WELCOME

Dear Students,

It is with great pleasure that I welcome all new and returning students to Sam Houston State University, a great name in Texas education. We are honored you chose this university to continue your education.

The year is filled with many new and exciting things for everyone. Those of you who are returning students are already aware of the many opportunities for learning, recreation, and enjoyment that SHSU has to offer. If you are a new student, I urge you to become familiar with the activities available to you and to take advantage of them. A very important part of your educational experience is being involved, so I hope you embrace that opportunity.

I ask that you thoroughly read this handbook and become familiar with the various rules and regulations and the rights and responsibilities of others on campus. The university has dedicated faculty and staff that are always willing to help you — so reach out, ask questions, and get connected on campus

I give my warmest welcome to you as a member of the Bearkat family. My best wishes for a good year.

Sincerely,

A handwritten signature in blue ink that reads "Dana G. Hoyt".

BEARKAT

Sam Houston State University's athletic teams have been nicknamed "The Bearkats" since 1923 when the University's name

was changed by the Texas State Legislature from Sam Houston Normal Institute to Sam Houston State Teachers College. (Prior to 1923, the varsity sports teams were nicknamed "The Normals.")

It is doubtful those who coined the "Bearkat" nickname had a particular animal in mind, however. More likely, the name came from a popular local saying of the time, "tough as a Bear-kat!" The late Reed Lindsey, who was a student/athlete in the 1920s and later retired as University registrar, once said that "it was a good fighting name of the time." Since the animal in the saying was thought more mythical than real, the spelling settled upon was "Bearkat."

In the late 1940s, then SHSU president Harmon Lowman attempted to change the SHSU mascot from Bearkats to "Ravens" (after General Sam Houston's Cherokee nickname). Mrs. Vernon Schuder reported that the alumni were polled; she voted for the raven but that "all those old Bearkats beat us out!"

The current Sammy Bearkat mascot character began appearing at SHSU sports events in 1959.

SCHOOL SEAL

Sam Houston State University has adopted as its official seal a high-contrast image of the statue of General Sam Houston, which stands in front of Austin Hall on the north end of the campus Quadrangle.

Around the image in the seal are the words "Sam Houston State University," two stars, and the year in which Sam Houston Normal Institute was founded — 1879.

SCHOOL LOGO

Sam Houston State University has adopted as its official logo an orange “SH.” Where the seal is used for more formal presentations, the logo can be used in less formal applications.

BEARKAT FIGHT SONG

We’ll fight and fight with all our might for

ACADEMIC GRIEVANCE PROCEDURES FOR STUDENTS

1. PURPOSE

The purpose of this academic policy statement is to provide for the resolution of student academic grievances in a prompt and equitable manner.

2. GENERAL

2.01 Under the provisions of this policy, academic grievances include disputes over:

- a. Course grades
- b. Unauthorized class absences or tardiness
- c. Suspension for academic deficiency
- d. An instructor's alleged unprofessional conduct related to academic matters
- e. Graduate comprehensive and oral examinations
- f. Theses and dissertations

2.02 If the dispute is determined to be based upon professional judgment, the aggrieved student is entitled to have, as appropriate and in turn, the department or school chair, College Academic Review Panel, academic dean, Dean of Graduate Studies (for graduate student issues), and Provost and Vice President for Academic Affairs form an opinion about the dispute and so advise the individual(s) involved. After considering the advice provided by any or all of the administrators participating in hearing the grievance, the individual(s) involved in the dispute shall retain the academic freedom to decline to change the original judgment in the matter.

2.03 Allegations of student misconduct, as defined in paragraph 5.2, Chapter VI of the Rules and Regulations, Board of Regents, The Texas State University System, and Sam Houston State University Student Guidelines, published by the Dean of Students' Office will be referred to the Dean of Students' Office for necessary action.

2.04 Allegations, questions, or appeals involving academic dishonesty, i.e., cheating, plagiarism, collusion, and/or abuse of resource materials, will be processed in accordance with the procedures set forth in Academic Policy Statement 810213, "Procedures in Cases of Academic Dishonesty."

2.05 If, in turn, the department/school chair, College Academic Review Panel, academic dean, Dean of Graduate Studies (for graduate student issues), or Provost and Vice President for Academic Affairs finds that a disputed action conflicts with federal or state law, university, college, or departmental policy, or with an instructor's stated class policy, a decision should be rendered in favor of the aggrieved student.

3. COLLEGE ACADEMIC REVIEW PANEL

3.01 There shall be in each college a Standing College Academic Review Panel. The members of the panel shall be chosen by procedures established by the college dean. The panel will consist of three faculty members and two student members. The chair of the panel will be selected from the panel members by the appointees to the panel. A department/school chair or any party to the appeal being heard may not serve on the panel. At least two faculty members and at least one student member must be present for action to be taken.

3.02 The Academic Review Panel will be involved in an alleged grievance only after the normal procedures outlined in paragraph 4.01 a and 4.01 b below have been exhausted.

3.03 The Academic Review Panel will hear only appeals involving disputes over those matters set forth in paragraph 2.01 a through 2.01 f of this policy. Appeals regarding university/college degree requirements, student misconduct, or academic dishonesty will not be addressed by the panel.

4. PROCEDURES

4.01 The following steps are to be followed in pursuing an academic grievance or an appeal of suspension for academic deficiency (a grade point average below 2.00):

- a. In the event of an academic grievance, the student must first appeal to his/her instructor or committee chair for a resolution of the matter and must do so in writing and within thirty days following the final course exam for the semester or summer session during which the dispute arises. (If the grievance involves a suspension for academic deficiency, the student appeals directly to the appropriate academic dean.)
- b. If an academic grievance is not satisfactorily resolved with the instructor or committee chair, the student may appeal to the chair of the academic department/school in which the complaint or dispute is centered. The student appealing must provide a written summary of the pertinent issues of the grievance. In addition, a student may include other faculty or staff members or any other informed individual who might act as advocates in support of his/her appeal.

c. If the student remains aggrieved after an appeal to the chair of the department/school, the student may forward the written appeal (plus any other additional material) to the college dean in whose college the dispute arose with a request to have the case heard by the College Academic Review Panel. Within fifteen working days of receiving the appeal, the Panel will investigate the alleged grievance and present such findings and recommendations as the Panel finds appropriate as soon as possible to the grievant and to other relevant parties, including the department/school chair and the faculty member(s) against whom the grievance is directed. During the panel hearing(s), all parties involved in the original grievance will be invited to appear before the Panel. The grievant may request either oral or written statements from advocates. The inclusion of these statements at the hearing(s) will be at the discretion of the Panel. Under no circumstances will advocates be permitted to directly question or cross-examine any person who is involved in the grievance. Legal counsel, if included by the grievant, may act only in an advisory capacity and may not be a directly active participant in the proceedings.

d. If a resolution of an academic grievance by the Review Panel is not accepted, the student may request in writing that the grievance be forwarded to the college dean in whose college the dispute arose for review and adjudication. The dean will receive all documents pertaining to the dispute from the academic Review Panel and the dean will inform the student, the instructor, and/or the committee chair, and the administrators participating in the appeals process of the decision and the disposition of the matter within fifteen working days of receipt of the appeal. The dean's decision is final.

The student will be given a three day grace period to locate their lost Bearkat OneCard. If the student is unable to locate their I.D. card and orders a new Bearkat OneCard within the three day grace period, the \$10.00 fee will be waived and only the replacement card fee of \$25 will be charged to the student. If the student does not order their new Bearkat OneCard within the three day grace period, they will be responsible for both the temporary I.D. fee of \$10.00 and the replace I.D. card fee of \$25.00.

The Health Center has an in-house pharmacy that is able to fill prescriptions written by any healthcare provider. Many prescriptions cost less than the deductible or co-payment amounts of many insurance plans. Please contact the pharmacy at (936) 294-1803 for price and availability. The Health Center offers services in the following categories:

- Diagnosis and treatment of minor illnesses and injuries

Please note that the Health Center is not equipped to address medical emergencies. Students experiencing such conditions should summon Emergency Medical Services (EMS) by calling 911 or report to nearest hospital emergency room.

The Office of Health Promotion (OHP) designs and implements on campus health prevention programs and activities. These programs are targeted through the collection of survey data that highlight students' health literacy rates and gaps in current student health knowledge and practices. All students are encouraged to visit the OHP located in the Lee Drain Annex to learn more and get involved with improving health on campus. Some of the programs housed within the OHP include, the Alcohol & Drug Abuse Initiative (ADAI), smoking cessation, STI prevention, and healthy living practices.

The Health Center exists to provide services and programs that assist students in minimizing disruptions resulting from health-related issues. Please contact us at (936) 294-1805 or visit our website at www.shsu.edu/healthcenter for more information.

AIDS POLICY

Sam Houston State University seeks to minimize the HIV/AIDS health risk on campus. To prevent the spread of AIDS, Sam Houston State University has adopted an educational program aimed at increasing faculty, staff, and student awareness. The Office of Health Promotion and the Student Health Center are the designated central sources for HIV/AIDS educational materials, information regarding HIV testing, counseling, and referral for medical care. In the event that a student is known to be HIV positive, a university physician will make appropriate recommendations as may be medically necessary. The welfare of the student and the prevention of transmission of the disease are of primary concern in such cases. All actions will be taken to support any student diagnosed with HIV/AIDS via referrals to campus and community resources, including pharmaceutical and counseling support systems. The patient's rights of nondiscrimination, privacy and confidentiality shall be honored as provided for under State and Federal HIPAA and FERPA laws.

