Ms. Mary

The 337.5 acres is based upon subtracting the building footprints so my new total is:

337.50 previous total
 .15 Potato Shack
 2.00 University Plaza
 1.00 Sunrise Parking Lot
 4.00 Janes Asphalt temporary parking lot

344.65 new total as of 10/10/17

Subject: Maintainable acreage
Importance: High

Scott,

This again . . . of our total university acreage (2,835.5226 ac.) how much do we maintain? Last year we reported 337.5 acres maintained. However, we purchased two properties last year:

337.5 2016 acres maintained
1.3180 ac purchased with the Potato Shack Strip Mall at 2212 Ave I
3.0640 ac purchased with the bank building (University Plaza)
341.6958 acres

Can you confirm that **341.6958 acres** maintained is correct?

Thanks!
