

John B. Pascarella, PhD

Home Address: 3 South Hawthorne Hollow Circle, The Woodlands, Texas 77384
229-563-3099 (cell); jbpascarella@gmail.com

Education

University of Miami. 1995.
PhD in Biology

University of Kansas. 1990.
BS in Biology (Systematics and Ecology)
BA in Latin American Studies (History, Spanish and Portuguese)
Graduation with Distinction, Departmental Honors, and Completion of Honors Program
Completed one year of study abroad at Universidad de Costa Rica, San José, Costa Rica (1987)

Academic, Professional, and Research Appointments

Sam Houston State University, Huntsville, TX (2012-present)

Dean of the College of Science and Engineering Technology and Professor of Biological Sciences (tenured).

Strategic leadership for eight academic departments (Agricultural Sciences, Biological Sciences, Chemistry, Computer Science, Engineering Technology, Geography and Geology, and Physics). College previously included the School of Nursing which moved in 2013 to the College of Health Sciences.

Led college efforts for programming and design: Vivarium-Animal Care Facility (\$1,650,000) (project completed), Fred Pirkle Engineering Technology Building (\$22,500,000) (project completed), Biology Laboratory Building (\$64,000,000-in construction, completion Spring 2018), and Equine Science and Rodeo Complex (\$21,000,000-completed programming phase, awaiting donor funding).

Developed new undergraduate academic programs in Agricultural Communications, Composite Science (Teacher Education), Electronics and Computer Engineering Technology, Environmental Science, Software Engineering Technology, and Digital Forensics Engineering Technology.

Developed new graduate academic program in MAG in Sustainable Agriculture and Food Environment (fully online).

Developed PhD in Digital and Cyber Forensic Science to launch Fall 2018.

Developed Engineering Transfer program (2+2) with the University of Texas-Tyler College of Engineering for Mechanical, Civil, and Electrical Engineering.

Developed with the College of Health Sciences a new Office of Pre-Health Professional Advising (OPPA) for students interested in health-related professional school.

Developed and managed ~\$16,000,000 annual budget.

Recommended appointment, tenure, promotion, disciplinary action, and merit for ~ 105 tenure-track/tenured faculty, 24 staff, and ~40 adjuncts.

Hired 31 tenure-track faculty since 2012, including obtaining funding for 13 new TT faculty positions and 8 staff positions.

Supported fundraising with Advancement office and Alumni Affairs. Accomplishments include first endowed professorship for College in Biological Sciences (\$500,000), stewardship of Pirkle gift (\$25,000,000), \$3-million-dollar gift for Engineering Technology Endowed Chairs from Quantas Energized Systems, and donation of rare book collection of natural history and science from Biology alumni (\$250,000). Attended CASE Development for Deans Workshop (2015).

Developed and funded Undergraduate Research Awards Program (\$15,000 per year).

Developed Recognition of Excellence Program in Teaching, Research, and Service for College faculty and students.

Developed and Funded Career Advancement Awards for Tenured Associate Professors to support research excellence.

Funded Summer Graduate Student Research Stipends for Thesis students.

Reviewed student complaints/concerns and reviewed probationary and suspended students.

Direct supervisor of seven department chairs, 2 associate deans and 4 full-time staff members.

Developed new formal relationships for academic exchange and study abroad with UNIBE (Iberoamerican University of Health Sciences, Heredia, Costa Rica) for Biological Sciences, Firat University (Elazig, Turkey) and Zhejiang Police College for Computer Science, and Beijing Mining and Technology (Beijing, China) for Mathematics and Statistics.

Board Representative-Texas Association of Deans of Liberal Arts and Sciences (TADLAS); Member-Texas State University System Scientific Advisory Committee for the Christmas Mountains;

Taught one graduate course in Biology and served on 3 MS thesis committees in Biological Sciences and Geography. Mentored two undergraduate students in research.