IMPORTANT INFORMATION FROM YOUR UNIVERSITY HEALTH CENTER

Effective January 1, 2012, Sam Houston State University requires proof of the Meningitis A vaccination for all students under the age of 22 years old per the State of Texas Senate Bill 1107 (SB1107). Proof of receipt of the meningitis A vaccination must be provided to the Student Health Center before registering for classes for the fall, spring, or summer semesters can take place.

Meningitis

Meningitis is an infection of the fluid of a person's spinal cord and the fluid that surrounds the brain. People sometimes refer to it as spinal meningitis. Meningitis is caused by a viral or bacterial infection. Viral meningitis is generally less severe and resolves without specific treatment, while bacterial meningitis can be quite severe and may result in brain damage, hearing loss, learning disability, or even death. Bacterial meningitis is spread through the exchange of respiratory and throat secretions (i.e., coughing, kissing).

Symptoms may include high fever, headache, and stiff neck, nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. Early diagnosis and treatment are very important. If symptoms occur, the patient should see a doctor immediately. There are vaccines against some types of meningitis. The Student Health Center recommends all students receive both Meningitis A and B vaccinations as a preventative health measure to combat this very serious health threat.

Measles (Rubella, Red Measles, Hard Measles, 10-Day Measles)

Measles is a highly contagious viral disease. Antibiotics are not available to treat persons infected with this organism. Recent outbreaks of this illness have resulted in hospitalization and some deaths among college-aged persons. For these reasons it is strongly recommended that students in Texas have two doses of the vaccine prior to entering college. Most young adults have had only one dose. The measles vaccine is most often given in combination with the vaccines for mumps and rubella, which are also caused by viruses. This combination vaccine is referred to as MMR (Measles, Mumps, and Rubella).

Tetanus (Lockjaw)

The illness caused by tetanus results from the poison produced by bacteria. Again, this is a very difficult illness to treat once it occurs and prevention is the most appropriate choice. The vaccine is effective for about 10 years and needs to be boosted at that interval. The tetanus vaccine should be given in combination with the diphtheria vaccine.

Polio

In the United States, polio immunization is not routinely recommended for people 8 years of age or older. However, if travel to other parts of the world is planned, a physician should be contacted for specific recommendations.

Tuberculosis (TB)

Due to the reappearance of tuberculosis as a major public health issue in the United States and particularly Texas, it is recommended that all students have a yearly Mantoux skin test to assure that they are free of the disease. Main symptoms are persistent heavy cough, cough with sputum or blood, fatigue, distressed breathing, fever, or weight loss. Students doing observation, volunteer work, field placement, student teaching, or employment in a Texas school district, correctional facility or medical facility will be required to have a negative TB test before entering some placement sites.

Varicella (Chickenpox)

Varicella is a highly contagious virus of the herpes family that is spread by coughing and sneezing. The symptoms include a skin rash of blister-like lesions, usually on the face, scalp, or trunk with an increased potential for serious complications in children 13 or older and adults.

Hepatitis B

Hepatitis B is caused by a virus that attacks the liver. It is spread by exposure to contaminated blood or body fluids. This virus (HBV) can cause lifelong infection, cirrhosis of the liver, liver cancer, liver failure, and death. HBV is spread when blood from an infected person enters the body of a person who is not infected. Hepatitis B vaccine is available for all age groups to prevent Hepatitis B virus infection.

Influenza

The flu is a contagious respiratory illness caused by influenza viruses. It can cause mild to severe illness, and at times can lead to death. Symptoms of flu include fever, headache, extreme tiredness, dry cough, sore throat, runny or stuffy nose, and muscle aches. The best way to prevent this illness is by getting a flu vaccination each fall.

Vaccine Availability

The Health Center can provide most of these immunizations and tests at a reduced rate. For more information on immunizations contact the University Health Center at 294-1805.

Immunization can mean the difference between life and death. Students are strongly encouraged to review their immunization records to ensure they have received the following vaccines recommended by the American College Health Association (ACHA).

The table below is the Texas Board of Health immunization requirement for any student doing an internship in a healthcare facility of any kind as part of their educational program. These Allied Health students must have the following immunizations prior to their entering the health care facility. These immunizations are not required at this time for the general student population of Sam Houston State University. However, each student at Sam Houston State University is urged to use this table to determine their individual immunity to the diseases below. If you do not meet each of the criteria in the “Schedule for Immunization,” we recommend that you update your immunizations immediately.

For more information see the amended Sections 2.09 and 2.09a of the Texas Education Code and the Texas Board of Health rules including the revision adopted July 20, 1991, or call the Texas Department of Health, Immunization Division, 1-800-252-9152.

ABCs of STIs

A sexually transmitted infection (STI) is an infection caused by a virus or bacteria spread through direct sexual contact (vaginal, oral, or anal sex) from person to person. STIs can affect both males and females of all ages, backgrounds, and races and often goes undetected because the individual has yet to experience any symptoms of the infection. A sexually transmitted disease (STD) is a STI that has clear symptoms and has progressed enough to noticeably disrupt the physical function of the body.

There are many STIs, but some of the more common forms include Gonorrhea, Syphilis, Chlamydia, HIV, HPV, and Genital Herpes. These diseases are transmitted through body fluids such as blood, semen, and vaginal secretions or contact with an infected lesion. STIs may be transmitted from male to male, female to male, female to female, and male to female during any type of sexual activity, including oral sex.

STIs can cause permanent health problems such as infertility, chronic pelvic pain, ectopic or tubal pregnancies, chronic painful sores and blisters on the genitals, genital warts, cancer and even death. A person's behavior determines the probability of risk that they will become infected.

Your behavior-Your responsibility

Sexual abstinence is the only 100% effective way of avoiding STIs and unplanned pregnancies. Abstinence is an acceptable practice among college students and is supported at SHSU.

However, some students will not choose abstinence and will engage in sexual activity. For these students, we encourage them to take certain steps to reduce the probability of STIs, unplanned pregnancies, and other possible consequences of sexual activity. These steps include:

1. Use protection — Always use protection if you are sexually active. Proper use of LATEX condoms containing spermicidal lubricant reduces the risk for STIs and unplanned pregnancies. Please note that condoms reduce, but do not eliminate the risk. FREE condoms are available at the on-campus pharmacy located in the Student Health Center and at the Office of Health Promotion located in the Lee Drain Annex building.
2. Limit the number of sexual partners. A mutually monogamous relationship between two uninfected people reduces the risk of contracting an STD. However, protection should still be used.
3. Do not pressure someone into having sex and do not allow someone to pressure you. Having sex with someone that has not or cannot give consent is a criminal offense.
4. Avoid all drugs. Alcohol and other drugs affect your judgment and reduce your inhibitions making it more likely that one will make unwise choices.
5. THINK OF THE CONSEQUENCES OF YOUR ACTIONS! A bad decision regarding sexual activity could leave you dealing with an STI, unplanned pregnancy, legal problems, and/or regrets.
6. Get Tested! It is important to know your status. STI testing is recommended for those who have engaged in ANY form of sexual activity. In addition to getting tested, talk to your partner about STIs before you make a decision regarding sexual activity. Learn about your partner's past behaviors (sex and drug use), and consider the consequences and risks to your health if you choose to engage in sexual activity. Ask your partner if they have recently been tested for STIs including HIV; if not encourage them to do so.

Remember that abstaining from sexual activity is the only 100% effective way to avoid STDs and unplanned pregnancies. However, if you make the decision to have sex, take control of your health, get tested and know your status. For further information on STD testing, contact the Health Center at (936) 294-1805.

IT@SAM

Within the Division of Information Technology (known as IT@Sam), there are five (5) departments supporting the campus: Client Services, Enterprise Services, Infrastructure and Support Services, Information Security Office, and Project Management Office.

Support of Teaching/Learning Environments

IT@Sam provides support and maintenance of instructional environments including computer labs and classrooms. In support of the University's academic programs, computer labs provide modern productivity tools. They are equipped with Windows workstations, DVD-RW drives, USB ports, web cameras, printers and scanners. All IT@Sam labs have the same software installed to ensure a consistent experience for students as they move from lab to lab. A few labs will have additional specialized, course-specific software titles available. Macintosh workstations are available in designated computer labs, with similar functionality.

Some resources, including software, are available for off campus use. The Technology Benefits website (<http://www.shsu.edu/dept/it@sam/technology-benefits.html>) will have up-to-date resources listed.

Accessing SHSU Student Network & E-mail

Upon acceptance, students activate their computer accounts on the SHSU website (www.shsu.edu) and then have access to SHSU's academic and administrative resources including, but not limited to, computer labs, wireless network, e-mail, and registration.

The SamNet wireless network is available from any non-residential campus building and designated residence halls with SHSU credentials. All University residence halls have wired port connections available to connect to the Residence Hall Network.

To ensure prompt communications, the University will send official statements and documents to student's SHSU e-mail address. The assigned e-mail address will have the following format: username@shsu.edu. Former students who have completed at least 15 hours of course work at SHSU will be eligible to opt-in to keep their SHSU e-mail account.

SHSU's Acceptable Use Policy as well as other IT Practices and Policies govern the use of University e-mail and all computing resources. These policies and other SHSU policies are located on the website at <http://www.shsu.edu/intranet/policies/>.

During the application process, an assigned PIN will allow prospective students to monitor the progress of their application. Once accepted and a computer account is created, the PIN will be disabled.

