Curriculum and Instruction EDD

Increase Scholarly Activity

Goal Description:

We would like to see an increase in scholarly activity among faculty and students.

Providing Department: Curriculum and Instruction EDD

Progress: Ongoing

RELATED ITEMS/ELEMENTS -

RELATED ITEM LEVEL 1

Comprehensive Publication For Submission

Learning Objective Description:

Students will prepare a journal-ready article in one or more courses in the program.

RELATED ITEM LEVEL 2

Quantity of Publications Drafted, Submitted, and/or Accepted

Indicator Description:

Indicator Type: Manuscripts

The faculty members teaching courses that require journal-ready papers will report the number of publications drafted, submitted, and/or accepted. Students in other courses will also be asked to submit the number of publications drafted, submitted, and/or accepted.

Criterion Description:

It is imperative that students gain experience conducting research and reporting their findings in peer-reviewed journals and other outlets.

Findings Description:

Students are reporting their progress in the CIED BB and it is then shared in the semester newsletter.

RELATED ITEM LEVEL 1

Conference Proposal Training

Learning Objective Description:

During the first semester of coursework, students will complete a conference proposal with the guidance of a faculty member. Students will also be introduced to the variety of conferences in our field, and choose the best outlet for their scholarly work.

RELATED ITEM LEVEL 2

Quantity of Conference Proposal Submissions and Acceptance Rate

Indicator Description:

Indictator Type: Conference Proposals

The faculty member in charge of the conference proposal training, the LITC Ed.D. Director, will report the number of proposals submitted and the number that were accepted.

Criterion Description:

It is expected that graduate students engage in scholarly work - in this case, presenting research at refereed conferences.

Findings Description:

Students are documenting their conference proposals and experiences in the CIED BB and they are being shared in the semester newsletter

Quantity of Conference Proposal Submissions and Acceptance Rate

Systematically Increase Research Collaboration Between Faculty and Students

Goal Description:

The purpose of this goal is initiate a system that connects faculty and students in research endeavors, including research projects, publications, and grant-writing.

Providing Department: Curriculum and Instruction EDD

Progress: Ongoing

Update to Previous Cycle's Plan for Continuous Improvement Item

Previous Cycle's Plan For Continuous Improvement (Do Not Modify):

Closing Summary

N/A New program is being developed, so new goals have not yet been set.

Update of Progress to the Previous Cycle's PCI:

We are capturing pilot data of the first year experience program with cohort 1 and now cohort 2. Golas will be established after we have enough pilot data.

New Plan for Continuous Improvement Item

Closing Summary:

We have made inroads in the first year of the new CIED program, but we do not have enough data to make determinations on permanent changes to the program. Rather we are capturing pilot data around the first-year experience program, the CIED EdD doctoral organization, and the mentoring program that we are starting this year between cohort 1 and 2.