Kansas State University-Olathe, Olathe, KS (2010-2012)

Associate Dean of Academic and Research Programs (K-State Olathe) and Professor of Biology (tenured)

Worked with faculty and administrators on academic affairs planning for a new branch campus in Olathe, KS dedicated to graduate programs and research in the area of Animal Health and Food Safety. Programs since implemented include MS and Phd in Adult and Continuing Education, MS in Horticulture with an emphasis on Urban Food Systems, MS in Agribusiness for Animal Health Professionals, MS in Food Science, MS in Veterinary Biomedical Science, and Professional Science Masters (PSM) program in Applied Science and Technology.

Designed and implemented outreach programs in Animal Health and Food Safety to Johnson County public school districts and greater Kansas City metropolitan area.

Developed position descriptions, conducted search, and hired the Director of Sensory and Consumer Research Center and the Director of K-12 Science Education Partnerships.

Developed requirements for the Johnson County Education Research Triangle (JCERT) Scholarship; managed annual academic budget of ~\$1,000,000.

Assisted with grant proposal writing to support university initiatives.

Community outreach as a Board Member for Blue Valley School District Center for Advanced

Professional Studies and Science Pioneers (Greater Kansas City Science and Engineering Fair).

Direct supervisor of Director of Food Programs and Services, Director of K-12 Science Education Partnerships, and Administrative Assistant.

Georgia Southern University, Statesboro, GA (2008-2010)

Associate Dean of Faculty and Research Programs (College of Science and Technology, now the College of Science) and Professor of Biology (tenured)

Managed faculty affairs (recruitment, retention, promotion, & tenure) for 8 departments (Biology, Chemistry, Geology and Geography, Mathematical Sciences, Physics, Mechanical and Electrical Engineering Technology, Construction Management and Civil Engineering Technology, Army ROTC) and >150 faculty;

Promoted scholarly activity through management of internal research awards and college faculty and staff awards of excellence;

Managed summer and part-time budgets (~\$1,250,000 M);

Direct supervisor of the Directors of the College Office of Undergraduate Research and College Office of Sustainability;

Grant writing and proposal development;

Developed proposal for new graduate programs (Professional Science Masters in Physical Science) and developed core research themes for college;

Maintained an externally funded research program;

Taught undergraduate and graduate courses;

Mentored undergraduate and graduate students in research.

Valdosta State University, Valdosta, GA (1997-2008)

Coordinator, Center for Applied Research (2007-2008), College of Arts & Sciences

Promoted linkage of VSU faculty with community and business needs;

Provided outreach to community organizations;

Ran an Internal Faculty Research Grants program.

Administrative Intern (2006-2007), Office of Vice-President for Academic Affairs

Managed external research and contract proposals in the Research Office.

Developed benchmarking study of research offices and funding at peer universities.

Attended Presidential Cabinet meetings.

Professor; Associate Professor; Assistant Professor (1997-2008, Tenured 2003). Department of Biology, Valdosta State University, Valdosta, GA.

Taught undergraduate majors and non-majors courses in Biology and Environmental Science;

Developed an externally funded research program.

Service on department, university, and professional committees.

Other Professional Positions

National Science Foundation. 2005-2006. American Association for the Advancement of Science (AAAS) Science & Technology Policy Fellow, Directorate for Biological Sciences, National Science Foundation, Arlington, VA.

Wrote “A Strategic Plan for Broadening Participation in the BIO directorate”; Member of Broadening Participation Working Group; Research Initiation Grants/Career Advancement Awards for Broadening Participation; Revision of Undergraduate Mentoring in Biology; Federal Program Agency Review Team for RUI/ROA programs; Outreach to minority serving institutions.

Adjunct Research Associate. 2000-2010. Fairchild Tropical Botanical Garden, Coral Gables, FL
Collaborated on long-term demographic studies of endangered plants in South Florida.

Research Associate. 1996-1997. Department of Biology, University of Miami, Coral Gables, FL
Researched pollination ecology in Everglades National Park, Florida (PI- K. Waddington).

Research Associate. 1995-1996. Department of Biology, University of Puerto Rico-Rio Piedras, San Juan, PR
Researched tropical forest ecology and restoration in Puerto Rico (PI-T. Aide, J. Zimmerman).

Student Assistant Director of University of Kansas Study Abroad Program in Costa Rica. 1990.
Universidad de Costa Rica, San Jose, Costa Rica
Supervised academic affairs and organized cultural activities for 60 undergraduate students.