Passwords & Person Identification Number (PIN)

Passwords for SHSU computer accounts will expire every six months. SHSU will never ask students to share their passwords. The Service Desk is available to help with computer accounts, passwords, and general SHSU technology questions.

Student Employment Opportunities

IT@Sam employs students in a variety of positions. Students are encouraged to apply for part-time employment through [Jobs4Kats \(shsu.edu/get-started/jobs4kats.html\)](http://Jobs4Kats.shsu.edu/get-started/jobs4kats.html).

University Police

University Police Officers are licensed Peace Officers as defined under the laws of the state of Texas and thereby have authority as peace officers. Their primary jurisdiction, under H.B. 391, includes all counties in which property is owned, leased, rented, or otherwise under the control of Sam Houston State University.

The University Police Officers subscribe to the Law Enforcement Code of Ethics, a portion of which reads, "As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all citizens to liberty, equality, and justice." In this endeavor, the University Police earnestly solicit the support of the faculty/staff and students. SAM HOUSTON MEMORIAL MUSEUM

The Sam Houston Memorial Museum was established in 1936 as a Texas centennial project, funded by the Texas Legislature. Since that time the Museum has expanded to a complex of fifteen acres situated within a scenic park. Of interest is the Katy & E. Don Walker, Sr. Education Center, which houses an exhibit gallery, auditorium, offices of the Museum's education staff, the Patrick B. Nolan Library & Archives, and on the lower level the W. S. Gibbs Conference Hall, which can be rented for meetings, conferences, receptions, etc. On site are the main museum composed of a rotunda and three wings, containing artifacts relating to Sam Houston, his family, and early life in Texas; Woodland Home, the historic home Sam Houston built for his family in Huntsville; Steamboat House, where General Houston died; the Sam Houston Law Office; an Exhibit Hall that now houses the Wigwam Neosho Museum Store; Bear Bend Cabin, the hunting lodge Sam Houston stayed in while hunting for bears; and replicas of a period kitchen, blacksmith shop and woodworking shop.

Unique among museums in the state of Texas, the Sam Houston Memorial Museum features extensive collections of artifacts relating to Sam Houston's life in Texas and the Texas Revolution, plus a growing collection of documents relating to Sam Houston, politics and government in the area, and pioneer families.

SERVICES FOR STUDENTS WITH DISABILITIES

The SHSU Services for Students with Disabilities (SSD) is located in the Lee Drain Annex. SSD provides academic accommodations and auxiliary aids and services for otherwise-qualified students with mental or physical impairments that substantially limit one or more major life activities. To be considered for accommodations, a student must submit current documentation of his/her impairment to SSD, consistent with the General Documentation Guidelines, and complete the disability intake process. Information on the

General Documentation Guidelines and the Procedures to Request Services is available at the SSD Office and from the SSD webpage at www.shsu.edu/disability. The student may schedule an intake appointment by contacting the SDD Office at (936) 294-3512 (TDD: (936) 294-3786). General inquiries regarding SSD services can also be made via e-mail to disability@shsu.edu. The hours of operation of the SSD Office are 8:00 a.m. to 5:00 p.m., Monday through Friday. Decisions regarding accommodations are made on a case-by-case basis, as supported by the student's documentation and self-report.

Students requesting auxiliary aids and/or services that may require advance planning and coordination are advised to submit their requests to SSD in a timely manner. SSD recommends a minimum of one month's advance notice for the provision of sign language interpreting or captioning services for the deaf and hard of hearing or alternative text formats for students with print disabilities. Untimely requests may result in delays in the receipt of services.

Adaptive technologies are available at various locations on the SHSU campus, including the SDD Office, the Newton Gresham Library and the general-use computer labs. These technologies include such items as CCTV video magnifiers, screen magnification and reader software, scan-read software, and voice-recognition software. Comparable technologies are available in the Testing Suite (Suite 303) and Computer Lab (Room 315) at The Woodlands Center-SHSU. A complete listing of the adaptive technologies and their locations is available from the SSD webpage.

Any student who believes that he/she has been discriminated against on the basis of a disability by SHSU faculty, staff, or administration may file a grievance. The grievance procedures, as well as institutional policy regarding students with disabilities, is detailed in the Academic Policy Statement 811006 — Disabled Student Policy, posted at <http://www.shsu.edu/dotAsset/187f9029-a4c6-4fb4-aea9-2d501f2a60f3.pdf>.

Students with disabilities may request assistance with the admissions or registration process by contacting, respectively, the Undergraduate Admissions Office at (936) 294-1828 or admissions@shsu.edu; the Graduate Admissions Office at (936) 294-1971 or graduate@shsu.edu; and the Registrar's Office at (936) 294-1040 or registrar@shsu.edu.

Greek Life

Greek Life provides one of the most comprehensive experiences of university life, focusing on achieving excellence in and out of the classroom. Providing a vibrant and active

environment, our organizations work to live up to their founding principles and ideals, which include scholarship, leadership, community service, fraternal bonds, and ritual.

Going Greek means more than just wearing Greek letters, attending meetings, and going to parties; being in a fraternity or sorority is about making friendships that will last far beyond your college years while enhancing your personal development by committing to ideals of scholarship, leadership, and service. It is being respected for your individuality while being part of a brotherhood or sisterhood with individuals who share the same goals and values. Your brothers and sisters are there to support you every step of the way and help as you make the transition to college one filled with choices, connections and commitments. Greek Life at SHSU is multi-faceted; there is something in it for everyone:

Fraternity and sorority members hold their commitment to education in high regard by scheduling study nights, providing local and national scholarships, maintaining files of information from classes, pairing you with study buddies, rewarding outstanding academic performance, and providing scholastic assistance when needed.

Philanthropy is another source of pride for all Greeks at SHSU. Each organization supports a national or local philanthropy by hosting large and small scale events as fundraisers or to spread awareness for a particular cause. They also encourage and reward volunteering on campus and in the local community. With 20 plus Greek organizations on campus, there are plenty of opportunities to donate, volunteer, and have fun for a good cause!

Leadership opportunities will also begin right away. In most chapters, new members are expected to serve on various committees or hold junior offices. New members are encouraged to pay attention during chapter meetings and activities, and then decide which area interests them most as there are leadership positions in every chapter for nearly every interest. Greek organization membership is a privilege but it is also a responsibility. Members must always strive to represent the values of their chapter and their national organization.

Greek Life organizations at Sam Houston State University are defined as a nationally or internationally-affiliated chapters of fraternities or sororities registered in good standing with the Greek Life Office. All Greek organizations are to adhere to the Greek Life Guidelines found at www.shsu.edu/dept/dean-of-students/greeklife/resources/

OFFICE OF ALUMNI RELATIONS

In the early 1920s during Harry F. Estil's presidency, an association of former students was first organized. More than 30 years later, prompted by an expanding student enrollment and an increasing number of graduates, a charter for a non-profit corporation known as the "Alumni Association of Sam Houston State Teachers College" was formally adopted on November 2, 1956.

According to Article II of the Association Charter, "The purpose for which the corporation is formed shall be to support benevolent, charitable and education undertakings, whether associated with or related to Sam Houston State Teachers College; to extend aid, financial or otherwise, to Sam Houston students; to encourage generally sentiments favorable to education, and to promote the union of good fellowship among ex-students of Sam Houston State Teachers College."

During the summer of 1992, the Association merged with the University to create a centralized dues-paying organization that offers programs and activities for alumni and friends regardless of college affiliation or special interest. Furthermore, management of and funding for alumni affairs was brought under the purview of the university by the creation of the Office of Alumni Relations. Also, a Board of Directors was created to formulate and implement certain alumni events and programs, including reunions, homecoming awards and recognitions, and the distribution of alumni scholarships.

In addition to the numerous regional alumni events hosted by the Office of Alumni Relations, three major events are supported through this office annually; the Official University Ring Ceremony, the Distinguished Alumni Gala, and the Life Member Celebration.

Originated in the Fall of 2007, the Student Alumni Association is a student organization which encourages and fosters loyalty to the university and supports the great history and traditions of Sam Houston State University, including service to others through numerous community service projects each semester. The SAA also provides students the opportunity to build relationships with successful alumni and network for positions in the workforce while still in school.

Much like Sam Houston State University, the Alumni Association has grown from its earliest beginnings in strength, prestige, influence, and member involvement. Today, it remains a vibrant member of the university family.

The Office of Alumni Relations encourages students, parents, alumni, and friends of the university to visit the office located in the new John R. Ragsdale Visitor and Alumni Center. The phone number is (936) 294-1841 and website is alumni.shsu.edu.

5.36 Disciplinary Procedures for Academic Dishonesty.

(1) Academic Process. All academic dishonesty cases may be first considered and reviewed by the faculty member. If the faculty member believes that an academic penalty is necessary, he/she may assign a penalty but must notify the student of his/her right to appeal to the department chair, the dean and, eventually, to the Vice President for Academic Affairs (whose decision shall be final) before imposition of the penalty. At each step in the process, the student shall be entitled to written notice of the offense and/or of the administrative decision, an opportunity to respond, and an impartial disposition as to the merits of his/her case. After completion of the academic process, the academic officer making final disposition of the case may refer the matter to the Chief Student Affairs Officer for any additional discipline that may be appropriate.

(2) Disciplinary Process. In the case of flagrant or repeated violations, the Chief Student Affairs Officer may take such additional disciplinary action. No disciplinary action shall become effective against the student until the student has received procedural due process under Subsection 5.6 and following except as provided under Subsection 5.15.

