department of Economics & Intl Business, PHD, Univ of Houston-Main; MA, Univ of Houston-Main; BBA, Univ of Texas At Austin; BBA, Univ of Texas At Austin

Kevin Samuel Shaw Henning, PHD (henning@shsu.edu), Clinical Associate Professor of Business Analysis, Department of Economics & Intl Business, PHD, Texas Tech University; MS, Texas Tech University; BBA, University of The Southwest

Michael Gene Hollander, MBA (mgh035@shsu.edu), Assistant Professor of Practice in Finance, Department of Economics & Intl Business, MBA, Univ of Texas At Austin; BBA, St Edwards University

Youn Oh Kim, PHD (younoh@shsu.edu), *Associate Professor of Economics, Department of Economics & Intl Business*, PHD, Univ of Southern California; MA, Univ of Southern California; BA, Ewha Womans Univ.

Hiranya K Nath, PHD (eco_hkn@shsu.edu), *Professor of Economics, Department of Economics & Intl Business*, PHD, Southern Methodist University; MA, Southern Methodist University; MPHIL, Jawaharlal Nehru University; MA, University of Delhi; BA, University of Delhi

Vlad Marius Radoias, PHD (radoias@shsu.edu), *Associate Professor of Economics, Department of Economics & Intl Business*, PHD, Univ of Southern California; MA, Central Michigan Univ; BA, Bucharest Acad of Eco Studies

Christian Werner Raschke, PHD (raschke@shsu.edu), *Associate Professor of Economics, Department of Economics & Intl Business*, PHD, LSU & A&M College; MS, LSU & A&M College; BS, Southeast Missouri State Univ

Raisa Tasnim Sara, PHD (rts021@shsu.edu), *Assistant Professor of Economics, Department of Economics & Intl Business*, PHD, Texas A&M University; MSC, Univ of London - School Econ; BSC, Queen Mary Univ of London

Nazanin Sedaghatkish, PHD (nazanins@shsu.edu), *Assistant Professor of Economics and International Business, Department of Economics & Intl Business*, PHD, Virginia Polytechnic&State U; PHD, Virginia Polytechnic&State U; MSC, Sharif Univ of Technology; BS, Shahid Beheshti University

Sharmistha Self, PHD (sxs257@shsu.edu), *Professor of Economics and Dean of the College of Business Administration, Department of Economics & Intl Business*, PHD, Southern Illinois U-Carbondale; MA, Jadavpur University; BED, Annamalai University; BA, Jadavpur University

Markland Howard Tuttle, PHD (mht001@shsu.edu), *Professor of Economics and Acting Chair, Economics & International Business, Department of Economics & Intl Business*, PHD, Univ of Tennessee-Knoxville; MBA, Sam Houston State University; BBA, Sam Houston State University

Bachelor of Business Administration, Major In Economics

Each BBA degree consists of:

- University Core Curriculum (MATH 1324 should be used to satisfy Core Component II)
- Business Core (see list below)
- Computer Literacy course (MGIS 1305 or CSTE 1330)
- Major Required Courses
- Elective(s)

Note: Transfer students must take at least 50% of the required business curriculum for the BBA in residence at Sam Houston State University, which may include courses taken at The Woodlands Center (<http://www.shsu.edu/academics/woodlands-center/>) campus or through SHSU Online (<http://distance.shsu.edu/>).

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-business-administration-in-economics/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

- ⁵ MGMT 4340 is typically offered only in the fall semester. See an academic advisor for further information.
- ⁶ Or select a 3000- or 4000- level foreign language course OR a COBA Study Abroad course to fulfill this requirement.
- ⁷ Advanced Business Electives include any course with a/an ACCT, BANA, BUAD, ECON, FINC, MGIS, MGMT, or MKTG prefix (3000- or 4000- level).
- ⁸ See the course listing below for the World Studies Elective.
- ⁹ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.
- ¹⁰ A minor in a supporting business field or a foreign language is strongly recommended. A minor in most supporting business fields can be accomplished by using the available elective hours. Employment opportunities in International Business are likely to be enhanced with foreign language skills. Students who have high school credits in a foreign language or who have otherwise developed a foreign language proficiency are encouraged to participate in the College Level Examination Program (CLEP). Acceptable scores on the CLEP examinations will allow students to earn up to 14 hours of foreign language credits in French, German, or Spanish.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BBA in International Business is designed to provide graduates with the following marketable skills:

- Analysis and decision making.
- Data analysis.
- Understanding of international markets.
- Understanding of global issues.
- Quantitative reasoning.

Minor in Business Data Analytics

A Minor in Business Data Analytics (18 hours) is available for all bachelor's degree programs that permit a minor. Students enrolled in the Business Data Analytics minor will acquire knowledge, analytical skills, and software/programming skills that will prepare them for entry-level positions in business data analytics or for further training in business data analytics. The minor provides valuable training for those pursuing careers in business, banking, finance, healthcare administration, and public administration.

Code	Title	Hours
Minor in Business Data Analytics		
Required Courses		
Prescribed Electives: Techniques		
Select three from the following:		9
BANA 4365	Introduction To Business Forecasting & Economics	

ECON 4362	Econometrics for Business
MGIS 4315	Decision Analysis & Analytics
MKTG 4350	Marketing Research

Prescribed Electives: Skills

Select three from the following: 9

ACCT 4325	Emerging Technology in Accounting
BANA 4373	Advanced Business Analytics for Economics and Business
FINC 3330	Financial Spreadsheet Modeling
MGIS 3330	Business Database Management
MGIS 4330	Business Database Management II

Total Hours 18

Furthermore, degree candidates for a Minor in Business Data Analytics must achieve a minimum 2.0 grade point average for all hours attempted in business courses, including in residence and transfer hours whether required for the Business Data Analytics minor or not.

Minor in Economics

A Minor in Economics (18 hours) is available for all bachelor's degree programs that permit a minor. The Minor in Economics requires the following courses with a minimum grade point average of 2.0 for all courses attempted at SHSU, as well as a minimum grade point average of 2.0 for all courses attempted in the minor, including both in residence and transfer hours.

Code	Title	Hours
Minor in Economics		
Required Courses		
ECON 2301	Principles Of Macroeconomics	3
or ECON 2300	Introduction To Economics	
ECON 2302	Principles Of Microeconomics	3
ECON 3000-4000 Electives		9
ECON 4000 Elective		3
Total Hours		18

Furthermore, degree candidates for a Minor in Economics must achieve a minimum 2.0 grade point average for all hours attempted in economics courses, residence, and transfer hours combined.

Minor in International Business

A Minor in International Business (18 hours) is available for all bachelor's degree programs that permit a minor. The Minor in International Business requires the following courses with a minimum grade point average of 2.0 for all courses attempted at SHSU, as well as a minimum grade point average of 2.0 for all courses attempted in the minor, including both in residence and transfer hours.

Code	Title	Hours
Minor in International Business		
Required Courses		
ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
ECON 2300	Introduction To Economics	3
or ECON 2302	Principles Of Microeconomics	
ECON 4340	International Economics	3
Select two of the following:		6
BUAD 4340	International Business Law	
FINC 3320	Business Finance	
FINC 4340	International Finance	
MGMT 4340	International Management ¹	
MKTG 4340	International Marketing ²	
Total Hours		18

¹ Requires MGMT 3310.

² Requires MKTG 3310.

Furthermore, degree candidates for a Minor in International Business must achieve a minimum 2.0 grade point average for all hours attempted in business courses, including in residence and transfer hours whether required for the International Business minor or not.

Department of Finance and Banking

Chair: Mary Funck, Ph.D. (mcf012@shsu.edu), (936) 294-1277

Website: Department of Finance and Banking (<https://www.shsu.edu/academics/finance-and-banking/>)

Vision

To deliver outstanding Finance and Banking programs with faculty who are recognized for excellence in instruction, research, and service.

Mission

The mission of the Department of Finance and Banking is to assist in fulfilling the mission of the University and the College of Business Administration by providing students with an academic foundation to become productive citizens, to develop successful careers, and to provide interested students with the background to pursue graduate or professional studies. The academic foundation leading to a Bachelor of Business Administration degree in Finance or in Banking and Financial Institutions is designed to arouse intellectual curiosity, develop analytical reason, and provide historical and current information relative to the global environment.

Academic Programs

The **Finance** degree program provides students with the knowledge of the problems and opportunities that confront entities in the field of finance. The **Banking and Financial Institutions** degree program prepares students for officer-level positions in banks, regulatory agencies, and other financial institutions.

Highlights

The Department of Finance and Banking, through the Smith-Hutson Chair of Banking, provides the leadership for the Executive MBA in Banking and Financial Institutions (<https://www.shsu.edu/academics/banking/executive-mba-program/>) program.

Suggested Minors

Both the Banking and the Finance degree majors have limited electives available; therefore, no minor is required. Students may elect to declare a minor; however, the additional courses will add to the length of their programs.

Career Opportunities

The Banking and Financial Institutions and Finance degree programs are designed to prepare students for careers in business, government, or not-for-profit entities.

- Bachelor of Business Administration, Major in Banking and Financial Institutions
- Bachelor of Business Administration, Major in Finance
- Minor in Banking
- Minor in Finance

Student Organizations

- Banking and Finance Club
- Beta Alpha Psi
- The Investment Club

Internships

The department has historically been very successful in offering internships in the financial institutions area. Internships for students interested in other business environments are also becoming increasingly available.

Scholarships

Scholarships are available on a competitive basis. Students are encouraged to apply for scholarships using the Scholarship4Kats (<http://www.shsu.edu/dept/financial-aid/scholarships/>) program on the Financial Aid (<http://www.shsu.edu/dept/financial-aid/>) website. The Scholarship4Kats program is a single application that will allow the student to apply for most scholarships available on campus whether at the departmental, college, or university-level. The priority deadline to apply for scholarships is November 1 and the final deadline is February 1. Scholarship

recipients are announced in April for the following academic year. The specific scholarships that are available through the department vary from year-to-year and may include:

- Bala and Santhi Maniam Finance Scholarship
- Charles W. Jones III Endowed Scholarship
- Citizens National Bank Endowed Scholarship
- Department of Finance and Banking Faculty Scholarship
- Financial Executives International (FEI) Scholarship
- Frank and Mary McAdams Payne Banking Scholarship
- James B. and Elsie M. Bexley Scholarship
- John Klein/Amegy Bank Scholarships
- Laurence L. Corley Scholarship
- Lozano Family Scholarship
- Prosperity Bank Scholarship
- RMA Texas Chapter Scholarship
- Texas Dow Employees Credit Union Scholarship

Director/Chair: **Kurt R Jesswein**

Jonathan P Breazeale, PHD (jpb005@shsu.edu), *Associate Professor of Finance, Department of Finance & Banking*, PHD, Texas A&M University; MBA, Millsaps College; BS, United States Military Academy

Xiaoman Duan, PHD (xxd002@shsu.edu), *Assistant Professor of Finance, Department of Finance & Banking*, PHD, Univ of Oklahoma-Norman; MA, Univ of Oklahoma-Norman; BS, Nankai University

Jill Sharp Vaughan, BBA (jls227@shsu.edu), *Assistant Professor of Practice and Smith-Hutson Endowed Chair of Banking, Department of Finance & Banking*, BBA, Sam Houston State University

Bachelor of Business Administration, Major in Banking and Financial Institutions

Each BBA degree consists of:

- University Core Curriculum (MATH 1324 should be used to satisfy Core Component II)
- Business Core (see list below)
- Computer Literacy course (MGIS 1305 or CSTE 1330)
- Major Required courses
- Elective(s)

Note: Transfer students must take at least 50% of the required business curriculum for the BBA in residence at Sam Houston State University, which may include courses taken at The Woodlands Center campus (<http://www.shsu.edu/academics/woodlands-center/>) or through SHSU Online (<http://distance.shsu.edu/>).

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-business-administration-in-banking-and-financial-institutions/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

The following minors cannot be paired with this degree program: Minor in Finance, Minor in General Business Administration.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BBA in Finance is designed to provide graduates with the following marketable skills:

- Understanding of investments including: the ability to quantify price and yield metrics and measure performance for both fixed-income and equity securities singularly and in portfolios; understanding risk, return, and diversification; and understanding options both for hedging and speculation.
- Understand the function of the financial system, including the operations and structure of the Federal Reserve and banking system, bond markets, stock markets, and understanding money markets.
- Proficiency in calculating historical and prospective financial ratios used in analyzing financial statement data, in manipulating financial accounting data as needed to gain a broader understanding of financial accounting relationships, and in interpreting financial ratios and similar metrics used in making investment and financing decisions.
- Ability to create and analyze information useful to the managers of a firm, including understanding and explaining the cost of capital, cash flows as they form the basis for valuation of real and financial assets, and demonstrating the ability to summarize and analyze potential investment projects.

Minor in Banking

A Minor in Banking (18 hours) is available for all bachelor's degree programs in the College of Business Administration. The Minor in Banking requires the following courses with a minimum grade point average of 2.0 for all courses attempted at SHSU, as well as a minimum grade point average of 2.0 for all courses attempted in the minor, including both in residence and transfer hours.

Code	Title	Hours
Minor in Banking		
Required Courses		
FINC 3310	Financial Institutions and Markets	3
FINC 4320	Commercial Banking	3
FINC 4330	Commercial Bank Lending	3
FINC 4335	Financial Statement and Credit Analysis	3
Select two of the following:		6
FINC 3330	Financial Spreadsheet Modeling	
FINC 4315	Entrepreneurial and Small Firm Finance	
FINC 4325	Selling Financial Services	
FINC 4340	International Finance	
FINC 4345	Investments	
FINC 4389	Undergraduate Internship in Finance ¹	

FINC 4390	Managerial Finance	
Total Hours		18

¹ FINC 4389 can be taken for no more than 3 semester hours per semester with a maximum of 6 hours.

The minor in Banking is also available to Agricultural Business majors. In addition to the courses listed here for COBA majors, the following additional courses may be required for Agricultural Business majors to obtain the Minor in Banking:

Code	Title	Hours
ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
FINC 3320	Business Finance	3
Total Hours		9

Furthermore, degree candidates for a Minor in Banking must achieve a minimum 2.0 grade point average for all hours attempted in finance courses, both in residence and overall (SHSU and transfer combined).

Minor in Finance

A Minor in Finance (24 hours) is available to all bachelor's degree programs that permit a minor. The Minor in Finance requires the following courses with a minimum grade point average of 2.0 in residence at SHSU and overall.

Code	Title	Hours
Minor in Finance		
Required Courses		
ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
FINC 3310	Financial Institutions and Markets	3

¹ FINC 3330 is strongly recommended.

² Typically offered only in the spring semester.

³ Typically offered only in the fall semester.

Furthermore, degree candidates for a Minor in Finance must achieve a minimum 2.0 grade point average for all hours attempted in **finance** courses, in residence **at SHSU** and **overall (SHSU and transfer combined)**.

Department of Management, Marketing, and Information Systems

Chair: Gerald Kohers, Ph.D. (kohers@shsu.edu), (936) 294-1256

Website: Department of Management, Marketing, and Information Systems (<http://www.shsu.edu/academics/management-and-marketing/>)

Vision

The Department of Management, Marketing, and Information Systems aspires to develop professionals to be leaders by offering a high quality education in the major degree programs of Management, Human Resource Management, Supply Chain Management, Marketing, and Management Information Systems.

Mission

The Management, Marketing, and Information Systems Department's mission is to equip students with the requisite knowledge and skills in management, human resource management, supply chain management, marketing, management information systems, and related careers. The department is committed to excellence in teaching, intellectual contributions, and service.

Academic Programs

The **Management degree program (MGMT)** is designed to prepare students to influence organizations across multiple industries by developing business acumen and leadership skills.

The **Human Resource Management degree program (HRM)** is intended to prepare students to manage an organization's human resources. In particular, the core HRM practices of recruitment & selection, training & development, compensation & benefits, and performance management are examined to promote efficiency and effectiveness, and to maximize the value of human capital in an organization.

The **Marketing degree program (MKTG)** prepares students to make managerial decisions that involve the process of creating, promoting, pricing, and delivering goods, services, and ideas that provide value. Graduates with a BBA in Marketing will possess the knowledge and skills in the areas of written communication, decision making, presentation, persuasion and negotiation, data and financial analysis, ethical behavior, teamwork, and other business-related functions in a dynamic global environment.

The **Management Information Systems degree program (MIS)** is designed to provide students with the business and technical knowledge and skills necessary to function in areas such as database management, software development, information technology (IT) infrastructure management, and IT project management. The MIS program also incorporates SAP and Microsoft certification exams in those areas.

The **Supply Chain Management degree program (SCMG)** is targeted toward undergraduates pursuing a career in various supply chain related areas in a wide array of industries. Students pursuing the supply chain major will acquire knowledge, analytical skills, tools, and techniques to meet the challenges in supply chain related positions. The major will enable students to develop competencies and prepare them to perform in the supply chain arena, both functionally and strategically.

- Bachelor of Business Administration, Major in Human Resource Management
- Bachelor of Business Administration, Major in Management Information Systems
- Bachelor of Business Administration, Major in Management
- Bachelor of Business Administration, Major in Marketing
- Bachelor of Business Administration, Major in Supply Chain Management
- Minor in Management Information Systems
- Minor in Management
- Minor in Marketing
- Minor in Supply Chain Management

Student Organizations

- Association of Information Technology Students (AITS)
- Association for Supply Chain Management (ASCM)
- Collegiate Entrepreneurs' Organization (CEO)
- Society for Human Resource Management (SHRM)
- Marketing Student Club

Scholarships

Scholarships are available on a competitive basis. Students are encouraged to apply for scholarships using the Scholarships4Kats (<https://shsu.academicworks.com/>) program on the Financial Aid (<http://www.shsu.edu/dept/financial-aid/>) website. The Scholarships4Kats program is a single application that will allow the student to apply for most scholarships available on campus whether at the departmental, college, or university-level. The deadline for applying for College of Business Administration scholarships is December 31. The specific scholarships available in the Department of Management, Marketing, and Information Systems vary from year-to-year and may include:

- Dr. Paul and Emily Reed Human Resource Management Scholarship
- Ed and Daphne Sower Memorial Scholarship (available to freshmen majoring in Supply Chain Management).
- Helen Cochran Gilliland Human Resource Management Scholarship
- Lovell Family Endowed Scholarships
- Management, Marketing, and Information Systems Department Scholarship
- Victor E. and Judith Sower Scholarship

Please see the College of Business Administration section for information on college and university-level scholarships.

Pamela J Zelbst, PHD (mgt_pjz@shsu.edu), *Distinguished Professor of Management, Department of Mgmt, Mktg, & Info Systems*, PHD, Univ of Texas-Arlington; MBA, Sam Houston State University; BBA, Sam Houston State University

Bachelor of Business Administration, Major in Human Resource Management

Each BBA degree consists of:

- University Core
- Business Core
- Computer Literacy course (MGIS 1305 or CSTE 1330)
- Major Required courses
- Elective(s)

Transfer students must take at least 50% of the required business curriculum for the BBA in residence at Sam Houston State University, which may include courses taken at The Woodlands Center (<http://www.shsu.edu/academics/woodlands-center/>)(TWC) campus or through SHSU Online (<http://distance.shsu.edu/>).

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-business-administration-in-human-resource-management/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Total Hours: 120

- ¹ The following courses satisfy one credit hour of the Core Curriculum requirement for Component Area IX (Component Area Option): ECON 1100, KINE 2115, MCOM 1130, NGLI 1101, or UNIV 1101.
- ² Satisfies Core Curriculum requirement for Component Area I (Communication).
- ³ Satisfies Core Curriculum requirement for Component Area VI (U.S. History).
- ⁴ MATH 1324 is required for COBA and satisfies the Core Curriculum requirement for Component Area II (Mathematics).
- ⁵ Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).
- ⁶ BUAD 2321 or COMS 2382 is suggested to fulfill the three-hour credit of the Core Curriculum requirement for Component Area IX (Component Area Option).
- ⁷ ECON 2302 is a Business Core course and should be taken to satisfy the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).
- ⁸ Select from 3000 or 4000 level COBA courses.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

The following minors cannot be paired with this degree program: Minor in Management, Minor in General Business Administration.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Human Resource Management is designed to provide graduates with the following marketable skills:

- Communication skills, both oral and written.
- Critical thinking skills.
- Global and cultural awareness.
- Leadership skills.
- People skills.

Bachelor of Business Administration, Major in Management Information Systems

Each BBA degree consists of:

- University Core Curriculum
- Business Core
- Computer Literacy course (MGIS 1305 or CSTE 1330)
- Major Required courses
- Elective(s)

Transfer students must take at least 50% of the required business curriculum for the BBA in residence at Sam Houston State University, which may include courses taken at The Woodlands Center (<http://www.shsu.edu/academics/woodlands-center/>) campus or through SHSU Online (<http://distance.shsu.edu/>).

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-business-administration-in-management-information-systems/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

A minimum grade of "C" in required Marketing courses, MKTG 3320, MKTG 3328, MKTG 4340 or MGMT 4340, MKTG 4350, and MKTG 4390.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in General Business Administration.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BBA in Marketing is designed to provide graduates with the following marketable skills:

- Professional communication skills: verbal and written.
- Critical thinking, problem solving, and analytic ability.
- Teamwork, interpersonal skills, and influencing skills.
- Proficient with productivity software.
- Creativity and ability to think outside the box.

Bachelor of Business Administration, Major in Supply Chain Management

Each BBA degree consists of:

- University Core Curriculum (<http://catalog.shsu.edu/undergraduate/academic-policies-procedures/degree-requirements-academic-guidelines/core-curriculum/>)
- Business Core
- Computer Literacy course (MGIS 1305 or CSTE 1330)
- Major Required courses
- Elective(s)

Transfer students must take at least 50% of the required business curriculum for the BBA in residence at Sam Houston State University, which may include courses taken at The Woodlands Center (<http://www.shsu.edu/academics/woodlands-center/>) campus or through SHSU Online (<http://distance.shsu.edu/>).

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-business-administration-in-supply-chain-management/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Mission

The College of Criminal Justice is committed to providing students with a quality liberal arts education that develops critical thinking with a particular emphasis on the scientific method. Furthermore, students will gain an appreciation of their role as criminal justice professionals and as contributing members of society. As a part of a public university, the College also is committed to producing high quality research and public service.

The University baccalaureate core curriculum will provide the foundation for talents necessary to succeed in the criminal justice profession and in society. These talents include:

- an ability to communicate effectively, both orally and in writing.
- an ability to use numbers and symbols in the representation of reality and to engage in logical thinking.
- an appreciation of the scientific method and the contribution of the sciences.
- an appreciation of culture through the visual and performing arts.
- an appreciation of human diversity and the imperative of human values in the preservation of a free society.
- an understanding of the political nature of society and its role in the Union of the United States.
- an understanding of the role of the individual as part of the family, groups, organization, and society.
- an appreciation of moral and ethical judgment.
- an appreciation of self through physical, social, and psychological development.

Criminal Justice: Criminal justice is a discipline that encompasses the preservation and protection of social order in a free society. It includes such principles as democracy, rule of law, constitutionalism, civil liberties, and safeguarding people against intimidation and oppression. The Criminal Justice curriculum, which is based on the University's liberal arts core, is designed to prepare students for higher education or entering careers in criminal justice. Graduates are expected to continue their personal and professional development in a variety of practical settings. To achieve this mission, four dimensions of development serve as a basis for the curriculum.

Knowledge, Reasoning, Judgment: The Criminal Justice curriculum provides students with the opportunity and assistance to acquire knowledge of the roles of policing, courts, laws, victim studies, and corrections as they contribute to social order. Students will gain knowledge of the history, concepts, and critical issues in these areas through criminal justice required courses. The curriculum further provides a theoretical foundation of the discipline, combined with a thorough understanding of the scientific method as it applies to criminal justice. This combination is expected to sharpen the students' talents of reasoning and judgment — qualities imperative to rational functioning in the discipline.

Ability, Skills, Integration: The Criminal Justice curriculum provides students with the ability to achieve the professional goals of criminal justice. Students will learn how to integrate knowledge and practice in criminal justice. Furthermore, the curriculum provides students with an opportunity to develop the individual and group skills necessary to meet various role expectations.

Conduct, Professionalism, Ethics: The Criminal Justice curriculum provides students with an appreciation for the complexity and dilemmas associated with the criminal justice profession. Criminal Justice students will be exposed to the moral and ethical dimensions of the various careers within the discipline and will be charged with the essential aptitudes necessary for their professional conduct.

Vision, Change, Adaptation: The Criminal Justice curriculum provides students with an understanding of the discipline as it currently exists and as it is envisioned to be in the future. The Criminal Justice student will be able to apply vision in the face of change and to respond to the evolving nature of criminal justice and society. Furthermore, students will be equipped with the tools of adaptation for making these changes.

The Criminal Justice program at Sam Houston State University was established by the Texas Legislature in 1965 under House Resolution 469, which directed the University to establish a program of excellence in criminal justice with four objectives:

- Provide training for undergraduate and graduate students preparing for careers in criminal justice;
- Provide a program of continuing education for professionals already employed in the field;
- Provide technical assistance and consultation services to criminal justice agencies; and
- Promote research on problems in crime and the administration of criminal justice.

The College of Criminal Justice has developed a regional and national reputation for excellence. The academic programs include a major in criminal justice at the bachelor's level and graduate degrees at the masters and doctoral levels. The program leading to the Doctor of Philosophy in Criminal Justice is available only to students already holding an advanced degree.

Highlights

- The Criminal Justice Center is a 130,000 square foot facility which houses a courtroom, auditorium, conference facilities, hotel and café.
- The Criminal Justice Center encompasses the Bill Blackwood Law Enforcement Institute of Texas, the Correctional Management Institute of Texas, and the Crime Victims' Institute.
- The Criminal Justice program boasts one of the largest and most productive faculties in the United States with experts in the field of law, law enforcement, police administration, criminology, corrections, history, psychology, security studies, terrorism, victim studies, forensic anthropology, and forensic science.
- Recruiters from various agencies around the world visit the center on a regular basis and the College offers its own Career Fairs each semester.
- Students receive real world experience by participating in agency tours, internships, and regional/national conferences.

- National Associate of Hispanics in Criminal Justice
- Phi Alpha Delta Pre-Law Society
- Society of Forensic Science

The College of Criminal Justice hosts a variety of events for students including special guest lecturers at Real Talk with CJ, College of Criminal Justice Career Fair, College of Criminal Justice Undergraduate Conference, victimology fairs, and mock courtroom trials.

Internships/Study Abroad

The College of Criminal Justice has the largest internship program in the country. Through the Internship Program, many criminal justice agencies in the United States have had an opportunity to recruit dedicated and well-educated men and women for careers in law enforcement, corrections, victim services, law, forensic science and a variety of social service agencies that work with the offender. Students interested in serving as interns must have maintained a cumulative grade point average of at least 2.50 in all coursework and be classified as seniors. Field placements range from local to international agencies with emphases on law enforcement, corrections, courts/legal services, victim services and support/social services. The following is a list of some of the agencies used as field placements:

- Bureau of Alcohol, Tobacco, and Firearms
- Drug Enforcement Administration
- Federal Bureau of Investigations
- Federal Law Enforcement Training Center
- INTERPOL

- Pinkerton Investigative Services
- Texas Attorney General
- Texas Department of Public Safety
- Texas Parks and Wildlife
- United Nations
- United States Custom Service
- United States Department of State
- United States Marshal Service
- United States Secret Service
- White House Security, Washington D.C.

The College of Criminal Justice offers a variety of study abroad opportunities to contrasting locales, including Turkey, Poland, Italy, Korea, Spain, and China. Traveling with SHSU turns an ordinary trip into an unforgettable experience. Students may receive 3 hours of academic credit for study abroad. Classes include study of justice administration in the study country, including: victimology, human rights issues, police training, crime patterns and trends, correctional systems and criminal and procedural law. For more information, visit (<http://www.shsu.edu/academics/criminal-justice/services/forms.html>)Criminal Justice Study Abroad (<http://www.shsu.edu/academics/criminal-justice/services/forms.html>)

Scholarships

Scholarships are available to criminal justice majors and awarded in the spring of each year at the College of Criminal Justice Honors Convocation for the following academic year. With the exception of incoming freshmen scholarships, a student must have completed at least one long semester at Sam Houston State University. For more information, visit CJ scholarship. (<http://www.shsu.edu/academics/criminal-justice/services/scholar.html>)

Sam Houston State University is authorized by the Texas Higher Education Coordinating Board to offer a Bachelor of Arts degree and a Bachelor of Science degree with a major in Criminal Justice or Victim Studies. Coursework for these degrees is offered by the College of Criminal Justice. The prefix designation for registration purposes is "CRIJ"

Information on Programs and Grants

For additional information regarding admission requirements, degree programs, description of courses, and scholarships available to students, please refer to appropriate sections of the Undergraduate Catalog or the Graduate Catalog of Sam Houston State University. Brochures and information regarding the College of Criminal Justice baccalaureate, master's, and doctoral programs may be obtained by visiting the Criminal Justice (<https://www.shsu.edu/academics/criminal-justice/>) website or by writing:

Dean and Director

This Undergraduate Certificate is not eligible to receive Title IV funding -- Direct Loans, Pell Grant, TEACH Grant, SEOG Grant, or Federal Work Study. Students enrolled in this program should explore alternative funding options and are encouraged to contact the financial aid office for assistance.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX** plan and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Undergraduate Certificate in Management and Leadership in Criminal Justice is designed to provide graduates with the following marketable skills:

- Critical thinking and evidence-based analysis of crime and criminal justice activities.
- Effective communication in legal and law enforcement contexts, both internally and to community stakeholders.
- Strategic decision-making for law enforcement resource allocation.
- Proactivity and initiative in crime prevention and community relations.

About

Be a part of one of the highest ranked Criminal Justice and Criminology programs in the nation! Sam Houston State University's Department of Criminal Justice and Criminology is one of the largest and most prestigious criminal justice programs in the nation.

Our faculty are among the most productive researchers in the country and provide foundational courses you need for careers in criminal justice as well as many related fields. Students can focus on careers in the criminal justice system, including police, corrections, and law. Our goals are to provide a strong foundation for students to not only gain employment after graduation but to also enjoy long and successful careers. Students will also be prepared to earn graduate degrees. In 2020, U.S. News & World Report rated our on-line Master's degree programs #2 in the United States for Criminal Justice. Students can continue their education as a criminal justice researcher by exploring one of our Master's or Ph.D. programs.

You have a bright future at SHSU! The opportunities in our department are endless, with flexible course offerings to fit your schedule:

- Recruiters from criminal justice agencies and organizations visit the center on a regular basis.
- Students receive real world experience by participating in agency tours, internships, and regional/national conferences.
- Courses are offered on-line, daytime, and in the evening.

Mission

The Department of Criminal Justice and Criminology is committed to conducting high quality research that will enhance the knowledge base among our student population, criminal justice agencies throughout the country and abroad, as well as the broader discipline. Student competencies are guided by an increased understanding of the role of criminal justice professionals, and research that underlies effective policy and practice. The Department is strongly committed to the provision of public service through applied research and related efforts with criminal justice agencies and community organizations.

Minor		18
Total Hours		54-57

- Bachelor of Applied Arts and Sciences: Criminal Justice Concentration
- Bachelor of Arts, Major in Criminal Justice
- Bachelor of Science, Major in Criminal Justice
- Undergraduate Certificate in Criminal Justice
- Undergraduate Certificate in Criminal Justice Equity and Inclusion
- Undergraduate Certificate in Management and Leadership in Criminal Justice
- Minor in Crime Analysis and Mapping
- Minor in Criminal Justice
- Minor in Criminal Justice Equity and Inclusion

Student Organizations and Activities

- Alpha Phi Sigma National Criminal Justice Honor Society
- Lambda Alpha Epsilon Criminal Justice Association

- National Association of Blacks in Criminal Justice
- National Organization of Hispanics in Criminal Justice
- Phi Alpha Delta Pre-Law Society

Attend some of the many events for students including special guest lecturers at Real Talk with CJ, a career fair, an undergraduate conference, and mock courtroom trials.

Internships

An integral part of all degree offerings is the opportunity for field placement experience. The College of Criminal Justice Internship Program (<http://www.shsu.edu/academics/criminal-justice/services/intern.html>) is designed to provide students valuable work experience, on-the-job training, and an opportunity to develop a professional networking base for the future. Students in this program are offered unparalleled opportunities to participate in one of the nation's leading internship programs in the field of criminal justice.

Scholarships

Scholarships are available to criminal justice majors and awarded in the spring of each year at the College of Criminal Justice Honors Convocation for the following academic year. With the exception of incoming freshmen scholarships, a student must have completed at least one long semester at Sam Houston State University. Information on specific scholarships available in the College of Criminal Justice are available through Cutty Gilbert (cutty@shsu.edu) at (936) 294-3755.

Director/Chair: **Jason R Ingram**

George Matthew Ackerman, PHD (gma017@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Capella University; JD, Nova Southeastern University; MS, Nova Southeastern University; MBA, Nova Southeastern University; BA, Florida-Atlantic U

Heather Ann Alaniz, MA (haa034@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MA, Univ of Houston-Clear Lake

Mehmet Arican, PHD (mx146@shsu.edu), *Lecturer of Criminal Justice & Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of Leicester; MA, Univ of Leicester; BA, Univ of Istanbul

Andia B Azimi, PHD (axa205@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Georgia State University; MS, Georgia State University; BS, Georgia State University

Diana Villarreal Barfield, EDD (dx072@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, EDD, Abilene Christian University; MA, Abilene Christian University; BS, Mountain State University

Timothy Barnum, PHD (txb073@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of Nebraska-Omaha; MA, Saint Ambrose; BA, Valparaiso University

Danielle Lynne Boisvert, PHD (dx014@shsu.edu), *Professor of Criminal Justice and Criminology; Associate Dean, COCJ, Department of Criminal Justice & Criminology*, PHD, Univ of Cincinnati; MFS, George Washington University; BS, University of Western Ontario

Mark A Bull, MS (mab028@shsu.edu), *Lecturer of Criminal Justice, Department of Criminal Justice & Criminology*, MS, Sam Houston State University; BS, Sam Houston State University

Eric J Connolly, PHD (ejc025@shsu.edu), *Associate Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Florida State University; MS, Univ of North Alabama; BA, West Virginia University

Jay O Coons, PHD (stdjoc12@shsu.edu), *Assistant Professor of Practice of Criminal Justice, Department of Criminal Justice & Criminology*, PHD, Sam Houston State University; MS, Sam Houston State University; BS, Sam Houston State University

GM Cox, PHD (gmc037@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of Texas-Arlington; MS, Sam Houston State University; BS, Sam Houston State University

Miltonette Olivia Craig, PHD (moc006@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Florida State University; JD, Georgia State University; MS, Florida Int'L Univ; BA, Spelman College; BA, Spelman College

Jane C Daquin, PHD (jxd161@shsu.edu), *Associate Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Georgia State University; MS, Georgia State University; BA, University of Albany, Suny; BA, University of Albany, Suny

Mark Vincent Denham, MS (mvd001@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MS, Sam Houston State University; BS, Univ of Southern Mississippi

Jeremy Tyler Dunman, JD (jtd029@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, JD, South Texas College of Law; MS, Sam Houston State University; BS, Texas A&M University

Michael V Ferguson, MS (mvf002@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MS, Sam Houston State University; BA, Stephen F Austin University

Jessica Caitlin Fleming, MA (jcc063@shsu.edu), *Assistant Professor of Victim Studies, Department of Criminal Justice & Criminology*, MA, Sam Houston State University; BS, Sam Houston State University

Shaun Lester Gabbidon, PHD (slg122@shsu.edu), *Visiting Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Indiana University of Pennsylv; MS, Univ of Baltimore; BS, Christopher Newport University

Edward F Gallagher, JD (exg206@shsu.edu), *Assistant Professor of Practice for Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, JD, Villanova University; MA, Univ of St Thomas; BA, Indiana University; BA, Indiana University

Randall L Garner, PHD (rgarner@shsu.edu), *Professor of Criminal Justice and Criminology and Associate Dean, COCJ, Department of Criminal Justice & Criminology*, PHD, Univ of Houston-Main; MA, Univ of Houston-Clear Lake; BS, Univ of Houston-Clear Lake

Jurg Gerber, PHD (icc_jxg@shsu.edu), *Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Washington State University; MA, Washington State University; BA, Eastern Washington University

Gloria Trigg Gilbert, MA (icc_gtg@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MA, Sam Houston State University; BSCJ, Sam Houston State University

Amber Dawn Griffin, PHD (adgriffin@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Sam Houston State University; MS, Arizona State University; BA, Univ of Wisconsin-La Crosse; BA, Univ of Wisconsin-La Crosse

Elizabeth Noel Hartsell, PHD (enh033@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of Florida; MA, Univ of Florida; BA, North Carolina State Univ

Shaina Marie Herman, PHD (sxh169@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, University of Albany, Suny; MA, University of Albany, Suny; BA, Indiana Univ of Pa

Susan Jeanette Hoppe, PHD (sjh008@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Sam Houston State University; MA, Sam Houston State University; BSCJ, Sam Houston State University

Billy S Humphrey, MS (icc_bsh@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MS, Sam Houston State University; BS, Sam Houston State University

Lane A Hurst, MS (lah005@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MS, Sam Houston State University; BSCJ, Sam Houston State University

Laura Theresa Iesue, PHD (lti002@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of Miami; BS, Ohio State University

Jason R Ingram, PHD (jri004@shsu.edu), *Professor and Chair of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Michigan State University; MA, Southern Illinois U-Carbondale; BA, Southern Illinois U-Carbondale

Soraya K Kawucha, PHD (skk003@shsu.edu), *Lecturer of Criminal Justice, Department of Criminal Justice & Criminology*, PHD, Sam Houston State University; MS, Univ of North Texas; BS, Univ of North Texas

Bit Na Kim, PHD (bitna.kim@shsu.edu), *Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Sam Houston State University; BA, Chungbuk National University

Darla Renee King, MS (drk013@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MS, Sam Houston State University; BA, Univ of North Texas

Alexander Boone Kinney, PHD (akinney@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of Arizona; MA, Univ of Arizona; BA, Penn State University

Stuti Subbaiah Kokkalera, PHD (sxx078@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Northeastern University; LLM, Georgetown University; LLB, Gujarat University

Lindsey Marie Krumpholz, MS (stdlmi14@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MS, Sam Houston State University; BA, Sam Houston State University

Diana Oliphant Kukua, MS (dxk009@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, MS, Sam Houston State University; BA, Sam Houston State University*

Albert Bakarr Lansana, MS (abl027@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, MS, Univ of Detroit; MA, Univ of Detroit; BS, Eastern Michigan University*

Wanda Edelis Leal, PHD (wel004@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, Florida State University; MS, Florida State University; BS, Florida State University*

Heejin Lee, PHD (heejin.lee@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, Univ of Cincinnati; MS, Univ of Cincinnati; LLB, Korean National Police Univ*

Peter Scott Lehmann, PHD (psl003@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, Florida State University; MS, Florida State University; BA, Furman University*

Ian Stuart Lovestock, MS (isl001@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, MS, Sam Houston State University; BA, Univ of Texas-San Antonio*

Kevin Paul Lunsford, MS (kpl003@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, MS, Sam Houston State University; BS, Sam Houston State University*

Phillip Mitchell Lyons, PHD (icc_pml@shsu.edu), *Professor of Security Studies; Dean, College of Criminal Justice, Department of Criminal Justice & Criminology, PHD, Univ of Nebraska-Lincoln; JD, Univ of Nebraska-Lincoln; MA, Univ of Nebraska-Lincoln; BS, Univ of Houston-Clear Lake*

Melissa Lee Meltzer, PHD (melissa.meltzer@shsu.edu), *Assistant Professor of Practice in Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, Univ of Pennsylvania; MPH, Univ of Tx Health Science Cntr; MA, Sam Houston State University; BS, U-Houston Downtown*

Holly A Miller, PHD (psy_ham@shsu.edu), *Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, Florida State University; MA, Morehead State University; BA, Bethel College*

Martin Morales, MCJ (mxm471@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, MCJ, Tarleton State University; BAAS, Tarleton State University*

Stephen Lee Morrison, PHD (sxm130@shsu.edu), *Lecturer of Criminal Justice, Department of Criminal Justice & Criminology, PHD, Univ of Southern Mississippi; MA, Univ of Houston-Clear Lake; BS, Univ of Houston-Clear Lake*

Benjamin Michael Muraida, MS (bmm120@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, MS, Kaplan University; BS, Kaplan University*

Chelsey Samara Narvey, PHD (cxn042@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, Univ of Texas At Dallas; BA, Concordia University*

John Charles Navarro, PHD (jxn044@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, Univ of Louisville; MS, Illinois State University; BS, Illinois State University*

Brooke Elizatbeth Nodeland, PHD (ben012@shsu.edu), *Associate Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, Univ of Texas At Dallas; MS, Univ of North Texas; BS, Univ of North Texas*

Michael Edwin Noyes, PHD (men014@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, Indiana University of Pennsylv; MA, Indiana University of Pennsylv; BA, Allegheny College*

Willard M Oliver, PHD (icc_wmo@shsu.edu), *Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, West Virginia University; MA, West Virginia University; MS, Radford University; BS, Radford University*

Erin Anderson Orrick, PHD (eorrick@shsu.edu), *Associate Professor and Associate Dean of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, Univ of Texas At Dallas; MA, Univ of Maryland-College Park; BSCJ, Texas Christian University*

Katherine Cabaniss Parsley, JD (kcp033@shsu.edu), *Assistant Professor of Practice for Criminal Justice and Criminology, Department of Criminal Justice & Criminology, JD, Pepperdine Univ; BS, Pepperdine Univ*

Rebecca Ann Price, MS (stdrap18@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, MS, Sam Houston State University; BS, Sam Houston State University*

Javier Ramos, PHD (jxr248@shsu.edu), *Assistant Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology, PHD, Florida State University; MS, Florida State University; BA, Univ of Texas At Austin*

Ryan Wayne Randa, PHD (rxr042@shsu.edu), *Associate Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of Cincinnati; MS, Univ of Cincinnati; BS, Univ of Wisconsin-Superior

Carl Allen Root, PHD (cxr116@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of South Florida; MS, Eastern Kentucky University; BA, Eastern Kentucky University; BA, Eastern Kentucky University; BA, Eastern Kentucky University

Mitchel P Roth, PHD (icc_mpr@shsu.edu), *Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of Calif-Santa Barbara; MA, Univ of Calif-Santa Barbara; BA, Univ of Maryland-College Park

Danielle Sheldon Rudes, PHD (drudes@shsu.edu), *Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of Calif-Irvine; MA, Univ of Calif-Irvine; MA, Univ of New Orleans; BA, Suny At Plattsburgh

Mark Christopher Saber, PHD (marksaber@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of Texas At Dallas; MS, Univ of Texas At Dallas; MA, Univ of Texas-Arlington; BA, Univ of Texas-Arlington

Andrea Sanchez, MSW (axs075@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MSW, Univ of Houston-Main; BA, Univ of Texas At Austin

Bennie Lee Schiro, JD (bls025@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, JD, Oklahoma City Univ; BSCJ, Sam Houston State University

Xavier Serna, PHD (xxs008@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Texas A&M University; BA, Beloit College; BA, Beloit College

Paul Bradley Smithers, MS (pbs007@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MS, Sam Houston State University; BS, Univ of Houston-Downtown

David Leon Tumlinson, MS (dlt013@shsu.edu), *Lecturer of Criminal Justice & Criminology, Department of Criminal Justice & Criminology*, MS, Sam Houston State University; BA, St Mary's University

Michael Scott Vaughn, PHD (msv002@shsu.edu), *Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Sam Houston State University; MS, University of Central Missouri; BS, University of Central Missouri

Sergio A Velasquez, MED (sav041@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MED, Univ of Texas-Brownsville; BS, Univ of Texas-Brownsville; BS, Univ of Texas-Brownsville

Thomas Ray Warren, MS (trw002@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MS, Sam Houston State University; BS, Sam Houston State University

Rita J Watkins, EDD (icc_rjw@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, EDD, Sam Houston State University; MA, Sam Houston State University; MPA, Texas A&M University; BS, Sam Houston State University

Laura Marlise Weaver, MA (lmw083@shsu.edu), *Lecturer of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, MA, Univ of Texas-Arlington; BA, Univ of Texas-Arlington

William M Wells, PHD (wmw005@shsu.edu), *Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Univ of Nebraska-Omaha; MA, Indiana University-Bloomington; BA, Ohio University

Russell Lee Young, PHD (stdrly@shsu.edu), *Assistant Professor of Practice of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Sam Houston State University; MA, Sam Houston State University; BS, Sam Houston State University

Yan Zhang, PHD (icc_yxz@shsu.edu), *Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Michigan State University; MS, Michigan State University; MS, Michigan State University; BS, Wuhan University

Jihong Zhao, PHD (jxz006@shsu.edu), *Professor of Criminal Justice and Criminology, Department of Criminal Justice & Criminology*, PHD, Washington State University; MA, Washington State University; BA, Shanghai Inst of Higher Edu

Bachelor of Arts, Major in Criminal Justice

Electives: Advanced General		
Advanced Electives		6
Minor: Not Required ^{8,9}		
Total Hours		120-121

¹ Recommend MATH 1342 or MATH 1332.

² WOLC 2311 and WOLC 2312 satisfy the requirement for Component Area IV (Language, Philosophy, and Culture) as well as three hours of Component Area IX (Component Area Option).

³ CRIJ 2361 satisfies the Core Curriculum requirement for Component Area VIII (Social and Behavioral Science).

⁴ May be completed either Fall or Spring semester of Year 1.

⁵ May be completed either Fall or Spring semester of Year 2.

⁶ May be completed either Fall or Spring semester of Year 3.

⁷ May be completed either Fall or Spring semester of Year 4.

⁸ A minor is **not required** for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program's stated total semester credit hours.

⁹ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Forty-two semester hours of advanced coursework (3000 or 4000 level) are the absolute minimum. Minimum number of semester hours in residence: 30 semester hours of which 24 must be advanced.

Use general electives to satisfy the 42 advanced hour requirement.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-criminal-justice/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Forty-two semester hours of advanced coursework (3000 or 4000 level) are the absolute minimum. Minimum number of semester hours in residence: 30 semester hours of which 24 must be advanced.