Fellowships and Scholarships

American Association for the Advancement of Science (AAAS) Science & Technology Policy Fellowship (2005-06)
National Science Foundation (NSF) Graduate Fellowship, University of Miami (1991-1994)
Robert E. Maytag Graduate Fellowship, University of Miami (1990, 1995)
Summerfield and University Scholarships, University of Kansas

Teaching

Sam Houston State University
Directed Research for Biology
Population Ecology (Graduate)

Georgia Southern University
Introductory Biology for Majors
Population Biology (Graduate)

Valdosta State University

Introductory Biology for Non-Majors

Introductory Biology for Majors

Botany

Ecology

Population Biology

Senior Seminar

Environmental Issues

Natural History of Georgia for Middle School Teachers

Other teaching

University of Miami: Lecturer, Elementary Botany for Non-Majors;

Invited Lecturer in Tropical Botany, Organization for Tropical Studies Course 1993-7, Costa Rica.

Member of the Graduate Faculty at SHSU (2012-present), KSU (2010-2012), GSU (2009-2010), and VSU (1998-2008).

1993. **2nd Annual Meeting Florida Ecological and Evolutionary Scientists**, Archbold Biological Station, Venus, FL

1993. **South Florida Plant Biologists Meeting**, University of Florida Institute of Food and Agricultural Sciences, Davie, FL

J.K. Zimmerman, T. M. Aide, H. Marciano, L. Herrera, and J.B. Pascarella. 1996. Past land-use as an important determinant of species composition in secondary forests of Puerto Rico. *Invited symposium presentation*-Ecology of lowland tropical secondary forests. **Ecological Society of America**, Providence, RI

C.C. Horvitz and J.B. Pascarella. 1994. Sensitivity analysis for plants in hurricane-prone forests: matrix models analysis. *Invited symposium presentation*-Use of ecological concepts in conservation biology: Lessons from Southeastern ecosystems, **Ecological Society of America**, Knoxville, TN

J.B. Pascarella. 1994. Regeneration of the tropical canopy tree, *Lysiloma latisiliquum*, following hurricane disturbance in south Florida,

Botanical Society of America, Knoxville, TN

Natural Areas Management Conference, Palm Beach Gardens, FL

Funded Grants and Contracts

Texas Military Department (2016): \$72,281. Invertebrate planning level survey at two Texas Army National Guard Training Sites: Camp Bowie and Eagle Mountain Lake Maneuver”, K. Gary, J. Cook, C. Hargrave, and J.B.Pascarella.

Big Thicket Association (Texas Commission on Environmental Quality) (2016): Bees of the Big Thicket National Preserve (Insecta: Hymenoptera: Apoidea), \$13,056. D. Bennett (Stephen F. Austin State University) and J.B. Pascarella (Sam Houston State University).

Educate Texas Regional STEM Degree Accelerator Initiative (2015): \$15,000. Planning Grant for Statewide Competition.

Valdosta State University (2011-2012), \$1500. Multivariate Community Composition Analysis of Prescribed Burning of Vegetation Units, Moody Air Force Base, Georgia. J.B. Pascarella.

Georgia Department of Natural Resources (2009-2011). \$18,000. *Baptisia arachnifera* Response to Fire and Potential for Restoration in a Natural Site. L. Leege and J.B. Pascarella.

Georgia Native Plant Society (2006-2010). \$1900. Ecological studies of the population structure and dynamics of a restored population of the federally endangered Georgia endemic *Baptisia arachnifera* (Fabaceae). J.B. Pascarella.

U.S. Military Research Acquisition Authority. (2007-2009). \$157,000. Effects of fire on forest communities at Moody Air Force Base. R. Carter and J.B. Pascarella.

Onyx Corporation. (2007-2009) \$190,000. Collaborative research between Valdosta Optics Laboratory, Inc. (VOLI) and Valdosta State University. J.B. Pascarella, J. Spencer, and B. Hojjatie.

University System of Georgia Office of Economic Development ICAPP Innovation Program Proposal. (2007-2008) \$9824. Development of a Course in Organic Agriculture. E. Cantonwine and J. B. Pascarella.