(3) Honor Code. Notwithstanding subsection (1) above, if a Component has adopted an Honor Code which includes an Honor Council that makes decisions on appeals of penalty grades issued by a faculty member and disciplinary action on cases of flagrant or repeated violations, the hearings which consider disciplinary action must afford the students procedural due process under Subsection 5.6. Appeals of academic decisions rendered by an Honor Council shall be heard by the Vice President for Academic Affairs and appeals of disciplinary decisions rendered by an Honor Council shall be heard by the Chief Student Affairs Officer. In the event of conflicts, these Rules and Regulations shall govern.

5.37 “Falsification of Data” means the representation, claim, or use of research, data, statistics, records, files, results, or information that is falsified, fabricated, fraudulently altered, or otherwise misappropriated or misrepresented.

5.4 Campus Disruptive Activities. Pursuant to Education Code, Subsection 51.935 (Disruptive Activities), the Components shall adhere to the following Rules and Regulations:

5.41 No person or group of persons acting in concert may intentionally engage in disruptive activity or disrupt a lawful assembly on a Component campus. Disruptive activity means:

- (1) Obstructing or restraining the passage of persons to the campus or an area of the campus or to an exit, entrance, or hallway of any building without the authorization of the administration of the Component;
- (2) Seizing control of an area of a campus or any building or portion of a building for the purpose of interfering with any administrative, educational, research, or other authorized activity; or

(3) Disrupting and/or preventing or attempting to prevent by force or violence or the threat of force or violence any lawful assembly authorized by the Component administration. A lawful assembly is disrupted when a person in attendance is rendered incapable of participating in the assembly due to the use of force or violence or a reasonable fear of force or violence.

5.42 Any person who is convicted the third time of violating this statute shall not thereafter be eligible to attend any school, college, or university receiving funds from the State of Texas for a period of two years from such third conviction.

5.43 Nothing herein shall be construed to infringe upon any right of free speech or expression guaranteed by the Constitution of the United States or the State of Texas.

5.5 Suspended, Expelled, and Dismissed Student Restriction. No student who has been suspended, expelled, or dismissed for disciplinary reasons from a Component of the System shall, during the applicable period of discipline, be eligible to enroll at any other System Component. The registrar of a Component is authorized to make an appropriate notation on the student's transcript to accomplish this objective and to remove the notation when the student's disciplinary record had been cleared.

5.6 Procedure for Administration of Discipline. The Chief Student Affairs Officer shall have primary authority and responsibility for the administration of student discipline at the Component and for investigating allegations that a student has violated System and/or Component Rules and Regulations, or specific orders and instructions issued by an administrative official of the Component.

5.61 The Chief Student Affairs Officer or his/her appointee hereto referred to as officer, will investigate the alleged violations. During the investigation, if the student is available, the officer will give the student an opportunity to explain the incident. If the officer concludes that the student has violated a System or Component policy, the officer will determine (but not assess) an appropriate disciplinary penalty.

(1) The officer will discuss his or her findings and his or her determination of an appropriate penalty with the student if the student is available and will give the student an opportunity either to accept or reject the officer's decision.

(2) If the student accepts the officer's decision, the student will so indicate in writing and waive his or her right to a hearing. The officer may then assess the disciplinary penalty.

(3) If the student does not accept the officer's decision or does not waive his or her right to a hearing, a disciplinary hearing will be scheduled in accordance with Subsections 5.7 and 5.(10).

5.62 If the student does not execute a written waiver of the hearing process, then the officer shall prepare a written statement of charges and of the evidence supporting such charges, including a list of witnesses and a brief summary of the testimony to be given by each, and shall send a notification of such charges and statement to the accused student by certified mail, return receipt requested, addressed to the address appearing in the Registrar's records, or shall hand deliver said document with the student signing a receipt.

5.63 Distance Education Students:

For students not taking any of their classes physically on SHSU's Huntsville campus during the semester in question the following accommodations may be made for the distance learner at the discretion of the officer:

- (1) Section 5.61 listed above may be handled via telephone. If the student chooses to accept the officer's decision he/she will then be emailed the document with the penalty listed in writing. By signing the document the student accepts the proposed sanction and waives his/her right to a hearing.
- (2) If the student does not accept the officer's decision or does not waive his/her right to a hearing a disciplinary hearing will be scheduled in accordance with subsections 5.7 and 5.10 using telecommunication technology.

Sam Houston State University — Formal Mediation

In matters involving interpersonal disputes, the Hearing Officer may suggest that the matter be submitted to mediation. If the involved parties (the accused[s] and complainant[s]) agree the matter will be submitted to mediation before the mediator acceptable to all parties.

The goal of the mediation is the execution of a "Contract of Resolution" which will specify the terms of the parties' settlement of their dispute. The Contract of Resolution will be placed in each involved student's disciplinary file. Any violation of the terms of the Contract of Resolution shall be grounds for formal disciplinary action.

If the involved parties are unable to agree upon a resolution, the matter will proceed to formal disciplinary proceedings. The Mediator shall at all times retain discretion to terminate the mediation and proceed to formal disciplinary proceedings where he/she determines that the mediation process is not making adequate progress toward an appropriate resolution.

All Contracts of Resolution must be approved by the Chief Judicial Officer. Whenever mediation is unsuccessful and the matter proceeds to formal disciplinary hearings.

5.7 Student Disciplinary Hearings. In those cases in which the accused student disputes the facts upon which the charges are based, such charges shall be heard and determined by a fair and impartial person or committee, hereinafter called the hearing officer or hearing committee, selected in accordance with procedures adopted by the Component. Except in those cases where immediate interim disciplinary action has been taken under authority of Subsection 5.1(4), the accused student shall be given at least five (5) class days written notice by the Chief Student Affairs Officer, or a designated appointee, of the date, time, and place for such hearings and the name or names of the hearing officer or hearing committee. Hearings held under Subsection 5.1(4) will be held under the same procedures set forth below, but will be held as soon as practicable within twelve (12) class days after the disciplinary action has been taken unless otherwise agreed to by the student.

Upon a hearing of the charges, the Component representative has the burden of going forward with the evidence and the burden of proving the charges by the greater weight of the credible evidence. The hearing shall be conducted in accordance with procedures adopted by the Component that assure both parties (Component representative and accused student) the following minimal rights:

- 5.71 Both parties will exchange lists of witnesses, expected testimony, copies of documents to be introduced, and notice of intent to use legal counsel, at a reasonable time prior to the hearing.
- 5.72 Each party shall have the right to appear and present evidence in person and to be advised during the hearing by a designated representative or counsel of choice. Each party shall limit its presentation to relevant evidence. The accused student must attend the hearing if the student desires to present evidence. The hearing may proceed notwithstanding the accused student's failure to appear.
- 5.73 Both the Component representative and the accused student shall have the right to question witnesses. The accused student may question witnesses with the advice of a designated representative or counsel. All questions shall be limited to

relevant evidence.

5.74 The hearing will be recorded. If either party desires to appeal the finding, a copy of the recording will be produced at the expense of the party appealing the finding, and both parties will be furnished a copy for appeals purposes only.

5.8 Student's Right to Challenge Impartiality. The accused student may challenge the impartiality of the hearing officer or a member of the hearing committee at any time prior to the introduction of any evidence. The hearing officer or member of the committee shall be the sole judge of whether he or she can serve with fairness and objectivity. In the event the challenged hearing officer or member of the hearing committee chooses not to serve, a substitute will be chosen in accordance with procedures adopted by the Component.

5.9 Determination of Hearing. The hearing officer or hearing committee shall render a decision to both parties as soon as practicable as to the guilt or innocence of the accused student and shall, if necessary, assess a penalty or penalties including, but not necessarily limited to:

- (1) Verbal written warning;
- (2) Requirement that the student complete a special project that may be, but is not limited to, writing an essay, attending a special class or lecture, or attending counseling sessions. The special project may be imposed only for a definite term;
- (3) Cancellation of residence hall or apartment contract;
- (4) Disciplinary probation imposed for a definite period of time which stipulates that future violations may result in disciplinary suspension;
- (5) Ineligibility for election to student office for a specified period of time;
- (6) Removal from student or organization office for a specified period of time;
- (7) Prohibition from representing the Component in any special honorary role;
- (8) Withholding of official transcript or degree;
- (9) Bar against readmission;
- (10) Restitution whether monetary or by specific duties or reimbursement for damage to or misappropriation of Component, student, or employee property;
- (11) Denial or non-recognition of a degree;
- (12) Suspension of rights and privileges for a specific period of time, including access to electronic network facilities and participation in athletic, extracurricular, or other student activities;
- (13) Withdrawing from a course with a grade of W, F, or WF;
- (14) Failing or reduction of a grade in test or course, and/or retaking of test or course, and/or performing additional academic work not required of other students in the course;
- (15) Suspension from the Component for a specified period of time. During suspension, a student shall not attend classes or participate in any Component campus activities;
- (16) Loss of or ineligibility for student grant or loan;
- (17) Expulsion from the Component. A student who is expelled from the Component is not eligible for readmission to the Component;
- (18) Dismissal from the Component. A student, who is dismissed, is separated from the Component for an indefinite period of time;

(19) Recording sanctions in Subsections 5.9(9), (11), (13), (14), (15), (17), and (18) may be made on a student's permanent transcript. The Component may maintain confidential records of all other sanctions and may consider any prior sanction received by a student in assessing a subsequent sanction. The Component shall develop a procedure for expunging those records not transcribed on a student's permanent transcript within a reasonable time not to exceed five (5) years after the student ceases to be enrolled.

