Educational Technology Certificate

Goals

Goal Description:

Students in the Educational Technology certificate program will develop knowledge of applying technology to the instructional or training curriculum in a coherent and intelligent manner.

Providing Department: Educational Technology Certificate

Progress: Ongoing

RELATED ITEMS/ELEMENTS -

RELATED ITEM LEVEL 1

Learning Objectives

Learning Objective Description:

Upon completion of program coursework in Educatonal Technology, students will create an technology-infused instructional artifact for K-12 or corpporate settings.

Upon completion of program coursework in Educational Technology, students will apply an instructional design model to create an educational website.

RELATED ITEM LEVEL 2

Indicator, Criterion, and Findings

Indicator Description:

Indicator type: Rubric. Students will complete the Educational Multimedia assessment during ISDT 5336. The assessment requires students to create an instrucdtional artifact using multimedia and emerging technologies for K-12 or coporate stakeholders.

Indicator type: Rubric. Students will complete the Designing Instructional Website assessment during ISDT 5337. The assessment requires students to appply the ADDIE model to build an educational website for K-12 or coporate stakeholders.

Criterion Description:

At least 80% of students will earn an average rating of 18/20 on each section of the rubric.

At least 80% of students will earn an average rating of 18/20 on each section of the rubric.

Findings Description:

While at least 80% of students earned an average rating of 18/20 on each section of the rubric for the course overall, establishing more detailed specifics for the criteria used for data collection will more accurately reflect students' performance toward meeting the objective.

While at least 80% of students earned an average rating of 18/20 on each section of the rubric for the course overall, communicating the criteria used for data collection will more accurately reflect students' performance toward meeting the chosen objective. For instance, while the objective states that students will apply the ADDIE Model in the course, the curriculum is currently designed to implement the Dick and Carey Model.

RELATED ITEM LEVEL 3

Action for Learning Objectives

Action Description:

Personnel turnover prevented implementation of the plan. Efforts in AY 2023-2024 will be refocused.

New Update to Previous Cycle's Plan for Continuous Improvement Item

Previous Cycle's Plan For Continuous Improvement (Do Not Modify):

Closing Summary

The program will need to make sure to collect, analyze, and interpret hard data, based on consistent specific criteria, on a regular basis and report numeric findings from now on. This will be an important first step to monitor the success of the program.

Update of Progress to the Previous Cycle's PCI:

Personnel turnover prevented implementation of the plan. Efforts in AY 2023-2024 will be refocused.

New Plan for Continuous Improvement Item

Closing Summary:

Personnel turnover prevented implementation of the plan. Efforts in AY 2023-2024 will be refocused.