Use general electives to satisfy the 42 advanced hour requirement.

A minor is **not required** for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program’s stated total semester credit hours.

All minors can be paired with this degree program.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state’s **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Criminal Justice is designed to provide graduates with the following marketable skills:

- Critical thinking.
- Written and oral communication.
- Analytical research.
- Proactive and action oriented.

SOCI 3324	Social Inequality	

¹ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

- 2 May be completed during Fall or Spring semester of Year 2.
- 3 Satisfies Core Curriculum requirement for Component Area I (Communication).
- 4 Satisfies Core Curriculum requirement for Component Area VI (U.S. History).
- 5 MATH 1342 or MATH 1332 is recommended.
- 6 May be completed during Fall or Spring semester of Year 3.
- 7 See, the Degree Specific Courses list.
- 8 Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government.
- 9 May be completed during Fall or Spring semester of Year 4.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Forty-two semester hours of advanced coursework (3000 or 4000 level) are the absolute minimum. The minimum number of semester hours in residence is 30 semester hours, of which 24 must be advanced.

Use general electives to satisfy the 42 advanced hour requirement.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program’s stated total semester credit hours.

All minors can be paired with this degree program.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state’s **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Criminal Justice is designed to provide graduates with the following marketable skills:

- Critical thinking.
- Written and oral communication.
- Analytical research.
- Proactive and action oriented.

Undergraduate Certificate in Criminal Justice

This Criminal Justice Undergraduate Certificate program builds on a proven track record of success in preparing students for the complexities of law enforcement careers. This 15 credit hour program acknowledges the evolving demands of the criminal justice sector, ensuring graduates are not only well-equipped for today’s challenges but are also adaptable to tomorrow’s. It represents a strategic investment for those seeking to build upon a tradition of excellence in law enforcement.

A student may only enroll in and be awarded either the Undergraduate Certificate in Criminal Justice or the Minor in Criminal Justice but not both.

Code	Title	Hours
Undergraduate Certificate in Criminal Justice		
Required Courses		
CRIJ 2361	Introduction To The Criminal Justice System	3
CRIJ 2364	Fundamentals Of Criminal Law	3
CRIJ 2365	Correctional Systems and Practice	3
CRIJ 2367	Police Systems & Practices	3
Prescribed Electives		
Select one course from the following:		3
CRIJ 2362	Criminology	
CRIJ 2394	Courts And Criminal Procedure	

CRIJ 4365

Professionalism and Ethics In Criminal Justice

Total Hours**15**

This Undergraduate Certificate is not eligible to receive Title IV funding -- Direct Loans, Pell Grant, TEACH Grant, SEOG Grant, or Federal Work Study. Students enrolled in this program should explore alternative funding options and are encouraged to contact the financial aid office for assistance.

Notes

A student may only enroll in and be awarded either the Undergraduate Certificate in Criminal Justice or the Minor in Criminal Justice but not both.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Undergraduate Certificate in Criminal Justice is designed to provide graduates with the following marketable skills:

- Critical thinking and evidence-based analysis of crime and criminal justice activities.
- Effective communication in legal and law enforcement contexts, both internally and to community stakeholders.
- Strategic decision-making for law enforcement resource allocation.
- Proactivity and initiative in crime prevention and community relations.

Undergraduate Certificate in Criminal Justice Equity and Inclusion

The Undergraduate Certificate in Criminal Justice Equity and Inclusion is a 12-credit-hour program developed for criminal justice working professionals as well as current students who plan to work in the field. Upon completion, graduates will be able to successfully recognize how issues of equity and inclusion apply to criminal justice professionals' interactions with offenders, victims, and the general public as well as how these issues affect workforce-related matters in criminal justice.

This Undergraduate Certificate is not eligible to receive Title IV funding -- Direct Loans, Pell Grant, TEACH Grant, SEOG Grant, or Federal Work Study. Students enrolled in this program should explore alternative funding options and are encouraged to contact the financial aid office for assistance.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/undergrad-certificate/criminal-justice-equity-and-inclusion/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Code	Title	Hours

Required Courses		
CRIJ 3340	Gender and Crime	3
CRIJ 4336	Understanding Human Behavior	3
CRIJ 4385	Criminal Justice and Social Diversity	3
CRIJ 4387	Multiculturalism in Criminal Justice	3
Total Hours		12

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Undergraduate Certificate in Criminal Justice Equity and Inclusion is designed to provide graduates with the following marketable skills:

- Understand contemporary issues about equity and inclusion in the criminal justice system.
- Identify and address inequities amongst criminal justice working professionals as well as those involved in the criminal justice system.
- Think critically and communicate about multiculturalism.
- Effectively use information about self-relevant identities and behaviors to facilitate strong communication skills between criminal justice working professionals.

Minor in Criminal Justice

A Minor in Criminal Justice consists of the following courses:

Code	Title	Hours
Minor in Criminal Justice		
Required Courses		
CRIJ 2361	Introduction To The Criminal Justice System	3
CRIJ 2362	Criminology	3
CRIJ 2364	Fundamentals Of Criminal Law	3

VCST 3350	Victimology	
Total Hours		18

¹ This course requires a prerequisite, which could increase the total number of semester credit hours needed to complete the minor.

Department of Forensic Science

Chair: Sheree Hughes (sheree.hughes@shsu.edu), Ph.D.
(936)-294-2608

Website: Department of Forensic Science (<http://forensics.shsu.edu/>)

Mission

Our mission is to continuously improve and enhance the practice of forensic science through innovative teaching, research and service.

Vision

The Department of Forensic Science at SHSU envisions a future where institutes of higher education and forensic science service providers work in partnership to improve and strengthen forensic science and the criminal justice system as a whole.

About

The College of Criminal Justice's Department of Forensic Science is rich in history yet heavily geared toward the future. The Department of Forensic Science at SHSU was the first to offer an accredited Master of Science in Forensic Science (<https://www.shsu.edu/programs/graduate/forensic-science/>) in Texas and the first multi-disciplinary PhD in Forensic Science (<https://www.shsu.edu/programs/doctorate/forensic-science/>) in the United States.

Graduates from our MS and PhD programs have placement rates consistently over 90% in forensic science laboratories and research positions across the nation. Students have access to the latest scientific equipment found in crime laboratories and engage with faculty who have real-world experience in forensics. The College of Criminal Justice also operates the Southeast Texas Applied Forensic Science Facility (<https://www.shsu.edu/centers/stafs/>) (STAFS) - one of a small number of willied body donor facilities in the nation, and the Institute for Forensic Research, Training and Innovation (<http://www.ifrti.org/>) (IFRTI), which offers professional development and unique, industry-driven research opportunities to students, practitioners, and the broader forensic community.

From the laboratory to the courtroom and everything in between, the Department of Forensic Science has the tools you need to build a career in forensic science.

Academic Programs

The Department of Forensic Science offers a minor, a master's degree, and a doctoral degree. For a listing of the programs offered within the Department of Forensic Science, please, reference the Programs tab in the respective catalog.

Highlights

The Master of Science in Forensic Science is accredited by the Forensic Science Education Programs Accreditation Commission (FEPAC (<http://fepac-edu.org/>)). The program itself was established in 2001 and was the very first accredited program in Texas. The program gives students the flexibility to tailor a degree toward their individual interests and professional goals while working in a state-of-the art scientific facility. We have been preparing students for careers in forensic science for over two decades, with proven success.

Sam Houston State University offers a PhD in Forensic Science for those seeking leadership positions or intending to pursue careers in research or education. The doctoral program at SHSU is an interdisciplinary science degree that can be completed in approximately five years of full-time study.

The minor in Forensic Science can be tailored towards criminal justice or non-science majors interested in pursuing investigative or non-laboratory based careers in forensic science (i.e., crime scene investigators) and science majors (e.g., chemistry, biology, etc.) who have an interest in traditional (laboratory-based) careers in forensic science.

Career Opportunities

Students intending to pursue a career as a forensic scientist should major in one of the natural sciences. The minor in forensic science pairs well with natural science majors and can help prepare students for mandatory licensing requirements ([https://texreg.sos.state.tx.us/public/readtac\\$ext.ViewTAC/?tac_view=5&ti=37&pt=15&ch=651&sch=C&rl=Y](https://texreg.sos.state.tx.us/public/readtac$ext.ViewTAC/?tac_view=5&ti=37&pt=15&ch=651&sch=C&rl=Y)) in the State of Texas. Discipline specific course requirements still apply. For more information on licensing requirements, visit the Department of Forensic Science website or the Texas Forensic Science Commission (<https://www.txcourts.gov/fsc/>). Although non-science majors may be eligible for investigative careers, the minor in forensic science does not supplant the need for foundational scientific knowledge required to pursue traditional (laboratory-based) forensic disciplines. **Criminal justice or other non-science majors are not eligible to apply for the MS or PhD in forensic science and are extremely unlikely to be eligible for employment as a forensic scientist.**

- Undergraduate Certificate in Investigative Forensic Science
- Minor in Forensic Science

Student Organizations and Activities

- Society of Forensic Science

Scholarships

Scholarship opportunities, assistantships, and financial assistance are available. Student assistantships and scholarships are awarded on a competitive basis.

Financial awards are available, including out-of-state tuition waivers. University policy requires all students to pay in-state tuition.

Information on specific scholarships available in the College of Criminal Justice are available through Scholarships4Kats (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>).

Director/Chair: **Sheree Robyn Hughes**

Kelsie Dawn Bryand, MS (kds001@shsu.edu), *Adjunct Faculty, Department of Forensic Science*, MS, Sam Houston State University; BA, Texas A&M University

Patrick Buzzini, PHD (patrick.buzzini@shsu.edu), *Professor of Forensic Science, Department of Forensic Science*, PHD, University of Lausanne; MS, University of Lausanne

Jay Tyler Davidson, PHD (jxd115@shsu.edu), *Assistant Professor of Forensic Science, Department of Forensic Science*, PHD, West Virginia University; MS, West Virginia University; BS, Shippensburg University

Eduardo Geraldo de Campos, PHD (exg248@shsu.edu), *Assistant Professor of Forensic Science, Department of Forensic Science*, PHD, University of Sao Paulo; MS, University of Sao Paulo; BS, University of Sao Paulo

Rachel Michelle Houston, PHD (rmh034@shsu.edu), *Assistant Professor of Forensic Science, Department of Forensic Science*, PHD, Sam Houston State University; BS, Univ of Texas At Dallas

Sheree Robyn Hughes, PHD (sxh039@shsu.edu), *Associate Professor and Chair of Forensic Science, Department of Forensic Science*, PHD, Bond University; BS, University of Queensland (The)

Timothy S. Kalafut, PHD (tim.kalafut@shsu.edu), *Associate Professor of Forensic Science, Department of Forensic Science*, PHD, Texas A&M University; BA, Whitworth College

Sarah Kerrigan, PHD (sxx003@shsu.edu), *Professor of Forensic Science, Department of Forensic Science*, PHD, University of British Columbia; BSC, University of Hull

Mayra Alexandra Mayr-Eduardoff, PHD (mayra.eduardoff@shsu.edu), *Assistant Professor of Forensic Science, Department of Forensic Science*, PHD, Medical University of Innsbruck; MSC, University of Innsbruck; BA, University of Sussex (UK)

Geraldine Isabelle Christ Monjardez, PHD (g.monjardez@shsu.edu), *Assistant Professor of Forensic Science, Department of Forensic Science*, PHD, University of Manchester; MS, Cranfield University; BS, University of Cent Lancashire

Britni Nicole Skillman, PHD (bns017@shsu.edu), *Assistant Professor of Forensic Science, Department of Forensic Science*, PHD, Sam Houston State University; BS, Sam Houston State University

Madeleine Jean Swortwood, PHD (mjs079@shsu.edu), *Lecturer of Forensic Science, Department of Forensic Science*, PHD, Florida Int'L Univ; BA, Duquesne University

Chi Chung Yu, PHD (jorny@shsu.edu), *Professor of Forensic Science, Department of Forensic Science*, PHD, Carleton University; MS, Central Police University; BS, Central Police University

Undergraduate Certificate in Investigative Forensic Science

This 15 credit hour certificate program builds upon the current undergraduate offerings, comprising five required classes tailored for students aspiring to pursue careers in investigative forensic sciences (crime scene investigator, medical death investigator, criminal investigators, evidence technician, law enforcement, etc.). The undergraduate certificate is a freestanding credential that can be earned as a stand-alone certificate or awarded on the way toward a bachelor's degree.

A student may only enroll in and be awarded either the Undergraduate Certificate in Investigative Forensic Science or the Minor in Forensic Science but not both.

Code	Title	Hours
Undergraduate Certificate in Investigative Forensic Science		
Required Courses		
FORS 3366	Forensic Science	3
FORS 4310	Physical Evidence Techniques	3
FORS 4330	Fingerprint Examination	3
FORS 4364	Crime Scene Investigation Techniques	3
FORS 4380	Ethics and Professional Practice	3
Total Hours		15

This Undergraduate Certificate is not eligible to receive Title IV funding -- Direct Loans, Pell Grant, TEACH Grant, SEOG Grant, or Federal Work Study. Students enrolled in this program should explore alternative funding options and are encouraged to contact the financial aid office for assistance.

Notes

A student may only enroll in and be awarded either the Undergraduate Certificate in Investigative Forensic Science or the Minor in Forensic Science but not both.

There are no program-specific admission requirements. Students must meet SHSU's general admission standards:

- Completed SHSU Admission Application (<https://www.shsu.edu/apply/>) with non-refundable \$50.00 application fee.
- Official ACT Composite or SAT score report. (Optional)
- Official high school transcript showing GPA and degree plan. Upon graduation from high school, applicant must provide a final official high school transcript with final GPA, date of graduation, and graduation plan.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Undergraduate Certificate in Investigative Forensic Science is designed to provide graduates with the following marketable skills:

- Scientific literacy and technical knowledge in investigative forensic science.
- Crime scene assessment and evidence recognition.
- Physical evidence identification and chain of custody management.
- Fingerprint examination.
- Legal and ethical awareness in forensic investigations.

Minor in Forensic Science

A minor in Forensic Science requires the completion of 18 credit hours from the following list of courses, of which at least six credits must be 4000-level courses.

This minor is most suitably paired with majors in biology, chemistry, forensic chemistry, computing science, nursing, psychology, or criminal justice. However, the minor is not limited to these majors. **Students who intend to pursue employment as a forensic scientist should major in natural science.** Non-science majors (e.g., criminal justice) can benefit from this minor if they intend to pursue employment as an investigator. The minor in forensic science does not supplant the need for an undergraduate degree in a natural science (e.g., chemistry, biology, etc.).

The State of Texas has mandatory licensing requirements ([https://texreg.sos.state.tx.us/public/readtac\\$ext.ViewTAC/?tac_view=5&ti=37&pt=15&ch=651&sch=C&rl=Y](https://texreg.sos.state.tx.us/public/readtac$ext.ViewTAC/?tac_view=5&ti=37&pt=15&ch=651&sch=C&rl=Y)) for forensic analysts and technicians. These requirements include minimum educational qualifications, specific coursework, and successful completion of an examination administered by the Texas Forensic Science Commission. Students intending to pursue careers subject to forensic licensing requirements are encouraged to enroll in FORS 3366, FORS 4310, FORS 4380 and FORS 4317.

Discipline specific course requirements still apply. Refer to the Texas Administrative Code ([https://texreg.sos.state.tx.us/public/readtac\\$ext.ViewTAC/?tac_view=5&ti=37&pt=15&ch=651&sch=C&rl=Y](https://texreg.sos.state.tx.us/public/readtac$ext.ViewTAC/?tac_view=5&ti=37&pt=15&ch=651&sch=C&rl=Y)) for the most up to date information, or contact the Department of Forensic Science for assistance.

A student may only enroll in and be awarded either the Minor in Forensic Science or the Undergraduate Certificate in Investigative Forensic Science but not both.

Department of Security Studies

About

Chair: Nadav Morag, Ph.D. (morag@shsu.edu)

Contact Information: (936) 294-4128; Vivian Carlson (vxc003@shsu.edu)

Website: Department of Security Studies (<http://www.shsu.edu/academics/criminal-justice/departments/security-studies/>)

Mission

Homeland Security (HS) is an emerging and evolving discipline that continues to have a significant impact on the public and private sectors. Terrorism, natural disasters, cyber-attacks against critical infrastructures, public health emergencies, and large-scale organized crime, and similar issues all present challenges in terms of the ability of society, the economy, and the government to function when such events occur. Moreover, despite the fact that these are very different types of threats, they will require many of the same tools in order to cope with them. For example, prevention of terrorism and prevention of cyber-attacks require that law enforcement and intelligence agencies cooperate, share information, and design integrated strategies to track down and apprehend such threats domestically (or in concert with the military when the threat is based overseas). Similarly, critical infrastructure targets and industries must share information and engage in joint planning across their respective industries, with governmental authorities. This same type of information-sharing and joint planning is important in preparing for, and responding to, natural disasters such as Hurricane Harvey and environmental disasters such as Deepwater Horizon. Another example of the importance of information-sharing and strategic integration can be found in the interplay between law enforcement, fire, civil defense, emergency medical services, hospitals, and the public health system. These must share information, train together and integrate their strategies because they will all be brought into play, not only in the event of terrorism (with the public health system being a key part of the picture in chemical, biological, or nuclear terrorism scenarios), but also in the case of natural disasters, disease outbreak, and other crisis scenarios. Additionally, the strategic integration, information-sharing, and common planning mentioned in the examples above must not only be horizontal across practitioner areas, but also vertical in bringing together federal, state, local, tribal, territorial, and international partners, as well as the all-important private sector (which, as noted, plays a key role in critical infrastructure protection but is also crucial for disaster response and recovery).

The Bachelor's of Science and Bachelor's of Arts programs are designed to provide students with a broad overview of the homeland security field and allow them to develop basic knowledge and competency in a wide range of areas within the larger discipline. Accordingly, the program will help students:

- Examine the phenomena of terrorism and counterterrorism.
- Comprehend the role of emergency management in the homeland security enterprise.
- Apply intelligence approaches and methodologies to understand homeland security challenges.
- Discuss the role of critical infrastructures in homeland security.
- Interpret legal and ethical issues in the homeland security context.
- Identify strategic planning and communications challenges and tools.
- Recognize transportation and border security challenges and policy options.
- Identify key public health challenges and methods of operation in the homeland security context.
- Understand the role of interoperability, information-sharing, and multi-agency coordination within the homeland security enterprise.

Upon completion of this program, students will be able to:

- Gather and assess data in support of policy measures in homeland security-related agencies or private sector entities engaged in some aspect of homeland security.
- Produce effective written products in support of policy measures in homeland security-related agencies or private sector entities engaged in some aspect of homeland security.
- Apply a broad homeland security knowledge base to enhancing communication and coordination between governmental agencies and between governmental agencies and the private sector.

The program can be completed 100% online. Students will also have the option to take some courses face-to-face at the university's main campus.

- Bachelor of Arts in Homeland Security Studies
- Bachelor of Science in Homeland Security Studies
- Undergraduate Certificate in Biosecurity and Pandemics
- Undergraduate Certificate in Security and Resilience in the Chemical and Energy Sectors
- Undergraduate Certificate in Security and Resilience in the Healthcare Sector
- Undergraduate Certificate in Security and Resilience in the Transportation Sector
- Minor in Homeland Security Studies

Student Organizations and Activities

- Order of the Sword & Shield National Honor Society

The College of Criminal Justice hosts a variety of events for students, including special guest lecturers at Real Talk with CJ, a career fair, an undergraduate conference, and mock courtroom trials.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Homeland Security Studies is designed to provide graduates with the following marketable skills:

- Think critically, conduct analysis, derive conclusions based on evidence, and communicate effectively.
- Understand strategic policy-making to address homeland security challenges.
- Understand the interagency environment, the legal frameworks, and the international context in which the homeland security enterprise operates.

Bachelor of Science, Major in Homeland Security Studies

Minor in Homeland Security Studies

At the undergraduate level, the Department of Security Studies offers a Minor in Homeland Security Studies. This program will be offered primarily online, though there may occasionally be opportunities to take face-to-face courses at the Huntsville campus.

Required courses include the following courses:

Code	Title	Hours
Minor in Homeland Security Studies		
Required Courses		
SCST 2363	Introduction to Homeland Security	3
SCST 3394	Global Terrorism & Homeland Security	3
SCST 4362	United States Security Post 9/11	3
Prescribed Electives		
Choose three of the following:		9
SCST 4363	Homeland Security Intelligence	
SCST 4364	Homeland Security and Emergency Management	
SCST 4365	Border Security	
SCST 4366	Drug Policy and Security	
SCST 4367	Critical Infrastructure Security	
SCST 4377	Special Topics in Security Studies (limited usage, once for 3 SCH)	
Total Hours		18

Department of Victim Studies

Chair: Shelly Clevenger, Ph.D.

Contact the Department of Victim Studies:
936-294-4735

Website: Department of Victim Studies (<https://www.shsu.edu/academics/victim-studies/>)

About

Be a part of the new, path-breaking Department of Victim Studies, the only one of its kind in the nation!

Sam Houston State University's Department of Victim Studies offers one of the most innovative criminal justice programs available to students nationwide. Our experienced faculty provide foundational courses in the areas of victimology, victim studies, and victim services. Our graduate and undergraduate degree programs prepare students for a variety of career paths, ranging from victim advocacy and social justice activism to supervisory positions in victim services. In 2015 and 2016, *U.S. News & World Report* rated our on-line Master's degree programs #1 in the United States. Our Master of Science in Victim Services Management (MSVSM) program was included in this distinguished ranking.

You have a bright future at SHSU! The opportunities in our Department are endless, with flexible course offerings to fit your schedule:

- Recruiters from victim service agencies and organizations visit the center on a regular basis.
- Students receive real world experience by participating in agency tours, internships, and regional/national conferences.
- Courses are offered on-line, daytime, and in the evening.

Mission

The Department of Victim Studies is committed to providing high quality education to students in the field of victim services and conducting cutting-edge victimological research to better inform both policy and practice. Our goal is to produce a population of students prepared to provide exceptional services based on a solid understanding of industry trends and evidence-based practices. Faculty include renowned victimology scholars and esteemed victim services professionals with a combination of extensive education and field experience. Faculty provide opportunities for students to engage in community service work that is dedicated to making a difference in survivors' lives.

Student Organizations and Activities

- Alpha Phi Sigma National Criminal Justice Honor Society
- Crime Victim Services Alliance
- Lambda Alpha Epsilon Criminal Justice Association
- National Association of Blacks in Criminal Justice
- National Organization of Hispanics in Criminal Justice
- Phi Alpha Delta Pre-Law Society
- Kats for CASA

Attend some of the many events for students including special guest lecturers at Real Talk with CJ, a career fair, an undergraduate conference, and mock courtroom trials.

Internships

An integral part of all degree offerings is the opportunity for field placement experience. The College of Criminal Justice Internship Program (<http://www.shsu.edu/academics/criminal-justice/services/intern.html>) is designed to provide students valuable work experience, on-the-job training, and an opportunity to develop a professional networking base for the future. Students in this program are offered unparalleled opportunities to participate in one of the nation's leading internship programs in the field of criminal justice.

Scholarships

Scholarships are available to criminal justice majors and awarded in the spring of each year at the College of Criminal Justice Honors Convocation for the following academic year. With the exception of incoming freshmen scholarships, a student must have completed at least one long semester at Sam Houston State University. Information on specific scholarships available in the College of Criminal Justice are available through Cutty Gilbert

(cutty@shsu.edu) at (936) 294-3755. Graduate students may also apply for scholarships through the Graduate School. Certain conditions apply. For specific information regarding the Graduate School General Scholarship, contact Graduate Studies at: 936.294.2408 or gradstudies@shsu.edu.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in in Victim Studies is designed to provide graduates with the following marketable skills:

- Critical thinking.
- Written and oral communication.
- Analytical research.
- Proactive and action oriented.

About the College

The College of Education is comprised of four academic units:

1. Counselor Education
2. Educational Leadership
3. Library Science and Technology
4. School of Teaching and Learning

Teacher Certification is also under the administrative purview of the College of Education.

Website: Education (<https://www.shsu.edu/academics/education/>)

Vision Statement

Preparing leaders to impact a diverse and evolving world.

Belief Statements

- What we all do matters.
- Innovation fosters creativity, critical thinking, and passion.
- Relevant experiences promote growth and inspires change.
- Strength is found in valuing diversity.
- Positive relationships influence success.

Academic Programs

Departments	Programs
	Majors
Department of Educational Leadership	Bachelor of Arts in Educational Studies
Department of Library Science and Technology	Bachelor of Arts in Learning Technologies
School of Teaching and Learning	Bachelor of Science in Education

Graduate Study

Graduate degrees offered through the College of Education are:

- Master of Arts,
- Master of Education,
- Master of Library Science,
- Master of Science,
- Doctor of Education, and
- Doctor of Philosophy.

The **Graduate and Professional Catalog** provides detailed information.

Scholarships

Several academic scholarships are available for undergraduate teaching candidates through the academic departments in the College of Education; other scholarships are also available through the University. Information about departmental scholarships and application forms may be obtained at the College of Education Website. Information on University scholarships may be obtained by calling (936) 294-1672.

Required Field Experiences

Undergraduate and post-baccalaureate candidates are required to participate in field experiences in the public schools. Requirements for these activities vary by course and are coordinated by the Director of Educator Preparation Services. The Educator Preparation Services office facilitates a review of the criminal history background of each candidate to assure the safety of the public school children who interact with SHSU teaching candidates. This review is required by state law.

Admission to the Educator Preparation Program Admission Standards

In the first education class, candidates seeking initial Teacher Certification apply online for admission to the program. A one-time application fee is charged upon application. In addition, candidates for admission must obtain an online account in the College of Education data management system. Admission to the Educator Preparation program requires meeting each of the criteria listed below and will be pending until each requirement is satisfied. Teaching candidates will not be permitted to participate in the Literacy Methods Block, Content Methods Block, Field Experience I, Student Teaching, or in The Year Long Residency without full admission and continued academic good standing in the Educator Preparation Program. The requirements are: **Demonstration of successful college performance:**

- 2.75 overall GPA (includes transfer hours and SHSU hours)
- 2.75 GPA in content area or teaching field
- "C" or above in all courses in the teaching field
- Interview: Educator Dispositions Screening Instrument
- Basic Skills Requirements found at Educator Preparation Services (<http://www.shsu.edu/academics/education/educator-preparation-services/>)

Regular admission to the Educator Preparation program is required prior to placement in the Literacy Methods Block, Content Methods Block, and Field Experience I coursework. The requirements for admission to blocks are:

- Clear criminal history background check;
- Full admission and continued academic good standing in the Educator Preparation Program;
- Satisfactory demonstration of oral communication skills;
- 2.75 GPA in the teaching field or area of specialization; and
- No grade below "C" in courses required for the teaching field or certification.

Full Admission and continued academic good standing in the program are also required for placement in Student Teaching.

Teacher Certification

The preparation of teachers for the public schools in Texas is the responsibility of the entire Sam Houston State University community and the public school districts that participate in Sam Houston's Innovative Partnerships with Schools (SHIPS). Students seeking certification in grades EC-6 or 4-8 will follow the degree plan for Education. Students who wish to teach a content subject in grades 7-12 or 8-12 will major in a teaching field area (i.e. Mathematics, English, History) with a minor in Secondary Education (SED). Some specialized areas of teaching require certification for a wider range of grades, usually 6-12 or EC-12. The Certification Officer, located in the Steele Center for Professional Practice, will provide certification and grade level assignment information upon request.

All teaching certificates are issued by the State Board for Educator Certification (SBEC) under the supervision of the Texas Education Agency, upon recommendation of the University, and are subject to change. This recommendation includes verified completion of an approved program in educator preparation and a statement affirming the academic, moral, and physical fitness of the individual for service as a teacher. Sam Houston State

University regards this recommendation process as a serious responsibility and has high standards for admission to candidacy in the SHSU Educator Preparation program, checkpoints throughout the program, and exit requirements.

Initial certification requires completion of a state-approved educator preparation program (programs are described below).

State of Texas Certification Tests

Candidates must successfully complete state-mandated certification examinations in order to be recommended for a standard certification by Sam Houston State University. Candidates take certification tests in the teaching field/s and in professional and pedagogical knowledge. Guidelines and procedures for taking state mandated certification tests are available on the website for TExES (<https://www.tx.nesinc.com/>) or at Educator Preparation Services (<http://www.shsu.edu/academics/education/educator-preparation-services/>) in the Garrett Teacher Education Center, Room 100L2. It is the responsibility of the student to be familiar with the Texas standards for their area to become familiar with the testing guidelines and procedures, to be aware of test registration deadlines, and to complete registration forms correctly.

Application for State Teaching Certification

After the undergraduate has successfully completed the program requirements for graduation and certification and passed the appropriate certification exams, application should be made online to the State Board of Educator Certification for the standard teaching certificate. The University makes a recommendation for certification after the online application and fingerprinting process has been completed and the degree has been posted on the student's transcript. For further information, contact the SHSU Certification Officer at (936) 294-1045.

Education Leading to Certification in Early Childhood Through 6th Grade (EC-6) or 4th Grade Through 8th Grade (4-8)

For teaching in grades EC-6, the major is Education with three choices for certification: The primary purpose of the Education program is to prepare candidates to become exemplary teachers in Early Childhood through 6th grade (EC-6) classrooms and 4th grade through 8th grade (4-8) classrooms. The Education program consists of at least 125 semester credit hours, including student teaching or a year long residency. In addition to meeting Texas Standards for EC-6 or 4-8 Teachers, these degree plan programs also prepare candidates to secure a supplemental certificate in English as a Second Language teaching, preferred by many school districts in Texas. The ESL supplemental certificate does not require proficiency in a second language, but prepares certification candidates for effective teaching of English language learners. **Candidates registered for nine hours during the student teaching semester are considered to be full-time students by SHSU.** Candidates majoring in Education have the following choices of teaching certification:

- Generalist (EC-6 Generalist), or
- Generalist (EC-6 Generalist with Bilingual Education Supplement), or
- Generalist (EC-6 Generalist with EC-12 Special Education).

For teaching in grades 4-8, the major is Education with four choices of a minor:

- English Language Arts and Reading (4-8 ELAR),
- Mathematics (4-8 Mathematics),
- Science Composite (4-8 Science), or
- Social Studies (4-8 SS)

For Education majors, the current Texas Teaching Certificates awarded upon completion of all program requirements and successful performance on the related certification examinations are:

- EC-6 Generalist
- EC-6 Generalist with Bilingual Education Supplement
- EC-6 Generalist, with EC-12 Special Education
- 4-8 English Language Arts ESL supplement
- 4-8 Mathematics and ESL supplement
- 4-8 Science ESL Supplement (all Interdisciplinary Studies candidates for this additional certificate)
- 4-8 Social Studies and ELS supplement

Candidates majoring in Education may also choose to minor in Early Childhood. That route DOES NOT lead to teaching certification. A teaching certificate for Early Childhood teachers is not offered by the State Board for Educator Certification. All of the above programs have a 42-hour common core of Foundation Courses and a common set of Professional Education Courses that does not exceed 24 semester credit hours. Each major has a unique set of Interdisciplinary Studies courses which vary in the number of hours depending on choice of certification. The Education major component has a minimum of 48 hours. Degree plans which include dual certification fields will require additional semester hours of course credits. Students choosing one of these majors/minors should contact the education advisor in the SAM Center as soon as possible to learn the exact courses required for the selected minor and for advising to assist in a smooth progress through the program. All Education majors are assessed at multiple benchmarks throughout their program and must be recommended at each checkpoint to progress through the program. Thus, they are:

1. Required to apply for admission to Educator Preparation (see Admission to the Educator Preparation Programs, Admission Standards),
2. Required to apply for placement in Literacy Block or Field Experience I,
3. Required to apply for placement in Methods Block, and
4. Required to apply for Student Teaching and/or Year Long Residency.

Department of Counselor Education

Chair: Dr. Kimberly Walker McAlister (kwm019@shsu.edu)

Contact Information

Phone: (936) 294-3410

Website: Department of Counselor Education (<https://www.shsu.edu/academics/counselor-education/>)

The Department of Counselor Education currently offers an undergraduate minor in Human Services. The minor in Human Services is designed to develop skills necessary to work with people in a variety of professional and personal settings. This 18-hour minor includes knowledge and experiences for helping professions, service learning, career development, child-centered play, family relationships, communication and wellness counseling. Courses in Human Services will help students improve listening and relationship skills, develop insight for helping others, and improve self-awareness. The Human Services minor is great choice for those considering helping professions, including counseling.

See the current graduate catalog for graduate degrees offered within The Department of Counselor Education.

Seth David Olson, PHD (sxo036@shsu.edu), Professor of Counselor Education, Department of Counselor Education, PHD, Kent State University; PHD, Kent State University; MA, The University of South Dakota; BA, Univ of Nebraska-Lincoln

Erin Nicole Pitts, MA (enp008@shsu.edu), Clinical Assistant Professor of Counselor Education, Department of Counselor Education, MA, Sam Houston State University; BS, Sam Houston State University

Kathleen Ann Rice, PHD (kar084@shsu.edu), Professor of Counselor Education, Department of Counselor Education, PHD, Univ of N Carolina-Charlotte; MS, South Dakota State University; BS, South Dakota-Mines/Tech

Jennifer Hatchett Stover, PHD (jlh159@shsu.edu), Assistant Professor of Counselor Education, Department of Counselor Education, PHD, Sam Houston State University; MA, Prairie View A&M University; MAT, Texas Woman's University; BS, Texas Woman's University

Jeffrey M Sullivan, PHD (jms107@shsu.edu), *Associate Professor of Counselor Education, Department of Counselor Education*, PHD, Univ of North Texas; MS, Univ of North Texas; BA, Univ of Texas At Austin

Warren Brandon Wright, MED (wbw007@shsu.edu), *Lecturer of Education, Department of Counselor Education*, MED, Georgia Southern University; BS, Georgia Southern University

Minor in Human Services

The Human Services minor field of study is offered by the Department of Counselor Education (DCE). The DCE is located in the Counselor Education Center, adjacent to the Garrett Teacher Education Center.

The Human Services minor is designed for students working toward a bachelor's degree who are interested in developing skills necessary to work with people in a variety of professional and personal settings. The goals for the 18 semester-hour minor are:

- introduce undergraduates to the helping professions, especially counseling in its many applications;
- involve undergraduates in courses that are highly experiential and that involve service learning opportunities;
- offer two sophomore level classes which can be useful electives for a wide range of majors, i.e. COUN 3321, and COUN 3322. COUN 3322 provides critical support for all undergraduate students as they prepare for the world of work; and
- increase understanding of self and others through improved listening and communication skills.

Courses to be included in the 18 semester-hour undergraduate minor in Human Services are as follows:

Code	Title	Hours
Minor in Human Services		
Required Courses		
COUN 3321	Introduction to the Helping Relationship	3
Select three or four courses from the following:		9
COUN 3322	Career Development	
COUN 3331	Introduction to Principles Of Counseling	
COUN 3332	Therapeutic Play Skills	
COUN 4379	Wellness Counseling	
Additional Courses		
Select one or two courses from the following:		6
COMS 4386	Family Communication	
PSYC 3365	Close Relationships	
SOCI 3341	Marriage And The Family	
Total Hours		18

Department of Educational Leadership

About

Chair: Dr. Eric Platt (eep032@shsu.edu)

Contact Information

Phone: (936) 294-1147

Website: Department of Educational Leadership (<http://www.shsu.edu/academics/educational-leadership/>)

Mission

Preparing leaders to impact a diverse and evolving world.

Vision

The Department of Educational Leadership has a unique role given our university's history as a teacher's college. We are situated at the crossroads of both a rural community and one of the largest urban areas in the country. We aim to create an inclusive environment that embraces the diversity of experiences our faculty and students bring from across P-16 in these communities. We believe in the importance of quality teaching and mentoring that is directive, informative, and inspiring. We are committed to fostering meaningful relationships, innovation, and scholarship that address critical issues in education so that we **empower a courageous community of educational leaders to create the world we want to live in.**

Career Opportunities

The Bachelor of Arts (B.A.) in Educational Studies is designed for students who wish to study education and work in education-related fields but do not wish to be certified as K-12 teachers. Through coursework, projects, advising, and independent studies, students will explore issues related to education policy and practice as well as connections between education and other institutions (e.g., business, criminal justice, health, government). This degree will prepare students for careers in:

- Non-profit educational agencies
- Educational policy analysts
- Educational grant writing
- Data analytics and program evaluation in education
- Human resources development
- Career/college advising
- College admissions and recruiting
- Student affairs (e.g., student activities, housing, leadership)

Majors

- Bachelor of Arts, Major in Educational Studies

Director/Chair: **Ronald Eric Platt**

Casey Camille Graham Brown, PHD (ccb068@shsu.edu), *Adjunct Faculty, Associate Dean COE, Department of Educational Leadership*, PHD, Oklahoma State University; MED, Oklahoma State University; BS, Southeastern Oklahoma St Univ

Christine Marie Butler, EDD (cmb013@shsu.edu), *Lecturer of Educational Leadership, Department of Educational Leadership*, EDD, Sam Houston State University; MA, Northwestern St Un of Louisiana; BA, Northwestern St Un of Louisiana

Julie P Combs, EDD (jpc002@shsu.edu), *Distinguished Professor of Educational Leadership, Department of Educational Leadership*, EDD, Texas A&M - Commerce; MED, Texas A&M - Commerce; BS, Texas A&M University

Rebecca Duncan-Ramirez, PHD (rlw003@shsu.edu), *Clinical Assistant Professor of Educational Leadership, Department of Educational Leadership*, PHD, Ferris State University; MED, Sam Houston State University; BBA, Sul Ross State University

Paul William Eaton, PHD (pwe003@shsu.edu), *Associate Professor of Educational Leadership, Department of Educational Leadership*, PHD, LSU & A&M College; MED, LSU & A&M College; MED, Univ of Maryland-College Park; BA, Univ of Minnesota-Twin Cities

Carolyn F Fiaschetti, EDD (cff004@shsu.edu), *Lecturer of Educational Leadership, Department of Educational Leadership*, EDD, Sam Houston State University; MED, Sam Houston State University; BS, Miami University-Ohio

Matthew Bryan Fuller, PHD (mbf005@shsu.edu), *Professor of Educational Leadership, Department of Educational Leadership*, PHD, Illinois State University; MS, Texas A&M University; BA, Texas A&M University

Janene Withers Hemmen, EDD (stdjwh22@shsu.edu), *Clinical Assistant Professor of Educational Leadership, Department of Educational Leadership, EDD*, Sam Houston State University; MED, Sam Houston State University; BA, Iowa State University

Peggy Philpot Holzweiss, PHD (pholzweiss@shsu.edu), *Associate Professor of Educational Leadership, Department of Educational Leadership, PHD*, Texas A&M University; MS, Texas A&M University; BS, Texas A&M University

Nichole J Karpel, EDD (nj017@shsu.edu), *Lecturer of Educational Leadership, Department of Educational Leadership, EDD*, George Washington University; MED, Penn State Un-Univ Park; BA, East Connecticut State Univ

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA, Major in Educational Studies is designed to provide graduates with the following marketable skills:

- Analyze educational theory, research, and practice.
- Examine education policy and issues from multiple perspectives.
- Apply social-science methods and data analytic techniques for solving problems in education.
- Analyze educational issues from diverse perspectives.

Department of Library Science and Technology

Chair: Holly Weimar, Ed.D. (haw001@shsu.edu) (936) 294-1150

Website: Department of Library Science and Technology (<http://www.shsu.edu/academics/library-science/>)

Mission

The Department of Library Science and Technology through excellence in instruction, scholarship, and other creative activities, as well as service to the public, to the profession, and to the community provides professionals with the knowledge, skills, experiences, and dispositions necessary to serve a diverse population within Texas, across the country, and globally. The Department of Library Science and Technology also seeks to educate leaders who transform learning.

Academic Programs

The Department is home to a Bachelor of Arts in Learning Technologies. The program is 100% online and prepares students as leaders and practitioners of instructional and learning technology in PK-16 education. Those who are considering a non-traditional or traditional path towards a degree may be interested in this program. Anyone interested in becoming a professional in an educational technology field might want to pursue this degree. Graduates will be able to guide school district administrators, teachers, instructors, trainers, tutors, and coaches toward achieving meaningful integration of technology. Graduates will also be prepared to lead in the improvement of technology adoption and integration as it relates to corporate training and continuing education programs, including e-learning programs.

Values

- Student success
- Academic excellence
- Inclusiveness
- Collaboration
- Creativity and innovation

Highlights

- The online program has class sizes that provide an opportunity for close working relationships between faculty and students
- The faculty collaborate together and provide support for students
- The programs prepare students with critical thinking and problem-solving skills that may be applied in their careers

Career Opportunities

- Instructional Designers
- Online Learning Directors
- Distance Education Managers
- Instructional Coordinators
- Training and Development Managers
- Technology Coaches
- Military Technology Trainers
- Bachelor of Arts, Major in Learning Technologies

Total Hours: 120

¹ Satisfies Core Curriculum requirement for Component Area I (Communication).

² Satisfies Core Curriculum requirement for Component Area VI (U.S. History).

³ MCOM 1130 is recommended to fulfill the one-hour credit of the Core Curriculum requirement for Component Area IX (Component Area Option).

⁴ COMS 1361 is recommended to satisfy the three-hour credit of the Core Curriculum requirement for Component Area IX (Component Area Option).

⁵ Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).

⁶ Select 18 hours of Minor courses (a minimum of 9 must be advanced hours).

⁶ See Major: Prescribed Electives course listing below.

Code	Title	Hours
Major: Prescribed Electives⁶		
Select three courses from the following:		
EDUC 2302	Foundations of Public Education	3
EDUC 2303	Introduction to Comparative Education	3

EDUC 2304	Philosophical Influences on Educational Systems	3
EDUC 3301	Issues in Education	3
EDUC 3302	Educational Finance	3
EDUC 3303	Science of Learning	3
EDUC 3304	Educational Curriculum Design	3

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA, Major in Learning Technologies is designed to provide graduates with the following marketable skills:

- Evaluate the effectiveness of instructional technology.
- Design and develop instructional technology solutions.
- Solve instructional problems through technology.
- Use instructional technology to support learning.
- Enhance learning performance through technology.

School of Teaching and Learning

Chair: Dr. Kristina Vargo (kkv003@shsu.edu), (936) 294-4099

Assistant Chair: Dr. Will Blackwell (whb004@shsu.edu), 936-294-3923

Assistant Chair: Dr. Tori Hollas (vxh004@shsu.edu), 936-294-3225

Website: School of Teaching and Learning (<http://www.shsu.edu/academics/school-of-teaching-and-learning/>)

Highlights

- Preparation of elementary, middle, and secondary teachers
- Field based experiences in school settings
- Research based curriculum
- Paid residency opportunities
- Close working relationship with faculty
- Field experience in diverse settings
- High pass rate on the Texas Examination of Educator Standards (TExES)
- Courses taught on the Huntsville campus, online, and the Woodlands Center campus

Suggested Minors

- Special Education can be designated as a minor for other degree programs.
- Early Childhood Education can be designated as a minor for other degree programs. This minor may be of interest to individuals who plan to work in various early childhood settings. This minor does not lead toward Texas Teacher Certification.
- Applied Behavior Analysis (ABA) minor can be designated as a minor for other degree programs. This minor is designed to provide students with a general understanding of the scientific application of behavioral principles to socially significant behaviors. This minor does not lead toward Texas Teacher Certification.

Program Specific Requirements

Required Field Experiences

Candidates for any teaching certificate participate in extensive field experiences in the public schools. Requirements for these activities vary by course and certification area. Teacher candidates must apply to and be accepted into the Educator Preparation Program (EPP) prior to placement in public schools.

Teacher candidates will apply for all field experiences in the Educator Preparation Services office. Teacher candidates will be provided teaching opportunities in public schools in all content areas and in diverse settings and placements. Teacher candidates seeking Special Education and Bilingual Education certification with the EC-6 Core will also complete coursework with field experiences in those specialized areas.

University students pursuing minors in the College of Education which do not lead to Texas Teacher Certification (SPED Minor, ABA Minor, and ECHE Minor) will conduct field experiences in appropriate settings in schools or in the community based on requirements of the individual course. Students will apply to the Educator Preparation Program as a non-certification seeking student.

Student teaching or year-long residency is the culminating experience in a candidate's preparation to become a teacher. Candidates should enroll in student teaching or year-long residency the final year of their preparation program ([Student Teaching \(<http://www.shsu.edu/academics/education/educator-preparation-services/program-services/field-experiences/level-III/>\)](http://www.shsu.edu/academics/education/educator-preparation-services/program-services/field-experiences/level-III/)). For candidates seeking certification in Special Education or Bilingual Education, specific student teaching courses and placements are required. Candidates registered for nine hours during the student teaching semester are considered by SHSU to be full-time students.

Criminal background checks will be conducted on all teacher candidates/students placed in public schools and/or childcare centers for field placements. Badges will be provided for all field placements by the College of Education.

Bilingual Target Language Proficiency Test

Candidates seeking certification in Bilingual Education must demonstrate Spanish language proficiency in reading, writing, and speaking on the Bilingual Target Language Proficiency Test (BTLPT).

Career Opportunities

- Classroom Teachers
- Bilingual Education, Special Education, Mathematics, and Science are all high-need areas

Educator Preparation Program

The primary purpose of the Educator Preparation Program is to prepare teacher candidates to become exemplary teachers in elementary, middle, and secondary schools. The Educator Preparation Program provides the coursework necessary for candidates to receive certification for teaching grades PK-3, EC-6, 4-8, 7-12, and certain all-level subjects.