(20) A student who, by a preponderance of the evidence, under these Rules and Regulations, is found to have illegally possessed, used, sold or distributed any drug, narcotic, or controlled substance, whether the infraction is found to have occurred on or off campus, shall be subject to discipline, ranging from mandatory, university or college approved counseling to expulsion. Mitigating or aggravating factors in assessing the proper level of discipline shall include, but not necessarily be limited to, the student's motive for engaging in the behavior; disciplinary history; effect of the behavior on safety and security of the university or college community; and the likelihood that the behavior will recur. A student who has been suspended, dismissed, probated or expelled from any system Component shall be ineligible to enroll at any other system Component during the applicable period of discipline. The registrar of each Component is authorized to make an appropriate notation on the student's transcript to accomplish this objective and to remove the notation when the student's disciplinary record has been cleared. A second infraction for a drug-related offense shall result in permanent expulsion from the Component and from all other institutions in The Texas State University System.

5.10 Appeal. Neither party may appeal if the hearing officer or hearing committee determines that the allegations against the accused student are true but the only punishment assessed is verbal or written warning. In those cases, the determination of the hearing officer or hearing committee is final. However, in all other cases, either party may appeal to the Chief Student Affairs Officer. If the hearing officer has been an appointee designated by the chief student affairs officer or if the determination has been made by a hearing committee, the appeal will be made to the Chief Student Affairs Officer or designated appointee. If the Chief Student Affairs Officer has served as the hearing officer, the appeal will be made to the vice President in charge of student affairs. Written notice of appeal must be received by the appeal officer within five (5) business days after the decision. An appeal is not simply a rehearing of the original case. An appeal must be based on: 1) whether or not a fair hearing was afforded. A fair hearing includes notice of the alleged misconduct, and an opportunity to present evidence; 2) whether or not the sanctions levied were appropriate to the offense; 3) whether or not the finding was supported by the evidence; and/or 4) whether or not new evidence is introduced that was not available at the time of the hearing. Both parties, at the discretion of the appeal officer, may submit oral or written arguments, to support their positions. In order for the appeal to be considered, the appealing party must submit all necessary documentation, including written arguments, when appropriate, to the appeal officer within five (5) business days after giving notice of appeal. The appeal officer may approve, reject, modify the decision, or remand the matter to the original hearing officer or hearing committee for reconsideration. The appeal officer shall respond to the appeal within ten (10) business days after all the documentation was received and all testimony was heard, or he or she may postpone a decision for good cause.

- 5.11 Review of the Vice President in charge of Student Affairs. The Vice President may review any disciplinary case and may approve, reject, modify the decision or remand the matter to the original hearing officer or committee for reconsideration.
- 5.12 President's Right to Review. The President may review any disciplinary case, and approve, reject, or modify the decision or remand the matter to the original hearing officer or hearing committee for reconsideration.
- 5.13 Board of Regents' Right to Review. The Board of Regents retains the right to review any disciplinary action and approve, reject, modify the decision, or remand the matter to the original hearing officer or hearing committee for reconsideration.
- 5.14 Interim Disciplinary Action. The Chief Student Affairs Officer, the Vice President in charge of student affairs, or the President of the Component may take immediate interim disciplinary action, including suspension, pending a hearing against a student for violation of a rule and regulation of the System or of the Component at which the accused is a student when the continuing presence of the student poses a danger to persons or property or an ongoing threat of disrupting the academic process. In the event that the interim disciplinary action includes suspension, the Component official involved shall, as soon as possible, notify the President and the Vice Chancellor and General Counsel of such action.
- 5.15 Civil Proceedings. Every student is expected to obey all Federal, State, and local laws and is expected to be familiar with the requirements of such laws. Any student who violates any provision of those laws is subject to disciplinary action, including expulsion, notwithstanding any action taken by civil authorities on account of the violation.
- 5.16 In accordance with the Texas State University System Sexual Misconduct Policy, Sam Houston State University will disclose to the alleged victim of either a crime of violence or a non-forcible sex offence, the results of any disciplinary proceeding conducted by the university against a student who is alleged to have committed such crime or offence. If the alleged victim is deceased as a result of such crime or offence, the next of kin of such victim may make the written request and, upon receipt and conclusion of proceedings, the university shall provide this information.

DEBTS OF STUDENTS

9.1 Debts of Students or Organizations. Neither the System nor any Component is responsible for debts contracted by individual students or by student organizations.

All students and student organizations are expected to conduct themselves honorably in all commercial transactions. Neither the System nor any Component will assume the role of a collection agency except for monies owed to the System or one of its Components; nor, will the System or any of its Components adjudicate disputes between students and creditors over the existence or the amounts of debts, except with the prior approval of the President of the Components or a designated appointee in those cases where the interests of the Component may be a factor.

Registration fees are payable at the time of registration, and students are not entitled to enter class or laboratory until their fees and deposits have been paid. 9.3 Penalties for Failure to Pay Failure to pay in the allotted time the amount owed to the Component for tuition, fees, charges, or any other financial obligations may result in any or all of the following:

- (1) Dismissal from the Component or other disciplinary actions;
- (2) Withholding of future registration privileges;
- (3) Withholding the issuance of grades or an official certified transcript;
- (4) Withholding the conferring of a degree;

CO-CURRICULAR USE OF UNIVERSITY FACILITIES

1. Purpose and Application

- 1.1 The physical facilities of the university are an integral part of the total structure and must be utilized to give the greatest support to the total program of the university. Primary consideration in the use of facilities must be the fulfillment of the educational needs of the university community. The administration does not desire to deny an authorized individual or organization the use of any facility so long as this use does not impede the university's educational function. It is, therefore, necessary for all functions on campus, except for those using recreational and/or athletic facilities, academic buildings, or those facilities managed by the President's Office which require the use of institutional facilities to receive the approval of the director of the Lowman Student Center and for the appropriate facility to be scheduled and reserved through the LSC Office in accordance with the provisions of paragraph 3.1 of this policy.
 - 1.2 The purpose of this policy is to delineate policy relating to the co-curricular use of university facilities.
 - 1.3 As a general rule, parents and spouses of students and members of the faculty, persons who visit and consult with members of the administration or faculty, and others who have a legitimate interest in the university and who desire to occasionally visit the university campus are welcome. The facilities and campus of the university are, however, reserved for and dedicated to educational use and no use may be made of the same which is inconsistent with that primary use.
 - 1.4 The university, acting on its own or at the request of an officially recognized campus organization, may invite speakers, performers, or entertainers to appear before audiences on the university campus. For further information see Sec. 4.3 Time, Place and Manner Restrictions.
 - 1.5 No person or persons who substantially interfere with or who threaten with the apparent ability to carry out such threats to substantially interfere with the normal activities of the university or to substantially interfere with or deny the lawful rights of others to use the facilities of the university shall enter or remain upon the university campus.
- ### 2. Permission to Use
- 2.1 The following groups are welcome to use the university facilities upon receipt and confirmation of their request for use.
 - a. Student organizations as recognized by the university and appropriately sponsored.
 - b. Academic organizations, faculty and university staff groups.

 - f. Groups or individuals sponsored or invited by the university president or his designated official(s).
 - 2.2 In addition to the specific regulations contained in this document, certain general responsibilities are incumbent upon organizations using the facilities and each organization is accountable for its activities in the context of these general responsibilities.
 - a. The activities shall be consonant with the purpose of the organization and the university and with established university regulations and public laws.

- b. The organization shall not engage in activities which interfere with the ongoing activities of the university or of any other approved organization.
- c. The organization shall be responsible for its members' behavior when:
 - (1) they are acting as members of the organizations (with or without official approval) rather than as individuals.
 - (2) an event is held (officially or unofficially) in the name of the organization.
 - (3) they act in a manner which indicates such action is motivated by mutual membership in the organization.
 - (4) the association between, and the action of the individuals under circumstances which draw attention to the organization rather than to themselves as individuals.
 - (5) Organizations are responsible for damages, injuries, etc., that occur during use.

3. Conditions and Limitations on Use of Facilities

- 3.1 Requests for approval of functions and for facilities must be made on the appropriate form provided and available in the Lowman Student Center (LSC) office, and on the LSC website www.shsu.edu/~lsc. All signatures must be obtained, questions answered, and the request presented a minimum of two (2) business days prior to the desired date of use.
 - 3.2 Sponsoring organizations assume full responsibility for any financial obligations, damage to facilities or equipment, actions of participants, and for having read and understood the university Code of Student Conduct and Discipline and the university Policy on Speech and Assembly. A faculty/staff advisor may be required to be in attendance during the scheduled use of any university facility by an organization.
 - 3.3 Whenever non-university groups share with university groups in the use of university facilities, it must be upon the invitation of the university and with the understanding that the sponsoring organization assumes full responsibility for the activity.
 - 3.4 The university is now way obligated for functions in which an organization has contracted an outside individual or group (such as a speaker, entertainment group, dance band, etc.) and there is an honorarium or fee involved unless a contract is signed by an official representative of the university specifically authorized by the president of the university.
 - 3.5 Admission charges may be made or an offering may be received if university approval is given at the time the reservation is completed for the use of its facilities.
- ### **4. Arrangements**
- Any representative authorized by a campus recognized organization may pick up the appropriate reservation request form from the LSC Office, located in Room 311. The request form must be completed, signed by the organizational representative making the reservation and the faculty/staff sponsor, and then returned to the director of the LSC for final approval.
- ### **5. Off-Campus Activities**
- Any wholly off-campus activity will not require university approval. If any activity is planned that involves university facilities and off-campus facilities, that portion that is held on campus must be cleared and approved through the usual arrangement procedures.
- ### **6. Legal Considerations and Disruptions**
- 6.1 Non-members of the university community are required, while on the campus, to observe and comply with the rules and regulations adopted by the university or the Board of Regents; copies of the same to be found in the Dean of Students' Office as well as those specific statutes of the state of Texas relating to university property. Non-members of the university community are also required, while on campus, to identify

themselves upon the request of a university official or University Police or other law enforcement officer in the performance of his or her duty.

