CAREER SUMMARY: Having worked in Texas public higher education for over 26 years, I have had the opportunity to serve in a variety of financial accounting and administrative roles that have allowed me to be involved in the development and implementation of administrative and fiscal policy. My current duties at the Sam Houston State University involve areas that are crucial to the continuing operation and financial health of the institution. The Budget Office prepares the biennial Legislative Appropriations Request that is the primary document used by the state legislature in allocating financial resources. This document is closely reviewed and compared with the annual financial report, prepared by the Controller's office, to evaluate results of operations and overall financial health. Campus security, building operations, maintenance, construction and auxiliary operations engage in supporting the day-to-day operational activities of the institution and delivery of our core competency – instruction. I have ascended through the ranks of administration at several Universities by proving myself an accomplished manager, administrator, advisor and leader with special expertise in all aspects of financial accounting, finance, budgeting and administration. I consider myself a collaborative results oriented leader, respected supervisor, attentive listener, and results oriented team player with excellent staff rapport.

July 1993
Sept 1994

Financial Analyst

University of Texas at El Paso - Financial Services August 1994

Primary responsibility is the coordination and preparation of the University's annual financial report. Analyze and prepare various financial reports for both internal use and as required for external agencies. Coordinate preparation and the analytical review of the monthly financial report. Reconcile various accounts on a monthly basis. Maintain and update the University's chart of accounts. Assist in the plant fund, endowment and investment accounting areas. Assist in the preparation of the annual operating budget, legislative appropriations request. Assist the Comptroller with various special projects as needed.

June 1992
July 1993

Accountant III

University of Texas at El Paso - Financial Services

Assisted the Comptroller in the preparation of various reporting documents to include: Annual Financial Report, Legislative Appropriations Request, and Operating Budget. Reconciled various accounts in payroll area and several fund groups for the preparation of annual financial report. Responsibilities also include investment and cash management for the University. Completed various other miscellaneous financial and informational reports.

Oct 1989
Jun 1992

Payroll Supervisor

University of Texas at El Paso - Financial Services

Supervised the payroll staff of the University, which consisted of three payroll clerks, and three part-time student assistants. Reconciled all payroll-related expenditures that amount to approximately 80% of the University's \$90 million dollar operating budget. Prepared and reviewed all state and federal reports as well as the processing of payments for all employee benefits (i.e. retirement, insurance, etc.) and any reports associated with these benefits. The position also required direct involvement in the preparation of the University's Operating Budget, Legislative Appropriations request, and the Annual Financial Report. During my tenure as payroll supervisor I was instrumental in a computer system conversion of the payroll processing system. Due to the complexity of the new system and the required accuracy of employee payroll information, I consider this to be the biggest achievement during my employment as payroll supervisor.

Sep 1988
Oct 1989

Accountant II

University of Texas at El Paso - Controller's Office

Prepared bank account and state appropriation reconciliation, responsible for property, plant and equipment accounts stewardship, and assisted the controller with risk management for the University. Responsibilities also included developing the format of reconciliations and for formatting a portion of the annual financial report onto Lotus 1-2-3. Supervised the accounts payable section and two student assistants. Assisted the controller in the preparation of the University's annual financial report. Responsibilities required close work and cooperation with administrators at all levels of the University.