Certification Areas

- PK-3
- EC-6 Core (Generalist)
- EC-6 Bilingual Core (Generalist)
- EC-6 Core (Generalist) with EC-12 Special Education
- 4-8 Core (Generalist)
- 4-8 English-Language Arts and Reading (ELAR)
- 4-8 Social Studies
- 4-8 Science
- 4-8 Mathematics
- EC-12 Special Education for 4-8 and Secondary
- Secondary Education double major in content areas

Majors

- Bachelor of Science, Major in Education, EC-6 Core
- Bachelor of Science, Major in Education, EC-6 Core: 4+1 MED in Teaching & Learning
- Bachelor of Science, Major in Education, EC-6 Bilingual Core
- Bachelor of Science, Major in Education, EC-6 Bilingual Core: 4+1 MED in Teaching & Learning
- Bachelor of Science, Major in Education, EC-6 Special Education Core
- Bachelor of Science, Major in Education, EC-6 SPED Core: 4+1 MED in Teaching & Learning
- Bachelor of Science, Major in Education: 4-8 Core
- Bachelor of Science, Major in Education, 4-8 Core, 4+1 MED in Teaching & Learning
- Bachelor of Science, Major in Education: 4-8 ELAR
- Bachelor of Science, Major in Education, 4-8 ELAR: 4+1 MED in Teaching & Learning
- Bachelor of Science, Major in Education: 4-8 Mathematics
- Bachelor of Science, Major in Education, 4-8 Mathematics: 4+1 MED in Teaching & Learning
- Bachelor of Science, Major in Education: 4-8 Science
- Bachelor of Science, Major in Education, 4-8 Science: 4+1 MED in Teaching & Learning
- Bachelor of Science, Major in Education, 4-8 Social Studies
- Bachelor of Science, Major in Education, 4-8 Social Studies: 4+1 MED in Teaching & Learning
- Bachelor of Science, Major in Education, PK-3
- Bachelor of Science, Major in Education, PK-3: 4+1 MED in Teaching & Learning
- Bachelor of Science, Major in Education, PK-3 Bilingual
- Bachelor of Science, Major in Education, PK-3 Special Education
- Bachelor of Science, Major in Education, Early Childhood Education (Does not lead to Texas Teacher Certification)

Double Majors

- Bachelor of Arts, Double Major in Education and English (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/education/school-of-teaching-and-learning/bs-education-and-english/>)

- Bachelor of Arts, Double Major in Education and Spanish (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/education/school-of-teaching-and-learning/bs-education-and-spanish/#text>)
- Bachelor of Arts, Double Major in Mass Communication: Journalism (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/education/school-of-teaching-and-learning/ba-education-and-mass-communication/>)
- Bachelor of Science, Double Major in Education and Composite Science (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/education/school-of-teaching-and-learning/bs-education-and-composite-science/>)
- Bachelor of Science, Double Major in Education and History (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/education/school-of-teaching-and-learning/bs-education-and-history/>)
- Bachelor of Science, Double Major in Education and Interdisciplinary Agriculture (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/education/school-of-teaching-and-learning/bs-education-and-interdisciplinary-agriculture/>)
- Bachelor of Science, Double Major in Education and Kinesiology (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/education/school-of-teaching-and-learning/bs-education-and-kinesiology/>)
- Bachelor of Science, Double Major in Education and Mathematics (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/education/school-of-teaching-and-learning/bs-education-and-mathematics/>)

Majors with Teaching Certification

- Bachelor of Fine Arts Major in Animation with Teaching Certification
- Bachelor of Fine Arts, Major in Graphic Design with Teaching Certification (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/art/bfa-graphic-design-with-teaching-certification/#text>)
- Bachelor of Fine Arts, Major in Photography with Teaching Certification (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/art/bfa-photography-with-teaching-certification/#text>)
- Bachelor of Fine Arts, Major in Studio Art 2D with Teaching Certification (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/art/bfa-studio-art-2d-with-teaching-certification/#text>)
- Bachelor of Fine Arts, Major in Studio Art 3D with Teaching Certification (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/art/bfa-studio-art-3d-with-teaching-certification/#text>)
- Bachelor of Fine Arts, Major in Theatre with Teaching Certification (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/theatre-musical/bfa-theatre-with-teaching-certification/#text>)
- Bachelor of Music, Major in Music with Teaching Certification: Choral
- Bachelor of Music, Major in Music with Teaching Certification: Choral/Piano (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/music/bm-music-with-teaching-certification-choral-piano/#text>)
- Bachelor of Music, Major in Music with Teaching Certification: Instrumental (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/music/bm-music-with-teaching-certification-instrumental/#planofstudytext>)
- Bachelor of Music, Major in Music with Teaching Certification: String (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/arts-and-media/music/bm-music-with-teaching-certification-string/#text>)
- Bachelor of Science, Major in Agricultural Business with Teaching Certification (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/science-and-engineering-technology/agricultural-science/bs-agricultural-business-with-teaching-certification/#text>)
- Bachelor of Science, Major in Agricultural Engineering Technology with Teaching Certification (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/science-and-engineering-technology/agricultural-science/bs-agricultural-engineering-with-teaching-certification/#text>)
- Bachelor of Science, Major in Animal Science with Teaching Certification (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/science-and-engineering-technology/agricultural-science/bs-animal-science-with-teaching-certification/#text>)
- Bachelor of Science, Major in Plant and Soil with Teaching Certification (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/science-and-engineering-technology/agricultural-science/bs-plant-soil-sciences-with-teaching-certification/#text>)

Minors

- Minor in Applied Behavior Analysis (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/education/school-of-teaching-and-learning/applied-behavior-analysis/>)
- Minor in Early Childhood Education
- Minor in Special Education (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/education/school-of-teaching-and-learning/special-education-minor/>)

Student Organizations

- Bilingual Education Student Organization (BESO)
- Diversity, Equity, and Inclusion Student Advisory Board
- College of Education Ambassadors
- Sam Houston Association for the Education of Young Children (SHAAYC)

- Sam Houston Student Council for Exceptional Children (SHCEC)
- Project Sunshine
- Texas Association of Future Educators (TAFE)

Director/Chair: **Kristina K Vargo**

Jayne Kathleen Adair, EDD (jka007@shsu.edu), *Lecturer of Education, Department of Teaching & Learning*, EDD, Lamar University; MED, Univ of Texas-Arlington; BBA, Univ of North Texas

Total Hours		125

- ¹ MATH 1384 satisfies the Core Curriculum requirement for Component Area II (Mathematics) and the major.
- ² BIOL 1408 and BIOL 1436 satisfies the Core Curriculum requirement for Component Area III (Life and Physical Science) and the major.
- ³ ENGL 2332 or ENGL 2333 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) and the major.
- ⁴ COMS 2382 is suggested to satisfy the Core Curriculum requirement for Component Area IX (Component Area Option). CAMX 2301 is suggested to satisfy the Core Curriculum requirement for Component Area V (Creative Arts). GEOG 1300 or BESL 2301 is suggested to satisfy the Core Curriculum requirement for Component Area VII (Social and Behavioral Sciences).
- ⁵ BESL 3301 is a prerequisite for TESL 3313.
- ⁶ ECHE 4343 is best taken with Field Block 1 or Field Block 2. The course can be taken during another semester to obtain full time status This course requires active field experience in a Pre-Kindergarten or Kindergarten classroom during the semester taken.
- ⁷ READ 3315 is a prerequisite for READ blocks.
- ⁸ READ 3380 is a prerequisite for READ blocks.
- ⁹ SPED 2301 is a prerequisite for SPED 3301.
- ¹⁰ CIEE 3385 is best taken with Field block 1 or Field block 2. The course can be taken during another semester to obtain full time status. Field experiences required.
- ¹¹ TESL 3313 is a prerequisite for TESL 4314.
- ¹² A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program's stated total semester credit hours
- ¹³ All minors can be paired with this degree program.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours to earn teacher certification. This includes transfer and SHSU courses.

Student Teaching Block is considered a FULL LOAD at SHSU. Please check prerequisites for Field Experience I, Field Experience II, YLR Semester I, and YLR Semester II. Each field experience block must be completed successfully, in order to progress through the field experience sequence.

Field Experience in public schools is required for many CIEE, CIME, ECHE, READ, SPED, and TESL classes.

Full admission to the Educator Preparation program is required prior to enrollment in Field Experience 1, Field Experience 2, YLR Semester I, and YLR Semester II.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education, EC-6 Core is designed to provide graduates with the following marketable skills:

- Prepared to teach all content areas necessary for EC-6 certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.

Bachelor of Science, Major in Education, EC-6 Core: 4+1 Master of Education in Teaching & Learning

Admission Documentation and Criteria

Applicants seeking admission to the Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program must submit the following:

- 4+1 Program Application through Apply Texas
- Current undergraduate transcript demonstrating a minimum 3.00 overall GPA or last 60 SCH.
- Three Reference Forms (at least two from SHSU professors)
- Writing Sample

Admission to the 4+1 program is competitive and the number of available positions is limited.

Before a formal offer of admission will be issued, the applicant must supply evidence that he or she has passed both the appropriate content TExES and PPR TExES certification exams.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

¹ MATH 1384 satisfies the requirement for Component Area II (Mathematics) as well as the major.

² BIOL 1408 and BIOL 1436 satisfies the requirement for Component Area III (Life and Physical Science) and the major.

³ ENGL 2332 or ENGL 2333 satisfy the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) as well as the major.

⁴ CAMX 2301 is recommended to satisfy the Core Curriculum requirement for Component Area V (Creative Arts).

⁵ To satisfy the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences) GEOG 1321 or BESL 2301 is suggested.

⁶ BESL 3301 is the prerequisite for TESL 3313.

⁷ SPAN 1411, SPAN 1412, SPAN 2311, SPAN 2312 are prerequisites for SPAN 3361.

⁸ CIEE 3385 is best taken with Field Block 1 or Field Block 2. The course can be taken during another semester to obtain full time status. Field experiences required.

⁹ ECHE 4343 is best taken with Field Block 1 or Field Block 2. The course can be taken in other semesters to obtain full time status. Active Field Experience in Kindergarten or Pre-Kindergarten is required during the semester the course is taken.

¹⁰ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

¹¹ All minors can be paired with this degree program.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours to earn teacher certification. This includes transfer and SHSU courses.

Student Teaching Block is considered a FULL LOAD at SHSU. Please check prerequisites for Field Experience 1, Field Experience 2, YLR Semester I and YLR Semester II.

Field Experience in public schools is required for many CIEE, CIME, ECHE, READ, SPED, and TESL classes.

Full admission to the Educator Preparation program is required prior to enrollment in Field Experience I, Field Experience II, YLR Semester I, and YLR Semester II.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education, EC-6 Bilingual Core is designed to provide graduates with the following marketable skills:

- Prepared to teach all content areas necessary for EC-6 certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.
- Prepared to teach in high-need field of bilingual education.

Bachelor of Science, Major in Education, EC-6 Bilingual Core: 4+1 MED in Teaching & Learning

Admission Documentation and Criteria

Applicants seeking admission to the Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program must submit the following:

- 4+1 Program Application through Apply Texas
- Current undergraduate transcript demonstrating a minimum 3.00 overall GPA or last 60 SCH.
- Three Reference Forms (at least two from SHSU professors)
- Writing Sample

Admission to the 4+1 program is competitive and the number of available positions is limited.

Before a formal offer of admission will be issued, the applicant must supply evidence that he or she has passed both the appropriate content TExES and PPR TExES certification exams.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Students must apply for graduation with their bachelor's degree during their M.Ed. Pre-internship semester to be eligible for their Internship placement.

Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program Admission Documentation and Criteria

Applicants seeking admission to the Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program must submit the following:

- 4+1 Program Application through TK20
- Current undergraduate transcript demonstrating a minimum 3.15 overall GPA or last 60 SCH.
- Three Reference Forms (at least two from SHSU professors)
- Writing Sample

Admission to the 4+1 program is competitive and the number of available positions is limited. The top candidates from the initial application review will progress to a group interview and must also submit:

- a video recording of themselves conducting a 20-30 minute lesson in a K-12 classroom
- an in-person writing sample

Before a formal offer of admission will be issued, the applicant must supply evidence that he or she has passed both the appropriate content TExES and PPR TExES certification exams.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education, EC-6 Bilingual Core: 4+1 MED in Teaching and Learning is designed to provide graduates with the following marketable skills:

- Prepared to teach all content areas necessary for EC-6 certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.
- Prepared to teach in high-need field of bilingual education.

- ¹² All minors can be paired with this degree program.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours to earn teacher certification. This includes transfer and SHSU courses.

Student Teaching Block is considered a FULL LOAD at SHSU. Please check prerequisites for Field Experience I, Field Experience II, Field Experience III and Student Teaching.

Field Experience in public schools is required for many CIEE, CIME, ECHE, READ, SPED, and TESL classes.

Full admission to the Educator Preparation program is required prior to enrollment in Field Experience I, Field Experience II, Field Experience III, and Student Teaching.

Year-Long Residency Option:

Candidates have the opportunity to select the Year-Long Residency option in lieu of traditional student teaching. In this program, teacher candidates are immersed in the culture of one campus for an entire academic year, rather than the one semester of traditional student teaching. This extended clinical experience provides an in-depth bridge between theory and practice in a supportive environment. For more information contact the School of Teaching and Learning (<https://www.shsu.edu/academics/school-of-teaching-and-learning/>).

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

		18	12

Total Hours: 131

¹ CAMX 2301 is recommended to satisfy the Core Curriculum requirement for Component Area V (Creative Arts).

² HIST 1301 and HIST 1302 satisfy the Core Curriculum requirement for Component Area VI (U.S. History).

³ BIOL 1408 and BIOL 1436 satisfy the Core Curriculum requirement for Component Area III (Life and Physical Science) and the major.

⁴ MATH 1384 satisfies the Core Curriculum requirement for Component Area II (Mathematics) as well as the major.

⁵ POLS 2305 and POLS 2306 satisfy the Core Curriculum requirement for Component Area VII (Political Science/Government).

⁶ GEOG 1300 or BESL 3301 is suggested to satisfy the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences) and COMS 2382 is suggested to satisfy the Core Curriculum requirement for Component Area IX (Component Area Option).

⁷ COMS 2382 is suggested for Component Area IX (Component Area Option).

⁸ ENGL 2332 or ENGL 2333 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture and the major).

⁹ BESL 3301 is a prerequisite for TESL 3313

¹⁰ CIEE 3385 is best taken with Field Block 1 or Field Block 2. The course can be taken during another semester to obtain full time status. Field experiences required.

¹¹ ECHE 4343 is best taken with Field Block 1 or Field Block 2 though it can be taken during other semesters to obtain full time enrollment. ECHE 4343 requires active field experience in a kindergarten or pre-kindergarten classroom during the semester taken

¹² TESL 3313 is a prerequisite for TESL 4314

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours to earn teacher certification. This includes transfer and SHSU courses.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program's stated total semester credit hours.

All minors can be paired with this degree program.

Student Teaching Block is considered a FULL LOAD at SHSU. Please check prerequisites for Field Experience I, Field Experience II, Field Experience III and Student Teaching.

Field Experience in public schools is required for many CIEE, CIME, ECHE, READ, SPED, and TESL classes.

Full admission to the Educator Preparation program is required prior to enrollment in Field Experience I, Field Experience II, Field Experience III, and Student Teaching.

Year-Long Residency Option:

Candidates have the opportunity to select the Year-Long Residency option in lieu of traditional student teaching. In this program, teacher candidates are immersed in the culture of one campus for an entire academic year, rather than the one semester of traditional student teaching. This extended clinical experience provides an in-depth bridge between theory and practice in a supportive environment. For more information contact the School of Teaching and Learning staff.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education, EC-6 Special Education Core is designed to provide graduates with the following marketable skills:

- Prepared to teach all content areas necessary for EC-6 certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.
- Prepared to teach in high-need field of special education, grades K-12.

Bachelor of Science, Major in Education, EC-6 SPED: 4+1 Master of Education in Teaching & Learning

Admission Documentation and Criteria

Applicants seeking admission to the Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program must submit the following:

- 4+1 Program Application through Apply Texas
- Current undergraduate transcript demonstrating a minimum 3.00 overall GPA or last 60 SCH.
- Three Reference Forms (at least two from SHSU professors)
- Writing Sample

Admission to the 4+1 program is competitive and the number of available positions is limited.

Before a formal offer of admission will be issued, the applicant must supply evidence that he or she has passed both the appropriate content TExES and PPR TExES certification exams.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

4+1 Program: Bachelor of Science in Education and Master of Education in Teaching and Learning

Admission Documentation and Criteria

Applicants seeking admission to the Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program must submit the following:

- 4+1 Program Application through TK20
- Current undergraduate transcript demonstrating a minimum 3.15 overall GPA or last 60 SCH.
- Three Reference Forms (at least two from SHSU professors)
- Writing Sample

Admission to the 4+1 program is competitive and the number of available positions is limited. The top candidates from the initial application review will progress to a group interview and must also submit:

- a video recording of themselves conducting a 20-30 minute lesson in a K-12 classroom
- an in-person writing sample

Before a formal offer of admission will be issued, the applicant must supply evidence that he or she has passed both the appropriate content TExES and PPR TExES certification exams.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education, EC-6 Special Education Core is designed to provide graduates with the following marketable skills:

- Prepared to teach all content areas necessary for EC-6 certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.
- Prepared to teach in high-need field of special education, grades K-12.

¹ MATH 1384 satisfies the requirement for Component Area II (Mathematics) and the major.

² To satisfy the Core Curriculum requirement for Component Area III (Life and Physical Science), BIOL 1408 is suggested.

³ BIOL 1436 satisfies the requirement for Component Area III (Life and Physical Science) and the major.

⁴ To satisfy the Core Curriculum requirement for Component Area V (Creative Arts), CAMX 2301 is suggested.

⁵ To satisfy the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences), GEOG 1300 or BESL 2301 is suggested.

⁶ ECON 1100 satisfies the Core Curriculum requirement for Component Area IX (Component Area Option) and the major.

⁷ ENGL 2332 OR ENGL 2333 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) as well as the major.

⁸ BESL 3301 is the prerequisite for TESL 3313.

⁹ SPED 2301 is the prerequisite for SPED 3301.

¹⁰ TESL 3313 is the prerequisite for TESL 4314.

¹¹ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours may be needed above the degree program's stated total semester credit hours.

¹² All minors can be paired with this degree program.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

Student Teaching Block is considered a FULL LOAD at SHSU. Please check prerequisites for Field Experience I, Field Experience II, YLR I Semester, and YLR Semester II. Each field experience block must be completed successfully in order to progress through the field experience sequence.

Field Experience in public schools is required for many CIEE, CIME, ECHE, READ, SPED, and TESL classes.

Full admission to the Educator Preparation program and CIME 2313, CIME 3374, and SPED 2301 are required prior to enrollment in Field Experience I.

BESL 3301 is required prior to enrollment in Field Experience I.

CIME 3385 is required prior to enrollment in YLR Semester I.

4-8 teaching candidates are now eligible to add a Minor in Special Education. This degree minor provides a pathway for College of Education students majoring in grades 4-8 certification tracks or the grades 7-12 certification tracks to also graduate with a teaching certification in the area of special education. The course requirements are available by clicking here (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/education/school-of-teaching-and-learning/special-education-minor/>).

⁵ To satisfy the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences), GEOG 1300 or BESL 2301 is suggested.

- ⁶ To satisfy Core Curriculum requirement for Component Area III (Life and Physical Science), BIOL 1408 is suggested.
- ⁷ ENGL 2332 OR ENGL 2333 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) as well as the major.
- ⁸ BESL 3301 is the prerequisite for TESL 3313.
- ⁹ SPED 2301 is the prerequisite for SPED 3301.
- ¹⁰ TESL 3313 is the prerequisite for TESL 4314.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program's stated total semester credit hours.

All minors can be paired with this degree program.

Student Teaching Block is considered a FULL LOAD at SHSU. Please check prerequisites for Field Experience I, Field Experience II, YLR Semester I, and YLR Semester II. Each field experience block must be completed successfully in order to progress through the field experience sequence.

Field Experience in public schools is required for many CIEE, CIME, ECHE, READ, SPED, and TESL classes.

Full admission to the Educator Preparation program and CIME 2313, CIME 3374, and SPED 2301 are required prior to enrollment in Field Experience I.

BESL 3301 is required prior to enrollment in Field Experience I.

CIME 3385 is required prior to enrollment in YLR Semester I.

4-8 teaching candidates are now eligible to add a Minor in Special Education. This degree minor provides a pathway for College of Education students majoring in grades 4-8 certification tracks or the grades 7-12 certification tracks to also graduate with a teaching certification in the area of special education. The course requirements are available by clicking [here](#).

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Education, 4-8 Core is designed to provide graduates with the following marketable skills:

- Prepared to teach all content necessary for 4 - 8 core certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.

Bachelor of Science, Major in Education, 4-8 Core: 4+1 Master of Education in Teaching & Learning

Admission Documentation and Criteria

Applicants seeking admission to the Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program must submit the following:

- 4+1 Program Application through Apply Texas
- Current undergraduate transcript demonstrating a minimum 3.00 overall GPA or last 60 SCH.
- Three Reference Forms (at least two from SHSU professors)
- Writing Sample

Admission to the 4+1 program is competitive and the number of available positions is limited.

Before a formal offer of admission will be issued, the applicant must supply evidence that he or she has passed both the appropriate content TExES and PPR TExES certification exams.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education: 4-8 ELAR is designed to provide graduates with the following marketable skills:

- Prepared to teach English Language Arts and Reading content necessary for 4 - 8 certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.

Bachelor of Science, Major in Education, 4-8 ELAR: 4+1 Master of Education in Teaching & Learning

Admission Documentation and Criteria

Applicants seeking admission to the Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program must submit the following:

- 4+1 Program Application through Apply Texas
- Current undergraduate transcript demonstrating a minimum 3.00 overall GPA or last 60 SCH.
- Three Reference Forms (at least two from SHSU professors)
- Writing Sample

Admission to the 4+1 program is competitive and the number of available positions is limited.

Before a formal offer of admission will be issued, the applicant must supply evidence that he or she has passed both the appropriate content TExES and PPR TExES certification exams.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Total Hours		150

¹ MATH 1384 satisfies the Core Curriculum requirement for Component Area II (Mathematics) and the major.

² To satisfy the Core Curriculum requirement for Component Area III (Life and Physical Science), BIOL 1408 and BIOL 1436 are suggested.

³ ENGL 2332 or ENGL 2333 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) and the major.

⁴ To satisfy the Core Curriculum requirement for Component Area V (Creative Arts), CAMX 2301 is suggested.

⁵ To satisfy the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences), GEOG 1300 OR BESL 2301 is suggested.

⁶ To satisfy the Core Curriculum requirement for Component Area IX (Component Area Option), ECON 1100 and COMS 2382 are suggested.

⁷ BESL 3301 is the prerequisite for TESL 3313.

⁸ SPED 2301 is the prerequisite for SPED 3301.

⁹ TESL 3313 is the prerequisite for TESL 4314.

¹⁰ Students must apply for graduation with their bachelor's degree during their M.Ed. Pre-Internship semester to be eligible for their Internship placement.

¹¹ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours may be needed above the degree program's stated total semester credit hours.

¹² All minors can be paired with this degree program.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

Student Teaching Block is considered a FULL LOAD at SHSU. Please check prerequisites for Field Experience 1, Field Experience 2, YLR Semester I, and YLR Semester II. Each field experience block must be completed successfully in order to progress through the field experience sequence.

Field Experience in public schools is required for many CIEE, CIME, ECHE, READ, SPED, and TESL classes.

Full admission to the Educator Preparation program and CIME 2313, CIME 3374, and SPED 2301 are required prior to enrollment in Field Experience I.

BESL 3301 is required prior to enrollment in Field Experience II.

CIME 3385 is required prior to enrollment in YLR Semester I.

4-8 teaching candidates are now eligible to add a Minor in Special Education. This degree minor provides a pathway for College of Education students majoring in grades 4-8 certification tracks or the grades 7-12 certification tracks to also graduate with a teaching certification in the area of special education. The course requirements are available by clicking here.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

All minors can be paired with this degree program.

Students must apply for graduation with their bachelor's degree during their M.Ed. Pre-Internship semester to be eligible for their Internship placement.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education, 4-8 ELAR: 4+1 MED in Teaching and Learning is designed to provide graduates with the following marketable skills:

- Prepared to teach English Language Arts and Reading content necessary for 4 - 8 certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.

Bachelor of Science, Major in Education: 4-8 Mathematics

- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.

Bachelor of Science, Major in Education, 4-8 Mathematics: 4+1 MED in Teaching & Learning

Admission Documentation and Criteria

Applicants seeking admission to the Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program must submit the following:

- 4+1 Program Application through Apply Texas
- Current undergraduate transcript demonstrating a minimum 3.00 overall GPA or last 60 SCH.
- Three Reference Forms (at least two from SHSU professors)
- Writing Sample

Admission to the 4+1 program is competitive and the number of available positions is limited.

Before a formal offer of admission will be issued, the applicant must supply evidence that he or she has passed both the appropriate content TExES and PPR TExES certification exams.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

Student Teaching Block is considered a FULL LOAD at SHSU. Please check prerequisites for Field Experience I, Field Experience II, YLR Semester I, and YLR Semester II. Each field experience block must be completed successfully in order to progress through the field experience sequence.

Field Experience in public schools is required for many CIME, READ, SPED, and TESL classes.

Full admission to the Educator Preparation program and CIME 2313, CIME 3374, and SPED 2301 are required prior to enrollment in Field Experience I.

BESL 3301 is required prior to enrollment in Field Experience II.

CIME 3385 is required prior to enrollment in YLR Semester I.

4-8 teaching candidates are now eligible to add a Minor in Special Education. This degree minor provides a pathway for College of Education students majoring in grades 4-8 certification tracks or the grades 7-12 certification tracks to also graduate with a teaching certification in the area of special education. The course requirements are available here.

This degree minor provides a pathway for College of Education students majoring in grades 4-8 certification tracks or the grades 7-12 certification tracks to also graduate with a teaching certification in the area of special education. The course requirements are available [here](#).

Students must apply for graduation with their bachelor's degree during their M.Ed. Pre-Internship semester to be eligible for their internship placement.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education, 4-8 Mathematics: 4+1 MED Teaching and Learning is designed to provide graduates with the following marketable skills:

- Prepared to teach all Mathematics content necessary for 4 - 8 certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.

Bachelor of Science, Major in Education: 4-8 Science

- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.

Bachelor of Science, Major in Education, 4-8 Science: 4+1 Master of Education in Teaching & Learning

Admission Documentation and Criteria

Applicants seeking admission to the Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program must submit the following:

- 4+1 Program Application through Apply Texas
- Current undergraduate transcript demonstrating a minimum 3.00 overall GPA or last 60 SCH.
- Three Reference Forms (at least two from SHSU professors)
- Writing Sample

Admission to the 4+1 program is competitive and the number of available positions is limited.

Before a formal offer of admission will be issued, the applicant must supply evidence that he or she has passed both the appropriate content TExES and PPR TExES certification exams.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

- ² To satisfy the Core Curriculum requirement for Component Area V (Creative Arts), CAMX 2301 is suggested.
- ³ To satisfy the Core Curriculum requirement for Component Area IX (Core Component Area), ECON 1100 and COMS 2382 are suggested.
- ⁴ Satisfies the Core Curriculum requirement for Component Area I (Communication).
- ⁵ Satisfies the Core Curriculum requirement for Component Area VI (U.S. History).
- ⁶ MATH 1384 satisfies the Core Curriculum requirement for Component Area II (Mathematics) as well as the major.
- ⁷ To satisfy the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences), GEOG 1300 OR BESL 2301 is suggested.
- ⁸ Satisfies the Core Curriculum requirement for Component Area VII (Political Science/Government).
- ⁹ ENGL 2332 OR ENGL 2333 satisfy the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) as well as the major.
- ¹⁰ SPED 2301 is the prerequisite for SPED 3301.
- ¹¹ BESL 3301 is the prerequisite for TESL 3313.
- ¹² TESL 3313 is the prerequisite for TESL 4314.
- ¹³ Select one of the following Major: Sciences from the list below. BIOL 2401 is recommended.
- ¹⁴ Students must apply for graduation with their bachelor's degree during their M.Ed. Pre-Internship semester to be eligible for their internship placement.

Code	Title	Hours
Major: Sciences¹³		3
ASTR 3303	Life in the Universe	3
ASTR 3383	Cosmic Catastrophes	3
BIOL 1406	General Biology I	4
BIOL 1407	General Biology II	4

BIOL 2401	Human Anatomy	4
GEOL 3326	Environmental Geology	3
GEOL 3330	Oceanography	3

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

Student Teaching Block is considered a FULL LOAD at SHSU. Please check prerequisites for Field Experience I, Field Experience II, YLR Semester I, and YLR Semester II. Each field experience block must be completed successfully in order to progress through the field experience sequence.

Field Experience in public schools is required for many CIEE, CIME, ECHE, READ, SPED, and TESL classes.

Full admission to the Educator Preparation program and CIME 2313, CIME 3374, and SPED 2301 are required prior to enrollment in Field Experience I.

BESL 3301 is required prior to enrollment in Field Experience II.

4-8 teaching candidates are now eligible to add a Minor in Special Education. This degree minor provides a pathway for College of Education students majoring in grades 4-8 certification tracks or the grades 7-12 certification tracks to also graduate with a teaching certification in the area of special education. The course requirements are available by clicking here.

Students must apply for graduation with their bachelor's degree during their M.Ed. Pre-Internship semester to be eligible for their internship placement.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education, 4-8 Science: MED in Teaching and Learning is designed to provide graduates with the following marketable skills:

- Prepared to teach all Science content necessary for 4 - 8 certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public schools.

Bachelor of Science, Major in Education, 4-8 Social Studies

¹ MATH 1384 satisfies the requirement for Component Area II (Mathematics) and the major.

² To satisfy the Core Curriculum requirement for Component Area III (Life and Physical Science), BIOL 1408 and BIOL 1436 are suggested.

³ ENGL 2332 or ENGL 2333 satisfies the requirement for Component Area IV (Language, Philosophy, and Culture) and the major.

⁴ To satisfy the Core Curriculum requirement for Component Area V (Creative Arts), CAMX 2301 is suggested.

⁵ GEOG 1300 satisfies the requirement for Component Area VIII (Social and Behavioral Sciences) and the major.

⁶ To satisfy the Core Curriculum requirement for Component Area IX (Component Area Option), COMS 2382 is suggested.

⁷ ECON 1100 satisfies one hour of the requirement for Component Area IX (Component Area Option) and the major.

⁸ BESL 3301 is a prerequisite for TESL 3313.

⁹ SPED 2301 is a prerequisite for SPED 3301.

¹⁰ TESL 3313 is a prerequisite for TESL 4314.

¹¹ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program's stated total semester credit hours.

¹² All minors can be paired with this degree program.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

Student Teaching Block is considered a FULL LOAD at SHSU. Please check prerequisites for Field Experience 1, Field Experience 2, YLR Semester I, and YLR Semester II. Each field experience block must be completed successfully in order to progress through the field experience sequence.

Field Experience in public schools is required for many CIEE, CIME, ECHE, READ, SPED, and TESL classes.

Full admission to the Educator Preparation program and CIME 2313, CIME 3374, and SPED 2301 are required prior to enrollment in Field Experience I.

BESL 3301 is required prior to enrollment in Field Experience I.

CIME 3385 is required prior to enrollment in YLR Semester I.

4-8 teaching candidates are now eligible to add a Minor in Special Education. This degree minor provides a pathway for College of Education students majoring in grades 4-8 certification tracks or the grades 7-12 certification tracks to also graduate with a teaching certification in the area of special education. The course requirements are available by clicking here.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education, 4-8 Social Studies is designed to provide graduates with the following marketable skills:

- Prepared to teach social studies content necessary for 4 - 8 certification.
- Prepared to implement evidence-based methods of teaching and learning.

- Fully qualified to teach in Texas public schools.

Bachelor of Science, Major in Education, 4-8 Social Studies: 4+1 MED in Teaching & Learning

Admission Documentation and Criteria

Applicants seeking admission to the Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program must submit the following:

- 4+1 Program Application through Apply Texas
- Current undergraduate transcript demonstrating a minimum 3.00 overall GPA or last 60 SCH.
- Three Reference Forms (at least two from SHSU professors)
- Writing Sample

Admission to the 4+1 program is competitive and the number of available positions is limited.

Before a formal offer of admission will be issued, the applicant must supply evidence that he or she has passed both the appropriate content TExES and PPR TExES certification exams.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

- ¹ Students must take 9 hours of Mathematics which includes MATH 1384 and MATH 1385 as 6 of the 9 required hours. MATH 1384 satisfies the Core Curriculum requirement for Component Area II (Mathematics) and the major.
- ² BIOL 1408 and BIOL 1436 satisfies the Core Curriculum requirement for Component Area III (Life and Physical Science) and the major.
- ³ ENGL 2332 or ENGL 2333 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) and the major.
- ⁴ To satisfy the Core Curriculum requirement for Component Area V (Creative Arts), CAMX 2301 is suggested.
- ⁵ PSYC 1301 is recommended to satisfy the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).
- ⁶ COMS 1361 (<https://shsu-curr.courseleaf.com/search/?P=COMS%201361>) and KINE 2115 (<https://shsu-curr.courseleaf.com/search/?P=KINE%202115>) are suggested to satisfy the Core Curriculum requirement for Component Area IX (Component Area Option).
- ⁷ ECHE 4343 is best taken with Field Experience I. But can be taken with Field Experience II, or with YLR/ Student Teaching to be considered full-time. This course requires active field experience in a Pre-Kindergarten or Kindergarten classroom during the semester taken.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

- ¹ PSYC 1301 is recommended to satisfy the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).
- ² BIOL 1408 and BIOL 1436 satisfies the Core Curriculum requirement for Component Area III (Life and Physical Science) and the major.
- ³ ENGL 1301 and ENGL 1302 satisfy the Core Curriculum requirement for Component Area I (Communication).
- ⁴ HIST 1301 and HIST 1302 satisfy the Core Curriculum requirement for Component Area VI (U.S. History).
- ⁵ Students must take 9 hours of Mathematics which includes MATH 1384 and MATH 1385 as 6 of the 9 required hours. MATH 1384 satisfies the Core Curriculum requirement for Component Area II (Mathematics) and the major.
- ⁶ To satisfy the Core Curriculum requirement for Component Area V (Creative Arts), CAMX 2301 is suggested.
- ⁷ To satisfy the Core Curriculum requirement for Component Area IX (Component Area Option), COMS 1361 and KINE 2115 are suggested.
- ⁸ ENGL 2332 or ENGL 2333 satisfies the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) and the major.
- ⁹ POLS 2305 and POLS 2306 satisfies the Core Curriculum requirement for Component Area VII (Political Science/Government).
- ¹⁰ ECHE 4343 (<https://shsu-curr.courseleaf.com/search/?P=ECHE%204343>) is best taken with Field Experience I, but can be taken with Field Experience II, YR, or with Student Teaching to be considered full-time. Active Field Experience in a Kindergarten or PreKindergarten classroom is required during the semester this course is taken.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education, PK3 is designed to provide graduates with the following marketable skills:

- Prepared for Texas Teacher Certification in Prekindergarten through third grade.
- Prepared to teach all content areas necessary for PK – 3rd Grade.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas Public schools.

Bachelor of Science, Major in Education, PK-3: 4+1 Master of Education in Teaching & Learning

Admission Documentation and Criteria

Applicants seeking admission to the Bachelor of Science in Education and Master of Education in Teaching and Learning 4+1 Program must submit the following:

- 4+1 Program Application through Apply Texas
- Current undergraduate transcript demonstrating a minimum 3.00 overall GPA or last 60 SCH.
- Three Reference Forms (at least two from SHSU professors)
- Writing Sample

Admission to the 4+1 program is competitive and the number of available positions is limited.

Before a formal offer of admission will be issued, the applicant must supply evidence that he or she has passed both the appropriate content TExES and PPR TExES certification exams.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

CIEE 4392	Student Teaching Elementary School	3
EDUC 4301	Teacher Education Capstone	3
Total Hours		130

¹ Students must take nine hours of Mathematics which includes MATH 1384 and MATH 1385 as six of the nine required hours. MATH 1384 satisfies the Core Curriculum requirement for Component Area II (Mathematics) and the major.

² BIOL 1408 and BIOL 1436 satisfy the Core Curriculum requirement for Component Area III (Life and Physical Science) and the major.

³ ENGL 2332 or ENGL 2333 satisfy the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) and the major.

⁴ CAMX 2301 is recommended for the Component Area V (Creative Arts) requirement.

⁵ PSYC 1301 is recommended for Component Area VIII (Social and Behavioral Sciences) and the major.

⁶ ECHE 4343 is best taken with Field Block 1 or Field Block 2 though it can be taken during other semesters to obtain full time enrollment. ECHE 4343 requires active field experience in a kindergarten or pre-kindergarten classroom during the semester taken.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

Total Hours: 130

¹ BIOL 1408 and BIOL 1436 satisfy the Core Curriculum requirement for Component Area III (Life and Physical Science) and the major.

² Satisfies the Core Curriculum requirement for Component Area I (Communication).

³ Satisfies the Core Curriculum requirement for Component Area VI (U.S. History).

⁴ Students must take nine hours of Mathematics which includes MATH 1384 and MATH 1385 as six of the nine required hours. MATH 1384 satisfies the Core Curriculum requirement for Component Area II (Mathematics) and the major.

⁵ PSYC 1301 is recommended to satisfy the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

⁶ CAMX 2301 is recommended to satisfy the Core Curriculum requirement for Component Area V (Creative Arts).

⁷ ENGL 2332 or ENGL 2333 satisfy the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture) and the major.

⁸ Any three hours of Math in addition to MATH 1384 and MATH 1385.

⁹ Satisfies the Core Curriculum requirement for Component Area VII (Political Science/Government).

¹⁰ ECHE 4343 students must be accepted into the Educator Preparation Program (EPP), and it is recommended to take with Field Experience I or II courses due to the field requirement in Kindergarten or Pre-Kindergarten classroom. If needed, it can be taken during YLR semester one or two to meet full time status.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA or in the last 60 semester hours in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS, Major in Education PK3 Special Education is designed to provide graduates with the following marketable skills:

- Prepared for Texas Teacher Certification in Prekindergarten through third grade special education classrooms.
- Prepared to teach all content areas necessary for PK-3rd Grade in special education classrooms.
- Prepared to implement evidence-based methods of teaching in learning in special education classrooms.
- Fully qualified to teach in Texas public schools.

- ¹ COMS 1361 and KINE 2115 are recommended to satisfy the Core Curriculum requirement for Component Area IX (Component Area Option).
- ² ECHE 3301 and ECHE 3316 are blocked courses that are taken together and require Field Experience (20 hours).
- ³ Texas Early Childhood Articulation (TECA) courses are not offered at SHSU. TECA courses may be transferred from Community Colleges.
- ⁴ ECHE electives may include ECHE courses and courses with the prefix of BESL, CRIJ, EDUC, PSYC, READ, SOCI, or SPED that have a content focus related to working with young children and families.
- ⁵ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program's stated total semester credit hours.
- ⁶ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Not intended to lead to EC-6th Grade Texas Teacher Certification.

The TECA courses use common numbering system and content throughout Texas as Academic Transfer Credit Courses: **TECA 1303 Families, School, and Community; TECA 1311 Educating Young Children; TECA 1318 Wellness of the Young Child; TECA 1352 Child Growth and Development.**

TECA courses are designated as:

ACGM (Lower-Division Academic Course Guide Manual) Courses: Designated by the Texas Higher Education Coordinating Board for general academic transfer among community, state, and technical colleges in Texas; and state public four-year colleges and universities as freshman and sophomore general education courses.

WECEM (Workforce Education Course Manual) Courses: Designated by the Texas Higher Education Coordinating Board as workforce education (technical) courses offered for credit and CEUs (Continuing Education Units). **While these courses are designed to transfer among state community colleges, they are not designed to automatically transfer to public four-year colleges and universities.**

The TECA course completed at Texas Community Colleges **may be** transferred as credit courses in the ECHE and the BAAS/ECHE programs at SHSU. They are not currently transferred as credit courses into other EDUC degree programs resulting in Texas Teacher Certification.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-education/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

		15	10
Total Hours: 120			

¹ MATH 1332 is recommended.² Satisfies Core Curriculum requirement for Component Area I (Communication).³ Satisfies Core Curriculum requirement for Component Area VI (U.S. History).⁴ Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).⁵ SPAN 2350 may be counted for SPAN 2312.**Notes**

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must earn a 2.75 minimum (or in the last 60 semester hours) overall major Education GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

Students must meet a cumulative 2.75 minimum overall GPA in all Spanish and World Languages and Cultures coursework.

Students must earn a 2.75 minimum GPA (overall or last 60) to earn teacher certification.

Students should use elective and/or minor hours to satisfy the 42 advanced hour requirement. All students must complete at least 120 hours to graduate.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

All minors can be paired with this degree program.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA with a Double Major in Education and in Spanish is designed to provide graduates with the following marketable skills:

- Prepared to teach World Languages in Spanish content for Texas teacher certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public high schools.

Bachelor of Arts, Double Major in Education and Mass Communication: Journalism

The Bachelor of Arts with Double Major in Education and Mass Communication: Journalism empowers students who intend to teach in K-12 schools to craft news content on a variety of media platforms with efficiency and expedience. Students develop traditional reporting and interviewing skills, writing and copy editing proficiencies, and expertise with photography, audio recording, and video recording. Publication across platforms, including student-created websites and diverse social media, is also emphasized.

All students who choose to declare a major or minor in Mass Communication or Ag/Com will be required to pass the Pearson Grammar Competency Lab with a score of 80 percent or better before they will be allowed to register for 3000 or 4000 level courses in MCFL, MCJR, MCOM, MCPA, or MCPD.

The lab is offered free of charge. Please visit Grammar Module (<http://www.shsu.edu/academics/mass-communication/grammar-module/grammar-module.html>) for additional information.

Writing Enhanced Courses. All undergraduate students are required to complete at least six hours of writing enhanced courses within the discipline, of which three hours must be advanced.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA with a Double Major in Education and Mass Communication: Journalism is designed to provide graduates with the following marketable skills:

- Prepared to teach Journalism content for Texas teacher certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public high schools.

Bachelor of Science, Double Major in Education and Composite Science

This degree is comprised of coursework from several disciplines; therefore, it will enable you to teach Biology, Chemistry, Geography and Geology (i.e., Earth Science), and Physics (including astronomy). Because individuals who have this certification can teach several disciplines of science, *they are especially sought after by schools*. This degree combines the core science coursework with that required for the Secondary Education certification. It also allows students to focus in an area of science that interests them by choosing designated electives within the focus area. Accordingly, after having completed the common core of science classes, students then focus their remaining coursework in an area of particular interest to them, such as chemistry or geology. Because this degree encompasses several science certifications, it requires 130-133 hours of coursework, depending upon the area of specialization. Below is a summary of the Composite Science degree requirements.

Code	Title	Hours
Bachelor of Science, Double Major in Education and Composite Science		
Core Curriculum		
Component Area I (Communication)		6
Component Area II (Mathematics) ¹		3
Component Area III (Life and Physical Science) ²		8
Component Area IV (Language, Philosophy, and Culture)		3
Component Area V (Creative Arts)		3
Component Area VI (U.S. History)		6
Component Area VII (Political Science/Government)		6
Component Area VIII (Social and Behavioral Sciences) ³		3
Component Area IX (Component Area Option)		4
Degree Specific Requirements		
CHEM 1411	General Chemistry I ²	4
CHEM 1412	General Chemistry II ²	4
MATH 1314	Pre Calculus Algebra ¹	3
Major: Required (Education)		
CISE 3384	The Teaching Profession	3
CISE 4364	Methods of Teaching in Secondary Schools	3
CISE 4374	Human Growth and Learning	3
CISE 4377	Assessment of Student Learning In Secondary Grades	3
CISE 4379	Differentiated Pedagogy	3
READ 4378	Multiple Literacies in Secondary Education	3

BIOL 2440	Introductory Cell Biology	4
BIOL 3390	Science Teaching Methods	3
GEOG 1401	Weather and Climate	4
GEOL 1403	Physical Geology	4
GEOL 1404	Historical Geology	4
GEOL 3330 or CHEM 3438	Oceanography ^{4,5,6} Biochemistry I	3-4
PHYS 1301 & PHYS 1101	General Physics-Mechanics and Heat and General Physics Laboratory I ¹	4
PHYS 1302 & PHYS 1102	General Physics-Sound, Light, Electricity, and Magnetism and General Physics Laboratory II	4
PHYS 1403	Stars & Galaxies ^{6,7}	4

or CHEM 2323/2123	Organic Chemistry I: Lecture	
STAT 3379	Statistical Methods in Practice	3
Major: Concentration		6-8
Student Teaching		
CISE 4394	Creating an Environment For Learning-Secondary Education	3
CISE 4396	Student Teaching - Secondary Classroom	3
CISE 4397	Student Teaching - Secondary Classroom	3
Minor: Not Required ^{8,9}		
Total Hours		130-133

- ¹ MATH 1314 satisfies the Core Curriculum requirement for Component Area II (Mathematics) as well as the major. Students may need to take MATH 1316 in order to take PHYS 1301 unless a prerequisite override given by the Physics Department Chair.
- ² CHEM 1411 and CHEM 1412 satisfy the Core Curriculum requirement for Component Area III (Life and Physical Science) and the major.
- ³ PSYC 1301 is recommended to satisfy the Core Curriculum requirement for Core Component Area VII (Social and Behavioral Sciences).
- ⁴ GEOL 3330 is taken for Biology and Earth Science Concentrations, and CHEM 3438 is taken for the Chemistry Concentration.
- ⁵ CHEM 3438 is offered Fall or Summer I.
- ⁶ The following courses will also satisfy this requirement: BIOL 4361, BIOL 4306 or PHIL 4306, HLTH 4390, or GEOG 3301.
- ⁷ PHYS 1403 is taken for the Biology and Earth Science concentration, and CHEM 2323 and CHEM 2123 are taken for the Chemistry Concentration.
- ⁸ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program's stated total semester credit hours.
- ⁹ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Students must earn cumulative 2.0 minimum GPA in all Composite Science major coursework.

If the math requirement for PHYS 1301 is not met, or a prerequisite override is not given, MATH 1316 may need to be taken, which will add 3 semester credit hours to the degree plan.

Students must earn a "C" or better in all Education coursework. Students must earn an overall GPA of 2.75 (overall or in the last 60 hours) to be eligible for teacher certification.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS with a Double Major in Education and History is designed to provide graduates with the following marketable skills:

- Prepared to teach History content for Texas teacher certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public high schools.