6.2 The university campus is not a sanctuary and any person who violates any local, state, or federal law shall not be protected nor given any preferred status in the eyes of the law by reason of the fact that the violation occurred on the university campus or by reason of the fact that the violator is a member of the university community.

6.3 When it appears to the president, or any university official or an officer of the University Police authorized and designated by him to maintain order, that any non-member of the university community has violated on the campus, any local, state, or federal law or any university rule or regulation, such person or persons may be ordered by such official or officer of the University Police to leave the university campus, and should the university see fit, charges filed against such person or persons.

6.4 The president may make due application to any court for injunctive or other judicial relief in regard to the threatened or actual violation of any of the above-mentioned rules or regulations.

7. Review

7.1 The responsibility of review and to recommend the revision or cancellation of this Policy Statement resides with the vice president for student services.

7.2 This policy shall be reviewed annually.

8. Appeal

Students or university-recognized student organizations may follow the student affairs grievance procedure in any appeal of this policy.

 - (9) eliminates unnecessary costs and waste of university resources.

3.121 The president may prohibit persons or organizations from soliciting on campus if they fail to follow these rules.

3.122 The president may require that the student government and each registered student organization file a sworn statement disclosing: (1) the sources and amounts of money received from solicitation during the preceding or current semester or summer session, and (2) the payees and amounts of expenditures of funds received from solicitations. Any student government or registered student organization failing to comply with the request of the president shall be prohibited from solicitation on the campus until such organization comes into compliance.

3.2 Demonstrations, Publications, Posters, etc. Reasonable and nondiscriminatory rules and regulations as to time, place, and manner may be promulgated by the president of the university to authorize student, faculty, staff, and their registered organizations to petition, distribute publications, post signs, set up booths, and/or peacefully demonstrate on the university campus. Such regulations shall prohibit any activity that would interfere with academic or institutional programs.

3.21 No group or person, whether or not a student or employee, shall publicly display, distribute, or disseminate on the university campus any petition, handbill, or piece of literature, work, or material that is obscene, vulgar, or libelous, or that advocates the deliberate violation of any federal, state, or local law (see Subsection 3.22). Literature may not be distributed where the manner or form of said distribution constitutes disorderly conduct, disrupts classroom discussion, impedes the maintenance of public order, or constitutes a danger to the person distributing or disseminating the material or to any group or individual.

3.22 For the purposes of Subsection 3.21, advocacy means addressing the group for imminent action and steeling it to such action as opposed to the abstract espousal of the moral propriety of a course of action.

3.23 Any group or person, whether or not a student or employee, demonstrating on campus shall adhere to the provisions of V.T.C.A. Education Code, Section 4.30, as cited in Chapter VI, Subsection 5.4, of these RULES AND REGULATIONS.

3.3 Use of System Facilities by University Organizations. Registered student, faculty, and/or staff organizations may use the university's buildings and/or grounds in compliance with reasonable and nondiscriminatory university rules and regulations approved by the university president that shall specify the policies and procedures under which such organizations may reserve the university's buildings and/or grounds for their use. Extracurricular student, faculty, or staff activities involving the use of System-owned buildings and grounds shall be conducted in accordance with local, state, and national law and in accordance with the applicable System and university regulations. Such activities shall not disrupt or disturb the academic and university program and shall not result in damage to or defacement of property. Registered student, faculty, or staff organizations may not enter into joint sponsorship of any on-campus project or program which involves financial commitments or the scheduling or use of facilities with individuals, groups, or students that are not registered without prior written approval of the university president or his designee through normal administrative channels.

3.4 Use of System Facilities by Outside Groups. Use of grounds and physical facilities of the System, especially auditoriums, gymnasiums, and large rooms, by outside individuals, groups, or associations shall be subject to policies approved by

the university president. The university policies covering the use of facilities shall be subject to the following rules in which the "System" shall mean any component university.

3.41 The System will not permit the unrestricted use by non-System groups of any of its facilities.

3.42 The System will not enter into joint sponsorship of any project or program that is to result in private gain for the cooperating individuals, group, or associations unless the president has reviewed the project or program and has determined that such joint sponsorship serves a public purpose and adequate contractual or other controls ensure its realization as required by Article 3, Section 51, of the Texas Constitution.

3.43 The System will not enter into joint sponsorship of any program or activity in which the educational implications or benefits are not self-evident and which does not directly supplement the educational purposes of the System.

3.44 The System, established as a public university without regard to political affiliation or religious faith, cannot be a joint sponsor with any non-campus organization for political or sectarian gatherings. However, the appearance by or on behalf of a candidate for public office may be authorized under conditions prescribed by the Board in Section 4 of this Chapter.

3.45 Whenever non-System groups share in the use of System buildings, it must be upon the invitation of the System and under its joint sponsorship, and with the further understanding that all the conditions governing such sponsorship are to be set by the System.

3.46 The System, when entering into joint sponsorship of any program or activity, reserves the right to approve advertising as well as news releases.

3.47 The authorization for use of the System's facilities for functions other than the university's own activities shall be at the sole discretion of the president and subject to the needs and the convenience of the System which are always to have priority in the scheduling of facilities.

3.48 In the case of programs for which the System is a joint sponsor with some other individual, group, or organization, the fee to be paid by the co-sponsor will be a matter for negotiation in each case, subject to final approval by the university president or a designated appointee, and will be specified in the agreement providing for the joint sponsorship.

3.5 Use of Motor-driven Vehicles or Equipment. The president of each university shall promulgate a policy, specifying conditions for operation or use by students of university owned, controlled or leased motor-driven vehicles or motor-driven equipment. The policy shall include, but not necessarily be limited to, requirements that users of such vehicles or equipment operate the same only during specified hours; document proof of current medical insurance coverage; signed medical treatment authorization forms; and signed liability waivers in favor of the university, the Board of Regents, the System, and their respective officers, employees, or agents.

4. Speech and Assembly

4.1 Definition. Freedom of inquiry and discussion is basic and essential to intellectual development. However, these freedoms must be exercised in a manner that does not illegally derogate the rights of others or interfere with the academic programs and administrative processes of a component.

4.2 Off-Campus Speakers in Component Facilities. The freedoms of speech and assembly guaranteed by the First and Fourteenth Amendments to the United States

Constitution shall be enjoyed by the students, faculty, and staff of the components of The Texas State University System with respect to the opportunity to hear off-campus or outside speakers.

4.21 If a registered campus organization is sponsoring a campus speaker, it has the responsibility of making clear the fact that the organization, not the component, is extending the invitation to speak and that any views the speaker may express are the speaker's own and not necessarily those of the System or of the component.

4.22 Students, faculty, staff, and registered organizations campaigning for public office on behalf of candidates for public office must abide by the provisions of this section.

4.23 Speakers to be paid from state funds to speak on a component campus shall speak in a facility that is open to the public. This subsection does not apply to classes, seminars, symposia, and conferences intended for the use and benefit of students, faculty, staff, and invited guests. No person may obstruct or lessen in any way the opportunity for the audience to. The number of students, faculty, staff, and guests may be limited to prevent a hazard to the safety of the audience.

4.24 Off-campus speakers who have not been sponsored or invited by a registered student, faculty, or staff organization or by the component administration shall be prohibited from speaking to groups in campus facilities and buildings unless the speaker is speaking to an off-campus organization that has been authorized to meet on the campus.

4.25 With the prior written approval of the component president, the component may, at its sole discretion, lease or rent space in the student center or other appropriate buildings or grounds for political rallies and meetings provided that space is made available to legitimate political candidates in a nondiscriminatory fashion and the rent for such space is based on a fair market value.

4.3 Time, Place and Manner Restrictions. While freedom of speech and assembly is encouraged, the law recognizes that there is no absolute right to assembly or to make or hear a speech at any time or place regardless of the circumstances, content of speech, purpose of assembly, or probable consequences of such meeting or speech. The issuance of invitations to outside speakers shall be limited as follows:

4.31 A request to invite an outside speaker will be considered by the component only when made by a registered student, faculty, or staff organization. No invitation shall be issued to an outside speaker without prior written concurrence of the component president or a designee for scheduling of speaker dates and assignment of campus facilities.

4.32 Any speaker request shall be made in writing to the president or a designee by an officer of a registered student, faculty, or staff organization, or by an administrative officer of the component, desiring to sponsor the proposed speaker not later than six (6) business days prior to the date of the proposed speaking engagement. This request shall contain the name of the sponsoring organization; the proposed date, time, and location of the meeting; the expected size of the audience; and the topic of speech. Any request not acted upon by the component president or a designee within five (5) business days after submission shall be deemed granted.