Florida Native Plant Society, (2007) \$1000. Comparative demography of restored and natural populations of the federally endangered Beach Jacquemontia (*Jacquemontia reclinata*, Convolvulaceae). J. B. Pascarella, J. F. Maschinski, and S. Wright

U.S. Fish and Wildlife Service, (2005-2008): \$293,000. Demography of endangered *Jacquemontia reclinata* in South Florida. J. Maschinski, J. Fisher, and J. B. Pascarella

Florida Fish and Wildlife Conservation Commission (2004-2005): \$19,858. Demography of coastal dune vines: endangered *Jacquemontia reclinata*, endangered *Okenia hypogea*, and threatened *Cyperus pedunculatus*, from South Florida. J. Maschinski, J. Pipoly, J. Fisher, and J.B. Pascarella.

Georgia Native Plant Society (2003): \$330. Floral preferences in the Southeastern Blueberry Bee (*Habropoda laboriosa*)-The importance of alternative floral hosts in rural and urban areas in Georgia. J. B. Pascarella.

National Science Foundation, Field Station and Marine Lab Improvement Program (2001): \$6,000. "Planning Grant for the Lake Louise Field Station Valdosta State University", D. Bechler and J. B. Pascarella.

National Fish and Wildlife Foundation, Native Plant Conservation Initiative (2001-2002): \$25,000. Conservation biology of coastal plain pollinators. S. Buchmann, A.J. Donovan and J. B. Pascarella.

Fairchild Tropical Botanical Garden (1999-2003): \$3,000. Demography of rare and endangered plants in South Florida coastal ecosystems. . J.B. Pascarella.

Ogden Environmental (1999-2000): \$3600. Wetland Restoration Study for AGL coal gasification site, Valdosta, GA. J. B. Pascarella.

University of Puerto Rico and Columbia University (1997-2007): \$14,376. Restoration of Tropical Forests in Puerto Rico. J. B. Pascarella

University System of Georgia Board of Regents, Teaching and Learning Grants (1999): \$1,150. Incorporating ecological simulation software in the teaching of undergraduate ecology. J. B. Pascarella

Grants in Review

USDA NIFA, "Impacts of volatile organic compounds from oil and gas production on floral scents and bee communities", Hargrave, C.W., J.B. Pascarella, J.L. Cook, K.P. Gary, E.P. Olaguer, R. Smith; \$999,769, submitted 7/3/2017.

Membership in Academic and Professional Associations

American Association for the Advancement of Science
Botanical Society of America
Council of Colleges of Arts and Sciences
Ecological Society of America
Sigma Xi
Southern Appalachian Botanical Society
Texas Association of Deans of Liberal Arts and Sciences

Professional Service

Editor-in-Chief, *Castanea*: The Journal of the Southern Appalachian Botanical Society (2009-2014)
Editorial Board, *Florida Scientist* (2008-2011)

Invited journal peer reviewer: *Acta Oecologia, American Journal of Botany, American Naturalist, Annales Zoologici Fennici, Annals of Botany, Biological Conservation, Biotropica, Botany (Canadian Journal of Botany), Caribbean Journal of Science, Climatic Change, Council of Undergraduate Research Quarterly, Ecological Applications, Ecology, Entomological Society of Washington, Florida Entomologist, Florida Scientist, Forest Ecology and Management, Georgia Academy of Sciences, Haseltonia, Israel Journal of Plant Sciences, Journal of Ecology, Journal of Forest Research, Journal of the Kansas Entomological Society, Journal of Tropical Ecology, Journal of Vegetation Science, Lindleyana, Plant Ecology, Plant Systematics and Evolution, Public Library of Science, Revista Interciencia, & Wetlands*

Invited grant and fellowship peer reviewer:

American Association for the Advancement of Science-Research Partnership Initiative

National Science Foundation:

Broadening Participation

Doctoral Dissertation Improvement Grants (DDIG)

Ecology Panel

Graduate Research Fellowship

International Programs

Research at Undergraduate Institutions

Research Experience for Undergraduates

Chilean Government CONyCIT (National Commission for Science and Technology)