All minors can be paired with this degree program.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS with a Double Major in Education and Interdisciplinary Agriculture is designed to provide graduates with the following marketable skills:

- Demonstrate technical knowledge and skills necessary for entry level Agriculture, Food, and Natural Resources teachers in Agricultural Business, Agricultural Communication, Agricultural Engineering Technology, Animal Science, and Plant and Soil Science.
- Manage, organize, and conduct Supervised Agricultural Experience Programs, Leadership, Career, and Speaking Development Events.
- Develop annual and long range plans (program of activity, semester and lesson plans, etc.)
- Use effective research-based techniques to develop a positive classroom environment.
- Create lessons and units of instruction to meet the Texas Essential Knowledge and Skills requirements for Agriculture, Food, and Natural Resources classes.

Bachelor of Science, Double Major in Education and Kinesiology

This double major degree program prepares students to teach Physical Education at the Pre-K through 12th grade level in the state of Texas. Students will participate in methods and student teaching as the culminating component of their degree. Students will be prepared to sit for the TExES Physical Education Certification exam. The content of the program is aligned with the Society of Health and Physical Educators (SHAPE) and Council for the Accreditation of Educator Preparation (CAEP) Initial PETE standards. Students completing this degree plan will also earn the sport coaching certification.

Bachelor of Science, Double Major in Education and Mathematics		
Core Curriculum		
Component Area I (Communication)		6
Component Area II (Mathematics) ¹		4
Component Area III (Life and Physical Science)		8
Component Area IV (Language, Philosophy, and Culture)		3
Component Area V (Creative Arts)		3
Component Area VI (U.S. History)		6
Component Area VII (Political Science/Government)		6
Component Area VIII (Social and Behavioral Sciences)		3
Component Area IX (Component Area Option) ²		3
Degree Specific Requirements		
ENGL 2332	World Literature I: Before the 17th Century ²	3
MATH 1420	Calculus I ¹	4
Major: Required (Education)		
CISE 3383	Planning Instruction With Technology Integration	3
CISE 3384	The Teaching Profession	3
CISE 4364	Methods of Teaching in Secondary Schools	3
CISE 4374	Human Growth and Learning	3

CISE 4377	Assessment of Student Learning In Secondary Grades	3
CISE 4379	Differentiated Pedagogy	3
CISE 4380	Responsibilities of the Professional Educator	3
READ 4378	Multiple Literacies in Secondary Education	3
SPED 3301	Learning and Instruction for Children with Disabilities	3
TESL 4303	Teaching English As A Second Language	3
Major: Required (Mathematics)		
MATH 1430	Calculus II	4
MATH 2440	Calculus III	4
MATH 3300	Introduction to Mathematics Thought	3
MATH 3363	Euclidean Geometry	3
MATH 3377	Introduction to Linear Algebra and Matrices	3
MATH 3379	Statistical Methods in Practice	3
MATH 4367	The Evolution of Mathematics	3
MATH 4377	Algebraic Structures	3
MATH 4384	Survey of Mathematical Ideas	3
MATH 4385	Mathematical Problem Solving	3
MATH Advance Electives		9
Student Teaching		
CISE 4394	Creating an Environment For Learning-Secondary Education	3
CISE 4396	Student Teaching - Secondary Classroom	3
CISE 4397	Student Teaching - Secondary Classroom	3
Minor: Not Required ^{3,4}		
Total Hours		122

¹ Satisfies the Core Curriculum requirement for Component Area II (Mathematics).

² ENGL 2332 satisfies both the Core Curriculum requirement for Component Area IX (Component Area Option) and the major.

³ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program's stated total semester credit hours.

⁴ The following minor cannot be paired with this degree program: Minor in Mathematics.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.5 minimum overall GPA in Mathematics major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

Students must earn a "C" or better in all Mathematics coursework. Students must earn cumulative 2.5 minimum GPA in all Mathematics coursework.

Students must earn a "C" or better in all Education coursework. Students must earn an overall GPA of 2.75 to be eligible for teacher certification.

First Year

Fall	Hours	Spring	Hours

Total Hours: 122

- ¹ Satisfies the Core Curriculum requirement for Component Area I (Communications).
- ² Satisfies the Core Curriculum requirement for Component Area VI (U.S. History).
- ³ Satisfies the Core Curriculum requirement for Component Area II (Mathematics).
- ⁴ Satisfies the Core Curriculum requirement for Component Area VII (Political Science).
- ⁵ ENGL 2332 satisfies both the Core Curriculum requirement for Component Area IX (Component Area Option) and the major.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Students must maintain a 2.5 minimum overall GPA in Mathematics major coursework.

Students must maintain a 2.75 GPA or greater overall or in the last 60 semester hours. This includes transfer and SHSU courses.

Students must earn a "C" or better in all Mathematics coursework. Students must earn cumulative 2.5 minimum GPA in all Mathematics coursework.

Students must earn a "C" or better in all Education coursework. Students must earn an overall GPA of 2.75 to be eligible for teacher certification.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program's stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in Mathematics.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS with a Double Major in Education and Mathematics is designed to provide graduates with the following marketable skills:

- Prepared to teach Mathematics content for Texas teacher certification.
- Prepared to implement evidence-based methods of teaching and learning.
- Fully qualified to teach in Texas public high schools.

Minor in Applied Behavior Analysis

The Minor in Applied Behavior Analysis (ABA) is designed to provide students with a general understanding of the scientific application of behavioral principles to socially significant behaviors. The minor requires 18 semester credit hours (six courses) in special education. All ABA minor courses are offered online and are taught by Board Certified Behavior Analysts.

Students interested in pursuing the Board Certified Assistant Behavior Analyst® (<https://www.bacb.com/bcaba/>) credential should contact the ABA minor coordinator for additional information.

The Association for Behavior Analysis International has verified the following courses toward the coursework requirements for eligibility to take the Board Certified Assistant Behavior Analyst® (BCaBA) (<https://nam12.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.bacb.com%2Fbcaba%2F&data=05%7C01%7Carg019%40SHSU.EDU%7C1c7396e5f5af41a7c5eb08da68f2a330%7Cb153cbd8b39247449b39e3cdb8677f00%7C0%7C0%7C637937688571756918%7CUnknown%7CTWFpbGZsb3d8eyJWljiMC4wLjAwMDAiLCJQIjoiV2luMzliLjBtIl6k1haWwILCJXVCi6Mn0%3D%7C3000%7C%7C%7C&sdata=RY5PoEVEMleA40iJ%2FeFTY%2BYOm08Qq4yQyCohY8WK4%3D&reserved=0>) examination. Applicants will need to meet additional requirements before they can be deemed eligible to take the examination.

Code	Title	Hours
Minor in Applied Behavior Analysis		
Required Courses		
SPED 2301	Introduction to Exceptionality	3
SPED 3306	Behavioral Principles	3
SPED 3307	Behavioral Assessment, Intervention, and Evaluation ¹	3
SPED 3308	Behavioral Intervention and Research Methods	3
SPED 3309	Ethics in Behavior Analysis ²	3
SPED 3310	Advanced Behavior Analysis ³	3
Total Hours		18

¹ SPED 3305 may be substituted for SPED 3307, but it does not meet the coursework requirements for eligibility to sit for the BCaBA exam.

² PHIL 2306 may be substituted for SPED 3309 but it does not meet the coursework requirements for eligibility to sit for the BCaBA exam.

³ SPED 3312 may be substituted for SPED 3310, but it does not meet the coursework requirements for eligibility to sit for the BCaBA exam.

Minor in Early Childhood Education

A Minor in Early Childhood Education consists of the following courses:

Code	Title	Hours
Minor in Early Childhood Education		
Required Courses		
ECHE 3313	Early Childhood Cognition	3
ECHE 3302	Early Childhood Education Theories	3
ECHE 3325	Creative Arts for Educators	3
ECHE 3363	Working With Families in Diverse Communities	3
ECHE 4333	Developmentally Appropriate Programs for Young Children	3
ECHE 4350	Preschool Child Wellness	3
Total Hours		18

Minor in Special Education

The Minor in Special Education provides a pathway for College of Education students majoring in grades 4-8 certification tracks or the grades 7-12 certification tracks to also graduate with a teaching certification in the area of special education. The Minor in Special Education consists of the following courses:

Code	Title	Hours
Minor in Special Education		
Required Courses		
SPED 2301	Introduction to Exceptionality	3
SPED 3301	Learning and Instruction for Children with Disabilities	3
SPED 3302	Emotional/Behavioral Disorders	3
SPED 3303	Supporting Social Success	3
SPED 3312	Family and Diversity Issues in Special Education	3
SPED 4304	Transition Planning in Special Education	3
Total Hours		18

About the College

The College of Health Sciences (COHS) consists of the Department of Human Sciences, the Department of Kinesiology, the Department of Public Health, and the School of Nursing. The College is comprised of undergraduate and graduate degrees focusing on clinical training and work-based learning. Internships in prestigious healthcare and medical fields, hospitals, sports organizations, government agencies, and volunteer agencies are available for many of the degree fields.

The COHS offers the most up-to-date curricula using the latest technologies. Degree fields include human sciences, kinesiology, nursing, and public health, as well as preparation for further medical study in areas such as occupational therapy, chiropractic, and physical therapy. Some of the degree areas allow for an international focus—with language immersion—through study abroad opportunities to expand the student learning experience.

Factors such as an aging population, new medical technologies, and federal legislation have increased the need for qualified healthcare employees, educators, and professionals. The COHS has made great advancements in addressing those demands by offering programs that will increase the number of educated employees for the Texas workforce.

The COHS promotes healthy living by preparing professionals for health and medical careers with a quality education at an affordable cost. Graduates will be prepared to succeed in their chosen health profession through mastery of the appropriate knowledge and skills, a well-developed sense of professionalism, and a strong commitment to promoting health and providing quality care.

Mission

The College of Health Sciences collaborates with community and global partners to advance knowledge and practice to inspire the lifelong pursuit of health and well-being.

Vision

The College seeks to empower society to cultivate the enduring health of individuals and communities.

Core Values

Teamwork: Engage in active participation to foster an environment of shared responsibility.

Outreach: Serve the current and future needs of individuals, families, and communities.

Excellence: Strive for the highest standards and quality in all that we do.

Diversity: Embrace our differences to ensure each unique voice is encouraged and valued.

Curiosity: Nurture innovation/creativity through consumption, creation, and dissemination of knowledge.

Entrepreneurism: Welcome risk-taking and view failure as an opportunity for discovery.

Highlights

- The School of Nursing became an accredited nursing program by the Accreditation Commission for Education in Nursing (ACEN formerly NLNAC) in August 2013 and received full approval by the Texas Board of Nursing for the Baccalaureate Degree Nursing Education Program in January 2014.
- The School of Nursing has a 94.70% success rate (2021) for nursing students sitting for the National Council Licensure Examination (NCLEX), which is above state and national averages. Additionally, 100% of students had secured a job in the field of nursing by graduation (Spring 2022).
- The MS in Athletic Training (MSAT) program has received initial accreditation from the Commission on Accreditation of Athletic Training Education (CAATE) (2023-2028).
- The Physical Education Teacher Education (PETE) Program in the Department of Kinesiology is accredited by the Council for Educator Preparation (CAEP) and the Society of Health and Physical Educators (SHAPE).
- Study Abroad opportunities in Human Sciences, Kinesiology, Public Health, and Nursing.
- The Interior Design Program is accredited by the Council for Interior Design Accreditation (CIDA).
- The MS in Dietetic Internship Program is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of The Academy of Nutrition and Dietetics.
- The Food Science and Nutrition Program is accredited by The Academy of Nutrition and Dietetics.

Academic Programs

Department of Human Sciences

- Bachelor of Arts, Major in Interior Design
- Bachelor of Science, Major in Fashion Merchandising
- Bachelor of Science, Major in Food Science and Nutrition
- Bachelor of Science, Major in Interior Design
- Minor in Fashion Merchandising
- Minor in Human Nutrition
- Minor in Interior Design

Department of Kinesiology

- Bachelor of Science, Major in Human Performance and Wellness Management
- Bachelor of Science, Major in Kinesiology
- Bachelor of Science, Double Major in Education and Kinesiology
- Bachelor of Science, Major in Kinesiology (Clinical Exercise Science) (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/health-sciences/kinesiology/bs-kinesiology-clinical-exercise-science/>)
- Bachelor of Science, Major in Kinesiology (Clinical Exercise Science), 3+2 MSAT
- Undergraduate Certificate in Sport Coaching
- Minor in Kinesiology
- Minor in Sport Coaching

School of Nursing

- Bachelor of Science, Major in Nursing (BSN)
- RN to BSN
- LVN to BSN

Department of Public Health

- Bachelor of Arts, Major in Bilingual Health Care Studies; Minor in Foreign Language
- Bachelor of Science, Major in Health Care Administration
- Bachelor of Science, Major in Health Sciences
- Bachelor of Science, Major in Health Sciences: 3+2 MSAT Option
- Bachelor of Science, Major in Public Health

- Bachelor of Science, Major in Public Health: 4+1 MPH Option
- Minor in Health

Mission

The mission of the Department of Human Sciences is to prepare future professionals with the knowledge and skills to positively impact individuals, families, and communities.

Highlights

- Food Science and Nutrition Program is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics
- Dietetic Internship Program available for qualified FSCN graduates (leads to RDN credential)
- Interior Design Program accredited by the Council for Interior Design Accreditation (CIDA) and the National Association of Schools of Art and Design (NASAD)
- Kappa Omicron Nu Honor Society for Human Sciences (Kappa Alpha Phi Chapter)

Suggested Minors

The majority of degree programs in the Department of Human Sciences **do not** require a minor. However, a minor may be elected for any program, in keeping with student career goals. Students graduating with a degree in the DPD program (Food Science and Nutrition) have minored in Chemistry, Mass Communication, Psychology, and other areas. Interior Design majors often minor in Architectural Design Technology, Construction Management, Graphic Design, or General Business Administration. Students majoring in Fashion Merchandising are **required** to have a minor in either General Business Administration, Management, Marketing, Business Data Analytics, Supply Chain Management, Entrepreneurship, or Finance. Students majoring in Food Service Management are **required** to have a minor in General Business Administration or Management.

Program Specific Requirements

Most degree programs within the Department of Human Sciences require completion of HUSC 4369. Students have multiple opportunities to learn about degree requirements through the admission and advising process, including Saturdays@Sam (one each fall and spring semester), SAM Center advising, advising within the department, and advising through career fairs sponsored by Career Services at SHSU.

- Bachelor of Arts, Major in Interior Design
- Bachelor of Science, Major in Fashion Merchandising
- Bachelor of Science, Major in Food Science and Nutrition
- Bachelor of Science, Major in Interior Design
- Minor in Fashion Merchandising
- Minor in Human Nutrition
- Minor in Interior Design

Career Opportunities

For the following program areas, employment opportunities include, but are not limited to, the following career options:

- Fashion Merchandising
 - fashion brand management
 - retail buying
 - retail planning and allocation
 - retail management

- visual merchandising
- fashion marketing
- social media strategy and marketing
- wholesale representative
- showroom management
- apparel supply chain and logistics
- trend forecasting
- fashion brand promotion and special events
- Food Science and Nutrition
 - Registered Dietitian (with required post-graduate internship and Master's (M.S.) degree)
 - clinical settings
 - wellness coach/programs
 - community organizations
 - administrative positions
 - public health agencies
 - corporate in food manufacturing, food distribution, other
 - spokesperson for food councils (wheat, rice, beef, etc.)
 - non-profit community nutrition programs (USDA, WIC)
 - food service/nutrition director for hospitals, schools
 - nutritional consultant to sports teams, gyms, corporate executives, food companies, cruise lines, spas, and retail food stores
 - food scientist
 - sports nutritionist
 - food stylist
- Interior Design
 - Registered Interior Designer (with the passing of a professional licensure exam, NCIDQ, and state registration)
 - residential designer (single-family homes, multi-family housing, retail home furnishings and products)
 - commercial designer (workplace, healthcare/wellness, hospitality, retail, restaurants, education, mixed-use)
 - lighting designer
 - kitchen and bath designer
 - space planner
 - CAD/Revit manager
 - architecture and design (A&D) sales representative

Students have multiple opportunities to learn about careers associated with their degree programs, including Saturdays@Sam (one each fall and spring semester), SAM Center advising, advising within SHSU Career Services, the department, career fairs sponsored by the Career Success Center, and guest speakers and field trips sponsored through classes and pre-professional student organizations.

Upon completion of a bachelor's degree, qualified students may choose to apply for admission to one of the Graduate programs in Human Sciences. Refer to the Graduate Catalog (<http://www.shsu.edu/home/catalog.html>) for more details.

Scholarships

Competitive scholarships and awards are given annually to full-time students of at least junior standing majoring in one of the program areas in Human Sciences. **(Award recipients must be enrolled at Sam Houston State University for a minimum of one semester as a full-time student, must have completed 12 hours in Human Sciences, and must be following the curriculum of a program major within the Department of Human Sciences with full-time student status.)**

Scholarships

College of Health Sciences

- Cady/Huskey-Health Scholarship: \$2,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- COHS Bridge Scholarship: \$2,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Crowley/Gilbert Family Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- William (Al) and Elizabeth Rampmeier Endowed Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)

Department of Human Sciences

- Elmadel Driscoll Robinson Endowed Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Family and Consumer Sciences Memorial Endowed Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Keener Family COBA/FCS Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Lena Campbell Mathis Endowed Scholarship: \$2,500 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Lynch Endowed Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Mattie Bea Prather Medford Family and Consumer Sciences Endowed Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Rachel Mary Prather Allen Family and Consumer Sciences Endowed Scholarship: \$500 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Wiley G. and Marian Boyd McDonald Endowed Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)

Many other scholarship opportunities are available, including those based on the academic record of the incoming student. Many organizations at the national, state, and local level, including professional organizations and corporations, offer scholarships for specific majors within the department. Students should check the specific criteria required by these organizations. Brochures and information concerning the department and scholarships may be obtained by writing:

Department of Human Sciences
Box 2177
Sam Houston State University
Huntsville, Texas 77341-2177

or e-mail your request to Human Sciences (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/health-sciences/human-sciences/>). Website: Department of Human Sciences (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/health-sciences/human-sciences/>)

Student Organizations

- American Society of Interior Designers-ASID (student chapter)
- POSE, Fashion Merchandising
- International Interior Design Association-IIDA (student chapter)
- Kappa Omicron Nu, Kappa Alpha Phi Chapter (honor society for Human Sciences)
- Sam Houston Student Dietetic Association
- Internships and Study Abroad

All students who complete programs in Fashion Merchandising, Food Service Management, and Interior Design must complete a supervised internship (HUSC 4369) of at least 200 supervised clock hours as a requirement for graduation. Students are given leads for securing internship opportunities, but part of the internship experience is securing a suitable position.

Students majoring in Food Science and Nutrition are required to complete a number of shadowing hours in several junior- and senior-level courses to complete the knowledge requirements of The Academy of Nutrition and Dietetics (i.e., FSCN 3445, FSCN 4360, and FSCN 4361).

Minor: Not Required^{5,6}**Total Hours****120**

- ¹ Satisfies Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture). Options include ARAB 2311, FREN 2311, GERM 2311, SGNL 2311, and SPAN 2311.
- ² Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Science).
- ³ Satisfies one hour of the Core Curriculum requirement for Component Area IX (Component Area Option).
- ⁴ ETCM department waives prerequisites for Interior Design majors.
- ⁵ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program's stated total semester credit hours.
- ⁶ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.5 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.5 minimum SHSU major GPA in all major coursework.

A minimum grade of C is required of Interior Design majors in all ARTS, ETCM, and INDS courses and in all prerequisites for these courses. This program requires a 2.5 GPA.

The Interior Design specific courses (INDS designation) are only offered once per academic year, in either Fall or Spring, as noted in the plan of study with the exception of INDS 1360.

INDS 1140 is a prerequisite for INDS 1360.

INDS 1360 is a prerequisite for INDS 2386.

INDS 2364, INDS 2386, and INDS 2387 should be taken concurrently.

INDS 1360 or INDS 2364 is a prerequisite for ETCM 2363.

INDS 2365, INDS 2388, ETCM 2363, and ARTS 1316 are prerequisites for INDS 3338.

ARTS 3385 is a prerequisite for ARTS 3383, ARTS 4384, and ARTS 4385.

A passing sophomore portfolio review is required along with departmental approval prior to taking INDS 3338.

HUSC 4369 requires departmental approval and the completion of 90 hours.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-interior-design/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

The Interior Design specific courses (INDS designation) are only offered once per academic year, in either Fall or Spring, as noted in the plan of study with the exception of INDS 1360.

INDS 1140 is a prerequisite for INDS 1360.

INDS 1360 is a prerequisite for INDS 2386.

INDS 2364, INDS 2386, and INDS 2387 should be taken concurrently.

INDS 1360 or INDS 2364 is a prerequisite for ETCM 2363.

INDS 2365, INDS 2388, ETCM 2363, and ARTS 1316 are prerequisites for INDS 3338.

ARTS 3385 is a prerequisite for ARTS 3383, ARTS 4384, and ARTS 4385.

A passing sophomore portfolio review is required along with departmental approval prior to taking INDS 3338.

HUSC 4369 requires departmental approval and the completion of 90 hours.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Interior Design is designed to provide graduates with the following marketable skills:

- Oral and written communication.
- Technical interior design knowledge.
- Manual and digital drawing.
- Critical thinking and problem solving.
- Application of evidence-based design.

Bachelor of Science, Major in Fashion Merchandising

The Bachelor of Science degree in Fashion Merchandising is an online degree program. FAMD courses are offered in the **7 ½ week schedule (7A/7B)** in the fall and spring semesters. Courses will also be offered in the summer.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-fashion-merchandising/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Choose from General Business Administration, Management, Marketing, Business Data Analytics, Supply Chain Management, Entrepreneurship, or Finance.⁶ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences) as well as the major.⁷ FAMD 3325 is a summer only course.⁸ HUSC 4369 requires department approval and 90 hours of course work completed.**Notes**

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Fashion Merchandising students who are pursuing a General Business Administration, Management, Marketing, Business Data Analytics, Supply Chain Management, Entrepreneurship, or Finance minor are strongly encouraged to take MGMT 3327 as one of their approved electives.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Fashion Merchandising is designed to provide graduates with the following marketable skills:

- Critical thinking and problem solving within the scope of the fashion industry in order to objectively examine information to determine the most effective way to move forward in this fast-paced and globalized industry.
- Collaboration and teamwork in order to communicate well with others and understand varying perspectives to enable them to come up with efficient and effective creative solutions.
- Knowledge and understanding of merchandising functions to successfully construct the necessary data for various financially-related merchandise planning and development needs.
- A balance of creative & artistic skills and business acumen to develop an inherent sense of understanding the intricacies of the fashion industry.

¹ Satisfies the Core Curriculum requirement for Component Area II (Mathematics).

² Satisfies 4 hours of the Core Curriculum requirement for Component Area III (Life and Physical Sciences).

³ Satisfies the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

⁴ Satisfies the Core Curriculum requirement for one hour of Component Area IX (Component Area Option).

⁵ BIOL 2401 and BIOL 2402 may be used as transfer courses for this requirement; please see a SAM Center advisor for more details.

⁶ MATH 1342 will be accepted if transferred in from another institution or major.

⁷ A minor is **not required** for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

⁸ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

A minimum grade of "C" is required for Food Science and Nutrition majors in all FSCN coursework.

100% completion of all Knowledge for Registered Dietetic Nutritionist (KRDNs) learning outcomes must be met from ACEND.

FSCN 2362 requires 3 hours of BIOL or CHEM and 3 hours of MATH.

FSCN 1441 OR FSMG 2441 is a prerequisite for FSCN 3445.

FSCN 3367 requires the completion of 4 hours of Chemistry, FSCN 1441 and FSCN 2362.

BIOL 2420 requires a "C" or higher in BIOL 2403, BIOL 2404 and in CHEM 1406 or CHEM 1411. This course will satisfy 4 hours of the Core Curriculum requirement for Component Area III (Life and Physical Science).

MGMT 3310 requires 50 hours of course work completed.

The estimated cost of completing the FSCN Program, including tuition and fees, books, lab coat, and SHSDA dues is \$37,139. (Cost of tuition, fees and textbooks is subject to change without notice).

The program requires transfer and change of major students to have a minimum GPA of 2.75 prior to declaring FSCN as a major and submitting a degree plan.

To be eligible to receive an *ACEND Verification Statement of DPD Program Completion*, students in the FSCN/DPD program at Sam Houston State University must have a minimum GPA of 2.0 overall, a FSCN GPA of 2.75 or better, and a "C" or better in all FSCN courses, and 100% achievement of Knowledge requirements for Registered Dietitians/Nutritionist (KRDNs) from ACEND. Upper-level courses must have been completed in the previous 5 years. The DPD Director will issue the *Verification Statement* once the FSCN degree has been conferred on the student's academic transcript (usually one month after the end of the semester). An official copy of the *Verification Statement* is required to begin an ACEND-accredited dietetic internship. Receipt of the *Verification Statement* does not guarantee an ACEND-accredited dietetic internship. Students who do not meet the requirements for a *Verification Statement* but satisfy graduation requirements will graduate with a Bachelor of Science in Food Science and Nutrition. Sam Houston State University does not guarantee dietetic internship placement or selection.

The Didactic Program in Dietetics (DPD) is currently granted accreditation by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Food Science and Nutrition is designed to provide graduates with the following marketable skills:

- Demonstrate skills in performing nutrition assessments (individual and group) and assessment for the life cycle.
- Ability to apply food science product manipulation and development.
- Knowledge in and ability to perform culinary medicine food demonstration.
- Demonstrate basic understanding of nutritional quality assessment of individuals and populations utilizing computer software.
- Awareness of food and inventory management.

Bachelor of Science, Major in Interior Design

¹ Satisfies Core Curriculum requirement for Component Area II (Mathematics).

² Satisfies one hour of the Core Curriculum requirement for Component Area IX (Component Area Option).

³ ETCM department waives prerequisites for Interior Design majors.

⁴ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

⁵ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.5 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.5 minimum SHSU major GPA in all major coursework.

A minimum grade of "C" is required for Interior Design majors in all ARTS, ETCM, and INDS courses and in the prerequisites for these courses. The program requires a 2.5 GPA.

The Interior Design specific courses (INDS designation) are only offered once per academic year, in either Fall or Spring, as noted in the plan of study.

INDS 1140 is a prerequisite for INDS 1360.

INDS 1360 is a prerequisite for INDS 2386.

INDS 2364, INDS 2386, and INDS 2387 should be taken concurrently.

INDS 1360 or INDS 2364 is a prerequisite for ETCM 2363.

ARTS 1316, ETCM 2363, and INDS 2365 and INDS 2388 are prerequisites for INDS 3338.

ARTS 3385 is a prerequisite for ARTS 3383, ARTS 4384, or ARTS 4385.

A passing sophomore portfolio review is required along with departmental approval prior to taking INDS 3338.

HUSC 4369 requires departmental approval and 90 hours of course work completed.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-interior-design/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Total Hours: 120

- ¹ Satisfies Core Curriculum requirement for Component Area I (Communications).
- ² Satisfies Core Curriculum requirement for Component Area VI (U.S. History).
- ³ Satisfies Core Curriculum requirement for Component Area II (Mathematics).
- ⁴ Satisfies one hour of the Core Curriculum requirement for Component Area IX (Component Area Option).
- ⁵ Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).
- ⁶ ETCM department waives prerequisites for Interior Design majors.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.5 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.5 minimum SHSU major GPA in all major coursework.

A minimum grade of "C" is required for Interior Design majors in all ARTS, ETCM, and INDS courses and in the prerequisites for these courses. The program requires a 2.5 GPA.

The Interior Design specific courses (INDS designation) are only offered once per academic year, in either Fall or Spring, as noted in the plan of study.

INDS 1140 is a prerequisite for INDS 1360.

INDS 1360 is a prerequisite for INDS 2386.

INDS 2364, INDS 2386, and INDS 2387 should be taken concurrently.

INDS 1360 or INDS 2364 is a prerequisite for ETCM 2363.

ARTS 1316, ETCM 2363 and INDS 2365 and INDS 2388 are prerequisites for INDS 3338.

ARTS 3385 is a prerequisite for ARTS 3383, ARTS 4384, or ARTS 4385.

A passing sophomore portfolio review is required along with departmental approval prior to taking INDS 3338.

HUSC 4369 requires departmental approval and 90 hours of course work completed.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

All minors can be paired with this degree program.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Interior Design is designed to provide graduates with the following marketable skills:

- Oral and written communication.
- Technical interior design knowledge.
- Manual and digital drawing.
- Critical thinking and problem solving.
- Application of evidence-based design.

Minor in Fashion Merchandising

The Minor in Fashion Merchandising would be highly beneficial for students with an interest in fashion industry related careers and who chose majors in General Business Administration, Entrepreneurship, International Business, Marketing, Management, Finance, Supply Chain Management, Art, Graphic Design, Theater, Mass Communication, or Communication Studies. The fashion industry is multidisciplinary, and the courses taken in the Fashion Merchandising minor can prepare students for various careers in the industry along with their major area of study including fashion brand

management, retail buying, planning and allocation, retail management, visual merchandising, fashion marketing, social media strategy and marketing, wholesale and showroom management, apparel supply chain and logistics, trend forecasting, fashion brand promotions, and costume design.

Code	Title	Hours
Minor in Fashion Merchandising		
Required Courses		
FAMD 1332	Introduction to Fashion Merchandising	3
FAMD 2333	Fashion Merchandising Technology	3
Prescribed Electives		
Select four courses from the following: ¹		12
FAMD 1369	Introduction to Textiles	
FAMD 2366	Fashion in Society	
FAMD 2375	Fashion Promotion	
FAMD 3325	Digital Fashion Retailing	
FAMD 3348	Buying I Merchandise Control	
FAMD 3368	Fashion Forecasting	
FAMD 3371	Fashion Merchandising Management	
FAMD 3375	Fashion Brand Management	
FAMD 4329	Global Issues in Fashion	
FAMD 4348	Buying II: Planning & Allocation	
FAMD 4359	Fashion Innovation and Creativity	
Total Hours		18

¹ Nine hours of the Prescribed Electives must be at the 3000-4000 level.

Minor in Human Nutrition

The Human Nutrition minor provides SHSU students who are majoring in Kinesiology, Public Health, Nursing, Psychology, Biology, and other programs with learning opportunities and skills for the nutrition care process, human nutrition, and food science.

Code	Title	Hours
Minor in Human Nutrition		
Required Courses		
FSCN 1441	Food Preparation And Selection	4
FSCN 2362	Nutrition	3
Prescribed Electives		
Select three courses from the following: ¹		9-10
FSCN 3329	Nutrition through the Lifespan	
FSCN 3339	Community Nutrition	
FSCN 3367	Food Science	
FSCN 3370	Nutritional Pathways	
FSCN 3445	Quantity Food Purchasing, Preparation, & Service	
FSCN 4372	Nutrition Counseling and Education	
FSCN 4373	Cultural Food Practices	
Total Hours		16-17

¹ Six hours of advanced electives are required.

Minor in Interior Design

The Minor in Interior Design offers the foundations for and an introduction to practical skills in architectural drawing, theory of design, history of furnishings and interiors, and space planning with consideration to how people occupy and inhabit space, movement, and quality of life.

Code	Title	Hours
Minor in Interior Design		
Required Courses		
INDS 1140	Introduction to Interior Design	1
INDS 1360	Applied Design Theory	3
INDS 2364	Materials and Sources	3
INDS 2386	Space Planning Fundamentals	3
INDS 2387	Architectural Graphics for Interiors	3
INDS 3361	History of Furnishings II	3
INDS 3377	Interior Codes & Standards	3
Prescribed Electives		
Select one course from the following:		3
INDS 2361	History of Furnishings I	
INDS 2365	Digital Drawing for Interior Design	
INDS 2388	Building Systems for Interiors	
Total Hours		22

Notes

Students who complete a Bachelor's degree (B.A. or B.S.) in Interior Design are not eligible for the minor.

Students who choose to move from the Interior Design minor to the Interior Design major must have earned a "C" in all ARTS, ETCM, and INDS coursework; have a minimum 2.5 GPA; and have passed the required sophomore portfolio review.

Department of Kinesiology

Chair: Dr. Jennifer J. Didier (<https://www.shsu.edu/academics/health-sciences/kinesiology/kinesiology-faculty-pages/jennifer-didier.html>), 936-294-1398

Website: Department of Kinesiology (<http://www.shsu.edu/academics/health-sciences/kinesiology/>)

Mission

The mission of the Department of Kinesiology is to advance students' understanding of relationships among movement, exercise, and skill that occur in the contexts of development, learning, rehabilitation, production, and training. The Kinesiology programs seek to prepare future professionals for movement-related fields such as athletic training, physical education teaching, sport coaching, sport management, athletic performance coaches, fitness trainers, researchers, medical and equipment sales specific to exercise science, and other careers in the fitness and wellness industries and allied health. Learning occurs through the study of movement, exercise processes, and/or sport industry settings within a framework that emphasizes the clinical and practical implications of theory and research.

Highlights

- Nationally recognized (CAEP-SHAPE America) teacher certification double major program with the Sport Coaching Certification embedded into the degree program.
- Nationally Accredited (CAATE) Masters of Athletic Training 3+2 program allows students to earn two degrees in 5 years (Pursue the BS in Kinesiology - Clinical Exercise Science if interested in this option).
- *Newly added* Minor in Sport Coaching
- Outstanding faculty with experience working in their respective fields related to their academic expertise
- The Department of Kinesiology is now located on the first floor of the Lee Drain Building and has 4 new research labs and 2 teaching labs.
- The research labs include the:
 - Motor Behavior/Biomechanics Lab,
 - Sport and Human Performance Lab,
 - Muscle Physiology/Exercise Biochemistry Lab, and
 - Strength Training Lab.
- The teaching labs include the:
 - Exercise Science Teaching Lab which is adjacent to a Wellness Center and seats 24 students with access to bikes, treadmills, plyometrics equipment, etc...
 - Athletic Training Teaching and Research lab which includes a simulation room, large teaching spaces for hands-on learning, exam prep rooms, a wet area, and more.
- Courses in the KINE department include:
 - Excellent field-based opportunities through community-engaged courses and internships.
 - Wide variety of laboratory and practical experiences.
 - Extensive professional networks in many different sub-fields in Kinesiology.
 - Online courses are available for many of the courses.
 - Quality instructors, many of whom have been awarded for their teaching excellence.
 - Outstanding faculty and staff with extensive experience in their professional fields.

Suggested Minors and Elective Blocks

- Students in the KINE/EDUC double major will automatically earn the Sport Coaching Certification upon completion of the degree.
- BS in Kinesiology students who choose the minor in Sport Coaching will work with their advisor or faculty mentor with their electives to ensure they meet the 120 credit hour requirement for the degree.
- BS in Kinesiology students can choose any content area for a minor (except for KINE).
- Clinical Exercise Science and Human Performance and Wellness Management majors do not have to choose a minor, but can if they are interested in one.
- Elective Hours are in place to allow students to take the courses necessary to meet necessary prerequisites for future schooling or career goals. Work with your career mentor and professors to select the correct electives.
 - Clinical Exercise Science students interested in Physical Therapy are recommended to take PHYS 1302, PHYS 1102, and PSYC 3374 and may need 1-3 hours of medical terminology.
 - Clinical Exercise Science students interested in Occupational Therapy are recommended to take SOCI 1301, PSYC 3331 PSYC 3374, and PSYC 3333 may need 1-3 hours of medical terminology.
 - Applied Exercise Science students interested in Occupational Therapy are recommended to take SOCI 1301, PSYC 3331 PSYC 3374 and PSYC 3333 may need 1-3 hours of medical terminology.

- Human Performance and Wellness Management students interested in Occupational Therapy are recommended to take SOCI 1301, PSYC 3331 PSYC 3374 and PSYC 3333 may need 1-3 hours of medical terminology

Program Specific Requirements

1. Those seeking Teacher Certification must have a minimum GPA of 2.75 (includes transfer and SHSU hours) and must earn a "C" or better in their Kinesiology and Education courses. Additionally, the degree program is now an Education/Kinesiology double major. Please, visit BS in Education and Kinesiology to learn more about the program.
2. All Kinesiology majors must earn a "C" or better in their ATTR, KINE, and SPMT courses.
3. Sam Houston State University offers three paths for students seeking entrance into the Master of Science in Athletic Training program (<http://www.shsu.edu/academics/health-sciences/kinesiology/graduate/athletic-training.html>):

If you are currently enrolled at SHSU in either the BS in Kinesiology with Concentration in Clinical Exercise Science (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/health-sciences/kinesiology/bs-kinesiology-and-msat-athletic-training/#text>) or BS in Health Sciences (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/health-sciences/population-health/bs-health-sciences-and-msat-athletic-training/>) program, you are eligible to apply to the MSAT upon completion of the prescribed 95-96 credit hours on the associated 3+2 MSAT degree plan:

In the 3+2 degree options, students must apply to the graduate MSAT program (<https://www.shsu.edu/academics/health-sciences/>) and be accepted to the MSAT program to complete the dual degree. Students who are not accepted to the MSAT should complete the associated BS degree. Students who complete the MSAT 3+2 dual degrees are awarded both the BS and MSAT degrees upon completion of the 3+2 degree requirements. Applications can be submitted once the prescribed courses and application requirements are completed.

Curriculum

The curriculum integrates the physiological, biomechanical, and psycho-social bases of movement. Students develop their own movement skills, which transition into a focus on movement analysis, physiological function, and skill assessment. Students gain greater depth as they consider problems related to exercise, fitness, and motor skill development within the context of lifestyle and physical activity (i.e. play, games, sport, and other forms of human motor behavior). Students finish the program with strong theoretical and problem-solving skills based on a comprehensive knowledge of movement and exercise science. It is expected that graduates will be able to apply their knowledge and skills to a wide variety of movement-related problems and career possibilities.

- Bachelor of Science, Major in Human Performance and Wellness Management
- Bachelor of Science, Major in Kinesiology
- Bachelor of Science, Double Major in Education and Kinesiology
- Bachelor of Science, Major in Kinesiology (Clinical Exercise Science) (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/health-sciences/kinesiology/bs-kinesiology-clinical-exercise-science/>)
- Bachelor of Science, Major in Kinesiology (Clinical Exercise Science), 3+2 MSAT
- Undergraduate Certificate in Sport Coaching
- Minor in Kinesiology
- Minor in Sport Coaching

Career Opportunities

- Corporate fitness specialist
- Commercial fitness specialist
- Hospital-based wellness coordinator
- Allied health pre-professional programs for graduate school in Chiropractic, Occupational Therapy (masters level degree), Physical Therapy (doctoral level degree), and many other allied health and exercise science-related areas
- Cardiac rehabilitation specialist
- Physical therapy assistance and chiropractic assistant
- Recreational specialists in camps, communities, and YMCA's
- Personal trainer - with completed certification
- All levels Physical Education Teacher Education Certification - as an Education/Kinesiology double major
- Athletic trainer (with successful completion of the MSAT degree)
- Aids to chiropractors, occupational therapists, and physical therapists
- Collegiate, community, and/or professional sport industry professionals
- Event management, marketing, and sales positions with professional sport franchises

- Event management and marketing within college athletics
- Program management, marketing, community relations, and event management with community sport organizations

Student Organizations

KHRASH — Kinesiology, Health, & Recreation of Sam Houston (<https://shsu.campuslabs.com/engage/organization/khrash/>) — Serves to promote opportunities for networking with professionals in sought-after careers in Kinesiology and Health; open to all SHSU students.

ATSO - Athletic Training Student Organization (<https://shsu.campuslabs.com/engage/organization/1876/>) — Serves to further the education and professional development of Pre-professional and Professional Master in Athletic Training students interested in the field of Athletic Training.

RESTORE - Pre-Physical Therapy and Pre-Occupational Therapy student organization to help you prepare for the best application as you progress through your undergraduate degree.

Internships

Students completing the Clinical Exercise Science and Human Performance and Wellness Management degree plans complete a 6-credit (KINE 4394 and KINE 4395), 400-contact hour internship at a site(s) that is aligned with their career aspirations under the instruction and supervision of a qualified and experienced professional in the field.

Scholarships

College of Health Sciences

- Cady/Huskey-Health Scholarship: \$2,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- COHS Bridge Scholarship: \$2,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Crowley/Gilbert Family Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- William (Al) and Elizabeth Rampmeier Endowed Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)

Department of Kinesiology

- Betty Alexander Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- H O Crawford Scholarship or H.O. "Molly" Crawford Memorial Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Joe and Mary Kirk Endowed Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Margaret Powell Scholarship Award: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Robert L. Case Health & Kinesiology Wellness Endowed Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Sam Houston Athletic Training Alumni & Friends Scholarship: \$1,500 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- Robert J. Wagner Scholarship: \$1,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)

Please, visit SHSU Scholarships (<https://www.shsu.edu/dept/financial-aid/scholarships/>) for more information on available scholarships for Kinesiology students.

Bachelor of Science, Major in Human Performance and Wellness Management

The BS in Human Performance and Wellness Management (HPWM) prepares students for a career in corporate, private, and commercial fitness. Future job prospects include wellness coordinator, personal trainer, strength and conditioning specialist, and other fitness specializations.

This degree is focused on applied settings where you will be working with the general population, such as at a performance center, commercial gym, or recreational facility.

This degree will also allow completion of prerequisites for entry into an occupational therapy masters program if the suggested elective block (PSYC 3331, PSYC 3333, PSYC 3374) is taken, and you may also need a medical terminology course of 1-3 hours.

For students interested in Strength and Conditioning, owning their own fitness business, or interested in the marketing and management of fitness and wellness should focus their electives on those classes. A minor is not required for this degree, but is allowed (additional coursework may be needed).

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-science-in-human-performance-and-wellness-management/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

¹ Satisfies Core Curriculum requirement for Component Area II (Mathematics).

² Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science) and should be taken in your first few semesters. You must earn a C or better.

³ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

⁴ Satisfies three semester credit hours of the Core Curriculum requirement for Component Area IX (Component Area Option).

⁵ Satisfies one semester credit hour of the of Core Curriculum requirement for Component Area IX (Component Area Option).

⁶ BIOL 2401 and BIOL 2402 may be used as transfer courses for this requirement; please see a SAM Center advisor for more details.

⁷ FSCN 1367 may be used as a transfer course for this requirement; please see a SAM Center advisor for more details. FSCN 2362 requires 3 credit hours of BIOL/CHEM and 6 credit hours of MATH.

⁸ KINE 1331 should be taken as a freshman or during first semester. This course is a prerequisite for all upper-level KINE courses. Transfer students can co-enroll in KINE 1331 and upper-level courses with permission. Students interested in the graduate degree in Athletic Training (MSAT) can take ATTR 2300 in place of KINE 1331.

⁹ Will accept MATH 3379 OR STAT 3379 if transferred in from another institution or major.

¹⁰ Students must enroll in KINE 4394 and KINE 4395 for a total of 6 semester credit hours related to the internship. These courses may be taken in sequence across two semesters, or be completed all in one semester. Each class will require 200 hours at an approved internship site.

¹¹ MKTG 3310 has a prerequisite of 50 hours.

MKTG 3310 is a prerequisite for MKTG 3320, MKTG 3370 AND MKTG 3328.

MGMT 3310 is a prerequisite for MGMT 3325, MGMT 3327, AND MGMT 3330.

¹² **Electives should match your professional preparation**, such as Occupational Therapy recommended courses, which include PSYC 3331, PSYC 3333, and PSYC 3374. Additionally, you may need a medical terminology course of 1-3 hours. Other suggested electives include: ATTR 4369 & KINE 4369, or upper level courses in BUAD, MKTG, or MGMT. KINE 4117 and KINE 4392 can be taken for students wanting to gain research experience. All but 3 hours of electives will be upper level (3000 or 4000 level) courses in ATTR, BUAD, HLTH, KINE, MGMT, MKTG, PSYC, or SPMT.

¹³ A minor is **not required** for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

¹⁴ The following minor cannot be paired with this degree program: Minor in Kinesiology.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

All ATTR/KINE majors and/or minors must earn a "C" or better for all ATTR, KINE, and/or SPMT courses.

KINE 1331¹ is a prerequisite for upper-level KINE courses and should be taken as a freshman or during the first semester as a transfer.

¹Students interested in ATTR graduate MSAT program can take ATTR 2300 or KINE 1331.

BIOL 2404 requires a grade of "C" or higher in BIOL 2403.

Students must take BIOL 2403 and BIOL 2404 as an 8-hour sequence.

MATH 3379 requires 3 credit hours of college math.

KINE 3364 requires KINE 1331 or ATTR 2300, and 45 + credit hours.

KINE 3373 requires 45 credit hours of coursework completed and prerequisites of BIOL 2403 and BIOL 2404, and KINE 1331 or ATTR 2300.

ATTR 3370 requires prerequisites of BIOL 2403, KINE 1331 or ATTR 2300, and 45+ credit hours.

KINE 3362 requires prerequisites of KINE 1331 or ATTR 2300, and BIOL 2403 and 45+ credit hours.

KINE 4117 and KINE 4392 can be taken for students wanting to gain research experience.

KINE 4373 requires a prerequisite of KINE 3373.

KINE 4377 requires a prerequisite of KINE 3362 and KINE 3373, must earn a "C" or better.

KINE 4362 requires a prerequisite of KINE 3362, PHYS 1305 and PHYS 1105 or PHYS 1301 and PHYS 1101.

KINE 4393 requires a prerequisite of KINE 2114, KINE 2115, ATTR 3370, KINE 3373, KINE 3173, and 75 Credit Hours; students must take KINE 4393 at least one semester prior to their KINE 4394 and KINE 4395 Internship.

KINE 4394 and KINE 4395 require Senior Standing and completion of KINE 4393 and KINE 4377, must earn a "C" or better.

KINE 4314 requires a prerequisite of KINE 2114, KINE 2115, KINE 3362, and KINE 3373.

MKTG 3310 has a prerequisite of 50 hours.

MGMT 3310 requires 45 credit hours of coursework completed.

MKTG 3310 is a prerequisite for MKTG 3320, MKTG 3370, and MKTG 3328.

MGMT 3310 is a prerequisite for MGMT 3325, MGMT 3327, and MGMT 3330.