4.33 A request made by a registered organization may be denied only if the component president, or the authorized designee, determines, after proper inquiry, that the proposed speech will constitute a clear and present danger to the

component's orderly operation as defined in Subsection 2.5.

4.34 Where the request for an outside speaker is denied, the sponsoring organization may appeal to the president or a authorized designee in writing within three (3) business days of the denial. A hearing within will be held within four (4) business days following the filing of its appeal before an impartial board or administrator appointed by the president for a de novo consideration of the request. Such board or administrator shall make a recommendation to the component president, whose decision shall be final. If the president fails to decide the matter within seven (7) business days following the filing of the appeal, it shall be deemed granted, and the speaker's invitation may be issued by the organization.

4.35 Where the request for an outside speaker is granted and the speaker accepts the invitation, the sponsoring organization shall inform the president or a designee, immediately in writing of such acceptance. The president or a designee, may, at his or her discretion, require that the meeting be chaired by a member of the administration or faculty and that a statement be made at the meeting that the views presented are not necessarily those of the component or of the sponsoring organization. By acceptance of the invitation to speak, the speaker shall assume full responsibility for any violation of law committed by the speaker while on campus.

4.4 Assembly on Component Grounds. Any group or person, whether or not a student or employee, and whether or not invited by a registered student, faculty, or staff organization, may assemble and engage in free speech activities on the grounds of the campus. However, the component president or a designee may adopt reasonable nondiscriminatory rules and regulations as to time, place, and manner of such activities and may prohibit such activities if it is determined, after proper inquiry, that the proposed speech constitutes a clear and present danger as defined in Subsection 4.5 below.

4.5 Clear and Present Danger. Proposed speech which constitutes a clear and present danger to the component's orderly operation by the speaker's advocacy (i.e., preparing the group addressed and steering it to such action as opposed to the abstract espousal of the propriety of resort to force) may be prohibited. In determining the existence of a clear and present danger, the component president, may consider all relevant factors, including whether, within the past five years such speaker has incited violence resulting in the destruction of property at any public institution or has willfully caused the forcible disruption of regularly scheduled classes or other educational functions at any such institution. There must be not only advocacy to action but also a reasonable apprehension of imminent danger to the essential functions and purposes of the component.

Such regulation shall prohibit any activity that would interfere with academic or component programs.

3.21 No group or person, whether or not a student or employee, shall publicly display, distribute, or disseminate on the component campus any petition, handbill, or piece of literature, work, or material that is obscene, vulgar, or libelous, or that advocates the deliberate violation of any federal, state, or local law. Literature may not be distributed where the manner or form of said distribution constitutes disorderly conduct, disrupts classroom discussion, impedes the maintenance of public order, or constitutes a danger to the person distributing or disseminating the material or to any group or individual.

3.22 For the purposes of Subsection 2.21, advocacy means addressing the group for imminent action and steeling, bolstering, or bracing it to such action as opposed to the abstract espousal of the moral propriety of a course of action.

PUBLICATIONS OF STUDENT GROUPS

The university affirms its position that freedom of expression, as well as inquiry, is essential to a student’s educational development. Vigorous intellectual explorations by students may sometimes result in questioning of popular conceptions, and this in turn, may elicit the concern of society at large. One of the axioms upon which our nation was built, however, is that truth needs no protection, but is vital by vigorous debate in a market place where all ideas can be presented and then tested by the reason of free people.

Publications of student groups are encouraged on the campus of Sam Houston State University. However, freedom of inquiry and expression does not confer an absolute right that would give immunity to every possible use of language. Sam Houston State University expects its students to observe the standards of propriety and good judgement in the exercise of such freedom. Students may publish and distribute free material that is not libelous or obscene or that does not promote or encourage the violation of law of the state of Texas or the United States or the disruption of the university’s academic process.

Literature may not be distributed where the manner or form of said distribution constitutes disorderly conduct, disrupts classroom discussion, impedes the maintenance of public order, or constitutes a danger to the person disseminating the material or to any other group or individual.

In order to promote and protect the right of privacy, the distribution of literature or circulation of petitions will not be allowed to captive audiences such as in the classroom buildings, in study areas, or in residential units of the university.

STUDENT ORGANIZATIONS POLICY

Sam Houston State University is guided by the precept that in no aspect of its program shall there be differences in the treatment of persons because of race, creed, color, sex or national origin. It is reflected in policies governing programs of extracurricular life and activities. In accordance with this principle along with other published student policies, all organizations will refrain from conducting any pledging, initiation, or other extracurricular activities that will in any way be detrimental, defamatory, ridiculing or embarrassing to any race, color, creed or national origin. All organizations should be well aware of the state of Texas Statute on Hazing.

1. Statement of Purpose

Sam Houston State University recognizes both the right of students to form into

organizations and the benefits which can result from membership in groups having similar or common interests or purposes.

It is the purpose of this document to set forth the procedures by which student organizations can be officially registered, to establish the rights and responsibilities of students acting in a group capacity, and to establish policies and regulations governing all group activities. In addition, administrative and judicial procedures are set forth whereby those registered student organizations and groups accused of violating the policies will be afforded due process, and if appropriate, fair and just penalties. The university may issue regulations governing the eligibility of students for participation in student organizations.

2. Definition of a Student Organization

A student organization consists of at least five students joined together for a common lawful purpose and formally registered with the university.

3. Rights and Responsibilities of Student Organizations

General rights of student organizations are the same as those granted to every citizen of the United States of America under the Bill of Rights. Individuals are subject to the penal and civil statutes of the city, state and federal government; regulations of the Board of Regents; and regulations of the university. The university may suspend recognition of a student organization for violating the Student Organization Policy. The following are the general rights and responsibilities of recognized student organizations.

b. The responsibility to conduct its business and fiscal operations in accordance with normal standards of good business management and practice, including, but not limited to, prompt discharge of all obligations.

c. The responsibility to be cognizant of the special role it enjoys as an integral part of the academic community of Sam Houston State University, and to act accordingly in the best interest of its members and the university.

d. The responsibility for any damages or injuries that occur during their events.

3.3 Specific Limitations on Rights and Responsibilities of Student Organizations.

a. While recognizing rights of student organizations, the university does not grant to organizations the right, expressed or implied, to speak for the university.

b. The activity of student organizations or their individual members, taking place off university-owned or controlled property, are entirely the responsibility of the student organization. The university accepts no responsibility for off-campus activities by allowing advertising of such activities on the campus. However, the university will not ignore any activity off-campus that reflects adversely on the university or the community.

c. Activities of student organizations are subject to the provision of the university Facilities Use Policy.

d. Membership in an organization is limited to Sam Houston State University students, spouses of students, faculty and staff. The holding of offices is limited to registered SHSU students except when national regulations require that an office be held by a faculty member. Student membership in an organization must be no fewer than five. Membership is not denied to anyone on the basis of race, color, religion, creed, sex, or national origin.

e. Officers or student leaders representing the university in an official capacity (e.g., university committees, Board of Regents' Advisory Committees, off-campus conferences or programs, etc.) must be current students; or they must be members of the faculty or university staff. To be eligible to serve as an officer in a registered student organization a student must be enrolled full-time (12 hours undergraduate or 9 hours graduate), have and maintain a 2.0 SHSU grade point average (GPA) cumulatively, and must not be on disciplinary probation. When an election is held in a registered student organization, the names of the new officers must be transmitted to the Department of Leadership Initiatives within three days after the election.

f. Students who do not meet the minimum GPA requirements at the time of elections may not serve in a leadership capacity. In the event a student is elected to office without the minimum GPA requirements, the organization must hold a re-election immediately. Organizations not meeting the above requirements will be placed on probation and may have their registered status revoked.

g. Each registered organization is expected to include within its constitution and/or bylaws officer eligibility requirements which must at least match those required by the university. An organization may require additional academic requirements it deems appropriate to hold office or membership.

4. Procedure for Formation and Registration of New Organizations

4.1 Permanent Organizations

a. Any group of students having a purpose which is within the policies of this document may be registered with the university. Registration of a campus organization does not constitute endorsement of its program or purpose, but is simply a charter to exist on the university campus and may be withdrawn by the Student Organizations Board according to the specifications of this document.

b. The group will file the Sam Houston State University Student Organization Registration Application with the coordinator of the student organizations as designated by the vice president of student services. The application shall include the organization's name, the constitution or statement of purpose, name of officers or contact persons, number of members, and intent to affiliate with off-campus organizations.

c. If formation of the organization is not complete at the time of filing of the Sam Houston State University Student Organization Registration Application, the coordinator of student organizations will assist in making arrangements for the organization to use university facilities for a limited amount of time for organizational purposes on a meeting-to-meeting basis until the organizational process is completed and the required information can be filed.

d. At the time of filing, the president or contact person for the organization will sign a statement indicating that he or she is familiar with and will uphold the aforementioned Rights and Responsibilities of Student Organizations (Section 3, Student Organizations Policy)

e. When the required application forms have been filed with the coordinator of student organizations, the coordinator will contact the Student Organizations Board to review the application.

After review, the coordinator will notify the president and faculty/staff advisor whether their application has been approved or denied.

(1) Upon approval of registration, the application will be signed by the coordinator of student organizations, the chairman of the Student Organizations Board, The Director of Leadership Initiatives, the Vice President for Student Services, the President of the University or his appointed designee, and returned to the organization within 10 days as formal notification of registration. A copy of the approved application will be filed in the office of the coordinator of student organizations that the group is eligible for all of the rights of registered student organizations.

