

Supporting Faculty and Staff in Supporting Students

“The Measure of a Life is its Service”

First Alert

What is First Alert? ▾

First Alert is a referral system that enables Sam Houston State University faculty and staff to refer students whose in- or out-of-class performance demonstrates a need for academic support to the academic mentors at the SAM Center.

First Alert Mission:

The mission of the First Alert program is to bridge the gap between faculty's and staff's concerns regarding students' academic performance and students' academic needs during the semester of referral.