MKTG 3370	Integrated Marketing Communication and Promotional Strategy	3

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

All ATTR/KINE majors and/or minors must earn a "C" or better for all ATTR, KINE, and/or SPMT courses.

KINE 1331 is a prerequisite for upper-level KINE courses and should be taken as a freshman or during the first semester as a transfer.

Students interested in ATTR graduate MSAT program can take ATTR 2300 or KINE 1331.

BIOL 2404 requires a grade of "C" or higher in BIOL 2403.

Students must take BIOL 2403 and BIOL 2404 as an 8-hour sequence.

MATH 3379 requires 3 credit hours of college math.

KINE 3364 requires KINE 1331 or ATTR 2300, and 45+ credit hours.

KINE 3373 requires 45 credit hours of coursework completed and prerequisites of BIOL 2403 and BIOL 2404, and KINE 1331 or ATTR 2300.

ATTR 3370 requires prerequisites of BIOL 2403, KINE 1331 or ATTR 2300, and 45+ credit hours.

KINE 3362 requires prerequisites of KINE 1331 or ATTR 2300, and BIOL 2403 and 45+ credit hours.

KINE 4117 and KINE 4392 can be taken for students wanting to gain research experience.

KINE 4373 requires a prerequisite of KINE 3373.

KINE 4377 requires a prerequisite of KINE 3362 and KINE 3373, must earn a "C" or better.

KINE 4362 requires a prerequisite of KINE 3362, PHYS 1305 and PHYS 1105 or PHYS 1301 and PHYS 1101.

KINE 4393 requires a prerequisite of KINE 2114, KINE 2115, ATTR 3370, KINE 3373, KINE 3173, and 75 Credit Hours; students must take KINE 4393 at least one semester prior to their KINE 4394 and KINE 4395 Internship.

KINE 4394 and KINE 4395 require Senior Standing and completion of KINE 4393 and KINE 4377, must earn a "C" or better.

KINE 4314 requires a prerequisite of KINE 2114, KINE 2115, KINE 3362, and KINE 3373.

MKTG 3310 has a prerequisite of 50 hours.

MGMT 3310 requires 45 credit hours of coursework completed.

MKTG 3310 is a prerequisite for MKTG 3320, MKTG 3370, and MKTG 3328.

MGMT 3310 is a prerequisite for MGMT 3325, MGMT 3327, and MGMT 3330.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Human Performance and Wellness Management is designed to provide graduates with the following marketable skills:

- Fitness assessment, exercise program design and implementation.
- Fitness and wellness entrepreneurship.
- Determination of strategies for performance enhancement and prevention of injuries.
- Effective communication with a range of audiences in exercise science settings.
- Effective teaching of motor skills in individual and group settings.

Bachelor of Science, Major in Kinesiology

This degree prepares students to enter the field of Kinesiology. Graduates may be employed in work sites, hospitals, recreational facilities, and/or educational environments. Students may also go into graduate school in sport management, sport psychology, and other kinesiology-related advanced masters degrees. This degree requires a minor. Students may select Sport Coaching as their minor.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-science-in-kinesiology/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

¹ Satisfies the Core Curriculum requirement for Component Area II (Mathematics).

² Select one of the following: CHEM 1406 & CHEM 1411 OR PHYS 1305 & PHYS 1105 or PHYS 1301 & PHYS 1101. Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science).

³ Satisfies one hour of the Core Curriculum requirement for Component Area IX (Component Area Option).

⁴ BIOL 2401 and BIOL 2402 may be used as transfer courses for this requirement; please see a SAM Center advisor for more details.

⁵ Will accept MATH 1342, MATH 3379, OR STAT 3379 if transferred in from another institution or major.

⁶ KINE 1331 is a prerequisite for all upper-level KINE classes and must be taken as a freshman. Transfers must take this course their first semester.

⁷ Offered in Fall only; may also be offered in Summer.

⁸ Offered in Spring only; may also be offered in Summer.

⁹ Advanced KINE, ATTR, or SPMT Electives must be 3000-level or 4000-level courses.

¹⁰ If you select the Minor in Sport Coaching, you will need to take KINE electives to meet your 120-hour degree requirement. The following minor cannot be paired with this degree program: Minor in Kinesiology.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Must earn a "C" or better for all ATTR, KINE, and/or SPMT courses.

KINE 1331 should be taken Freshman year, or the first semester as a transfer.

Students must take BIOL 2403 and BIOL 2404 as an 8 hour sequence.

CHEM 1406 is a prerequisite for CHEM 1407.

KINE 3362 requires a prerequisite of KINE 1331 or ATTR 2300, BIOL 2403 and 45 hours.

KINE 3373 requires junior standing and a minimum of 45 hours and KINE 1331 or ATTR 2300, BIOL 2403 and BIOL 2404

KINE 4393 requires KINE 2114, KINE 2115, ATTR 3370, KINE 3373, and KINE 3173; and 75 credit hours.

KINE Activity Courses are 1000 or 2000-level 1-hour courses.

KINE 4117 and KINE 4392 can be taken for students wanting to gain research experience.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-science-in-kinesiology/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Kinesiology is designed to provide graduates with the following marketable skills:

- A broad-based examination of Kinesiology.
- Exercise program design and implementation.
- Fitness assessment.

Bachelor of Science, Major in Kinesiology (Clinical Exercise Science)

This degree track prepares students for a career in Clinical Exercise Science. Future job prospects include cardiac rehabilitation, hospital/clinic-based fitness and wellness facilities, sport-science based performance facilities, and/or research facilities. This degree also prepares students for further Graduate Education in Exercise Science, Sport and Human Performance, and Allied Health Fields (e.g., physical therapy, occupational therapy, prosthetics and orthotics, etc.). A minor is not required for this track, however, electives should be used to fulfill courses related to one's career goals.

Major: Prescribed Electives ¹²		10
Prescribed Electives: Advanced ¹³		3
Minor: Not Required ^{14,15}		
Total Hours		120-121

¹ Satisfies the Core Curriculum requirement for Component Area II (Mathematics).

² Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science).

³ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

⁴ Satisfies Core Curriculum requirement for Component Area IX (Component Area Option).

⁵ KINE 1331 should be taken in your first or second year and is a prerequisite for all upper level KINE courses. Transfer students can co-enroll.

⁶ BIOL 2401 and BIOL 2402 may be used as a transfer course for this requirement; please see a SAM Center advisor for more details.

⁷ Must take 8-hour sequence of BIOL 2403 and BIOL 2404 and BIOL 2404 requires a grade of "C" or better in BIOL 2403.

⁸ PSYC 3401 will add one hour to the degree.

⁹ KINE 3173 and KINE 3373 should be taken in the same semester and are prerequisites for KINE 4377, KINE 4373, and KINE 4393.

¹⁰ Prerequisites for KINE 4375 include KINE 3362 (<http://catalog.shsu.edu/search/?P=KINE%203362>), KINE 3364 (<http://catalog.shsu.edu/search/?P=KINE%203364>), and KINE 3373 (<http://catalog.shsu.edu/search/?P=KINE%203373>).

¹¹ Register for KINE 4394 and KINE 4395 to complete 6 semester credit hours (200 contact hours for each class). These internship classes can be taken in the same semester or two separate semesters. KINE 4393 is a prerequisite and you must have your internship set up for approval to register. Refer to the internship manual and contact the internship coordinator for assistance.

¹² For all Prescribed Electives, students should ensure that the courses meet professional career goals and/or advanced degree prerequisites. Research professional schools of interest and the FAQ sections of PTCAS, OTCAS, and ATCAS based on your goals. Examples of courses that

those interested in the following fields may want to pursue include: (a) Physical Therapy: PHYS 1302, PHYS 1102, PSYC 3374; (b) Occupational Therapy, PSYC 3331, PSYC 3374, & PSYC 3333; (c) PT & OT may also need 1-3 hours of medical terminology. Other suggested electives include: ATTR 4369 & KINE 4369; and KINE 4314. KINE 4117 and KINE 4392 can be taken for students wanting to gain research experience. Major electives can be selected from: ATTR, CHEM, BIOL, HLTH, KINE, PHYS, PSYC & SPMT.

¹³ Three elective hours need to be 3000- and/or 4000-level courses to meet the 42 advanced hour requirement. Major ADVANCED Electives may be selected from ATTR, BIOL, HLTH, KINE, PSYC & SPMT.

¹⁴ A minor is not required for this degree program; however, a student has the option to add a minor. If a minor is added, additional semester credits hours will be required above the degree program's stated total semester credit hours.

¹⁵ The following minor cannot be paired with this degree program: Minor in Kinesiology. The Sport Coaching minor is allowed to be paired with this degree program.

Code	Title	Hours
For students admitted to the Master of Science in Athletic Training (MSAT) 3+2 degree. These courses will be replaced with graduate-level courses in the MSAT program (shown in parentheses).		
ENGL 3330	Introduction to Technical Writing	3
KINE 4375	Kinesiology Research Methods	3
KINE 4393	Adult Fitness Management	3
KINE 4394	Internship	3
KINE 4395	Internship II	3
Major: Prescribed Electives		
HLTH 4395	Special Topics in Health	3
KINE 3363	Assessment in Kinesiology	3
KINE 4117	Practicum	1
KINE 4392	Problems in Kinesiology	3
Total Hours		25

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

All KINE majors and/or minors must earn a "C" or better for all KINE/ATTR courses.

KINE 1331 should be taken as a freshman or sophomore and is a prerequisite for all upper-level KINE courses.

MATH 1316, MATH 1410 or MATH 1420 are prerequisites for PHYS 1301 and PHYS 1101. A grade of "C" or higher is required for courses.

CHEM 1411, with a "C" or higher, is a prerequisite for CHEM 1412.

Students must take BIOL 2403 and BIOL 2404 as an 8-hour sequence and BIOL 2404 requires a grade of "C" or better in BIOL 2403.

ENGL 1301 and ENGL 1302 are prerequisites for ENGL 3330 and satisfy the Core Curriculum requirement for Component Area I (Communications).

ATTR 3370 requires prerequisites of KINE 1331 or ATTR 2300, BIOL 2403, and 45+ hours.

KINE 3362 requires prerequisites of KINE 1331 or ATTR 2300, BIOL 2403, and 45+ hours.

KINE 3364 requires a prerequisite of KINE 1331 or ATTR 2300, and 45+ hours.

KINE 3373 requires prerequisites of KINE 1331 or ATTR 2300, BIOL 2403, and BIOL 2404, and 45+ hours.

MATH 3379 requires 3 hours of college math.

KINE 4117 and KINE 4392 can be taken for students wanting to gain research experience.

KINE 4362 requires prerequisites of KINE 3362, PHYS 1301, and PHYS 1101 and 75+ hours.

KINE 4373 requires prerequisites of KINE 3373 and KINE 3173.

KINE 4375 requires prerequisites of KINE 3364, KINE 3362, KINE 3373, and KINE 3173 .

KINE 4377 requires prerequisites of KINE 3362, KINE 3173, and KINE 3373.

KINE 4393 requires ATTR 3370, KINE 2114, KINE 2115, KINE 3173, and KINE 3373 and 75+ hours.

KINE 4394 and KINE 4395 require KINE 4393 and KINE 4377.

BIOL 4374 requires 8 hours of advanced BIOL and MATH 1314 or MATH 1420.

Prescribed Electives can be selected from ATTR, BIOL, CHEM, HLTH, KINE, PHYS, PSYC, & SPMT. Three elective hours need to be 3000- and/or 4000-level courses to meet the 42 advanced hour requirement.

First Year

Fall	Hours	Spring	Hours
BIOL 2403 ^{1, 2}		4 BIOL 2404 ^{1, 2}	4
ENGL 1301 ³		3 CHEM 1411 ¹	4
KINE 1331 ⁴		3 ENGL 1302 ³	3

KINE 4375 ¹²		3 Prescribed Electives ¹³	4
KINE 4377 ¹¹		3 Prescribed Electives: Advanced ¹⁵	3
KINE 4393 ¹¹		3	
		15	13

Total Hours: 120

¹ Satisfies four semester credit hours of the Core Curriculum requirement for Component Area III (Life and Physical Science).

² BIOL 2401 and BIOL 2402 may be used as a transfer course for this requirement, please, see a SAM Center advisor for more details. Must take eight hour sequence of BIOL 2403 and BIOL 2404.

³ Satisfies Core Curriculum requirement for Component Area I (Communications).

⁴ KINE 1331 should be taken in your first or second year and is a prerequisite for all upper level KINE courses. Transfer students can co-enroll.

⁵ Satisfies the Core Curriculum requirement for Component Area IX (Component Area Option).

⁶ Satisfies Core Curriculum requirement for Component Area II (Mathematics).

⁷ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

- 8 Satisfies Core Curriculum requirement for Component Area VI (U.S. History).
- 9 Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).
- 10 PSYC 3401 will add one hour to the degree.
- 11 KINE 3173 should be taken with KINE 3373. Both classes are prerequisites for KINE 4373, KINE 4377, and KINE 4393.
- 12 Prerequisites for KINE 4375 include KINE 3362, KINE 3364, and KINE 3373.
- 13 For all Prescribed Electives, ensure that they meet professional career goals and/or advanced degree prerequisites. Refer to the schools you plan to apply to for specific prerequisites needed. Athletic Training: ATTR 4369 and KINE 4314 Physical Therapy: PHYS 1302, PHYS 1102, PSYC 3374; Occupational Therapy, PSYC 3331, PSYC 3374, & PSYC 3333; PT & OT may also need 1-3 hours of medical terminology; Suggested Electives: ATTR 4369, KINE 4314 & KINE 4369; KINE 4117 and KINE 4392 can be taken for students wanting to gain research experience. Three of these elective hours need to be advanced hours to meet 42 advanced hour requirement. Major Electives may be selected from ATTR, BIOL, CHEM, HLTH, KINE, PHYS, PSYC, and SPMT.
- 14 Register for KINE 4394 and KINE 4395 to complete 6 semester credit hours. These classes can be taken in the same semester or two separate semesters.
- 15 Three elective hours need to be 3000- and/or 4000-level courses to meet the 42 advanced hour requirement. Major ADVANCED Electives may be selected from ATTR, BIOL, HLTH, KINE, PSYC & SPMT.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

All KINE majors and/or minors must earn a "C" or better for all KINE/ATTR courses.

KINE 1331 should be taken as a freshman or sophomore and is a prerequisite for all upper-level KINE courses.

MATH 1316, MATH 1410 or MATH 1420 are prerequisites for PHYS 1301 and PHYS 1101. A grade of "C" or higher is required for courses.

CHEM 1411, with a "C" or higher, is a prerequisite for CHEM 1412.

Students must take BIOL 2403 and BIOL 2404 as an 8-hour sequence and BIOL 2404 requires a grade of "C" or better in BIOL 2403.

ENGL 1301 and ENGL 1302 are prerequisites for ENGL 3330 and satisfy the Core Curriculum requirement for Component Area I (Communications).

ATTR 3370 requires prerequisites of KINE 1331 or ATTR 2300, BIOL 2403, and 45+ hours.

KINE 3362 requires prerequisites of KINE 1331 or ATTR 2300, BIOL 2403, and 45+ hours.

KINE 3364 requires prerequisite of KINE 1331 or ATTR 2300, and 45+ hours.

KINE 3373 requires prerequisites of KINE 1331 or ATTR 2300, BIOL 2403, and BIOL 2404, and 45+ hours.

MATH 3379 requires 3 hours of college math.

KINE 4117 and KINE 4392 can be taken for students wanting to gain research experience.

KINE 4362 requires prerequisites of KINE 3362, PHYS 1301, and PHYS 1101 and 75+ hours.

KINE 4373 requires prerequisites of KINE 3373 and KINE 3173.

KINE 4375 requires prerequisites of KINE 3364, KINE 3362, KINE 3373, and KINE 3173.

KINE 4377 requires prerequisites of KINE 3362, KINE 3173, and KINE 3373.

KINE 4393 requires ATTR 3370, KINE 2114, KINE 2115, KINE 3173, and KINE 3373 and 75+ hours.

KINE 4394 and KINE 4395 require KINE 4393 and KINE 4377.

BIOL 4374 requires 8 hours of advanced BIOL and MATH 1314 or MATH 1420.

Prescribed Electives can be selected from ATTR, BIOL, CHEM, HLTH, KINE, PHYS, & PSYC. Six to nine elective hours may need to be 3000- and/or 4000-level courses to meet the 42 advanced hour requirement.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Kinesiology (Clinical Exercise Science) is designed to provide graduates with the following marketable skills:

- Exercise assessment and prescription.
- Fitness program design and implementation.
- Critical thinking and decision making related to ethical and professional responsibilities in exercise science.
- Strategies for performance enhancement and prevention of injuries.
- Effective communication with a range of audiences in exercise science settings.

Bachelor of Science, Major in Kinesiology (Clinical Exercise Science): 3+2 MSAT

In the 3+2 degree option, students must apply and be accepted to the **Master of Science in Athletic Training (MSAT)** program to complete the dual degree. Students who are not accepted to the MSAT should complete the associated BS degree. Students who complete the MSAT 3+2 dual degrees are awarded both the BS and MSAT degrees upon completion of the 3+2 degree requirements. Below are the requirements for the BS in Kinesiology with a Concentration in Clinical Exercise Science + MSAT.

Students planning to pursue the 3+2 MSAT option must complete the Graduate Application process and be accepted to the MSAT program. In order to apply to the 3+2 MSAT program students must complete all undergraduate degree plan requirements (minimum of 95 semester credit hours) and all admission requirements.

Students may apply to the program while coursework is in-progress but may not begin the graduate MSAT program until the prescribed 95 undergraduate semester credit hours are completed and the student has been admitted to the MSAT program.

Once a student is accepted to the graduate MSAT program, students are eligible to begin the MSAT program upon completion of all admission requirements. The graduate program will begin in the Summer I semester term each year and will run as a cohort model. **If a student is not accepted, or does not successfully progress through graduate MSAT coursework, then the student will return to the BS in Kinesiology - Clinical Exercise Science (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/health-sciences/kinesiology/bs-kinesiology-clinical-exercise-science/>) to complete their BS degree.**

Accreditation

- *Sam Houston State University is accredited by the Commission on Accreditation of Athletic Training Education (CAATE).*

MSAT Graduate Catalog (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/health-sciences/kinesiology/bs-kinesiology-and-msat-athletic-training/>)

Minor: Not Required¹³**Total Hours** **153-154**

- ¹ MATH 1314 and MATH 1316 satisfy the Core Curriculum requirement for Component Area II (Mathematics).
- ² BIOL 1406, BIOL 2403, BIOL 2404, and CHEM 1411 satisfy Core Curriculum requirement for Component Area III (Life and Physical Science). BIOL 1406, BIOL 2403, BIOL 2404, and CHEM 1411 are required prerequisites for the MSAT program and require a grade of "C" or higher.
- ³ BIOL 1406 is required.
- ⁴ SOCI 2319 is a recommended (not required) prerequisite for the MSAT program and satisfies Core Curriculum requirement for Component Area IV (Language, a Philosophy, and Culture).
- ⁵ PSYC 1301 satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences). PSYC 1301 is a required prerequisite for the MSAT program and requires a grade of "C" or higher.
- ⁶ COMS 1361 and KINE 2115 satisfy Core Curriculum requirement for Component Area IX (Component Area Option).
- ⁷ Must take eight-hour sequence of BIOL 2403 and BIOL 2404, and these courses must be taken early in the degree plan to allow proper sequencing of classes. BIOL 2403 and BIOL 2404 are required prerequisites for the MSAT program and require a grade of "C" or higher.
- ⁸ ATTR 2300 is a recommended (not required) prerequisite for the MSAT program and includes 50 observation clinical hours. KINE 1331 or ATTR 2300 is a prerequisite for ATTR 3370, KINE 3362, KINE 3364, and KINE 3373.
- ⁹ KINE 4362 requires prerequisites of KINE 3362, PHYS 1301, and PHYS 1101 and all are required prerequisites for the MSAT program and require grades of "C" or higher.
- ¹⁰ PSYC 3401 adds one semester credit hour to the degree plan.
- ¹¹ The Prescribed Electives will include courses from ATTR, BIOL, CHEM, HLTH, KINE, PHYS, or PSYC and should be upper level to meet the 42 advanced hour requirement. HLTH 2372, HLTH 3350, HLTH 3360, KINE 4335 are recommended (not required) prerequisites for the MSAT program.
- ¹² Students planning to pursue the 3+2 MSAT option must complete the Graduate Application process and be accepted to the MSAT program. In order to apply to the 3+2 MSAT program students must complete all undergraduate degree plan requirements (minimum of 95 semester credit hours) and all admission requirements. Once a student is accepted to the graduate MSAT program, students are eligible to begin the MSAT program upon completion of all admission requirements. The graduate program will begin in the Summer I semester term each year and will run as a cohort model. Students may apply to the program while coursework is in-progress but may not begin the graduate MSAT program until the 95 semester credit hours are completed.
MSAT Graduate Catalog
BS Kinesiology - Clinical Exercise Science (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/health-sciences/kinesiology/bs-kinesiology-clinical-exercise-science/>)
- ¹³ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours. The following minor cannot be paired with this degree program:
Minor in Kinesiology.

Code	Title	Hours
Undergraduate Course TO Graduate Course Crosswalk		
The courses below are included in the BS in Kinesiology-Clinical Exercise Science degree plan and will be replaced with the following graduate level courses present in the MSAT degree plan:		
ENGL 3330	Introduction to Technical Writing (ATTR 5340 replaces this course)	3
KINE 4375	Kinesiology Research Methods	3
KINE 4393	Adult Fitness Management (ATTR 5330 replaces this course)	3
KINE 4394	Internship (ATTR 5210 replaces this course)	3
KINE 4395	Internship II (ATTR 5220 replaces this course)	3
Major: Prescribed Electives		
HLTH 4395	Special Topics in Health (ATTR 5300 replaces this course)	3
KINE 3363	Assessment in Kinesiology (ATTR 5310 replaces this course)	3
KINE 4117	Practicum (ATTR 5121 replaces this course)	1
KINE 4392	Problems in Kinesiology (ATTR 5313 replaces this course)	3
Total Hours		25

Notes

The MSAT program has a minimum GPA requirement of 3.25 or higher for full regular admission. For more specific MSAT admission requirements, please see the Graduate Catalog page for more information.

Students must earn a 2.0 minimum overall GPA in all coursework to complete the BS in Kinesiology - Clinical Exercise Science degree.

Students must meet a 2.0 minimum overall major GPA in all major coursework to complete the BS in Kinesiology - Clinical Exercise Science degree.

Students must earn a 2.0 minimum SHSU GPA in all coursework to complete the BS in Kinesiology - Clinical Exercise Science degree.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework to complete the BS in Kinesiology - Clinical Exercise Science degree.

Students who are preparing to apply to graduate programs should earn a "C" or better in their coursework. All KINE majors and/or minors must earn a "C" or better for all KINE/ATTR courses and all MSAT prospective students must earn a "C" or better in all pre-requisite courses.

Students must take BIOL 2403 and BIOL 2404 as an 8-hour sequence and this should be taken early in the degree program. A grade of C or higher in BIOL 2403 is required for BIOL 2404.

Students should take ATTR 2300 or KINE 1331 early in their sophomore year to prepare for upper-level KINE and ATTR courses.

ATTR 2300 is recommended for MSAT 3+2 prospective students and includes 50 observation clinical hours.

KINE 1331 or ATTR 2300 is a prerequisite for ATTR 3370, KINE 3362, KINE 3364, and KINE 3373.

MATH 1410 or MATH 1316 or MATH 1420 are prerequisites for PHYS 1301 and PHYS 1101.

CHEM 1411 (<http://catalog.shsu.edu/search/?P=CHEM%201411>), with a "C" or higher, is a prerequisite for CHEM 1412 (<http://catalog.shsu.edu/search/?P=CHEM%201412>).

MATH 3379 (<http://catalog.shsu.edu/search/?P=MATH%203379>) requires 3 hours of college math.

KINE 3362 requires prerequisites of KINE 1331 or ATTR 2300, BIOL 2403, and 45+ hours.

KINE 3364 (<http://catalog.shsu.edu/search/?P=KINE%203364>) requires KINE 1331 or ATTR 2300 and 45+ hours.

ATTR 3370 (<http://catalog.shsu.edu/search/?P=ATTR%203370>) requires prerequisites KINE 1331 or ATTR 2300 and BIOL 2403 (<http://catalog.shsu.edu/search/?P=BIOL%202403>) and 45+ hours.

KINE 3373 (<http://catalog.shsu.edu/search/?P=KINE%203373>) requires prerequisites KINE 1331 or ATTR 2300 and BIOL 2403 (<http://catalog.shsu.edu/search/?P=BIOL%202403>) and BIOL 2404 (<http://catalog.shsu.edu/search/?P=BIOL%202404>) and 45+ hours.

KINE 4314 requires prerequisites of KINE 2114, KINE 2115, and KINE 3373 or KINE 3321.

KINE 4362 requires prerequisites of KINE 3362, PHYS 1301, and PHYS 1101 and all are required prerequisites for the MSAT program and require grades of "C" or higher.

KINE 4373 (<http://catalog.shsu.edu/search/?P=KINE%204373>) requires a prerequisite of KINE 3373 (<http://catalog.shsu.edu/search/?P=KINE%203373>).

KINE 4377 (<http://catalog.shsu.edu/search/?P=KINE%204377>) requires a prerequisite of KINE 3362 (<http://catalog.shsu.edu/search/?P=KINE%203362>), KINE 3173, and KINE 3373 (<http://catalog.shsu.edu/search/?P=KINE%203373>).

BIOL 4374 (<http://catalog.shsu.edu/search/?P=BIOL%204374>) requires 8 hours of advanced BIOL and MATH 1314 (<http://catalog.shsu.edu/search/?P=MATH%201314>) or MATH 1420 (<http://catalog.shsu.edu/search/?P=MATH%201420>).

First Year

Total Hours: 153-154

¹ SOCI 2319 is a recommended (not required) prerequisite for the MSAT program and satisfies Core Curriculum requirement for Component Area IV (Language, a Philosophy, and Culture).

² BIOL 1406, BIOL 2403, BIOL 2404, and CHEM 1411 satisfy Core Curriculum requirement for Component Area III (Life and Physical Science).

³ BIOL 1406, BIOL 2403, BIOL 2404, and CHEM 1411 are required prerequisites for the MSAT program and require a grade of "C" or higher.

⁴ Must take 8 hour sequence of BIOL 2401 and BIOL 2402 or 8 hour sequence of BIOL 2403 and BIOL 2404, and these courses must be taken early in the degree plan to allow proper sequencing of classes.

⁵ Satisfies the Core Curriculum requirement for Component Area I (Communication).

⁶ Satisfies the Core Curriculum requirement for Component Area VI (U.S. History).

⁷ MATH 1314 and MATH 1316 satisfy the Core Curriculum requirement for Component Area II (Mathematics).

⁸ PSYC 1301 satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences). PSYC 1301 is a required prerequisite for the MSAT program and requires a grade of "C" or higher.

⁹ ATTR 2300 is recommended for MSAT 3+2 prospective students and includes 50 observation clinical hours. KINE 1331 or ATTR 2300 is a prerequisite for ATTR 3370, KINE 3362, KINE 3364, and KINE 3373.

¹⁰ BIOL 1406 is required.

¹¹ PSYC 3401 will add one semester credit hour to the degree plan.

¹² COMS 1361 and KINE 2115 satisfy Core Curriculum requirement for Component Area IX (Component Area Option).

¹³ KINE 4362 requires prerequisites of KINE 3362, PHYS 1301, and PHYS 1101 and all are required prerequisites for the MSAT program and require grades of "C" or higher.

- ¹³ Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).
- ¹⁴ The Prescribed Electives will include courses from ATTR, BIOL, CHEM, HLTH, KINE, PHYS, or PSYC and should be upper level to meet the 42 advanced hour requirement. HLTH 2372, HLTH 3350, HLTH 3360, KINE 4335 are recommended (not required) prerequisites for the MSAT program.
- ¹⁵ Students planning to pursue the 3+2 MSAT option must complete the Graduate Application process and be accepted to the MSAT program. In order to apply to the 3+2 MSAT program students must complete all undergraduate degree plan requirements (minimum of 95 semester credit hours) and all admission requirements. Once a student is accepted to the graduate MSAT program, students are eligible to begin the MSAT program upon completion of all admission requirements. The graduate program will begin in the Summer I semester term each year and will run as a cohort model. Students may apply to the program while coursework is in-progress but may not begin the graduate MSAT program until the 95 semester credit hours are completed.
- MSAT Graduate Catalog
 BS Kinesiology - Clinical Exercise Science (<http://catalog.shsu.edu/undergraduate/colleges-academic-departments/health-sciences/kinesiology/bs-kinesiology-clinical-exercise-science/>)

Notes

The MSAT program has a minimum GPA requirement of 3.25 or higher for full regular admission. For more specific MSAT admission requirements, please see the Graduate Catalog page for more information.

Students must earn a 2.0 minimum overall GPA in all coursework to complete the BS in Kinesiology - Clinical Exercise Science degree.

Students must meet a 2.0 minimum overall major GPA in all major coursework to complete the BS in Kinesiology - Clinical Exercise Science degree.

Students must earn a 2.0 minimum SHSU GPA in all coursework to complete the BS in Kinesiology - Clinical Exercise Science degree.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework to complete the BS in Kinesiology - Clinical Exercise Science degree.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in Kinesiology.

Students who are preparing to apply to graduate programs should earn a "C" or better in their coursework. All KINE majors and/or minors must earn a "C" or better for all KINE/ATTR courses and all MSAT prospective students must earn a "C" or better in all pre-requisite courses.

Students should take ATTR 2300 or KINE 1331 early in their sophomore year to prepare for upper-level KINE and ATTR courses.

ATTR 2300 is recommended for MSAT 3+2 prospective students and includes 50 observation clinical hours. KINE 1331 or ATTR 2300 is a prerequisite for ATTR 3370, KINE 3362, KINE 3364, and KINE 3373.

Students must take BIOL 2403 and BIOL 2404 as an 8-hour sequence and this should be taken early in the degree program.

MATH 1410 (<http://catalog.shsu.edu/search/?P=MATH%201410>) or MATH 1316 (<http://catalog.shsu.edu/search/?P=MATH%201316>) or MATH 1420 (<http://catalog.shsu.edu/search/?P=MATH%201420>) are prerequisites for PHYS 1301 (<http://catalog.shsu.edu/search/?P=PHYS%201301>) and PHYS 1101 (<http://catalog.shsu.edu/search/?P=PHYS%201101>). A grade of "C" or higher is required for courses.

CHEM 1411 (<http://catalog.shsu.edu/search/?P=CHEM%201411>), with a "C" or higher, is a prerequisite for CHEM 1412 (<http://catalog.shsu.edu/search/?P=CHEM%201412>).

MATH 3379 (<http://catalog.shsu.edu/search/?P=MATH%203379>) requires 3 hours of college math.

BIOL 4374 (<http://catalog.shsu.edu/search/?P=BIOL%204374>) requires 8 hours of advanced BIOL and MATH 1314 (<http://catalog.shsu.edu/search/?P=MATH%201314>) or MATH 1420 (<http://catalog.shsu.edu/search/?P=MATH%201420>).

ATTR 3370 (<http://catalog.shsu.edu/search/?P=ATTR%203370>) requires prerequisites of KINE 1331 or ATTR 2300, BIOL 2403 (<http://catalog.shsu.edu/search/?P=BIOL%202403>) and 45+ hours.

KINE 3373 (<http://catalog.shsu.edu/search/?P=KINE%203373>) requires a prerequisites of KINE 1331 or ATTR 2300, BIOL 2403 (<http://catalog.shsu.edu/search/?P=BIOL%202403>) and BIOL 2404 (<http://catalog.shsu.edu/search/?P=BIOL%202404>) and 45 hours.

KINE 336 (<http://catalog.shsu.edu/search/?P=KINE%203364>)2 requires prerequisites of KINE 1331 or ATTR 2300, BIOL 2403, and 45+ hours.

KINE 3364 (<http://catalog.shsu.edu/search/?P=KINE%203364>) requires prerequisites of KINE 1331 or ATTR 2300, and 45+ hours.

KINE 4314 requires prerequisites of KINE 2114 and KINE 3373.

KINE 4362 (<http://catalog.shsu.edu/search/?P=KINE%204362>) requires a prerequisite of KINE 3362 (<http://catalog.shsu.edu/search/?P=KINE%203362>), PHYS 1301 (<http://catalog.shsu.edu/search/?P=PHYS%201301>) and PHYS 1101 (<http://catalog.shsu.edu/search/?P=PHYS%201101>).

KINE 4377 (<http://catalog.shsu.edu/search/?P=KINE%204377>) requires a prerequisite of KINE 3362 (<http://catalog.shsu.edu/search/?P=KINE%203362>) and KINE 3373 (<http://catalog.shsu.edu/search/?P=KINE%203373>).

KINE 4373 (<http://catalog.shsu.edu/search/?P=KINE%204373>) requires a prerequisite of KINE 3373 (<http://catalog.shsu.edu/search/?P=KINE%203373>).

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's 60x30TX plan and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Kinesiology (Clinical Exercise Science): 3+2 MSAT option is designed to provide graduates with the following marketable skills:

- Exercise assessment and prescription.
- Fitness program design and implementation.
- Critical thinking and decision making related to ethical and professional responsibilities in exercise science.
- Strategies for performance enhancement and prevention of injuries.
- Effective communication with a range of audiences in exercise science settings.
- Communicate and collaborate with other healthcare professions.
- Promote healthy lifestyle behaviors to minimize the risk of injury and illness.
- Implement systematic, evidence-based examinations and assessments to determine best care for active patient populations.
- Utilize best practices in immediate and emergency care situations.
- Apply therapeutic interventions, including therapeutic modalities, manual therapies, and therapeutic exercise.
- Integrate best practices of policy development, documentation practices, and basic business practices to promote optimal patient care.

Undergraduate Certificate in Sport Coaching

The Undergraduate Certificate in Sport Coaching will provide foundational knowledge for students who are Kinesiology and Education Double Majors or any education double majors who intend to become teachers and coaches in the K-12 setting. This certificate can also be selected by students who intend to coach at the collegiate level or outside of the K-12 setting. Further, the certificate program will allow current coaches or individuals who are post-baccalaureate to receive formal coach education.

A student may only enroll in and be awarded either the Undergraduate Certificate in Sport Coaching or the Minor in Sport Coaching but not both.

Code	Title	Hours
Undergraduate Certificate in Sport Coaching		
Required Courses		
ATTR 3370	Prevention & Care of Injuries ¹	3
KINE 3320	Foundations of Sport Coaching	3
KINE 3321	Applied Kinesiology	3
KINE 3372	Sport Skills Analysis	3
KINE 4335	Sport and Exercise Psychology	3
Prescribed Electives		
Select four from the following: ²		4
KINE 3100	Fundamentals of Basketball Coaching	
KINE 3101	Fundamentals of Volleyball Coaching	
KINE 3102	Fundamentals of Football Coaching	
KINE 3103	Fundamentals of Track & Field/Cross Country Coaching	
KINE 3104	Fundamentals of Baseball and Softball Coaching	
KINE 3105	Fundamentals of Soccer Coaching	
Total Hours		19

¹ BIOL 2403 is a prerequisite for this course. Please consider taking this as one of your sciences. Reach out to the professor with any questions.

² Each of the *Fundamentals of* courses are five-week, online courses.

A student may only enroll in and be awarded either the Undergraduate Certificate in Sport Coaching or the Minor in Sport Coaching but not both.

The undergraduate certificate will follow the same admission requirements as SHSU and allow for students who are post-baccalaureate.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Undergraduate Certificate in Sport Coaching is designed to provide graduates with the following marketable skills:

- Develop and implement a clear coaching philosophy through KINE 3320 - Foundations of Sport Coaching.
- Identify age-appropriate developmental practices in multiple sport settings. Students will hear from multiple current elite coaches in their prescribed electives describing their own age-appropriate practices. Students will then create a season and lesson plan for specific age groups in each Fundamentals of Sport Coaching course (i.e., KINE 3100 – KINE 3105).
- Demonstrate the ability to apply kinetic principles in multiple sport settings through their season planning as well as task analysis knowledge gained in both KINE 3372 – Sport Skill Analysis and KINE 3321 – Applied Kinesiology.
- Apply coaching theory to all aspects of the coaching profession including interpersonal and intrapersonal skills. Students will develop their own leadership style, coaching style, and learn coaching theory and ethical decision making in KINE 3320 – Foundations of Sport Coaching as well as in KINE 4335 – Sport and Exercise Psychology.

Minor in Kinesiology

Students seeking a Minor in Kinesiology are required to complete the following coursework.

Code	Title	Hours
Minor in Kinesiology		
Required Courses		
KINE 1331	Foundations of Kinesiology ¹	3
KINE 2114	Weight Training and Physical Conditioning	1
KINE 2115	Lifetime Health and Wellness ²	1
KINE 3362	Functional Kinesiology ^{1,3}	3
KINE 3364	Motor Learning ¹	3
KINE 3373	Physiology of Exercise ^{1,3,4}	3
Prescribed Electives		
Choose 6 hours advanced ATTR/KINE/SPMT 3000 or 4000 level ¹		6
Select one of the following:		1
KINE 1110	Racquet Sports (tennis/badminton)	
KINE 1113	Basketball and Soccer	
KINE 1114	Rhythmic Activities & Dance	
KINE 1115	Track & Field	
KINE 1117	Lifetime Physical Activities	
KINE 1120	Martial Arts	
KINE 2111	Golf & Recreational Activities	
KINE 2113	Softball and Volleyball	
KINE 2119	Kinesiology Activities	
KINE 2110	Scuba/Diving	
KINE 4117	Practicum ⁵	
Total Hours		21

¹ KINE 1331 is a prerequisite for all upper-level KINE/ATTR/SPMT courses.

² Satisfies one hour in Core Curriculum requirement for Component Area IX (Component Area Option)

³ BIOL 2403 is a prerequisite for this course. Please consider taking this as one of your sciences. Reach out to the professor with any questions.

⁴ BIOL 2403 and BIOL 2404 are prerequisites for this course. Please consider taking these as your sciences. Reach out to the professor with any questions.

⁵ KINE 4117 is a research-based experience course, and you must have a professor willing to work with you on a project.

Notes

Must earn a "C" or better for all ATTR, KINE, and SPMT courses.

KINE 1331 is recommended to be taken during the Freshman or Sophomore year and is a prerequisite for all upper-level KINE courses.

KINE 3362 has prerequisites of KINE 1331 and BIOL 2403 and 45 hours.

KINE 3364 has prerequisites of KINE 1331 and requires 45 hours.

KINE 3373 has prerequisites of KINE 1331, BIOL 2403, BIOL 2404, and 45 hours.

KINE 4117 requires departmental approval.

Minor in Sport Coaching

The Minor in Sport Coaching minor meets the needs of those interested in becoming coaches in professional, recreational, youth, and academic settings. The Minor in Sport Coaching provides foundational knowledge for students who are Kinesiology and Education Double Majors as well as any Education double majors who intend to become teachers and coaches in the K-12 setting. The Minor in Sport Coaching may also be of interest to students who intend to coach at the collegiate level or outside of the K-12 setting. This minor can be paired with any degree including a major in Kinesiology.

A student may only enroll in and be awarded either the Undergraduate Certificate in Sport Coaching or the Minor in Sport Coaching but not both.

Code	Title	Hours
Minor in Sport Coaching		
Required Courses		
ATTR 3370	Prevention & Care of Injuries ¹	3

Notes

A student may only enroll in and be awarded either the Undergraduate Certificate in Sport Coaching or the Minor in Sport Coaching but not both.

Department of Public Health

Chair: Ray G. Newman, PhD, (rgn006@shsu.edu) (936) 294-3454

Assistant Chairs: Amanda Scarbrough, PhD. (aes060@shsu.edu) (936) 294-1168

Daphne Fulton, PhD. (dsf005@shsu.edu) (936) 294-2668

Website: Department of Public Health (http://www.shsu.edu/academics/health-sciences/health/index_new.html)

Mission

The mission of the Department of Public Health is to foster student-centered learning for early and advanced health professionals; to conduct applied, evidence-based research in population health; and to improve health and well-being through community engagement at the local, state, and global levels.

Highlights

- Nationally-recognized degree programs
- Student health science honorary affiliation-Eta Sigma Gamma
- Career focused program content, activities, and internships
- Diverse student population of various cultural and ethnic backgrounds
- Student-centered faculty and staff
- Graduates are prepared for successful entry into the workforce

Majors where a Health minor is an option

- Business
- Communication
- Criminal Justice
- Marketing
- Education
- Kinesiology
- Psychology
- Sociology

Note: The Health minor is not an option for any majors in the Department of Public Health

Degree Programs

- Bachelor of Arts, Major in Bilingual Health Care Studies; Minor in Foreign Language
- Bachelor of Science, Major in Health Care Administration
- Bachelor of Science, Major in Health Sciences
- Bachelor of Science, Major in Health Sciences: 3+2 MSAT Option
- Bachelor of Science, Major in Public Health
- Bachelor of Science, Major in Public Health: 4+1 MPH Option
- Minor in Health

Career Opportunities

- Public and private hospitals and clinics
- Public health education and operations
- Epidemiological research and practice
- Disaster response and preparedness
- International health outreach organizations
- Environmental health field stations and research
- City, county, and state health departments
- Corporate health promotion programs
- Community, medical, and public health navigators
- Federal, state, and local health agencies
- School, community college, and university settings

- Voluntary health agencies and foundations
- Correctional health care operations
- Retirement, assisted living, and skilled nursing facilities

Student Organizations

Eta Sigma Gamma - National Health Science Honorary Society - requires a 3.0 GPA in Health and an overall 2.5 GPA; focus is research, service, and education; volunteer hours required.

Internships

Students majoring in health are required to conduct a 200 hour (3 academic credits) or 400 hour (6 academic credits) professional internship. The internship is conducted during the final semester of coursework, and the setting is approved by the degree program coordinator. Internships may be conducted in the following areas of population health: public health services; health care administration; health sciences; medical services; environmental, community, or school health settings; behavioral health research; governmental and voluntary health organizations; international health agencies; and epidemiological research settings. The instruction and supervision of the internship is facilitated by a professional in the field of Population Health.

HLTH 4394	Internship Program ⁹	3
Major: Prescribed Electives		
BCHS Electives		
Select 13 hours of the following:		13
COUN 3331	Introduction to Principles Of Counseling	
HLTH 3360	Epidemiology ¹⁰	
HLTH 3390	Family Life & Sex Education	
HLTH 4117	Practicum	
HLTH 4366	Health Informatics	
HLTH 4395	Special Topics in Health	
PHIL 4371	Death and Dying	
Advanced courses in COUN, FACS, PHIL, PHYS or SOCI		6
Minor: Required (Foreign Language) ¹¹		

Students will take a minimum of 23 hours in Spanish, Arabic - Middle Eastern Studies, French, or German, and must include six hours of the advanced coursework in residence⁵23

Total Hours120

- 1

Course satisfies Core Curriculum requirement for Component Area III (Life and Physical Science).
- 2

Course satisfies Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture).
- 3

Course satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).
- 4

Course satisfies Core Curriculum requirement for Component Area IX (Component Area Option).
- 5

Satisfies 3 semester credit hours of Core Curriculum requirement for Component Area IX (Component Area Option). Options include ARAB 2311, FREN 2311, GERM 2311, SGNL 2311, and SPAN 2311.
- 6

BIOL 2401 may be used as a transfer course for this requirement; please see SAM Center advisor for more details.
- 7

FSCN 1367 may be used as a transfer course for this requirement; please see SAM Center advisor for more details.
- 8

HLTH 4393 requires a prerequisite of the completion of 12 hours of HLTH course work.
- 9

Students must earn a grade of "C" or better in HLTH 4393 and HLTH 4394.
- 10

MATH 1342 or MATH 1370 or MATH 3379 serve as a prerequisite for this course.
- 11

All minors are excluded from pairing with this degree program with the exception of a Foreign Language minor.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

HLTH 4365 requires a prerequisite of HLTH 1360, HLTH 2391 and Junior Standing.

HLTH 3350 and HLTH 3355 require a prerequisite of HLTH 1360, HLTH 2391 and 55 completed hours of coursework.

HLTH 4366 requires a prerequisite of HLTH 1360, HLTH 2391, and HLTH 3350.

HLTH 4394 requires a prerequisite of HLTH 1360, HLTH 2391, and HLTH 4393 with a "C" or better.

Students must earn a grade of "C" or better in HLTH 4393 and HLTH 4394.

HLTH 3360 requires a prerequisite of (a) HLTH 1360, (b) HLTH 2391 and (c) either MATH 1342, MATH 1370, MATH 3379, or STAT 3379.

HLTH 4393 requires a prerequisite of HLTH 1360, HLTH 2391, and 12 completed hours of of HLTH coursework.

HLTH 3392, HLTH 4117, HLTH 4371, and HLTH 4395 require HLTH 1360 and HLTH 2391 as course prerequisites.

Key Competency Areas

- Assessing individual and community needs.
- Planning effective public health programs.
- Implementing public health programs.
- Evaluating the effectiveness of public health programs.
- Coordinating the provision of public health education and services.
- Acting as a resource person.
- Communication of public health and public health education needs.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

HLTH 4365 requires a prerequisite of HLTH 1360, HLTH 2391 and Junior Standing.

HLTH 3350 and HLTH 3355 require a prerequisite of HLTH 1360, HLTH 2391 and 55 completed hours of coursework.

HLTH 4366 requires a prerequisite of HLTH 1360, HLTH 2391, and HLTH 3350.

HLTH 4394 requires a prerequisite of HLTH 1360, HLTH 2391, and HLTH 4393 with a "C" or better.

Students must earn a grade of "C" or better in HLTH 4393 and HLTH 4394.

HLTH 3360 requires a prerequisite of (a) HLTH 1360, (b) HLTH 2391 and (c) either MATH 1342, MATH 1370, MATH 3379, or STAT 3379.

HLTH 4393 requires a prerequisite of HLTH 1360, HLTH 2391, and 12 completed hours of of HLTH coursework.

HLTH 3392, HLTH 4117, HLTH 4371, and HLTH 4395 require HLTH 1360 and HLTH 2391 as course prerequisites.