(2) Should the Student Organizations Board feel that the petitioning organization does not meet the requirements for registration, the coordinator of student organizations will notify the pending organization with the board's recommendations and its decision regarding their status. This notification will be stored on file in the coordinator's office. The organization may then work with the organizations' coordinator to review the requirements for registration established herein.

4.2 Registration for a Limited Purpose (Ad Hoc Registration).

Registration for a limited purpose (ad hoc registration) is available for those groups which want to organize with some short-term goal in mind, that is, one which can be accomplished in less than one academic year. Their registration will expire on the date indicated on the registration form. It is anticipated that few ad hoc registrations will be granted. The board's decision will be contingent upon the extenuating circumstances

of the application.

4.3 Maintenance of Registered Status.

- a. At the beginning of each fall, spring, and summer semesters, all student organizations wishing to maintain their registered status for that semester will submit to the coordinator of student organizations (no later than the twelfth class day) a list of the new officers, number of members, and the faculty/staff advisor on the semester update form provided for that purpose. Once the information has been processed, registration may be automatic.
- b. It is only necessary for an organization to resubmit information such as an organization's tax ID number, copies of the 501 C tax forms or the organization's constitution or statement of purpose when it has been requested by the coordinator of organizations or the Director of Leadership Initiatives. Both a National and an SHSU constitution may be requested. The organization has 2 business days to submit the most recent addition of their constitution and/or bylaws to the coordinator of organizations. Any documents requested by a university official must be provided within the given deadline.
- c. Should the Organizations Board feel that the organization does not meet the requirements for continued registration, the coordinator of organizations will provide the necessary information to the student representatives and the organization advisor. Copies of this information will also be filed in the coordinator's office. The organization may then request through the coordinator a meeting with the Organizations Board to appeal the decision. The coordinator will assist in making provision for the group to continue to use university facilities for a designated period of time.

4.4 Administrative Discipline.

- a. Any member of the university community may file a complaint against a registered student organization when he or she feels that the organization has failed to comply with the Rights and Responsibilities of Student Organizations. The complaint may be registered with the coordinator of organizations, the Dean of Students or his/her designate, the vice president for student services or designated appointee. If the vice president for student services or designated appointee investigates the complaint, the results will be reported to the Dean of Students' Office. The Dean of Students may hear the case or refer it to the coordinator of organizations.
- b. If the Dean of Students or his/her designate chooses to hear the case, the Dean of Students or his/her designate will review the report, investigate the alleged violations and notify the student organization in writing of the charge against it. The organization will then have the opportunity to review evidence against them and provide any relevant information on their behalf. The organization may be requested to set up a meeting to review all evidence and information pertaining to their case. At the conclusion of the review, the Dean of Students, his/her designate will determine if the group is responsible for any violations of the Student Organization Policy or other policies listed in the Student Guidelines. If the group is found responsible, the Dean of Students or his/her designate may impose sanctions against the group including the following:
 - (1) Suspensions of the rights of the organization to:
 - (a) Use university facilities;
 - (b) Sponsor any activity;

(c) Participate in campus affairs;

(2) Suspension of Registration – This penalty shall be for a stated period of time. An organization placed on Suspension of Registration may not function on campus in any manner and the general rights of registered student organizations are withdrawn.

(3) Revoke the action that prompted the complaint and instruct the organization to either present an acceptable solution or implement a solution that has been dictated by the Dean of Students' Office.

The organization shall be informed, in writing, of the decision by the Dean of Students or his/her designate,. A meeting may also be requested to review the decision. A copy of the decision shall be made a part of the organization's discipline file in the Dean of Students' Office.

c. In the event the coordinator of organizations receives a complaint or report of a violation of the Student Organization Policy or other policies listed in the Student Guidelines, the coordinator of organizations will convene the Student Organizations Board who will determine the validity of the complaint by a two-thirds vote with all members voting. In the event that such a complaint is deemed valid, the coordinator will notify the organization in writing of the charge against it and will set up a hearing before the board. The organization's hearing before the board is informal and within fair and properly established process of due process. It provides a hearing for the organization's president, the faculty/staff advisor, persons who committed the alleged violation, witnesses, charges, defenses, rebuttal evidence, and arguments. The discipline committee shall consist of the organizations board and the Director of Student Activities. At the conclusion of the hearing, the committee shall deliberate in private to determine if the group is responsible for any violation(s) of the Rights and Responsibilities of Student Organizations, and may dismiss the charges or take any of the action outlined in Section 5.2e. The organization shall be informed in writing, within 3 class days, of the decision by the organizations coordinator, and a copy of the decision shall be made a part of the organization's file in the office of the coordinator.

d. The organization will have the opportunity to accept or appeal the decision of either the Dean of Students or the Student Organizations Board. The group may not appeal if it is determined that the allegations against the accused organization are true but the only sanction assessed is verbal or written warning or probation. In those cases, the determination of the Dean of Students or his/her designate, or the Student Organization Board is final. However, in all other cases, the organization may appeal to the Dean of Students. If the hearing officer who made the initial decision in the case has been an appointee designated by the Dean of Students, the appeal will be made to the Dean of Students. If the Dean of Students has served as the hearing officer or the review was made by the student organization board, the appeal will be made to the Vice President of Student Services. Written notice of appeal must be received by the appeal officer within five (5) business days after the decision. An appeal is not simply a rehearing of the original case. An appeal must be based on: 1) whether or not a fair hearing was afforded. A fair hearing includes notice of the alleged misconduct, and an opportunity to present evidence; 2) whether or not the sanctions levied were appropriate to the offense; 3) whether or not the finding was supported by the evidence; and/or 4) whether or not new evidence

is introduced that was not available at the time of the hearing. Both parties, at the discretion of the appeal officer, may submit oral or written arguments, to support their positions. In order for the appeal to be considered, the appealing party must submit all necessary documentation, including written arguments, when appropriate, to the appeal officer within five (5) business days after giving notice of appeal. The appeal officer may approve, reject, modify the decision, or remand the matter to the original hearing officer for reconsideration. The appeal officer shall respond to the appeal within ten (10) business days after all the documentation was received and all testimony was heard, or he or she may postpone a decision for good

(Subpart A Section 99.5) The following information complies with this act. The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

- (1) The right to inspect and review the students' education records within 45 days of the day the university receives a request for access.

Students should submit to the registrar, dean, head of the department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the university official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

- (2) The right to request amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the university to amend a record that they believe is inaccurate or misleading. They should write the university official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the university decides not to amend the record as requested by the student, the university will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. TUITION REBATES FOR CERTAIN UNDERGRADUATES

(a) A qualified student is eligible for a rebate of a portion of the undergraduate tuition the student has paid if the student:

(1) is awarded a baccalaureate degree from a general academic teaching institution within the period prescribed by Section 56.462(1)(A) or (B), as applicable, to qualify for forgiveness of a Texas B-On-time loan; and

(2) has attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree, including:

(A) transfer credits; and

(B) course credit earned exclusively by examination, except that, for purposes of this subsection, only the number of semester credit hours earned exclusively by examination in excess of nine semester credit hours is treated as hours attempted.

(b) The amount of tuition to be rebated to a student under this section is \$1,000, unless the total amount of undergraduate tuition paid by the student to the institution of higher education awarding the degree was less than \$1,000, in which event the amount of tuition to be rebated is an amount equal to the amount of undergraduate tuition paid by the student to the institution.

However, a student who paid the institution awarding the degree an amount of undergraduate tuition less than \$1,000 may qualify for an increase in the amount of the rebate, not to exceed a total rebate of \$1,000, for any amount of undergraduate tuition the student paid to other institutions of higher education by providing the institution with proof of the total amount of that tuition paid to other institutions of higher education.

(c) A student who has transferred from another institution of higher education shall provide the institution awarding the degree an official transcript from each institution attended by the student in order that the period during which the student has been enrolled in a general academic teaching institution and the total number of hours attempted by the student can be verified.

(d) To qualify for a rebate under this section, the student must have been a resident of this state and entitled to pay tuition at the rate provided by this chapter for a resident student at all times while pursuing the degree.

(e) All institutions of higher education shall notify each first-time freshman student of the tuition rebate program.

(f) The institution awarding the degree shall pay the rebate under this section from local funds.

(g) If a student entitled to a rebate under this section has an outstanding student loan, including an emergency loan, owed or guaranteed by this state, including the Texas Guaranteed Student Loan Corporation, the institution shall apply the amount of the rebate to the student's loan. If a student has more than one outstanding loan, the institution shall

apply the amount of the rebate to the loans as directed by the student or, if the student fails to provide timely instructions on the application of the amount, the institution shall apply the amount of the rebate to the loans according to priorities established by the coordinating board. If the amount of the rebate exceeds the amount of the loan indebtedness, the institution shall pay the student the excess amount.

(h) The legislature shall account in the General Appropriations Act for the rebates authorized by this section in a way that provides a corresponding increase in the general revenue funds appropriated to the institution. It is the intent of the legislature that rebates authorized by this section shall be financed by savings to the state resulting from reductions in the number of courses taken by undergraduate students.

(i) The coordinating board, in consultation with the institutions of higher education, shall adopt rules for the administration of this section, including a rule to allow an otherwise eligible student to receive a rebate under this section if the student is not awarded a baccalaureate degree within the period required by Subsection (a)(1) solely as a result of a hardship or other good cause. The performance of active duty military service by a student shall be recognized as “good cause” for purposes of this section.
