ATTR 5112. Upper Extremity Injuries Lab. 1 Hour.
Students apply practical skills in the areas of evaluation, diagnosis, care, and referral of upper-extremity orthopedic injuries. Course content includes evaluation skills and clinical decision-making that allows for the development of clinical diagnoses procedures including the assessment of various musculoskeletal conditions, the selection of appropriate referral strategies, and the development of plans of care for upper-extremity injuries and conditions. Co-requisite: [ATTR 5312](#).
Prerequisite: [ATTR 5310](#), [ATTR 5311](#), and [ATTR 5111](#).

Notes

- Maintain an overall graduate GPA of 3.0 or higher (A 3.0 is the absolute minimum required for graduation).
- Grades of "B" or better are required for all graduate-level coursework. A student who earns a "C" in any course within the program will have his/her graduate status reviewed by a committee comprised of the department or college's graduate faculty, and appropriate remediation will be implemented. If a second grade of "C" is earned the student will be terminated from the program and from graduate studies at SHSU.