All minors are excluded from pairing with this degree program with the exception of a Foreign Language minor.

To satisfy the Core Curriculum requirement for Component Area IX (Component Area Option), options include ARAB 2311, FREN 2311, GERM 2311, SGNL 2311, and SPAN 2311.

Key Competency Areas

- Assessing individual and community needs.
- Planning effective health education programs.
- Implementing health education programs.
- Evaluating the effectiveness of health education programs.
- Coordinating the provision of health education services.
- Acting as a resource person.
- Communication of health and health education needs.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state’s **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The course content of the BA in Bilingual Health Care Studies Program will prepare students with the following marketable skills.

- Effectively communicate professional health information to patients and clients in need of medical services.
- Conduct health and wellness activities and presentations to in the native language of the participants.
- Develop health programs that include the cultural mores and ethno-medical practices of the target population.
- Serve as a resource person to connect underrepresented populations to social, educational, and medical services in the community, state, and nation.
- Act as culturally competent patient navigator for families and patients receiving medical care in health clinics, hospitals districts, health departments, and hospital systems.
- Conduct health-related needs assessments to under-served populations in communities.
- Develop valid and reliable evaluation strategies to determine the effectiveness of health programs, campaigns, and events.

Bachelor of Science, Major in Health Care Administration

Total Hours**120**

- ¹ Satisfies Core Curriculum requirement for Component Area II (Mathematics).
- ² Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science).
- ³ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).
- ⁴ Satisfies one hour of the Core Curriculum requirement for Component Area IX (Component Area Option).
- ⁵ BIOL 2401 and BIOL 2402 may be used as transfer courses for this requirement; please see a SAM Center advisor for more details.
- ⁶ For 100% online BS in Health Care Administration students, BIOL 1408 will be accepted for this requirement.
- ⁷ FSCN 1367 may be used as a transfer course for this requirement; please see a SAM Center advisor for more details.
- ⁸ HLTH 1360 and HLTH 2391 are prerequisites for the following courses: HLTH 3350, HLTH 3355, HLTH 3360, HLTH 3361, HLTH 4117, HLTH 4365, HLTH 4367, HLTH 4371, HLTH 4375, HLTH 4390, HLTH 4393, and HLTH 4394.
- ⁹ ECON 4350 is only offered during the fall and spring term.
- ¹⁰ For courses HLTH 4393 and HLTH 4394 students must earn a grade of "C" or better.
- ¹¹ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.
- ¹² The following minor cannot be paired with this degree program: Minor in Health.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Degree must have 120 hours with at least 42 advanced hours (3000 and 4000) taken at a four year institution.

Consult current University catalog for questions concerning transfer courses and residency requirements.

Students must earn a grade of "C" or better in HLTH 4393 and HLTH 4394.

ACCT 2301 requires 18 hours of completed course work.

ACCT 2302 requires a prerequisite of ACCT 2301.

BIOL 2402 requires a grade of "C" or better in BIOL 2401 and CHEM 1406.

BIOL 2404 requires a "C" or better in BIOL 2403.

BIOL 2420 requires a minimum grade of "C" in BIOL 2403 and BIOL 2404, and "C" or better in CHEM 1411 or CHEM 1406.

BUAD 3335 requires a prerequisite of ENGL 1302, which satisfies 3 hours of the Core Curriculum requirement for Component Area I (Communications).

FINC 3320 requires the prerequisites of ACCT 2302 and MATH 1324 or equivalent. MATH 1324 satisfies the Core Curriculum requirement for Component Area II (Mathematics).

HLTH 3350, HLTH 3361, and HLTH 4387 requires a prerequisite of HLTH 1360, and HLTH 2391 and requires 55 hours completed.

HLTH 3360 requires the prerequisites of HLTH 1360, and HLTH 2391, and MATH 1342, MATH 1370, MATH 3379 or STAT 3379.

HLTH 3392 requires the prerequisites of HLTH 1360, and HLTH 2391.

HLTH 4365, HLTH 4366, and HLTH 4390 requires the prerequisites of HLTH 1360, and HLTH 2391 and Junior standing.

HLTH 4366 requires a prerequisite of HLTH 1360, and HLTH 2391, and HLTH 3350 and HLTH 3355.

HLTH 4393 requires the prerequisites of HLTH 1360, and HLTH 2391, and requires the completion of 12 hours of completed HLTH course work.

HLTH 4394 requires the prerequisites of HLTH 1360, and HLTH 2391, and HLTH 4393.

MGMT 3310 requires 50 hours of completed course work.

MGMT 3330 requires a prerequisite of MGMT 3310.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-science-in-health-care-administration/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

HLTH 3392 requires the prerequisites of HLTH 1360, and HLTH 2391.

HLTH 4365, HLTH 4366, and HLTH 4390 requires the prerequisites of HLTH 1360, and HLTH 2391 and Junior standing.

HLTH 4366 requires a prerequisite of HLTH 1360, and HLTH 2391, and HLTH 3350 and HLTH 3355.

HLTH 4393 requires the prerequisites of HLTH 1360, and HLTH 2391, and requires the completion of 12 hours of completed HLTH course work.

HLTH 4394 requires the prerequisites of HLTH 1360, and HLTH 2391, and HLTH 4393.

MGMT 3310 requires 50 hours of completed course work.

MGMT 3330 requires a prerequisite of MGMT 3310.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Health Care Administration is designed to provide graduates with the following marketable skills:

- Manage the cost and revenues associated with the efficient operation of healthcare systems.
- Respect the unique characteristics in diversity of patients, customers, employees and vendors associated in a health care operation.
- Apply health care information technology systems to support efficiency in the operation of a public and private health care facility.
- Develop strategic plans for health care systems that integrate ethics and social responsibility into the marketing strategies.
- Demonstrate the ethical responsibility in their professional careers that are identified in the Health Care Executive Code of Ethics.
- Apply the functions, roles, and responsibilities of Health Care Managers.

Bachelor of Science, Major in Health Sciences

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-science-in-health-sciences/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

HLTH 2391	Human Diseases ⁷	3
HLTH 3350	Principles of Public Health ⁷	3
HLTH 3355	United States Health Care Systems ^{7, 8}	3
HLTH 3360	Epidemiology ⁷	3
HLTH 4393	Professional Preparation for Health Careers ^{7,9}	3
HLTH 4394	Internship Program ^{7,9}	3

Major: Prescribed Electives OR Undergraduate Certificate in Communication for Health and Social Care Professionals ¹⁰ **41**

Prescribed Electives ^{11, 12, 13}

From the list below, select 41 hours of Prescribed Electives (21 hours must be 3000 or 4000 level). Students may not count more than 20 credit hours of science and math as electives; the remainder must be from outside science and math.

OR

Undergraduate Certificate in Communications in Health and Social Care Professionals ¹⁴

COMS 3375	Strategic Organizational Communication
COMS 3386	Learning to Listen: A Key Communication Competency
COMS 3391	Interpersonal Health Communication
COMS 3392	Risk Communication
COMS 3393	Environmental Communication
HLTH 3355	United States Health Care Systems ⁸

Prescribed Electives ¹⁴

HLTH 3392	Health Communication and Literacy
-----------	-----------------------------------

AND

23 hours of electives selected from the below Prescribed Electives course list.

Minor: Not Required ^{15,16}

Total Hours **120**

¹ Satisfies Core Curriculum requirement for Component Area II (Mathematics).

² Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science).

³ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

⁴ Satisfies one hour of the Core Curriculum requirement for Component Area IX (Component Area Option).

⁵ BIOL 2401 and BIOL 2402 may be used as transfer courses for this requirement; please see a SAM Center advisor for more details.

⁶ MATH 1342 or MATH 3379 may be used as transfer courses for this requirement; please see a SAM Center advisor for more details.

⁷ HLTH 1360 and HLTH 2391 are prerequisites for the following courses: HLTH 3350, HLTH 3355, HLTH 3360, HLTH 3361, HLTH 4117, HLTH 4365, HLTH 4367, HLTH 4371, HLTH 4375, HLTH 4390, HLTH 4393, and HLTH 4394.

⁸ HLTH 3355 satisfies the requirement for both the Major and the Undergraduate Certificate, if Undergraduate Certificate option is chosen.

⁹ Students must earn a grade of "C" or better in HLTH 4393 and HLTH 4394.

¹⁰ Students may select from the Undergraduate Certificate in Communication for Health and Social Care Professionals + HLTH 3392 and 23 hours of Prescribed Electives OR 41 hours of Prescribed Electives. Please select from the list of Prescribed Electives and consult with your advisor on appropriate course choices. Please note that HLTH 3355 double dips in both the Major: Foundation and Undergraduate Certificate areas.

¹¹ Select 41 hours of track-specific requirements not to exceed 20 combined credit hours of science and math. Must complete 42 credit hours of advanced credit (3000-4000).

¹² Pre-nursing and pre-chiropractic students should take BIOL 2420 or BIOL 3470 Fall of second year.

¹³ Pre-nursing students must take FSCN 2362.

¹⁴ Select 41 hours of track specific requirements **OR** Undergraduate Certificate for Health and Social Care Professionals (18 SCH) + HLTH 3392 and 23 SCH of Prescribed Electives courses, not to exceed 20 combined credit hours of science and math. Must complete 42 credit hours of advanced credit (3000-4000). Please note that HLTH 3355 double dips in both the Major: Foundation and Undergraduate Certificate areas.

¹⁵ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

¹⁶ The following minor cannot be paired with this degree program: Minor in Health.

Code	Title	Hours
Prescribed Electives ¹⁴		
BIOL 1406	General Biology I	4

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

BIOL 2402 requires a grade of "C" or higher in BIOL 2401 and CHEM 1406.

BIOL 2404 requires a "C" or higher in BIOL 2403.

BIOL 3470 requires the prerequisite of BIOL 2411, BIOL 2413, BIOL 2440, CHEM 1412 .

COMS 4386 requires COMS 2386.

ENGL 1301 and ENGL 1302 are prerequisites for ENGL 3330.

HLTH 3350 , HLTH 3355, and HLTH 4387 require prerequisites of HLTH 1360 and HLTH 2391 and 55 credit hours completed.

HLTH 3360 requires a prerequisite of one of the following: HLTH 1360 and HLTH 2391 and MATH 1342, MATH 1370, MATH 3379, or STAT 3379 .

HLTH 4380 and HLTH 4390 requires a prerequisite of HLTH 1360 and HLTH 2391 and Junior Standing.

HLTH 4393 requires a prerequisite of HLTH 1360 and HLTH 2391 and 12 hours of Health.

HLTH 4394 is the required prerequisite of HLTH 1360 and HLTH 2391 and HLTH 4393 with a C or better.

KINE 3362 requires a prerequisite of BIOL 2401 or BIOL 2403 and 60 credit hours.

MATH 1316 or MATH 1410 or MATH 1420 are prerequisites for PHYS 1101 and PHYS 1301. A grade of "C" or higher is required for courses.

KINE 3362 requires Sophomore standing.

HLTH 3361 requires a prerequisite of HLTH 1360 and HLTH 2391 and 55 hours completed.

HLTH 4117 requires a prerequisite of HLTH 1360 and HLTH 2391 and Junior Standing.

HLTH 4365 requires a prerequisite of HLTH 1360 and HLTH 2391.

HLTH 4367 requires a prerequisite of HLTH 1360, HLTH 2391, HLTH 3350, ECON 2301 or ECON 2302 and Senior Standing.

HLTH 4371 requires a prerequisite of HLTH 1360 and HLTH 2391.

HLTH 4375 requires a prerequisite of HLTH 1360, HLTH 2391, and HLTH 3355.

HLTH 4390 requires a prerequisite of HLTH 1360 and HLTH 2391 and Junior Standing.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-science-in-health-sciences/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

BIOL 2402 requires a grade of "C" or higher in BIOL 2401 and CHEM 1406.

BIOL 2404 requires a "C" or higher in BIOL 2403.

BIOL 3470 requires the prerequisite of BIOL 1411, BIOL 1413, BIOL 2440, CHEM 1412 .

COMS 4386 requires COMS 2386.

ENGL 1301 and ENGL 1302 are prerequisites for ENGL 3330.

HLTH 3350, HLTH 3355, and HLTH 4387 require prerequisites of HLTH 1360 and HLTH 2391 and 55 credit hours completed.

HLTH 3360 requires a prerequisite of one of the following: HLTH 1360 and HLTH 2391 and MATH 1342, MATH 1370, MATH 3379, or STAT 3379.

HLTH 4380 and HLTH 4390 requires a prerequisite of HLTH 1360 and HLTH 2391 and Junior Standing.

HLTH 4393 requires a prerequisite of HLTH 1360 and HLTH 2391 and 12 hours of Health.

HLTH 4394 is the required prerequisite of HLTH 1360 and HLTH 2391 and HLTH 4393 with a C or better.

KINE 3362 requires a prerequisite of BIOL 2401 or BIOL 2403 and 60 credit hours.

MATH 1316 or MATH 1410 or MATH 1420 are prerequisites for PHYS 1101 and PHYS 1301. A grade of "C" or higher is required for courses.

KINE 3362 requires Sophomore standing.

HLTH 3361 requires a prerequisite of HLTH 1360 and HLTH 2391 and 55 hours completed.

HLTH 4117 requires a prerequisite of HLTH 1360 and HLTH 2391 and Junior Standing.

HLTH 4365 requires a prerequisite of HLTH 1360 and HLTH 2391.

HLTH 4367 requires a prerequisite of HLTH 1360, HLTH 2391, HLTH 3350, ECON 2301 or ECON 2302 and Senior Standing.

HLTH 4371 requires a prerequisite of HLTH 1360 and HLTH 2391.

HLTH 4375 requires a prerequisite of HLTH 1360, HLTH 2391, and HLTH 3355.

HLTH 4390 requires a prerequisite of HLTH 1360 and HLTH 2391 and Junior Standing.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in Health.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Health Sciences is designed to provide graduates with the following marketable skills:

- Recognize and identify specific health and social needs of diverse populations.
- Make informed decisions relative to the political, economic, social, legal, and ethical issues that influence the health care profession.
- Employ proactive skills and competencies in the areas of preventive health and wellness.

- Analyze data to make good programmatic decisions.
- Synthesize the body systems and their relationship to diseases and disorders as they serve as determinants of health.

Bachelor of Science, Major in Health Sciences: 3+2 MSAT

In the 3+2 degree option, students must apply and be accepted to the **Master of Science in Athletic Training (MSAT)** program to complete the dual degree. Students who are not accepted to the MSAT should complete the associated BS degree. Students who complete the MSAT 3+2 dual degrees are awarded both the BS and MSAT degrees upon completion of the 3+2 degree requirements. Below are the requirements for the BS in Health Sciences: 3+2 MSAT.

Students planning to pursue the 3+2 MSAT option must complete the Graduate Application process and be accepted to the MSAT program. In order to apply to the 3+2 MSAT program students must complete all undergraduate degree plan requirements (minimum of 96 semester credit hours) and all admission requirements.

Students may apply to the program while coursework is in-progress but may not begin the graduate MSAT program until the prescribed 96 undergraduate semester credit hours are completed.

Once a student is accepted to the graduate MSAT program, students are eligible to begin the MSAT program upon completion of all admission requirements. The graduate program will begin in the Summer I semester term each year and will run as a cohort model. **If a student is not accepted, or does not successfully progress through graduate MSAT coursework, then the student will return to the BS in Health Sciences degree to complete their BS degree.**

Accreditation

- *Sam Houston State University is accredited by the Commission on Accreditation of Athletic Training Education (CAATE).*

Minor: Not Required ^{11,12}		
Total Hours		154-155

¹ Satisfies the Core Curriculum requirement for Component Area II (Mathematics).

² Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science). BIOL 2403, BIOL 2404, and CHEM 1411 are required prerequisites for the MSAT program and require a grade of "C" or higher.

- ³ SOCI 2319 (<https://shsu-curr.courseleaf.com/search/?P=SOCI%202319>) is recommended and satisfies Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture). SOCI 2319 is a recommended (not required) prerequisite for admission to the MSAT program.
- ⁴ PSYC 1301 satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences). PSYC 1301 is a required prerequisite for admission to the MSAT program and requires a grade of "C" or higher.
- ⁵ COMS 1361 and KINE 2115 satisfies Core Curriculum requirement for Component Area IX (Component Area Option).
- ⁶ MATH 3379, STAT 3379, and MATH 1342 may be used as transfer courses for this requirement: please see a SAM Center advisor for more details.
- ⁷ HLTH 3350, HLTH 3355, and HLTH 3360 require prerequisites of HLTH 1360 and HLTH 2391.
- ⁸ This course will be replaced with graduate level courses in the MSAT. See graduate level MSAT course list below.
- ⁹ Requires a prerequisite of MATH 1316.
- ¹⁰ Students planning to pursue the 3+2 MSAT option must complete the Graduate Application process and be accepted to the MSAT program. In order to apply to the 3+2 MSAT program students must complete all undergraduate degree plan requirements (minimum of 96 semester credit hours) and all admission requirements. Once a student is accepted to the graduate MSAT program, students are eligible to begin the MSAT program upon completion of all admission requirements. The graduate program will begin in the Summer I semester term each year and will run as a cohort model. **If a student is not accepted, or does not successfully progress through graduate MSAT coursework, then the student will return to the BS in Health Sciences degree to complete their BS degree.**
MSAT Graduate Catalog page
BS in Health Sciences Catalog page
- ¹¹ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.
- ¹² The following minor cannot be paired with this degree program: Minor in Health.

Code	Title	Hours
The courses below are included in the BS in Health Sciences degree plan and will be replaced with the following graduate level courses present in the MSAT degree plan: ⁸		
HLTH 3355	United States Health Care Systems (HLTH 5378 replaces this course) ⁷	3
HLTH 4393	Professional Preparation for Health Careers (HLTH 5371 replaces this course)	3
HLTH 4394	Internship Program (ATTR 5210 replaces this course)	3
Electives (3000-level or 4000-level)		
HLTH 4360	Research Methods/Statistics (KINE 5374 replaces this course)	3
HLTH 4392	Problems in Health (ATTR 5321 replaces this course)	3
HLTH 4392	Problems in Health (ATTR 5313 replaces the course)	3
HLTH 4395	Special Topics in Health (ATTR 5300 replaces this course)	3
KINE 3363	Assessment in Kinesiology (ATTR 5310 replaces this course)	3
Total Hours		24

Notes

The MSAT program has a minimum GPA requirement of 3.25 or higher. For more specific MSAT admission requirements, please see the Graduate Catalog page.

Students must earn a 2.0 minimum overall GPA in all coursework to complete the BS in Health Sciences degree.

Students must meet a 2.0 minimum overall major GPA in all major coursework to complete the BS in Health Sciences degree.

Students must earn a 2.0 minimum SHSU GPA in all coursework to complete the BS in Health Sciences degree.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework to complete the BS in Health Sciences degree.

HLTH 3355, HLTH 3361, HLTH 3380, HLTH 3385, HLTH 3392, HLTH 4365, HLTH 4371, HLTH 4375, HLTH 4380, and HLTH 4390 requires prerequisites of HLTH 1360 and HLTH 2391.

HLTH 3360 (<http://catalog.shsu.edu/search/?P=HLTH%203360>) requires a prerequisite of HLTH 1360 and HLTH 2391 and a prerequisite of one of the following: MATH 1342 (<http://catalog.shsu.edu/search/?P=MATH%201342>), MATH 1370 (<http://catalog.shsu.edu/search/?P=MATH%201370>), MATH 3379 (<http://catalog.shsu.edu/search/?P=MATH%203379>), or STAT 3379 (<http://catalog.shsu.edu/search/?P=STAT%203379>).

HLTH 4387 (<http://catalog.shsu.edu/search/?P=HLTH%204387>) requires a prerequisite of HLTH 1360 and HLTH 2391 and 55 credit hours completed.

KINE 3362 (<http://catalog.shsu.edu/search/?P=KINE%203362>) requires a prerequisite of BIOL 2401 (<http://catalog.shsu.edu/search/?P=BIOL%202401>) or BIOL 2403 (<http://catalog.shsu.edu/search/?P=BIOL%202403>) and 60 credit hours.

MATH 1316 (<http://catalog.shsu.edu/search/?P=MATH%201316>), MATH 1410 (<http://catalog.shsu.edu/search/?P=MATH%201410>) or MATH 1420 (<http://catalog.shsu.edu/search/?P=MATH%201420>) are prerequisites for PHYS 1101 (<http://catalog.shsu.edu/search/?P=PHYS%201101>) and PHYS 1301 (<http://catalog.shsu.edu/search/?P=PHYS%201301>). A grade of "C" or higher is required for courses.

HLTH 3350, HLTH 3355, HLTH 3361, HLTH 3380, HLTH 3385, HLTH 3392, HLTH 4365, HLTH 4371, HLTH 4375, HLTH 4380, and HLTH 4390 requires a prerequisite of HLTH 1360 and HLTH 2391.

- 1
- SOCI 2319 recommended and satisfies Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture). SOCI 2319 is a recommended (not required) prerequisite for admission to the MSAT program.
- 2
- Satisfies Core Curriculum requirement for Component Area I (Communications).
- 3
- Satisfies Core Curriculum requirement for Component Area VI (U.S. History).
- 4
- MATH 1314 satisfies Core Curriculum requirement for Component Area II (Mathematics).
- 5
- Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science). BIOL 2403, BIOL 2404, and CHEM 1411 are required prerequisites for the MSAT program and require a grade of "C" or higher.
- 6
- MATH 3379, STAT 3379, and MATH 1342 may be used as transfer courses for this requirement: please see a SAM Center advisor for more details.
- 7
- HLTH 3350, HLTH 3355, and HLTH 3360 require prerequisites of HLTH 1360 and HLTH 2391.
- 8
- COMS 1361 (<https://shsu-curr.courseleaf.com/search/?P=COMS%201361>) and KINE 2115 (<https://shsu-curr.courseleaf.com/search/?P=KINE%202115>) satisfy the Core Curriculum requirement for Component Area IX (Component Area Option).
- 9
- Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).
- 10
- PSYC 1301 satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences). PSYC 1301 is a required prerequisite for admission to the MSAT program and requires a grade of "C" or higher.
- 11
- Requires a prerequisite of MATH 1316.
- 12
- This course will be replaced with graduate level courses in the MSAT. See graduate level MSAT course list below.
- 13
- Students planning to pursue the 3+2 MSAT option must complete the Graduate Application process and be accepted to the MSAT program. In order to apply to the 3+2 MSAT program students must complete all undergraduate degree plan requirements (minimum of 98 semester credit hours) and all admission requirements.
- Once a student is accepted to the graduate MSAT program, students are eligible to begin the MSAT program upon completion of all admission requirements. The graduate program will begin in the Summer I semester term each year and will run as a cohort model. **If a student is not accepted, or does not successfully progress through graduate MSAT coursework, then the student will return to the BS in Health Sciences degree to complete their BS degree.**

KINE 3363	Assessment in Kinesiology (ATTR 5310 replaces this course)	3
Total Hours		24

Notes

The MSAT program has a minimum GPA requirement of 3.25 or higher. For more specific MSAT admission requirements, please see the Graduate Catalog page.

Students must earn a 2.0 minimum overall GPA in all coursework to complete the BS in Health Sciences degree.

Students must meet a 2.0 minimum overall major GPA in all major coursework to complete the BS in Health Sciences degree.

Students must earn a 2.0 minimum SHSU GPA in all coursework to complete the BS in Health Sciences degree.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework to complete the BS in Health Sciences degree.

HLTH 3355, HLTH 3361, HLTH 3380, HLTH 3385, HLTH 3392, HLTH 4365, HLTH 4371, HLTH 4375, HLTH 4380, and HLTH 4390 requires prerequisites of HLTH 1360 and HLTH 2391.

HLTH 3360 (<http://catalog.shsu.edu/search/?P=HLTH%203360>) requires a prerequisite of HLTH 1360 and HLTH 2391 and a prerequisite of one of the following: MATH 1342 (<http://catalog.shsu.edu/search/?P=MATH%201342>), MATH 1370 (<http://catalog.shsu.edu/search/?P=MATH%201370>), MATH 3379 (<http://catalog.shsu.edu/search/?P=MATH%203379>), or STAT 3379 (<http://catalog.shsu.edu/search/?P=STAT%203379>).

HLTH 4387 (<http://catalog.shsu.edu/search/?P=HLTH%204387>) requires a prerequisite of HLTH 1360 and HLTH 2391 and 55 credit hours completed.

KINE 3362 (<http://catalog.shsu.edu/search/?P=KINE%203362>) requires a prerequisite of BIOL 2401 (<http://catalog.shsu.edu/search/?P=BIOL%202401>) or BIOL 2403 (<http://catalog.shsu.edu/search/?P=BIOL%202403>) and 60 credit hours.

MATH 1316 (<http://catalog.shsu.edu/search/?P=MATH%201316>), MATH 1410 (<http://catalog.shsu.edu/search/?P=MATH%201410>) or MATH 1420 (<http://catalog.shsu.edu/search/?P=MATH%201420>) are prerequisites for PHYS 1101 (<http://catalog.shsu.edu/search/?P=PHYS%201101>) and PHYS 1301 (<http://catalog.shsu.edu/search/?P=PHYS%201301>). A grade of "C" or higher is required for courses.

HLTH 3350, HLTH 3355, HLTH 3361, HLTH 3380, HLTH 3385, HLTH 3392, HLTH 4365, HLTH 4371, HLTH 4375, HLTH 4380, and HLTH 4390 requires a prerequisite of HLTH 1360 and HLTH 2391.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in Health.

Program Prerequisites

The following prerequisite coursework is designated as either required or recommended. The required coursework must be satisfactorily completed (a grade of C or better) to be considered for regular admission to the MSAT program. The recommended coursework is optional but completed work in this area may benefit the student in their pursuit of admission to the MSAT program. Recommended prerequisite coursework that is completed at the time of program application will add additional points to the candidate acceptance rubric for the proposed degree.

MSAT Program Required Prerequisite Coursework

The following bachelor's level coursework must be completed prior to applying to the MSAT Program to be considered for full admission. Prerequisite coursework can be in progress when the application is submitted for Conditional Admission. All required coursework must be completed prior to starting the MSAT program and includes:

Code	Title	Hours
SHSU Course Listing: Required Program Prerequisites ¹		
ATTR 3370	Prevention & Care of Injuries	3
BIOL 1413	General Zoology	4
or BIOL 1411	General Botany	
or BIOL 1406	General Biology I	
or BIOL 1407	General Biology II	
BIOL 2403	Human Anatomy & Physiology I	4
BIOL 2404	Human Anatomy & Physiology II	4
CHEM 1411	General Chemistry I	4
or CHEM 1406	Inorganic & Envir Chemistry	
FSCN 2362	Nutrition	3
KINE 3362	Functional Kinesiology	3
KINE 3373	Physiology of Exercise	3
MATH 3379	Statistical Mthods in Practice	3
or STAT 3379	Statistical Methds in Practice	
or MATH 1342	Elementary Statistics	
or MATH 1370	Intro Biomedical Statistics	
or BIOL 4374	Biostatistics	
PHYS 1301	General Phy-Mechanics & Heat	3
or KINE 4362	Biomechanical Analysis	
PSYC 1301	Introduction To Psychology	3

¹ Or equivalent.

MSAT Program Recommended Prerequisite Coursework

The recommended prerequisites for the MSAT are not required for admission to the program, but can increase the admission score if completed with a grade of **C or higher**. Students seeking admission to the SHSU MSAT program are encouraged to enroll in these courses if electives are available on a student's undergraduate degree plan.

The following bachelor's level coursework is **recommended** to be completed prior to applying to the MSAT Program:

Code	Title	Hours
SHSU Course Listing: Recommended Program Prerequisites ¹		
ATTR 2300	Introduction to Athletic Training	3
HLTH 2372	Health & Medical Terminology	3
HLTH 2383	Multicultural Health Issues	3
HLTH 3350	Principles of Public Health	3
HLTH 3360	Epidemiology	3
KINE 4335	Sport and Exercise Psychology	3
KINE 4362	Biomechanical Analysis	3
SOCI 2319	Introduction To Ethnic Studies	3

The BS in Health Sciences: 3+2 MSAT Option is designed to provide graduates with the following marketable skills:

- Recognize and identify specific health and social needs of diverse populations.
- Make informed decisions relative to the political, economic, social, legal, and ethical issues that influence the health care profession.
- Employ proactive skills and competencies in the areas of preventive health and wellness.
- Analyze data to make good programmatic decisions.
- Synthesize the body systems and their relationship to diseases and disorders as they serve as determinants of health.
- Communicate and collaborate with other healthcare professions.
- Promote healthy lifestyle behaviors to minimize the risk of injury and illness.
- Implement systematic, evidence-based examinations and assessments to determine best care for active patient populations.
- Utilize best practices in immediate and emergency care situations.
- Apply therapeutic interventions, including therapeutic modalities, manual therapies, and therapeutic exercise.
- Integrate best practices of policy development, documentation practices, and basic business practices to promote optimal patient care.

Bachelor of Science, Major in Public Health

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-science-in-public-health/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Requirements: **Students enrolled in the BS in Public Health program must maintain a minimum GPA of 2.75 or higher in all areas.** This minimum GPA requirement is mandated by the Council on Education of Public Health, the accrediting organization for public health education programs. The first semester a student earns a GPA below 2.75, he/she must meet with the BS in Public Health Program Coordinator to develop a plan of study to improve their GPA. **The second semester a student earns a GPA below 2.75, she/he must declare a new major. In most cases, a student will change their major to one of the following program areas that will allow students to enter that degree with a GPA below 2.75 while also minimizing loss of previously completed credits in HLTH courses: Health Sciences, Health Care Administration, Bilingual Health Care Studies, or another area.**

¹ Satisfies Core Curriculum requirement for Component Area II (Mathematics).

² Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science).

³ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

⁴ Satisfies one hour of the Core Curriculum requirement for Component Area IX (Component Area Option).

⁵ BIOL 2401 and BIOL 2402 may be used as transfer courses for this requirement; please see a SAM Center advisor for more details.

⁶ FSCN 1367 may be used as a transfer course for this requirement; please see a SAM Center advisor for more details.

⁷ MATH 1342 or MATH 3379 may be used as a transfer course for this requirement; please see SAM Center Advisor for more details.

⁸ HLTH 1360 and HLTH 2391 are prerequisites for the following courses: HLTH 3350, HLTH 3355, HLTH 3361, HLTH 3385, HLTH 3392, HLTH 4117, HLTH 4360, HLTH 4363, HLTH 4365, HLTH 4367, HLTH 4371, HLTH 4375, HLTH 4392, HLTH 4393, HLTH 4394, and HLTH 4395.

⁹ HLTH 3355 satisfies the requirement for both the Major and the Undergraduate Certificate, if Undergraduate Certificate option is chosen.

¹⁰ Students must earn a grade of "C" or better in HLTH 4393 and HLTH 4394.

¹¹ Students may select from the Undergraduate Certificate in Communication for Health and Social Care Professionals + **11 hours** of Prescribed Electives OR 26 hours of Prescribed Electives. Please select from the list of Prescribed Electives and consult with your advisor on appropriate course choices. Please note that HLTH 3355 double dips in both the Major: Foundation and Undergraduate Certificate areas.

¹² Students select **11 SCH** from the below listing of Prescribed Electives.

¹³ See, below Prescribed Elective course list.

¹⁴ A minor is **not required** for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

¹⁵ The following minor cannot be paired with this degree program: Minor in Health.

Code	Title	Hours
Prescribed Elective Courses ¹²		
BIOL 1401	Environmental Science	4

Or other courses approved by Department		

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA in all major coursework.

Students must earn a 2.75 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Consult current University catalog for questions concerning transfer courses and residency requirements.

ENGL 1301 and ENGL 1302 are prerequisites for ENGL 3330 and satisfies the Core Curriculum requirement for Component Area I (Communications).

FSCN 3339 requires a prerequisite of FSCN 3380.

HLTH 3350, HLTH 3361, HLTH 4387 requires 55 credit hours completed and a prerequisite of HLTH 1360 and HLTH 2391.

HLTH 3355, HLTH 3361, HLTH 3385, HLTH 3392, HLTH 4117, HLTH 4360, HLTH 4363, HLTH 4365, HLTH 4367, HLTH 4371, HLTH 4375, HLTH 4392, and HLTH 4395 require a prerequisite of HLTH 1360 and HLTH 2391.

HLTH 3360 requires a prerequisite of MATH 1342, MATH 1370, MATH 3379 OR STAT 3379 and HLTH 1360 and HLTH 2391.

HLTH 4360, HLTH 4363, HLTH 4365, HLTH 4380, HLTH 4390, KINE 3373 require Junior standing and a prerequisite of HLTH 1360 and HLTH 2391.

HLTH 4375 requires prerequisites of HLTH 1360, HLTH 2391, HLTH 3355, and Senior standing.

HLTH 4393 requires a prerequisite of the completion of 12 hours of HLTH 1360 and HLTH 2391.

HLTH 4394 requires a prerequisite of HLTH 1360 and HLTH 2391 and HLTH 4393 with a C or better.

KINE 3362 requires prerequisites of BIOL 2401 OR BIOL 2403; KINE 1331 OR ATTR 2300; and 45 credit hours.

MATH 3379 requires 3 hours of completed coursework in College Math.

MCPA 4381 requires MCOM Instructor approval.

PHYS 1301 has a prerequisite of MATH 1410 OR MATH 1316 or MATH 1420 with a grade of "C" or better for the course. MATH 1316 and MATH 1410 satisfy the 3 hours of Math required for the Core Competency Area II.

POLS 3366 requires a prerequisite of POLS 2305.

PSYC 3331 requires 3 hours of completed coursework in Psychology.

PSYC 3333 requires 3 hours of completed coursework in Psychology and 4 hours of completed coursework in Biology or permission of the instructor.

SOCI 3365 requires a prerequisite of SOCI 1301 OR SOCI 2319 which satisfies 3 hours of the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

SOCI 4338 requires a prerequisite of SOCI 1301 OR SOCI 2319 which satisfies 3 hours of the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-science-in-public-health/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

First Year

Fall	Hours	Spring	Hours

Total Hours: 120

- ¹ Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science).
- ² BIOL 2401 and BIOL 2402 may be used as transfer courses for this requirement; please see a SAM Center advisor for more details.
- ³ Satisfies Core Curriculum requirement for Component Area I (Communications).
- ⁴ Satisfies one hour of the Core Curriculum requirement for Component Area IX (Component Area Option).
- ⁵ Satisfies Core Curriculum requirement for Component Area II (Mathematics).
- ⁶ Satisfies Core Curriculum requirement for Component Area VI (U.S. History).
- ⁷ MATH 1342 OR MATH 3379 may be used as a transfer course for this requirement; please see a SAM Center Advisor for more details.
- ⁸ HLTH 1360 and HLTH 2391 are prerequisites for the following courses: HLTH 3350, HLTH 3355, HLTH 3361, HLTH 3385, HLTH 3392, HLTH 4117, HLTH 4360, HLTH 4363, HLTH 4365, HLTH 4367, HLTH 4371, HLTH 4375, HLTH 4392, HLTH 4393, HLTH 4394, and HLTH 4395.
- ⁹ Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).
- ¹⁰ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).
- ¹¹ FSCN 1367 may be used as a transfer course for this requirement; please see a SAM Center advisor for more details.
- ¹² HLTH 3355 satisfies the requirement for both the Major and the Undergraduate Certificate, if Undergraduate Certificate option is chosen.
- ¹³ Students may select from the Undergraduate Certificate for Health and Social Care Professionals + 11 hours of Prescribed Electives OR 26 hours of Prescribed Electives. Please select from the list of Prescribed Electives and consult with your advisor on appropriate course choices.
- ¹⁴ See, Prescribed Electives course listing below.
- ¹⁵ Students must earn a grade of "C" or better in HLTH 4393 and HLTH 4394.

Notes

Students must earn a 2.75 minimum overall GPA in all coursework.

Students must meet a 2.75 minimum overall major GPA in all major coursework.

Students must earn a 2.75 minimum SHSU GPA in all coursework.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework.

Consult current University catalog for questions concerning transfer courses and residency requirements.

ENGL 1301 and ENGL 1302 are prerequisites for ENGL 3330 and satisfies the Core Curriculum requirement for Component Area I (Communications).

FSCN 3339 requires a prerequisite of FSCN 3380.

HLTH 3350, HLTH 3361, HLTH 4387 requires 55 credit hours completed and a prerequisite of HLTH 1360 and HLTH 2391.

HLTH 3355, HLTH 3361, HLTH 3385, HLTH 3392, HLTH 4117, HLTH 4360, HLTH 4363, HLTH 4365, HLTH 4367, HLTH 4371, HLTH 4375, HLTH 4392, and HLTH 4395 require a prerequisite of HLTH 1360 and HLTH 2391.

HLTH 3360 requires a prerequisite of MATH 1342, MATH 1370, MATH 3379 OR STAT 3379 and HLTH 1360 and HLTH 2391.

HLTH 4360, HLTH 4363, HLTH 4365, HLTH 4380, HLTH 4390, KINE 3373 require Junior standing and a prerequisite of HLTH 1360 and HLTH 2391.

HLTH 4375 requires prerequisites of HLTH 1360, HLTH 2391, HLTH 3355, and Senior standing.

HLTH 4393 requires a prerequisite of the completion of 12 hours of HLTH 1360, and HLTH 2391.

HLTH 4394 requires a prerequisite of HLTH 1360 and HLTH 2391 and HLTH 4393 with a C or better.

KINE 3362 requires prerequisites of BIOL 2401 OR BIOL 2403; KINE 1331 OR ATTR 2300; and 45 credit hours.

MATH 3379 requires 3 hours of completed coursework in College Math.

MCPA 4381 requires MCOM Instructor approval.

PHYS 1301 has a prerequisite of MATH 1410 OR MATH 1316 or MATH 1420 with a grade of "C" or better for the course. MATH 1316 and MATH 1410 satisfy the 3 hours of Math required for the Core Competency Area II.

POLS 3366 requires a prerequisite of POLS 2305.

PSYC 3331 requires 3 hours of completed coursework in Psychology.

PSYC 3333 requires 3 hours of completed coursework in Psychology and 4 hours of completed coursework in Biology or permission of the instructor.

SOCI 3365 requires a prerequisite of SOCI 1301 OR SOCI 2319 which satisfies 3 hours of the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

SOCI 4338 requires a prerequisite of SOCI 1301 OR SOCI 2319 which satisfies 3 hours of the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

Students may select from the Undergraduate Certificate for Health and Social Care Professionals + 11 hours of Prescribed Electives OR 26 hours of Prescribed Electives. Please select from the list of Prescribed Electives and consult with your advisor on appropriate course choices.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Public Health is designed to provide graduates with the following marketable skills:

- Participate in a proactive manner the day-to-day tasks of public health organizations.
- Conduct data collection and analysis to investigate public health issues.
- Participate in public health fieldwork requiring cultural competency skills.
- Develop public health program plans to meet the needs of at-risk populations.
- Act as a resource specialist for public health outreach.
- Demonstrate effective public health communications to diverse populations.

These competencies are outlined in the Core Competencies for Public Health Professionals (http://www.phf.org/resourcestools/Documents/Core_Competencies_for_Public_Health_Professionals_2014June.pdf).

Bachelor of Science, Major in Public Health: 4+1 MPH

The accelerated Bachelor of Science in Public Health: 4+1 Master Public Health degree program option is an innovative program that allows undergraduate students to complete both Baccalaureate and Master's degrees in five rather than six years. The degree is also market driven with flexible scheduling that prepares students to enter the public health workforce in an expedited manner.

The 4+1 MPH program includes 120 credit hours for the BS degree (108 hours of undergraduate courses + 12 hours of graduate level courses) AND 30 additional hours of graduate level courses to obtain a combined BS and MPH degree. Students need to complete a minimum of 90 hours in their undergraduate program to apply for the 4+1 program. Accepted students can start taking graduate level courses in their Senior year of their undergraduate programs.

The criteria for admission into the accelerated 4+1 MPH degree program are detailed below:

- Successfully have completed a minimum of 90 hours of undergraduate courses in a degree that is complementary to the field of public health.
- Earned a GPA of 3.00 or greater in major courses.
- Complete the application requirements for the MPH program. The Admissions Application is submitted online through Apply Texas (<https://www.applytexas.org/>).
- Application Fee.
- Three letters of recommendation (from professors and/or employers).
- A written summary (minimum of 500 words) on why you seek an MPH and how you plan to use the degree.
- A resume (to include all professional, employment, and volunteer activities).
- Participate in an interview with the MPH admissions committee.

Notes

Students must maintain a minimum GPA of 3.00 to remain in the 4+1 MPH program.

Students must earn a 2.75 minimum overall GPA in all coursework to complete the BS in Public Health degree.

Students must meet a 2.75 minimum overall major GPA in all major coursework to complete the BS in Public Health degree.

Students must earn a 2.75 minimum SHSU GPA in all coursework to complete the BS in Public Health degree.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework to complete the BS in Public Health degree.

The 4+1 MPH program includes 120 credit hours for the BS degree (108 hours of undergraduate courses + 12 hours of graduate level courses) AND 30 additional hours of graduate level courses to obtain a combined BS and MPH degree.

Students need to complete a minimum of 90 hours in their undergraduate program to apply for the 4+1 program.

Accepted students can start taking graduate level courses in their Senior year of their undergraduate programs.

Students will enroll in HLTH 6396 the first semester of year four and enroll in HLTH 6397 in Spring of year five.

Thesis I and Thesis II replace the Prescribed Electives in the MPH degree plan.

Courses listed under two requirements may only be taken once and may only fulfill one requirement.

First Year

Fall	Hours	Spring	Hours
BIOL 2403 ¹		4 Component Area IV	3

Notes

Students must maintain a minimum GPA of 3.00 to remain in the 4+1 MPH program.

Students must earn a 2.75 minimum overall GPA in all coursework to complete the BS in Public Health degree.

Students must meet a 2.75 minimum overall major GPA in all major coursework to complete the BS in Public Health degree.

Students must earn a 2.75 minimum SHSU GPA in all coursework to complete the BS in Public Health degree.

Students must meet a 2.75 minimum SHSU major GPA in all major coursework to complete the BS in Public Health degree.

The 4+1 MPH program includes 120 credit hours for the BS degree (108 hours of undergraduate courses + 12 hours of graduate level courses) AND 30 additional hours of graduate level courses to obtain a combined BS and MPH degree.

Students need to complete a minimum of 90 hours in their undergraduate program to apply for the 4+1 program.

Accepted students can start taking graduate level courses in their Senior year of their undergraduate programs.

Students will enroll in HLTH 6396 the first semester of year four and enroll in HLTH 6397 in Spring of year five.

Thesis I and Thesis II replace the Prescribed Electives in the MPH degree plan.

Courses listed under two requirements may only be taken once and may only fulfill one requirement.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Public Health: 4+1 MPH is designed to provide graduates with the following marketable skills:

- Design a population-based policy, program, project, grant, and/or intervention in the field of Public Health.
- Apply epidemiological methods to settings and situations in public health practice.
- Assess population needs, assets, and capacities that affect communities' health that employ awareness of cultural values.
- Advocate for political, social, or economic policies and programs that will improve health in diverse populations.
- Interpret results of data analysis for public health research, policy, or practice.
- Compare the organization, structure, and function of health care, public health, and regulatory systems across national and international settings.
- Communicate audience-appropriate (i.e., non-academic, non-peer audience) public health content, both in writing and through oral presentation.
- Propose strategies to identify stakeholders and build coalitions and partnerships for influencing public health outcomes.

Minor in Health

A **Minor in Health** serves as an excellent support field for many majors. The minor consists of 21 hours in health including HLTH 1360, HLTH 1366, HLTH 2391, and additional hours from health courses with at least 6 of those hours advanced. If an internship in the minor is desired, students must include HLTH 4393 and HLTH 4394 in their course selections.

Non-Health University Majors that may select a Health Minor include: Business, Communication, Criminal Justice, Education, History, Kinesiology, Psychology, Sociology, and others.

The health minor may also be selected as one of the three minors required of the Bachelor of Liberal Studies degree and may also be combined with an Associate Degree in Allied Health for a Bachelor of Applied Arts and Sciences Degree. Interested students should see the advisors for the B.L.S or B.A.A.S degrees for specific degree requirements.

Notes

HLTH 4365, HLTH 4380, and HLTH 4390 require Junior Standing and prerequisites of HLTH 1360 and HLTH 2391.

HLTH 4371 requires prerequisites of HLTH 1360, HLTH 2391 and Senior Standing.

HLTH 4375 requires prerequisites of HLTH 1360, HLTH 2391, HLTH 3355 and Senior Standing

HLTH 4393 requires a prerequisite of HLTH 1360, HLTH 2391, HLTH 3350 and the completion of 12 hours of HLTH coursework.

HLTH 4394 requires a prerequisite of HLTH 1360, HLTH 2391, HLTH 4393 with a "C" or better.

Students must earn a grade of "C" or better in HLTH 4393 and HLTH 4394.

HLTH 3361 requires a prerequisite HLTH 1360, HLTH 2391, and the completion of 55 hours.

HLTH 3350, HLTH 3355 HLTH 3361, HLTH 3392, HLTH 4380, and HLTH 4390 require prerequisites of HLTH 1360 and HLTH 2391.

Website: School of Nursing (<http://www.shsu.edu/academics/nursing/>)

The School of Nursing (SON) currently has three programs, all leading to the Bachelor of Science in Nursing degree (BSN). The programs are BSN (pre-licensure), RN to BSN (post-RN licensure), and LVN to BSN (post-LVN licensure).

Vision Statement

Prepared for practice. Partnered for success. Privileged to serve.

Mission

We transform healthcare education by integrating innovative learning experiences with a student-centric approach and advance knowledge through scholarly inquiry. We cultivate a workforce of nursing professionals who improve the health and healthcare disparities of our local, state, national, and global community.