Chilean Government Ecological Research Station in Patagonia

Chilean Government Science and Technology grant review

EPA "High Performance Computing Technology" STAR grants program, "STAR Graduate Fellowships Program"

National Fish and Wildlife Foundation Challenge Grants

US Army Corps of Engineers Engineer Research & Development Center

Service on Professional Boards

Science Pioneers (Greater KC Science Fair) (2011)

Blue Valley (KS) School District Center for Advanced Professional Studies (CAPS) Advisory Board (2010-2012)

Shawnee Mission (KS) School District Research and Development Advisory Board (2011-2012)

Kansas BIO Talent Development and Education Committee (2010-2012)

Vice President of the Georgia Academy of Science (2007-2008)

Member, Georgia Plant Conservation Alliance (2000-2010)

University Service as Member or Chair*

Sam Houston State University (2012-present): Council of Academic Deans; Search Committee for Dean of College of Humanities and Social Sciences* and Dean of Graduate Studies*, Promotion and Tenure Policy Revision Committee, Faculty Compensation Study Committee, Southern Association of Colleges and Schools Accreditation Committee.

Kansas State University (2010-2012): Higher Learning Commission Accreditation; K State Online Advisory Council; Associate Dean Council.

Georgia Southern University (2008-2010): Promotion and Tenure*; Posttenure*; International Affairs, Intellectual Property; College Technology, Associate Dean Council.

Valdosta State University (1997-2008): Curriculum, Non-Majors*, Greenhouse*, College Promotion and Tenure, Web Page, Connell Lecture*, Assessment*, Multiple Faculty Search (Mycology*), Council for Undergraduate Research, Faculty Research and Professional Development, Interdisciplinary Science, and Natural Areas*.

University of Miami (1991-1995); Curator of the Gifford Arboretum

Undergraduate Mentoring

Mentored 23 VSU undergraduates (18 minority students), 3 GSU undergraduates, and 2 minority SHSU undergraduate students in research.

Graduate Committee Member (MS thesis)

Rodriguez, Victoria. 2017. Genetic analysis of potential hybridization between the endangered *Gambusia nobilis* and invasive *Gambusia geiseri*, in Texas. Sam Houston State University.

Hoffpauir, David. 2017. GIS analysis of current and historical vegetation communities in Southeast Texas. Sam Houston State University.

Bayat, Soheila. 2015. Molecular phylogenetic study of the genus *Buchnera* L. Sam Houston State University.

Vondran, Jodi. 2013. A two pan feeding trial with companion dogs: Considerations for future testing. Kansas State University, Manhattan, KS.

Martin, J.R. 2011. Population Genetics of Isolated Cyprinid Minnow, Pearl Dace (*Margariscus margarita*) on Isle Royale, MI. Valdosta State University, Valdosta, GA.

Estep, T.J. 2011. Evaluating restoration potential of *Baptisia arachnifera*, an endangered legume: shade and litter effects on early life stages. Georgia Southern University, Statesboro, GA.

Spiegel, K. S. 2010. Impacts of laurel wilt disease on redbay (*Persea borbonia*) population structure and forest communities in the coastal plain of Georgia. Georgia Southern University, Statesboro, GA.

Hardy, M. 2009. Phenotypic variation in populations of *Silene latifolia*. Georgia Southern University, Statesboro, GA.

Community Service

Presented outreach talks to local environmental groups, garden clubs; served as Science Fair judge; gave College and Career Day presentation at High School; Volunteer for Potomac Gorge BioBlitz biological survey; Participated in Preparing Future Faculty Workshops at Valdosta State University and Howard University; maintained web site and answered e-mail questions from public about bees and pollinators.

Honors and Awards

Promoted to Full Member of Sigma Xi (2006)

Awarded VSU Sabbatical Research Leave (2005)

Distinguished Student Service Award, University of Miami (1996)

Certifications and Additional Coursework

Completed 5 undergraduate business courses at VSU (Macroeconomics, Microeconomics, Accounting I, Accounting II and Finance, GPA 4.0). (2007, 2008)

Associate Certificate in Program Management, George Washington University (2006)

Languages

Fluent in Spanish-all aspects.

Basic knowledge of Portuguese-written and spoken.