Program Outcomes for Graduates

1. Integrate knowledge from liberal arts studies and nursing science to practice professional nursing in a holistic caring manner.
2. Develop, implement, and evaluate safe quality patient care through collaboration with patients and members of the inter-professional healthcare delivery team in various healthcare settings.
3. Demonstrate ethical accountability and legal responsibilities using cultural parameters and professional nursing standards of practice and care in order to provide care to individuals, families, groups, and populations.
4. Use therapeutic communication in formal and informal interaction with patients, families, groups, colleagues, and other members of the healthcare team in the delivery of nursing care.
5. Demonstrate professional leadership and management skills while implementing safety principles in the delivery of nursing care.
6. Provide safe patient care using evidence-based practice and clinical reasoning.
7. Advocate for clients across the lifespan and for the nursing profession while incorporating dynamic healthcare system practices, health policies, and global healthcare factors.
8. Demonstrate accountability for lifelong learning and professional growth.
9. Demonstrate competency with technology and information management in the delivery of safe care, while maintaining confidentiality and protecting patient rights.
10. Collaborate with other professionals on the healthcare team to provide health promotion and disease, and injury prevention across the lifespan for individuals, families, groups, and populations.

Highlights

The School of Nursing offers a Bachelor of Science in Nursing degree. Since beginning in January 2011, the upper division program is fully approved by the Texas Board of Nursing (<http://bon.texas.gov>) and accredited by the Commission on Collegiate Nursing Education (<http://www.ccnaccreditation.org/>) (CCNE); 655 K Street, NW, Suite 750; Washington, DC 20001; 202-887-6791. The NCLEX first-time pass rate consistently exceeds that of the state and nation. Graduates are sought for positions regionally and statewide. Many are employed in high acuity areas and enrolled in nurse internships within six months of graduation. The faculty include doctoral prepared and advanced practice nurses, and those engaged in active clinical practice which enhances the educational environment.

Program Specific Requirements

BSN (Pre-licensure program)

Process for Nursing Program Admission (<https://www.shsu.edu/academics/health-sciences/nursing/students/admissions-criteria.html>)

1. Apply to SHSU (<https://www.shsu.edu/admissions/>) through Undergraduate Admissions, for the semester you wish to begin the Nursing program.
2. Submit your application to the Nursing Program (<https://www.shsu.edu/academics/health-sciences/nursing/students/application.html>) via Nursing CAS for the semester you wish to begin the School of Nursing. Incomplete applications will result in the applicant being disqualified.

3. Take the Test of Essential Academic Skills (TEAS) (<https://www.atitesting.com/home.aspx>). Students will submit one TEAS Individual Performance Profile via Nursing CAS during the application. (The TEAS is not required for the RN to BSN program.)
4. Review immunization (https://www.shsu.edu/academics/health-sciences/nursing/documents/Spring%202020%20-%20Immunization%20and%20TB%20Testing%20Info.pdf?language_id=1) requirements listed on the School of Nursing website.

Students must complete 30 credit hours with a minimum 3.0 GPA and no grade less than a C, prior to making application to the School of Nursing. At least 20 credit hours must be from the nursing field of study below. See School of Nursing website for more detailed information.

Code	Title	Hours
Required Courses		
BIOL 2403	Human Anatomy & Physiology I	4
BIOL 2404	Human Anatomy & Physiology II	4
BIOL 2420	Introduction to Applied Microbiology	4
CHEM 1406 or CHEM 1411	Inorganic & Environmental Chemistry General Chemistry I	4
FSCN 2362	Nutrition	3
MATH 1370 or MATH 1342	Introduction to Biomedical Statistics Elementary Statistics	3
PSYC 1301	Introduction To Psychology	3
PSYC 3374	Development Psychology	3
Additional Texas Core Curriculum Requirements		3
Total Hours		31

All natural science courses must be completed within 7 years of application to the School of Nursing. CHEM 1406 is preferred.

Admission consideration to the School of Nursing requires an overall GPA of 3.0 in all degree requirements and a 3.0 GPA in all nursing field of study courses. All grades must be a 'C' or better.

Students must score a minimum of 70 on the ATI-TEAS for admission consideration. ATI-TEAS sub-scores must be a minimum of 55. Given multiple test scores, the student must select which test scores that will be used for the application.

Students are conditionally accepted pending satisfactory completion of drug screening and criminal background checks and any relevant courses in progress.

Once accepted, the following curriculum applies.

Code	Title	Hours
Required Courses		
NURS 3310	Health Assessment	3
NURS 3320	Pathophysiology for Nursing	3
NURS 3321	Pharmacology for Nursing	3
NURS 3340	Older Adult Health Management	3
NURS 3351	Nursing Concepts I	3
NURS 3360	Introduction to Research	3
NURS 3540	Mental Health and Illness	5
NURS 3620	Adult Health I	6
NURS 3631	Nursing Fundamentals	6
NURS 4030	Community Nursing	5
NURS 4060	Leadership and Management	4
NURS 4250	Nursing Concepts II	2
NURS 4520	Child & Adolescent Nursing	5
NURS 4540	Women's Health and Maternal Newborn Nursing	5
NURS 4620	Adult Health II	6
Total Hours		62

Excerpts from Texas Board of Nursing Website and Petition for Declaratory Order Form

- Applicants with eligibility issues (a positive criminal background screen and/or answering "yes" to questions 2-5) that could prevent them from taking the NCLEX examination, upon completion of a nursing program, must complete the eligibility review process. If you have a positive criminal

background screen, you will **NOT** be admitted into SHSU's Nursing program **without an outcome letter from the Board of Nursing for the State of Texas stating that you have been granted permission to write the National Council Licensure Examination for Registered Nurses (NCLEX-RN)**. The eligibility review process permits the Board to make decisions regarding an applicant's eligibility for licensure prior to entering or completing a nursing program. Effective January 2018, applicants should wait for the initial outcome letter (for those not receiving a blue card) before submitting a Declaratory Order. However, they can submit paperwork in advance if they must also answer "yes" to questions 2-5.

- Further information:
School of Nursing Application Process (<https://www.shsu.edu/academics/health-sciences/nursing/students/application.html>)
Texas Board of Nursing (<https://www.bon.texas.gov/>)

Core Performance Standards for Admission and Progression

**** Please Read Carefully ****

Below are listed the performance standards of the professional nursing program. Applicants to the Sam Houston State University (SHSU) School of Nursing (SON) should read these standards carefully, and be sure that you can comply with them. The SHSU SON expects all applicants for admission to possess and demonstrate the skills, attributes, and qualities set forth below, without unreasonable dependence on technology or intermediaries.

Critical Thinking: Critical thinking ability sufficient for clinical judgment, sufficient powers of intellect to acquire, assimilate, apply, and evaluate information and solve problems. For example, identify cause-effect relationships in clinical situations; develop and implement nursing care plans according to the nursing process; respond without delay to emergency situations

Interpersonal: Interpersonal abilities sufficient enough for interaction with individuals, families, and groups from a variety of social, emotional, cultural, economic, and intellectual backgrounds. For example, Establish rapport with patients/clients, colleagues, and other health care professionals. Respect cultural diversity and the rights of others.

Communication: Communication abilities sufficient for interaction with others in verbal and written form. Utilizes effective communication skills to interact with patient/client, peers, and other health care personnel of various ages, cultural, economic, and intellectual backgrounds in a variety of settings. For example, read, write and speak English effectively so as to be understood. Explain treatment and procedures; provide health teaching to individual clients and groups of clients based on assessed needs, available resources, age, lifestyle and cultural considerations; documents and interprets nursing actions and patient/client responses. Communicate information accurately and effectively with other Schools, colleagues, clients, and client families. Evaluate written orders, care plans, and treatment requests.

Mobility: Ability to reach assigned clinical sites which will be scheduled within a 100-mile radius of The Woodlands Center. Gross and fine motor abilities sufficient to provide safe and effective nursing care. Sufficient physical abilities to function in the patient care settings, such as, physical health and stamina needed to carry out nursing procedures. Ability to calibrate and use equipment effectively. Ability to grasp small objects and perform electronic keyboarding/documentation. Ability to move around the patients/clients' rooms, workspaces, treatment areas, and be able to move, position, and transport patients without causing harm, minimal pain, and discomfort for patient and staff alike.

Sensory: Sufficient use of the senses of vision, hearing, touch, and smell to observe, assess, and evaluate effectively (both close and at a distance) in the classroom, laboratory, and clinical settings. For example, hear monitor alarms, emergency signals, auscultation sounds and cries for help. Observe patient/client responses. Perform tactile/palpation functions of physical examination or those functions related to therapeutic intervention, e.g., insertion of catheters and IVs for therapy.

Behavioral: Sufficient motivation, responsibility, and flexibility to function in new, ever-changing, and stressful environments. Adapts appropriately to ever-changing needs of clients and client families. Adapts to assignment change of patient, clinical, or laboratory area in a manner that allows the student to meet objectives while providing safe, adequate patient care. Accountable for clinical preparation and independent study. Performs nursing functions in a safe, responsible manner. Ability to recognize the need for further research and respond accordingly based on changes in patient/client status since assignment was made.

- Bachelor of Science, Major in Nursing (BSN)
- LVN to BSN
- RN to BSN

Student Organizations

Sigma, Alpha Alpha Xi Chapter

Sam Houston State University houses the Alpha Alpha Xi Chapter of Sigma, formerly known as Sigma Theta Tau International. Sigma has more than 135,000 members in over 100 countries. Baccalaureate and graduate school members demonstrate excellence in scholarship, and nursing leaders exhibit exceptional achievements in nursing. Currently 39 % of all active members hold master's and/or doctoral degrees; 51% are in staff positions; 19% are administrators or supervisors; 18% are faculty/academics; and 12% percent are in advanced practice nursing.

Student Nursing Association

Students enrolled in the Nursing School and in pre-nursing courses are eligible to participate as members of the SHSU chapter of the Texas Nursing Students' Association (TNSA). The TNSA is the student component of the American Nurses' Association, a national professional nursing organization with state and local constituencies, and a subsidiary of the National Student Nurses' Association (NSNA). Participation locally affords membership in the largest independent health organization in the nation and the only one for nursing students. TNSA offers numerous benefits to those students members. More information on meetings and activities can be obtained from the School of Nursing website.

Nursing Christian Fellowship

Nursing Christian Fellowship provides a places for nursing students, faculty, and local nurses to come together in authentic community for Bible study and fellowship. Through NCF, students will be encouraged to grow in their faith in the context of nursing school, be equipped to integrate their faith with nursing through Bible studies and spiritual care resources, and be empowered to share your faith with other nursing students and faculty.

Scholarships

SHSU offers scholarships to students in the School of Nursing. A complete list of scholarship opportunities can be found on the Scholarships for Kats (<http://www.shsu.edu/dept/financial-aid/scholarships/>) webpage. Search for nursing to identify competitive scholarships based on student performance in nursing and prerequisite coursework. Assistance is also available through Financial Aid, including scholarships, loans, and grants outside of SHSU. Priority deadline for scholarships is November 1. You must complete the current year FAFSA to be considered for nursing scholarships.

College of Health Sciences

- Cady/Huskey-Health Scholarship: \$2,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)
- COHS Bridge Scholarship: \$2,000 (<https://www.shsu.edu/dept/financial-aid/aid/scholarships/>)

- ¹ Satisfies Core Curriculum requirement for Component Area II (Mathematics).
- ² Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science).
- ³ PHIL 1301 is recommended and satisfies Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture).
- ⁴ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).
- ⁵ SOCI 2319 and KINE 2115 are recommended and satisfy Core Curriculum requirements for Component Area IX (Component Area Option).
- ⁶ BIOL 2401 and BIOL 2402 may be used as a transfer course for this requirement; please see a SAM Center advisor for more details.
- ⁷ CHEM 1406 is recommended
- ⁸ FSCN 1367 may be used as a transfer course for this requirement; please see a SAM Center advisor for more details.
- ⁹ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.
- ¹⁰ All minors can be paired with this degree program.

Notes

Students must earn a 3.0 minimum GPA in nursing prerequisite and Core Curriculum coursework.

Students must earn a 2.0 minimum overall major GPA in all Nursing major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

BIOL 2404 requires a grade of "C" or higher in BIOL 2403.

Students must apply and be accepted into the SHSU School of Nursing prior to registering for any NURS courses.

Students must receive a grade of "C" or better in each NURS course to progress to the next nursing courses.

Students may not progress to the next level of NURS courses until all courses in previous level have been successfully completed.

Students accepted into the SHSU School of Nursing are required to adhere to additional policies indicated in the School of Nursing student handbook.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-science-in-nursing/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Pre-nursing students must be core complete for the Fall 2025 admission cycle and thereafter.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

All minors can be paired with this degree program.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Nursing (BSN) is designed to provide graduates with the following marketable skills:

- Lead in the provision of safe quality care using evidence-based practice.
- Collaborate with patients and members of the healthcare team to promote health and provide preventive care.

- Incorporate ethical principles and professional standards to provide quality care to diverse populations.
- Advocate for patients and the nursing profession while incorporating dynamic system practices, health policies, and global healthcare factors.
- Maintain confidentiality and protect patient rights utilizing technology and information management systems.

Students must apply and be accepted into the SHSU School of Nursing prior to registering for any NURS courses (unencumbered LVN license required).

Students must receive a grade of "C" or better in each NURS course to progress to the next nursing courses.

Students may not progress to the next level of NURS courses until all courses in previous level have been successfully completed.

Students accepted into the SHSU School of Nursing are required to adhere to additional policies indicated in the School of Nursing student handbook.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The LVN to BSN is designed to provide graduates with the following marketable skills:

- Lead in the provision of safe quality care using evidence-based practice.
- Collaborate with patients and members of the healthcare team to promote health and provide preventive care.
- Incorporate ethical principles and professional standards to provide quality care to diverse populations.
- Advocate for patients and the nursing profession while incorporating dynamic system practices, health policies, and global healthcare factors.
- Maintain confidentiality and protect patient rights utilizing technology and information management systems.

RN to BSN

The RN to BSN program courses are 100% online to accommodate a working nurse's schedule. Full and part-time options are available to provide flexibility for the working Registered Nurse (RN). Faculty are available at SHSU-The Woodlands Center for questions and advising. For more information on the RN-BSN program, contact: prenursing@shsu.edu. (prenursing@shsu.edu)

The RN-BSN Online Track is designed for the student who is enrolled in or graduated from a community college with a degree in nursing and will be eligible to sit for the NCLEX-RN, or who has passed the NCLEX-RN, holds a current, unencumbered Texas license as a registered nurse and wishes to obtain the baccalaureate degree. Earning a baccalaureate degree will open more doors in an RN's nursing career, allowing for positions of leadership, enhanced career advancement opportunities, and the potential to pursue graduate education.

There are three types of admission to SHSU's RN to BSN program:

- 1) Unconditional Admission
- 2) Conditional Admission
- 3) Joint Admission while enrolled in a partner community college nursing program.

The table below illustrates the requirements for each type of admission.

Admission Type	Application to SHSU	Application to RN BSN	Texas RN License	Cumulative GPA	Prerequisite GPA	¹ Proof of Clinical Readiness	Completion of all Prerequisite Courses
Unconditional	X	X	X	2.5	2.5	X	X
Conditional	X	X	Within 1 semester, before beginning clinical courses	2.5	2.5	X	Within 1 year*
Joint	X	X	Before beginning clinical courses	2.5	2.5	X	Before beginning clinical courses**

*For Conditional Admission, prerequisite courses may be taken following enrollment in RN-BSN program, but must be taken within one year.

**Joint Admission students may apply after completion of 1st semester of ADN courses. Students must have unencumbered RN license to practice in Texas prior to enrolling in clinical courses.

¹ Satisfies Core Curriculum requirement for Component Area II (Mathematics).

² Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science).

³ PHIL 1301 is recommended and satisfies Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture).

⁴ Satisfies Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences).

⁵ SOCI 2319 and KINE 2115 are recommended and satisfy Core Curriculum requirements for Component Area IX (Component Area Option).

⁶ BIOL 2401 and BIOL 2402 may be used as a transfer course for this requirement; please see a SAM Center advisor for more details.

⁷ FSCN 1367 may be used as a transfer course for this requirement; please see a SAM Center advisor for more details.

⁸ Includes 12 hours NCLEX exam credit: NURS 3620 and NURS 4620.

⁹ Associate Degree in Nursing (ADN) is completed at a community college prior to applying to the RN-BSN program (joint admission option allows students to apply to the RN-BSN after completing the 1st semester of ADN).

¹⁰ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

¹¹ All minors can be paired with this degree program.

Notes

Students must earn a minimum 2.5 GPA in nursing prerequisites and Core Curriculum coursework.

Students must earn a 2.0 minimum overall major GPA in all Nursing coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Students must apply and be accepted into the SHSU School of Nursing prior to registering for any NURS courses.

Science courses do not require a 7 year renewal.

Students admitted not core complete, must meet the SHSU core curriculum requirements. For students who are taking prerequisite hours at SHSU, see the pre-licensure BSN requirements.

The nursing credit hours include 32 articulation credits and 30 hours taken at SHSU. Course substitutions in the degree specific credit hours may require additional elective credit hours to reach the total 121 credits required for the degree.

Students must receive a grade of "C" or better in each NURS course.

Students accepted into the SHSU School of Nursing are required to adhere to additional policies indicated in the School of Nursing student handbook.

NURS 4372 is recommended to be taken in the final semester.

Fourth Year

First Semester	Hours
ADN/Diploma Nursing courses applied to RN- BSN Degree ^{10,11}	32
	32

Total Hours: 121

Code	Title	Hours
Nursing Prerequisites and Texas Core		59
Nursing Credit Hours (32 credits transferred in from ADN and 30 credits in nursing taken at SHSU)		62
Total Hours		121

- 1 Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science).
- 2 Satisfies Core Curriculum requirement for Component Area I (Communications).
- 3 Satisfies Core Curriculum requirement for Component Area II (Mathematics).
- 4 Satisfies Core Curriculum requirement Component Area VIII (Social and Behavioral Sciences).
- 5 Satisfies Core Curriculum requirement for Component Area VI (U.S. History).
- 6 SOCI 2319 is recommended and satisfies Core Curriculum requirement for Component Area IX (Component Area Option).
- 7 FSCN 1367 may be used as a transfer course for this requirement; please see a SAM Center advisor for more details.
- 8 Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).
- 9 PHIL 1301 is recommended and satisfies Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture).
- 10 Includes 12 hours NCLEX exam credit: NURS 3620 and NURS 4620.
- 11 Associate Degree in Nursing (ADN) is completed at a community college prior to applying to the RN-BSN program (joint admission option allows students to apply to the RN-BSN after completing the 1st semester of ADN).

Notes

Students must earn a minimum 2.5 GPA in nursing prerequisites and Core Curriculum coursework.

Students must earn a 2.0 minimum overall major GPA in all Nursing coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

All minors can be paired with this degree program.

Students must apply and be accepted into the SHSU School of Nursing prior to registering for any NURS courses.

Science courses do not require a 7 year renewal.

Students admitted not core complete, must meet the SHSU core curriculum requirements. For students who are taking prerequisite hours at SHSU, see the pre-licensure BSN requirements.

The nursing credit hours include 32 articulation credits and 30 hours taken at SHSU. Course substitutions in the degree specific credit hours may require additional elective credit hours to reach the total 121 credits required for the degree.

Students must receive a grade of "C" or better in each NURS course.

Students accepted into the SHSU School of Nursing are required to adhere to additional policies indicated in the School of Nursing student handbook.

NURS 4372 is recommended to be taken in the final semester.

For more information on the RN-BSN program, contact: prenursing@shsu.edu

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The RN to BSN is designed to provide graduates with the following marketable skills:

- Lead in the provision of safe quality care using evidence-based practice.
- Collaborate with patients and members of the healthcare team to promote health and provide preventive care.
- Incorporate ethical principles and professional standards to provide quality care to diverse populations.
- Advocate for patients and the nursing profession while incorporating dynamic system practices, health policies, and global healthcare factors.
- Maintain confidentiality and protect patient rights utilizing technology and information management systems.

About the College

The College of Humanities and Social Sciences consists of eight components:

- Communication Studies
- English
- History
- Political Science
- Psychology and Philosophy
- Sociology
- World Languages and Cultures
- Integrated Studies

Mission

The College of Humanities and Social Sciences (CHSS) provides an essential component to a liberal arts education: understanding all human beings as expressed in their literatures, histories, ideas, values, oral and written expressions, and behavior. By promoting analytic, interpretive, interpersonal research and communication skills, the College of Humanities and Social Sciences facilitates personal growth and educates competent professionals, and responsible citizens. Our overall mission is to prepare students for meaningful lives and careers as adept professionals and thoughtful, engaged citizens.

Highlights

- Interdisciplinary minors housed in the college include American Studies, Applied Ethics and Critical Thinking (THNK), Community Leadership, Latin American and Latinx Studies, Legal Studies, and Middle Eastern Studies.
- CHSS houses the Bachelor of Science in Integrated Studies, an innovative program where students can help design their own degrees.
- CHSS houses two Research Centers:
 - Center for the Study of Disasters & Emergency Management (CDEM)
 - Center for Multi-cultural Rural Development (CMRD)

- Faculty in the College of Humanities and Social Sciences have been recognized for their research and scholarship with national awards. Among these awards is a finalist for the 2016 Pulitzer Prize in History, a National Endowment for the Arts Literature Fellow, and a National Endowment for the Arts Creative Writing Fellow.
- Courses in the College of Humanities and Social Sciences exceed the national norms in teacher effectiveness and course excellence.
- CHSS prides itself in the number of opportunities for undergraduate students to conduct research with recognized scholars and supports faculty/student research teams through the SPUR (Sponsoring Promising Undergraduate Research) initiative.
- CHSS publishes the academic journal, *The Measure: A Journal of Undergraduate Research*.
- CHSS students have the opportunity to take Academic Community Engagement (ACE) courses across the curriculum. In these courses, students gain applied skills while serving their communities.
- The interdisciplinary American Studies minor encourages students to discuss social, cultural, and political questions that powerfully shape our present moment and inspire critical thinking for the future. The three concentrations represent a diversity of perspectives across academic disciplines in CHSS, and include the following: Regional and Borderland Studies, Ethnicity and Race in America, and Gender in America.
- Courses offered through the Ethics, Western Civilization, and American Traditions (EWCAT) program provide students with the opportunity to explore classic texts and participate in peer-led discussions. EWCAT sections are among our most popular in nearly every discipline.
- CHSS is home to many student organizations, both honorary and professional, to help build student resumes with active learning opportunities. Several of these clubs have been recognized regionally and nationally.

Academic Programs

Departments	Programs
Major	Degree(s)
Communication Studies	B.A., B.S.
English	B.A.
French	B.A.
History	B.A., B.S.
Integrated Studies	B.S.
Philosophy	B.A.
Political Science	B.A., B.S.
Psychology	B.S.
Sociology	B.A., B.S.
Spanish	B.A.

Undergraduate Certificates

Departments	Programs
Communication Studies	Communication for Health and Social Care Professionals
Communication Studies	Communication for Legal and Criminal Justice Professionals
Communication Studies	Communication for Sport Professionals
English	Technical Communication

Scholarships

The College of Humanities and Social Sciences and its member departments are committed to supporting undergraduate students through scholarships. Please see the SHSU website under Financial Aid and Scholarships (http://www.shsu.edu/~fao_www/scholarships/). General scholarships are distributed through the Scholarships4kats system. Application deadlines are posted on this website. Please also refer to individual department websites for information on any additional scholarship opportunities in specific disciplines.

Course-based Opportunities

- Take Writing-Enhanced Courses (W-courses) to augment learning opportunities and enhance employable soft skills. Students take six hours at the advanced level in their major field of study, as well as six hours from other areas of study.
- Conduct research with recognized scholars.
- Publish in *The Measure: A Journal of Undergraduate Research*.
- Take classes across three areas of concentration in the American Studies minor—Regional and Borderland Studies, Ethnicity and Race in America, and Gender in America—to engage with a crucial diversity of perspectives across academic disciplines in CHSS.
- Choose from among several interdisciplinary minors such as, American Studies, Applied Ethics and Critical Thinking (THNK), Community Leadership, Latin American and Latinx Studies, and Legal Studies.
- Join one (or more) CHSS student organizations, both honorary and professional, to help build a strong resume with active learning opportunities.

- Study abroad in such locations as Canada, Central America, Europe, Taiwan, and Mexico.
- Gain course skills while serving your community through Academic Community Engagement (ACE) courses.
- Explore classic texts and participate in peer-led discussion through courses in our Ethics, Western Civilization, and American Traditions (EWCAT) courses, which are among our most popular courses in nearly every discipline.

College Requirements

The College of Humanities and Social Sciences (CHSS) offers two degrees at the undergraduate level: Bachelor of Arts (BA) and Bachelor of Science (BS). The standard for the two degrees are given below. Both the BA and the BS degrees require:

- 42 hours of the Core Curriculum
- 120 hours minimum requirement for a degree
- 42 advanced hours
- 30 hours (typically) residency credit¹ (25% of credit hours required of degree), 24 must be advanced, 12 in major, 6 in minor

¹ Residency credit is given to courses taken at Sam Houston State University. This includes campus courses, courses taken at the Woodlands Center, courses abroad taught by SHSU faculty, and online courses. Correspondence courses are not considered residency credit courses

The BA and the BS degrees differ in their emphases on liberal arts versus natural science and mathematics.

Bachelor of Arts

The Bachelor of Arts (BA) degree is one that focuses on the traditional liberal arts. The BA degree develops graduates with broad knowledge of language, humanities, fine arts, and social sciences. The requirements for this degree include:

- 30-36 hours in a major area
- 18-24 hours in minor (Most majors require a minor—check with specific departments)
- 3 hours of an additional course in Philosophy, Fine Arts, or Communication Studies, beyond the courses in the Core Curriculum.
- 14 hours in one Foreign Language

Bachelor of Science

The Bachelor of Science (BS) degree focuses on scientific investigation; therefore, courses that emphasize the scientific methods are included. The requirements for this degree include:

- 30-42 hours in a major area
- 18-24 hours in minor (Most majors require a minor—check with specific departments)
- 8 hours (two additional courses) in Natural Science, beyond the courses in the Core Curriculum
- 3 hours of an additional course in Mathematics, Computer Science, or Logic, beyond the Core Curriculum

It should be noted that these requirements are minimum requirements and specific departments may require additional courses.

Bachelor of Science in Integrated Studies

In addition to the core, and three chosen minors, students in this degree plan complete the following special courses.

INTG 3301. Critical Approaches to Integrated Studies. 3 Hours.

Students research their chosen discipline minors to critically investigate and enhance their understanding of the fields associated with these minors. Emphasis is on students exploring links between their minors in preparation for coursework and employment or education beyond the interdisciplinary Bachelor's degree.

Prerequisite: Sophomore Standing.

INTG 4301. Integrated Studies Capstone. 3 Hours.

Students conduct career exploration activities as well as complete a capstone project linking the three minor areas of study that comprise the student's personalized Bachelor of Science in Integrated Studies degree. Students will research, review, and analyze the three academic minor areas and mold them into an innovative research report. Course Equivalents: LSTU 4301, UNIV 4301

Prerequisite: INTG 3301.

Minor in Applied Ethics and Critical Thinking

The minor in Applied Ethics and Critical Thinking departs significantly from tradition. Rather than a concentration of content in a specific discipline, it provides students with a cross-disciplinary intellectual experience. The courses constituting the minor are designed to foster evaluation of competing discourses surrounding complex societal issues through various disciplinary lenses. To give a more concrete example of what this means, a student might complete a Philosophy course focused on racial disparities in environmental policy, an English course focused on literary treatments of economic inequality, and a Sociology course focused on water scarcity. Thus, the student would have the opportunity to think critically about three distinct, ethically fraught issues in three disciplinary milieus.

The courses in the minor may be focused on disparate topics and discourses, but they are united in their method of instruction, which is uniquely suited to serving the minor's aim. This minor is comprised of courses that incorporate Peer-Led Team Learning (PLTL) on the Ethics, Western Civilization, and American Traditions (EWCAT) model. Each course in the sequence is designed to encourage student ownership of learning and engagement with original texts. EWCAT courses are currently taught in various departments in the College of Humanities and Social Sciences (CHSS).

Minor in Medical Humanities and Social Sciences

The Minor in Medical Humanities and Social Sciences provides students with an interdisciplinary curriculum that draws from the studies of rhetoric, literature, communication, philosophy, ethics, history, culture, psychology, political science, and sociology. Thus, the minor complements majors from all Humanities, Social Sciences, and Allied Health disciplines. It prioritizes student success and access by preparing them for advanced study or careers in medicine, healthcare policy or law, public health, social work, patient navigation and advocacy, healthcare administration, and health communication, among others.

Notes:

None of the courses taken by MHSS minors may be used to satisfy the requirements of any other major or minor. All students must receive a "C" in all minor courses and maintain a 2.0 GPA overall.

Integrated Studies

Program Coordinator: Dr. Montse Feu Lopez (mmf017@shsu.edu), College of Humanities and Social Sciences

Please visit the Integrated Studies (<https://www.shsu.edu/academics/humanities-and-social-sciences/integrated-studies/>) program webpage for more information.

Information:

Phone: 936-294-1448

Email: mmf017@shsu.edu

Physical Address: AB IV, 423

The Bachelor of Science in Integrated Studies degree is an interdisciplinary degree that allows students to design a curriculum to meet individual goals by connecting the Texas core curriculum, 3 academic minors, two Integrated Studies courses, and appropriate supporting courses.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/integrated-studies/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

- Students must have at least a 2.0 overall GPA.
- The degree requires 18 distinct hours in each minor, as well as INTG3301 (<http://catalog.shsu.edu/search/?search=INTG>) and INTG4301 (<http://catalog.shsu.edu/search/?search=INTG>).
- Meet with a SAM Center (<https://www.shsu.edu/centers/sam-center/>) advisor to declare your Bachelor of Science in Integrated Studies.
- Bachelor of Science, Major in Integrated Studies

Bachelor of Science, Major in Integrated Studies

Available Minors

A list of all available minors for the Bachelor of Science in Integrated Studies degree can be found her (<http://catalog.shsu.edu/degree-programs/>)e (<http://www.shsu.edu/programs/bachelor-of-general-studies/online.html>). Certain minor combinations may not be allowed if coursework is duplicative. Please, consult with the BS in Integrated Studies coordinator to ensure that the proposed combination of minors is appropriate. In keeping with the intent of minors to broaden the student's background knowledge, none of the Degree-Specific courses taken may be used to satisfy the requirement of any minor.

Minor Area 3 - 3rd or 4th year ^{4,5}		18
Total Hours		120

¹ MATH 1332 is recommended.

² These courses are in addition to major/minor requirements.

³ Students must have senior hours, be in good academic standing, have completed their required CHSS Core course, and INTG 3301 before registering INTG 4301.

⁴ Some minors require more than 18 semester credit hours.

⁵ The following minors cannot be paired with this degree program: Minor in Manufacturing Engineering Technology and Minor in Special Education.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Depending on the minor's chosen, Core Component Areas 2, 3, 4, 5, 6, 7, 8, 9 (including the 1-hour core component) could double dip from the core and the minors.

Each minor must have 18 unique credits. Depending on the minors, students may have to take more than 18 credits to complete the minor.

Graduation requirements include completing all course requirements along with completing at least 120 hours, 42 advanced hours, and 24 advanced in-residence hours and INTG 4301. Depending on the minors chosen, students may need to take general electives and/or advanced general electives outside of courses outlined on their degree plan to meet those requirements.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/integrated-studies/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

¹ MATH 1332 is recommended.

² Satisfies Core Curriculum requirement for Component Area I (Communication).

³ Satisfies Core Curriculum requirement for Component Area VI (U.S. History).

⁴ Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).

⁵ Critical Skills Core (select **one** of the following courses): ENGL 3330, ENGL 3377, HIST 3373, PHIL 2303, POLS 3379, SOCI 2399.

⁶ Some minors require more than 18 semester credit hours.

⁷ The following minors cannot be paired with this degree program: Minor in Manufacturing Engineering Technology and Minor in Special Education.

⁸ Select 15 advanced elective hours (3000-4000) from related subject areas.

⁹ The course chosen in this block may also satisfy a requirement for a minor.

- ¹⁰ Students must have senior hours, be in good academic standing, have completed their required Critical Skills Core course, and INTG 3301 before registering INTG 4301.

Notes:

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Depending on the minor's chosen, Core Component Areas 2, 3, 4, 5, 6, 7, 8, 9 (including the 1-hour core component) could double dip from the core and the minors.

Each minor must have 18 unique credits. Depending on the minors, students may have to take more than 18 credits to complete the minor.

Some minors require more than 18 semester credit hours.

The following minors cannot be paired with this degree program: Minor in Manufacturing Engineering Technology and Minor in Special Education.

Graduation requirements include completing all course requirements along with completing at least 120 hours, 42 advanced hours, and 24 advanced in-residence hours and INTG 4301. Depending on the minors chosen, students may need to take general electives and/or advanced general electives outside of courses outlined on their degree plan to meet those requirements.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Integrated Studies is designed to provide graduates with the following marketable skills:

- Integration of diverse fields and perspectives.
- Innovative problem-solving abilities.
- Writing expertise.
- Collaborative skills.
- Resourcefulness.

Department of Communication Studies

Chair: Dr. Frances E. Brandau (scm_feb@shsu.edu) (936) 294-1356

Information: (936) 294-1497; Suite 410 College of Humanities and Social Sciences Building (CHSS)

Website: Department of Communication Studies (<http://www.shsu.edu/commstudies/>)

Communication Studies is the modern heir to one of the world's oldest disciplines. Its connection to thought and language is fundamental, and its primacy in supporting marriage and the family, in obtaining employment, and in advancing a career, regardless of one's field, is well documented.

Mission

Communication Studies students learn the interpersonal skills required to lead teams and build successful collaborations. Students will learn how to write and deliver informative and make persuasive presentations using the latest technologies. They learn the skills necessary to effectively engage in interpersonal, small group, and intercultural forms of communication in a variety of contexts. They study the nuances of nonverbal communication, the dynamics of communication in and across both professional and social relationships, the principles of persuasion, the influence and power of culture on communication, as well as lying and other forms of deception, and theories of communications risk, health, and environmental issues, as well as how to apply these theories in today's rapidly changing world.

Highlights

The Department of Communication Studies provides a rich climate in which to pursue the study of communication with highly qualified faculty who take a personal interest in each student's learning. The friendly, cooperative climate among faculty is reflective of the general climate of collaborative learning throughout the department. Faculty participate in collaborative research projects with departmental colleagues and those from other

departments, as well as provide research opportunities for graduate and undergraduate students. All classrooms are equipped with the latest classroom and presentational technologies.

A state-of-the-art research laboratory in the department enhances research. The lab is equipped with high resolution video recording/playback capability and a 55-inch monitor, an ultra-low temperature freezer to store research samples, and a support room containing multiple computers to monitor various social science research projects.

Suggested Minors

There is no preferred minor for Communication Studies. Students should select a minor that suits their interests and career needs. Common minors include English, Political Science, Spanish, Psychology, Criminal Justice, Human Services, Sociology, Marketing, and General Business.

Career Opportunities

The Department of Communication Studies offers coursework that provides for a wide variety of career choices. Faculty members and students have ongoing research programs in various areas of interpersonal communication, such as: relationship maintenance and repair, health communication, intercultural communication, new communication technologies, affectionate communication, and visual persuasion. The program is actively involved in advising students about course sequences available to prepare them for careers in both public and private organizations and agencies.

Communication Studies graduates enter a variety of fields, including teaching at all levels, public advocacy and public relations, governmental relations, human resources, management, community affairs, corporate training, motivational speaking, nonprofit and professional fundraising, event planning, website development, and marketing. Many continue their studies in Communication Studies graduate programs or in law schools.

Curriculum

Required Courses for Major

Communication Studies offers both the Bachelor of Arts (B. A.) and Bachelor of Science (B. S.) degree options. The B. A. option requires 14 hours of a foreign language plus a Philosophy course, while the B.S. option instead requires 8 hours of natural science plus a math/statistics or computer science course beyond the core curriculum science requirement.

Students choosing to pursue a Bachelor of Arts degree with a major in Communication Studies must complete at least 30 hours of credit in Communication Studies (COMS) courses, including at least 9 hours of advanced courses and 6 hours of elective courses in the program. To satisfy the foreign language requirement, all hours must be taken in the same language.

If students choose the Bachelor of Science degree option they must complete at least 30 hours of credit in Communication Studies courses, including at least 9 hours of advanced courses and 6 hours of elective courses in the program.

All students must take the following courses:

Code	Title	Hours
Required Courses		
COMS 1361	Public Speaking	3
COMS 2331	Introduction - Communication Theory & Research	3
COMS 2386	Interpersonal Communication	3
COMS 4381	Communication Theory	3
12 hours Advanced COMS credits		12
6 hours COMS elective credits		6
Total Hours		30

COMS 2382 does not count toward the 30 hour requirement for majors.

- Bachelor of Arts, Major in Communication Studies
- Bachelor of Science, Major in Communication Studies
- Undergraduate Certificate in Communication for Health and Social Care Professionals
- Undergraduate Certificate in Communication for Legal and Criminal Justice Professionals
- Undergraduate Certificate in Communication for Sport Professionals
- Minor in Communication Studies

Student Organizations

Students may take advantage of the department's student organization, *CommuniKats*. The department is also home to the Lambda Beta chapter of Lambda Pi Eta, the official honor society of the National Communication Association.

Internships

The department offers internship opportunities for qualified students through COMS 4378.

Scholarships

The Department of Communication Studies offers several scholarships. Most scholarship deadlines are in March for the following academic year at: Scholarships4Kats (<https://www.shsu.edu/dept/financial-aid/scholarships/>).

Honor Society

Lambda Pi Eta (LPH) is the National Communication Association's official honor society at four-year colleges and universities. LPH has more than 500 active chapters at four-year colleges and universities nationwide.

LPH represents what Aristotle described in *Rhetoric* as three ingredients of persuasion: logos (Lambda), meaning logic; pathos (Pi), relating to emotion; and ethos (Eta), defined as character credibility and ethics.

² If COMS 1361 is used to satisfy 3 semester credit hours of the Core Curriculum requirement for Component Area IX (Component Area Option) additional hours will be needed to reach the minimum total semester credit hours of 120.

³ Satisfies Core Curriculum requirement for Component Area I (Communication).

⁴ Four courses in one language required.

⁵ Satisfies Core Curriculum requirement for Component Area VI (U.S. History).

⁶ If COMS 2386 is used to fulfill Core Curriculum requirements, additional hours will be needed to reach the minimum total semester credit hours of 120.

⁷ WOLC 2311 and WOLC 2312 satisfy Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture).

⁸ Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).

⁹ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Minor and elective hours should be chosen with the university requirement of 42 advanced hours in mind.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Communication Studies is designed to provide graduates with the following marketable skills:

- Professional oral and written communication
- Effective Presentation skills
- Research and analytical skills
- Evaluation of sources and information validity
- Data synthesis
- Critical thinking and the ability to compare and contrast information
- Multi-cultural and diversity competencies
- Conflict management and resolution
- Interpersonal communication
- Listening skills
- Leadership and teamwork
- Problem solving
- Ethical communication

Undergraduate Certificate in Communication for Health and Social Care Professionals

The Undergraduate Certificate in Communication for Health and Social Care Professionals is an 18-hour certificate program that builds from the department's existing undergraduate courses. The curriculum consists of six required classes that best suit students who are interested in pursuing careers in the health and social care industry (nurses, health technicians, patient ambassadors, health care managers, human service specialists, counselors, therapists, nutritionists, etc.). The certificate is a freestanding credential that can be earned as a stand-alone certification or awarded on the way toward a bachelor's degree.

Additional Information: Reference the Program Landing Page (<https://shsu.edu/programs/undergrad-certificate/communication-health-social-care-professionals/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

The Undergraduate Certificate in Communication for Health and Social Care Professionals is designed to provide graduates with the following marketable skills:

- **Communication Skills.** Students will be able to demonstrate effective verbal and nonverbal communication skills in health contexts.
- **Leadership.** Students will be able to demonstrate effective leadership of small groups in health contexts.
- **Problem Solving.** Students will synthesize information and present different viewpoints related to health communication.
- **Planning.** Students will gather and evaluate health information critically.
- **Interpersonal Communication.** Students will be able to demonstrate interpersonal competence in health contexts.

Undergraduate Certificate in Communication for Legal and Criminal Justice Professionals

The Undergraduate Certificate in Communication for Legal and Criminal Justice Professionals is an 18-hour certificate program that builds from the department's undergraduate program. The curriculum consists of six required classes that best suit students who are interested in pursuing careers in criminal justice, law enforcement, and the legal profession. The certificate can be a freestanding credential earned along the way toward a bachelor's degree in any field.

Code	Title	Hours

Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Undergraduate Certificate in Communication for Legal and Criminal Justice Professionals is designed to provide graduates with the following marketable skills:

- Identify communication theories and principles applicable to criminal justice professionals.
- Apply strategic communication principles related to criminal justice professionals.
- Synthesize information and present different viewpoints related to communication.
- Demonstrate intercultural communication competence in legal settings.
- Develop argumentation skills from a communication perspective needed for legal settings.
- Demonstrate effective conflict management skills in legal settings.
- Gather and evaluate information critically.

Undergraduate Certificate in Communication for Sport Professionals

The Undergraduate Certificate in Communication for Sport Professionals is an 18-hour certificate program for students who are interested in pursuing careers as sport promoters/marketers, professional trainers, sports event coordinators, and communication specialists for professional sports teams. Specifically, the careers would be those that are not tied to reporting and producing sports. This is intended as a certificate to assist in communication that occurs in the sports industry.

Total Hours		18

Note: COMS 2382 does not count toward the 18 hour requirement for minors.

Department of English

Chair: Dr. Jacob Blevins (jxb101@shsu.edu); (936) 294-1402

Information: Evans Building 458; (936) 294-1404

Website: Department of English (<http://www.shsu.edu/academics/english/>)

The Department of English offers students the opportunity to study language, literature, composition, and cultures.

Mission

The Department of English strives to provide students with opportunities to grow as learners and as individuals. Students in the English Program may, through study of literature, gain an awareness and knowledge of themselves and their contemporary world. English students may also combine their cultural interests with specific vocational objectives, such as professional writing, teaching, or pre-professional training for law, business, or medicine.

English forms the cornerstone of the humanities. In a variety of courses in literature, writing, and the English language, students find a source of personal enrichment, and they develop verbal, analytic, and cultural skills readily adaptable to a variety of careers.

English students learn to write with precision, to read and analyze texts with accuracy, to conduct research and organize a welter of materials, to speak and listen well — in short, to sharpen critical thinking and inquiry skills. These skills are highly valued by prospective employers. Most professions, while expecting new employees to be familiar with their specific fields, stress above all else the ability of their employees to read, write, think, and speak proficiently. Similarly, professional schools are interested in the student who reads, writes, thinks, and speaks well. Brochures from medical and law schools, for example, reflect an increasing awareness of the importance of an English background for future physicians and attorneys.

Academic Programs

Students in English may choose the Bachelor of Arts in English with an approved minor or may choose composite teacher certification in English, Language Arts, and Reading. Students may also opt to minor in English (with or without Secondary Education Certification), in Creative Writing, in Technical/Professional Writing, or in American Studies.

Highlights

- The English Department focuses on excellent teaching, featuring numerous Sam Houston State University Teaching Excellence Award winners.
- Faculty actively publish in national and international journals, win national literary awards, and serve as editors of scholarly journals.
- Nationally recognized writers are brought to campus each year to read their works to students and discuss the writing and publishing process. Such writers have included Richard Bausch, Alan Cheuse, George Garrett, Allison Joseph, X.J. Kennedy, Maurice Kilwein, Galway Kinnell, Alex Lemon, Larry McMurtry, Marilyn Nelson and Tim O'Brien.
- Students may publish and present their writing and enter writing contests. Numerous students have published works in regional and national journals.
- Academy of American Poets Prize - Students may compete for a poetry-writing prize judged by a nationally recognized poet.
- Students may gain professional experience as they participate in course projects to create documentation for non-profit and other community groups.
- Students enrolled in English classes may use Iris, a digital humanities creative suite offering state of the art facilities for multi-modal production.

Suggested Minors

SHSU offers a wide range of courses and areas students may use to structure a minor, and students should choose a minor to fit their individual interests and career goals. English majors may minor in Creative Writing, Professional Writing, or American Studies. Other common minors for English majors include Communication Studies, History, Mass Communication, Political Science, and Education.

Career Opportunities

When graduates leave SHSU with a degree in English, they are prepared for career opportunities or advanced study in teaching, technical and professional communication, journalism, government service, editing, scholarly and trade publishing, law, and business.

- Bachelor of Arts, Major in English
- Bachelor of Arts, Double Major in Education and English
- Undergraduate Certificate in Technical Communication
- Minor in American Studies
- Minor in Applied Ethics and Critical Thinking
- Minor in Creative Writing

- Minor in English
- Minor in Technical and Professional Writing

Student Organizations and Activities

Students in English may participate in many activities that will enrich their undergraduate experience and support the courses that they take:

- **English Club** offers a platform for SHSU students to build intellectual community and engage in meaningful acts of service to campus and local communities. English Club sponsors regular academic programs, community outreach events, and social events, all of which are open to SHSU undergraduates, regardless of major. Faculty Sponsor: Dr. Paul Child
- **Sigma Tau Delta**, the English honor society, invites junior and senior English majors and minors to become members of this prestigious national organization, with membership in the society recorded on each student's transcript. Sigma Tau Delta is an active student organization, sponsoring an annual food drive and readings throughout the school year. Applications for Sigma Tau Delta are available in the English office. Faculty Sponsor: Dr. Diane Dowdey
- **The Texas Review** is a nationally recognized literary magazine that, twice a year, publishes fiction, poetry, nonfiction prose, and reviews by writers from around the world. Texas Review Press sponsors the publication of eighteen to twenty-four books a year. Students may serve as interns while working as members of the *Review* and Press staff. Journal Editor: Nick Lantz
- **The Writer's Forum** provides opportunities for all SHSU students to publish their writing.

Internships and Study Abroad

- **Texas Review Press** - Students may serve as interns at Texas Review Press. Interns are involved in a variety of tasks, ranging from charting the development of a manuscript to evaluating submissions to the literary journal.
- **Internships** in business and industry may be available for qualified students who are working on a minor in Technical and Professional Writing.
- **National Book Foundation** internship in New York City.
- A **student exchange program** with the English Department at the University of Turku, Finland, provides students with an opportunity to study abroad for either a semester or a full year and transfer coursework toward their SHSU degree.

Scholarships

The English Department awards over \$100,000 per year in scholarships to outstanding undergraduate and graduate students. Information on University scholarships may be obtained at Scholarship4kats (<http://www.shsu.edu/dept/financial-aid/scholarships/>) or telephone 936-294-1672. You may also call the English Department Office (936-294-1403) for more information.

Total Hours: 120

¹ MATH 1332 is recommended.

² Satisfies Core Curriculum requirement for Component Area I (Communication).

³ Four courses required in one language.

⁴ Satisfies Core Curriculum requirement for Component Area VI (U.S. History).

⁵ Two courses required.

⁶ If the 2000 level Foreign Language courses are used to satisfy the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture), or if ENGL 2332 or ENGL 2333 is used to satisfy the Core Curriculum requirement for Component Area IV (Language, Philosophy, and Culture), additional hours will be needed to satisfy the minimum total semester credit hours of 120.

⁷ Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).

⁸ Course cannot double dip with core curriculum.

⁹ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.5 minimum SHSU major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.5 minimum SHSU major GPA in all major coursework.

The English major requires a total of 36 hours of English coursework, **12** hours of which must be at the 4000-level. [Note: ENGL 1301 and ENGL 1302 may not be used to meet this requirement.] All general requirements, including a minor, must be met.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state’s **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in English is designed to provide graduates with the following marketable skills:

- Think critically.
- Communicate effectively through written and oral communication.
- Conduct and interpret various modes of research.

Undergraduate Certificate in Technical Communication

The Undergraduate Certificate in Technical Communication provides students with an overview of the essential knowledge, skills, and competencies needed to communicate in ever-changing industries and professions. This undergraduate certificate allows students who are already pursuing a minor in a different field to acquire vital communication abilities through concentrated study in the field of technical and professional writing.

This Undergraduate Certificate is not eligible to receive Title IV funding -- Direct Loans, Pell Grant, TEACH Grant, SEOG Grant, or Federal Work Study. Students enrolled in this program should explore alternative funding options and are encouraged to contact the financial aid office for assistance.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/undergrad-certificate/technical-communication/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Those wishing to pursue the Undergraduate Certificate in Technical Communication must have completed their core composition requirements (ENGL 1301 and ENGL 1302) and be enrolled in good standing in an undergraduate degree program at Sam Houston State University. Students can enroll in the undergraduate certificate as post-baccalaureate coursework, or they can pursue the courses while they are concurrently enrolled in a Bachelor of Arts or Bachelor of Science program or as part of the minor in Technical Writing. Students may also earn the certificate in addition to a minor in another area.

Code	Title	Hours
Undergraduate Certificate in Technical Communication		
Required Courses		
ENGL 3330	Introduction to Technical Writing	3
ENGL 3378	Designing Written Documents	3
ENGL 4330 or ENGL 4335	Writing in the Professions Studies in Rhetoric	3
ENGL 4340	Professional Style and Editing	3
Total Hours		12

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state’s 60x30TX plan and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Undergraduate Certificate in Technical Communication is designed to provide graduates with the following marketable skills:

- Clarity of writing.
- Rhetorical awareness.
- Mastery of various workplace and social media documents/genres.

Minor in American Studies

The American Studies Minor explores aspects of the American experience locally, nationally, and within the global community from various perspectives and disciplines, including literature, history, political science, psychology, sociology, communication studies, and criminal justice. Minors will complete 18 semester credit hours of study.

Code	Title	Hours
Minor in American Studies		
Required Course		

AMST 3311	Introduction to American Studies	3
Prescribed Electives		
Five Elective Courses (See list below)		15
Total Hours		18

The elective courses will be drawn from three categories of concentration, and students will select two courses from any two of these categories and one course from a third category to constitute their fifteen elective hours.

1. Regional and Borderland Studies (studies of Texas, the Southwest, and border culture);
2. Ethnicity and Race in America (racial and ethnic minority experiences, history, and cultural expression); and
3. Gender in America (women's and masculinity studies).

ENGL 4335	Studies in Rhetoric	3
ENGL 4340	Professional Style and Editing	3
Total Hours		18

Department of History

Chair: Dr. (Bmj018@shsu.edu) Brian Jordan

Contact Information

(936) 294-4460
AB4 Room 441

Website: Department of History (<http://www.shsu.edu/academics/history/>)

Mission

The Department of History prepares students to learn about and analyze historical events; evaluate change over time; assess complex forces at work in the past; and learn how, in written and oral expression, to explain these various phenomena. In doing so, the department prepares students for any career requiring critical thinking and analytical skills. The Department of History is a vehicle—through teaching, research and service—for exploring the past on its own terms.

Highlights

The Department offers a wide range of undergraduate courses in U.S., European, and world history. Our faculty demonstrate the highest standards of quality in scholarship, teaching, and community engagement. Faculty include an SHSU Excellence in Teaching Award winner and a finalist for the Pulitzer Prize in History. Faculty engage in innovative, field-defining research in Texas, across the United States, and around the globe. They regularly publish scholarly books and articles that are read by popular and academic audiences alike. The Department sponsors study away and study abroad experiences in the United States, Mexico, and Central Europe. The Department's public history internship program offers for-credit, on-site summer internships at a dozen local and regional historic sites and cultural institutions. Our students have interacted with nationally-recognized scholars via our award-winning chapter of Phi Alpha Theta; likewise, they have visited historic sites around the state and region with our popular Bearkat History Club.

Suggested Minors

History majors can minor in a wide variety of disciplines, including:

- Communication Studies
- Computing Science
- Criminal Justice
- Economics
- English
- General Business
- Geography
- Journalism
- Mass Communication
- Math
- Philosophy
- Photography
- Political Science
- Psychology
- Sociology
- Theater
- World Languages

Career Opportunities

The study of history is the gateway to a wide range of careers. The analytical and communications skills at the heart of historical inquiry are natural springboards to vocations in education, museums and archives, journalism, public relations, government service, law, medicine, and business, among others. SHSU's rigorous History major, culminating in a capstone research seminar, also provides structured preparation for students intending to pursue graduate studies in the humanities or social sciences.

Program Specific Requirements

History majors pursuing a Bachelor of Arts degree are required to take four semesters of a single foreign language at SHSU. However, any languages can be accepted as transfer credits.

Curriculum

Required History Courses for Majors

The Bachelor of Arts degree requires 36 semester credit hours in History, including but not limited to: HIST 1301 HIST 1302, HIST 2311 HIST 2312, HIST 3300, and upper-level courses in U.S., European, and World History. All History majors are required to take a capstone research seminar at the 4000-level. At least 12 hours of upper-level history courses must be taken at SHSU.

- Bachelor of Arts, Major in History
- Bachelor of Science, Major in History
- Bachelor of Science, Double Major in Education and History
- Minor in Applied Ethics and Critical Thinking
- Minor in History
- Minor in Medical Humanities and Social Sciences

Student Organizations and Activities

The Department sponsors the Bearkat History Club and Phi Alpha Theta. The Bearkat History Club has a large student membership and organizes a wide variety of co-curricular activities, including lectures, film nights, and excursions to historical sites across the state and region. Members of Phi Alpha Theta, the national history honor society, won the Division V Best Chapter Award in 2017 and 2018. Phi Alpha Theta organizes workshops and seminars intended to hone research, analytical, presentation skills. Students regularly travel to and present papers at the biennial Phi Alpha Theta convention.

Internships and Study Abroad

Students interested in public history have the opportunity to complete a for-credit, on-site internship as part of their undergraduate curriculum. The department has partnered with at least a dozen local and regional historic sites, libraries, and cultural institutions to provide these opportunities for students. In recent years, interns have served at the Sam Houston Memorial Museum, the Texas Prison Museum, Colonial Williamsburg, the Rosenberg Railroad Museum, and the Baseball Hall of Fame in Cooperstown, New York, among others. The department also organizes study away and study abroad trips; recent study abroad experiences have explored the U.S. Civil War, Mesoamerican History, and the Civil Rights Movement.

Scholarships

A bevy of scholarships are available. Students must register with Scholarships4Kats (<http://www.shsu.edu/dept/financial-aid/scholarships/>). For information on university scholarships, please, visit the Office of Academic Scholarships (<http://www.shsu.edu/dept/financial-aid/scholarships/>) or telephone (936) 294-1672.

Stephen H Rapp, PHD (srapp@shsu.edu), *Professor of History, Department of History*, PHD, Univ of Michigan; MA, Univ of Michigan; BA, Indiana University

Bachelor of Arts, Major in History

The Bachelor of Arts in History degree prepares students to analyze and interpret historical events; to locate and evaluate primary and secondary sources; to appraise change over time; to appreciate the range, texture, and diversity of human experiences; and to assess the complex forces at work in the past. The degree prepares students for careers requiring critical and analytical skills, including but not limited to teaching, policy analysis, government, business administration, public history, and archives/library management. The Bachelor of Arts degree requires 36 hours in History, including: HIST 1301, HIST 1302, HIST 2311, HIST 2312, and HIST 3300; three advanced hours in American history; three advanced hours in European history; and three advanced hours in world history. Among the hours students take at the 3000-level in American, European, and world history, at least one course must have a primary focus on pre-modern history. All history majors are required to complete at least one 4000-level history course.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-history/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

A grade of C or higher in all History courses is required.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in History is designed to provide graduates with the following marketable skills:

- Engage effectively in regional, national, and global communities while promoting civil discourse and civic participation.
- Express ideas in written, oral, and visual communication.
- Think critically and analytically.
- Build an informed belief system by synthesizing knowledge and posing questions about different societies and cultures.

Bachelor of Science, Major in History

The Bachelor of Science in History degree prepares students to analyze and interpret historical events; to evaluate change over time; and to assess the complex forces at work in the past. The degree prepares students for any career requiring critical and analytical skills, but it is most beneficial for students who wish to pursue medical professions after their graduation. The Bachelor of Science in History degree requires 30 semester credit hours in history, including: HIST 1301, HIST 1302, HIST 2311 HIST 2312, three advanced hours in American history, three advanced hours in European

history, and three advanced hours in World History. All history majors are required to complete at least one 4000-level history course. At least 12 advanced hours must be taken in residence.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-history/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Major: Prescribed Electives

Additional Advanced Hours in History (one course at the 4000 level if not already taken from above categories in History Major) 15

Electives: General

General Electives 6

Minor: Not Required ^{6,7}

Total Hours 120

¹ MATH 1314 or MATH 1410 is recommended.

² CHEM 1411 and CHEM 1412 will satisfy the requirements in the Degree Specific Requirements and Component Area III (Life and Physical Science).

³ HIST 2311, and HIST 2312 are used to satisfy the Core Curriculum requirements, additional hours will be needed to satisfy the minimum total semester credit hours of 120.

⁴ Satisfies the Core Curriculum requirement for Component Area VI (U.S. History).

⁵ Pre-Modern History Requirement: Among the 3000-level courses a student takes in American, European, and World History one course must have a primary focus on content in pre-modern history (content dating to before 1600); this can overlap with other requirements. Please, see the list below of courses that fulfill the Pre-Modern History requirement.

⁶ A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours may be needed above the degree program's stated total semester credit hours.

⁷ All minors can be paired with this degree program.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

A minor is not required for this degree program; however, a student has the option to add a minor, but to do so additional semester credits hours will be needed above the degree program's stated total semester credit hours.

All minors can be paired with this degree program.

Students should use Elective and/or Minor hours to satisfy the 42 advanced hour requirement. All students must complete at least 120 hours to graduate.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in History is designed to provide graduates with the following marketable skills:

- Engage effectively in regional, national, and global communities while promoting civil discourse and civic participation.
- Express ideas in written, oral, and visual communication.
- Think critically and analytically.
- Build an informed belief system by synthesizing knowledge and posing questions about different societies and cultures.

Minor in History

A minor in history requires 27 semester credit hours, including:

Department of Political Science

Chair: Dr. Jason Enia (jason.enia@shsu.edu)

Department Contact Information: polsci@shsu.edu (936) 294-1467

On Campus: Building CHSS, Rm. 490

Mail: P.O. Box 2149, Huntsville, TX 77341-2149

Website: Department of Political Science (<http://www.shsu.edu/academics/political-science/>)

Political Science is an exciting discipline, mixing the drama of politics with the development of analytical and communication skills. Students examine:

- elections and campaigns
- the causes and impact of war
- the creation, implementation, and adjudication of law
- the interplay among government, business, and nonprofit sectors

The discipline prepares students to compete in a changing global economy, helping them land jobs in the fields of law, government, nonprofits, and business.

Mission

The mission of the Department of Political Science is to provide students with theoretical knowledge and understanding of core concepts and principles in Political Science while helping students develop practical experience and skills that are necessary for the marketplace. Within that context, the department focuses on programs and courses that emphasize civic engagement, public service, and citizenship and ethics at the local, state, national, and global levels.

To carry out this mission, the Political Science faculty endeavor to:

- Develop students' analytical, writing, speaking, interpersonal, and professional skills;
- Develop students' ability to work as effective members of a team;
- Develop students' ability to utilize technology to solve problems and accomplish goals;
- Prepare students for professional careers in the 21st century;
- Build students' citizenship skills, knowledge, and activism;
- Help students understand human beings in their diversity and gain an appreciation for democratic values; and
- Prepare students to make meaningful contributions to local, state, national, and global communities.

Academic Programs

The department offers courses in five areas:

- American government and politics
- international relations and foreign policy
- comparative politics
- public administration and policy
- political theory and methodology

Highlights

Political Science faculty members bring unique backgrounds to the classroom. They have strong academic and real-world credentials, with doctorates from top schools and practical experience in government and politics.

Suggested Minors

The Public Administration and Public Policy minor is offered through the Department of Political Science. This is an online minor designed to serve students who wish to pursue careers in the public and nonprofit sectors.

The Legal Studies minor is also offered through the Department of Political Science and is designed to help prepare students for law school and the legal profession.

Additional minors compatible with political science include: Applied Ethics and Critical Thinking, Communications Studies, Criminal Justice, History, Mass Communication, Philosophy, Sociology, and Statistics. Students may pursue a minor of their choice. See the SHSU Undergraduate Catalog for a listing of all minors offered at SHSU.

Career Opportunities

The Political Science curriculum lays the foundation for numerous exciting careers. By developing students' critical thinking, writing, and awareness of public problems, students graduate well prepared for jobs in business, government, nonprofits, and teaching. Recent graduates currently work as lawyers, judges, elected officials, lobbyists, nonprofit managers, business leaders, teachers, professors, talk-show hosts, and military officers.

Political Science also helps prepare students for graduate school or law school. Recent graduates have been accepted into high ranking graduate programs in political science, campaign management, and public administration. SHSU is one of the top seven percent of national universities in producing law-school students.

- Bachelor of Arts, Major in Political Science
- Bachelor of Science, Major in Political Science
- Minor in Applied Ethics and Critical Thinking
- Minor in Legal Studies
- Minor in Political Science
- Minor in Public Administration and Public Policy

Student Organizations and Activities

The Department of Political Science promotes student activities on campus and in the community. Our students hold positions in student government, campus social service, and political organizations. Our students volunteer with local organizations such as Boys and Girls Club, the SAAFE House, the Wounded Warrior Project, and Habitat for Humanity. The department recognizes student achievement with membership in Pi Sigma Alpha, the national Political Science honor society.

Internships

Advanced students are encouraged to gain professional experience, make contacts, and explore career options through the department's successful internship program and the internships offered through SHSU's LEAP Center (<https://www.shsu.edu/centers/leap/internships.html>). Recently, students have interned in city and county governments, the state legislature, the U.S. Congress, the U.S. Department of State, nonprofit groups, both major political parties, and law offices.

Scholarships

In addition to the University's student financial aid programs, the Department of Political Science also offers scholarships to majors and minors. For information, contact the department secretary. Information on University scholarships is available on the Office of Academic Scholarships website (http://www.shsu.edu/~fao_www/scholarships/) at or by phone at (936) 294-1672.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Additional Requirements:

- No grade below a C in a Political Science course will count toward the major.
- Students must have 42 advanced hours; at least 15 hours of POLS must be advanced.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Political Science is designed to provide graduates with the following marketable skills:

- Analytical, writing, speaking, interpersonal, and professional skills.
- Work as effective members of a team.
- Utilize technology to solve problems and accomplish goals.
- Prepare students for professional careers in the 21st century.
- Prepare students to make meaningful contributions to local, state, national, and global communities.

Bachelor of Science, Major in Political Science

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-political-science/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Code	Title	Hours
Bachelor of Science, Major in Political Science

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

Additional Requirements:

- No grade below a C in a Political Science course will count toward the major.
- Students must have 42 advanced hours; at least 15 hours of POLS must be advanced.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state’s **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Political Science is designed to provide graduates with the following marketable skills:

- Analytical, writing, speaking, interpersonal, and professional skills.
- Work as effective members of a team.
- Utilize technology to solve problems and accomplish goals.
- Prepare students for professional careers in the 21st century.
- Prepare students to make meaningful contributions to local, state, national, and global communities.

Minor in Legal Studies

Minors in Legal Studies must complete 18 semester credit hours of required courses and electives. In keeping with the intent of a minor to broaden the student’s background knowledge, none of the courses taken by Legal Studies minors may be used to satisfy the requirement of any major, including a Political Science major, or any other minor.

Code	Title	Hours
Minor in Legal Studies		
Required Courses		
POLS 3334	Judicial Systems ¹	3
POLS 4334	Constitutional Law I: Civil Rights and Liberties	3
POLS 4335	Constitutional Law II: Gov Powers & State-Federal Relations	3
Prescribed Electives		
Select one of the following Law-Related Skills courses:		3
ENGL 3377	Argument and Persuasion	
PHIL 2303	Critical Thinking (must be writing enhanced)	
PHIL 2352	Introduction to Contemporary Logic	
Select two of the following Substantive Legal Content courses:		6

Political Science:		
POLS 3338	Victims' Rights, Politics, and Policy	
POLS 3372	Contemporary Political Theory	
POLS 3385	International Law and Organizations	
POLS 4383	International Human Rights	
POLS 4081	Problems in Political Science ²	
Criminal Justice:		
CRIJ 4330	Law And Society	
CRIJ 4332	Legal Aspects Of Corrections	
CRIJ 4394	Constitutional Issues In Law Enforcement	
General Business:		
BUAD 3338	Entrepreneurial Law	
BUAD 3355	Business Law	
BUAD 3360	Human Resources Management Law	
BUAD 3365	Real Estate Law	
BUAD 4340	International Business Law	
History:		
HIST 3322	Black Civil Rights Movement	
Kinesiology:		
KINE 3365	Sport Law	
Security Studies:		
SCST 3380	Law and Ethics in Homeland Security	
Philosophy:		
PHIL 4336	Philosophy of Law	
Psychology:		
PSYC 3383	Psychology And The Law	
Total Hours		18

¹ The department encourages, but does not require, students to complete POLS 3334 prior to enrolling in POLS 4334 and POLS 4335.

² Students may use POLS 4081 to fulfill an elective requirement when the course topic is pertinent to the Minor in Legal Studies.

Minor in Political Science

Minors in Political Science must complete 18 hours in Political Science, including:

Code	Title	Hours
Minor in Political Science		
Required Courses		
POLS 2305	American Government	3
POLS 2306	Texas Government	3
POLS Electives (Advanced)		12
Total Hours		18

Note: No grade below C in Political Science will count toward this minor.

Minor in Public Administration and Public Policy

Minors in Public Administration and Public Policy must complete 18 hours of Political Science. With the exceptions created in footnotes 1 and 2 below, none of the courses taken by Public Administration and Public Policy minors may be used to satisfy the requirements of any major, including a Political Science major, or any other minor.

Code	Title	Hours
Minor in Public Administration and Public Policy		
Required Courses		
POLS 2305	American Government ¹	3

POLS 2306	Texas Government ¹	3
POLS 3302	Introduction to Public Policy ²	3
POLS 3366	Public Administration	3
Select two of the following: ²		6
POLS 3338	Victims' Rights, Politics, and Policy	
POLS 3339	Nonprofit Organizations	
POLS 3391	Government Organization and Management	
POLS 3392	Economic Policy	
POLS 3393	Social Policy	
POLS 3395	Environmental Policy	
POLS 4081	Problems in Political Science	
POLS 4094	Political Science Internship ³	
POLS 4095	Independent Studies	
Total Hours		18

¹ Satisfies both the Core Curriculum requirement for Component Area VII (Political Science/Government) and the minor requirement.

² If student is a Political Science major and a Public Administration and Public Policy Minor, POLS 3302 will satisfy the Major Foundation requirement for the major. Student will need to choose three electives from the list below to meet the 18 hour requirement for the minor.

³ POLS 4094 may be used to satisfy the one of the requirements below if the internship has been approved by the department and is relevant to the Public Administration and Public Policy minor.

Note: Students **are restricted** from minoring in both Political Science and Public Administration and Policy.

Department of Psychology & Philosophy

Chair: J (yit002@shsu.edu)orge Varela, PhD (jgv002@shsu.edu)

Phone: (936) 294-4161

Website: Department of Psychology and Philosophy (<http://www.shsu.edu/academics/psychology-and-philosophy/>)

Mission

The Department of Psychology and Philosophy supports the mission of the University and that of the College of Humanities and Social Sciences. The Department is committed to providing a quality educational environment conducive to scholarship and the acquisition of knowledge and applicable skills. We recognize that this ideal requires the effective use of faculty expertise and creativity, a sensitivity to needs of university and community, as well as a genuine concern for the abilities and goals of students.

Philosophy Program

Coordinator of Philosophy Program: Contact the department at (936) 294-1174 or visit CHSS 390

Website: Philosophy Program (<http://www.shsu.edu/academics/psychology-and-philosophy/philosophy/>)

Highlights

- Opportunities for collaborative scholarly research.
- Texas Gamma Chapter, the local chapter of Phi Sigma Tau, the National Honor Society in Philosophy offers networking opportunities with undergraduate students and faculty

Suggested Minors

- Art
- Biology
- Criminal Justice
- English
- History
- Mathematics
- Music
- Photography
- Physics
- Political Science
- Psychology
- Sociology

Career Opportunities

A Philosophy major is an excellent preparation for law school. Other careers pursued by Philosophy majors include theology, teaching, systems analysis, and medicine.

Psychology Program

Information: Contact the department at (936) 294-1174 or visit CHSS 390

Website: Psychology Program (<https://www.shsu.edu/academics/psychology-and-philosophy/psychology/>)

Highlights

- Faculty-student collaborative research opportunities.
- Local Chapter of Psi Chi, the National Honor Society for Psychology and the Psychology Club offer networking opportunities with undergraduate and graduate students and faculty.
- Psychology faculty publish in nationally recognized scientific journals.

Suggested Minors

- Biology
- Business Administration
- Chemistry
- Communication Studies

- Criminal Justice
- Human Services
- Philosophy
- Statistics
- Special Education

Career Opportunities

The Bachelor of Science degree in Psychology is a useful and interesting program of study for liberal arts students and those desiring work in such areas as human services, public relations, correctional institutions, rehabilitation facilities, program development, and research to name just a few.

- Bachelor of Arts, Major in Philosophy
- Bachelor of Science, Major in Psychology
- Minor in Applied Ethics and Critical Thinking
- Minor in Ethics
- Minor in Philosophy
- Minor in Psychology

Psychology

Student Organizations and Activities

- Psi Chi Chapter, the National Honor Society for Psychology, Local Chapter
- Psychology Club
- Undergraduate Research

Scholarships

- **Psychology Endowed Scholarship in memory of John Symonds and Patrick Weber.** The funds are in memory of two of the original charter members of the department.

Please refer to the on-line Scholarships4Kats (<http://www.shsu.edu/dept/financial-aid/scholarships/>) program for information regarding all scholarship opportunities in the Program, in the Department, and at the University.

Philosophy

Student Organizations and Activities

- Philosophy Club
- Ethics Bowl
- Texas Gamma Chapter, the local chapter of Phi Sigma Tau, the National Honor Society in Philosophy

Scholarships

- **Thomas W. Satre Endowed Scholarship.** The fund is established in memory Dr. Thomas W. Satre, Professor of Philosophy at Sam Houston State University.

Please refer to the on-line Scholarships4Kats (<http://www.shsu.edu/dept/financial-aid/scholarships/>) program for information regarding all scholarship opportunities in this Program, in the Department, and at the University.

Bachelor of Arts, Major in Philosophy

Program Specific Requirements

The Philosophy Major requires 30 semester hours of course work in Philosophy.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-arts-in-philosophy/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Code	Title	Hours
Bachelor of Arts, Major in Philosophy		
Core Curriculum		
Component Area I (Communication)		6
Component Area II (Mathematics) ¹		3
Component Area III (Life and Physical Science)		8
Component Area IV (Language, Philosophy, and Culture) ²		3
Component Area V (Creative Arts)		3
Component Area VI (U.S. History)		6
Component Area VII (Political Science/Government)		6
Component Area VIII (Social and Behavioral Sciences) ³		3
Component Area IX (Component Area Option)		4
Degree Specific Requirements		
Foreign Language ⁴		14
Fine Arts (PHIL 3366 recommended) ⁵		3
Major: Foundation		
PHIL 2303 or PHIL 2352	Critical Thinking ³ Introduction to Contemporary Logic	3
PHIL 3364	Ancient & Medieval Philosophy	3
PHIL 3365	Modern Philosophy	3
Major: Required		
PHIL Coursework ⁶		21
Electives: General		
General Electives (PSYC 1301, World History, and World Literature recommended) ⁸		13
Minor: Required ⁷		
Minor (six hours must be advanced)		18
Total Hours		120

¹ MATH 1332 is recommended.

² Philosophy majors can satisfy this requirement by completing either PHIL 1301 or PHIL 2306, which will also count toward the required PHIL coursework.

³ PHIL 2303 satisfies both the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences) and 3 hours toward the major.

⁴ Four Foreign Language courses in one language required.

⁵ Philosophy majors can satisfy this requirement by completing PHIL 3366, which will also count toward the required PHIL coursework.

⁶ These 21 hours are in addition to the 9 hours of required PHIL courses listed in the Major Core. Students may satisfy this requirement by completing any PHIL courses with grades of C or better.

⁷ The following minor cannot be paired with this degree program: Minor in Philosophy.

⁸ All students are required to complete a minimum of 120 hours of course work to earn their B.A. in Philosophy. Students who count any combination of PHIL 1301, PHIL 2303, PHIL 2306, or PHIL 3366 toward both the required PHIL courses/hours and other degree requirements (see footnotes 2, 3, and 4) must complete additional elective hours to reach the required 120 hours of total coursework. Students are encouraged to use this increased flexibility to take additional courses that complement their plan of study,

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

It is suggested that students visit with their advisors in choosing a minor.

In addition to advanced PHIL hours, students should use elective and/or minor hours to satisfy the 42-advanced-hour requirement.

As of Fall 2009, only grades of C or above in Philosophy Program courses (those with the prefix PHIL) will count toward the major in Philosophy.

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-of-arts-in-philosophy/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

Total Hours: 120

¹ MATH 1332 is recommended

² Philosophy majors can satisfy this requirement by completing either PHIL 1301 or PHIL 2306, which will also count toward the required PHIL coursework.

³ Satisfies Core Curriculum requirement for Component Area I (Communications).

⁴ Satisfies Core Curriculum requirement for Component Area VI (U.S. History).

⁵ Satisfies Core Curriculum requirement for Component Area VII (Political Science/Government).

⁶ PHIL 2303 satisfies both the Core Curriculum requirement for Component Area VIII (Social and Behavioral Sciences) and 3 hours toward the major.

⁷ Four courses required in one language.

⁸ The following minor cannot be paired with this degree program: Minor in Philosophy.

⁹ Philosophy majors can satisfy this requirement by completing PHIL 3366 which will also count toward the required PHIL coursework.

¹⁰ All students are required to complete a minimum of 120 hours of course work to earn their B.A. in Philosophy. Students who count any combination of PHIL 1301, PHIL 2303, PHIL 2306, or PHIL 3366 toward both the required PHIL courses/hours and other degree requirements (see footnotes 2, 6, and 7) must complete additional elective hours to reach the required 120 hours of total coursework. Students are encouraged to use this increased flexibility to take additional courses that complement their plan of study,

¹¹ PSYC 1301, World History, and World Literature recommended.

¹² These 21 hours are in addition to the 9 hours of required PHIL courses listed in the Major Core. Students may satisfy this requirement by completing any PHIL courses with grades of C or better.

Notes

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

It is suggested that students visit with their advisors in choosing a minor.

In addition to advanced PHIL hours, students should use elective and/or minor hours to satisfy the 42-advanced-hour requirement.

As of Fall 2009, only grades of C or above in Philosophy Program courses (those with the prefix PHIL) will count toward the major in Philosophy.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

Students with a degree in Philosophy would graduate with the following skills,

- A well-developed capacity for synthesizing information.
- Strong critical thinking abilities.
- The ability to communicate ideas in a clear and coherent way, in both written and oral mediums.
- A well-developed capacity to understand diverse perspectives.

Bachelor of Science, Major in Psychology

Only grades of C or above in Psychology Program courses (those with the prefix PSYC) will count toward the major in Psychology.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Psychology is designed to provide graduates with the following marketable skills:

- Exhibit effective oral presentation skills.
- Gain experience working with diverse groups of people who are collaborating to achieve a common goal.
- Engage in innovative and integrative thinking and problem solving.
- Design, conduct, and interpret basic psychological research by developing creative research hypotheses and testing those hypotheses.

Minor in Ethics

Students seeking a minor in Ethics are required to complete a minimum of 18 semester credit hours.

Code	Title	Hours
Minor in Ethics		
Required Courses		
PHIL 2306	Contemporary Moral Issues	3
PHIL 2303	Critical Thinking	3
PHIL 4363	Ethical Theories	3
Prescribed Electives		
Choose three of the following		9
PHIL 3373	American Philosophy	
PHIL 4333	Bioethics	
PHIL 4334	Environmental Ethics	
PHIL 4336	Philosophy of Law	
PHIL 4371	Death and Dying	
PHIL 4374	Philosophy of Crime & Justice	
PHIL 4375	Feminist Philosophies	
PHIL 4377	Philosophy of Race	
Students may choose one of the following substantive ethics content courses in lieu of one PHIL elective listed above: ¹		
GEOG 3350	Cultural Geography	
GEOG 4331	Conservation of Natural Resources	
HIST 3322	Black Civil Rights Movement	
HIST 3323	History of American Slavery	
HIST 3327	Topics in the History of Gender and Sexuality	
HIST 3373	Topics in the History of Science and Medicine	
LALS 3340	Latin American and Latinx Gender Studies	
POLS 3372	Contemporary Political Theory	
POLS 3377	Survey of Political Theory	
POLS 4383	International Human Rights	
SOCI 3324	Social Inequality	
SOCI 3325	Gender And Inequality	
SOCI 3354	Sociology of the Life Course	
SOCI 3355	Racial and Ethnic Inequality	
SOCI 4337	Environment And Society	
Total Hours		18

¹ Students may, but are not required to, apply at most one non-philosophy course toward the elective component of the ethics minor. Students may petition philosophy program coordinator to apply a course with substantive ethics content that is not on this list toward the elective component. Double dipping of this course with major is permitted.

Note: Students pursuing the Philosophy Major **may not** count any course used in satisfying the requirements of that major toward the Minor in Ethics or the traditional Minor in Philosophy. Additionally, a student **may not** count the same course toward both minors.

Minor in Philosophy

Students seeking a minor in Philosophy are required to complete a minimum of 18 semester credit hours:

Code	Title	Hours

Department of Sociology

Chair: Dr. Jason Konefal (jtk007@shsu.edu)(936) 294-1511

Information: Tamara Draper (tjd009@shsu.edu) (936) 294-1512; CHSS 270X

Website: Department of Sociology (<http://www.shsu.edu/academics/sociology/>)

Mission

Sociology is a discipline concerned with equality, justice, and social responsibility within society's cultural, political, and economic systems. The mission of the Sociology Department at Sam Houston State University is to cultivate sociological mindfulness, which involves understanding how social forces and cultural contexts shape people's experiences, how personal troubles are connected to broader social issues, and how social arrangements create both constraints and opportunities for individuals and groups. Sociological mindfulness promotes critical and analytical thinking and equips students with the theoretical, methodological, and communication skills to work with others to solve problems and improve social conditions in local communities and the broader society.

Programs

The Sociology Department offers a Bachelor of Arts, a Bachelor of Science, and a Minor in Sociology. The BA and BS programs provide students with strong conceptual and methodological foundations, training in applied methods, and a wide range of elective course options. All our programs are offered both in-person and online. The department is also home to the Minor in Community Leadership and the Minor in Environmental Studies. The Minor in Community Leadership is an interdisciplinary program that gives students the knowledge, skills, and experience to be agents of change in their communities. The Minor in Environmental Studies provides students with a broad range of social, historical, and scientific perspectives on the relationship between social systems and the environment.

Program Learning Outcomes

Students who major and minor in sociology gain proficiency and expertise in a wide range of skills:

- Knowledge and experience in problem-solving, data analysis, and critical thinking.
- Appreciation for cultural differences and experience working on diverse teams.
- Written and verbal communication skills.
- Interpersonal and cross-cultural communication skills.
- Experience using conceptual frameworks and diverse research methods to think systematically about and assess equality, justice, and social responsibility within society's institutions.
- The ability to identify practical solutions to an array of social problems and help improve social conditions in their local communities and the broader society.

Highlights

- The Sociology Department focuses on excellent teaching.
- The sociology faculty collaborate with undergraduates on research and the Sociology Department sponsors undergraduate research, including presentations at regional and national conferences.
- The Sociology Department offers an internship program that provides students with hands-on experience and work experience.
- Members of the Sociology Department have published books, textbooks, and journal articles, as well as, maintain active research programs in diverse areas.

Suggested Minors

- Communication Studies
- Community Leadership
- Criminal Justice
- Health Education
- History
- Human Services
- Latin American and Latinx Studies
- Middle Eastern Studies
- Political Science
- Psychology

Career Opportunities

Sociology graduates find successful employment in the private sector (management, human resources, public relations, research); public sectors (Federal, State and Local Government agencies), and in non-profit organizations (NGOs) in the areas of social services, civic engagement, and advocacy.

Career paths include:

- Non-profit advocacy
- Market research and data analysis
- Government, law, and court professions
- Case management and child protective service
- Private and public sector work in sales and supervision
- Human resource management and public relations
- Education and teaching

Curriculum

The sociology curriculum is focused on developing sociological perspectives and providing students with the skills and tools to be successful both in their future careers and as engaged members of society. All of the sociology degree programs emphasize critical and analytical thinking, and theoretical, methodological, and communication skills that equip students to solve problems and improve social conditions in local communities and the broader society. The sociology Bachelor of Arts and Science programs include core, applied core, and elective courses. The applied core consists of skill-based courses that provide students with research and analytical skills that are applicable across a range of fields and careers. Students can choose any five electives and thus, can customize their sociology major to fit with their interests. Sociology minors have three required core classes and then can choose any three electives. All sociology programs, except the Minor in Community Leadership, are offered both in-person and online. Students can complete their sociology program requirements in-person, online, or through a combination of the two formats. As part of their sociology program, students are encouraged to participate in research projects and extra-curricular activities designed to foster sociological thinking and application.

Students must successfully complete SOCI 1301 or SOCI 2319 before taking additional sociology courses with the exception of SOCI 3324, SOCI 3381, SOCI 3341, SOCI 4337, and SOCI 4339. The only substitution permitted is Psychology Statistics (PSYC 3402) for Social Statistics (SOCI 3345).

Research

The department strongly encourages and supports undergraduate student research and research collaborations with faculty members. SHSU sociology majors and minors regularly present their papers at regional and national conferences and publish their work in academic student journals.

Participating in research provides numerous benefits to students. It offers students opportunities to get hands-on experience, participate in professional activities, apply their knowledge, test out potential careers, and build up their resume. Student participation in research enhances intellectual, communication, and teamwork skills.

The Sociology Faculty looks forward to working with students on research projects. You can learn more about faculty research interests and projects of the sociology faculty by contacting the Department Chair at jason.konefal@shsu.edu.

Student Organizations and Activities

Students in the Sociology Club and Alpha Kappa Delta, the Sociology professional honor society, are introduced to the profession of Sociology through activities including: research opportunities, volunteer work, organization of special events, participation in professional meetings, and programs highlighting speakers of note in the many interest areas of Sociology.

Internships

Internship opportunities are available for senior Sociology majors. Interns are placed with employers, including social service organizations, government agencies, healthcare facilities, and private companies. More information about the Internship Program can be found online at the Department of Sociology: Internships (<https://www.shsu.edu/academics/sociology/internships/>).

Scholarships

The department offers several scholarships. For information contact the department or visit the Sociology Department (<http://www.shsu.edu/academics/sociology/>).

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in Sociology is designed to provide graduates with the following marketable skills:

- Knowledge and experience at problem solving, data analysis, and critical thinking.
- Interpersonal and cross-cultural communication skills.
- The skills necessary to be productive members of diverse teams.
- The use of conceptual frameworks to understand and assess equality, justice, and social responsibility within society's cultural, political, and economic systems.
- The skills to solve problems and improve social conditions in local communities and the broader society.

Career paths include:

- Non-profit advocacy
- Market research and data analysis
- Government, law, and court professions
- Case management and child protective service
- Private and public sector work in sales and supervision
- Human resource management and public relations
- Education and teaching

Bachelor of Science, Major in Sociology

Additional information: Reference the Program Landing Page (<https://www.shsu.edu/programs/bachelor-degree-in-sociology/>) for additional information, such as cost, delivery format, contact information, or to schedule a visit.

The **Bachelor of Science in Sociology** requires a minimum of 120 hours of coursework, including the SHSU Core Requirements (42 hours), Degree Specific Requirements (12 hours – 8 hours of Natural Sciences, 3 hours of Math, and 1 hour of NGLI), Sociology Core, Applied Core, and Electives (36 hours), a minor (18 hours), and 12 additional hours of general and/or advanced electives. The coursework should be distributed as follows:

Minor in Community Leadership

The Minor in Community Leadership provides students with knowledge, skills, and dispositions to be agents of change in their communities. Students begin the minor with the foundational Intro to Community Leadership SOCI 3305 (<http://catalog.shsu.edu/undergraduate/course-descriptions/soci/>) and strengthen their communication skills in Intercultural Communication COMS 3370 (<http://catalog.shsu.edu/undergraduate/course-descriptions/coms/>). Once students have completed SOCI 3305 (<http://catalog.shsu.edu/undergraduate/course-descriptions/soci/>) and are in their senior year, they are eligible to enroll in the capstone internship course SOCI 4379 (<http://catalog.shsu.edu/undergraduate/course-descriptions/soci/>). The three core courses all feature the Academic Community Engagement (ACE) pedagogy giving students opportunities to apply knowledge and skills to meet community needs and gain professional experience. Three elective courses round out the minor providing students an interdisciplinary perspective on community leadership

Minor in Cultural Competency

The Minor in Cultural Competency offers students an interdisciplinary understanding of the pluralistic workplaces and communities of today. By minoring in cultural competency, students gain knowledge, skills, and perspectives essential to full participation in civic life, career development, and the promotion of a just society. Students will develop a broad awareness of the institutional, interpersonal, and psychological dimensions of diversity and will be equipped to be champions for underserved groups. The minor empowers students to be leaders in both public and private sectors, and it complements any major or profession involving diverse populations.

Minor in Sociology

A Minor in Sociology is an excellent complement for students intending careers in health-related fields, the non-profit sector, government, higher education, human resource management, social services, and business. The Minor in Sociology provides students with instruction in core sociological concepts and methods. In addition, the minor equips students with conceptual and methodological skills as well as sociological knowledge in areas of their choosing. The Minor in Sociology requires a total of 18 hours in Sociology and should be distributed as follows:

Code	Title	Hours
Minor in Sociology		
Required Courses		
SOCI 1301	Introduction to Sociology	3

Department of World Languages and Cultures

Chair: Dr. Maria Barker (mhb015@shsu.edu) (936) 294-1442

Information: (936) 294-1441; ABIV 431; worldlanguages@shsu.edu

Website: Department of World Languages & Cultures (<https://www.shsu.edu/academics/foreign-languages/>)

The Department of World Languages & Cultures (WOLC) at SHSU is a multilingual department engaged in researching and teaching a host of world languages.

Mission

The Department of World Languages and Cultures (WOLC) offers a wide array of language and culture courses in Arabic/Middle Eastern Studies, American Sign Language, French, German, and Spanish. Our students become leaders, professionals and innovators in community, national and international organizations, and in professions of law, education, and business, and more. Through our commitment to a better understanding of world cultures and languages, we proudly sponsor the Arnaud and Edwards as well as the Mozelle Powell endowment scholarships that have enabled our students to pursue the study of world languages both on the SHSU campus and abroad.

The department's dedicated faculty conduct cutting-edge scholarship in languages, cultures and literatures as they intersect globally-engaged issues of multilingualism and multiculturalism. Our faculty have published numerous books and research articles in these areas and beyond. With rigor we devote ourselves to understanding the cultural impact and transformative potential of languages and cultures in a global community.

Highlights

We are invested in innovative inquiry in fields that intersect and complement languages and cultures such as Art, Literature, Cultural Studies, Film, Media, Legal Studies, Applied Linguistics and Translation Studies. At the forefront of innovative pedagogy and scholarly inquiry, WOLC offers courses at all levels of undergraduate and the MA at the graduate level in a variety of flexible and convenient formats to enable in-depth understanding of languages, literatures and cultures.

Our signature study abroad programs in Costa Rica and France are led by our own faculty, and we assist students with enrollments in other host countries. The Department of World Languages and Cultures organizes campus wide events, performances, lectures, and discussions on a host of topics to increase our understanding of multilingual global communities.

Suggested Minors

WOLC offers a wide range of language, culture, and professional courses for minors in Business; Communication Studies; Criminal Justice; Elementary and Secondary Education; Health; Mass Communication; and Political Science. Minors in other fields will also develop essential critical thinking and intercultural communication skills through language and culture study.

Career Opportunities

Studying language(s) and culture(s) provides valuable training for students pursuing careers in a variety of fields, including business, criminal justice and law, education, healthcare, political and public administration, publishing and media industries, and social work, among many others. These expanding career fields seek students with a solid and critical interpretation of multicultural and multilingual communities. Studying language and culture equips students with crucial skills for lifelong learning and professional development. In an increasingly global market, we prepare our students for a bright future in the professional world and in graduate work.

- Bachelor of Arts, Major in French
- Bachelor of Arts, Major in Spanish
- Bachelor of Arts, Double Major in Education and Spanish
- Minor in American Sign Language
- Minor in French
- Minor in German
- Minor in Latin American and Latinx Studies
- Minor in Middle Eastern Studies
- Minor in Spanish
- Minor in Spanish Interpretation and Translation for Health Professions

Student Organizations and Activities

The World Languages and Cultures Department sponsors many student organizations and activities that enhance Sam Houston State University's multilingual and multicultural communities. Visit World Languages and Cultures (<https://www.shsu.edu/academics/world-languages-cultures/>) for more information.

Study in America/Abroad

WOLC offers faculty-led or affiliated summer study away programs. These intensive courses are designed to improve students' linguistic and cultural competence and offer a fantastic chance to experience the cultures of the world in conjunction with courses of study at SHSU.

Students can complete basic/intermediate courses or major/minor courses, or simply use the study away experience to improve language skills and cultural competency. Visit the Global Engagement Center (<https://www.shsu.edu/dept/global-engagement/>) for more information about study away.

Scholarships

Scholarships: Students in languages may apply for the Foreign Languages Scholarship, for the Mozelle Powell Spanish Scholarship, the Seola Arnaud & R.V. Edwards, Jr. Endowed French Scholarship, or the Dr. Mary E. Gutermuth Endowed Scholarship. For more information, apply online at Scholarships4Kats, contact the Department of World Languages and Cultures office, or visit us online at World Languages and Cultures (<https://www.shsu.edu/academics/world-languages-cultures/>).

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA in French is designed to provide graduates with the following marketable skills:

- Assess best cultural and language practices and competences to engage with others in professional, academic, and social contexts.
- Engage in pluricultural identities, mediate among cultures, and navigate cultural differences.
- Evaluate assumptions, concepts, language and culture to develop feasible solutions based on analysis and interpretation of results.
- Apply knowledge and skills to implement sophisticated, appropriate, and workable solutions to address complex problems using multilingual and multicultural perspectives.
- Adapt and apply a deep understanding of multiple world views, experiences, and power structures while initiating meaningful cross-cultural interaction to address significant global questions.

Minor in American Sign Language

A minor in American Sign Language requires a total of 23 hours of coursework. These include:

Code	Title	Hours
Minor in American Sign Language		
SGNL 1401	Elementary American Sign Language I	4
SGNL 1402	Elementary American Sign Language II	4
SGNL 2311	Intermediate American Sign Language I	3
SGNL 2312	Intermediate American Sign Language II	3
Advanced courses in DSSL or WOLC (six hours of which must be taken in residence.)		9
Total Hours		23

Foreign Language Requirement

The 12-14 semester hour requirement consists of four courses in one language: 1411 (or 1401), 1412 (or 1402), 2311, and 2312. These courses must be taken in sequence. No two courses in the series may be taken concurrently without the written approval of the Department Chair. The requirement reads "12-14 hours" to accommodate transfer students from institutions that award only 3 hours credit for each semester of the first year.

Credit-by-Examination/Placement Examination

The University offers a subject exam in order to determine the amount of credit to be given for courses which need not be taken because of adequate performance on the examination. Inquiries should be directed to the SHSU Testing Center (<https://www.shsu.edu/centers/testing-center/>).

Minor in French

A minor in French requires a total of 23 hours of coursework. These include:

Code	Title	Hours
Minor in French		
FREN 1411	Elementary French	4
FREN 1412	Elementary French	4
FREN 2311	Intermediate French I	3
FREN 2312	Intermediate French II	3
Advanced FREN courses (six hours of which must be taken in residence.) ¹		9
Total Hours		23

¹ WOLC 4363 may also be counted as an advanced course for the minor.

Foreign Language Requirement

The 12-14 semester hour requirement consists of four courses in one language: 1411 (or 1401), 1412 (or 1402), 2311, and 2312. These courses must be taken in sequence. No two courses in the series may be taken concurrently without the written approval of the Department Chair.
